The Springfield Mafia, Pete, Captain Cold, Comic Book Guy, Evilseed, The Dark Turtles, The Gentleman Ghost and LaGrange then appeared.

Me: The Springfield Mafia, Pete, Captain Cold, Comic Book Guy, Evilseed, The Dark Turtles, The Gentleman Ghost and LaGrange.

Captain Cold: Yep it's us.

Gentleman Ghost: James old chap. How have things been?

Me: Good thanks.

Fat Tony: This forest really is amazing.

Maria: It sure is, isn't it?

Pete: (sees the forest monster) Whoa! That's one nasty monster!

Captain Cold: At least Celebi isn't in it this time.

Comic Book Guy (to Sam): You must be Professor Oak's younger self.

Sam (Pokemon): I sure am.

Me: It's amazing that Ash knew you for so long in temporal terms.

Sam (Pokemon): It sure is.

Laney: I think that's so cool.

Celebi then appeared and it landed in Apple Fritter's arms.

Apple Fritter: Oh wow! This little one must be Celebi.

Fluttershy: That's right Apple Fritter. She's beautiful. Just like my

Celebi.

Nico: Yep.

?: It sure is pretty huh?

A figure came out and it was ONE EYE from episode 28 of S.P.D.!

---

**One Eye** is a cycloptic purple alien and another one of Morgana's drawings that she brought to life to fight the Rangers but was destroyed and contained by the Delta Max Megazord.

---

Jack Landors: One Eye!

One Eye: Been a while rangers.

Me: I remember you! You were made by Morgana to destroy the Rangers. And it was the first time the SWAT Megazord was used.

One Eye: That's right. Good memory on you J.D.

Z: He has a great memory.

One Eye: (to the SPD Rangers) Is this my first time fighting you Rangers at normal size?

Jack Landors: It sure is. This is gonna be awesome facing you.

Sky Tate: Yeah it is!

Sena: I can't wait to try some of my new powers on you. You guys are in for an awesome show.

Lincoln: Cool!

?: I bet they are cool.

Another figure came out and it was Homer Simpson's former co-worker at the Springfield Nuclear Power Plant and Nuclear Physics

Engineer, FRANK GRIMES, from Season 8 episode 23!

---

**Franklin "Frank" A. Grimes, Sr.**, " **Grimey** " or " **Stretch** ", (born 1962) (died May 4, 1997) was an employee of the Springfield Nuclear Power Plant and the self-declared enemy of Homer Simpson. Grimes served as the main antagonist of the episode Homer's Enemy. Frank Grimes was a hard worker, who had to earn everything the hard way. He was also irritable, grumpy, and easily annoyed, particularly by the actions of his co-worker, Homer.

Frank Grimes was a hard worker with perpetual bad luck. He was abandoned by his family at the tender young age of four, and never went to school. He spent his childhood days working as a delivery boy, presenting gifts to children from wealthy and loving families.

On his eighteenth birthday, Grimes was severely injured in a silo explosion. It's never revealed what he was doing in the silo, or how it exploded. A flashback narrated by Kent Brockman shows Grimes simply seen running toward the silo, which then erupts. His recovery was long and painful.

Grimes worked long and hard consistently, and what few spare moments he had, he used to study science by mail. His long years of toil and suffering left him bitter, resentful, and arrogant among his peers.

College

In 1992, Grimes received a degree in nuclear physics from a distant college. A bird attempted to steal it from him when it arrived. Grimes holds an integrated Masters's degree in Physics (MPhys), and is a Chartered Physicist (CPhys).

Family

Grimes was said to be unmarried, but he happened to have a son named Frank Grimes, Jr. who was born as a result of one of Grimes' visits to an unnamed hooker. Grimes' son grew up and became a mechanic known as "Junior".

## Job at the Springfield Power Plant

A week after receiving his college degree, Grimes was featured in an episode of "Kent's People", which highlighted his lifelong determination. After seeing the report, Mr. Burns insisted that Grimes be hired to work at the Springfield Nuclear Power Plant as Executive Vice President. Unfortunately, just as Waylon Smithers, Jr. found Grimes the next day, Burns saw another story on TV about a heroic dog who saved a child from becoming roadkill and pushed a criminal into the street in the kid's place. Forgetting any admiration for Grimes, Burns awarded the position to the dog and assigned Grimes to work in Sector 7-G with Homer Simpson.

## Enemies

Grimes took an intensely growing dislike to Homer Simpson, finding him obnoxious, idiotic, and dangerous. Initially, Grimes minded his own business, but after Homer intruded upon Grimes' personal space with actions such as unintentionally stealing his lunch (Grimes was on a special diet) and Grimes' personalized stationery, this caused Grimes to increasingly dislike Homer. In direct contrast, Homer started to admire him, even giving him the nickname "Grimy" (which he thought Grimes liked, when in fact Grimes despised the moniker). When Grimes ended up accidentally destroying a wall after smacking a beaker full of sulfuric acid out of Homer's hands right before he drank it, Homer immediately pointed out Grimes was responsible for the damage (without explaining how the man saved his life, or that it wouldn't have happened if he hadn't recklessly reached for the oddly placed beaker full of highly corrosive liquid, only pointing at Grimes and saying "He did" when Burns asked who destroyed the wall). As a result, Grimes was given a stern warning and a severe pay cut by Mr. Burns, and he told Homer that they would be mortal enemies from that point on.

Homer attempted to patch things up by inviting Grimes to dinner at his house. He arranged everything to be absolutely perfect (much more than usual), telling his neatly-dressed kids to behave and having Marge cook an exorbitant number of lobsters. Unfortunately, it only served to further infuriate Grimes as he saw Homer's possessions as satisfying yet undeserved for an incompetent person like him; Homer had a comfortable life, a polite family, an adorable baby, a genius daughter, a beautiful wife, a son who owned a factory (at the time), a dream home, two cars, could afford lobster for dinner, won a Grammy, toured with the Smashing Pumpkins, was friends with Gerald Ford and had even been to space. In comparison, Grimes had to struggle for everything all his life, was working a second job at a foundry, and yet all he had to show for it was his briefcase, his haircut and a one-room apartment wedged between two bowling alleys (the latter of which impressed Homer). He declared Homer a "total fraud" who leeched off hard-working people like himself, being undeservingly rewarded for a lifetime of sloth and ignorance while he himself had few material possessions. To enrage Grimes even further, it appeared as though none of the other employees at the nuclear power plant seemed to mind Homer or care about the severe problems his actions had caused, simply telling him that it was best not to think about it and that Homer was a good person despite his many faults.

Despite his animosity towards Homer, Grimes held no grudge against the rest of the Simpson family; as he stormed out of their house, he briefly turned back and politely said that it was nice meeting them before leaving.

## Death

Back at work, in an effort to prove that Homer was a truly undeserving buffoon and to humiliate him, Grimes tricked him into entering a nuclear power plant model-building contest intended for kids. When Homer won the contest with his own entry (a copy of the current power plant, with added fins to lower wind resistance and a racing stripe) and received thunderous applause from the audience, Grimes finally snapped, declaring everyone in the plant to be insane. Clearly having lost his mind, Grimes ran through the plant, psychotically impersonating Homer in a mocking fashion, and ultimately spotted some high-voltage power cables, saying, "What's this? 'Extremely high voltage.' Well, I don't need safety gloves, 'cause I'm Homer Simp-" He touched the cables before he could finish his sentence and was electrocuted to death.

Grimes was buried at Springfield Cemetery. Homer unintentionally managed to make a mockery of the funeral ceremony by falling asleep and, half-waking up, telling Marge to change the channel in a drowsy voice, causing the entire funeral congregation (including Reverend Lovejoy) to erupt in laughter as the coffin was lowered into the Earth.

## Legacy

In "Sunday, Cruddy Sunday", it's revealed that Grimes was sent a Val-U-Qual coupon book before his death. It became un-deliverable mail after he died and was placed in Springfield's dead letter room. Bart later picked it out and gave Grimes' coupon book to Homer.

A long time after Grimes died, Homer was subjected to repeated murder attempts by a mysterious man. It's revealed that these were carried out by Grimes' illegitimate son, Frank Grimes, Jr. Junior revealed the previously unknown fact that while his father never married, he did "happen to like hookers", leading the viewer to assume that one of them was his mother.

Junior was trying to avenge his father's death by killing Homer, but he ultimately failed and was arrested. When Junior told Homer of his plan, Homer recalled the day of Grimes' though to be death through a flashback. However, Homer seems to have trouble remembering that "Grimey" is not still alive and well; as he asked Junior, "How is old Grimey anyway?"

Grimes' tombstone has made frequent appearances since his death. It appears in the HD opening theme used for most episodes since February 2009. In it, Ralph Wiggum can be seen playing on Grimes' grave like a sandbox. In "The Seemingly Never-Ending Story," the tombstone is one of the items that Mr. Burns collects on a scavenger hunt. In "Looking for Mr. Goodbart," a *Peekimon Get* creature is located on top of Grimes' tombstone, leading a large number of Springfield residents to walk all over it to capture the creature.

## Non-Canon Appearances Treehouse of Horror

Frank is one of the characters on Lord Montymort's wailing wall in Treehouse of Horror XII. His tombstone is seen in Treehouse of Horror XXII.

In the Treehouse of Horror XXVI opening sequence, a monster version of Frank Grimes emerges from his grave and seeks revenge on the Simpson family (primarily Homer and Bart, although Bart never wronged him).

Frank Grimes appears in Treehouse of Horror XXVII. In the opening sequence, Frank's ghost joins Sideshow Bob's army of the Simpsons' enemies along with Kang and the Leprechaun. However, after being tricked alongside the others into dancing, Maggie decapitates all of them. However, Frank "survives" and puts his head back on due to already being dead, although he is forced to watch all of the Simpsons episodes that were ever made in a row as his punishment in Hell as he looks at a huge mosaic saying "600" with all 600 episodes playing in the background. Even though Grimes is a ghost in Treehouse of Horror XXVII, the Treehouse of Horror episodes aren't canon and thus Grimes never became a ghost.

The Simpsons: Tapped Out

In a non-canon appearance for the game *The Simpsons: Tapped Out*, it is revealed that the electrocution only left Grimes in a coma. He was buried alive and, upon waking up, learned to meditate in his coffin. He dug himself out of the grave sometime later and returned to Springfield, where Homer attempted to befriend him again.

Simpsons Comics

In *Simpsons Comics 211*, Homer passes by Frank Grimes at the power plant. It is never explained, but Grimes is alive and well, possibly continuing his story from *The Simpsons: Tapped Out* .

The Serfsons

In "The Serfsons", Frank's head is seen severed on a pole.

---

Homer: Grimey!

Me: Wait a minute. Aren't you Frank Grimes, Homer's former co-worker that worked at the Springfield Nuclear Power Plant that went mad because of Homer's lovable stupidity?

Frank Grimes: That's right J.D. and it's an honor to meet you.

Me: Same here. I heard you hate Homer with a vengeance.

Homer: I don't get it, Grimey. Why do you hate me so much?

Frank Grimes: (glares at Homer) You might have everyone else fooled, Simpson! But not me! Let me tell you what I think of you. You're an idiot and a moron and always will be! You might have been lucky against that Burns and his group. But someday, you'll fuck up so bad you'll bring what's left of this planet crashing down around us. to the others) And then the rest of you and everyone else will be sorry for ever trusting him!

May: (sighs) You have to let go of this hatred of Homer, Grimes. It's not healthy.

Me: Yeah! That was 24 years ago! You need to stop this extreme hatred over him. And besides he can't help it. Look.

I showed him a picture and it showed that Homer had a crayon lodged in his brain. (Season 12 Episode 9)

Me: Homer got that stupid because he has a crayon lodged in his brain and it's what made him into the lovable goombah we all know and love. Plus there was another contributing factor. His father and Marge hated his guts to the core. Abraham was a mean-tempered fucking son of a bitch. Marge because she is insane.

Bart: And Marge gambled all our money away and never gave a rats ass about her family.

Me: And Mr. Burns never paid him a penny. He never gave a flying fuck about anyone other than himself.

Eli: That's right. But how did you come back?

Frank Grimes: Thanks to this.

He pulled out a card and it was NUMBER 53: Heart-eartH!

We gasped!

Eli: Number 53: Heart-eartH!

Me: I had a feeling a Number was behind this. Lets get it on everyone!

I snapped my fingers and we were all on the planet Glaren and the Yautja was with us.

Nico: Nice!

Eli: I'll face the Yautja after helping Yugi.

Me: Okay. Lets get them!

Marauder: And these guys too!

He called out his Dark Pokemon and he had a Dark Tyrannitar, Weavile, Meganium, Gyarados, Scizor and Moltres!

Nico: He has a Dark Tyrannitar, Weavile, Meganium, Gyarados, Scizor and Moltres!

Me: We haven't had this happen to us in a while. Lets get them!

We went at them.

---

The Springfield Mafia was first.

Legs: (to Sora Takenouchi) Hard to believe anyone could truly hate a nice guy like Homer.

Louie: Aside from Burns.

Sora Takenouchi: I know. From what I heard, Frank Grimes hated

Homer because of how stupid he thought he was. Without that crayon lodged in his brain, Homer is a genius.

Phoenixmon: That's right and he is a talented guy too.

Sunset Shimmer: I watched the Simpsons myself and it's so funny. I just can't believe that Burns is that evil.

Phoenix Shimmer: No kidding. He was evil incarnate.

Pepperdance: A monster from Hell that deserved to be destroyed.

Cayenne: Didn't care about anyone other than himself and he asked for death.

Wallflower: You got that right.

Fat Tony: Indeed. How is Lorenzo doing?

Sora T.: Doing really well. He is now a top duelist in the 10 best duelists at the Duel Academy.

Fat Tony: I'm so proud of him especially after everything he went through.

Louie: We all are.

Legs: Who is this with you?

Firefly: Oh my name is Firefly.

Megan Williams: And I'm Megan Williams.

Gusty: Megan is the first human to visit Equestria back over 1,000 years ago.

Firefly: But back then it was called Ponyland.

Hiita: It was beautiful back then.

Dan: And it's just as beautiful as it was back then as it is now.

Drago: It sure is.

Joe Shimamura: Yep.

Rai: And it's amazing.

Fat Tony: I can tell. And I see you all have Rai and his friends joining you all.

Sora T.: They want to get in on the fun.

Louie: Cool.

Gargoyle: It's gonna be fun.

Sandpit: Yep.

Fat Tony: It always is fun. Shall we get started?

Sora T.: Lets do it!

Legs: Get in my way and I'll whack you in the labonza.

Sora T.: Get in my way Legs and I'm gonna kick you in the fucking balls!

He fired a blast of fire from his hands and it hit Legs and knocked him down in a fiery explosion!

He then activated his ultimate transformation and he had longer red hair and had tiger stripes form on his body and then his eyes turned red and he sprouted crimson red angel wings and he had a sword of pure energy!

Sora T.: WHOA! That is so cool!

Phoenixmon: Wow! I didn't know you could do this Rai.

Rai: I discovered during my battles with the Dragonoids that I also have some Dragonoid in my blood. I'm a hybrid of both clans.

Sora T.: Whoa! That is amazing!

Sunset Shimmer: Wow! I didn't know you had this kind of power.

Phoenix Shimmer: And to have Dragonoid in you? That's cool!

Rai: It's a recent discovery. Before we met J.D.

Cayenne: That's incredible!

Pepperdance: Wow!

Rai: Watch what I can do. Come get me!

Fat Tony: Gladly!

They pulled out their guns and Rai flew at them and they fired at him and he slashed the bullets and melted them into nothing. He flew into the air and fired blasts of fire and they hit the ground and exploded all over.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO
KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMM

Wallflower: WHOA! That is amazing!

Emerald Shine: They sure are. I think they are awesome.

Topaz Flare: Yep.

Pete: I think so too. But what really surprises me is that Grimes fella. I can't believe that he has that much hatred towards Homer for being stupid.

Sassy Saddles: (British Accent) I know but the poor fellow can't help it.

Sapphire Shores: Yeah he has been that way for over 32+ Years.

Mistmane: Since 1989 from what I recall.

Sable Spirit: That's a long time.

Marucho: No kidding. Since December 17th, 1989.

Preyas: Wow! That's a long time.

Eria: It sure is. But the Simpsons weren't made an official show until then.

Jet Link: That's right. They were made on the Tracey Ullman Show back on April 19th, 1987 and didn't become official until 1989.

Sena: That sure is interesting. But it's amazing that the Simpsons have been that popular for that long.

Scourge: No kidding.

Cyclonis: No kidding.

Pete: I know. Awesome show. Lets do it!

Pete went at them and he had his fists going and they dodged his strikes and Scourge fired blasts of fire and Cyclonis fired energy lasers and they hit him all over.

Sena then transformed. She had Tiger Stripes form on her arms and face and her clothes changed color. She had an aqua blue dress and blue pants and she had a whip sword in her hands and her power was now incredible.

---

Captain Cold was next.

Captain Cold: (to Qin) Must've been hard to find anyone friendly to help out against the Marauder.

Qin: It was and there was a reason for it. There was a Yautja that has been terrorizing the town.

Captain Cold: You mean the Aliens from the movie Predator?

Qin: That's them and it was stalking us and Eli is about to face it even as we speak. They are also the very same aliens that J.D. and Cody faced. J.D. faced one on the island of Sumatra and it left his mark on J.D.'s face and Cody was trained by the Yautja's.

Captain Cold: Wow! That's intense! And J.D. from what I recall defeated a Yautja.

Rainbow Dash: He sure did and he has the respect of the most lethal hunters in the galaxt.

Storm Rainbow: He sure does. Wow.

Lightning Dust: I got to admit, that is incredible to face aliens that deadly.

Spitfire: Thank goodness we didn't face any Xenomorphs.

Vapor Trail: Yeah that would've been horrifying.

Scootaloo: No kidding. And scary too.

Magma Gloom: But thank goodness J.D. made sure that the Xenomorphs would never terrorize the universe again.

Shun: Yeah.

Storm Skyress: At least the universe will be safe from the Xenomorphs as long as Team Loud Phoenix Storm is on guard.

Flash Magnus: Yep. Thank goodness.

Finn (TCC): That is scary and brutal.

Wynn: It sure was.

Françoise: Yeah.

Volcana: Yep.

---

Comic Book Guy was next.

Comic Book Guy: (to Whitney) If Swamp Thing were here, he'd be pissed at the Marauder for misusing the Green to make that plant monster.

Whitney: You and I are most definitely in agreement on that. Swamp Thing is the guardian of life and he would break that Marauder's neck.

Applejack: That is extreme but I agree on that. He has no honor.

Thunderbird Apple: You said it. I can't believe some people are like that.

Apple Bloom: Me neither. They are monsters.

Frozen Fright: Thank goodness me and my brothers were never like that. We may have been known as the Fearful 5 but we only did minor crimes like vandalism, breaking stuff and all that.

Apple Fritter: Well as long as no one got hurt.

Big Mac: Eeyup.

Sugar Belle: That's good as long as no one gets hurt.

Comic Book Guy: Indeed. Thank goodness.

Comic Book Guy: Is he really that bad?

Coloratura: Worse than you can imagine.

Granny Smith: Yeah he is as mean as a tapeworm in a bucket full of rattlesnakes.

Apple Rose: The guy is a menace.

Goldie Delicious: He is a total freak.

Comic Book Guy: Hard to imagine he is worse than me. And I am often called one of the biggest jerks in all of animation. Literally because of my big fat body.

Rockhoof: (Scottish Accent) Aye but you still are loveable laddie.

Cocoa Axe: (Irish Accent) Indeed lad. And your knowledge of comic books and entertainment is most amazing.

Comic Book Guy: That is 100% true. Lets do it.

He turned into the Ice Sumo Wrestlers!

Whitney: Wow! Ice Sumo Wrestlers.

Applejack: Now that is amazing.

Comic Book Guy: Indeed. Lets do it.

He fired blasts of ice and Whitney fired leaves and flowers and they collided and exploded all over. Wood Man and Plant Man fired blasts of leaves and plants and they hit him all over.

Battle 5: Mallow, Fluttershy, Butterfly Rose & Mirage Daffodil, Tree Hugger, Mage Meadowbrook, Discord, Alice, Alpha Hydranoid, Lyra the Light Charmer, Donha, Geronimo Jr., Babs Seed and Trixie VS Evilseed

---

Evilseed was next.

Evilseed: (to Mallow) As a plant being, I'm glad that the Marauder isn't controlling Celebi this time.

Mallow: I am glad too. I love all plants great and small and love all grass and plant Pokemon myself. But I would never abuse Pokemon like that.

Fluttershy: Me neither. They are such amazing and fun creatures.

Butterfly Rose: All Pokemon are. They are awesome.

Mirage Daffodil: They sure are.

Evilseed: I think so too. But I heard that Ash and friends met a Celebi once before.

Tree Hugger: They sure did and Celebi is one far out groove Pokemon.

Mage Meadowbrook: I think so too.

Discord: They are amazing. And some of them are absolutely amazing and powerful.

Alice: They sure are.

Alpha Hydranoid: I think so too.

Lyra: You better believe it. They are phenomenal.

Donha: Yep.

THE END

---

Another awesome adventure done.

Pokemon 4Ever: Celebi - Voice of The Forest is one of my awesome and cool favorites. Celebi is so awesome and it's amazing how it has the powers of time travel and all that. This chapter was a combination of 2 movies: Pokemon 4Ever and Predator from 1987. This was awesome! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is a Saint Patrick's Day Themed chapter and we're gonna not only celebrate at a really awesome Saint Patrick's Day Festival but also see Fry and how his Uncle got a 7-Leaf Clover and help restore his luck. I hope you all are ready for a Celtic Adventure into the present and future.

See you all tomorrow.

# Saint Patrick's Day Party

HAPPY SAINT PATRICK'S DAY 2021 EVERYONE!

---

In the middle of Gotham Royal York Park we were having an awesome Saint Patrick's Day party.

Poromon, Manaphy, Poliwag, Tentacool, and Horsea: HAPPY ST. PATRICK'S DAY, EVERYBODY!

Me: And a Happy Saint Patrick's Day to you all too!

Natilee: (Irish Accent) The Luck of the Irish is strong with us lads.

We were over at the Gotham Royal York Saint Patrick's Day Festival and it was in the park and we were having fun. There was a lot of things to do. There was Irish Dancing, Singing Celtic Songs, Irish Food and everything.

Lily was singing She Moved Through the Fair by Sinead O'Connor.

Lily: (Singing)

My young love said to me

My mother won't mind

And my father won't slight you

For your lack of kind

Then she stepped away from me

And this she did say

"It will not be long love

Till our wedding day"

She stepped away from me

And she moved through the fair

And fondly I watched her

Moved here and move there

Then she made her way homeward

With one star awake

As the swan in the evening

Moves over the lake

I dreamt it last night

That my dead love came in

So softly she moved

That her feet made no din

Then she came close beside me

And this she did say

"It will not be long love

Till our wedding day"

Next Lily pulled out a violin and was playing the Riverdance song Cry of The Celts.

We were dancing to the song and it was awesome as we were dancing gracefully.

Twilight Sparkle and Friends were loving it too.

Same with Rockhoof and his friends as they know all about dancing Celtic Style.

Chris McLean and Don were busting moves too. Since the Ridonculous Race was only a few days away we might as well have some fun before then.

Horsea: Maria, is there any food for me to eat?

Maria: Lots of great food Horsea. We have Shepherd's Pie, Cabbage and Corned Beef Stew, Soda Bread, White Pudding, Smoked Salmon, Bangers and Mash, Colcannon, Potato Soup and more.

Horsea: So much to choose from.

Poliwag: Horsea, can I eat with you?

Horsea: You bet!

Poliwag: Yeah!

They ate.

Lily then started singing Star of The County Down, an old song about Rose McCann in 19th Century Northern Ireland in Bembridge Town.

Lily: (Singing)

Near Banbridge town in the County Down

One evening last July

Down a bóithrín green came a sweet cailín

And she smiled as she passed me by

She looked so neat in her two bare feet

And the sheen of her nut-brown hair

Such a coaxing elf, I'd to shake myself

To make sure I was standing there

From Bantry Bay down to Derry Quay

From Galway to Dublin town

No maid I've seen like the fair cailín

That I met in the County Down

As she onward sped, and I shook me head

And I gazed with a feeling queer

And I said, says I, to a passerby

"Who's your one with the nut-brown hair?"

He smiled at me, and with pride says he

"She's the gem of old Ireland's crown

Young Rosie McCann from the banks of the Bann

And the star of the County Down"

From Bantry Bay down to Derry Quay

From Galway to Dublin town

No maid I've seen like the fair cailín

That I met in the County Down

She'd a soft brown eye and a look so sly

And a smile like a rose in June

And you held each note from her auburn throat

As she lilted lamenting tunes

At the pattern dance you'd be in a trance

As she skipped through a jig or a reel

When her eyes, she'd roll, ah she'd lift your soul

And your heart, she would likely steal

From Bantry Bay down to Derry Quay

From Galway to Dublin town

No maid I've seen like the fair cailín

That I met in the County Down

At the harvest fair she'll be surely there

And I'll dress in me Sunday clothes

With my hat cocked right and me shoes shone bright

For a smile from the nut-brown Rose

No horse I'll yoke, or pipe I'll smoke

'Til the rust in my plough turn brown

And a smiling bride by my own fireside

Sits the star of the County Down

From Bantry Bay down to Derry Quay

From Galway to Dublin town

No maid I've seen like the fair cailín

That I met in the County Down

She'd a soft brown eye and a look so sly

And a smile like a rose in June

And you held each note from her auburn throat

We were dancing and more.

Laney was playing The Highland Dance by Howard Baer on her flute and the Scotsman of Samurai Jack played his bagpipes too.

Eli and Nunnally were dancing to the song and it was awesome.

Edwayl was then playing Dowd's Favourite by John Whelan and we were dancing and more.

Nico was dancing with May and I was dancing with Varie and Rachel S.D. Rai and Sena were dancing and it was awesome.

Rai: So fun!

Sena: Yeah it is!

A belch was heard. That belch came from The Mysticons and they were drunk as hell.

Poromon: (sees the drunk Mysticons) Oh boy.

Me: Oh boy not again.

Nico: This always happens every time we drink.

Arkayna: (Slurred Speech) When we die, Men will go to Mars and women will go to Venus.

Zarya: (Slurred Speech) I think that's crazy! (Hic) Licking doorknobs is the best way to die. (BARNEY GUMBLE BELCH)

Barney Gumble: Man I can't believe I'm that crazy when I'm drunk. (BELCH)

Manaphy (to Piper and Emerald): You girls okay?

Piper: (Slurred Speech) Great Manaphy! (Hic)

Emerald Goldenbraid: (Slurred Speech) Barney is not more drunk than me I am. (BARNEY GUMBLE BELCH)

Nico: Geez! That is funny!

Barney Gumble: That has always been like me for a long time.

Moe Szyzlak: That's what makes him so lovable.

Me: You all have been like that. Except for some people. But I think you girls have had enough. (Snaps fingers)

The Mysticons were back to normal.

Shiv: (to the now non-drunk Mysticons) NOW are you girls alright?

Arkayna: I think so. (Groans) My aching head.

Zarya: What hit me? I feel like I was run over by a train.

Nico: Don't ask.

We laughed.

Nico: Thank goodness it wasn't you this time J.D.

Me: Yeah! (Laughs) That was crazy. I would hate to go through that again.

Fry: Hey guys!

Me: Oh hey Fry. Enjoying the fun?

Fry: I sure am. But look at this.

He showed us a Seven Leaf Clover. And it was in a vacuum bag.

Nico: Is that a 7 leaf clover?

Fry: It sure is. I found it when I was a kid 1,000 years ago.

Me: Wow. And it's amazing that it is in such pristine condition after all this time.

Nico: I've never seen a 7-Leaf Clover before.

Natilee: They are a very rare symbol of luck in Ireland.

Lynn: Awesome.

Me: I've never seen a Seven Leaf Clover before either. That is amazing.

Fry: I had it since I was a boy. I have quite a story to tell you and it revolves around my brother.

Maria: We should probably investigate.

Me: Good idea.

We went to the computers to find out more about Fry's older brother Yancy and how he found that 7 Leaf Clover.

---

**Yancy Fry, Jr.** was the oldest son of Yancy Fry, Sr. and Mrs. Fry (nee Gleisner). He was also the older brother of Philip J. Fry. He was the older paternal grandson of Mildred Fry and through a time warp Philip J. Fry. He was the oldest maternal grandson of Mr. and Mrs. Gleisner.

He was the last in a long line of *Yancy Frys*, going back centuries. He was the older brother of Philip J. Fry.

Yancy Jr. is the brother-in-law of Turanga Leela and Jrrr. Through Leela, he is the step-uncle of Kif Kroker's Offspring.

He married an unknown woman with whom he had a son Philip J. Fry II. Yancy Jr. was also the direct ancestor (assumedly through

Philip II) of Professor Farnsworth. He was also the grandson of Philip I and the uncle of his own father Yancy Sr. as a result of Philip I becoming their grandfather. Although he apparently believed his paternal grandfather to have been Enos Fry.

Yancy Jr. was rude to and extremely competitive with, his brother. He was extremely jealous of Philip I's name. Yancy Jr. was so devastated when his brother had disappeared that he named his son Philip J. Fry II in honor of his brother, teary eyed and saying that he loved his brother and missed him everyday.

However, in "Bender's Big Score", Philip I went back in time, Yancy Jr. spent another 12 years with the time Paradox duplicate and his son is born before the duplicate adopts the Lars Fillmore persona. However, this time Paradox duplicate could have just been in an alternate timeline, or it could have been that Yancy Jr. loved his brother so much that he named his son after him anyway. Most fans don't think too much about it and just leave it up to a mistake by the creators. The impact of "The Luck of the Fryrish" is more important.

---

May: That's your brother Yancy?

Me: I've heard of him. He's one of the well known richest men in the world. He doesn't have nearly as much wealth as we do not to brag but he is very highly revered.

Nico: He sure is.

Laney: Wow and he looks really sharp.

Fry: Yeah he sure does. I can't believe I missed out on so much since I last saw him.

Me: Fry you were stuck in a cryo-pod for 1,000 years. That was totally unexpected and unavoidable.

Fry: Yeah.

Snake: Dude, is it possible to find your brother?

Me: Well since we are in the 21st Century and the city of the year 3002 merged with our city there is a strong chance we can.

Nico: Good idea.

Laney: Lets do it.

We walked to a suburban area of the city on the south side.

Firefly: Are we getting close?

Me: We should be just about there.

We looked and we saw that we were at a very luxurious multi-billion dollar mansion.

Me: This is it.

Fry: Wow! I'm real nervous.

Me: I know.

We went up to the mansion and we looked in and saw Yancy having a great time. He was sitting in the very lap of luxury and all that and he was more than happy and he had an awesome wife and an awesome son. His son was Philip Fry II in honor of his brother.

Robo Blaze: Guys, there might be something we haven't considered.

Sora: What's that?

Robo-Blaze: Is Fry's uncle still alive?

Me: This is actually his older brother Yancy Fry Jr.

Robo-Blaze: Oh sorry.

Me: And yes he is still alive and we're looking at him. But according to these records it says that he was devastated when Fry disappeared.

Nico: But Fry accidentally tripped into a Cryo-Pod and was stuck inside it for 1,000 years.

Me: Yeah that is the reason.

Fry: Let me show you guys my old house.

We went and saw his old house and it was beautiful.

Me: Wow! Your old house is nice.

Electro: I guess when your city merged with ours, your house got fixed up.

Fry: Yeah it sure did.

Me: That's amazing. Must be a paradox or something but your house looks nice Fry.

Fry: It sure is. Let me show you all around.

We went into his house.

We saw that Fry had some of his old stuff here after all this time and it was amazing. We also saw how much fun Fry had and more and all that. We even saw some old records and more and all that.

Dark Spicer: Fry, your brother would be proud of you for what you've accomplished with us.

Me: That's right Fry. Even though you were once a pizza delivery boy you ended up inadvertently becoming one of the greatest heroes of all in the 31st Century.

Homer: And you have amazing friends and an awesome girlfriend and a great bunch of awesome friends in the 21st century too.

Bart: Yeah man!

Nico: You have done so much good not just all over the world but all over the universe too like we have.

Me: That's right and one day we'll introduce your friends to him and tell him all about everything that happened and all that.

Fry: Thanks guys. I would like to see him again after over 1,000 years.

Me: I'm sure he would like that.

Nico: You got that right.

Lola: I think so too.

We later went back home and rested.

THE END

Another Awesome party and fanfic complete.

HAPPY SAINT PATRICK'S DAY TO YOU ALL! And may the luck of the Irish be with you all. This chapter is also based on the episode of Futurama The Luck of The Fryish and that episode was on March 11th, 2001 and it was awesome. NicoChan11 gave me the ideas for this. Thanks man. Next up is an awesome interstellar and extraterrestrial adventure of intergalactic proportions as we face the evil and ruthless Boglodite Murderer and criminal Boris the Animal and we're going to make sure he pays for his crimes against Agent J and more.

See you all tomorrow and Happy Saint Patrick's Day.

# Revenge of Boris the Animal

At the park, we were having lunch and having donuts, sandwiches and more.

Megan Williams: Mmm! Good donuts.

Lola: They sure are and they are awesome.

Lily: Boy you said it. They are delicious.

Nico: Especially the Apple Cinnamon ones.

Applejack: Those are my recipe.

Me: They are delicious.

Laney: They sure are.

Lincoln then saw something and gasped.

Lincoln: Oh no!

We turned and saw the 3 bullies from school that I pulverized on the bus, Anderson, Taylor and Pablo are out doing community service. They were in prison jumpsuits and picking up trash and I saw that Anderson had an eyepatch over his eye where I punched him.

Me: Oh great it's those three douchebag bullies again.

Nico: They look good in prison uniforms.

Varie: Good they can stay there till the day they die for all I care.

Me: Yeah.

Rusty: Hey guys I have a great prank for them.

Rusty took 2 donuts and poured some of my nuclear hot and spicy hot sauce on them and pulled out a test tube full of a deadly glowing neon pink salt.

Lucy Loud: What's that stuff Rusty.

Amethyst: Oh I know that stuff. That's fire salt.

Shanan: Ooh the deadliest and hottest seasoning in the entire universe. Nice.

Nico: How come you don't have a donut for Tailor?

Rusty: I'm a gentleman and I would never hit a girl.

Me: Smart thinking. This is gonna be good.

Rusty went up to them.

Anderson: This fucking stinks! I can't believe we are now in prison all because of those 5 brats!

Pablo: It was J.D. that put us in this mess!

Officer: Shut up! You should be lucky he didn't kill you!

Rusty: Hey guys.

Anderson: Oh great. It's that red hair dork.

Pablo: What do you want?

Rusty: Just to give you 2 these as a token of friendship.

Anderson: How do I know this isn't a trick?

Rusty: No trick.

I was looking at Taylor and she was sad for some reason.

Sunset Shimmer knew what I was thinking.

Anderson: Well uh thanks.

Anderson and Pablo ate the donuts and Rusty snickered.

Anderson: Mmm. Delicious.

They ate the whole donuts and then suddenly their faces turned red and swelled up and then they screamed and massive jets of fire that was hotter than the sun exploded out of their mouths and I was absorbing all their fire all over and getting stronger and stronger and stronger by the second.

Taylor laughed at them. So did the officer.

Officer: Okay that's funny!

Sunset Shimmer went over to Taylor.

Sunset Shimmer: Taylor is something wrong with you? I saw a look of guilt on your face.

Taylor: Why should you bother?

Sunset touched her and then her eyes glowed and she saw a dark and terrible past. Sunset saw that Taylor was terribly abused by her raging alcoholic father and she hates him more than all of life itself and not only that but she saw him kill her mother right in front of her and he raped her on a daily basis and punched and kicked and hurt her all over and she was lashing out at all the kids because she hates her dad!

Sunset Shimmer: (GASP) Oh man!

Sunset hugged her.

Sunset Shimmer: Taylor I'm so sorry you went through all that.

Taylor then hugged her back and cried hard into her shoulder and Sunset was comforting her. I went over to her.

Me: Sunset what happened?

Sunset Shimmer: I found out that Taylor has a really dark past.

She told me about it and I gasped in shock!

Me: Oh man! My God that's horrible!

Nico: What is it?

Me: Taylor has a dark past.

I went over everything with him and Nico gasped in shock.

Officer: Oh man! Poor kid. I didn't know she was going through all that.

Me: None of us did. Poor Taylor.

Varie: Let me take a look at her injuries.

Varie looked at her injuries with a scanner and she saw that she had bruised bones and bad bruises and bruised lungs. But she didn't show us that she was coughing up blood.

Varie: Oh man. These injuries are bad. She has a bunch of bruised bones and bruises all over and she is coughing up blood.

Me: Oh man! Taylor why didn't you tell anyone about what you were going through?

Taylor: (Crying hard) Because my dad threatened to kill me if I did!

We gasped in shock!

Sam S.L. came over.

Sam S.L.: Taylor I know just how you feel. My evil fake parents were the most dangerous serial killer couple in the country and they killed my real mom and dad and so many others. They did drugs and all that and hurt so many others.

Luna Loud: Dude we had no idea.

Me: Taylor we can help you bring that monster you call a father to justice.

Vince: Yeah you don't deserve a monster like him. He needs to burn in hell.

Officer: I'll call this in.

Me: Thanks officer. Taylor you'll be placed into our protection.

Taylor: (Crying) Why are you all being so nice to me after everything I did!?

Me: Because it all wasn't your fault. You were lashing out because you were hurting and in pain. And your so-called father is the source of that pain and you need to have that source of your pain removed. Also you don't need to be a bully to show that you are superior or have friends. There are other ways to go about it. True friendship comes from 11 powerful things: Honesty, Generosity, Loyalty, Laughter, Kindness, Forgiveness, Courage, Hope, Justice, Love, Humility and Empathy. True friendship comes from inside your heart and it's with that friendship that you can have lots of help and help you do great things and learn from your mistakes. That way you can be on the right track to a great life and a great future.

Taylor: (Sniffles) Oh J.D.!

She went over and hugged me and cried hard into my chest and I comforted her and she was crying so hard that it made my heart hurt.

Rarity: Oh poor dear.

Laney: It's awful that she went through all that.

Taylor then coughed and out came blood.

Me: Oh Taylor. Lets get you to the infirmary and get you healed. We'll take care of her officer.

Officer: Okay J.D. Just be careful. She is in a very fragile state.

Me: I know. We've dealt with this kind of thing before.

We took Taylor to the infirmary at the World Tree Estate and Varie and Maria Santiago were looking her over and they healed her and more. She was gonna be in a lot of pain for a while. But later her father was arrested by the police and brought to trial for her crimes.

Taylor testified on a video system and told the courts everything. Her so-called father Joel was found guilty of 1st Degree Murder, Rape, Assault & Battery and Child Abuse resulting in bodily injury. He was sentenced to 19 life sentences without the possibility of parole plus 1,235 years in prison and he was taken to a maximum security prison out of state. He was placed into San Quentin Prison in California and he was now the most hated father ever known. His prison life was much worse than at home though. The prisoners would beat the living shit out of him every time.

Later Nico and me were getting ready to head out.

Pirate Man: Where you be going, Nico?

Nico: Just to apologize to another one of the Digimon Emperor's victims.

Me: We're going to see Mockridge and apologize for what the Digimon Emperor did to him.

Nico: Yeah.

Laney: Want me to come with you for support?

Me: Sure Laney also Batman and Robin can come too. We're also going to give them ratings on Edward Nygma's newest game he made called Hunter Drake Michaelson and The Riddle of The Sphinx.

Hunter: (German Accent) I'm honored that they would base the main character off of me.

Me: I think it's cool.

Laney: I think so too and it's really awesome that there were lots of amazing puzzles and all that.

Dexter: Very challenging and amazing.

Lisa Loud: Indeed. I had fun with that one.

Lola: We all did.

Me: Lets head out.

---

Later at Competitron Software HQ we were there. We saw Eddie Nygma working hard.

Riddler: Oh hello guys.

Me: Hey Eddie. Your new software is amazing and it is great.

Riddler: Thanks guys. That means a lot to me.

Me: You're welcome.

We went up to the top floor and went up to the door of the office of Mockridge.

Mockridge: Come in.

As soon as we came in, Mockridge saw Nico and pointed a gun at me in warning.

Mockridge: Look, just back off, okay? I swear to you I'm not doing anything bad.

Bobby Bolton: There's no need for that gun. Nico just has something to say to you.

Me: We're not here to hurt you this time Mr. Mockridge. Just hear us out.

Nico: Mr. Mockridge, I'm so sorry I hurt you. I wasn't myself back then. An old enemy from my past has been haunting me and I was being hurt with bad memories. I was also being controlled by this old enemy. It was the Digimon Emperor.

Mockridge: You mean that tyrannical kid that wanted to rule over the world of Digimon with an iron fist?

Me: Yeah that's him. How did you know about that?

Mockridge: Eddie told me all about it. I didn't know that Nico was being tormented by him.

Me: Well it's a ugly story.

Salem: And I can confirm it for you if I may.

Nico: Sure Salem.

Salem came out and told Mockridge everything and when she was done he was shocked.

Mockridge: Oh man! Nico I didn't know you went through all that. That is horrible.

Nico: Yeah it was. But thanks to J.D. and everyone I was able to help face my past and get rid of the darkness of MaloMyotismon inside of me and rid the world of my past forever. They are the greatest and best friends I could ever have.

Me: Aw it's nothing Nico.

Mockridge: Oh my. Nico I accept your apology. I had no idea.

Nico: It's all right but thank you.

G1 Rampage: I'm surprised that you accept Nico's apology.

Mockridge: Well, I'm not like Agnes Skinner or Ferris Boyle. Heck, that other version of King Stefan probably accepted your apology as well.

Maria: He did. When we face him in April, instead of sending him to the Warp, we'll probably just put him in a DISK.

Lola: And that DISK will be from me.

Nico: Yep.

Mockridge: Cool.

Me: Also we came to tell you that Eddie's new game is awesome. I'm glad he has his job back and he is really coming up with lots of amazing ideas.

Mockridge: We are too. I was completely wrong to fire him like that. I had no idea it would lead him to a life of crime.

Me: Yeah. And after everything that happened with the Battle with Thanos and the war with the Royal Defenders and all that, he deserves to have it back.

Mockridge: I agree. And Nico I have a suggestion for you.

Nico: What is it?

Mockridge: Might I suggest some therapy in case you have future problems?

G1 Slug: Him Nico no need therapy!

Nico: No, Slug. He's right. What kind of hypocrite would I be if I don't follow my own advice on getting therapy?

Me: Welcome to our world Nico. You recommended us getting therapy before.

Nico: Yeah I did didn't I?

Me: You sure did. Also I agree with Mr. Mockridge. How about we recommend Clyde's therapist Dr. Miranda Lopez. She was able to help us and she can do the same for you.

Nico: Good idea.

Clyde: Dr. Lopez can help you and I know she will do great for you.

Nico: Thanks Clyde.

Me: Awesome. Thanks for your time Mr. Mockridge.

Mockridge: Anytime guys.

---

Later we were getting ready for an awesome mission.

Blackfire: What's our mission this time?

Me: We just got a call from M.I.B. They need our help taking down a restaurant full of aliens disguised as Chinese men. But also one of their prisoners on the Moon escaped and we need to find and capture or kill him.

Nico: Oh man. This is gonna be interesting.

Laney: It sure is. Do you know who the prisoner is?

Me: They didn't say but it's someone that K knows all too well.

Nico: Wow.

Evilseed, The Springfield Mafia, Pete, Captain Cold, Comic Book Guy, The Dark Turtles, Gentleman Ghost and LaGrange then appeared.

Evilseed: Can me, Springfield Mafia, Pete, Captain Cold, Comic Book Guy, the Dark Turtles, Gentleman Ghost, and LaGrange go with you guys?

Me: You all sure can. But this is gonna be dangerous.

Nico: As long as it's not like what we saw when we took down Agent Alpha.

Twilight Sparkle: Who was Agent Alpha?

Me: You would despise this guy Twilight. He was a rogue agent of MIB and the founding father that helped start it. But he also made some huge and horribly grotesque modifications to himself.

I went over his history.

---

Alpha is the main antagonist of the 1997 TV series Men in Black: The Series. He was originally a founder of MiB and the former mentor of Agent K (one of the main protagonists of the MIB franchise), later becoming the arch-nemesis of Agent K and Agent J (the other main protagonist of the franchise).

He was voiced by David Warner, who previously portrayed MCP in Tron, Ra's al Ghul in Batman: The Animated Series, Jon Irenicus in Baldur's Gate II: Shadows of Amn, The Lobe in Freakazoid, and Spicer Lovejoy in Titanic.

Between the 1950's and 1960's, Alpha helped form the organization MiB to monitor and police extraterrestrial activity on Earth, and has recruited many other agents, including Kay, to the cause. As the first Chief of MiB, he showed the ways to Kay. However, as time passes by, Alpha became corrupt and greedy, stealing a Cosmic Integrator, which was forbidden to be used in Earth for another thousand years according to MiB policy. He tried to get Kay to go with him, but Kay refuses to reject everything he taught him. Angered, Alpha shoots Kay, leaving him for dead.

For unknown reasons, Kay has survived being left for dead by Alpha, but this trauma has changed him into becoming the grouchy and humorless man he is. When this act of treachery became public to the MiB, Alpha was ousted from the MiB for his actions, leaving Zed to take over as the new Chief.

Branded as a criminal by his own organization, Alpha then goes into exile in outer space to avoid incarceration, and he spent 20 years searching the cosmos for the best alien parts. He would then use the Cosmic Integrator to put these body parts onto himself against the aliens' will. After these 20 years, Alpha came back, with only one thing in mind: revenge against the MiB.

First appearing in "The Alpha Syndrome", Alpha returned to Earth, and stole a Sintillian Heart from an alien at a Hotel. He stayed there disguised as a MIB Agent, meets Jay (claims to be Agent A), after telling Jay several things he asked him as he noticed he was K's partner if he was still Mr. Happy, Jay commented as if A was being sarcastic. MiB soon catches on of his presence, and despite Zed's warning, Kay and Jay go to confront him. They find him with the heart, and he reveals his new form. After this there is a long fight, in which Alpha shoots the heart, and then disappears. Alpha later kidnaps the same Sintillian which he stole the heart, intending to use the other heart.

Kay finds Alpha alone, while Jay and Elle try to find them both, with the help of Jeebs. Using technology from Jeebs, Kay sees a flashback of Kay and Alpha finding the Cosmic Integrator off of some dead aliens. After watching, Jay knows that Alpha is back where he was in the flashback. Once again, Alpha is trying to get Kay to join him, again to no avail. Kay then attempts to release gas that would only kill him and Alpha, while the Sintillian, on the other hand, can breathe through it. However, he is forced to relent when Jay and Elle arrive, unwilling to sacrifice their lives. Alpha takes Jay hostage, and Elle and Kay run away. While trying to get Jay to join him, Jay melts, revealing to be a Quick Clone, leaving behind a bomb. The distraction allows Kay to rescue the Sintillian before the bomb sets off, destroying the while building. Alpha then disappears, leaving the agents wondering about him.

In "The Heads You Lose Syndrome", Alpha was weakening horribly and his's alien attachments were falling apart. Alpha then forced Jack Jeebs to locate new replacement parts for him. After his attempt to steal a Gravalax arm, Jeebs told Alpha about Troy the Symbiote and how it could help him heal him and his attachment. After Jeebs gave MiB a "anonymous call", Alpha then separated Jay and Troy from Kay. Alpha then split Troy from Jay and then made Troy join him. Alpha and his attachments were then healed and he escaped to his secret lair. Alpha was then called by Jeebs about a special alien ship. When alpha got there he inspected the ship, but found out that it was trap by Kay and Elle, who are waiting for him. Alpha then locked Kay and Elle in the ship and then glued Jeebs to the ship. Alpha then had the ship plot a crash course at Mount Rushmore. After the ship took off, Alpha then left. Alpha was confronted by Jay and Troy's mother.

Jay and Alpha fought each other. Just as Alpha was about to finish of Jay and Troy's mother, Troy started to become one with Alpha. Troy's mother then joined with Alpha, but when she did, not only was Alpha was losing control of his body, but the alien attachments are being healed and grown of new bodies. As a result of this reaction, Alpha and his alien attachments then exploded, leaving the aliens to finally regain control of their bodies. Jay then merges back with Troy and his mother to save them while the former alien attachments could catch Alpha and make him pay for what he did to them, only to find out that he has disappeared. Though Alpha lost most of his attachments, he was able to get new parts starting with a Gravalax arm.

Alpha then returned in "The Quick Clone Syndrome", where Kay and Jay found him in the sewers when Bobo the Squat found something that did not belong there. Alpha was in a alien cocoon. Alpha's appearance had become larger than before. Kay tried to neutralize Alpha, but was subdue by him. Jay then pulled out his noisy cricket, but was then revealed to be a quick clone. After it melted Alpha escaped. Alpha then returned and picked up what remained of the quick clone. In a secret lair, Alpha used one of his alien offspring and mixed it with what remained of the Jay quick clone. Alpha then sent the rogue Jay quick clone to retrieve "intelligence" from MiB. The rogue Jay quick clone returns with Zed's still alive brain in a jar.

Alpha tried to access information from Zed, but could only get his memories of Old Yeller. Alpha then took Zed to a museum to look at Artwork that contained alien secrets. Kay and Jay then arrived. While Jay battle his rogue quick clone, Kay took on Alpha. During their fight, Alpha almost dropped Zed brain jar. Fortunately, Jay was able to catch it. Alpha then cut Jay in half and tried to get Zed's brain. Jay was then revealed to be another quick clone. Alpha is then surrounded by a army of Jay quick clones. Alpha then escaped once again.

In "The Blackguard Syndrome", Alpha, working with Jeebs' brother, Dak, tried to take the MiB Blackguard Satellite. Alpha and Dak failed in this attempt and Alpha went down plummeting to earth.

In "The Cold Sweat Syndrome", Alpha merged with Dak and the two tried to raise an ancient alien ship out of the Arctic.

In "The Out to Pasture Syndrome", Alpha returned with more power, but is later beaten down by Jay, who finally destroys his ultimate body, leaving Alpha as a frail old man. Having lost his power, Alpha demands to be finished off, but the MiB refused to do so and instead have Alpha arrested and locked up in a detainment cell for life.

In "The Opening Gambit Syndrome", Alpha was asked how he stopped Vangus from destroying Earth 30 years ago. He provided

Agent J of several clues regarding to the invasion that was prevented 30 years ago, but this was all part of a plan of manipulation, which lead to Alpha escaping from MiB custody and possessing cybernetic parts for his frail body, becoming a cyborg before reuniting with Vangus. It is later revealed that Alpha convinced Vangus to delay the attack on Earth for the next 30 years before he was kicked out from MiB. In the end, Vangus got caught by MiB, but Alpha escaped.

In The Endgame Syndrome (Parts 1 and 2), the series finale of the animated series, Alpha arranges for Vangus to escape from MiB custody and plots with him to take over the Earth of its oil supplies. Due to the threat of this takeover and the destruction of the United Nations building as a result, the MIB then decides to reveal themselves to the world in order for the governments and their alien allies a good chance to fight back. Alpha has now used the cosmic integrator to the max, not even resembling his human self. He now is massive, and has alien and robotic parts attached. In the final battle, Jay and Kay try to intervene by infiltrating into Vangus' mother-ship, but are captured. Vangus, frustrated with the difficulty involved in conquering Earth, elects to simply destroy it and plunder its oil resources. This leads to a fight between Alpha (who wanted to rule the world, not destroy it) and Vangus, who later sets a missile to destroy the Earth before escaping.

Jay and Kay realize that they cannot stop the missile and that Alpha is the only one who has a chance to stop it. Still wanting to rule the Earth, Alpha agrees to disarm the missile to save the Earth using his cybernetic parts, taking on the thought of what happens if the MiB are to be living under his rule. He climbs down to the missile, but as he is working on disarming it, it launches towards Earth with Alpha still on it. Realizing that it's too late, Alpha accepts the fate that he and the Earth will ponder, stating that at least no one else will try to rule it. Fortunately, Jay and Kay shoot the missile just above the atmosphere, which causes it to detonate, finally destroying Alpha for good and saving the Earth.

---

When I was done they were floored.

Applejack: Oh man!

Rainbow Dash: That's horrible!

Laney: Yeah he was a freak of nature.

Lola: And a total abomination.

Me: Yeah this is what he looked like.

I pulled up an image of him and what they saw was shocking and they gasped in horror!

Nico: That sight still disgusts me.

Naruto: No kidding.

Laney: Horrible.

Me: Yeah he really fucked around with Mother Nature big time.

Fluttershy: How many aliens did he merge with?

Me: 12,264 aliens. But that's nothing compared to how many aliens and creatures that were in The Thing.

Kate Lloyd: Yeah that was horrible.

Twilight Sparkle: You said 10 million aliens didn't you?

Me: Yes but it's really 10,232,453 Aliens.

Nico: That is still a lot.

Twilight Sparkle: Whoa! That is horrible!

Animorphs Rachel: The number of Aliens we all can turn into is wicked too.

Tobias: Yeah it was crazy.

Me: Yeah 15,253 aliens in the Animorphs. They are some of the scariest and ugliest we've ever seen.

Nico: Yeah that was freaky.

Rainbow Dash: Whoa! That is wicked.

Firecracker Burst: You guys have really been busy taking down all kinds of threats.

Me: I know and some of those aliens are creatures from our worst nightmares. Lets head out.

We were off.

---

We arrived at the restaurant we were called too and we saw Agents J & K.

Spark Man: Hey, Agent J!

Agent J: Hey guys!

Agent K.: Been a while. Heard you guys were saving the universe all over.

Me: You have no idea but it's great to see you guys again. Sorry we couldn't keep in touch you know how busy we are saving the universe.

Agent K: Yeah we know. I see you guys have new members added to the team.

Me: Yeah we've expanded quite a bit. Lots of things have happened over the last year and a half.

Shanan: Yeah and it has been really busy.

Agent J: I can see that.

Agent K: I see you guys also have some villains with you.

Pete: Oh, c'mon! We're not that bad.

Me: It's all right though K. They are our frenemies. After the Battle with Thanos, the Legion of Doom disbanded and the Masters of Evil took their place and over the course of a year we've developed an amazing bond that made them our frenemies. They give us one helluva challenge.

Evilseed: And it's really fun.

Me: Yep. Also Jack here is married to one of their members Carly.

Jack Atlas: It's true.

Me: And I love one of their members too. Misty Tredwell.

Agent J: Wow! Lots of things have happened.

Me: No kidding. So what do you need help with?

Agent K.: Well I'm afraid Nico is not gonna like this. Boris the Animal has escaped from prison.

Nico: (Gasp) Boris the Animal, the last of the Boglodites!?

Agent J: That's him.

Me: How do you know this Boris freak?

Nico: You guys would not like him at all. He's the last surviving member of the Boglodites.

Shanan: Aren't they from the destroyed planet Boglodotia?

Nico: Yeah and me and Boris have a terrible history. It was shortly before I joined you guys.

Nico told us everything.

---

Boris, also better known as Boris the Animal, is the main antagonist of the 2012 sci-fi comedy film Men in Black III. He is an intergalactic criminal and the last known member of the Boglodite race, as well as their presumed leader. He was apprehended by Agent K at Cape Canaveral in Florida on July 16, 1969. He is cruel, sadistic, and treacherous, and the pitch of his voice changes constantly through the movie. He wanted to deactivate the ArcNet Shield to allow his fellow Boglodites perform an invasion and feed on Planet Earth.

He was portrayed by Jemaine Clement, who also played Nigel in the Rio series, Fleshlumpeater in The BFG, and Tamatoa in Disney's Moana.

On July 15, 1969, Boris killed Roman the Fabulist whilst searching for the ArcNet Shield at Coney Island, according to the MiB Archives. Later, at Cape Canaveral where Agent K placed the ArcNet Shield on the Apollo 11 rocket, Boris attempted to stop K from doing so, only to have his arm blown off and sent to prison. K regretted not killing him for many years following the incident. The establishment of this shield around Earth prevented the Boglodites from entering, parasites that strip a planet of its resources, thereby leading to their extinction. This only fortified Boris's grudge against Agent K. However, his pet henchman, the Weasel, somewhat escapes from being caught and remained hidden for the next 40 years.

After 43 years of being imprisoned at the LunarMax Prison, Boris escapes from the prison made for him with the help of his inmate Obadiah Price and his girlfriend Lilly, who came with the Weasel so that it could free Boris by shooting the cuffs. As they walk through the prison exclusively made for him, the guardians in the prison all go and try to prevent Boris from escaping. He manages to defeat them all by creating a hole outside of the building that suck them in. Lilly gets caught by the black hole, so she begs Boris to save her, but he kills her instead. Boris even kills Price by pelting him with two spikes. With the deed done, Boris goes and attempts to kill K.

After an encounter with both Agent K and J at the roof of a Chinese restaurant, Boris instead gets the idea to kill K by traveling back to the year 1969 to stop him from making his race go extinct and shooting off his arm. Boris meets his past self, who soon realizes his identity and tells him what to do in order to avoid being set in the prison. However, being the feral that he was, he had a hard time even talking to himself, stating he shouldn't listen if he was defeated. At one time, they started growling at each other in a somewhat comical scene before reaching ground.

The younger Boris manages to track down Griffin, the rightful possessor of the ArcNet Shield, but in a brief encounter with the young K and J, they manage to rescue Griffin and Boris escapes. However, both the young K and J need to install the ArcNet in the Apollo 11 at Cape Canaveral (with the help of an Army Colonel named James Darrell Edwards II, who happens to be J's father) before it blasts off into space. The two Borises, along with their Weasels, then follow the agents to Cape Canaveral, where the elder Boris fights J while the younger Boris tries to stop the younger K from installing the ArcNet into the rocket. Just as the elder Boris attempts to kill the young K, J calls him by his nickname, thus causing him to get distracted and annoyed as he fires his spikes against agent J.

J is then pelted with three-four spikes before pushing himself and the elder Boris off the launch tower. Eventually, J time-travels himself back to where he faces off the elder Boris, however, this time, he remember where the spikes hit him and uses this to dodge the spikes instead, much to the elder Boris's shock. This allows J to uppercut punch the elder Boris off the tower. Around the same time, the younger Boris's left arm is still destroyed by K when he uses one of the fueling hoses containing liquid oxygen to freeze his arm and shatters it by shooting it. Following the successful installment of the ArcNet, the agents escape from the tower as Apollo 11 begins to lift off, and the elder Boris and the Weasel are both incinerated by the Rocketdyne F-1 engine exhaust from the Saturn V lift vehicle. As the younger K reunites with Colonel Edwards, the younger Boris arrives, having escaped the tower, and launches a spike on K, only for the Colonel to receive it himself, an act witnessed by J (who was shocked).

---

When he was done we were shocked.

Me: Whoa man!

Vegeta: I remember all that. The reason their planet was destroyed was because of us. The Saiyan's completely destroyed it.

Nico: That's right and I beat Boris 3 years ago.

May: Whoa man!

Salem: That's awful.

Me: No kidding. I didn't know you had a bad history with this guy Nico.

Nico: You never asked. But this guy is unlike anything you've ever seen. He is ugly and he's a monster.

Me: I bet he is.

Commander Mars: Before we investigate this any further, how about we get some food here?

May: Seriously?

Commander Mars: Hey, this might be a crime scene but it still has good food!

Me: Well can't hurt to try. But be careful everyone.

We went inside the restaurant and saw that it was empty and there was slime all over the place.

Me: Hmm.

I wiped the slime with my fingers and it was gross.

Me: Yuck. Something is really crawling around here.

Nico: No kidding.

We saw a crustacean like creature on the table and it was called a Spikey Bulba.

Blackfire: Well I'll be. A Spikey Bulba.

Shanan: Hosneonoid Crabs.

Blackfire: Very popular delicacy on Tamaran.

Me: Interesting. I take it these are not like every day crabs?

Blackfire: Nope. (Eats it) Mmm!

Starfire: But they are delicious.

Twilight Sparkle: Interesting.

Captain Cold: You think they're still selling Chinese food here?

Agent K: Doubt it. The restaurant owner Mr. Wu is called an Ariomaxian.

Shanan: The Slug humanoids of planet Phosphosoon.

Agent K.: Exactly. He is running illegal exports to poison humans.

Me: Ew! But Starfire, Wildfire and Blackfire seem to not mind.

Nico: Yeah and that's all right.

Tara: It's cool though.

Me: But I have a feeling that Boris the Animal will come here and kill Wu to get to you K.

Then a man jumped out and went at me and Laney tied him up in vines and it was Mr. Wu!

Me: Well I'll be. Mr. Wu, I presume.

Mr. Wu: (Speaking Alien Language)

Starfire: He's saying that he's impressed you caught him with ease and that our reputation precedes us.

Me: We do have a reputation. But you aren't our target Wu. But thank you for that.

Eli: I sense that Boris is close. He's on the roof.

Me: Lets go!

We went to where Boris was… only to see that we were too late and that a few dead bodies were on the ground.

Sunstorm: Damn! We're too late!

Me: Looks like Boris has been busy.

I pulled out a spine from one of the men and it was definitely one of Boris the Animal's spines.

Me: Yep this is Boris's handiwork. These spines are sharp enough and powerful enough to penetrate through solid steel.

Nico: Yeah that's lethal.

Eli: He's close. I still sense him.

Eli concentrated and sensed for him.

Eli: J.D. get down!

Eli fired a blast of Force Lightning and I ducked and it hit a figure and out of it came BORIS THE ANIMAL!

Eli slammed him into the wall of the door and knocked him down.

Nico: WHOA! Nice work Eli.

Boris got up and he saw Nico.

Boris: Hello Nicolas.

Nico: Boris the Animal.

Boris: It's just **BORIS** .

Agent K: You haven't changed very much. I see the arm I shot off is still shot off.

Boris: Yes my arm. We've thought about that moment every day for the last 50 years.

Agent K: Well that's not living a full life.

Nico: Especially after how me and K left our marks on you.

Boris: I can promise you it will be longer than both of yours.

Agent K: Lonelier too since you're the last Boglodite standing.

Shanan: And soon to be an extinct race.

Boris: We'll see about that.

Nico: Yes we will.

Gentleman Ghost: We can't defeat Boris here! We need to retreat and come up with a plan!

Me: Right!

Boris: You won't make it out of here alive. I want to have the pleasure of killing you all.

Me: Look out!

He fired his spines at us and Nico deflected them away and Goku blasted him away with a powerful wind blast and we retreated and went to MIB Headquarters to formulate a plan.

Krankcase: Okay. This is going to be harder then we thought!

Me: No kidding.

Nico: This guy is a very dangerous intergalactic criminal and he's also the very last of his kind. When we kill him his entire race will go completely extinct.

Vegeta: And he deserves it too.

Goku: He has no honor.

Me: No he doesn't. We need to take the fight to a volcanic planet where he will die there.

Shanan: That's a good idea. And I have just the planet for that: Planet Valmorg. Boglodites can't handle extreme heat and the searing heat of Valmorg will incinerate him in an instant.

Nico: Perfect.

Comic Book Guy: (to Agent J) Out of all the aliens you and Agent K have taken down, Boris is the worst. Alien. Ever!

Agent J: No kidding there and K faced this guy 50 years ago.

Me: On what date?

Agent K: It was back on July 16th, 1969.

Me: That's when Apollo XI took off.

Agent J: And when I lost my dad.

Nico: I remember reading about that. It was Boris the Animal that killed him.

Lola: Oh man!

Naruto: That sicko!

Bruiser Cruiser: Can we eat something before we go after Boris again? We didn't get to eat anything at that restaurant.

Me: Well I suppose.

Laney: I got it.

Laney used the power of her imagination and fired a beam of energy from her forehead and it turned a plant pot into a pizza tree.

Bruiser Cruiser: Cool! A pizza tree!

Nico: Nice!

Lola: Awesome!

Me: Lets eat.

We went and ate.

30 minutes later we were stuffed.

Me: Ahh. That was great.

Rip: All right lets go get this sicko!

Crag: Wait guys. I have a plan.

Me: What is it Crag.

Crag told us his plan.

We knew Boris the Animal was not gonna stop till he kills Nico and K so we're gonna lure him into a trap with Nico as bait. He was gonna have Boris chase Nico through the park and then on Crag's signal we trap Boris in a huge ring of fire and take the fight to Valmorg.

Me: That's brilliant!

LaGrange: I'll go watch Nico in my car in case something goes wrong.

Me: Good idea. All right lets get our plan ready.

Nico: This is it. Time for Operation: Boglodite Extinction to go into action.

Lincoln: Nice one.

We went to the park and got ready. We were waiting.

Supernova Zap: No sign of Boris yet.

Me: Give it time. He'll come.

Eli: He will. I sense him. He is close.

Anakin: I sense it too.

Me: Stand by.

Nico was waiting and then he saw Boris the Animal come.

Nico: Come and get me.

Nico ran and Boris followed.

Dark Donny: Before we kill Boris, I would like to study a sample of his DNA.

Dark Leo: Why?

Dark Donny: For research purposes.

Me: Okay and me, Bella, Ben and Riley can get a scan of him for our Omnitrix's.

Lana: Good.

Chione: Cool.

Eli: Here he comes.

We saw Nico running down the street with Boris in hot pursuit firing spikes at him.

Me: Almost.

Nico was in the right spot.

Me: NOW!

Lola and Sam fired blasts of fire and trapped Boris in a huge wall ring of fire and we jumped in and I snapped my fingers and we were now in a force field dome on the planet Valmorg.

Me: Caught in our trap!

Birdbrain: This planet is really hot!

Me: Well it's a volcanic planet what did you expect? It gets up to 2,543˚ Fahrenheit here. We've been here before remember.

Birdbrain: Oh right. I remember.

Lemon Zest: This is amazing though. But wow it's like Venus here.

Lola: Almost triple the heat.

Legs: (to Boris) Get in my way and I'll whack you in the labonza.

Fat Tony: (laughs) It's funny when it's said to someone else!

Sora T.: Yeah it is and Boris the Animal you are about to get kicked in the fucking balls!

Nico: Yeah! Boris the Animal!

Boris: (ROARS) **IT'S JUST BORIS!**

Nico: More like Boris the Slow Loris!

Me: Eat Shit!

The Springfield Bullies, Snake, Demyx, Swordsman, Dr. Destiny, Captain Boomerang, Mr. Fizz and Overdrive then appeared.

Me: The Springfield Bullies, Snake, Demyx, Swordsman, Dr. Destiny, Captain Boomerang, Mr. Fizz and Overdrive.

Kearney: Great seeing you guys here.

Jimbo: Man, this planet is blazing hot.

Snake: You said it, dude.

Demyx: (sees Boris) So that's Boris the Animal huh?

Nico: Yep. Ugly, isn't he?

Swordsman: By the way, Mr. Wu has been sent to prison.

Me: I had a feeling that they would take him. Also you guys have been here before. We were here several times actually.

Nico: Yep.

Vince: The first time was with me in my Simulator adventure a long time ago.

Me: Yep.

Varie: But it's hot huh?

Kearney: No kidding.

Me: Besides that's not even Boris's true form. He's in disguise.

Boris: That's right.

He revealed his true form and it was one ugly monster and a really ugly freak!

---

The Boglodites' natural appearance is an amalgamation of spiky fingers and claws in a somewhat humanoid shape, which also resembles a grotesque arachnid and an echinoderm-like creature. They have a long reptilian tongue, and no visible eyes or nose. When Boris snarled, his mouth distended to reveal dozens of sharp, fang-like teeth.

They can shapeshift their appearance to mimic a human's, except for bulges in their forehead and chest, and slits in their hands in which the Boggi live in. They also wear glasses to disguise the empty cavities in their heads where a human's eyes would be.

---

Me: WHOA!

Varie: You are ONE UGLY MOTHERFUCKER!

Nico: And I thought the Yautja's, Necromorphs and Xenomorphs were ugly.

?: No kidding.

4 figures came out and 2 of them were Serpentina and Hades and the other 2 were ED BIGHEAD and the biggest one was HYDRA WORM from episode 3 of Mystic Force!

---

Hydra Worm

The **Hydra Worm** is a large eight-headed worm-like monster and is one of the many creatures of the Underworld. Hydra Worm was the creature that served Morticon and dug the tunnels in Underword. He serves as the main antagonist of the episode "Code Busters".

Morticon sent this creature to dig its way to the surface world. While doing so, it attacked Clare in the forest, though luckily she was saved by a Troblin named Phineas. When Nick went to investigate what had attacked Clare after defeating a large slime monster called Mucor, the worm returned to attack him. Nick morphed and tried to take on the Hydra Worm himself, but he was quickly outmatched. The other Rangers were able to rescue him just in time. Then, the Mystic Rangers morphed into their Mystic Titan Dragon Formation. The Mystic Phoenix rode on the Dragon into battle, and with Dragon Blast kicked at the Hydra Worm, the monster was destroyed.

Ed Bighead

**Edward "Ed" Bighead**, also known as **Mr. Bighead**, is the main antagonist (sometimes an anti-hero) of *Rocko's Modern Life* and the secondary antagonist o the 2019 Netflix film *Rocko's Modern Life: Static Cling* . He is a cane toad who is Rocko's next-door neighbor (and sometimes his arch-nemesis), Bev's husband, and Ralph's father. He is also an employee at Conglom-O. He wants to prove that he is the best neighbor on the block. Occasionally, he also likes causing misery to Rocko, Spunky, Heffer, and Filburt, sometimes even going as far as actively trying to kill them.

He was voiced by Charlie Adler, who also played Gazeem in Disney's *Aladdin*, Snively in the *Sonic the Hedgehog SatAM* TV show, the Red Guy in *Cow & Chicken*, Panza in the 1996 animated film version of *The Prince and the Pauper*, Hamilton in Disney's *Tarzan*, Buck Huckster in *Danger Rangers*, I.R. Baboon in *I Am Weasel*, Hamburglar in *The Wacky Adventures of Ronald McDonald* and Starscream in the *Transformers* film series.

Anna: Hades!

J.P.: Serpentina.

Rocko: (Australian Accent) Mr. Bighead?

Nick Russell: And the Hydra Worm!

Laney: Isn't he your grouchy next door neighbor Rocko?

Rocko: He sure is.

Hydra Worm: And it's been a while rangers.

Me: I remember you! You were that huge 8-Headed Worm that was sent to tunnel a door from the Underworld to the surface.

Hydra Worm: That's right. Good memory.

Nick Russell: He sure has a good memory huh.

Hydra Worm: (to the Mystic Force Rangers) FYI, Morticon was the one who commanded me before. Not Octomus, the former so called "Master".

Nick Russell: So I see.

Me: I remember that. That was amazing. Looks like we're gonna have a Mystic Force Megazord Battle.

Nico: That is gonna be so cool!

Hades: It sure is. But it's great seeing you all here. I have a warmup battle for Anna.

Anna K.: Awesome!

Serpentina: And my warmup battle is for J.P.

Ed Bighead: And my warmup battle is for Bulma.

Bulma: Me!? Wow!

Another awesome chapter done.

Men In Black 3 was awesome and fun. Tommy Lee Jones and Will Smith all did a great job in that movie and so did Jermaine Clement who played as Boris the Animal and it was awesome. Get ready for an awesome worldwide adventure as me and Zarya head out on a global adventure as we participate in The Ridonculous Race (TING). For Part 1, We're going to run all over the world and participate in awesome challenges. And me and Zarya are also going to fight the 13 most dangerous villains in all of the MLP Universe. The first one is Daybreaker and I'm going to eclipse the dark sun of Princess Celestia's egotistical dark side and make her pay for her crimes. The first location is Morocco and we're gonna have fun in that one as we make the spiciest soup in the world and eat it and race across the Sahara and it is gonna be awesome.

See you all tomorrow.

# Terror of The Midnight 13 - Morocco

At the World Tree Estate, Me and Zarya were packing up as we were about to head to Toronto, Canada for the plane flight to the first part of one of the most awesome spinoff shows of Total Drama. We're gonna participate in the biggest race around the world: The Ridonculous Race. It is gonna be a big race in 13 countries around the world and it's gonna be fun. There's also a huge and big prize at the end and it will be the biggest prize money amount ever known: $713 Novemvigintillion and it will be awesome! 713 with 90 zeroes! THAT IS MASSIVE!

Me: We're just about ready.

Zarya: Yep.

We were then all packed and ready.

We went to the door and everyone was there.

Guts Man: (Sadly) I guess today's the day, huh?

Me: Yeah but and Zarya are not gonna be gone forever.

Zarya: It's just for 13 days.

Me: Yeah and this is gonna be fun.

Nico: I'LL DIE WITHOUT YOU J.D.!

Me: Oh Nico I'm not gonna be gone that long. It's only for 13 days.

Nico: FEELS LIKE AN ETERNITY!

Me: Nico don't overreact or be dramatic. Besides you'll be in charge of the whole team while we're gone. You've been there for everyone many times before and you handled the team really well when you met Rikochet and crew.

Rikochet: (Spanish Accent) That's right amigo and we can help in any way we can.

Lori: That's right. But you guys have fun all right?

Me: We will Lori.

Shakkoumon: (In Ankylomon & Angemon's voices in unison) Look, is there any way we can convince you guys to stay?

Me: Sorry Shakkoumon but we've really been looking forward to this and last year after Total Drama kicked the bucket we wanted to have a lot of fun on the Ridonculous Race.

Zarya: That's right and I'll get to see many places on Earth and it will be so much fun.

Me: And don't worry guys. Don's challenges are not as torturous as they were on Total Drama Island and all that.

Eli: Thank goodness.

Me: Eli you help Nico out while we're gone. He will need all the help he can get.

Eli: (Salutes) You can count on me big bro.

Me: Awesome!

Eddy: Just a forewarning the Leadership may be taken over in the future.

Me: Don't worry Eddy, I'll be back and we'll keep in touch with you guys.

Nico: But have fun all right.

Me: We will. Well that's it. We got to go. We'll see you all at the end of the month.

We flew off.

Everyone: BYE J.D. BYE ZARYA!

Me and Zarya were off to Toronto Airport.

Cybertron Scourge: Why do I get the feeling that some of the villains out there planned for this to happen?

Nico: Don't worry we are always ready for anything. With me as second in command we'll be ready for anything.

Eli: We won't let anything happen.

Nunnally: Yeah! This is gonna be fun.

Lola: But as long as J.D. and Zarya have fun and we watch it on TV and he keeps in contact with us it will be fine.

Nico: Yeah.

Swoop: (cries) Me Swoop miss J.D. already!

Nico: He'll be back Swoop. Have faith in him. He always keeps his word.

Naruto: Yeah Swoop. J.D. will be back.

Sakura H.: And that is a promise.

Swoop: Okay. Me Swoop wait.

Slobber Trap: Well, we might as well go see if Terry's area needs any help. It's what J.D. would've wanted.

Nico: Good idea Slobber Trap. We haven't gone after any of Terry's enemies in a long time.

Eli: We have to be ready for anything in the Neo-Gotham sector. The Jokerz are still out there causing trouble.

Nico: Good observation Eli. Okay lets head out people!

Vince: Right with you boss.

Carol: Lets do it!

Nico and the team were off.

Meanwhile on the plane, Me and Zarya were so excited.

Me: This is gonna be so awesome!

Zarya: I can't wait to start this whole competition.

Me: Me too Zarya and it's gonna be awesome doing it with you. Last time I did this was all by myself. But now that I'm with you it will be much more fun.

Zarya: It sure will. With you I can run forever.

Me: Me too.

Don: It's gonna be so awesome having you both compete.

Me: it sure is Don.

Zarya: This is gonna be so cool!

Jimbo: Can me, Kearney, Dolph, Mr. Fizz, Overdrive, Dr. Destiny, Captain Boomerang, Swordsman, Demyx, and Snake go with you guys?

Zarya: Not this time?

Kearney: Say what?

Zarya: Look, we need to see if we can do this race by ourselves. No backup and no usual battles. I know it might be tough but we're always up for a challenge.

Dolph: You've made your point. Now, here's ours. You guys aren't heading inside that plane without us. Got me?

Me: Zarya please. You guys can come along. We might need help when needed. I have a strong sense that there are gonna be powerful villains ready for us when we start.

Dr. Destiny: I have that feeling too.

Swordsman: We'll gladly help out when needed.

Snake: You got that right.

Mr. Fizz: But you can count on us to help you.

It was a great reunion. Me and Zarya were called the The Wolf Phoenix.

We then strapped in and we were off and our first destination was the Western Sahara Desert in Morocco. **M A**

---

Later in the Neo Gotham Sector Nico and everyone was looking around and seeing if anything was out of the ordinary.

Kitten: So far, the area's quiet.

Nico: Looks are deceiving though but stay alert.

Eli: Right.

The cars of the city were hovering over the buildings and such and it was busy as always and more.

Laney: Wow. It's busy here.

Nico: It sure is.

Eli: I hear something down that alley.

Nico: Lets go.

They went down it and found something shady. A man was talking to another man.

---

In Morocco we arrived for the first challenge.

Doc Ock: I hope you don't mind the 8 of us being here.

Swordsman: The villains that Stewie hired will be helping you two out through the entire race as practice for when they go into the usual battles.

Me: Not at all.

Zarya: This is gonna be awesome.

?: You will not last in this world when we destroy it.

We looked up and on a building we saw 15 figures! We saw that they were MIDNIGHT SPARKLE, CREEPY APPLE, FLUTTERMAD, CRAZY GEM, PINKIE DARK, BLACK RAINBOW, SOLAR SHIMMER, DAYBREAKER, NIGHTMARE MOON, THE DAZZLINGS, VIGNETTE VALLENCIA, GAEA EVERFREE and DEMON SHIMMER!

Me: Oh no! Midnight Sparkle, The Dazzlings, Nightmare Moon and Daybreaker!

Zarya Moonwolf: And they are not alone!

Midnight Sparkle: We will have our revenge on you all and this whole miserable planet! Call us the Midnight 13!

Me: I know you, the Dazzlings, Nightmare Moon and Daybreaker but not the others.

Fluttermad: Where are our manners. I'm Fluttermad.

Crazy Gem: Call me Crazy Gem.

Creepy Apple: Name's Creepy Apple.

Black Rainbow: I'm Black Rainbow.

Solar Shimmer: I'm Solar Shimmer.

Pinkie Dark: (Laughs Insanely) I'm Pinkie Dark

Vignette: I'm Vignette Valencia.

Demon Shimmer: And you can call me Demon Shimmer.

Midnight Shimmer: And we will destroy this wretched planet! Starting with you J.D.!

Me: I won't let you all destroy our planet!

Zarya Moonwolf: You want to get to the planet, you have to go through us!

Me: And we're gonna take you all down!

Midnight Shimmer: 13 Places, 13 of Us. How unlucky can you be.

Daybreaker: I will start us off.

Me: So the evil and Egotistical monster side of Princess Celestia will be dealt with first.

Daybreaker: But after this part of the race is done.

Me: Fair enough.

They vanished.

Me: Oh boy.

---

Back with Nico and the others they listened in and knew something was up.

Yondu: Okay. Me and the rest of the Ravagers know shady behavior. And that guy over there was definitely showing signs of being shady.

Nico: Yes he has shown signs all right. Now it's time for us to look into it and take him down.

Eli: Right.

Varie: Lets do it.

Twilight Sparkle: Right.

They followed the Ravagers into an underground hideout.

---

Swordsman: So, who will be yours and Zarya's fellow competitors?

Me: Most of our friends we know from Total Drama.

Zarya: Owen and Noah, Crimson and Ennui, Geoff and Brody, Lots of people we know.

Grodd: Lets hope that Jacques and Josee are not in the race.

Me: No they are still locked in prison forever.

Zarya: Good. They can stay there.

Me: And they will.

---

Back in the city, Nico and everyone was entering the hideout.

Shield Shredder: Normally, J.D. would've just busted into that place with an entrance. But since he's not here, we have to keep quiet and see what's going on down there.

Nico: Agreed. Lets go and be silent.

Eli: Right.

They tip-toed down to the hideout and stayed quiet.

---

Snake: (to me) C'mon, dude. You don't have to hide it from us. It's obvious you miss Nico and the others.

Me: Snake it hasn't been over 24 hours yet. And yes I miss them. But I promised we would keep in touch.

Zarya: Yeah and we have to get some awesome souveniers from each country we visit for them.

Me: Yep.

Snake: This is gonna be awesome though dudes.

Me: It sure is. But we also have our work cut out for us. We have Sunset Shimmer and her friends most dangerous enemies from Canterlot High about come after us and destroy the world.

Zarya: Yeah but we're ready for them.

Me: Yep.

---

In the hideout, Nico and everyone saw a terrible sight. They saw puppies being used in fighting tournaments.

Itachi: Are those dogs down there?

Nico: Yeah they are and it looks like they are being used to fight.

Naruto: Poor dogs.

Fluttershy: Those poor dogs. They are big fat meanies doing that to them.

Lola: No kidding.

Batman 2039: I know who's behind this. Ronny Boxer.

Nico: Who is he?

Batman 2039 went over his history.

---

**Ronny Boxer** was a vicious criminal and a villain in *Batman Beyond* .

History

Ronny Boxer operated illegal dog fighting rings. He has been that way since he worked with dogs for most of his life, and organized dog fights from backrooms of shady joints, abandoned warehouses and barges in the docks of Gotham. He was arrested a couple of times, but got out easily. After Batman shut down his operations for good, it seems Boxer's criminal career was finished.

He was the one who once kidnapped Bruce's dog, Ace, for use in highly illegal dog fights until a police raid managed to free Ace and temporary put Ronny out of business.

However Ronny would return later as the new Batman tracked the criminal down and finds out that he is back to his old tricks, only now he is using mutagenic drugs to turn dogs into literal killing machines.

---

When he was done they gasped.

Nico: Whoa man.

Naruto: That is sick.

Magma: Me, Mary, and Stuart heard rumors about what those scumbags were doing back when the Terrific Trio was a thing.

Nico: Really? Wow.

Varie: I remember that.

Lily: That was crazy.

Nico: Most of us weren't here when we heard about it.

Eli: Yeah that must've been crazy.

Freon: It sure was.

---

In Morocco we were given the rules and the race was to begin in 10 minutes.

Captain Boomerang: Is this your first time in Morocco?

Me: 2nd actually. The first was when we were on Total Drama World Tour 2. It was awesome. That's where we got to try the hottest soup ever made by Chris and he had a Mega Camerupt with him. That's when Jacques and Josee came and Maria kicked the living crud out of them. 2 years ago that happened and they really got their butts handed to them.

Grodd: I think Stewie told me all about that.

Me: He sure did.

Zarya: Yeah.

Me: Also as long as we go to each country we might as well get some souvenirs for everyone.

Zarya: Good idea.

* * *

Leslie: (to Ben) Now that we have all the info we need, wanna do an entrance together, little bro?

Ben: I have just the alien for that.

Nico: This is gonna be good.

Ben turned into Alien X.

Nico: Nice.

* * *

We were running through the desert and sweating up a storm and we had bags full of spices in our hands. The first challenge of the race was called The Spice is Right and it's where we had to eat a spicy Moroccan stew with the spices we got and run through the desert with the spices to the restaurant.

Fizz: Spicy food? Good thing I brought lots of soda to cool you guys down.

Me: Thanks Mr. Fizz.

Zarya: I love spicy food myself and it is great.

Me: Yeah it is.

Grodd: What spices to you have?

Me: Cayenne, Cinnamon, Cumin, Corriander, Turmeric, Paprika and a deadly spice that they had that is so hot they can't even pronounce it.

Zarya: Wow!

Snake: This is gonna be gnarly dudes!

We were running and really sweating up a storm as we ran through the desert.

Grodd: Wow! You guys are really sweating here.

Me: I know but that has never stopped us before. And besides the Sahara Desert is really beautiful.

Zarya: It sure is.

---

In the middle of the arena, the thugs were pushing the dogs around and then suddenly a massive black hole appeared and stars were orbiting around it and then suddenly a massive yellow fiery explosion went off from it and a bunch of monkeys hooting was heard and Nico and team came.

Nico: YEAH!

Ronny Boxer: Team Loud Phoenix Storm!? Wait where's J.D.?

Nico: In a place called none of your fucking business!

Thug: (laughs) Is J.D. too much of a coward to come face us himself?

Jindrax: Hey, J.D. might not be here but you guys are still going to jail!

Nico: That's right you fuckers! No one hurts animals on our watch!

Fluttershy: That's right! (Uses her stare on the thugs) Who the heck do you think you are abusing animals like this!? Are you kidding me!? I mean I know you thugs are greedy and all but you would hurt poor innocent dogs that are cute and adorable!? REALLY!? WHY, YOU'RE JUST A BUNCH OF GREAT BIG… MEANIES! THERE, I SAID IT! WHAT MAKES YOU ALL THINK YOU'RE ALL SO SPECIAL?! LIKE THE RULES OF LOVE TO ANIMALS AND COMMON COURTESY DON'T APPLY TO YOU ALL!? WHY DON'T YOU PICK ON SOMEONE YOUR OWN SIZE!

Nico: YEAH YOU FUCKMONSTER JERKS!

Varie: And we're going to make sure you pay for your crimes!

They pulverized all the thugs all over the place and really smashed them into pulp and knocked them out. Ronny Boxer was left and they put up a force field to make sure he doesn't leave.

Whiger, Hsi Wu the Demon Sorcerer of the Sky, Dark Laser, Mummy, Brass Knuckles, Titanium Toenail, Vulture, and Crimson Dynamo then appeared.

Nico: Whiger, Hsi Wu, Dark Laser, Mummy, Brass Knuckles, Titanium Toenail, Vulture, and Crimson Dynamo.

Mummy: Nice to see you all.

Tso Lan: Glad you came to enjoy the fun brother.

Hsi Wu: Thanks brother.

Bai Tza: And it's always fun having you with us.

Hsi Wu: So, J.D. and Zarya really left, huh?

Maria: They won't be gone forever.

Dark Laser: We know. So far, you guys are doing good in their absence.

Whiger: Are those puppies?!

May: They are. And they were being forced to fight each other.

Mummy: (to the thugs) What do you scumbags have to say for yourselves?!

The thugs were all pulverized into pulp and were scared shitless because of Fluttershy's stare!

Mummy: Oh I guess they were taken care of.

Nico: Fluttershy beat them up and scared them to death with her stare.

Twilight Sparkle: And she really will be giving them nightmares for years even when they are in jail.

Rainbow Dash: Awesome!

Nico: Yeah!

?: Nice job.

A bunch of figures came out and it was BIG MOUTH MONSTER from episode 8 of Operation Overdrive, THE TIKI TAK TRIBE of Donkey Kong Returns, H2Olga the water supervillainess enemy of The Crimson Chin, WUYA the Leader of The Heylin and second most dangerous enemy to the Xiaolin Warriors and METAL SONIC the robotic Doppelgänger of Sonic The Hedgehog!

Big Mouth Monster

The **Big Mouth Monster** is a robotic frog, purse and vacuum cleaner-like monster, created by Kamdor. He serves as the tertiary antagonist of the episode "Both Sides Now".

This money purse/vacuum cleaner monster was created from a blue purse on a picnic blanket, not far from where Miratrix was battling four of the Rangers. While Kamdor was battling Will, Miratrix called on Kamdor to create the monster. Soon the monster attacked the other Rangers while Miratrix continued her hunt for the Hou-ou bird.

Three of the Rangers struggled against the monster, but Ronny was able to handle him. Will, after defeating Kamdor, soon came in to give the others an added advantage. Mack used his Drill Blaster to take the monster out, but Kamdor made him grow. The Rangers used their Crane Driver to trap the monster, and then they finished him off with the DriveMax Megazord Drill and Crane Formation while he was still trapped.

## Tiki Tak Tribe

The **Tiki Tak Tribe** is an evil group of wooden creatures called Tikis who appear as the main antagonists of the 2010 Wii game *Donkey Kong Country Returns* and its 3DS port *Donkey Kong Country Returns 3D* . In this game, the Tiki Tak Tribe replaces King K. Rool and the Kremlings.

In the opening cinematic of *Donkey Kong Country Returns*, the Tiki Tak Tribe awakened from their slumber after a volcano eruption on Donkey Kong Island. The tikis then hypnotized the animals of the jungle and harvested all of the bananas on the island, including stealing Donkey Kong and Diddy Kong's banana hoard, resulting in the two chasing after the tikis in order to reclaim their stolen bananas.

After Donkey Kong and Diddy Kong traveled through the first seven worlds, they finally reached the last world and scaled the large tiki-like tower, where they found their stolen bananas and encountered the leader of the Tiki Tak Tribe, a humongous tiki accompanied by its minions. The tikis threw the bananas inside the giant tiki's head, who liquefied the bananas by spinning and spewed onto its minions, hardening them to form hands. The giant tiki, now with its newly formed hands, attack the Kongs.

After a grueling battle, the Kongs ultimately prevailed over the giant tiki and defeated it. The giant tiki explodes and the tikis' hypnosis spell is lifted from the animals. Donkey Kong and Diddy Kong then punch the Moon on top of the tiki tower, destroying it and releasing all of their stolen bananas.

### *Super Smash Bros.*

Tiki Buzz, Kalimba, and Tiki Tong appear in *Super Smash Bros. 4* as trophies. In *Super Smash Bros. Ultimate*, the generals of the tribe (referred to as "Tiki Tak Tribe") appear as a singular primary spirit with a neutral typing. Their Spirit Battle is against four Diddy Kongs on the Kongo Falls stage. When equipped, they provide three support slots, but decrease the player's defense to fire attacks.

## Wuya

**Wuya** is one of the main antagonists in *Xiaolin Showdown*, the main antagonist in the first series and principal antagonist to the whole *Xiaolin* series. Wuya is an evil Heylin witch who was once the most powerful and evil being in the world and who also once tried to conquer the world One-thousand and five-hundred years prior to the show's beginning. She is constantly trying to collect the Shen Gong Wu (magical artifacts that, when put together, form a powerful demon that called Mala Mala Jong) in order to take over the world. Since she is a ghost for a great part of the series, and she needs a living person to collect these artifacts for her.

### Biography

One-thousand and five-hundred years before the story begins, Wuya attempted to conquer the world. She was defeated by Grand Master Dashi, who trapped her in a magical wooden puzzle box. In the present day she is released by Jack Spicer, the self proclaimed evil boy genius. She promises him power and wealth to convince him to search out the Shen Gong Wu to restore her to full power and conquer the collecting enough Shen Gong Wu to combine with the Heart of Jong, Wuya has Jack Spicer assemble Mala Mala Jong as his replacement. They attack the Xiaolin Temple defeating the monks, including Master Fung. Omi defeats Mala Mala Jong with the Golden Tiger Claws, leaving Wuya without an ally.

After the incident with Mala Mala Jong, Raimundo Pedrosa feels furious that he was the only one not promoted to Xiaolin Apprentice. Wuya seizes the opportunity to recruit a new accomplice. He wins the Reversing Mirror on her behalf. She then convinces him to steal the Serpent's Tail. They combine the two Shen Gong Wu to restore her to her former power, which she uses to claim victory over the three Xiaolin monks. But when she had almost succeeded in taking over the world alongside Raimundo, until Raimundo betrayed her and she was sealed back in a certain puzzle box in her ghostly form once again.

She later had a short partnership with a thief named Katnappé, but she returned to Jack.

Now, Wuya is partnered with Chase Young, the "master of evil", who turned her back to her normal form. Wuya, however, eventually grew to dislike the partnership, especially since he had denied her the vast majority of her powers, and plotted against Chase Young. Naturally, Chase learned of her plot, and defeated her after she gained the Rio Reverso. Eventually the both reconciled and decided that they will be couninue working together.

## H2Olga

**H2Olga** is one of the Crimson Chin's enemies who constantly tries to sink the city of Chincinnati.

### Description

H2Olga is a girl made up completely of light blue water, even her hair being a wavy blob of liquid. She wears a navy blue bikini and matching gloves and boots. She also wears goggles and a cape. Although she is a villain, she may not be a very powerful one since her main attack is shooting a small, low pressure stream of water. However, when given a large body of water to work with, she has the capability to control all of it and becomes a bigger threat.

### Background

H2Olga stars as the main villain in Crime Wave. She lures the Crimson Chin into a trap by pretending to be an innocent bystander crying for help. Initially, H2Olga wasn't much of a main threat, but when the comic book became immersed in the bathtub water, H2Olga was able to use the excess bath water to flood the town of Chincinnati in the book. She then proceeds to go destroy page 8, which was where all the staples holding the book together were. As the water nearly engulfed the entire city, the Crimson Chin, who was babysitting a small toddler at the time, comes up with a plan after seeing the toddler's diaper, which said the words "Super-absorbent." The superhero tricks her and zaps her arm off, she screams in pain. He then soaks up the water which causes her to shrink, she asks what's happening to her body. The hero then flies, punches her boob, and she becomes part of the diaper. While the girl describes how she'll get out, the baby poops on her body and bathing suit, causing her to scream in disgust and agony. She is arrested after being released from the diaper. Her body was soaked into a container and was locked away, she was never released.

## Metal Sonic

**Metal Sonic** is the secondary antagonist of the *Sonic the Hedgehog* franchise. He is a robotic version of Sonic the Hedgehog created by the mad scientist Dr. Ivo "Eggman" Robotnik, and Sonic the Hedgehog's second arch-nemesis. Metal Sonic also appears as the main antagonist of *Knuckles' Chaotix*, *Sonic R*, *Sonic Heroes*, and *Sonic Free Riders* and the anti-hero of *Sonic Rivals* and its sequel, where he usurps control of the Eggman Empire from Dr. Eggman, and of Year 1 of the *IDW Sonic* comics.

### *Sonic CD*

Classic Metal Sonic is one of the main antagonists of *Sonic CD* . After Eggman attacks the Miracle Planet, Metal Sonic takes full control of it (as seen on holograms). Metal Sonic first appears to kidnap Amy and escapes with her to the Stardust Speedway. Sonic (and Tails as the 2011 re-release is made canon to help understand *Sonic 4: Episode II* and *Metal* ) later races Metal Sonic in the speedway and after an intense battle, Metal Sonic is defeated, sending him crashing into a wall and falling over the edge.

### *Sonic Mania/Sonic Mania Plus*

In *Sonic Mania*, Classic Metal Sonic is a supporting antagonist. In Press Garden Zone, Eggman tried to locate (or possibly contact) Metal Sonic, only realizing he was being spied on Eggman sent the heroes on to Stardust Speedway. After watching Sonic and his allies destroy the Metal Sonic Projector (that he may have set up himself), Metal Sonic challenged his arch-nemesis to a race of sorts. During the race, Metal Sonic attempted to attack the heroes. After arriving at the end of the race, Metal Sonic interfaced with a generator and produced several Sonic Copies. After getting defeated, he proceeded to resume the race to the Eggman Statue in the center.

### *Sonic Mania*

Metal Sonic next summoned up a wall of spikes to attempt to thwart our heroes, but even using his attacks on the valiant heroes, he was defeated and smashed into the wall, destroying it and presumably Metal Sonic.

### *Sonic Mania Plus*

Metal Sonic then received the Phantom Ruby from Eggman, who proceeded to flee as Metal Sonic transformed into Giga Metal. Next, the monster tried to launch bombs and lasers at Sonic and his allie, but after shattering the container the Ruby was held in, Giga Metal was destroyed. What happened to Metal Sonic next is unclear.

### *Sonic the Hedgehog 4 Sonic the Hedgehog 4: Episode I*

After Eggman's defeat, Eggman hovers over an unknown figure and laughs. The unknown figure's eyes glow, revealing him to be Metal Sonic.

### *Sonic the Hedgehog 4: Episode Metal*

Metal Sonic is the main character in *Sonic the Hedgehog 4: Episode Metal* . He first awakens on the Stardust Speedway and is powered up by Eggman after his defeat in *Sonic CD*, he then leaves and meets Eggman at the Mad Gear, Eggman powers him up again and sends him to gather an ancient Negative-Chaos artifact. Metal Sonic goes to the Labyrinth and obtains the artifact, Metal Sonic is substantially powered up by the Negative Chaos and flies off through the Casino in search of Sonic, the continuing to Splash Hill Zone, he then sees Sonic and Tails flying away and follows them on Tails' rocket.

For some reason, Eggman robots would always attack him, though it can be assumed that the Badniks assume Metal is Sonic or that they're meant to help sharpen Metal's skills.

### *Sonic the Hedgehog 4: Episode II*

Metal Sonic eventually catches up to Sonic and Tails in the Carnival, Metal Sonic proceeds to battle them with his new powers, but is defeated by their combined abilities. Metal Sonic then appears to attack them as they are about to catch Eggman, he pilots his Metal Carrier and attempts to shoot down the Tornado, but leaves after being damaged. He then returns with his Metal Carrier to fight them, but is defeated and retreats to the Death Egg with Eggman, he and Eggman then engage Sonic and Tails in battle, with Metal Sonic launching powerful attacks at the two while Eggman uses his vehicle as a shield, after being defeated they retreat. Metal Sonic then retreats the duo on a copy of Stardust Speedway and races them, they just barely defeat him.

### *Knuckles' Chaotix*

A repaired version of Metal Sonic called Metal Sonic Kai appears as the second to last boss and is defeated by Knuckles, Mighty, Espio, Charmy, and Vector. He later serves as the final boss alongside Dr. Robotnik, as a massive, red version of himself (although it is unclear if this is his first transformation). They defeat them, but Metal Sonic and Dr. Robotnik escape.

### *Sonic Triple Trouble*

Metal Sonic appears in the Atomic Destroyer Zone as the second to last boss. He is defeated by Sonic and Tails, and flies away.

### *Sonic the Fighters*

Metal Sonic, again, is the second to last boss, although he serves as more "final boss" material as Robotnik goes down quicker. The fighter defeats him and knocks him out, setting the Death Egg 2 to self-destruct. However, Metal Sonic and Robotnik both escape the explosion.

### *Sonic R*

Metal Sonic appears as one of the contestants racing Sonic on Eggman's behalf. In the final stage, Sonic defeats Metal Sonic, Tails

Doll, Metal Knuckles, and EggRobo.

*Sonic Adventure*

Metal Sonic makes a cameo appearance in *Sonic Adventure*, seen inside a tank aboard the Egg Carrier, presumably being modified into his Modern appearance and updated, after his defeat in *Sonic R* . He also appears in a flashback in the opening of Amy's Story, chasing after her and Sonic.

In *Sonic Adventure DX Director's Cut*, Metal Sonic is unlocked after collecting all 130 emblems, as an alternate costume for Sonic. He serves no role to the story and is a copy of Sonic's Story. It is likely that his story is a Training Simulation.

*Sonic Adventure 2*

Metal Sonic appears as a character in Multiplayer mode, competing with the other characters. Metal Sonic can use Sonic and Shadow's moves along with the impenetrable Black Shield.

*Sonic Heroes* Metal Sonic is also the main antagonist of *Sonic Heroes* . He was disguised as Eggman throughout most of the game, while locking the real Eggman on his flagship, and also pretends to be Sonic for a short time, he takes on the form of Neo Metal Sonic. Metal Sonic confronts the heroes multiple times so that he can defeat them and copy their data, he succeeds in copying all of their data and reveals that he is Metal Sonic and he fires a lightning bolt that destroys the ship and rebuilds himself into an incomplete form known as Metal Madness. Team Chaotix, Rose and Dark fight against him but are no match for his power and Metal Sonic completes his transformation into Metal Overlord so Team Super is forced to battle him. Once defeated, he returns to his original form and is knocked out. Sonic says he's ready for a rematch if Metal Sonic ever wants one. *Sonic Free Riders*

Despite being taken by Shadow and Omega after his defeat, Metal Sonic returns, apparently having been taken back by Eggman and reprogrammed to serve him again. However, Metal Sonic betrays Eggman again. Disguised as E-10000B, he absorbs racing data, seemingly for Eggman's Extreme Gear, but really takes it all for himself and races Sonic as the final boss, but loses, and runs off. Before racing Sonic, he seems to challenge him to the rematch Sonic promised him in *Sonic Heroes* . After his defeat, Metal Sonic got away.

*Sonic the Hedgehog* (2006)

Metal Sonic was originally going to appear as a playable character with his own story but was scrapped (as with Tails, Knuckles, Rouge, Omega, Amy, and Blaze's own stories). He would be doing various things in the coastal kingdom of Soleanna for Eggman, such as kidnapping Princess Elise the Third or leading the Badniks. He also would have fought Tails, Sonic, Omega, and Silver, and would have been the antagonist of Tails's story in an attempt to parallel their roles as sidekicks (as well as the fact that both have the same abilities such as supersonic speed and flight). In his story, he would have also questioned his existence, such as asking himself why Eggman was against him in trying to destroy Sonic in *Sonic Heroes*, despite being the reason for his creation. In the end, he would have sadly decided that his true purpose was to serve Eggman regardless of his own thoughts.

In his story, whenever he was thinking, he would have had an audible voice provided by Jason Griffith, but whenever he attempted to speak outside of his thought, he would communicate with his usual beeping noises, leading to awkward situations with most of the cast who could never understand him (Silver calls him "outdated" because of this, which caused their fight), with only Eggman, Sonic, Omega and Tails being able to understand him. When fighting Sonic, Omega and Silver, it would've been a regular rival battle (he would have beaten Silver in the fight and draw with Omega, but lose to Sonic) but when fighting Tails (whose story he was the antagonist of), he would have fought him three times; the first two with Eggman's boss machines, and the last in a brutal high-speed sky battle while Sonic fought the Egg Wyvern, on his own. In the end, Tails would've kicked Metal in the head, causing him to malfunction and fall into the sea, but would later be rescued by Eggman (who survived his own battle with Sonic).

*Sonic Rivals*

Metal Sonic appears working for Eggman Nega, possibly reprogrammed to serve him. Sonic, Knuckles, Shadow, and Silver must fight him as well as Eggman Nega. He takes part in the final battle.

*Sonic Rivals 2*

Eggman reprograms Metal Sonic as a more mindless servant loyal to him, and pairs him up with Shadow to defeat Eggman Nega and prevent his plans for releasing the Ifrit on Earth. Upon entering the Ifrit's dimension, Shadow and Metal Sonic close the portal from the inside, but fight the Ifrit and Metal Sonic 3.0. In the end, they destroy the Ifrit, and presumably Metal Sonic 3.0 as well (since Eggman Nega turned to his enemies Silver and Espio for help when he was trapped under rubble). Presumably because of being the last ones to fight the Ifrit and having to deal with Metal Sonic 3.0, Shadow and Metal Sonic don't make it through the portal, but Metal Sonic cuts out his chassis to reveal a Chaos Emerald inside him, which he and Shadow use to teleport back to Earth.

*Sonic Forces*

In *Sonic Forces*, Metal Sonic appears as a supporting antagonist. He, alongside Zavok, Shadow, and Chaos, have several Replicas of themselves created by Infinite using the powers of the Phantom Ruby. He also appears as one of the highest in command of Eggman's Army.

The replica Metal Sonic attacked Sonic and the Avatar when they arrived at the Red Gate Bridge, but was destroyed with their Double Boost technique. Hundreds of Metal Sonic replicas were later present in the final battle between the Eggman Empire and the Resistance. After Eggman and Infinite were defeated, the replicas vanished, leaving the Resistance victorious in reclaiming the world.

Other Media *Super Smash Bros.*

Metal Sonic makes cameos in *Super Smash Bros. Brawl*, *Super Smash Bros. for 3DS*, and *Super Smash Bros. Ultimate* . In *Super Smash Bros. Brawl*, he is a sticker that increases any character's launch power by 16 points. In *Super Smash Bros. for 3DS*, he appears as a trophy. In *Super Smash Bros. Ultimate*, he is a shield type primary spirit. His spirit battle is a timed stamina battle against Sonic coated in metal and equipped with a Rocket Belt.

*Sonic the Hedgehog OVA / Sonic the Hedgehog: The Movie*

Under the name **Hyper Metal Sonic**, Metal Sonic appears as the secondary antagonist of the second episode of the OVA. After stopping the machine generator of Robotropolis, the generator quickly scans Sonic before collapsing, exposing Metal Sonic. Dr. Robotnik appears and explains that while Sonic, Tails, and Knuckles were busy fighting the robots, he analyzed Sonic's mind, personality, and abilities to conduct a perfect robotic counterpart. Sonic faces Metal Sonic, but is overwhelmed. Meanwhile, Tails discovers Metal Sonic's intention was to destroy the planet by digging through the ice caps holding the Land of the Sky together and let lava melt the ice. Before Metal Sonic could kill Sonic, Tails disrupts Metal Sonic's data with an upgraded navigator, allowing Sonic to defeat him with a Spin Dash.

After an airship carrying the President and Old Man Owl crashes into an ice bridge, as Sonic and friends arrives to rescue them, Metal Sonic returns. Tails tries to use the navigator again only for it to be destroyed by Robotnik. However, due to previous inflicted injuries, Sonic defeats Metal Sonic again. When the airship explodes, Metal Sonic rescues the President and Old Man Owl, but is struck by fallen debris and crashes into the crater of a subglacial volcano. Sonic tries to save Metal Sonic by reaching out his hand. But Metal Sonic refuses to be rescued, telling him "there is only one Sonic," and accepts his death from the rising magma.

*SEGA Heroes*

Metal Sonic appears as an unplayable enemy unit in *SEGA Heroes* .

Mack Hartford: Big Mouth Monster!

Jack Spicer: Wuya!

Sonic: Metal Sonic!

Nicole: The Tiki Tak Tribe!

Crimson Chin: And H2Olga!

Big Mouth Monster: Long time rangers.

Nico: I remember you! And J.D. will no doubt remember you too. Kamdor made you to destroy the rangers.

Big Mouth Monster: That's right. Good memory.

Will Aston: That is a good memory.

Big Mouth Monster: (to Will Aston) You were never on Kamdor's side, were you, Black Ranger?

Will Aston: No I wasn't.

Nico: And that's good too.

Varie: Yes it is.

Nico: Wuya I'm amazed that you are now part of the Masters of Evil.

Wuya: Indeed and it pays much better treatment than with Chase Young.

Nico: I can see that.

Wuya: (to Spicer) I have to admit, Jack. You really have improved ever since you left the Legion of Doom and the Heylin side. And yes, I am referring to your Dark Side as well.

Jack Spicer: Thanks Wuya.

Nico: I am amazed that you would be recruited into the Masters of Evil, Wuya. I guess because Chase Young is considered incredibly dangerous to be roaming around and will destroy you?

Wuya: You heard right Nico. I was a fool to recruit Chase.

Lincoln: One day he will pay for his crimes.

Laney: You can count on that.

Lola: You got that right!

Nico: Who are your Archenemies gonna be?

The Tiki Tak Tribe pointed to Zecora.

Zecora: I have been chosen to be your archenemy I see, how fun it will be for the seven of you to face me.

Nico: I had a feeling that would be the cause. This is gonna be interesting.

H2Olga: My archenemy is gonna be Natsuhi of the Hidden Star.

Natsuhi: I'm honored that you would choose me.

Wuya: I chose Goku's mother Gine.

Gine: Wow! I'm honored and it will be good to test out my skills again.

Metal Sonic: And I chose Vinyl Scratch.

Vinyl Scratch threw up the goats!

Luna: That's rockin dudes!

Applejack: Just so you know, Vinyl doesn't speak. She lets her music do the talking for her.

Metal Sonic: Fair enough.

Eli: This is gonna be so awesome that you are Vinyl Scratch's archenemy.

Metal Sonic: It sure is Eli. And thank you for destroying Metal Overlord.

Eli: Anytime.

But then Nico's Geiger counter was clicking fast.

Nico: Uh oh! We have radiation!

?: From me!

A figure came out and it was a gloving green man with a translucent body that left his skeleton exposed and it was DEREK POWERS A.K.A. BLIGHT!

---

**Derek Powers**, later known as **Blight**, is the main antagonist in the first season of *Batman Beyond* and a recurring villain in the DC comics version.

He was a corrupt businessman, chairman of the board of directors of Wayne-Powers, who later transformed into an extremely dangerous and toxic supervillain after a fated encounter with the new Batman and archenemy, Terry McGinnis, whose father Powers had murdered in order to hide one of his black market deals. He is based on the DC character Doctor Phosphorus.

He was voiced by Sherman Howard, who also voiced Van Pelt in *Jumanji: The Animated Series* and Chief McBrusque in *An American Tail: The Treasure of Manhattan Island* .

Powers started out as the CEO of a small business called Powers Technology which later gained power and influence after he acquired Wayne Industries in 2019. Although Bruce Wayne prevented the corporate takeover on several occasions Wayne was forced to accept the merger on account of his failing health. After accepting Power's offer the company was renamed Wayne-Powers which and placed under Power's unscrupulous care and supervision. Some 20 years later Powers began taking over more of the business, now a powerful conglomerate corporation. Powers became known in the financial world as a "financier czar" and a "corporate kingpin" for the numerous downsizes, layoffs and hostile takeovers of several other industrial firms. Among other things Powers fired Lucious Fox Jr., the son of Lucious Fox, from his position of president of the company. The Foxes were one of Bruce

Wayne's closest friends during his glory days, thus Powers gained further distrust from Wayne. Powers would interact only indirectly with Wayne, such as delivering to Wayne baskets with oranges for Christmas and very briefly ever talking with him. Aside from his questionable ethics Powers was cruel to his son, Paxton Powers, whom he often neglected and eventually had him exiled to South America to run the local Wayne-Powers division, a job which Paxton regarded as "grunt-work". However, Derek's methods of running a business rubbed-off on his son, which lead Paxton into becoming just as corrupt and ruthless as his father was.

## Rebirth, Part I

In the year 2039, Powers had developed a dangerous, viral nerve gas that slowly eats away at the victim's flesh. To test the compound, he infected an employee, Harry Tully, with it (Powers calimmed that Tully's infection was do to an accident). Tully passed the information along to his co-worker, Warren McGinnis. Tully later died from exposure to the nerve gas, but not before Powers could document the effects to show to potential buyers. Desperate to retrieve the information, Powers sent his assistant, Mr. Fixx, to kill McGinnis and make it appear the latter was the victim of The Jokerz gang. However, Fixx did not obtain the disc of information, which had been earlier found by Warren's son Terry. Terry gave the disc to Bruce Wayne, whom Terry discovered was once Batman.

## Rebirth, Part II

Derek Powers planned to ship the nerve gas to Kaznia, a Balkan country, and promoted it to Kaznian ambassador and minister of commerce Vilmos Egans, showing him gruesome pictures of Harry Tully's gradual death at the hands of the gas. Egans accepted the offer so Powers began its shipping schedule immediately. Terry McGinnis would break into Wayne Manor and steal the newest version of the Batsuit and take up the guise of Batman to avenge his father's death. The shipment of nerve gas was stopped by Batman who caused the carrier to sink in Gotham Harbour, with Mr. Fixx still inside, causing Fixx to drown. During a brief scuffle with Powers, Batman threw a container of the gas at Powers. Powers shot at the canister which caused the nerve gas to spread all over his body, thus infecting him. In order to save himself from the gas's effects

Powers had to undergo radiation-therapy in secret. And although the radiation had destroyed the virus, the gas was revealed to have mutagen properties which had combined with radiation used to treat him, thus transforming Powers into a radioactive metahuman with his skeleton showing.

## Black Out

Despite reveling in his newly acquired powers, Powers wore artificial skin on a daily basis to hide his condition and hired doctors to find a possible cure for his condition. When the government decided to build a new lunar station, the two possible contractors for the job were Wayne-Powers and Foxteca. Powers hired saboteur Inque to hinder Foxteca. Batman interfered with Inque's missions, so Powers contracted Inque to kill Batman and any of his associates, but she failed and was sent to a holding facility.

## Meltdown

As Powers's anger began intensifying so did his metahuman abilities, his radiation grew stronger and his fake skin would thusly fall apart, barely able to last a day. The recently added member of Power's medical team Dr. Stephanie Lake made the bold suggestion of using his baseline DNA to clone a new body and transfer his neural patterns (id est his mind) into it. Before proceeding with the plan Dr. Lake decided to test the procedure first on another individual who also had mutated DNA. To that end she tested the procedure on Mr. Freeze, whose cryogenic head was kept in Wayne-Powers laboratories. After the procedure proved to be a success, Powers presented Freeze on the Net (television of their era) as a hoax campaign towards a new form of medical treatment. But when Freeze began reverting to his cryogenetic state, Powers and Dr. Lake decided to perform a biopsy on him. However, Freeze escaped and came back for revenge inside a larger freeze suit. He exacted his revenge by freezing both Powers and Dr. Lake and then planned to have the laboratories blown-up, killing himself in the process as well. Powers freed himself from the ice by means of his radiation, though at the expense of his skin. In his glowing skeletal form Powers introduced himself as Blight and brutally crippled Mr. Freeze. After a heated battle with Batman, Freeze used the last of his energy to save Batman from Blight and sent Blight flying out of the laboratories and into a frozen lake. The laboratories were only partly destroyed with Freeze still inside, left to die. Blight was able to pull himself out of the frozen lake and was picked-up by his medical team, but not before mocking them for their stupidity.

## Shriek

At this point Powers had bought Shreev Industries, small-time business that was developing various sound-based technologies, including a suit that used low-frequency sounds to shatter solid matter, its initial purpose being for mining operations. Powers claimed that Shreev's business was failing do to poor management and instead appropriated its technologies for criminal activities, convincing its owner and namesake, Walter Shreev, to use his sound suit for assassinations. Powers wanted to bulldoze Gotham's historical district for profit, but Bruce Wayne opposed the movement. In order to overrule Wayne, Powers hired Walter Shreev to assassinate Wayne. Batman intervened and Shreev failed to assassinate Wayne, but Wayne was wounded enough that he had been rushed to a hospital for recuperation. As a backup plan Shreev implanted a sound device inside one of Wayne's bandages in order to fool him into thinking he had gone mad and force him into committing suicide. Batman was able to locate Shreev and expose him as a criminal to the police and later removed the sound device from Bruce's bandage. When Shreev sought revenge, Powers convinced him to become the supervillain Shriek, telling him that fear was a better method of gaining respect and casually ordered him to murder both Bruce Wayne and Batman. Shriek failed and lost his hearing after Batman destroyed one of his sound amplifiers. With Shriek in prison and Wayne still alive, Powers was overruled by the company shareholders and the historical district was saved.

## Ascension

When it looked like he couldn't control transforming into Blight, Powers handed over the operations to his son, Paxton, but only as a puppet since Paxton would be acting chairman of the board while receiving orders from his father. During a meeting of the company shareholders (which Bruce Wayne was also attending) where Derek was announcing his temporary leave of absence a group of citizens of the South American nation of Verdeza broke in to protest against

Paxton. They had managed to enrage Powers to such an extent that his radiation took its effect and pealed away his skin. In a violent rage Powers began attacking the men. Bruce Wayne tried to stop him, but this only angered Powers even more and tried to murder Wayne on the spot, something Powers had always dreamed off. After a brief fight with Batman and after having his "Blight" side exposed, Powers went into hiding. Only his assistant, Miss Winston, knew of his whereabouts - Powers hid in an old nuclear submarine that would conceal his radiation trail. After following her to the location, Batman confronted Blight. Blight demanded to know who Batman was and Batman replied "You killed my father". But Blight, having killed countless people, found this information useless.

Paxton also showed up, along with the Verdeza citizens from the meeting, and revealed his plan to kill Blight with a pinch cell, a device which would drain him completely of his radioactive energy. Paxton also explains that he had orchestrated his father's breakdown at the meeting in order to incriminate him simply out of spite and in order to establish himself as Wayne-Power's sole chairman of the board. Before they could finish Blight off, Paxton also ordered his men to kill Batman in order to cover his tracks. But Blight's rage and radiation went out of control and the submarine had a reactor breach, causing the submarine to sink into the harbor. Blight's body was never found and Paxton became the new chairman of the board, with Batman threatening to eventually have him exposed, and of the possibility Blight might come back for revenge.

## Seasons Two and Three

Blight made no more appearances after his apparent death, although the memory of his actions continued to be told. His son, Paxton, was reminded twice of his father and his abilities, once by reporter Ian Peek, who referred to Derek as Paxton's "blighted father", and another time by Commissioner Barbara Gordon as Paxton's "father who glows in the dark". More noticeably, Blight had also gained respect from half of the children of Gotham as an idol do to his attitude of not letting anyone stop him and for getting what he wanted.

## Comics

Derek Powers would later appear in the mainstream DC comics as a recurring villain.

## Powers and Abilities

Derek Powers was a highly intelligent man in the fields of economics, business and black-market racketeering. He was able to acquire power in the financial world after buying out other companies and imposing high demands from them. To that end he would fire anyone who apposed him, but under clever pretenses of either disobedience or incompetence. A notable example was buying out Walter Shreev's sound based technology firm, claiming that Shreev lacked the practicality to properly run a business. Another example of cooperate takeover was when he fired Lucious Fox Jr. do to the man's ties to Wayne, whom Powers had already severed ties from their mutual company. On one instance of an attempted takeover of yet another firm, Powers kept a late-night meeting in order to harangue the owners into selling him their company. Under Wayne-Power's legitimate earnings Derek Powers also dabbled into illegal waste disposal, for instance dropping radioactive materials into a Gotham harbor and out at open sea.

Derek Powers would often hire thugs, crooks and even terrorists for his more radical actions. He enlisted the muscle Mr. Fixx to murder Warren McGinnis after realizing that McGinnis was withholding the data regarding his nerve gas. He also hired industrial saboteur Inque to destroy his competitor's factories. Powers was also charismatic and resourceful enough in order to convince Walter Shreev into using his sound-based technology for assassinations.

As Blight, Derek Powers was a walking radiation emitter, able to produce balls of radioactive fire from his hands, or cascading waves of radiation from his entire body. These blasts were able to melt heavy metal constructs and even damage Batman's high-tech suit despite its incredible durability. Powers was able to use these blasts of energy with pin-point accuracy. The heat created by the radiation was able to protect him from intense levels of cold which would normally be lethal to humans. He even broke out of Mr. Freeze's ice prison without sustaining any damage. As a drawback of his condition, Powers could not hold back the radiation on his own, as such he was forced to wear a suit of artificial skin in order to maintain a resemblance of normality. Worse still, the radiation intensified with anger, thus pealing away at his artificial skin more and more until it could hardy last a day.

---

They gasped as they saw him.

Nico: Whoa! Derek Powers A.K.A. Blight!

Twilight Sparkle: That mean former business partner of Bruce Wayne!?

Sunset Shimmer: What happened to him!?

Nico: He's totally radioactive. He was made this way because he messed around with a deadly experimental nerve gas he made. And also he is the monster that murdered Terry McGinnis's father Warren. Or adopted father in a sense.

Batman 2039: That's right!

Batman 2039 took off his mask and revealed himself.

Blight: Who are you?

Batman 2039: My name is Terry McGinnis and I'm also the new Batman. I am the son of Warren McGinnis and Biological son of Bruce Wayne. You killed my father!

Nico: I always thought it was the Jokerz that killed Warren.

Batman 2039: No it was this man right here.

Rarity: How did he turn into this?

Batman 2039: The only cure to that nerve gas was a powerful and massive level of Gamma Radiation. But there was a nasty and unexpected side effect and it turned him into this. He's now essentially a living nuclear fuel rod.

Starlight Glimmer: Whoa! He looks like he is too hot to handle!

Nico: He sure is. But you are also supposed to be in prison for your crimes.

Blight: That's right! (ENRAGED SCREAMING!) I HATE THAT FUCKER J.D. FOR EVERYTHING HE DID TO ME!? WHERE IS HE!?

Nico: In a place called none of your fucking business you hot tempered radioactive freak!

Eli: Yeah! You will never touch my brother.

Lola: Yeah! We beat you once and we can do it again!

Eli: But how did you get out of prison anyway?

Blight: With this.

He pulled out a Number Card and it was NUMBER 46: DRAGLUON!

They gasped.

Eli: Number 46: Dragluon!

Blight: Damn it! Now who am I gonna get revenge on?!

Nico: No one. Because we're gonna kick your big fat glowing fucking ass!

Blight: (ENRAGED SCREAMING) I WILL JUST HAVE TO KILL ALL OF YOU THEN!

Nico: Then come and get us you living light bulb nightmare!

Eli: Yeah!

Nico snapped his fingers and they were on the ocean planet Skyla!

Skyla: Wow! Is this the planet Skyla?

Nico: It sure is. It's located in the galaxy NGC 983 and it's a world covered in water.

Skyla: Wow! I'm honored that I have a planet named after me.

Lincoln: Sure is pretty though.

Nico: Since we're gonna be fighting a nuclear man we might as well take it to another planet just to be safe.

Eli: Smart thinking.

Varie: Yeah. Lets get it on!

Nico: With pleasure! (Goes Super Saiyan 2)

They powered up and went at them.

---

In Morocco we were eating the stew and it was delicious and awesome and spicy.

Me and Zarya have our own bowls of stew and man are they delicious and spicy.

Noah: Dude, their mouths are on fire!

Demyx: I'll use my powers to cool them off!

Demyx used his water to cool them down.

Me: Wow! Nice one.

Zarya: This was great!

Me: And the stew is so awesome.

Me and Zarya had fire auras around us. Mine was red and hers was blue.

Zarya: Wow! How do you handle so much spice J.D.?

Me: Got a powerful love of spice and my dad says I got my grandpa's iron stomach and mouth.

Owen: YEAH! You guys are awesome.

Grodd: Boy I'll say. I'm impressed.

Me: Thanks Grodd. (Slurps more stew) Mmm! (Aura intensifies)

Zarya: Delicious. (Aura intensifies)

Vapor Trail: What a monster! I'm glad that J.D. and everyone put him in prison where he belongs.

Sky Stinger: You got that right. I hope he suffers big time.

Angel Wings: You said it. Billy McLean has no honor.

Soarin: None at all and I don't know what the people of Canada were thinking letting him do all that.

Wind Socks: I don't know either. I think he was either born bad or was insane from the start.

Indigo Zap: Yeah and he is worse than Cinch ever was.

Lemon Zest: Yeah and she was a heartless tyrant.

Sunny Flare: You got that right.

Frosty Orange: I hate Abacus Cinch just as much as I hate Billy McLean.

Slobber Trap: It would be nice if they did.

Aayla: (French Accent) It always is gonna be fun.

Luke Skywalker: What would really be challenging is if the Sith Lords were all added to the mix.

Dark Laser: I don't think I would go that far especially after all the trouble they put you all through because of Palpatine and all that.

Leia: That is a good point.

Han Solo: Yeah. That was a nightmare.

Chewie roared in agreement.

Rey: (British Accent) I agree on that. It was awful.

Sunset Shimmer: Yeah it sure was. It was hard to imagine that it would escalate like that.

Nico: You got that right.

They were tied up and shackled and arrested.

Commissioner Jim Gordon: Nice job guys. We have been after these guys for a long time.

Harvey Bullock: They are looking at doing life in prison for their crimes.

Nico: On Animal Cruelty and Animal Kidnapping.

Commissioner Jim Gordon: You got that right. And tell J.D. and Zarya that we wish them luck in that awesome race.

Nico: Will do Jim.

---

After the Usual Battles were done me and Zarya got to the Chill Zone and we were sweating like pigs.

Don: 1st!

Me: WOO!

Zarya: Yeah!

Don: Awesome job guys!

Me: We're not finished yet.

Daybreaker then appeared.

Me: Now it's you and me Daybreaker!

Daybreaker: (Malevolent Laughter) You two made a big mistake not bringing your friends with you! And now, you'll pay the price for it!

Dr. Destiny: You won't be so smug once I torment you with an eternal nightmare like how Nightmare Moon does it!

Me: Let me face her first and then you all can help out. And for the record Daybreaker, my friends are ALWAYS with me! Because I will always carry them in my heart! Something a warped freak like you can never understand!

I then went Super Angel-Ebonwu-Phoenix 500,000,000 and my power was incredible.

Me: (Divine Echoing Elemental Voice) **You will now face my ultimate power! Don, because we're facing these enemies we're gonna take the fights to other planets just to be safe.**

Don: Understood.

Overdrive: (sees a tank) I'll take control of that tank. That should provide some firepower against Daybreaker.

Grodd: Go for it.

Swordsman: Yeah and it will be useful.

Overdrive got it over and I snapped my fingers and we were in the clouds of the gas giant planet Yokrayna!

---

As you may recall, the planet Yokrayna is a Gas Giant Planet that lives in the Radio Galaxy M87, 60 million light-years away from Earth. It is 175 million kilometers or 108,739,958 miles in diameter and it is one of the largest planets in the universe to date. The storms on the planet produce tremendously supercharged lightning and produces 18,000 bolts every half a second. The Static-Discharging Hydrogen Gas of the planet creates an electromagnetic field that disrupts transformation jutsu and it produces a special radiation that enhances magic powers.

---

Daybreaker: So this is where you will go for your final resting place.

Me: **Oh it's not my Final Resting place, it's yours.**

Daybreaker then fired a massive blast of fire magic at me that was as powerful as my Super Angel-Ebonwu-Phoenix 100,000,000 form and I absorbed it and it gave me an incredible power boost unlike anything I've ever felt!

Me: **WHOA! That was intense! But lets see how you like this. KAAAAAAAA MEEEEEEEE HAAAAAAAA MEEEEEEEE HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!**

I fired a massive fiery Kamehameha and it slammed into Daybreaker and exploded with incredible power!

***KRABBBBBBBBBBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOO***

Daybreaker: (Growls) I HATE YOU!

My aura flared up with incredible power.

Me: **You can hate me all you want but I will always be more powerful than you.**

Daybreaker: I am more powerful than you!

Me: **You will never be more powerful than anyone Daybreaker! As long as your heart is twisted and full of hatred you will always be weak!**

Daybreaker: NO ONE TALKS TO ME LIKE THAT!

Daybreaker went at me and I teleported away and fired more energy blasts and they hit her all over with incredible power.

Daybreaker used her dark magic and intense fire to entomb the clouds of the planet in a massive area of sun and intense fire as powerful as 100 sextillion suns! I was absorbing fire at an incredible level!

Me: **Somebody get you a breath mint!**

I fired massive waves of elemental energy and power. I fired a massive blast of water and it hit Daybreaker and a massive cloud of steam came off her as she screamed in excruciating pain! Daybreaker then fired massive blasts of energy and fire at me.

[magic zaps and flames whoosh]

I blocked her blasts and I fired a blast of light and darkness and it hit Daybreaker and exploded!

**KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO**

Me: **YOU BITCH!**

I fired a massive blast of fire and wind and the blasts hit Daybreaker and exploded!

***KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

Daybreaker got up and looked at me with incredible fury!

Daybreaker: YOU WILL NEVER DEFEAT ME! YOU ARE JUST A BEAST!

Me: **I would rather be a brainless beast than a heartless monster like you!**

[flames roaring]

Daybreaker was enveloped in a massive aura of fire and she fired a massive blast of fire at me!

I absorbed all the fire as I flew at her and then I grabbed Daybreaker's arms.

Me: **YOU ARE FINISHED DAYBREAKER!**

The Masters of Evil fired energy blasts and more and they smashed her all over and pulverized her and blasted her all over!

I then fired a massive energy blast and it slammed into Daybreaker and completely obliterated her into oblivion.

We were back on Earth and I powered down.

Me: Yeah!

Zarya: That did it!

Don: That was awesome!

Grodd: Yeah it was!

---

The Masters of Evil all came.

Brass Knuckles: Not bad for your first missions without J.D., huh?

Batman 2039: Actually, it turned out better then we thought.

Titanium Toenail: Glad to hear it.

Vulture: How about we go watch TV and check on J.D. and Zarya's progress?

Crimson Dynamo: Good idea!

They went back to the estate and watched me and Zarya on TV and it showed us doing the race and we got 1st in Day one of the race as well as fighting Daybreaker.

Everyone gasped when they saw me fighting a human version of Daybreaker!

Princess Celestia: Is that Daybreaker!?

Lola: WHOA!

Starlight Glimmer: Oh man!

I was really letting her have it all over.

Computer: Holo-call incoming.

The computer came up and it showed me and Zarya on the plane.

Me: Hey guys.

Nico: Hey buddy! Awesome job taking down Daybreaker and way to go taking first in Morocco.

Me: Thanks man. How did your first mission for these 13 days go?

Nico: It went well.

Nico told us everything.

Me: Wow! Great job guys. We haven't gone after any of Terry's enemies in a long time. Great job.

Nico: Thanks man.

Me: We have our own enemies as well. We are gonna face a group of enemies that call themselves the Midnight 13.

I went over everything.

Everyone gasped!

May: Whoa man!

Eli: That's crazy!

Me: Yeah.

Sunset Shimmer: So it's not only Midnight Sparkle but all of OUR dark selves as well?

Me: Yeah. And it's gonna be a crazy 13 days.

Zarya: But we can handle it. Me and J.D. are gonna take them down in turns. It's my turn now.

Me: We're heading over to Iceland for Day 2 of the action.

Twilight Sparkle: Wow!

Nico: Well have fun guys. Good luck.

Me: Won't need it but great job taking down Ronny Boxer.

Nico: Thanks guys.

Me: I also was really surprised when I heard about Blight being back and having a Number.

Nico: Yeah it was crazy. I took the fight to the planet Skyla so that it would not hurt the city.

Me: Smart thinking. Well done. See you all tomorrow for our progress.

Nico: Will do.

The call clicked off.

Batman 2039: (To the viewers) This was an awesome and epic adventure. Not bad for day 1 of the Ridonculous Race.

Nico: You said it. Wait I just remembered, Lynn, Sakura, Lightning and Naruto you were supposed to participate in the Ridonculous Race!

Lynn: Oh man!

Maria: (to Sakura, Lynn, Lightning, and Naruto) I thought you 4 were participating in the race as well.

Lynn: There's always next time. Besides, Nico needs all the help he can get leading the team.

# Terror of the Midnight 13 - Iceland

In the park Nico and everyone was there to have some fun and they then heard crying and saw that it was coming from Burgundy who was crying her eyes out even after I gave her that lecture that revenge is NEVER the answer for anything ever.

Nico: Poor Burgundy.

Varie: We better go over and talk to her.

They went over to her.

Nico: Hey, Burgundy. Can we talk?

Burgundy: (turns around with tears in her eyes) W-What do you guys want?! C-Come to beat me up some more?! Y-You try it and I'll have you arrested for assault!

Tussle Sprout: Geez, have you been crying over since J.D. gave you that lecture?

Burgundy: (Crying) Yes!

Nico: Oh man.

Varie: Poor girl.

Mr. Krabs: Lass, there's something that you need to know about what happened when Nico tried to kill you.

Nico: Yeah. I wasn't myself.

Burgundy: What do you mean?

Nico: I was possessed by an old enemy from my past.

Nico went over everything that happened during the events of chapters 1305 to 1317 and revealed everything down to the details and more and Burgundy was horrified. When Nico was finished, Burgundy was shocked and horrified.

Burgundy: Oh man! Nico I had no idea!

Varie: We all were shocked ourselves.

Vince: Yeah it was crazy.

Eli: But thanks to all of us we helped Nico conquer his past and all that.

Hun Gurr: So, what do you say? Do you forgive Nico?

May: It's really your choice whether or not you want to forgive Cilan. But are you and Nico good now?

Burgundy: Yeah I forgive you Nico. But I still don't forgive Cilan.

Nico: Okay then.

Lola: Sheesh she needs to learn how to let things go.

Lana: Yeah.

Burgundy: So… why is J.D. not here?

G1 Snarl: Him J.D. and her Zarya go on fun competition race.

Nico: Yeah and he and Zarya are keeping in touch with us as they play. They are in Iceland for part 2 of the race.

Burgundy: I see.

Laney: If I may make a suggestion how about you join the Masters of Evil?

Burgundy: Good idea. (Stomach Growls) Man I'm hungry!

Laney: I got you covered.

Rarity: and I'll gladly help.

Mary Knudson: Same with me. As long as we're here we might as well have a picnic.

Burgundy: Good idea.

Laney made fruit trees and all kinds of food trees and Mary and Rarity made all kinds of dishes. Burgundy was really hungry and she hadn't eaten in 3 days.

Nico: Whoa! She is really hungry.

Lola: Boy I don't blame her. After crying that much and going so long without food she must be hungry.

Lincoln: Yeah.

Burgundy: But thanks guys. This is delicious.

Lola: Mary and Rarity are great cooks. And Mary is a really great chef.

Mary Knudson: World Famous chef and hero. I also helped refine Restaurant Row in Canterlot and got the restaurants better than ever.

Burgundy: I heard about that! That was awesome.

We laughed and it was awesome. All her Pokemon were hungry too and Laney gave them some apples.

Later everyone was getting ready for a mission to Neo Domino City.

Skywarp: Nico, before we head to Neo Domino City, I want you to know that you're proving to be a good leader so far.

Nico: Well J.D. did make me second in command and thanks for that. I appreciate that. That means a lot to me.

Skywarp: You're welcome.

Nico: Lets head out everyone!

Eli: To Neo Domino City!

They were off to Neo Domino.

---

On the plane flight to Iceland, Me and Zarya were relaxing and having a great plane flight.

Me: This is amazing. And the view of the ocean is incredible from up here.

Zarya: It sure is.

Then Whiger, Hsi Wu the Demon Sorcerer of The Sky, The Mummy, Dark Laser, Brass Knuckles, Titanium Toenail and Crimson Dynamo then appeared.

Mummy: (to me) Can me Whiger, Hsi Wu, Dark Laser, Brass Knuckles, Titanium Toenail, Vulture, and Crimson Dynamo help you guys out in Iceland?

Me: You all sure can and this is gonna be so cool. We're gonna see more of one of the native lands of my ancestry.

Hsi Wu: Wow!

Zarya: That's right J.D. you are part Icelandic.

Me: Yep. And also its gonna be awesome. Iceland is one of the most geologically active places in the world. Lots of volcanoes, geothermal hot springs, geysers and more.

Iceland also has the Aurora Borealis. And it's beautiful.

Whiger: It sure is.

Vulture: Iceland is always beautiful.

Me: It sure is and it has a landscape that looks like the Moon and it smells like rotten eggs because of the sulfur.

Crimson Dynamo: Wow.

Dark Laser: That is amazing.

Me: And it has history that dates back to the time of the Vikings and I'm a direct descendant of Leif Erikson.

Whiger: That's amazing!

Me: It sure is. Quite an ancestry too.

---

In Neo Domino City, everyone was there and seeing the sights.

Jack Atlas: Good to be home.

Blizzard Man: (to Yusei) How about we go to your place before we explore around?

Yusei: Sure thing.

Nico: We've never seen your house before. This will be interesting.

Varie: It sure will.

Akiza: Yeah.

They went to his house and it was an amazing little house. They walked around it and saw that his home was great and all that.

---

Me and Zarya then landed in Iceland and we were in the capital city of Reykjavik.

Hsi Wu: Me and Vulture will take to the skies in case the Midnight 13 are lurking about.

Me: Good idea. Thanks.

Zarya: Be careful.

We landed and we were in Reykjavik.

Me: Here we are Zarya. Welcome to Reykjavik, Iceland.

Zarya: Wow. It's amazing. And it's really cold here.

Me: Well that's a funny joke. A thousand years ago the vikings called Iceland Greenland and Greenland Iceland. They switched the names to fool people.

Zarya: That's funny.

Me: We got time before the next race. Lets go get some warm clothes.

We went to the clothing store and got warm and traditional Icelandic sweaters and jackets and boots.

Me: Nice.

Zarya: These sweaters and boots are amazing.

Me: Yep. They are a big traditional staple here in Iceland. It's always cold here because of how close it is to the Arctic Circle.

Zarya: Wow.

Me: I also have something else to show you.

At the local museum I showed Zarya the Saga of Homer's friend Carl Carlson. His family was once the most hated family in all of Icelandic history.

Me: Carl Carlson's family was once the most hated family here in Iceland.

Zarya: Why were they hated so much?

Me: This saga right here will tell you. This is the history of the Carlson family and why it all happened. It's called The Epic Fail. I also have the missing page from this saga.

I pulled it out and the guard opened the case and I put the page in and fixed it and completed the Saga.

Me: Now it's complete.

Zarya: What does it say?

Me: It's in Ancient Icelandic. Here's what it says. "When the Barbarian invaders came we met them with our weapons ready. Weapons which we immediately threw down and surrendered. We then let the barbarians in the back gate and joined in the sacking, the looting and the volcano-ing of the village elders. We later wrote down this saga so no one would ever forget our treachery and cowardice."

Zarya gasped.

Zarya: Geez! That's awful!

Me: No kidding. What Carl's family did all those years ago was terrible. And ever since then, all of Iceland had hated his family until Homer, Lenny and Moe helped them bury the hatchet and got them to show how great a man Carl Carlson is.

Zarya: Wow. That's incredible.

Me: Yeah. I can't believe all of Iceland would hold a terrible grudge against Carl and his family for that long.

Zarya: No kidding that is totally unhealthy.

Me: Well Iceland has a lot of history and it goes back many years. Carl wanted to try and redeem his family name by getting the missing page of the saga and show that they fought bravely. But in the end it was all for nothing. Carl's family caused so much death and destruction to all of Iceland all those eons ago.

Zarya: No kidding. That's awful. I really feel bad for Carl and his family.

Me: Me too. But I'm glad that Homer, Lenny and Moe helped all of Iceland get over their hatred of him.

Zarya: That's good.

Me: Yes it is.

We got some souvenirs and got ready for the second part of the race.

---

Nico and the rest of the team were watching the tube.

Bomb Man: Let's see what's on the news of New Domino City.

Bomb Man turned on the TV and he saw a story.

Reporter: This just in Don Piero has been stealing documents, money and possessions like wildfire and countless people are now homeless because of it. Sector Security is now on full alert for him.

Nico: Whoa!

Jack Atlas: I thought he was finished!

Nico: Looks like he's back with a vengeance.

Inque: Jack, you should go over Don Piero's full history.

Jack Atlas: I was just about to. You would not like this guy at all.

Jack told them everything.

---

Don Piero, known as Garome in the Japanese, German and Italian versions, is a vicious money trader. In the English version however, he is said to be a mob boss.

An alternate universe version of Piero appears in the Yu-Gi-Oh! ARC-V.

Piero is a slick loan shark who rips off the people he deals with by making them sign false documents, then taking their belongings. After Carly Carmine and Jack Atlas learn about Piero's shady dealings, Jack challenges Piero to a Duel to win back the illicit contracts and lift the debts, wagering "Red Dragon Archfiend" and the Phoenix Whirlwind.

Although Piero's cards flooded Jack's field with "Loan Tokens", Jack was able to win and defeated Piero (nearly knocking the hairpiece from his head). After Piero's defeat, his men fled the scene with Piero, dropping the contracts and leaving them to be ripped apart by Jack, freeing everyone who was in Piero's debt

---

When he was done they were shocked and amazed.

Nico: Whoa! You and Carly brought him down.

Carly Atlas: We sure did and we saved the people whose lives he ruined.

Jack Atlas: And it was something we'll never forget.

Eli: That is amazing! I would love to tear that guy apart with my monsters.

Nico: Me too.

---

We were running across the field of geysers.

Brass Knuckles: What's the challenge this time?

Me: Correctly repeat an Icelandic phrase after running across a field of geysers and Either eat an Icelandic Thanksgiving meal, or collect a fossil in the ice caves.

Vulture: Ooh! Nice!

Me: And me and Zarya will go for the Icelandic Feast. Believe it or not the last time I was here in this whole competition I ate the whole Icelandic Thanksgiving feast and it was great.

Brass Knuckles: Wow! That's interesting.

Me: Yeah the Icelandic Cuisine is questionable to some and people might find it unpleasant. But I am part Icelandic and eaten weird stuff before.

Zarya: Same with me and I like it.

Me: Besides this will be fun. Also because I'm multi-lingual this will be a snap.

We got to the local girl dressed in a swan dress.

Me: (Speaking in Icelandic) Vinsamlegast gefðu mér næstu ráð um ferðalög. (Please give me my next travel tip)

She did so.

Brass Knuckle: Wow! That is good.

Vulture: That was perfect.

Don: Yeah sorry. My Icelandic is a little rusty.

Me: No worries. But this is fun so far.

We went to the helicopter and we were off to Skaftafell National Park in Southern Iceland.

* * *

In New Domino City everyone thinking and coming up with a plan.

Paragus: Alright. Don Piero won't attack until nighttime. Giving us plenty of time to make a plan.

Nico: Yep. And this will also give us plenty of time to make a little pit stop. We're gonna go over to the prison and gloat about Misty's brother Toby being resurrected and alive.

Varie: Nice! I've always wanted to see that happen.

* * *

In Iceland me and Zarya were there to eat a Traditional Icelandic Thanksgiving Feast.

Titanium Toenail: Tell us what the food tastes like, okay?

Me: I will.

Don: Icelandic feasts consist of putrified shark, pickled herring, cured ram, broiled puffin and singed sheep heads!

YUCK!

Don: Yikes! What are they giving thanks for?

Me: It's part of their tradition but I don't know the full extent of the history. But I remember this stuff all too well.

Zarya: Sounds like my kind of meal.

Brass Knuckles: Icelandic food is interesting though.

Me: It is and I am part Icelandic and I like this stuff.

Don: You are crazy J.D. I can't believe Billy McLean made you and all the other contestants on his show eat all that stuff.

Me: Eh it wasn't all that bad. Some of it was stuff I'm familiar with from my travels around the world.

Zarya: Wow.

Me: Lets get eating.

We got to eating and it was delicious and yummy.

Crimson Dynamo: Just wait until you try the food from my home country.

Me: Trust me Yuri, I have. Many times.

Zarya: And it's good.

Me: Yep.

Vulture: Wow.

We were eating it all over and more and it was good. It may taste bad to some but not us because of our travels around the universe and to many places all over.

At the Facility Nico and Misty Tredwell were there to visit Sayer.

Sayer: What the Hell do you all want now?

Misty Tredwell: (smirks) Just want to show you something.

Toby then showed himself.

Toby: Remember me, Sayer?

Sayer: How is this possible?!

Notacon: You hear that? That's the little sound of J.D. bringing Toby back several months ago!

Sayer was still in shock and the look on his face was priceless.

Nico: (laughs) Alright, we're done here. Let's go back to the others.

We went back to the others just as Sayer finally reacted.

Sayer: ARE YOU FUCKING KIDDING ME?!

SURPRISE!

SAYER WAS BEYOND PISSED! HE RANTED AND RAVED FOR 1 WHOLE OUR AND THEN HE DIED OF A HEART ATTACK CAUSED BY HIS RAGE!

* * *

In Iceland we ate the food and licked the plate clean.

Dark Laser: Isn't this challenge fun to watch, Flipsy?

Flipsy barked.

Me: He agrees.

We came to the circle with an empty plate.

Don: 1st!

Me and Zarya high five!

Me: Yeah!

Don: Great job guys and J.D. I'm really impressed with your expertise in world culture and how you handled all that.

Me: Thanks Don. Traveling all over the world has its perks. As well as eating many foods on different planets.

Don: That's amazing. But great job guys.

In another part of the city at night, Trudge was facing DON PIERO!

Trudge: You better hope J.D. doesn't get here, Piero, or you're finished!

Don Piero: (laughs) Oh, that's funny. Because I don't think J.D.'s coming at all. I've been making people beg for mercy for days and there's no sign of him. I think he's gone.

A bulldozer suddenly arrived and transformed into Bonecrusher.

Bonecrusher: Sorry, I'm late. My invitation to this ass-kicking must've got lost in the mail.

Don Piero: What the?

Nico then tapped Don Piero on the shoulder and then when he looked behind him…

POW!

May punched him in the face and Jack kicked him in the crotch!

Jack Atlas: Been a while Piero!

Carly Atlas: You have a lot of nerve showing your ugly face around here!

Aslla Piscu: That's right!

Nico: Whoa! Who said that?

Aslla Piscu: I did.

Carly Atlas: Oh that's Aslla Piscu.

Eli: Cool!

Nico: You are gonna be begging for mercy when we're done with you Piero!

Eli: Yeah! You fucked around with the wrong people!

Lana: Yeah!

Don Piero: (Growls) (To Carly) Aren't you that girl that was with Jack Atlas before?

Carly: What gave me away?

Undermine: But you should also know that she's a Dark Signer!

Carly: That's right! Carly Atlas of the Hummingbird. I am also Jack's awesome and most amazing wife.

Jack Atlas: Yeah and she has always been there for me.

Nico: Now you are gonna get a major league buttkicking!

Eli: And it will not be pretty!

---

Back in Iceland, Vulture and Hsi Wu were once again flying in the sky for any sign of the Midnight 13.

Vulture: (to Hsi Wu) It really is a pleasure to have a fellow flyer like you in our ranks, Hsi Wu.

Hsi Wu: Same here Adrien.

Vulture: This is gonna be so cool.

Hsi Wu: I sense something.

Vulture: What is it?

Suddenly an apple was flying through the sky like a meteor and it was heading towards me and Zarya!

Me: Uh oh!

Zarya: Wow!

It crashed by us and a figure exploded out and it was the dark side of Applejack and the ambassador of the Element of Dishonesty: CREEPY APPLE!

Zarya: Creepy Apple!

Me: Uh oh! The Element of Dishonesty!

Creepy Apple: C'mon, guys. You wouldn't hurt your own friend Applejack, would you?

Whiger: Of course not. But then again, you aren't Applejack, are you?

Zarya: Yeah! You are NOT Applejack. Applejack I would never hurt. You on the otherhand? YES!

Zarya spread her wings and went Super Angel 100,000,000 and punched her in the face and kicked her in the stomach.

Zarya: (Divine Moonlight Voice) **It's time for me to mulch the Apples of Dishonesty.**

I snapped my fingers and we were floating in the clouds of the planet ZYMPHOQUORA IX!

Katnappe, Ebon, Krusty the Clown, Skinner, Steam Smythe, Po Kong the Demon Sorceress of The Mountains, Cargill and Chief Wiggum then appeared.

Krusty: Hey hey kiddies! (Goofy Laughter)

Nico: Katnappe, Ebon, Krusty, Skinner, Steam Smythe, Po Kong, Cargill and Chief Wiggum.

Katnappe: Looks like we came just in time.

Maria: You sure did!

Ebon: In case you guys were wondering how we got here, we used one of my portals.

May: We knew you guys would do that.

Krusty: I can't wait to see these assholes get what's coming to them.

Skinner: (to Don Piero) What do you have to say for yourself?

Don Piero: I will make anyone who stands in my way suffer!

POW!

Varie kicked him in the chest and sent him crashing into the wall!

Nico: What a heartless fiend!

?: No kidding on that.

3 figures came out and they were OSIRIS from episode 30 of Jungle Fury, DR. STARLINE and DARK PHOENIX!

Osiris

**Osiris** was a Cerberus themed Phantom Beast Warrior, who helds the spirit of the Dog. He also wields two blades in battle. He serves as the supporting antagonist of the episodes "Fear and the Phantoms", "One Last Second Chance", "To Earn Your Stripes", "Now the Final Fury".

Osiris was a member of Phantom Beast Warriors. He used the battle style of Cerberus, the mythical three headed dog, who guarded the underworld in Greek Mythology. He also holded the spirit of the dog. During the first Beast War, Osiris fought, alongside his allies, against Pai Zhuq Academy and Dai Shi Clan, and was destroyed along with other Phantom Beasts. However, Crystal Eyes, that possessed the power to ressurect them. In the twenty-third episode, Jellica used Crystal Eyes and revived Phantom Beasts and ordered them to serve her and help her destroy Dai Shi. But Scorch, Snapper and Whiger betrayed and destroyed her and joined Dai Shi. Osiris was summoned by Scorch along with other Phantom Beast Warriors.

In the twenty-fifth episode Camille approached Osiris, Sonimax and Lepus and asked if they could give her some of them Rinzin Power. They though she was kidding and declained her offer.

In the thirtieth episode, Scorch and Snapper sent Osiris, Sonimax and Lepus to destroy Camille, because they decided she is the last tie in Jarrod's humanity and must be eliminated for Dai Shi's sake. Osiris, Sonimax and Lepus ambushed Camille and overhelmed her, but Jarrod arrived, who gained control over his body, and destroyed Osiris and Sonimax, while Lepus escaped.

In the final battle, Osiris was revived by Dai Shi, but was again destroyed by Bat Ranger.

## Dr. Starline

**Dr. Starline** is one of the main antagonists in the *IDW Sonic the Hedgehog* comics. He is an anthropomorphic platypus and a shadowy scientist who appears to be a fanatic of Dr. Eggman and his Eggman Empire.

### Restoring Eggman's Memories

Dr. Starline had built his career studying the tyrannical scientist Dr. Eggman and took it upon himself to ensure the villain's return after he received amnesia. At some point, Dr. Starline hired mercenaries Rough and Tumble to kidnap Eggman, who was now a kindly handyman called "Mr. Tinker", and take him to an unknown facility where Starline intends to restore his lost memories.

After being strapped into an advanced device, Eggman begged his captors to let him go while claiming he is not who they think he is. However, Starline tells him that he is definitely Dr. Eggman but currently believes to be someone he isn't. The handyman protests and says he doesn't want to be Dr. Eggman, causing Starline to respond by saying that Eggman wouldn't want to remain as "Mr. Tinker" neither as he lowers a visor to his captive's eyes and proceeds to induced him with electric shocks.

Later, after the Resistance defeat Metal Sonic on Angel Island, Dr. Starline finishes the first part of his captive's treatment to help him regain his memories and asks him if he feels more like Dr. Eggman. However, despite his treatments, neither Eggman's memories or old personality resurfaced, much to Starline's confusion.

Rough began to express frustration with Dr. Starline. Reminding the doctor that their deal was to hand over Eggman in exchange of weapons. Starline assured the mercenaries that they will get their weapons once Eggman's mind is fully restored and theorizes that he needs some sort of emotional or mental trigger. At that moment, Metal Sonic appears and Dr. Eggman suddenly regains his forgotten memories, returning him to his old villainous self again. Dr. Starline is delighted and starts informing Eggman of more recent events while helping him repair the damage on Metal Sonic.

## Working with Eggman and Meeting Sonic

Starline uses this opportunity to try and join the Eggman Empire's ranks by impressing his mentor with what he knows about the Warp Topaz; a gemstone capable of creating gateways and traveling across space instantaneously. However, Eggman is uninterested, prompting Starline to instead show him a suitcase containing the seven Chaos Emeralds. Dr. Eggman agrees to hire the platypus and tells him that he needs a distraction for Sonic and his allies while he prepares his next plan. Starline replies that he already has something in mind and assists his idol in testing an artificial virus that can convert flesh into metal.

During the tests, Eggman inquiries how Dr. Starline found him living in a peaceful village when his empire had failed to do so. Starline explains the Warp Topaz allows him to peer through "windows" that shows him any location he wishes and demonstrates by creating a window to where Sonic and Tails were fighting Rough and Tumble. After the two doctors watch some of the battle, Starline asks if they can continue testing with the "Metal Virus". However, he was surprised to learn that the tests were already over, as Eggman had achieved the results he wanted and desired to move on regardless of their minuscule data sample on the virus.

Upon Rough and Tumble's defeat, Dr. Starline warped them back to Eggman's base then expressed his desire to face off against the Blue Blur. He traveled with Metal Sonic to another base at Frozen Peak after tipping off his location to Silver the Hedgehog and had Badniks move equipment out of base before Silver showed up with Sonic. Metal Sonic immediately attacks the heroes but they quickly get the upper hand against him before Starline warps the robot out of harms way. The doctor then introduces himself to his enemies and reveals to Sonic that he orchestrated Eggman's kidnapping and helped restore his memories.

Sonic and Silver attempt to reach Starline but even after getting past Metal Sonic the villain uses his Warp Topaz to send the duo to the other side of the mountain and off a cliff. Dr. Starline then opens a portal back to Eggman's hideout and was about to follow Metal through it until Sonic suddenly hits him with a spin attack. Seemingly at Sonic's mercy, Starline tells him that everything in relation to Eggman's plans are inside the base's vault and gives Silver the input code to access it. However, Starline had actually given Silver the self-destruct codes instead and lets Sonic know so he will race after him just as the base explodes.

Dr. Starline excitedly proclaims victory against his foes before being pulled through an opened portal by a furious Eggman who slams him against a containment chamber. The enraged doctor tells Starline that he must be the one to destroy Sonic since vanquishing his lifelong arch-nemesis would mean nothing if he didn't prove himself superior first. The platypus manages to mutter an apology which causes Eggman to throw him to the floor and reveal via security feed that both hedgehogs survived the base's destruction.

## Spreading the Metal Virus

A short time later, Dr. Starline rushed to warn Eggman that Sonic and Amy Rose have gained access to unguarded files about their activities through one of his old bases computers. However, Eggman remained unconcerned and told him enjoyed these "dramatic sudden deadlines" as Rough and Tumble are prepared for their assault on the heroes. Both doctors watch via security feed as the mercenary brothers are fooled into infecting themselves with the Metal Virus before transmuting the virus into Sonic. Impressed with the results, Starline asks Eggman what is the next step in his plan, and is shown a new flying fortress called the Faceship designed to spread the Metal Virus throughout the world.

Dr. Starline inquiries as to how Eggman was able to build new fortress so quickly, to which he responds that it was thanks to his incredible intelligent and a large workforce of Badniks created specifically for building. The pair board the Faceship and Eggman offers Starline a tour of the aircraft, which Starline eagerly accepts. He shown by his mentor that the Faceship is powered the seven Chaos Emeralds that he provided earlier, and is then led to the mixing vats where large amounts of the Metal Virus is manufactured by blending it's various ingredients together. Dr. Starline notices that the ship still doesn't have enough of the virus to infect the entire world, but learns from Eggman that he only intends to unleash the virus at key locations on the planet and let those infected (know as Zombots) to spread the condition worldwide instead.

Starline watches through tears of joy as Eggman uses his Faceship to dose the citizens of Windmill Village and orders the newly-converted Zombots to infect other towns nearby. But Starline's excitement soon faded as he questions Eggman's decision to invade Flora Forest Village, since it held no strategic value. The doctors continued to monitor the epidemic and soon discovered that Eggman's command over the Zombots had been rapidly declining since they left Windmill Village. When Dr. Eggman decides to deal with this major problem later on, Starline confined in Orbot that his idol was not the efficient conquer he was led to believe. He thought

Dr. Eggman's constant failures were because of a powerful adversary like Sonic, but it now seemed Eggman was unable to adapt his plans for the long term due to his impatience, arrogance and carelessness. Orbot tells Starline that Eggman's failures are actually more 50/50 between Sonic and the doctor's own incompetence, but this does not help Starline's concerns.

## Alliance with the Deadly Six

Later, Dr. Starline began searching for a way to regain command over the Zombots and discovered a document that recounts Dr. Eggman's failed scheme on the planet Lost Hex. Upon learning of the Deadly Six and their ability to control technology, Starline believed that they could be used to reassert dominance over all the rogue Zombots. The doctor uses his Warp Topaz to meet with Zavok on Lost Hex and offered him to make amends with Dr. Eggman by helping him retake control of the Zombots in exchange to have access to the Eggman Empires resources. Zavok accepts Dr. Starline's proposal with secret intent of betraying him later on.

As the Faceship approaches the last village unaffected by the Metal Virus, Starline and Eggman head to the Zombot infested Barricade Village to test out different radio frequencies in hopes of communicating with the Zombots. Eggman was getting annoyed with how time consuming the tests were and thought he should of broadcast recordings of himself relaying orders from the Faceship. But Starline reminded him that he agreed to using tight-band broadcasts as they were the best next step. Dr. Eggman noticed the passive aggressiveness in Starline's voice and told him if he wanted to keep his position as apprentice, then he needed to show more support in their endeavours. The platypus replied that in hindsight, it would have been better if Eggman had built a failsafe for the Metal Virus growing beyond his control.

The doctors continue to squabble until Sonic suddenly arrives and soon engages Dr. Eggman in battle. Starline had dreamed of seeing their confrontation firsthand, but after his experience working for Eggman, he felt uninterested. He remembered Metal Sonic's post-war attempt at world domination, in which Metal believed that having overwhelming power would assure victory even without a more carefully devised plan. Starline thought the robot failed because it was designed to counter Sonic, but witnessing Sonics fight with Eggman before him, the doctor now believes that failure was because Metal Sonic had already copied Eggman's data and used the same brute-force strategy as its creator. He then concludes that Dr. Eggman simply does not measure up to his own legend.

Upon Eggman's defeat, Dr. Starline manages to save him from Zombots by finally finding the correct frequency to command them. However, Sonic quickly destroys both of scientists hovercrafts before the villains warp back to the Faceship. Starline was unable to memorize the working frequency, and with Eggman not willing to try again with the broadcasts, he decides to briefly visit Zavok again to insure that the Deadly Six are ready to assist them. He already knows the Zeti are planning to betray him, so he uses the Warp Topaz to acquire the Cacophonous Conch from among his Eggman memorabilia in order to keep them in-line.

## Dark Phoenix

**Dark Phoenix** is the name given to Jean Grey after she became corrupted by the Hellfire Club and turned into a vastly powerful supervillain who proceeded to cause chaos across the universe until being defeated in a battle that supposedly claimed her life (of course Jean Grey was later revealed alive) - although modern retelling attribute much of the events to the corruption of the Phoenix-Force in the original comic book (and *X-Men 3* ) the Dark-Phoenix was simply Jean Grey gone bad rather than a separate/merged entity.

The Phoenix, in the form of Jean, appeared as the main antagonist of *X-Men: The Last Stand* and a prominent plot point in the final episodes of *Wolverine and the X-Men* . Dark Phoenix was also used in the 1990's *X-Men* cartoon's third season. She was portrayed by Famke Jansen in *X-Men: The Last Stand*, who also portrayed Xenia Onatopp, Evelyn Stockard-Price, Rachel Wright, and Muriel, and by Sophie Turner in *X-Men: Apocalypse*, and *Dark Phoenix* .

### Backstory

Jean Grey was a child who always thought she was a normal human being. At the age of 10, she witnessed the death of her best friend Annie Richardson, who got hit by a car. The emotion caused by the accident awoke in Jean powerful mutant psychic powers such as telekinesis and telepathy, allowing her to feel her dying friend's pain.

As Charles Xavier recruited her in his X-Men team, she endorsed the code name "Marvel Girl" (a nod to the company the character belongs to). He trained her to control telekinesis, but suppressed her telepathy during a long time, only to teach her how to use it as she was more mature, so she wouldn't suffer from trauma. She is one of the founding members of the team.

## The Phoenix Saga

During The Phoenix Saga, the X-Men were caught in a solar storm, as they were aboard a spaceship. Jean used her telekinesis to protect her team and herself. However, her psychic barriers weren't strong enough to hold back such power. She miraculously survived thanks to the help of the Phoenix Force, a cosmic entity of God-like power which has control over life and death, that found a host in Jean Grey. She awoke in the ocean, calling herself "Phoenix" in front of her teammates. She gained powerful pyromancy powers that water can't even drown, which often appears around her in the shape of a firebird.

Having so much power in one's hands created jealousy towards the X-Men. The Hellfire Club, a group of psychic villains such as Emma Frost, began to manipulate Jean, and eventually kidnap her and hid her from Xavier and Cerebro. The group altered her mind, causing her to think she is part of them, their Black Queen. Later, when she was saved by the X-Men, Phoenix realized that she was manipulated, the psychic scheme of the Hellfire members left her mind bruised. The Phoenix Force within her took the opportunity to gain control of her body, and she became the Dark Phoenix: an energy-hungry being which seeks to destroy the universe in order to gain more power. She turned against her own team, thus starting *The Dark Phoenix Saga.*

## The Dark Phoenix Saga

During the said story arc, Dark Phoenix caught the attention of the Shi'ar Empire (whose Empress Lilandra was Charles Xavier's lover) by consuming a star's energy, which caused it to go supernova, destroying planets and countless alien civilizations around it. Later, she even destroyed herself a Shi'ar spaceship and the crew aboard. The Empire immediately classified Jean Grey as a threat to the universe and went at war with the X-Men. During their last fight on the moon, Jean regained control of her own body. Aware that nothing or no one could stop her if not herself, she triggered a Shi'ar laser canon with her telekinesis and let it disintegrate her.

## X-Factor

Later, the Fantastic Four discovered in Jamaica's Bay (where the X-Men's spaceship crashed as Jean became Phoenix) a cocoon holding a humanoid body. DNA test proved that it was Jean Grey, who was put to sleep the whole time, and that the one becoming "Dark Phoenix" was, in fact, a clone. She joined *X-Factor* along the first members of the X-Men.

## Grant Morrison's New X-Men

But unfortunately, the Phoenix Force rose again in the shadows. Jean embraced it during the *New X-Men* events, manifesting pyrokinetic auras and strong psychic energy. With its help, she managed to resurrect Emma Frost, who was broken into several little pieces. She faces Cassandra Nova, Charles Xavier's evil twin sister, in order to prevent her from using Cerebra as a weapon to eliminate every mutant on Earth. But she eventually is killed by Xorn, caught in a personal dilemma with Magneto, who sends a planetary-sized electromagnetic wave right into her body. Jean dies since The Phoenix Force is unable to heal in time the stroke she is having because of this attack.

## Phoenix: Endsong

The Shi'ar Empire found the Phoenix Force, way later, in a sleep-like phase. They proceeded to destroy it for good, only to awake it in the end. The Phoenix fled towards Earth and entered Jean's dead body, reviving her and forcing her to crawl out of her own grave. After that her powers over life and death healed her wounds, Dark Phoenix didn't wait long before showing up again. The entity was seeking for the essence of love that Scott used to give to its host. Unable to embrace this feeling, it was, in fact, seeking after energy, such as the one coming from Scott's force vision, in order to empower itself.

During a fight between the X-Men and The Phoenix at the North Pole, Emma Frost (who is then a member of the X-Men) used her power to show Phoenix how much she was loved, casting an illusion of all the X-Men she knew and their memories of them, saying altogether "Jean." Full of joy and love, Jean has then found the strength to take control of the Phoenix Force, thus allowing her to discover that they were both bounded forever, a part of each other.

Jean Grey became a being like no other, the White Phoenix of the Crown, in a higher state of life. She is one with the Phoenix, and the Phoenix is one with her. Her task now is to find pieces of the Phoenix that scattered all across the omniverse. After telling her beloved Scott goodbye for the last time, she vanished into the White Hot Room (sort of a parallel dimension where the WPotC belongs to) and was presumed dead. She has taken fragments of the Phoenix which were hidden in her daughter Rachel Grey and the Stepford Cuckoos and has been presumed dead afterward.

Marvel Now

The fact is that she is not. She even helped Emma Frost, in one of her visions, from being neutralized by the Sisterhood of Mutants. In her last appearance since, Jean told Emma "Well then, little spirit. Prepare." meaning that Jean, as the Phoenix, might come back sooner than we think, more powerful than ever before, holding all the pieces that she had lost. Nobody has seen her after that.

Rumors among fans say that she managed to give birth to her own child by using the immense power from the Phoenix Force. "Her" child would later be raised by her alternate-reality son Cable, and become the Mutant Messiah : the first mutant born after M-Day (an obscure event caused by Scarlet Witch, erasing or depowering most of mutantkind out of existence), her destiny remaining unknown - she could save both mutantkind and mankind as well as she could become an evil entity that would put both sides at war once again.

The Phoenix Force, in a less powerful form, came back recently during the events of *Avengers vs X-Men*, trying to get control of

Hope Summers. An accident caused by Iron Man caused it to split in five parts, which found hosts in Magik, Colossus, Namor, Emma Frost, and Cyclops: The Phoenix Five. The last of them found a way to gain the others' phoenix powers and became the Dark Phoenix. Eventually, he killed his mentor Charles Xavier, and depowered from the cosmic entity by Hope Summers and Scarlet Witch, was put in a cell.

In the story arc *All New X-Men*, the Beast brings back the five original X-Men in the present in order to achieve Charles Xavier's dream - peace between Humans and Mutants - and to prevent tragic events that happened during the team's history. The young version of Jean Grey has one mission, to avoid her older self's corruption by the malevolent Phoenix Force. During their adventures, the young X-Men were sent in space among the Guardian of the Galaxy in order to save their red-headed friend from the Sh'iar Empire, which was ready to sentence her to death for the Dark Phoenix's genocide. Eventually, she manifested the full extent of her psychic power by combining both her telekinesis and telepathy: her body would glow pink, emanating mental energy. This form would enable her to use both powers at the same time in order to use devastating attacks.

Marvel's Legacy and resurrection

Along the resurrection storyline, the young Jean Grey had to face her own demons. Struck by a vision of the Phoenix Force coming back for her, she manages to get the help of previous Phoenix hosts (Rachel Grey, Hope Summers, the Stepford Cuckoos, Quentin Quire, and even her former archenemy Emma Frost), as well as various other heroes (Namor, Psylocke, the Unworthy Thor, Doctor Strange and Scarlet Witch).

Following her visit at the Sorcerer Supreme's, she is haunted by the ghost of her old self, trying to save her from her own tragic story. In the end, Jean has to face a Phoenix Force that wants her out of its way. The entity engulfs her in flames and kills her, only for her to appear in its dimension, the White Hot Room. During her travel in it, the young Jean is faced by the essence of many past Phoenix hosts, transported from prehistory to her first day at Xavier's school. Eventually, she faces the Phoenix itself, which has been trying to get rid of her from its homeworld. Being its true host, she manages to force it to send her back to Earth-616. Once resurrected, she discovers that her older self is alive and what was the real plan the Phoenix Force had in mind.

X-Men: Phoenix Resurrection

In fact, the Phoenix had created an "egg". It was a psychic dimension hidden on earth, creating the perfect life for Jean - featuring elements from her life, such as her husband Scott Summers, her parents, Wolverine, but also her best friend Annie who appears to be still alive. While the entity was trying to smolder Jean in order to resurrect her and use her body as a vessel again, her sub-conscious would send the X-Men hints in order to save her - illusions of dead X-Men members, sources of immense psychic power emanating at different points on the planet, paranormal events… It is Old Man Logan that meets her in person, enabling her to dissociate from the reality that the Phoenix made up in order to restrain her. In order to keep her for itself, the Phoenix even resurrects Scott, who she eventually kills after kissing him by absorbing his vital energy, claiming that they were "better off dead". In the end, Jean convince the entity that the Dark Phoenix isn't her real self and that she isn't made for its apocalyptic destiny. Warning that without its presence Jean would die, it disappeared like a flame being extinguished.

After the event of *Phoenix Resurrection*, Jean Grey joined the X-Men, forming its third team: Red (along with the originals Blue and Gold). Together, they must fight the infamous Cassandra Nova, who is menacing the peace between mutantkind and humankind that Jean is desperately trying to maintain by advocating for her people's rights.

As for the Phoenix Force itself, it has currently not found a new host.

*X-Men: The Last Stand*

Dark Phoenix is the titular main antagonist of *X-Men: The Last Stand* - this time caused by Jean apparently going insane. In the film, Professor Xavier recognizably remembered this alternate personality of Jean Grey by its other name " **The Phoenix** ", whom he sees as in his own words, "a creature all desire, joy, and rage". In this reality, the Phoenix isn't the name of an evil entity from the space, but an alter ego that the professor had maintained in chains during most of her life.

*X-Men: Apocalypse*

At a point in the movie, Jean is shown having a nightmare, in which she has a reddish vision of Earth being ravaged by a mysterious cataclysmic event, causing the end of all life. While talking to Xavier in the same scene, she refers to a "dark force" within herself, obviously referring to the *Dark Phoenix* .

During the movie's climax, she eventually uses her pyrokinetic power in order to stop Apocalypse from nearly killing the Professor. Before being disintegrated, the villain says that "All is revealed." while facing Jean and her firebird aura.

*Dark Phoenix*

Dark Phoenix appears as the titular tritagonist of *Dark Phoenix* .

*X-Men: The Animated Series*

Dark Phoenix also appeared in the animated series *X-Men*, in its third season as the main antagonist. In this series, the ending of the *Phoenix* story arc shows Jean Grey, as Phoenix (still as a fiery creature), taking the super-powerful M'Kraan Crystal into the core of the Earth's yellow sun. Oddly, both survived this and were eventually brought to Muir Island, where Phoenix was developing a darker side that Xavier was understandably scared of. Phoenix would refuse to abandon Jean's body, which leads to her getting captured by the Inner Circle (Hellfire Club) and mind-controlled.

Dark Phoenix emerged and broke free of the Inner Circle's control, going into space to destroy a star that was monitored by Shi'Ar explorers. Shi'Ar queen Lilandra goes to Earth and demands that the Dark Phoenix be executed due to it being able to destroy "all that is", just like the M'Kraan Crystal that spawned it. The X-Men have to battle the Shi'Ar's gladiators to save Jean, but when her powers become dangerous, she uses a Shi'Ar space cannon to kill herself. Phoenix emerges and, with the X-Men's life-force, resurrects

Jean and leaves.

*Wolverine and the X-Men*

The Phoenix is featured as a major antagonist in the TV series *Wolverine and the X-Men* . In this series, the Phoenix is a creature that has been around on Earth since *homo superior* first appeared. It would enter the host mutant at birth, grow within it and then reach maturity, at which point it would cause mass destruction and risk total destruction of Earth. At the start of the series, a mysterious explosion occurred at the X-Mansion that presumably killed Jean Grey and Professor X.

A year later, Magneto finds a comatose Professor X on the shores of his kingdom of Genosha. The Professor is brought back to the X-Mansion, where the Professor reveals that the coma he is in will last for 20 years and he has woken up to see a world ravaged by fire and the robotic Sentinels are making mutants an endangered species. The cause of both the explosion and the fires on Earth were revealed towards the end of the series when Emma Frost and Cyclops look at the X-Mansion before it is destroyed; both were caused by stress from Jean Grey, the unfortunate host of the Phoenix, who would unintentionally unleash her powers.

In "Shades of Grey", Jean Grey (who has recently woken up from a coma in a hospital) is ratted out to the Mutant Response Division, who comes to capture her. The Phoenix suddenly manifests and unleashes a psychic wave that causes a portion of the East Coast to lose consciousness. Cyclops and Emma save Jean from Mister Sinister, who uses her Phoenix powers to defeat him. Emma brings Jean before the Inner Circle and tells Jean of the Phoenix, what it can do and how they can stop it; by getting the Stepford Cuckoos to absorb the Phoenix. However, when Emma discovers what the Inner Circle plans to do with the Phoenix, she absorbs the fiery creature into her body, turns into a diamond and explodes, releasing the Phoenix into the atmosphere and killing both of them.

*X-Men Anime*

The Dark Phoenix appears at the beginning of the series *X-Men Anime* having consumed Jean Grey and nearly destroys the world with her magnificent power. The X-Men battle against her and Cyclops tries to reach Jean within the astral plane using a ruby necklace that Scott gave her to come to her senses. Recognizing the damage the Phoenix was causing, Jean sacrificed herself saving her true love and the entire world. The Dark Phoenix's persona is reminiscent of the film version from *X-Men: The Last Stand* where dark veins surround her face and Jean's eyes were completely black.

### *Marvel: Ultimate Alliance*

In the first game, Dark Phoenix appears at the end of the game. If the player decided to save Nightcrawler instead of Jean Grey in Mephisto's realm, Dark Phoenix will come to Earth and take revenge on the people who refused to save her.

In *Marvel: Ultimate Alliance 2*, Jean Grey is playable with the Phoenix and Marvel Girl outfits being available for her. When reading Nicky Fury's notes about her, the player can discover that Jean did show up as the Dark Phoenix in the game's backstory and that Fury has got plenty of contingency plans in case she would go red again.

### *Marvel vs Capcom*

Dark Phoenix appears as a playable character in *Marvel vs. Capcom 3: Fate of Two Worlds* . If Phoenix's life gets empty and her Hyper Combo Bar is full, she will turn into Dark Phoenix.

## Powers and Abilities

Jean Grey has been stated to be an Omega Level Mutant. She is also an Omega-Level Telepath. By birth, Jean is among the most powerful telepaths, telekinetics and psions. She is also one with the Phoenix Force, and while acting as its avatar she is one of the most powerful Abstract Entities in the Earth-616 universe. She also was considered to be a "Mutant Alpha-Psi", an Alpha Level Telepath, an Alpha-Level Mutant and Psionic of Highest Order. As Dark Phoenix, she has been stated to be a global threat and to manifest cosmic-level powers. According to Prosh, her Comparative Mutagenic Power Register was of 8.9.

Initially, Jean's powers were simply restricted to telekinesis and even lifting her own weight quickly tired her. With training, her telekinesis improved, but it wasn't until after she was released from the stasis chamber she was placed in by the Phoenix Force that her telekinesis really started to become powerful.

Jean's telepathy was suppressed at a young age by Charles Xavier after she connected with her dying friend, Annie Richardson. Later, Xavier released these mental blocks for a more mature Jean. She lost telepathy following her release from the Phoenix egg, only to regain it after battling Psynapse with X-Factor.

While accessing the Phoenix Force, Jean's empathy, telepathy, and telekinesis are greatly magnified and heightened to an incredible degree. The Phoenix Force also allows her to travel unaided through the vacuum of space, cross interstellar distances faster than the speed of light, and to manifest flames while using her powers, often in the shape of a fiery raptor. The entity grants her the power to control life and death - she can empty a living being from its life force in order to redistribute it, bath herself in it so she can heal, or even heal/resurrect another being. This power is linked to the Phoenix's ability to come back from the dead.

However, the true extent of the Phoenix Force's power is unknown. While its abilities seem rather simple, it is said that a White Phoenix of the Crown, such as Jean Grey in her past life, is able to bend reality to their will, travel across dimensions, time, space, and even rewrite the past.

**Empathy** : On many occasions, Jean has shown to have incredibly strong empathic powers that enable her to control, manipulate and alter the feelings, sensations, and emotions of others. It is because of her empathic abilities that the almighty Phoenix Force had chosen her as its rightful human host. In other versions, she had not been shown possessing any types of empathic abilities except for telekinesis and telepathy.

**Telepathy:** Jean is able to read thoughts, project and broadcast her own thoughts, as well as affect the minds of humans and animals with higher order intelligence (such as dolphins, ravens or dogs). The range at which she can perform these feats is greatly increased while she is accessing the Phoenix Force. After her absorption of Psylocke's specialized telepathy, Jean's own telepathic skill and power was increased to a level at which she could create psionic firebirds capable of inflicting mental and physical damage. However this enhanced telepathy came at the temporary cost of her telekinesis. She has demonstrated the following specialized uses:

Telepathic Defense: She can manifest her telepathy in a number of defensive ways.

Telepathic Cloak: She can mask her presence and the use of her abilities from being detected by other psions and psychic entities. She can extend these defenses to others around her as well. Cloaking via telepathy is not perfect and powerful psis may notice and 'see' through this ability.

Cloak Mind: Ability to rearrange the "mental engrams" of mutants so their distinctive mutant thought patterns cannot be detected by Cerebro-type devises or by other telepaths.

Psychic Shield: Ability to erect a psychic shield for protection of herself and the minds of others.

Telepathic Illusions: She can create realistic telepathic illusions and cause people to experience events which are not actually occurring.

Telepathic Camouflage: She can alter the apparent physical appearance of herself and other people by altering the perceptions of those around her. This can go so far as to make other people believe that the camouflaged people are not there (invisible). A limit, if one exists, is only imposed by the number of people she is trying to fool, not the number of people she is camouflaging.

Telepathic Manipulation: She can manipulate other people's minds easily, achieving a variety of effects. * Memory Alteration:She can erase, implant, restore or alter the memory of others.

Mind Control: She can control the thoughts and actions of others. * Mind Possession: She can possess the mind of another, and use that being's body as her own.

Personality Alteration: She can alter the minds of others by force of will, thus permanently changing their personality partially or entirely.

Mental Paralysis: She can induce temporary mental or physical paralysis.

Mental Amnesia: She can erase any awareness of particular memories or cause total amnesia.

Mind Transferral: She can transfer both her mind and powers into other host bodies if her own physical body was somehow killed.

Heal Trauma: She has the ability to erase a person's memories and to heal mental trauma through "psychic surgery," as well as the power to stimulate or deaden the pain and pleasure centers in a person's brain.

Mental Sedating: Can telepathically "sedate" her victims so that, if already rendered unconscious, they remain so for as long as she continues to "sedate" them.

Neural Jumpstart: She can increase the speed of neural signals in the brain, which could increase another mutant's powers to incredible levels, but the effect was only temporary.

Dilate Power: Ability to place "psychic inhibitors" in the minds of mutant adversaries to prevent them from using their powers.

Mind Link: Ability to develop a mental link with any person, which remains as a connection to that individual.

Psychic Blast: She can project psychic force bolts which have no physical effects but which can affect a victim's mind, causing them pain, knocking them unconsciousness or turning the victim "brain-dead".

Astral Projection: She can project her astral form from her body onto the Astral Plane or the physical plane. In the physical plane she can travel in astral form over vast distances. In the astral plane, she can mentally create psionic objects and manipulate the aspects of her environment. She can communicate with others astrally through her own will, or through contact with the thoughts and memories of

others.

Mental Detection: She can sense the presence of another superhuman mutant within a small but as yet undefined radius of herself by perceiving the distinctive mental radiations emitted by such a being.

**Telekinesis** : Projection of psychokinetic energy enables her to levitate objects, propel or manipulate them however she wishes, lift herself and move through the air to simulate flight, stimulate individual molecules to create heat, generate concussive force as blasts or bursts, and create protective shields. While she has access to the Phoenix Force, she is able to manipulate matter and energy on a sub-atomic scale using her telekinesis. She can even change her Phoenix clothes into a set of street clothes, and lift multiple heavy objects at once without having any difficulties.

Psychic Firebird: She can manifest her telekinesis as a psychic firebird, whose claws could inflict both physical and mental damage.

Force Field: She can create a telekinetic field to either shield her and her teammates or use it to lift multiple heavy objects at her enemy.

Tactile Telekinesis: She has the power to utilize a personal force field of telekinetic energy.

Telekinetic Aura: She has the ability to possess powerful telekinetic extensions of oneself.

Matter Transmutation: She can manipulate and transmute matter on a sub-atomic level (e.g., turning wood into gold, plant into crystal, and cause physical bodies to disintegrate by altering their molecular structure, etc)

**Phoenix Force Avatar:** As the favored and true avatar of the powerful Phoenix Force, Jean may greatly increase her powers by tapping into the life energies of those yet unborn. The Phoenix Force also allows its avatars to manifest additional powers, especially in terms of Jean as its "host, house, and self". Jean Grey is the strongest and complete host of Phoenix Force and as such, she is even capable of forcibly ripping it out of another host and forcing its status upon herself. They became the White Phoenix Of The Crown.

***Interstellar Travel:*** A Phoenix Force avatar can fly unaided through the vacuum of space, and can travel interstellar distances faster than the speed of light.

***Cosmic Pyrokinesis:*** Jean, while acting as a Phoenix Force avatar, can create 'cosmic' fire under any conditions- even the impossible ones such as in the vacuum of space or underwater. This fire does not require oxygen to burn, and burns so intensely that matter is consumed without by-products such as ash. Jean has perfect control over this fire, and it only consumes what she wills. Typically it manifests as a raptor or part of a raptor such as a claw or wings. It is unclear whether this fire is an extension of her powerful telekinesis or a more general property of the Phoenix Force, or it is possible that she can create her very powerful 'cosmic' fire by the combination of both her extended telekinesis power and Phoenix Force as the result of her status as the one true Phoenix. It is certainly true that the cosmic fire is literal punctuation to the Phoenix's purpose to 'burn away what doesn't work' and 'burn through lies'.

***Cosmic Teleportation:*** She can teleport her and others across vast distances such as to another planet or galaxy, across the vast vacuum of space itself,or even an entirely new timeline all-together.

***Concussive Force Blasts:*** She can use the 'Phoenix energy' to manipulate and project multiple forms of energy, and use it to project blasts and beams of immense concussive force powerful enough to destroy whole planetary bodies.

***Telekinetic Sensitivity:*** This lets her feel the texture of objects she has a telekinetic hold on, feel when other objects come into contact with them, and probe them at a molecular level to identify if they contain alien materials or feel when two things which she has a telekinetic "hold" upon are similarly composed.

***Resurrection:*** The Phoenix Force can resurrect others after they have died into pure living flesh, bone, and blood. It is unknown if factors such as time since death have an effect on the ability to successfully resurrect a person, nor is it clear how the Phoenix calls back the soul of a person to their body.

***Energy Absorption:*** She can directly absorb, manipulate, generate, and fully control any type of energy such as Cyclops' ruby-red-colored optic blasts or the entire energy of a star, black hole, or even a whole galaxy. Jean, as the "One-True Phoenix", was shown to be able to activate and deactivate the mutations of other's with just the use of her psychic abilities.

***Life-Force Control:*** As Jean is one with the Phoenix Force, she can fully control and manipulate life and death itself, as such, it can take the "life energy" from something, rendering it "dead" or *vice versa* .

***Immortality:*** Jean and the Phoenix Force are one-and-the-same entity at some fundamental level, and as such Jean can never truly die and as a Phoenix Force avatar she does not age. Upon the death of her corporeal form, Jean spends time in the White Hot Room doing 'Phoenix work'. The Phoenix Force can also restore Jean's body to life, although there appears to be some unknown limitation to how quickly it can successfully accomplish this following her death.

***Temporal Manipulation:*** While acting as the Phoenix Force avatar can manipulate the past, present and future across large temporal distances and with a profound knowledge of the causal effect her actions will have and see through the time. It may be the case that time as a concept doesn't apply to the White Hot Room. Jean as the White Phoenix of the Crown held her universe in her palms possessing the infinite power to write what she would as the "One True Phoenix" in any timeline, using it to manipulate the past to save her timeline from a horrible future, altering the memories of everyone in the reality itself in the process.

***Atmokinesis:*** Jean is capable of manipulating and creating cosmic weather. It can create cosmic storms, solar flares, geomagnetic storms, cosmic rays, coronal mass ejection and black holes. It was thanks to this that Storm could find Dark Phoenix, by tracking the disturbances on the weather the she was generating.

***Existence Mastery:*** Since Jean Grey is Phoenix entirely she is able to possesses total control over the entirety of existence. She can warp reality, bring anything into existence, freely manipulate all existing things and return them to nothingness when their purpose is extinguished. It's possible that she could have created and given birth by using a portion of the Phoenix Force to create Hope Summers Though Jean herself did not give birth but gave the portion to her the minute she was born so she could save the mutant race. Another possibility would be her appearance (Hope possesses Jean's green eyes and red hair and resembles her also being the only other host that has been linked to the Phoenix without actually *being* a host at the time as well as the only other avatar to turn into a White Phoenix) and that she is Phoenix.

Phoenix excels at astral combat. She maintained a psychic link to Cyclops for a number of years. She possessed the memories of the Phoenix duplicate of her as well as those of Madelyne Pryor-Summers, her clone, and is thus an expert pilot. Jean has shown some proficiency in hand-to-hand, non-psionic combat; the extent of this is unknown as she prefers to utilize her telekinesis and telepathy during battle. She has a college education from Metro College.

Jean possesses the normal human strength of a woman of her age, height and build who engages in moderate regular exercise. However, some incarnations of Phoenix, including at least the first appearance of Dark Phoenix at the Hellfire Club, possessed super strength sufficient to lift over 100 tons physically.

Jean demonstrated the upper-limit of her kinetic strength by grasping multiple components (the strewn rubble of a Genoshan school), which, according to Hank McCoy, weighed anywhere up to 50 tons. From this display it can be theorized that Jean's maximum telekinetic load without the use of the phoenix force is 50 tons, though she could lift Avalon. Also she could stop a plane in mid air and lift it, while feeling Cable's pain with her telepathy.

Françoise: No offense to Fat Tony and his gang but I always viewed all mob bosses and criminal underworld empires as heartless monsters and all that like in the movie Scarface and all that.

Krusty: Yeah I know what you're talking about and I know what you mean. But thank goodness Fat Tony and his gang aren't like that. Sure they are part of the Mafia but at least they have honor.

Blast Man: That's true.

Bomb Man: Yeah.

Krusty: I agree on that. Lets do it!

Steam Smythe: Geez! But good riddance. I can tell a lot of people in Neo Domino hated the guy.

Sir Great Britain: Yeah that is an understatement.

An Orange Light appeared on Applejack's right ring finger and it was a spirit ring and the gem was the Dog Spirit.

Isabelle: The Dog Spirit chose you. You are perfect for it Applejack.

The dog animal totem has provided humans with symbolic renditions of trustworthiness, protection, faithfulness, and respect. As a totem animal, the dog carries the medicine of the everlasting allegiance to family and friends, his affection and devotion exceeding those of all other animals. A dog will never abandon his master despite the mistreatment. However, a dog does not tolerate abandonment. Knowing their animal totem is a natural process as they were always drawn to a specific animal or having a special feeling for it. Others need to wait for a dream or vision to discover what their spirit animal is.

Applejack: Wow! That's incredible.

Isabelle: It sure is. And because you have Winona as your pet you are perfect for it.

Applejack: Thanks Isabelle.

Then an orange light appeared and it landed in her hands and it was the Dog Wild Zord Animal Crystal.

Zarya: Take that!

Zarya powered down and we cheered!

Me: Way to go Zarya!

Me and Zarya kissed.

---

Cargill: Looks like Don Piero's regin of terror is over.

Steam Smythe: Thanks to us.

Fat Tony: And me and my boys are still the number 1 mafia group in the world.

Po Kong: Well, let's not get ahead of ourselves.

While we were talking, Piero was sneaking away but ended up walking right into Wiggum who quickly gave him a pair of handcuffs.

Wiggum (smugly): Mister, you're under arrest.

Nico: And you and your henchmen are looking at spending the rest of your f*** lives in prison for your crimes and we have special sells just for you.

Don Piero: Oh really?

Nico: We call it the Presidential Suite.

He smiled.

CLICK!

He was locked in a cell that had all of his comforts of home and it was what he was gonna be with for a long long time. It was like John Corben's cell.

Don Piero: Well I can live with this.

Back with Nico and team they were cheering.

Nico: Awesome! Lets head back and check on J.D.

Varie: Good idea.

They went back to the World Tree Estate and watched me and Zarya on TV and they saw me and Zarya eating an Icelandic Thanksgiving feast and loving it and Lola, Rarity and those that found it appalling threw up their guts. We finished in 1st for this part and then we were facing Creepy Apple and Zarya was fighting her all over.

Applejack: Whoa man! Is that my dark side!?

Nico: It sure is. Man you are brutal and dangerous.

Big Mac: Eeyup.

Apple Bloom: But that version of you is scary sis.

Applejack: No kidding.

Computer: Holo-call incoming.

Nico pulled up the computer and me and Zarya were on and we were flying on the plane to the next location.

Me: Hey guys.

Nico: Hey buddy! Great job over in Iceland.

Me: Thanks man. It was awesome seeing more of my ancestral home.

Zarya: Yeah and the food is awesome.

Nico: We saw you eat it and it was interesting.

Po Kong: I'll say. I would love to eat all that.

Me: I bet you would Po Kong.

Zarya: But it was really fun and we got to learn so much about Iceland and all about the Saga of the Carlsons.

Carl Carlson: Wow! Yeah that was a dark history of my family.

Twilight Sparkle: Yeah we heard about that. That was awful.

Me: Yeah it was. Next up is Dubai in the United Arab Emirates and we're gonna be in for an awesome time there.

Nico: Cool! Dubai is awesome and the buildings are phenomenal.

Me: It sure is and it's home to the tallest Skyscraper in the world.

Vince: Oh yeah. The Burj Khalifa.

Me: Yep. And an awesome piece of architecture. What happened with you guys?

Nico: We took down Don Piero.

Nico went over everything that happened and me and Zarya were amazed.

Me: Wow! Great job guys! Don Piero deserved it and I think he would love the Presidential Suite in the Uranus Prison.

Nico: Absolutely. But good luck in Dubai.

Me: Thanks buddy. See you all in 11 days.

Nico: Will do.

The call clicked off.

Jack Atlas: (To the viewers) Be careful when working with the Mafia or there will be big time trouble!

Nico: You said it. Next up is Dubai. Can't wait to see that one.

TO BE CONTINUED…

---

Part 2 done. Next up is Dubai in the United Arab Emirates. Get ready for an awesome adventure in that one and I'm gonna face Fluttermad, the dark side of Fluttershy and the ambassador of Cruelty.

See you all tomorrow.

# Terror of the Midnight 13 - Dubai

At the World Tree Estate, Nico was playing with Sock Puppets that looked like me and Zarya. He was starting to go crazy without me and Zarya.

Slobber Trap: Nico, what the Hell are you doing?

Nico: Showing everyone J.D. is back. (Through a sock puppet of me) (Imitating me) That's right and I'm back and ready for action.

Twilight Sparkle: That is a good impression.

Leo and Lily giggled and laughed.

Rebecca Joan: That is good!

Heather Renee: Yeah! Good one!

Varie: I got to admit that is really well said and imitated.

Kate Lloyd: Yeah you are just as talented as Lincoln when he does voice impressions.

Lincoln: Thanks Kate and that is true.

Petunia Paleo: Are those sock puppets of J.D. and Zarya?

Nico: Yeah they sure are. (Through the me puppet) And we're glad to be back. (Through the Zarya Puppet) (Imitating Zarya) And happy to have fun.

Arkayna: That is a good imitation on Zarya.

Lola: I think it's funny though.

Petunia Paleo: I think so too.

Apple Bloom: Not a bad impression though.

Maria: I think Nico is starting to lose it.

May: Yeah. Nico I think you need some help.

Nico: (angrily) Oh, who am I kidding?! (throws the puppets of me and Zarya to the ground) J.D. and Zarya can never be replaced!

Thundercracker: Do we even want to know how you made those?

Nico: No.

Lily and Leo were playing with them and Lily was doing impressions of me and Zarya and making Leo laugh.

Lincoln: That is awesome.

Carly Atlas: It sure is.

Princess Celestia: I thought that was really entertaining. You would make a great comedy partner for Luan and Eddy, Nico.

Nico: I'm glad you think so Princess.

Luan: Yeah it was great.

Lily: (Imitating me) Look Leo it's me J.D.

Leo laughs.

Princess Luna: (Laughs) That is so cute.

Princess Cadance: It sure is.

Flurry Heart: I think it's a great impression.

G1 Silverbolt: Okay, that does it! I don't care if the Ridonculous Race isn't over yet. We need to get J.D. and Zarya back right now!

Nico: Silverbolt no! We have to let them finish the race. But I do have an idea. We can join the entire race after we go on our next mission.

Laney: Hey that's a great idea! And we can use our newest flying fortress as the plane for the race.

Nico: That's awesome!

Varie: Me and Laney built it. It's the Vok Flying Island but we modified it into an amazing flying fortress.

Nico: This I got to see.

Varie: You'll see it in due time.

Eli: But right now we got to get over to the office of Commander Feral. We were called by him to investigate something.

Nico: Oh right. Lets get over there.

They were off to Megakat City.

* * *

Later at the office of Commander Feral in the Megakat City sector of Gotham Royal York, everyone was there to talk to Commander Feral.

Breach: Thanks for having us here, Commander Feral.

Feral: No problem. I need your help big time.

Nico: What's the problem?

Feral: And insane lunatic named Lenny Ringtail has escaped from the Megakat Asylum for the Insane and Katatonic.

Nico: Whoa! This guy sounds like he is bad news.

Laney: No kidding.

Commander Feral: He is.

Lynn, Naruto, Sakura H., and Lightning were with Ebon.

* * *

In the air, over the Middle East in Asia we were flying to Dubai.

Me and Varie were reading books. We had the souvenirs in scrolls and photos in an album.

Me: I can't wait for you to see Dubai. It's really amazing.

Zarya: I heard.

Then a portal appeared and out of it came Skinner, Katnappe, Krusty, Ebon, Cargill, Steam Smythe, Po Kong the Demon Sorceress of the Mountain and Chief Wiggum.

Skinner: J.D., can me, Katnappe, Krusty, Ebon, Cargill, Steam Smythe, Po Kong, and Wiggum help you and Zarya out here?

Me: You all sure can Seymour. We're heading over to Dubai.

Cargill: I love Dubai. It's one of my favorite cities in the world.

Po Kong: And I heard that the food is great.

Ebon: Dubai is incredible and it has all those amazing buildings.

Me: Yep it sure does.

Zarya: I remember that it's home to the tallest building known.

Me: Yep and we were there. Dubai is amazing and it's home to some of the most beautiful buildings and some of the most lavish environments ever.

Steam Smythe: It sure is.

Me: But living there would cost a flipping fortune. They don't call it the Home of the Filthy Rich for nothing.

Zarya: Wow. What made Dubai so famous and extravagant?

Me: They get a lot of oil, petroleum and cement and all that. Dubai is also one of the most popular tourist destinations on the planet.

Ebon: That's cool. I've got a nice surprise for you that I think you guys might like.

Me: What is it?

Ebon opened a portal and out of it came Lynn, Lightning, Sakura H. and Naruto.

Me: Naruto, Sakura!

Zarya: Lynn, Lightning!

Lightning: Sha-blam! Lightning is in the house!

Lynn: What up J.D.!?

Me: Missed you guys! And bro I completely forgot that you 4 were part of the race now.

Naruto: Yeah that's all right.

Sakura H.: But this is gonna be awesome seeing the world with you all.

Zarya: It sure is!

Me: Yeah!

Everyone reunited with them and more.

---

Back at Enforcer Headquarters everyone else was talking to Feral.

Feral: Nico, I think you're doing an excellent job of being leader so far.

Nico: Thanks.

Feral (concerned): But is there a personal reason as to why J.D. and Zarya would go be a part of the Ridonculous Race?

Nico: (sighs) You know what? I'm starting to ask myself that same question. Maybe it's because of me buying those necklaces from

Luka all because J.D., Lori, Lynn, and Lola have been getting more angry at villains ever since we killed the Sullen 6.

Circe: I don't think that's a very fair reason. I mean, how were you supposed to know that those necklaces were for bad purposes?

May: Yeah Nico you didn't know.

Laney: But thank goodness that Shanan, J.D., Vypra and Stewie caught on to Luka's ploy or we wouldn't be here.

Rai: And besides we made sure that Luka paid for his crimes and got justice for me mom.

Sena: Yeah! It wasn't your fault.

Nico: Yeah you're right.

Varie: But I don't think that's the reason Nico. J.D. and Zarya said they wanted to enter the race because they wanted to have some fun. And see new places around the world and have a lot of fun. J.D. is still a kid and Zarya is too I think. She missed out on so much before she became part of the Mysticons and she wants to enjoy every second of it.

Nico: Hmm yeah you are right about that Varie. And that all is true.

Feral: I am glad that J.D. and Zarya are having fun in a big competition like that.

Felina Feral: I am too Uncle. It's really awesome that they get to enjoy themselves.

T-Bone: Yeah it sure is.

Razor: I think so too.

Eli: Me too. Next time we'll ALL go into the race as partners for J.D. and Zarya. (Senses something) Uh oh! We need to get out of here! Fast!

Nico saw a missile heading straight at Enforcer Headquarters!

Nico: MISSILE INCOMING!

Eli: Lets go!

They got out of there and quick and made it just in time as the missile hit the Enforcer Headquarters and it exploded in a massive fiery explosion!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entire headquarters was completely destroyed and on fire.

Nico: Whoa! That was a close one!

Stone Man: Who the Hell is so stupid to attack the Enforcers HQ right now?!

Feral: Ringtail!

Nico: What can you tell us about him?

Feral: Right I got so caught up in being concerned for you. Here's what you should know. He also goes by the name of Madkat.

Aylene C.: I thought his name was familiar.

Feral went over his history.

---

The Madkat is an antagonist from the cartoon series "SWAT Kats". Madkat was an insane and powerful court jester with magical powers who sought revenge on the jester who replaced him and the knight, queen and king who all three imprisoned him in an enchanted jack-in-a-box that bore his own likeness.

He was voiced by the late Roddy McDowall.

Madkat is the name of a long deceased medieval jester who was replaced by a rival and imprisoned in a dungeon by the king, queen and knight of his time. While imprisoned, he vowed revenge. For unexplained reasons, Madkat's spirit came to possess a jack-in-box called the Kat in the Box which bore his likeness. Over the centuries, this Kat in the Box came into the possession of the shopkeeper at Katzmer's Curios, an antique shop.

Present day comedian Lenny Ringtail found the Kat in the Box after escaping from the Megakat Asylum for the Insane and Katatonic when he broke into the antique shop to seek a hiding place from the Enforcers. Ringtail had been committed after having a breakdown when rival comedian David Litterbin had been awarded the host position of an MBC late-night talk show.

Upon breaking into the Curios antique shop, the owner confronted Ringtail, and revealed the history of the Kat in the Box. Noting the similarities to Madkat's misfortunes and his own, Ringtail became enamored with the simple toy and knocked out the shopkeeper.

Upon doing this, Ringtail saw and heard the Kat in the Box speak to him, and began to really wonder if he was insane.

Ringtail accepted the Kat's offer, and came to be possessed by the spirit of the Madkat. In doing so, he was endowed with supernatural powers that allowed him to twist and warp realty. This included the ability to teleport, conjure objects, and change shape and overall size. With these powers, Madkat sought to take revenge on Litterbin along with the king, queen and knight, later learned to be Mayor Manx, Callie Briggs and Commander Feral respectively.

Madkat exhibited a jovial excitement in his revenge, taking on comedic-themed antics while making numerous puns and jokes. He also took particular enjoyment in tormenting his targets for a period of time before making them prisoners in the Kat-in-the-Box.

The SWAT Kats engaged Madkat on multiple occasions, being unable to stop him from capturing his targets. Madkat easily frustrated the two as he mostly ignored their attacks, even using the Turbokat against Commander Feral with his "Madkat Missiles". The best the SWAT Kats could do was to briefly delay Callie Briggs from being captured, but Madkat eventually caught her at Enforcer Headquarters.

It was only after the revelation by the shopkeeper about Madkat's weakness, the three bells on his cap, that the SWAT Kats were able to successfully attack the jester.

During their final confrontation with Madkat, two of his bells were destroyed but the Turbokat was heavily damaged and crashed, causing heavy damage to Enforcer Headquarters, while Razor was consumed by Madkat posing as a building. T-Bone delivered the final blow by destroying the last bell with his Ejektor seat's laser. This returned Ringtail to normal and all of his prisoners safely appeared on the street below while all that was left falling onto the streets was the burnt domino mask of Madkat himself. Ringtail tried to make a quick escape with the unmasked Kat in the Box in hand, only to be simultaneously punched by Razor and Commander Feral, knocking him unconscious.

Immediately after the incident, due to a lack of a guest, Ringtail appeared as a guest on Litterbin's show, promoting an as of yet written book called "Madkat and Me" that would detail his experience, suggesting a looming newfound success for Ringtail.

---

When he was done, everyone was shocked!

Nico: Oh great! Things aren't bad enough. We got the Midnight 13 picking on J.D. and Zarya, now we got a fucked up lunatic medieval jester out for revenge on the world.

Luan: This guy gives all jesters and comedians everywhere a bad name!

T-Bone: No kidding and we hate this guy. No offense Luan.

Luan: None taken.

Lola: He's a monster!

---

In Dubai we landed and got off the plane.

Katnappe: This is my first time in Dubai.

Me: Same for Po Kong and some of you too.

Po Kong: I can't wait to eat.

Zarya: But look at all the buildings. They are amazing.

Sakura H.: They sure are huh?

Lynn: I'll say. And I'll never forget seeing the sight of the Burj Khalifa.

Lightning: Yeah the view was incredible.

Me: And Dubai is one of the richest cities in the world. Home to millions of things to do and home to magnificent homes and lands and some of the some of the magnificent buildings and architecture ever known. But living here would cost millions.

Zarya: So awesome.

Me: And extravagant.

* * *

Back in the city Steel was scolding Nico and everyone.

Feral: (to Steel) Look, I may get annoyed at the SWAT Kats sometimes. But they would never attack Enforcers HQ!

Steel: Then maybe it was J.D. Knudson who did it!

Nico: (Glares) What did you just say?

Steel: That's the reason he's been gone for a few days. So he could launch this attack himself!

Vegeta: (glares at Steel) That was just low.

Nico grabbed Steele and braced him against the wall!

Nico: WHO THE HELL DO YOU THINK YOU ARE!?

Steel: Someone who knows he's right!?

Nico: You are not right! I know J.D. and he knows me and I have been there for him since we met! J.D. would never launch an attack on Enforcer Headquarters like that!

Besides his energy blasts wouldn't make it all the way over here! He's in Dubai.

Varie: Yeah you jerkball!

Jake the Dog: Yeah! We have known J.D. for up to 5 years now and you have no right to judge him like that!

Nico: Yeah!

Feral: And you don't know what you're talking about Steel. I know J.D. as much as Nico and everyone else does! They saved my life many times as much as the SWAT Kats have. And he and Team Loud Phoenix Storm have done us a huge favor by destroying all of our most dangerous enemies. So if I were you I would be thanking him!

Nico: Yeah! He's my best friend and he saved me from my past and saved me from myself numerous times before.

Eli: And he's the greatest brother and teacher ever!

Nunnally: And has been there for many people!

Laney: Yeah!

Twilight Sparkle: Yeah! But who are the SWAT Kat's enemies.

Nico: Oh right some of you weren't with us when we went after them. They are the most dangerous bad guys we faced. Aylene can tell you all about them.

Aylene C.: We went after Rex Shard the Crystal Colossus, Dr. Viper, Dark Kat, Mac & Molly Mange The MetalliKats, The Pastmaster and just recently Harley Street & the Ci-Kat-A.

Sunset Shimmer: The Ci-Kat-A and Harley Street we saw.

Aylene C.: Okay.

Aylene went over their history.

Rex Shard

**Rex Shard** is an antagonist who appeared in the episode "Chaos in Crystal" of *SWAT Kats: The Radical Squadron* .

He was voiced by the late John Vernon.

Biography

Shard was a convict serving a nine-life sentence at Megakat Maximum Security Prison. Shard was chosen by Warden Cyrus Meece to operate the Gemkat 6000 in its trial run. In return, Meece would shave some time off of Shard's prison sentence. Amazed at how quickly the Gemkat 6000 worked, he attempted to open the drill housing to get at the collected gems within and "take a few off the top." In doing so, he somehow caused the machine to backfire and explode. When Shard emerged from the mine, he found that the explosion had somehow caused him to begin to rapidly change into a being made of unbreakable green crystal.

Shard quickly discovered that he had the ability to turn whatever he touched into crystal, when he seized and crystallized his guards Talon and Lem merely by touch. He then proceeded back to the prison, thirsting for revenge against the ones he deemed responsible for his accident.

When he reached the perimeter wall, he put all his energy into turning it to crystal, which then caused him to complete his transformation into a totally crystalline being. Ignoring the fire from the prison guards, he punched through the brittle wall and entered the prison. He burst into Warden Meece's office in the same manner, and turned him to crystal right before the eyes of a terrified Deputy Mayor Callie Briggs and Dr. Greenbox. The latter, who had created the Gemkat 6000, was next on his hit-list.

Before he could even attempt to to harm to the Deputy Mayor and the inventor, the SWAT Kats arrived, summoned by distress calls from the prison. He was hit in the chest with a blast from their cement machine gun, and sent flying into the Warden's private diamond vault. This gave Deputy Mayor Briggs and Dr. Greenbox time to slip from the room, but coming into contact with the diamonds somehow caused a reaction in Shard's body. He grew to titanic proportions, bursting through the prison roof. It was here he further explored his amazing powers. The impenetrable crystal shell surrounding his body made any conventional weapons useless against him. The SWAT Kats' newly developed Slicer Missiles broke apart when they hit him, for instance.

The lasers of the Enforcer tanks which arrived shortly thereafter bounced harmlessly off him. Shard then found he could form crystal shards in his hands and hurl them as projectiles, or even do the same with his impressive abs. Using this technique he disabled both the Turbokat and Commander Feral's personal tank. But during this battle, his target had managed to escape: Briggs and Greenbox had fled in the Doctor's jeep to Gemkat Labs, after retrieving the Gemkat 6000 from the mines to try and work on a way to reverse Shard's condition. Having a pretty good idea of where Gemkat Labs was, Shard stomped off towards it. This took him through Megakat Springs, where he interrupted the Manx Invitational Golf Tournament.

After fending off more Enforcers, Shard turned the entire golf course and everyone there to crystal, including Mayor Manx, and once again got the best of Feral when he disabled the Commander's chopper. He then headed to Gemkat Labs, where he stopped Greenbox from finishing rewiring the Gemkat 6000 by grabbing and crystallizing him at last. The Deputy Mayor was his next target, but T-Bone suddenly came out of nowhere (at least as far as Shard was concerned) on the Sandkat and whisked her to safety, the Gemkat 6000 with her. Shard tried to stop them by touching the ground and sending a "wave" of crystal after them, but the Sandkat leapt over a canyon to safety.

Undeterred and now mad with power, Shard head for Megakat Dam, turning random landforms to crystal as he went. Meanwhile the SWAT Kats had finished what Greenbox had started and rewired the device. They came after Shard, who had succeeded in turning the reservoir to crystal, and a fierce battle ensued over the frozen expanse of the crystallized water. The Gemkat 6000's beam was unable to penetrate Shard's armor, and Banshee Missiles barely made even tiny cracks in him. Annoyed at the "SWAT Gnats," Shard suddenly came up with a brand new power. He focused the sun's rays through his crystal hand into a deadly heat beam, which he used to shoot down the Kat's Eye News chopper when it became annoying to him as well.

The Turbokat proved too difficult for him to hit, and right at that moment T-Bone came up with an idea to defeat Shard. A Mach 5 sonic boom as the jet flew past Shard at an alarming speed rocked the crystal giant and with an agonized scream, he broke apart, turning back into a normal sized, and unconscious, crystal cat. The vigilantes then used the Gemkat 6,000 to return him fully back to normal. As a result, everything he had turned to crystal also returned to its normal state. Shard was then taken into custody by the Enforcers and returned to prison.

## Dark Kat

**Dark Kat** is the main antagonist of the *SWAT Kats* animated TV series and ironically the main reason for the SWAT Kats' birth.

He was voiced by the late Brock Peters.

Dark Kat is a wanted mastermind and his goal is to destroy Megakat City to create a new lawless town called "Dark Kat City". Being highly intelligent and calculating, Dark Kat often anticipated his foes' actions with great accuracy and it was a recurring theme throughout the series that all of his hideouts were rigged with explosives. His attempt to bomb the Enforcer headquarters indirectly led to Chance and Jake's fallout with the Enforcers and the birth of the SWAT Kats.

## Dr. Viper

**Dr. Viper** is one of the principal antagonists in *SWAT Kats: The Radical Squadron*, particularly serving as the secondary antagonist. He appeared in five episodes total.

He was voiced by Frank Welker.

## The Viper Mutagen

Dr. Viper used to be an unremarkable biochemist named **Dr. Elrod Purvis**, who worked at Megakat Biochemical Labs as an assistant to Dr. N. Zyme. After years of research, the two co-created Viper Mutagen 368. The noble Dr. Zyme planned to donate the formula to the city, but Purvis had other ideas.

Deciding he wanted to get rich off of the formula, he decided to try to steal the Viper Mutagen, to sell to the highest bidder. Dr. Zyme, however, returned to the lab and caught him in the act. A fight broke out, which ended with Purvis taking a fall down a flight of stairs, spilling the chemical all over himself in the process and seeming to die.

Later, at the city morgue, the Viper Mutagen took effect, and resurrected Purvis - unfortunately, it had a disastrous side effect, causing Purvis to mutate into creature that is half cat, half snake, and with no soul.

After scaring a hapless attendant and causing him to go into shock, Purvis, now calling himself "Dr. Viper," proceeded back to Megakat Biochemical Labs, where he rounded up Mayor Manx and Deputy Mayor Briggs, who were visiting the lab, and Dr. Zyme as his prisoners, planning to mutate them all into cat/snake beings like himself with a new batch of Viper Mutagen. Luckily for them all, the SWAT Kats arrived in the nick of time and stopped the mad scientist and his army of mutant bugs. However, Dr. Viper escaped after being knocked out the window.

Since then, he has made Megakat Swamp his home, living in a lifeless area full of malformed giant trees known as "the Dead Forest," hatching many a scheme to transform the world into an environment only his depraved mind could love: a festering, mutation-filled wasteland.

## Katalyst 99

His first scheme involved obtaining a rare compound called Katalyst

99 from his former place of employment. Another villain named Morbulus had recently been defeated by the SWAT Kats and escaped into a sewer drain pipe, where he met Viper. Viper took him back to his lair in the Dead Forest, where he turned him into a giant purple bacteria monster, intending to use him in his newly mutated form to break into Megakat Biochemical to steal the katalyst.

During this particular caper, many innocent cats were killed by being eaten by Viper's bacteria monsters. They ate a subway train full of commuters and a farmer, and even Dr. Zyme is also thought to have been eaten by one of the creatures. Viper himself fed the farmer to the monster as punishment for trying to attack his creation with his pitchfork.

He'd thought ahead, making the monster immune to antibiotics and also giving it the ability to divide into more of itself when hit. He failed when the SWAT Kats killed them all by electrocuting them. Nevertheless, he did get inside the lab where he took Callie Briggs prisoner. The SWAT Kats almost took him into custody, but he blew up the lab using the (as it turned out) highly combustible katalysts. The SWAT Kats and Callie got out alive but Viper seemed to have died.

## The Megakat Tower

But Viper was back again for a third attempt, this time setting his sights on the newly constructed office building dubbed the Megakat Tower. Its great height - 300 stories - meant it was perfect for his plan to place a mutant spore pod on the roof, which would explode and spread mutant plant spores all of the city, thereby turning it into the "Megaswamp City" of his dreams.

Disguised as a gardener, Viper pretended to water the building's potted plants, but was in reality dousing them with his mutagenic growth formula, which turned them into monsters which he called Plantimals. He took Callie Briggs hostage and held her in the skyscraper's penthouse.

A thick wall of vines kept the Enforcers out, while flying Plantimals guarded the roof. Razor was able to infiltrate the building and come up on Viper from underneath however. During this time it was discovered extreme cold killed the monsters, so T-Bone, after rescuing Razor and Callie, dumped a tank of rocket coolant obtained from MASA onto the tower, freezing all of the plant monsters and seemingly Viper himself.

## The Invincible Alliance of Evil

A thawed out Viper later returned his attention to Megakat Biochemical (since rebuilt) and its supply of katalysts. In particular, he wanted Katalyst 100. Joined by his latest creation, a huge, hungry half cat, half mushroom creature that served as his assistant, he broke in, with the mushroom monster eating the guards in the process. Viper was shocked and angered to discover Dark Kat's Creeplings already inside, in the process of stealing the katalyst.

A fight broke out between Viper and the Creeplings over possession of the flask, interrupted by the SWAT Kats. In the ensuing conflict, Megakat Biochemical was blown up again. All the Creeplings died and Viper's mushroom monster wound up splattered all over the Turbokat. Viper survived and confronted Dark Kat, who proposed an alliance. The two even forcibly recruited the Metallikats to their cause and Viper also reformed his mushroom monster (or made another). The group of five villains (including Viper's monster) made it their sole goal to kill the SWAT Kats and divide Megakat City equally among them.

After several failed attempts, the villains soon had T-Bone, Razor, Callie and Mayor Manx imprisoned inside a force field bubble in Dark Kat's hideout. Dark Kat revealed his intention to betray his allies and rule the city by himself, and so a fight broke out among the villains. Aside from knocking a Creepling into his mushroom monster's mouth, Viper mostly stayed on the sidelines. When Commander Feral freed the captives and the SWAT Kats successfully trapped Dark Kat, the Metallikats and the mushroom monster, Viper attempted to escape but was collared by Feral and then thrown into prison with the other villains.

Dark Kat then set off a bomb, declaring if he lost, *everyone* lost. The heroes made it out safely but all of the villains were inside when it blew up. Like his former allies, Viper was again thought dead.

"Mutation City"

But the sinister scientist survived to make one final try at conquering Megakat City. He stole a shipment of Katalyst X-63 and used it to flood the city, mutating numerous animals into giant monsters. He even poured some of it on himself and surfaced as a skyscraper-sized giant cat-snake monster with immense strength and the ability to shoot acid from his fingertips.

The Enforcers' Dr. Konway deduced the antidote to X-63 was a supply of anti-mutagen chemicals found in Megakat Biochemical Labs, once more rebuilt. The SWAT Kats undertook a perilous mission through the mutant-infested city to get there. T-Bone, bitten by a mutant, turned into a half cat, half frog monster and had to be knocked out and restrained by his partner.

Razor then tried to fly the two huge tanks of anti-mutagens back to Enforcer Headquarters, but was intercepted by the giant Viper, who grabbed the tanks and held them aloft in victory, laughing insanely. Razor fire Match-Head Missiles into the tanks, and they exploded in Viper's face. The anti-mutagens, in a gaseous form, spread through the city, returning T-Bone and all the mutated animals to normal. Viper's fate following this is unknown.

The Pastmaster

**The Pastmaster** was a villain that appeared in the cartoon series " *SWAT Kats* ". He was an undead sorcerer from the Dark Ages who tried to conquer his home city, travelling through time using a mystic pocket-watch, and the Tome of Time, he was able to summon extinct or mythical creatures such as dinosaurs and dragons.

Although the tome was destroyed in his first appearance, he sought to transport Megakat City back to the Middle Ages where his towering castle used to be located outside the city, and he would become its ruler. But he would not rule it alone; every king needs a queen, and so he fell in love with Callista, Megalith City's ruler.

The MetalliKats

The crime-bosses Mac and Molly Mange, the criminal couple were worst criminals of Megakat City and later escaped from Alkatraz. Now, rebuilt by Professor Hackle and becoming the **Metallikats** .

## Biography

Originally a husband and wife team named Mac and Molly Mange, the Metallikats drowned when they were trying to escape from Alkatraz prison but their bodies were discovered by Professor Hackle's robotic servants and their minds were transfered into robotic bodies. The pair proceeded to become even more dangerous criminals, killing Katscratch before turning their attention to Mayor Manx - who they had a grudge against for denying their parole (though in reality it was Callie who denied the parole).

## Katastrophe

They have also allied with Dark Kat and Dr. Viper despite being order around by Dark Kat and sharing a hatred towards the SWAT Kats.

## A Bright and Shiny Future

The Pastmaster brings Mac and Molly back to life, both form a alliance to rid themselves of the SWAT Kats and so they takeover the city together. The duo betrayed The Past Master and use his watch as a pocket watch. In the future, they took over the city and enslaving the any organic that's not a robot. Soon, they are defeated by the SWAT Kats, the Enforcers and Professor Hackle. Returning everything back to normal and remaining the evidence closet in their damaged state.

## Unlikely Alloy

Mac and Molly attempted to rob the Megakat City's bank, they were defeated by The Enforcer and The SWAT Kats. Molly was badly damaged in the fight and tells Mac to get the loot, Mac loves her enough to saved her and retreated to their hovercraft. Mac robs Dr. Lieter Greenbox's creation to fixed him and saved his wife, the device rebuilt itself with their car as their minion aka "Zed". Zed absorbed Mac for being metal and Molly forced the SWAT Kats to help save her husband, Molly get absorbed and Zed corrupted Dr.

Lieter Greenbox to become one being. After Zed defeat, Molly is back to normal and looking for her husband in the rumble of Zed. She finds Mac's head is merged to a food-processor and set him mix which shaking him. Mac gets dizzy and begs his wife to shut the blender, both remaining alive and back arguing with each other again.

When Aylene was done most of everyone was shocked.

Twilight Sparkle: WHOA!

Sunset Shimmer: A Terroristic Malevolent Cat, A 900-Year Old Sorcerer with the power to bend time, Cyborg Crime Lords that died ages ago, A Mad Scientist and a murderous convict. Whoa! You guys have had it rough.

Razor: No kidding. Our enemies are dangerous.

Nico: No kidding. But they put up one helluva fight.

Varie: They sure do. But there are still many of them at large and when the time comes we'll be ready for them.

Feral: And I appreciate that.

Xion: Commander, J.D. might not be here. But we can still fix your HQ up.

May: That's right. But first we got to deal with Madkat.

Nico: That's right and you need to get a better second in command. Steel is obviously a trying to ruin you.

Feral: You're right. But lets worry about that later.

Nico: Right. Madkat is on the loose. Lets worry about him now.

---

Cargill: (to me) Do you get the feeling that the Midnight 13 will end up destroying that plane of Don's?

Me: Yeah I get that feeling.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The plane exploded in a massive fiery explosion and there was nothing left of it but a flaming mess of rubble.

Me: Whoa!

Out of the cloud of fire came Fluttershy's dark side and the ambassador of Cruelty, FLUTTERMAD!

Me: Fluttermad!

Don: My plane!

Me: If it was Billy McLean's plane I wouldn't mind but this is too far! You're going to pay for that Fluttermad!

Fluttermad got away before I could fight her.

Krusty: Let's worry about Fluttermad later. We've got a challenge to complete!

Me: Right!

Po Kong: So what is the challenge?

Me: It's a good one. We're going to build the tallest of all buildings here in Dubai. It's called the Dubai City Tower.

Cargill: Wow! I read about that one.

Me: Yep. It's a 7,900 foot high skyscraper that is massive.

I showed them a picture of it and it was incredible.

Po Kong: Wow! That will take a huge amount of work.

Me: Not if we all work together. Lets get to it!

We went to the sight of where it was gonna be built and we got to work on it really fast.

* * *

Feral: Steel, consider yourself fired.

Steel: What?!

Vortex: If we ever see you badmouthing anyone again, we'll make sure it's the last thing you do!

Luan: Yeah!

Nico: That's right! (Imitating Jim Carrey) Loohoo-seher!

They laughed!

Lana: (Laughed) That was funny!

Lola: Great Jim Carrey imitation Nico.

Nico: Thanks guys.

Lincoln: Yeah! You don't care about anyone but yourself!

Laney: And that makes you a LOSER!

The Enforcers then arrested him.

Nico: Hmph! Now to take care of Madkat.

* * *

We were already half way finished with the tower and moving along really fast.

Steam Smythe: (to me) Let me have my Mechanoids help you build this.

Me: Thanks Smythe!

He summoned a bunch of Mechanoids and they were building away and really raising the tower. In less than thirty minutes we made the vision of Model Electrotechnological a reality at the fraction of the cost it would take to make it.

Me: Wow! Not a bad job.

Zarya: Amazing! We managed to get it done in an instant.

Me: Yep it would've taken 15 years to finish a tower like this but we got it done in half an hour.

Cargill: We sure did. And the techniques used in Architecture really are genius.

Me: Yep. A tower of this magnitude would cost over $1.9 billion to build.

Sakura H.: Whoa! That is one hefty penny.

Lynn: No kidding but that is awesome. And it's so amazing how they can build towers of this kind of magnitude.

Lightning: It sure is!

* * *

Back in Gotham Royal York, everyone was getting ready.

Threatpack: We're gonna need to load up on weapons. If Madkat really is that dangerous, then we need to be prepared!

Nico: Good thinking.

Varie: Luckily we thought ahead.

Varie, Allie and the sisters and Jared had scrolls loaded with guns and laser blasters and more.

Nico: Nice!

Vince: Way to come through.

Varie: Thanks guys.

Laney: Whoa guys look at this!

Laney showed on her phone the Dubai City Tower and it was a news video that showed the tallest building in the world ever built.

Nico: Whoa! "J.D. Knudson & Zarya Moonwolf, Team Loud Phoenix Storm and The Masters of Evil build Dubai City Tower and defied the Impossible?" Whoa! This is amazing!

Lincoln: Wow! J.D. and Zarya and everyone built that!? That's incredible!

Nico pulled out his phone and did some research on it and it showed the tower.

Nico: WHOA! 7,900 feet!? That's incredible!

Lola: WOW! 7,900 feet!? They built a tower that is THAT tall!? That's amazing!

Lana: No kidding! Wow!

Feral: That is impressive.

Nico: No kidding. Okay here is my plan for the battle with Madkat.

Nico came up with a great plan.

---

Po Kong: Is it time to eat the local food yet? That's the part I'm looking forward to!

Me: We might as well.

Don: You timed it perfectly. 25 minute lunch break.

We went to get some grub. Po Kong ordered 729 million burgers and we ordered really good food.

Zarya: Mmm! Delicious.

Skinner: Mmm! I'll say.

A figure came out of the shadows and it was MADKAT! He just threw a car at Nico, sending Nico to the ground with lots of bruises! OUCH!

Maria: (horrified) NICO!

Madkat: Don't worry. You'll be joining him soon. Time you all to catch the bus… OUTTA Life! (throws bus at them) BOO!

But just as the bus was about to hit the others, an energy blast came from out of nowhere and split the bus into the two. The others turned to see a certain someone landing on the ground. It was… me!?

Me: (smirks) Is that any way to treat public transportation?

Lincoln: (happy) J.D.! You're back?! (confused) Wait. Aren't you supposed to be in the Ridonculous Race?

Me: (smiles at Lincoln) To be honest, Lincoln, I never should've left in the first place.

Madkat: (scared) Wait. I thought you were gone forever!

Me: (laughs) You really think I would leave the people of Earth defenseless? So, you must be the jerk that I've heard about. (cracks your knuckles)

Frightened, Madkat runs away with me flying after him. Meanwhile, the others ran up to me.

Lola: Nico, are you okay?!

Nico: (weakly) Sorry, guys. I tried my best.

Lori: Don't say that. We're literally proud of you.

Nico chuckled weakly as he suddenly turned back into Mystique

T-Bone: Mystique?!

Mystique: Don't worry. I'll be fine. But Nico's about to pummel

Madkat.

Dust Man: Wait. What are you talking about?

It took only a few seconds for the others to catch onto what was going on.

May: (smiles) Wait. I get it now!

Nico chuckled while disguised as me. Madkat was scared for his life while trying to get away from Nico.

Nico: Going somewhere. Besides jail?

Nico managed to fly in front of him before grabbing him by the collar.

Madkat: Not the face! Not the face!

Nico: Madkat, you have failed this city!

Madkat: I have?

Nico: If you know what's good for you, you'll stay out of Megakat City. For good!

Madkat: Of course! Anything you want!

Nico: I mean it!

Madkat nodded before running away.

Madkat was walking away hook, line and sinker. WHAT A SAP!

Tchang Zu the Demon Sorcerer of Thunder, Technus, King Hiss, El Oso, Number 7, Drakkon, Myotismon, and Whirlwind then appeared.

Nico: Tchang Zu, Technus, King Hiss, El Oso, Number 7, Drakkon, Myotismon, and Whirlwind.

King Hiss: Looks like we arrived just in time for the show.

Nico: Did you guys see my trick?

King Hiss: We sure did!

Number 7: It was actually very clever.

Technus: (laughs) I would've loved to see the look Madkat's face right now!

Madkat: Well, you're about to get your wish!

We turned to see Madkat with an angry look on his face. UH OH!

Madkat: Pretty clever, asshole. But there's only one person who tell villains that they've failed a city.

Nico: (realizes his mistake) Oops.

Madkat: You!

Nico tried to punch Madkat but he catches his fist, making Nico laugh nervously.

Madkat: Oh, you think that's pretty funny, huh? (punches Nico) Let's all laugh at the pretty cool guy, huh? (punches him again) Well, you're not gonna be laughing for long! (headbutts him, knocking him into the ground)

May: Drakkon, me and the others will handle this. You, Twilight, Ace, and Breach go find J.D. and Zarya!

Lord Drakkon: Right!

Nico got up and opened a portal and took Lord Drakkon and the group that would normally challenge him to me.

Nico: I'm not down that easily!

Nico then went Super Saiyan 3!

Eli: You will pay for your crimes!

Technus: Yeah!

?: That was shocking huh?

2 figures then came out and one was LIGHTNING BOT from episode 13 of R.P.M. and DARK BLOOM!

---

Lightning Bot

The **Lightning Bot** is one of Venjix's Attack Bots.

The Lightning Bot was sent with Tenaya 7, to attack the Rangers at the beach. After Tenaya 7 had placed a Mind Control Device on Dillon's neck, the Lightning Bot activated the chip. The Rangers realized that the only way to return the internal virus back to its original pace, was to get the circuit board from the Lightning Bot and used it to reverse the virus. The shields lowered and the Lightning Bot came into the city. Scott and Dillon took the Lightning Bot down with their Wheel Blasters. The Zenith Megazord defeated the giant form of the Lightning Bot. Ranger Yellow was then able to retrieve the needed circuit board.

Dark Bloom

**Dark Bloom** is the dark personification/counterpart of sixteen-year-old Princess Bloom, which awakened within her with the secret aid of the false Professor Avalon. in Season 2 and Season 9: Son and Daughter of Sky where Sky becomes her beloved boyfriend who decides to be with her counterpart instead of her.

She is technically Sky's second girlfriend but also the alternate counterpart of Bloom.

When fully taking over her counterpart's body and mind, it coverts her unusually strong Winx/Fairy magic to dark; similar to shadow magic wielded by witches of various magic levels.

In the Ninth Season of Winx she is revealed to inherit Normal's Bloom personality of caring kind and loving which was the result of Sky becoming the Fully Realized Mystical Master upon defeating Valtor Dark Bloom mostly interacts with him through his dreams until she was brung into reality by the Dark Magical Energy flowing within Bloom herself.

This dark Winx/Fairy form appears in *the Fate of the Phoenix* special episode.

Dark Bloom's Villainous actions were revealed to be the result imbalance between the Fifteen Day War occurring and Sky's inaccessibility these acts were reversed after the Master restored balance the reestablishment removed her evil nature and therefore allowed her to inherit Bloom's characteristics.

After Sky restored Balance as the Mystical Master she is an Entity that lives inside Bloom's body and the Master's dreams according to Sky who finds her equally attractive to normal Bloom she is the delinquent side of Bloom rather than a evil counterpart of her.

Dark Bloom first appeared in Season 2 as an Evil entity and was a servant to Darkar after Sky restored balance with his curving powers her original personality had vanished instead of being an evil entity she was an moody shy counterpart to Bloom and she remembered Sky from their last meeting instead of urging to destroy him because she had a balanced personality Dark Bloom was comfortable in his presence therefore she fell for him and he reciprocated these feelings of love for her thus the two always went everywhere together this all only occurred in his dream but eventually he chose to love Bloom instead of her this left both of them heartbroken after their acknowledgement of how the relationship could have lasted if he never met Bloom and this impacted him he remarks on how much he wanted to be with her and Bloom simultaneously after he comforted her Dark Bloom evolved into Light Bloom through understanding his reason for his final decision therefore Sky figured out a plan to love them both which made him feel better now Dark/Light Bloom is officially his second girlfriend

Dark Bloom can be very protective of Bloom she spiritually watches from insider her to see if she is in danger or stressed out to ensure her counterpart's safety she has protected her from deadly situations she battled Acheron who easily defeated her and when Bloom entered her dreams it is discovered that whatever happens to Bloom Dark Bloom can feel it

In Season 9: Son and Daughter of Sky Dark Bloom's personality has been reborn she went through parallels from her counterpart and she had been the most helpful after Bloom was experiencing dangerous situations Dark Bloom had only came out when her normal equivalent needs her Dark Magical Energy to defend her she became the Team's protective Spirit after becoming Light Bloom she still only came out of Bloom when she needed her.

---

Scott Truman: Lightning Bot!

Bloom: And my evil Dark Self!

Eli: Oh man! This is bad!

---

Fluttermad then appeared.

Fluttermad: Aw, looks like you guys won't be getting out of here without your plane. Tough luck for you losers!

Wiggum: Don't be so smug. An ordinary bullet can still kill you if I shoot it into your forehead!

BANG!

He fired at her and broke her horn off!

Me: Nice shot!

Fluttermad: YOU FAT TUB OF LARD!

Fluttermad fired a beam of magic and it hit the ground by Chief Wiggum and exploded and sent him crashing into a garbage pile.

Me: Now you really made me mad Fluttermad! I'm gonna shut that ugly mouth of yours for you permanently!

Lord Drakkon and the group appeared.

Me: Lord Drakkon, everyone, perfect timing.

Twilight Sparkle: We saw your fun on TV and you're doing a great job.

Me: Thanks Twilight. But Fluttermad here blew up our plane.

They saw Fluttermad and gasped in shock.

Luster Dawn: She looks like Fluttershy but she is overflowing with pure evil!

Princess Celestia: I wonder how the Midnight 13 came into being?

Me: Good question.

Minuette: We'll find out later.

Me: Time to take this fight to another planet so the world won't be damaged.

I snapped my fingers and we were in the clouds of the dark gas giant planet XYPHONXITA IX!

---

Planet Xyphonxita IX is a dark gas giant planet located in the galaxy cluster IDCS 1426, 10 billion light-years away from Earth. It's a rogue planet that drifted out of its original solar system and it doesn't have a parent star. It is 28 Trillion Kilometers in diameter of 17,398,393,382,645 miles in diameter and it's one of the largest known planets ever known in the universe. It is also the most violently electrically charged planet and also the stormiest and windiest planet in the universe. Lightning illuminates the skies with 50 billion bolts every 1/1000th of a second, winds blow at 200 million miles per hour and purple flames blow up from its liquid surface. The clouds are inhabited with bioluminescent jellyfish-like creatures and the skies have many more glowing creatures. Orbiting around the planet are numerous moons. Some of these moons are planets. The planet is actually a rogue mini-solar-system. The head from planet Xyphonxita IX warms up the planets and sustains them allowing life to flourish.

---

Minuette: Wow! Look at this planet.

Twinkleshine: Wow! This is incredible!

Lemon Hearts: It's incredible!

J.D. 2: Planet Xyphonxita IX. Good choice J.D.

Me: Thanks.

---

Nico: I remember you Lightning Bot. You were sent to destroy the rangers with Dillion while he had a Mind Control Chip on him.

Lightning Bot: Your memory is just as sharp as J.D.'s

Nico: Never missed an episode myself.

Lightning Bot: (to the RPM Rangers) I don't need a mind control device to give you Rangers a shock!

Scott Truman: Nor will you likely to again!

Lincoln: Yeah!

Dark Bloom: Little Eli and my goody-goody two-shoes self.

Eli: I can't believe that Darkar would turn you into this!

Bloom: It's like I'm starring at myself in the mirror! Darkar turned me into a fucking monster!

Eli: And now the evil you turned into is on the outside for us to see!

Dark Bloom: Thanks to this.

She pulled out a Number Card and it was NUMBER 29: MANNEQUIN CAT!

They gasped!

Eli: Number 29: Mannequin Cat!

Nico: Oh boy. Lets get it on!

They went at them.

---

Battle 1: Me, Lord Drakkon, Breach, Ace, Twilight Sparkle, Luster Dawn, Princess Celestia, Princess Luna, Princess Cadance, Princess Amore, Flurry Heart, Lilly Crystal, Cloud Star, Snowdrop, Children of The Night, Minuette, Twinkleshine, Lemon Hearts, Lyra Heartstrings, Moondancer, Donut Joe, Cozy Glow, Shining Armor, Diamond Tiara, Silver Spoon, Toxic Horror, Louie PoisonSea, Petunia Paleo, Lily Longsocks and Pip-Squeak VS Fluttermad

---

Drakkon: (to me) J.D., I know you want to do this by yourself. But you need to remember that even the strongest heroes need help sometimes. Even you!

Me: I know that Drakkon and I greatly appreciate all the help. Quite frankly I was wrong thinking me and Zarya could handle this by ourselves. But I was told from Nico that he was handling everything really well and I'm really proud of him.

Breach: We all are. We all are.

Ace: But thank goodness he didn't go cuckoo mad when he made those sock puppets of you and Zarya.

Twilight Sparkle: That's true. But I thought it was really cute and Leo and Lily like those puppets.

Me: (Laughs) That is cute.

Luster Dawn: I think so too.

Princess Celestia: Me too. But just remember that you are never in this alone J.D.

Me: I understand Princess. Thank you all. I was completely wrong in doing this alone.

Princess Luna: That's all right J.D. But you have done really well out here.

Princess Cadance: Especially with the members of the Midnight 13.

Princess Amore: Yeah we're very proud of you J.D.

Me: Thank you.

Flurry Heart: What are the Midnight 13 trying to do?

Me: They are going to destroy the Earth. They want to make all of us suffer.

Lilly Crystal: That's awful!

Cloud Star: No kidding!

Snowdrop: We can't let that happen.

Gari: And we never will.

Tchang Zu: I bet it was.

El Oso: (to Nico) But that was still genius how you pretended to be J.D. to try and scare Madkat off, Nico.

Nico: Thanks. It was very easy to talk like J.D. and mimic his powers considering I'm his second in command and that my powers are similar. The Digimon Emperor was actually smart in making me pretend to be J.D. before.

Whirlwind: (laughs) No one can pull off a good impression of J.D. like you did today, Nico.

Myotismon: Now, we just need to get in touch with J.D. and Zarya after Drakkon and the others come back.

Lord Drakkon and the group came back.

Nico: Wow! This is so cool!

They went on board and took it to Dubai.

---

Me and Zarya got 1st in part 3 of the Race.

Nico: Sorry we're late J.D.!

Me and Zarya turned and we saw the TLPS Sky Storm Fortress and it was incredible!

Me: Oh wow!

Zarya: What is that!?

It landed and we went on board.

Me: What is this?

Nico: Like it? This is Varie and Laney's special project they built.

Varie: Welcome aboard honey. This is the TLPS Sky Storm Fortress. Me and Laney built it just for situations like this. It's a mobile sky headquarters.

Nico: Thanks man. We saw that you built the Dubai City Tower. That was awesome!

Me: It sure is. It's 7,900 feet tall.

Vince: That is massive.

Laney: Yeah it is.

Me: Well now that we're all here lets do the race together. But you can still do those secondary missions.

Nico: Awesome! Lets do it all together.

Me: Right!

We shook hands.

T-Bone: (To the viewers) This was awesome for part 3. Now we are off to Russia.

Me: Yep.

TO BE CONTINUED…

---

Part 3 is done.

See you all tomorrow.

# Terror of The Midnight 13 - Russia

In the living room of our new mobile floating sky headquarters we were watching TV as we were on our way to Russia.

Yagura: Hey, Taylor. How're you feeling?

Taylor: Much better. My wounds are all healed.

Nico: That's good they are. What your so-called father did was unforgivable.

Me: Yeah. It was terrible that he was that abusive to you. It's like his heart is as black as evil can get.

Taylor: Yeah. Wait. J.D. where have you been?

Me: Me and Zarya are participating in the Ridonculous Race.

Taylor: Oh wow! I love that show! Where have you all been to?

Me: We went to Morocco, Iceland and Dubai so far. Now we're heading to Russia.

Nico: Yeah and it's awesome.

Varie: Cool! I love Russia. So much history.

Zarya (Overwatch): (Russian Accent) Loaded with history and loaded with customs that are awesome.

Lola: It sure is.

Me: Yep. Taylor you must really hate your dad for everything he is and did.

Taylor: I hate him more than all of life itself. But I still don't have any answers as to why he did it.

Nico: We can go with you to visit him in prison.

Taylor: I'm not sure I can.

Lana (Pokemon): Look, anytime you want to visit your so called father, just tell us.

Taylor: I'll do it now.

Me: Okay. Are you sure you want to do it? After all the pain he put you through, he has been a major thorn in your side.

Taylor: I know and I'm ready for it.

Nico: Okay then. But we'll stay by your side just in case.

Lincoln: Yeah and I'll go with you.

Taylor: Even after everything I did to you and your friends?

Lincoln: I've forgiven you for that Taylor.

Me: Besides it's not your fault. Your so called father is to blame for it all.

Nico: Yeah. It's time we got justice and closure for you.

Taylor: Thank you guys.

Me: Lets go.

## SAN QUENTIN PRISON, CALIFORNIA

In San Quentin Maximum Security Prison in California, the toughest Maximum Security Prison in the country we were there to visit Taylor's evil so-called father Joel.

Guard: Joel you have some visitors.

Joel: Hmm. I wonder who they are.

We appeared.

Slipstream: (smirks) Hey there, scumbag. How's prison treating you?

Joel: What is it to you!? You ruined my life!

Me: You brought all that on yourself you fucklipped freak!

Joel came at me and I punched him in the face and pointed my gun at him.

Me: I would stay where you are if I were you. We didn't come here to gloat about putting you here. We came because we have someone who wants to talk to you.

Taylor went up to him.

Taylor: Dad why do you hate me so much? Why?

Joel: Oh Taylor. I hate you because I hate all women and I want nothing more than to kill them all.

Me: You are sick!

Nico: Yeah! You should've gotten the Death Penalty instead of rotting in here.

Joel: Why you!?

BANG!

I shot him in the leg and he screamed in pain as his leg was shot.

Me: Next time it will be your head and I will blow your fucking brains out you motherfucking piece of shit.

Guard: Yeah he makes me sick.

Taylor: I HATE YOU DAD! YOU MAKE ME SICK! I NEVER WANT TO SEE YOU AGAIN!

Me: Whoa!

Taylor: Nice shot though J.D.

Me: Thanks.

Nico: Next time we'll kill you.

We left.

Nico: What a jerk.

Lola: I hope they kill him.

Taylor: FYI, it wasn't just me. Anderson and Pablo bullied Lincoln on the bus as well.

Air Raid: We know. But unlike you, those two aren't the least bit sorry.

Nico: No they aren't. They are total psychopaths and they don't care about anyone but themselves. Taylor I'm so sorry about all the abuse you went through.

Me: If we see them they better start praying.

Sam S.L.: Yeah Taylor and you aren't the only one that went through the worst of the worst. My evil fake parents Michael & Michelle Malloy hated me and my brother completely.

Me: It was because of her evil Uncle, Sinclair T. Sharp.

Vypra: Yeah that was awful.

Taylor: Why does Sam's Uncle hate her so much?

Me: Well it's not my place to say but it was a nightmare.

Sam S.L.: I'll tell you everything.

Sam went over her evil Uncle's history and it was not pretty. Sinclair T. Sharp is the younger brother of her biological father Eric Sharp and youngest son of Sebastian Sharp. He began his career as a states salesman and advertiser for TV programs somewhere between the early 2000s or 2002. He has an extremely strong hatred towards people who are bisexual, LGBT and homosexual and he deems people that like the same gender to be loving savages and uncivilized people. His hate for LGBT communities and the people later grew stronger. When he found out that his niece, Sam Sharp was a bisexual, he began to torment and abuse her in any way. Unfortunately for him, he was kicked out of the Sharp family by his brother Eric, and was sued for the abuse and he was sentenced to 10 years in prison. But eventually got out on parole. He became distant from the Sharp Family, personally pursuing his own goals of ridding America of any Bisexual people. It is presumed that he hired the infamous criminals, Michael and Michelle Malloy, who too hate LGBT people like him, after they escaped from prison and ordered them to kidnap Sam and assassinate her real parents, Eric and Sarah Sharp, when Sam was barely four years old. No one knew of the crimes that Sinclair has committed, but he was happy he got his revenge on Eric and Sarah Sharp and told the Malloy's to take Sam as their daughter and personal punching bag. He even doesn't care what ever happens to Sam Sharp until the events of Sam Strikes Back where the Malloy's were defeated and were executed by Sam Sharp after the Malloy's crimes were found out, but never knew about the secret plot between Michael and Michelle Malloy and Sinclair T. Sharp.

When she was done, Twilight and her friends all gasped in shock and Taylor was horrified and then Sam broke down crying.

Luna comforted her.

Luna: Sam's past has been a major nightmare dudes.

Me: Yeah. I hate people like Sinclair. He has no right to call himself human. I am also a strong advocate of L.G.B.T.Q.I.A. rights and strongly support them.

Lyra Heartstrings: I would never have someone like that! I love Bon Bon and she is awesome.

Scootaloo: Yeah my Aunts are like that and I would never judge them.

Nico: Good for you Scootaloo.

Me: Yeah.

We went back to the Sky Fortress.

---

In the Sky Fortress we were resting for Russia when the alarm went off.

Nico: Wow! Has the same alarm system like home.

Eli: It sure does. Awesome.

Laney: Cool.

We went to the computer and saw that THE HAUNTED MASK is back!

---

**The Haunted Mask** is a major antagonist in the *Goosebumps* books and TV show. It is a mask that will possess whoever wears it.

Origin

The mask, along with the other "unloved ones", was once a beautiful face, that where made to hide a insecure shopkeeper's face. However, the shopkeeper's dark thoughts began to rot and decay the mask, to a hideous state. This caused the mask to become cruel and evil.

"The Haunted Mask"

The mask get's stolen by a young, bullied girl, named Carly Beth, who stole the mask to scare her school bullies. The mask started off by making her a little rude, than narcissistic, than violent. She began to attack her friends and get extremely hot headed. She soon realized that it was truly the mask who was behind all of this, and decided to take it off. Only thing was, that mask had gotten stuck to her face, and wouldn't come off. She soon realized she needed to except who she was as a person to defeat the evil of the mask. So she did this, and then buried the mask where no one could find it.

"The Haunted Mask II"

Later on, the shopkeeper, hellbent on killing the mask once and for all, dug up the mask and tried to burn it. The mask leaped onto his face and made him go around causing terror. But the mask soon realized, that the body it had chosen was weak and decrepit. So it created a new mask to continue it's evil.

"The Scream of the Haunted Mask"

The mask appears in The Scream of the Haunted Mask as the primary villain.

Carly Beth: What!?

Carly Beth saw that I was right.

Eli: Oh man!

Nico: I thought we get rid of that ugly mask!

Twilight Sparkle: That mask is scary and ugly. We read about it in Nico's books and it was freaky.

Lola: Yeah it sure was.

Nico: Can you imagine we found it in Grim's trunk?

Lana: Yeah it was scary and freaky.

Me: Looks like you and the rest of the team Nico are heading out to destroy the Haunted Mask.

Laney: Yeah we sure are.

Eli: I hate that mask. It was freaky.

Nico: Before we go find out where the Haunted Mask is, we need to do something.

Randy Boggs: What would that be?

Nico: You guys are gonna think I'm crazy but… we need to free Chuck and Steve from prison.

Carly Beth and Sabrina gasped in shock!

Lincoln: Nico are you out of your mind!?

Sabrina: After all the pain and suffering they put Carly Beth through why would you want those monsters with you?

Carly Beth: Because I have forgiven them. I want them to be on the right path towards redemption.

Nico: I know it's not the right choice but Carly Beth is right. You have every right to be weary of them Sabrina and that's all right but just give them a chance to prove how

much they have changed.

Sabrina: Well all right. But I'm not letting my guard down.

Me: Be careful guys. Tell us how it went when we get back.

Nico: Will do.

Me: Xenia you have the con.

Xerneas: Will do.

Xerneas took the helm.

Nico and the team were off.

---

In the Tuscon Penitentiary Nico and team were there to visit Chuck and Steve and the guard opened their cell.

Steve: Hey guys!

Nico: Hey Chuck, hey Steve.

Applejack: Howdy to you guys.

Tso Lan: You two must be wondering why we're here.

Chuck: Before you get to that, we want to say that we're sorry for what Jock Jockerson and his group did to you guys.

Maria: I had a feeling that even you two would be disgusted by Jock's actions.

Steve: Hey, we just played a few dirty jokes on Carly Beth. But Jock putting on an evil knock off of the Iron Boy armor? That's extreme even for us.

Nico: You got that right. But what Jock did was the worst. How did you guys know about what Jock was doing anyway?

Chuck: While we are here in prison we watch the News in the Cafeteria and we follow up on all your adventures.

Nico: Oh. That's handy.

Laney: But that's not why we are here. We're here because we just need to borrow you two to help us out. The Haunted Mask is causing trouble back in your home town.

Steve: That scary mask that took over Carly Beth is on the loose again!?

Nico: Yeah and we need your help to stop it.

Chuck: I thought you guys destroyed it already.

Nico: We did but one of the masks escaped before we could even go after it. We destroyed the mask that Carly Beth had and sealed it into the Book of Vile Darkness.

Eli: Wow. I didn't know about that.

Varie: Lots of things happened before you joined us Eli.

Eli: Wow.

Nico: So here's the deal, we're gonna let you two help us and we'll shave some time off of your sentences and reduce it to community service.

Chuck: We would like that very much.

Steve: Yeah anything.

Applejack: And I have the perfect jobs for you both.

Nico: Sweet Apple Acres is perfect for you. You can learn a lot from it. And the apples and fritters are great too. Same with the pies.

Steve: I love pies.

Nico: Cool.

In the Sky Fortress we were over Russia.

El Oso, Tchang Zu, Technus, King Hiss, Number 7, Drakkon, Myotismon, and Whirlwind then appeared.

El Oso: J.D., this time, me, Tchang Zu, Technus, King Hiss, Number 7, Drakkon, Myotismon, and Whirlwind will help you and Zarya out.

Me: Understood. But you guys may want to bundle up. We're going to the coldest place in all of Russia and maybe the world: Oymyakon.

Number 7: That place does get really cold.

Me: Yeah and it gets brutal. The temperature can plummet to -85˚

Lord Drakkon: That's bonechilling.

King Hiss: Brutal.

Me: And King Hiss because you're cold blooded and are reptilian you will slow down. Reptiles are hypothermal and they will slow down.

King Hiss: Don't worry. Vypra knew this would one day happen and she made sure of it. I now can fight in subzero climates.

Me: Wow! Very clever.

Drakkon: (to me and Zarya) Well, at least you two are willing to let more then 8 of us help you out.

Me: Yeah that's good.

Zarya: Besides this is fun.

Me: Yeah it is.

We landed and we were in Oymyakon, Russia. The Coldest town in The World.

Me: Wow. Oymyakon, Russia.

Don: Man it sure is cold here.

Me: Antarctic Cold.

Zarya: Brutal too.

Me: Here Don.

I gave him a fur parka and a fur had.

Don: Thanks J.D.

Zarya: Wow. It's really cold here.

Me: Cold enough to freeze your fingers off.

Zarya: I like it.

---

In Carly Beth and Sabrina's home town everyone else was there and it was deserted.

Nico: Man it's like a ghost town here.

Varie: Where is everybody?

Lincoln: I don't know.

Carly Atlas: I don't know either but I've got a really bad feeling about this.

Misty Tredwell: I do too.

Lola: Whatever is going on it's not good.

They went to Carly Beth's house and saw Mrs. Caldwell and her brother Noah.

Jewel Man saw Carly Beth's mom and her brother Noah with their backs turned to us.

Jewel Man: Mrs. Caldwell! Noah! We've got some big news you should know about.

They turned around to reveal they were wearing… two Haunted Masks?! WHAT THE FUCKING HELL!

Jewel Man: (nervously) But you probably already heard, haven't

you?

Nico: Oh man!

Eli: I got this!

Eli went over and jumped onto the back of Mrs. Caldwell and grabbed the mask.

Nico: Try not to rip her head off Eli.

Eli: Okay.

Eli pulled and yanked the mask off and Lola fired a blast of fire and incinerated the mask and Mrs. Caldwell fell and Varie caught her.

Lana then grabbed the mask on Noah and ripped it off and Lola fired a blast of fire and incinerated the mask.

Nico: Yeah!

Noah fell and Eli caught him and Varie was healing him.

Nico: Are they gonna be all right?

Varie: Yeah they're just disoriented and weak.

Nico: Thank goodness.

Taylor: Whoa! What happened? I suddenly feel stronger all of a sudden.

Vince: It's what happens when we get a negative energy power increase.

Nico: Whenever someone hates us or we destroy a Dark Orb we get a massive negative energy power increase. We convert Negative Energy into Positive Energy and it makes us more powerful.

Taylor: Wow.

In Russia, Me and Zarya and my team were on a challenge to destroy an illegal Soviet Union Concentration Camp. They have been outlawed for years ever since the Cold War ended and the Soviet Union fell from power. We were seeing sights that are too horrible to show.

Whirlwind: My God. Our prisons in space aren't like this!

Me: No they aren't.

Zarya: This is disgusting. Prison Camps have been outlawed for years.

Me: Seymour went through this back in Vietnam, but that was almost 50 years ago.

Lord Drakkon: Right he's a Vietnam War Veteran.

Me: Yep and he was a P.O.W.

Zarya: Wow. He must've went through hell.

Me: Yeah. Same with most of Terry's class in Neo Gotham. A man was running a North Korean Prison Camp Style Rehabilitation Center which was illegal as hell and is considered High Treason.

Zarya: You guys got him right?

Me: We sure did and he got the chair and was executed. But we're getting off topic. We need to destroy that camp and kill all the guards or arrest them and free all the prisoners. From the looks of things some of them are from America.

Lord Drakkon: This is gonna be fun. But getting in there is gonna be tough. It's heavily guarded and it's like you said J.D., Russia trains its soldiers really well.

Me: It sure does.

---

Back in Carly Beth's house everyone was helping Mrs. Caldwell and

Noah.

Michael Morningstar: (to Carly Beth's mom) Can you remember anything that happened earlier?

Mrs. Caldwell had an ice bag on her head because she had a massive headache.

Mrs. Caldwell: I think so. Last thing I remember was working in the kitchen when suddenly I was taken over by a mask.

Carly Beth: Mom that was the very same mask I bought.

Nico: Did it look like this?

Nico pulled out a picture of the mask and Noah recognized it.

Noah: That's it! That's the one! That mask took over mom and me!

Nico: Oh man! This is not good guys!

Nico's Dark Orb detector went off and it showed that there were HUNDREDS of dark orbs all over the place! Maybe THOUSANDS!

Nico: Oh man! They're everywhere!

UH OH!

---

Technus: I can use my powers to take control of the prison's security in order to deactivate it.

Me: Good idea Technus. Go for it.

Technus did so and the prison's security was deactivated.

Me: Now it's time for an ambush.

Zarya: Yeah. Lets do it.

Me: 3… 2… 1… GO!

We ambushed the base.

---

James (Pokemon): How did the Haunted Mask pull this off?!

Nico: It must've escaped from the Book of Vile Darkness.

Varie: That could be.

Nicole checked and saw that it was gone!

Nicole: He's right! And a Dark Orb gave it the power to replicate and latch on to people.

Nico: Not good. We got to get all those masks off and get everyone better.

Varie: I'll set up a restoration tent for everyone.

Lisa Loud: And I'll gladly help you out.

Laney: Same with me.

Nico: Okay. Lets get that mask abomination.

---

Guard: (Russian Accent) Hey! You're all not supposed to be here!

Tchang Zu: I'll handle this.

Tchang Zu fired a blast of lightning and electrocuted the guards all over and me and Zarya blasted them and slashed them all over.

Me: You Soviet Union Scumbags have failed this country!

Lord Drakkon: You and Nico love that line huh?

Me: It's got an awesome ring to it.

We were blasting them all over and more.

Chuck: How come that mask couldn't latch on to Flipsy's face?

Dark Laser: Because Flipsy's face is too small.

Shred Naught: I knew bringing you and him was a good idea!

Lincoln: Yeah.

Laney: Lincoln look out!

Lincoln saw a mask appear and it jumped at him and just as it was about to latch on to his face a blast of lightning electrocuted the mask and incinerated it.

Nico: Whoa!

Twilight Sparkle: How did you do that Lincoln?

Lincoln: Our powers protect us.

Lola: Yeah they protect us like that.

Rarity: Wow! That is incredible.

Taylor: Awesome!

Lola: Yeah it is!

All the guards were either killed or incapacitated and tied up.

Myotismon: (to the prisoners) Good news. You guys are getting out!

They cheered!

Man: Thank you all so much for freeing us.

Me: You're welcome. And army helicopter is on its way now.

Whirring of helicopter blades were heard.

Lord Drakkon: And it's here now.

Me: Awesome. We'll search the base for more prisoners and get them out.

Zarya: Okay.

We got to searching.

* * *

Back in the town, Nico and everyone were slashing and blasting numerous masks as they were appearing left and right and all over.

Dirt Boss: How many masks have we destroyed so far?

Nico: (Slashes a mask and obliterates it) 1,382.

Laney: 21,424 for me.

Lincoln: 17,232 for me.

Varie: 12,242 for me.

They were coming from all over.

Nico: They just keep on coming! But we're getting stronger and stronger.

Taylor: Yeah we are!

Taylor was blasting the masks all over with intense blue fire powers!

Taylor: These blue fire powers are awesome!

Lincoln blasted numerous masks with lightning.

Lincoln: But with great power comes great responsibility.

* * *

Number 7: My scans indicate there's something beneath this prison.

Me: We better go see.

We went down to the basement and we found a girl running and powering the prison by running on a treadmill and she was sweating buckets.

Me: Oh man!

We went over and got her free.

Woman: Oh thank you all so much.

Me: You're welcome.

Myotismon: Look at that!

We turned and we saw a huge brown ball and it was full of veins and all that.

Zarya: What in the world is that!?

Me: Oh man! That's the cocoon of Majin Buu!

Zarya: WHOA! Majin Buu is here on Earth!?

Me: Yeah.

I went over to it and the ball was as hard as a rock and the energy from it was weak and almost nonexistant.

Me: Majin Buu is lying dormant in here. Master Goku told me all about this. Majin Buu was one of the toughest opponents he and the Z-Fighters all faced.

Lord Drakkon: Whoa man. He was that tough?

Me: Yep and that dangerous. I'll tell you all about his, Babidi and Bibidi's history.

I went over Bibidi and Majin Buu's history.

## Bibidi

**Bibidi** was an evil alien wizard responsible for awakening the demon Majin Buu millions of years prior to *Dragon Ball Z* . Due to his actions and role, he is the posthumous overarching antagonist of the Majin Buu Saga.

He was voiced by Duncan Brannan.

### Biography

Though he only appears briefly, Bibidi is the one who created Babidi and awakened Majin Buu, and is thus responsible for the entire Buu story arc. He is also the oldest and earliest villain in the series, for the events that he was involved in predate the rest of the story by millions of years.

After Bibidi awakened Kid Buu from his slumber, he then started taking him from planet to planet to destroy them all in his quest to dominate the universe. Early on, Buu almost recklessly killed Bibidi, who then told the monster that he was his "dad" in an attempt to control him. Later, he took Buu to the world of the Kais, where the monster killed the Western and Northern Supreme Kais, and absorbed the Southern Supreme Kai, becoming Super Buu in the process. He then tried to kill Eastern Supreme Kai, but the Grand Supreme Kai protected him, and when Buu absorbed him, he became the much weaker and less evil Fat Buu due to the goodness of Grand Supreme Kai's soul.

Later, Bibidi created a magical ball to seal Buu inside of between conquests, and eventually brought the ball to Earth. However, before the wizard could release Buu again, Supreme Kai killed him, and the ball of Buu was left dormant for millions of years until his doppelganger Babidi picked up where his "father" left off.

## Babidi

**Babidi** is the secondary antagonist of the "Majin Boo" arc of *Dragon Ball* .

He is an alien wizard and the son of the wizard Bibidi, who awakened Majin Buu. He has the power to control anyone who has even a trace of evil inside them. His henchmen include Dabura, Pui Pui, Yakon, Yamu, Spopovich, several unnamed soldiers, and Vegeta (briefly). His actions resulted in trillions of deaths across the universe.

In Japanese, he was voiced by Joji Yanami and (currently) Bin Shimada. In English, he has been voiced by Terry Klassen, Duncan Brannan, and Bill Townsley across various appearances.

Babidi is the son of the powerful wizard Bibidi. Supposedly whenever Bibidi needed assistance he would split into multiple people and split his magical power between them, Babidi was one such doppelganger, and when Bibidi was killed, Babidi remained and inherited all of his original self's power. He swore revenge on Shin for murdering his father as he saw him as a reflection of himself.

He is first seen in *Dragon Ball* when he travels to Earth with his minions in order to gather enough energy to revive his father's monstrous creation, Majin Buu. Babidi sends two fighters under his spell, Yamu and Spopovich, to the 25th World Martial Arts Tournament to steal energy for Majin Buu from the other contestants. Upon receiving the energy, Babidi no longer sees anymore use for these two minions, and so he decides to murder Yamu and Spopovich, starting with Spopovich who he blows up.

He condones another minion Pui Pui to shoot Yamu as he flees in terror, as Babidi with gleeful sadism tortures Spopovich to death by slowly expanding his inner energies, causing him to painfully swell like a balloon until he explodes. This sickening behavior defines Babidi's character: a sadistic and insecure man who compensates his shortcomings (being unattractive, weak, and little) by torturing and abusing beings stronger, yet more helpless than him. He later regrets doing this action hastily when he realizes that the energy supplied to him by Yamu and Spopovich (coming from Super Saiyan 2 Gohan) filled only half of the necessary power to bring Majin Buu back to his full potential, and with this energy Babidi was half way to the point where Majin Buu would be released from his Sealed Ball.

He sent Pui Pui to Level 1 to fight them, but Vegeta easily killed him.

He then took "extreme measures" and sent Yakon to Level 2, but Son Goku easily defeated him, and he was killed when he ate too much of Goku's light energy. Dabura fought Gohan, but returned to Babidi to tell him that Vegeta could be turned evil again. So Babidi turned Vegeta evil, transforming him into Majin Vegeta, who fought Goku.

The damage inflicted to Goku caused Majin Buu to awaken just as Gohan and Kaioshin were about to fight Babidi and Dabura. When Buu awakened, Babidi made clear to Buu that he was his master and could seal him up again if he disobeyed him. After Buu used his powers to push Gohan out of the way and Kaioshin manages to save Gohan by destroying the blast and hiding his body in a forest, Babidi believes that Gohan is dead and congratulates Buu for killing Gohan.

Vegeta turned on Babidi and destroyed his spaceship after Vegeta has sensed that Gohan is dead and Buu ate Dabura after turning him into a cookie with his change beam (while being cheered on by Babidi). In the end, Piccolo confronted Babidi and chopped him in two, cutting his arm off (not unlike Frieza during his fight with Goku). While a remorseful Majin Vegeta confronts Majin Buu, Babidi is encountered by the restored Piccolo (who, along with Kuririn, was reversed from his stony restraints after Dabura was slain), who swears to kill him.

Babidi and Piccolo then have a short fight; Babidi uses magic against Piccolo, such as covering him in electrified slime and surrounding himself in a barrier, but neither work. As Piccolo begins to penetrate the barrier, Babidi pleads for his life, stating that, without him, Majin Buu would be completely uncontrollable and kill everything in sight. Piccolo merely shouts, "That's not gonna happen even if you *are* alive, so it doesn't matter anymore!", and shatters the barrier, slicing Babidi horizontally in half.

As the dismembered Babidi falls to the ground, he laments on his predicament as he had planned on living on to rule the universe. Barely alive, Babidi watches the fight between Majin Vegeta and Buu, in which Vegeta uses the Final Explosion technique to detonate both himself and Majin Buu. This attack proves to be in vain, and Buu recovers. Reluctantly, Buu goes on to revitalize Babidi (who with the aid of his barrier managed to escape death closely), after being blackmailed with being resealed in the Magical Ball.

Jumping on Buu's back, Babidi then begins his global rampage, as he is unable to leave Earth due to Majin Vegeta having destroyed his spaceship. As it is soon revealed, Buu is barely controllable, and Babidi only manages to keep him under control with the threat of sealing him again.

After using Majin Buu to wage genocide on numerous cities, Babidi telepathically communicates with the Earth's population, demanding that Son Goten, Trunks and Piccolo show themselves to the wizard, and then proceeds to force Buu to kill other innocents in the hopes that he would lure them out. Eventually, Idasa tells his mother where Trunks lives, and she tells Babidi; however, her obnoxious behavior is highly annoying for Babidi, who threatens to kill her afterwards. Aiming to destroy West City, Babidi and Majin Buu are confronted by Goku, who has come to stall them so that Trunks can retrieve the Dragon Radar in time.

Babidi watches Super Saiyan 3 Goku and Buu fight evenly until Goku powers down and leaves, telling them that a new, more potent fighter will be appearing in two days to fight against Buu, and not "a cowardly worm like Babidi." Goku even scolds Buu for allowing himself, such a great fighter, to be ridiculously bossed about by Babidi. Babidi then proceeds to flip the bird at Goku in response as he leaves. Little did he know that Buu was well aware of how pathetic he truly was, and was possibly using him.

## Death

After Goku leaves, Babidi scolds Majin Buu for not killing Goku and begins

to viciously insult him. This, coupled with Goku's words sinking in, finally pushes Buu over the edge and unable to tolerate Babidi's bullying any longer. So Buu tells the wizard that he has a secret to tell him so Babidi leans over and tells Buu to spit it out, so they can do something. However, he is grabbed by the throat and strangled, thus preventing him from reciting the incantation to reseal the monster. Buu then shatters his head with a single punch, proceeding to vaporize the headless corpse with a barrage of Ki blasts and Buu is finally free from Babidi's orders.

After his death, he appeared in anime filler, alongside other villains in Hell watching the fight between Goku and Kid Buu. He was cheering for Goku to win, as he wanted Buu dead for killing him. Even when Kid Buu was destroyed, Babidi remained unaware that the Buu who killed him was a separate Buu and survived. In Hell, he hides this from the villains, and takes credit for training Buu once again showing the extent of how petty he is as he roots for Goku out of spite towards Buu for killing.

Majin Buu

**Majin Boo**, spelled as **Majin Buu** in the Funimation dub, and known as **Djinn Boo** in the Viz Media English manga, is one of the main antagonists of *Dragon Ball Z* and *Dragon Ball Z Kai* (along with Vegeta, Frieza, and Cell). He is a villain from the *Dragon Ball Z* series, who first appears as an innocent-looking, pudgy pink genie-like creature. Later in the series, it is revealed that Buu's original appearance is that of a sleek, demonic-like child also known as **Pure Majin Buu** . However, his nature and form had been altered after he had assimilated the gentle, pudgy god (Grand Supreme Kai) into his body.

Buu's summoner, a wizard named Bibidi, had used Buu to wage war on the Kais. Buu managed to kill two of the five Kais and absorb two others, the second being the one who altered his nature to become innocent. After Bibidi sealed Buu away, Bibidi was killed by the only remaining Kai (Shin, the Eastern Supreme Kai, who later became just Supreme Kai), and Buu was transported to planet Earth where he lay dormant for 5 million years, until Buu was revived by Bibidi's doppelganger Babidi during the events of *Dragon Ball Z* .

As Babidi's servant

Majin Buu's appearance and behavior disappointed Dabura, who insulted him, causing Buu to beat him up. When Buu recognized Babidi as his master, he attacked Gohan and East Kai, nearly killing Gohan. However, before he could eat the severely injured Kai.

Buu was spared by Dabura (he was actually trying to kill Buu with his Demonic Spear), but he pulled the spear out and healed the hole in his stomach. He then fought Dabura and turned him into a cookie and ate him. Before he could eat East Kai, however, Majin Vegeta destroyed Babidi's ship and fought Buu after witnessing that Gohan is killed.

He had the advantage until Buu powered up, wrapped him up with a piece of skin, and beat him up. However, he was saved by Trunks and Goten and then blew himself up, blowing the corpulent Majin to bits. However, Buu survived and came back together.

After healing Babidi from an injury he suffered at the hands of Piccolo, the two sought out Goten, Trunks, and Piccolo to get revenge on them. Often, Buu would turn the inhabitants of a city into candy or chocolate at Babidi's command and eat them to show the Earthlings what would happen if they did not turn in those three.

When a woman who had a notorious grudge against Trunks for beating her son in the Tenkaichi Budokai told Babidi where Trunks lived, Goku fought Buu as a distraction and seemed to be winning when he transformed into a Super Saiyan 3.

However, he stopped the fight once Trunks got the Dragon Radar, and told Buu he should not be controlled by a coward like Babidi. After Goku left, Babidi starting shouting orders at Buu. However, Buu got tired of the abuse and killed him.

Buu's reign of terror

The Z Fighters hoped that without Babidi, Buu would stop destroying things, but he was even worse without him, causing as much destruction and killing as many innocent people as he wanted. When he began to get tired, he turned several people into clay and built a house out of them.

At one point, he met a young blind boy and was disappointed when he would not run from him, so he healed his eyesight. The boy immediately liked Buu because he healed him, and Buu went to a city and turned an old man into milk, then gave him to the boy to drink (the boy was unaware of what the milk originally was).

While destroying boats, Buu saved a man from drowning, but upon seeing Buu he began to panic, causing Buu to get angry and kill him. Then, Gotenks (Goten and Trunks fused together) fought Buu but lost, and the obese Majin also destroyed several tanks.

## Friendship with Mr. Satan

Eventually, Mr. Satan tried to kill Buu, but as he was nowhere near as strong as him or the Z Warriors, his tactics revolved around poisoned chocolates and exploding video games. Soon, Boo and Satan became friends, and Buu healed an injured puppy, whom he named Bee. Mr. Satan asked Buu why he killed innocent people and destroyed cities, and upon realizing that it is the wrong thing to do, Buu immediately decided to stop.

Unfortunately, two deranged gunmen named Van Zant and Smitty appeared to kill Buu (so they could kill the innocent people themselves), and Van Zant shot Buu. They then blew up Buu's house, but Mr. Satan pummeled them. Buu healed Bee and they and Satan enjoyed some good time together.

## Pure Evil Majin Buu

That is, until Van Zant shot Mr. Satan. Buu was able to heal him, but he was so angry that a lot of steam came out of his head (as it usually does when he is angry)

But it contained the evil inside him and took physical form as **Pure Evil Majin Buu** ( **Evil Buu** in the Funimation dub), a grey, skinny version. Pure Evil Buu killed Van Zant and then fought Fat Buu after arguing with him over who is the real Buu. Pure Evil Boo had the advantage, so Fat Buu attempted to turn him into chocolate, but Pure Evil Buu blew the attack back at him with his breath, turning him into chocolate.

Pure Evil Buu then ate Fat Buu and transformed into **Evil Majin Buu** ( **Super Buu** in the Funimation dub).

## Evil Majin Buu

Evil Buu brutally killed Smitty but spared Mr. Satan, as he did have a little of Fat Buu's influence inside him. Able to sense energy levels, he made his way to Kami's Lookout, where Goten, Trunks, Piccolo, and the others were.

He wanted to face Goten and Trunks straight away, but Piccolo tried to stall him, telling him that he could amuse himself with the other people of Earth. Buu used his Genocide Attack to kill everyone left on Earth except for Tein Shinhan, Chiaotzu, Mr. Satan, Bee, and anyone at Kami's Lookout or Korin Tower. Piccolo eventually talked him into waiting an hour. He took Goten and Trunks into the Room of Time and Space to train.

Chi-Chi slapped Buu for allegedly killing Gohan (though he was not dead at that time) and he turned her into an egg and stomped on her. Eventually, Buu got tired of waiting and destroyed the hourglass.

Piccolo then took him to the time chamber (by the longest way possible, to buy Goten and Trunks some time) in the hopes that he could destroy the entrance and trap Buu inside if Goten and Trunks lost.

Goten and Trunks fused into Gotenks and fought Boo. As a Super Saiyan, Gotenks sent exploding ghosts after Buu, blowing him to bits, which were then blasted into molecules by Gotenks and Piccolo, but he was still able to regenerate.

When Gotenks pretended that he was not able to use any more Kamikaze Ghosts (when in reality he was waiting to surprise Buu with a Super Saiyan 3 transformation), Piccolo destroyed the entrance to the time chamber, trapping them all inside.

However, Buu escaped using his Vice Shout. He turned Krillin, Android 18, Marron, Yamcha, Puar, Oolong, Bulma, Videl, Ox-King, Master Roshi, and Mr. Popo into chocolate and ate them (though Dende was saved by Mr. Popo). Shortly after, Gotenks escaped as a Super Saiyan 3 and fought Buu. Gotenks appeared to be winning, but eventually lost his Super Saiyan 3 power from being in this form so long, and soon the fusion wore off. However, Boo fell asleep while they were trying to find a way out of the situation. Then, Gohan returned from East Kai planet, powered up by Old Kai (transforming him into Ultimate Gohan).

Gohan fought Buu and easily gained the advantage, so Buu self-destructed. However, Gohan, Goten, Trunks, and Piccolo escaped the explosion. Buu survived his own self-destruct and challenged Goten and Trunks to a rematch. When they fused into Gotenks, Buu absorbed him and Piccolo and transformed. Buu had actually tricked the two Half-Saiyan children to absorb them.

Transformed Evil Buu

In his new form, Evil Buu was much stronger and more intelligent than his previous form, and he fought Gohan again. This time, Buu was winning, so Old Kai gave Goku (who was dead at the time, and in the next dimension) his life and two Potara earrings so he could permanently fuse with Gohan. While this was happening, Tein Shinhan attacked Buu, who retaliated by threatening to blow up the earth, but he was stopped when Goku arrived and split him in two. Buu knocked out Tein Shinhan, and Goku threw the earring to his son, but Gohan was unable to catch it. While he looked for it, Goku fought Buu, who suddenly lost a third of his power when Gotenks' fusion wore off inside him.

However, Buu absorbed Gohan and became even more powerful. Goku found Vegeta, whom Lord Enma had sent back to Earth to fight Buu, and asked him to fuse with him using the earrings. Fighting off attacks from Buu, Vegeta refused until he learned that Boo ate Bulma. Goku and Vegeta became Vegito, who beat up Buu. Several times,

Buu tried unsuccessful attacks, including a huge Ki Ball (Planet Destruction Blast), hiding himself in a cloud of steam, the same liquid form technique he used on Smitty, and turning him into candy, which did not stop Vegito's ability to move and talk, forcing Buu to change him back. Several times during the battle, Vegito blew Buu to bits or destroyed many of his limbs, but always allowed him to regenerate, though he could easily have killed him. At one point in the battle, Buu used his voice to tear holes in the dimensions but was stopped by Vegito.

Eventually, Vegito was absorbed by Buu, though this was his plan, as he wanted to rescue the others who were trapped inside him.

## The Innards of Buu

Inexplicably separating into Goku and Vegeta, they searched for Gohan, Goten, Trunks, and Piccolo, and found them inside Buu's head, trapped unconscious inside cocoons that Buu calls "people pods." Goku and Vegeta tore them down from Buu's head, turning him back into the original Super Buu. Realizing what they were doing, he somehow got inside his own head and fought Goku and Vegeta. They were unable to finish him, but then Vegeta tore the original Majin Boo (who was not killed when he was eaten, but rather absorbed) down, causing Evil Boo to transform. In the middle of this, Goku and Vegeta escaped through the holes in his head with Gohan, Goten, Trunks, and Piccolo. Then, Evil Boo finished his transformation into Pure Majin Boo, who, since he no longer had the original Buu and Grand Supreme Kai inside him, looked identical to Majin Buu's original form when he was created by Bibidi.

## Pure Majin Buu Returns

Pure Buu blew up the earth, with only Goku, Vegeta, Mr. Satan, Dende, and Bee escaping the explosion, and Gohan, Goten, Trunks, Piccolo, Chiaotzu, Tien Shinhan, Korin, and Yajirobe were killed in the blast, but Majin Buu (who was on solid ground at the time of the explosion) was merely blown to bits, and came back together. After destroying many planets, he used Instantaneous Movement (a technique he learned from watching Kibito Kai) to get to Other World, where he entered Grand Supreme Kai's planet and fought the already-dead Krillin and Yamcha. He was about to destroy the planet when Goku and Vegeta raised their energy levels to draw him to East Kai's planet, thus saving Krillin, Yamcha, and the other dead people there from being erased from existence.

Using rock-paper-scissors, they determined that Goku should fight Pure Buu. Goku appeared evenly matched with him until he began to lose energy, as he is unused to Super Saiyan 3 while alive. While Goku tried to get back his energy, Vegeta fought Pure Buu as a distraction, despite knowing that if he were to die he would be erased from existence permanently.

Just as Buu was about to kill Vegeta again, Mr. Satan, believing that he was in a dream, started insulting Buu. Buu tried to attack him but got a headache, which was caused by the original Majin Buu to prevent him from killing Mr. Satan. Pure Buu spits out Fat Buu (now known as Good Buu) and attacked Mr. Satan, but Buu Buu attacked Pure Buu and the two Buus fought in a rematch.

While this was happening, Goku was trying to get his energy back, but instead, he lost it all, turning back to normal from his Super Saiyan 3.

## Death

Vegeta then came up with a plan to destroy Pure Buu once and for all. He had Dende, Kibito Kai, and Old Kai go to New Namek and use the Dragon Balls to wish back Earth and everyone who died during the entire Buu arc (except for the evil ones), including Vegeta and Old Kai. Goku began gathering energy from Earth for the Super Spirit Bomb. However, only the other Z Warriors and their friends and family gave up energy, none of the other Earthlings were willing to when Vegeta asked them. Vegeta began fighting Pure Buu, as Good Buu was severely beaten. Goku asked the Earthlings to give up energy. A few of them recognized him and gave up energy, but still, most of the Earthlings thought that Goku and Vegeta were a demon that wanted to steal their souls.

It was at this moment that Mr. Satan, enraged at the Earthlings' refusal to help, asked them to give up energy, and they recognized their hero's voice and gave up energy, believing that it was he who was fighting Buu. However, Pure Buu saw the completed Spirit Bomb and stomped on Vegeta, keeping him near enough to prevent Goku from firing the Super Spirit Bomb and killing Vegeta as well. However, Majin Buu attacked him, and before being knocked away he told Satan to take Vegeta away from the battle. With Vegeta safe, Goku threw the Super Spirit Bomb at Kid Buu. However, the pink menace was able to send the Super Spirit Bomb back at Goku due to Goku's energy having been depleted. After going through every possible option, most of which would not work out, Vegeta told Dende to use the final wish of the Dragon Balls to restore Goku's energy. When Goku found out that his energy had returned, he said he would like for Pure Buu to return as a better person, and sent the

Super Spirit Bomb back at him, completely destroying the evil demon.

## Celebrations with Majin Buu

The original Majin Buu who had split from Evil Buu was able to live on Earth in peace, as **Mr. Buu**, once Goku used the Dragon Balls to erase everyone's memory of him. At one point he even stopped two thugs from robbing a jewelry store. He competed in tournaments afterward, always letting Mr. Satan win in the finals.

## Good Reincarnation of Pure Buu

Hearing Goku's wish for Pure Buu to be reborn into someone good, Lord Enma reincarnated Pure Buu into a human child named Uub, who was a good guy, unlike his previous self. Goku and Uub crossed paths 10 years later at the Tenkaichi Budokai tournament and trained him to be the next defender of the universe as Goku begins to live in Uub's village and becomes Uub's mentor.

## Powers and Abilities

Majin Buu can fly at high speeds, is superhumanly strong and durable, can manipulate pink Ki Energy in many different forms, and has a completely elastic body. Buu's pink Ki is extremely destructive capabilities, able to easily destroy large planets with minimal effort. Along with being malleable, Buu's body can regenerate on a vast molecular scale.

He can conduct pink electricity through his body to shock anyone that touches him. Buu can fire a beam from his head tentacle called the Change Beam that changes anything into food or an object it hits into seemingly anything Buu wants to. Buu has strong telekinetic abilities that allow him to easily levitate an entire city.

Buu can absorb beings into his form and assimilate their techniques and physical attributes. When Buu absorbs a being, they are imprisoned inside his head in pods he calls "people pods". Buu has two different ways of absorbing someone: Buu can either turn them into food and eat them. Or he wraps his goo around them and he adds it to his being. Buu can mimic Ki attacks simply by observing another entity using them.

This is how he leaned for Goku's Kamehameha, Vegeta's Galick Shoot, and Old Kai's Instantaneous Movement. Buu's scream can rip open holes within the space-time continuum. He can use these portals to travel between dimensions and use the scream as a shield (this technique is called the Vice Shout). Buu has a very odd Ki Signature that cannot be measured by normal means.

When I was done they were shocked.

Zarya: They were that evil!?

Me: Yeah they were. Master Goku told me all about Bibidi, Babidi and Majin Buu and how dangerous they were and all that. What they have done is completely unforgivable.

Myotismon: And he turned Vegeta against everyone!?

Lord Drakkon: That's horrible!

Me: Yeah. But I better tell King Kai about this.

Zarya: Good idea.

Me: (Telepathically to King Kai) King Kai can you hear me?

King Kai: (Telepathically to me) I hear you loud and clear J.D. What's up?

Me: I'm afraid we got bad news. We found the cocoon that holds Majin Buu and it's here on Earth in Russia.

King Kai: Oh man! That's not good. I heard that Goku and Hercule helped redeem Majin Buu.

Me: That's what I remember. But this Majin Buu is from another universe. It's a strong possibility.

King Kai: That could very well be the case. I'll have the Supreme Kai head over to confirm it.

Me: Understood.

The Supreme Kai then teleported to me and Zarya.

Kibito Kai: I got your call J.D.

Me: Wow. That was fast. Hello Supreme Kai. Sorry to call you here like this.

Kibito Kai: No worries.

Kibito Kai then looked at the ball and saw that it was indeed Majin Buu's cocoon.

Kibito Kai: This is definitely Majin Buu's cocoon.

Me: I knew it. But this one might be from an alternate universe.

Kibito Kai: Yes it is. This is a Majin Buu from another universe.

Me: Oh man. We can't let Majin Buu come out or it would spell big time disaster for everything in the universe.

Zarya: Good idea.

?: Majin Buu's power will be mine.

We turned and we saw the dark side of Rarity and the Ambassador of Greed, CRAZY GEM!

Me: Crazy Gem!

Crazy Gem: Majin Buu's powers will be mine!

King Hiss: Over our dead bodies!

Me: You don't have any idea how dangerous Majin Buu is Crazy Gem! Bibidi was using him to obliterate all life in the entire universe!

Zarya: Yeah! And he killed 4 of the Supreme Kais!

Myotismon: That's right!

Zarya: I will not let you get Majin Buu's power! His cocoon is gonna be locked away in our vault for safety!

But then a flash of light appeared in Zarya's hand and then a pillar of light formed in her hand and in her hand appeared the Sword of The North Supreme Kai!

Zarya: Whoa! This sword is amazing!

Me: Wow! That's the Sword of The North Supreme Kai!

Lord Drakkon: It chose you Zarya.

Zarya: Wow! It's power is amazing.

Kibito Kai: Wow! The North Kai's Sword. It chose you for a reason Zarya.

Zarya: It sure did. But lets take the fight to another planet just to be safe.

Me: Good idea. I have just the planet.

I snapped my fingers and we were on a storm planet. We were on the planet RIJIXENIA!

---

Planet Rijixenia is a storm planet located in the galaxy M87. It is constantly irradiated by Cosmic Radiation at an unfathomable level and is also irradiated by the radiation from 5 Pulsar Stars. The planet is a desolate wasteland and extremely violent electrical storms rage on all the time.

---

Myotismon: Wow! Look at this planet.

---

Me: Wow. This planet looks wicked.

J.D. 2: Planet Rijixenia. Good choice for the battle.

Me: Wow. This planet looks dangerous and volatile.

J.D. 2: Because it's overflowing with Cosmic Radiation.

Me: Whoa!

---

Nico and his group were all facing THE HAUNTED MASK!

Haunted Mask: You're too late. Even as we speak, the Dark Orb is making copies of me through the entire world. Soon, everyone will be under my control.

Ghuul: Buddy, you are evil!

Nico: We're not gonna let you destroy everyone you freak!

Carly Beth: Yeah! I should've never bought you!

Nicole: And the man who made you is free from you! You should've stayed in the Book of Vile Darkness!

Lola: Yeah you disgusting abomination!

Whiteout, Dai Gui the Demon Sorcerer of Earth, Mysterio, Chalmers, Toiletnator, Ghost, Dr. Polaris, and Absorbing Man then appeared.

Nico: Whiteout, Dai Gui, Mysterio, Chalmers, Toiletnator, Ghost, Dr. Polaris, and Absorbing Man.

Toiletnator: Wow. Looks like you guys have been busy.

Whiteout: No kidding.

Ghost: Looks like you guys found the real Haunted Mask.

Maria: We sure did.

May: Did you guys take out a few masks as well?

Dai Gui: Not just a few. A lot!

Whiteout: They tried to latch onto our faces. But we destroyed them before they could do so.

Chalmers: (to Chuck and Steve) I take it Nico and the others busted you out of the prison you two were at?

Chuck: Yeah it's just for a while.

Nico: We agreed to shave some time off of their sentences for helping us out.

Carly Beth: Yeah.

Nico: Also we totaled up how many masks we took down and we counted up over 237,238 masks.

Whiteout: Whoa! That's incredible!

Maria: No kidding.

Laney: Yeah it was brutal but we just have this mask to take down and the Haunted Mask will be no more.

Brittney: And I found out that if you Hakai the original mask, all the masks will be destroyed with it along with all the masks we missed.

Dai Gui: Clever.

?: It sure is.

A figure came out and it was SCORPIONIC from episode 2 of Samurai!

---

Scorpionic is a scorpion-themed Nighlok. He is armed with a sword and can use his hair to create gusts of wind to attack his enemies. He serves as the main antagonist of the second part of the episode "Origins".

Scorpionic was one of the Nighloks. He was sent by Master Xandred to terrorize the city by causing massive damage and gathering fear from humans. Scorpionic attacked Panorama City and encountered the Samurai Rangers, who he defeated easily. Jayden couldn't defeat him alone. However, the Rangers eventually defeated him with their Spin Sword attacks. He then returned as a Mega Monster, but was finally destroyed by Samurai Megazord.

---

Jayden: Scorpionic!

Scorpionic: Long time no see rangers.

Nico: I remember you all too well. You were the second Nighlok sent by Xandred to terrorize the city.

Scorpionic: That's right. Mistress Vypra was right about you Nico. You have just as sharp a memory as J.D. does.

Nico: Like J.D., I've never missed an episode myself.

Scorpionic: One of the Haunted Masks tried to take over my face before I got here.

Mike: (Samurai) Really? Did it fail?

Scorpionic: (laughs) Let's just say that Nighlok faces aren't good for Haunted Masks.

Nico: I think it might have something to do with the Sanzu River Water.

Scorpionic: That probably is the case.

Eli: Yeah.

Suddenly they sensed an incredibly massive energy signal!

Nico: Whoa! Do you guys feel that?!

Varie: Wow! That energy signal is intense!

Lola: Where is is coming from?

Eli: Look up there!

Everyone saw a yellow light in the sky and it was moving really fast.

Nico: Who is that?

It got closer and closer and they saw that it was Vegeta?

Nico: Is that Vegeta?

Vegeta: How can that be? I'm right here.

Nico: What the?

The Vegeta look-alike landed and they saw that it was another Vegeta. But this one was in his Super Saiyan 2 form and his power was incredible as he had lightning flickering all over the place with incredible fury. But this Vegeta was different. He had an evil-looking black M emblazoned in the middle of his forehead. It was MAJIN VEGETA!

Nico: That black M on your forehead! That's the symbol of Majin.

Majin Vegeta: So you are Bokrua. I've heard many good things about you.

Nico: I can't believe that you would be so blind to your own arrogance that you would serve a monster like Babidi.

Goku: This is not good guys! This version of Vegeta is out to kill me!

Eli: But how are you here and not in the Vegeta we know?

Majin Vegeta: Because of this.

He pulled out a Number Card and it was NUMBER 55: GOGOGO GOLIATH!

They gasped.

Eli: Number 55: Gogogo Goliath! I'll face him.

Nico: No Eli he's too dangerous.

Eli: Trust me. I know what I'm doing. Besides, You all haven't seen my ultimate power yet. But first you better take us to another planet. This is gonna get ugly.

Nico: Right.

Nico snapped his fingers and they were on the planet Glaren.

Eli: Much better. Watch this.

Nico went Super Human.

Majin Vegeta: What the!?

Eli: I'm not there yet. Watch this.

Eli then went Super Human 2 and he had lightning flickering all over him.

(GOKU SUPER SAIYAN 3 THEME PLAYS)

Eli: Now for the ultimate power. THIS IS TO GO EVEN FURTHER BEYOND!

Eli was powering up as he was screaming like a madman and lightning was flickering around him like mad and he was glowing like a star and his power was rising fast at an accelerated rate!

Goku: WHOA MAN!

Vegeta: IT'S UNREAL!

Piccolo: It's unreal! HOW IS HE GENERATING THAT MUCH POWER!?

Nico: Incredible!

Varie: UNBELIEVABLE!

The ground was shaking violently and storm clouds formed above as lightning was striking all over and it was intense! Eli's Power continued to rise at an accelerated rate of incredible magnitude and he was getting stronger and stronger and stronger! Then he screamed and in a massive flash of light, ELI TRANSFORMED INTO HIS ULTIMATE POWER OF SUPER HUMAN!

Eli had longer golden blond hair that went all the way down to his ankles and he had intense lightning flashing and flickering all over him at a massive and incredible level that was mindboggling and his power was so massive that it made Majin Vegeta look like a Low Class Saiyan in comparison! His eyes were now teal green and his power was intensely strong! He was now a SUPER HUMAN 3!

Nico: WHOA!

Trunks: UNBELIEVABLE!

Nunnally: WOW!

Maria Robotnik: HOLY COW!

Varie: WHAT POWER!

Eli: (Deeper voice) Sorry that took so much longer than the others. But I haven't used this form in a long time. I'm now a Super Human 3.

Goku: WOW! His power is incredible!

Vegeta: Unreal!

Piccolo: His power is intense! How did he get this kind of power!?

Goten: J.D. taught him amazing powers unlike anything we have seen.

Ghost: Wow! Eli is talented!

Nico: Lets get the battles started.

They powered up and went at him.

# Terror of the Midnight 13 - Botswana

In our mobile Sky Fortress as we were flying over Africa, me and Lincoln were reading some of Timmy Turners awesome comics. They were for the Crimson Chin.

Me: Wow! Timmy your comics are awesome.

Timmy Turner: They sure are.

Crimson Chin: Boy they are great comics aren't they.

Nico: (to Crimson Chin) Remember when we first met you?

Crimson Chin: You bet I do Nico. It was one of the most awesome adventures we had.

Me: Oh yeah. I remember that.

Eli: That was awesome!

Timmy Turner: It was a long time since we last teamed up.

Me: Maybe not that long. We met after we defeated the Sullen 6.

---

We were in the city of Chincinnati.

Stormy Weather: So this is Chincinnati?

Me: It sure is. Wow! This is one of the first times we've ever been in a comic book.

Nico: It sure is. Wow! This is so cool.

Laney: Yeah it is!

Twilight Sparkle: Last time me and my friends were in a comic book it was for The Power Ponies.

Me: And you are now the Power Ponies too. (Forms a mirror) Look.

Twilight Sparkle and her friends saw that they were all The Power Ponies again!

Fili-Second:

The Power Ponies' scout and speedster. Runs fast, and gets bored faster.

Hum Drum:

The Power Ponies' trusty sidekick. He's been watching this show about friendship and magic lately… it's really inspiring!

Masked Matter-Horn:

The Power Ponies' team leader and tactician. Kinda-sort-of a huge know-it-all.

Mistress Mare-velous:

The Power Ponies' foremost villain-wrangler. With a psychic connection to her lasso, she fights evil as… uh… as uncooperatively as possible, apparently.

Radiance:

The Power Ponies' most bedazzling member. Don't even THINK about asking her to make energy constructs before she gets her mane curled.

Saddle Rager:

The Power Ponies' muscle. Her secret: She's enraged ALL THE TIME. Except when she's sad. Or nervous. Or other emotions.

Zapp:

The Power Ponies' chief thundershaper, stormweaver, and secret princess. KIND of an extremely big deal.

Flaming Mane:

The Power Ponies' chief Flamemancer.

Stellar Starmane

The Power Ponies' chief Starmancer.

Nico: Wow!

Starlight Glimmer: Wow! I look cool!

Sunset Shimmer: Yeah! I look awesome too.

Spike: AWESOME!

Twilight Sparkle: Wow! This is awesome!

Me: It sure is! Wow! The Power Ponies are like Pony versions of The Power Rangers.

Nico: I was just about to point that out. It's so cool!

Laney: It sure is. Wow.

Me: And we go into battle with their archnemesis the Mane-iac on April 12th.

Applejack: Yeah we sure do.

Fluttershy: I can't wait to give that big fat meanie a piece of my mind.

Me: I think all of us can't wait. But right now lets find the Crimson Chin.

We walked around and we saw the Crimson Chin and he just finished taking down his enemy H2Olga.

Jake Spidermonkey: Hi there! Crimson Chin, right?

Crimson Chin: That's right! Cleft my trusty sidekick it's great to see ya and Team Loud Phoenix Storm. It's an honor to meet you all.

Me: You too. It's an honor.

Timmy: How have you been?

Crimson Chin: Just finished battling H2Olga.

Me: Cool! And we saw that battle from afar. She was made of pure water.

Maria: Just like how I was.

Varie: That was awesome.

Nico: It sure was.

Ramjet: You're probably wondering where some of your enemies have been lately.

Crimson Chin: Yes I sure have.

Me: Well they are now part of the Masters of Evil. We have quite a story for you.

We went over everything that happened after the events of chapter 927 and onward and the Crimson Chin was shocked and amazed at the same time.

Crimson Chin: Oh wow! You guys have been very busy.

Me: We sure have been. Your enemies have also been giving us a huge challenge.

Nico: They sure have and it's awesome.

Slingshot: Also, a lot has been going on with Timmy ever since you two last teamed up.

Me: Yeah and some of his enemies are gone. Especially that Crockerfucker.

Laney: Yeah.

We went over everything that happened with them and he was even more amazed.

Crimson Chin: Wow! That's incredible!

Lola: Yeah and Crocker is gone forever.

Lana: And he will stay gone forever.

Me: He sure will.

FLASHBACK ENDS

Me: That was awesome.

Crimson Chin: Yeah it sure was.

Nico: I heard something was going on both in Dimmsdale and in Cincinnati after the Sullen 6 were destroyed.

Me: Oh yeah.

I pulled up the computer and showed what was happening after the Sullen 6 were destroyed. In Cincinnati, Ohio everyone was partying like there was no tomorrow and they were doing a Crocker Is Gone Forever Party. The Same thing was happening to Dimmsdale and his Mother.

Nico: Whoa! It was a huge party.

Me: Yep. Both cities were celebrating and they know it was us that destroyed them.

Eli: Good riddance.

Varie: My thoughts exactly Eli.

Nunnally: Those 6 can be completely forgotten for all I care.

Laney: Especially after we worked so hard to put them away.

Wanda: Like J.D. said a million times Laney sweetie, it wasn't Nico's fault and we were warned this would happen.

Laney: I know. But every time I think about it, it makes me mad. They drove Nico away and nearly destroyed us all emotionally.

Me: I know Laney. It was awful. But the bright side is we never will have to see those monsters or Organization XIII again.

Elena: Thank goodness.

Aylene C.: Yeah thank goodness.

Soundwave: Incoming call from Vin Moosk.

Numbuh 1: (Answers the phone) Hello?

Moosk: (Russian Accent) (On the phone) Comrade Nigel, I need your help.

Numbuh 1: What's wrong Comrade Moosk?

Moosk: Queen Tie has returned.

Numbuh 1 gasped.

Numbuh 1: We're on our way Comrade!

Numbuh 1 hung up and told Nico what's going on and Nico and the rest of the team were off.

Me and Zarya were getting ready.

Me: This is gonna be awesome.

Zarya: It sure is. I've never seen Botswana before.

Me: You're going to love it Zarya.

Whiteout, Dai Gui the Demon Sorcerer of Earth, Mysterio, Chalmers, Toiletnator, Ghost, Dr. Polaris and Absorbing Man then appeared.

Whiteout: Can me, Dai Gui, Mysterio, Chalmers, Toiletnator, Ghost, Dr. Polaris, and Absorbing Man go with you and Zarya this time?

Me: You all sure can. We're going to Botswana.

Zarya: This is gonna be amazing seeing Botswana.

Me: Yep. We're going to the Okavango Delta. One of the most beautiful and most treacherous swamps in the world.

Dai Gui: This is gonna be interesting.

Chalmers: It sure is.

Absorbing Man: We'll have to be very careful when we get there.

Me: Yeah.

Zarya: I heard that it's loaded with amazing animals.

Me: It sure is and the landscape is amazing.

Toiletnator: This is gonna be so cool.

---

In Virginia, Nico and the rest of the team arrived and were by Sector V's old location and they saw Deadpool, Lobo and Grier.

Nico: Hey guys!

Grave Clobber: (to Deadpool, Grier, and Lobo) You guys are gonna help us too?

Deadpool: Damn right! We can't let anything bad happen to our tournament buddy!

Nico: Awesome! Thanks Wade.

Lobo: We're always ready for anything.

Nico: You got that right.

Vince: We're going after the ultimate Queen of Ties.

Nico: Yeah a ruthless tie monster.

Deadpool: Wow! This is gonna tie you up!

They laughed!

Luan: (Laughs) That was funny!

Gari: Yeah it was! I thought it was funny.

Princess Luna: Yeah it was.

Nico: Lets get to work.

---

We landed in the Okavango Delta in Botswana. **B W**

---

The **Okavango Delta** (or **Okavango Grassland** ) (formerly spelled "Okovango" or "Okovanggo") in Botswana is a swampy inland delta formed where the Okavango River reaches a tectonic trough at an altitude of 930-1,000 m in the central part of the endorheic basin of the Kalahari. All the water reaching the delta is ultimately evaporated and transpired and does not flow into any sea or ocean. Each year, about 11 cubic kilometres (2.6 cu mi) of water spread over the 6,000-15,000 km2 (2,300-5,800 sq mi) area. Some flood waters drain into Lake Ngami. The area was once part of Lake Makgadikgadi, an ancient lake that had mostly dried up by the early Holocene.

The Moremi Game Reserve, a National Park, is on the eastern side of the Delta. The Delta was named as one of the Seven Natural Wonders of Africa, which were officially declared on 11 February 2013 in Arusha, Tanzania. On 22 June 2014, the Okavango Delta became the 1000th site to be officially inscribed on the UNESCO World Heritage List.

---

Me: Here we are guys. Welcome to the Okavango Delta in Botswana.

It was a beautiful and swampy land.

Toiletnator: Wow! This place is beautiful.

Zarya: Wow! No kidding. It's breathtaking.

Whiteout: It sure is. Wow!

Ghost: (to me) J.D., are you getting a weird sense of déjà vu?

Me: What makes you say that?

Ghost: Just a feeling. Like with what happened in Colombia.

Me: Oh yeah. I am gonna get that feeling shortly.

Zarya: What happened?

Me: Strange story Zarya.

We went out onto the Delta and it was warm and humid. The temperature was 86˚Fahrenheit and it was around 85% humidity.

Nico and everyone were walking to the location where Moosk contacted them.

Divebomb: Nigel, can you tell us about this Queen Tie Monster?

Numbuh 1: I sure can and let me tell you it was ugly and disgusting.

Numbuh 1 went over the Queen Tie's history.

---

The Queen Tie was a giant blue tie living in the abandoned Tieland Shopping Mall.

Abilities

The Queen Tie has the ability to breath ties (just like dragons breath fire), which she used to attack Froggy turned him into an accountant.

History

When Vin Moosk stormed the Mall with his allies Froggy McDougal, Nigel Uno, and Windsor, it was later revealed she had made some kind of deal with Windsor. He would bring her Moosk and she would turn Moosk into an accountant "whether he liked it or not". Queen Tie was destroyed when Moosk fought with it and held her mouth shut as she prepared to unleash her breath. Causing her body to explode towards the end of the episode.

With her demise, the ties Sector V were forced to wear by their school dress code died as well. Apparently, Windsor only needed Queen Tie to make Moosk an accountant again and considered her an "expendable" ally.

She infected Knightbrace and Potty Mouth when they stole her egg from her in Operation: I.N.T.E.R.V.I.E.W.S..

---

When he was done they were shocked.

Nico: Whoa man! That's like meeting the Queen Xenomorph all over again!

Hunter: (German Accent) Ja! Und with a combination of the snake from Anaconda.

Lana: Wow!

Lola: This is gonna be dangerous.

Nico: It sure is.

---

Back in Botswana we were walking around.

Toiletnator: (sees something) Guys, I think I know what the next challenge is!

We looked up and saw a Dimensional Vortex in the sky.

Me: Whoa! A Dimensional Vortex!

Zarya: What is that?

Me: It's like a wormhole that bridges one world to ours. It's a tunnel. But it's also like a black hole and a white hole.

We saw 6 figures come out of it and they were scattered all over the delta.

Me: Whoa! We'd better find out where those figures went to.

Ghost: How are we gonna find them. This delta is huge.

Me: 5,800 square miles. It's gonna be like finding a needle in a haystack.

I looked up where the 6 figures landed on my wrist radar and on the radar it showed that the closest one was 5 klicks northeast.

Me: Closest one is 5 klicks northeast. Lets go!

We went there.

* * *

Nico and team kept on walking.

Laserbeak: We're gonna need a lot of spray starch.

Nico: Yeah and a lot of fire.

Lola: Leave that to me.

Sam S.L.: This is gonna be good.

Paige: Yeah it is!

* * *

Back in Botswana we kept on walking through the marshy swamp.

Me: Really muddy.

?: HELP ME!

Me: Uh oh! Looks like we found one of the figures! Come on!

We ran and we found a girl with red hair and in a kimono like dress and she was up to her shoulders in quicksand. It was Kasumi of Dead Or Alive.

Me: Oh no!

I ran and jumped and spread my wings and flew over to her.

Me: Take my hand!

Kasumi reached and I grabbed it and it was covered in mud but I held on.

Me: I'm not gonna let go.

I pulled and got her out and took her over to us.

Me: Are you all right?

Kasumi: Thanks to you.

Chalmer: (to one of the girls) Excuse me, miss. What's your name?

Kasumi: My name is Kasumi. Thank you so much for saving me.

Me: You're welcome Kasumi. My name is J.D. Knudson, Leader of Team Loud Phoenix Storm.

Kasumi: Oh wow! It's such an honor. My friends came with me. We got sucked in through that vortex.

Me: That was a Dimensional Vortex. It's a wormhole that bridges your world with ours.

Zarya: Yeah it's strange.

Kasumi: I see. Where am I?

Me: You're in the Okavango Delta in Botswana in Africa. One of the most treacherous swamps in the world.

Kasumi: That would explain how I got here. My friends are all over this place.

Me: I had a feeling we saw them come out with you.

?: (In the distance) HELP ME!

Me: Lets go!

We followed the cries for help and found Hitomi. She was up to her neck in quicksand.

Zarya: Hold on!

Zarya spread her wings and flew out over to her and grabbed her hand and pulled her out.

Hitomi: Oh thank you.

Zarya: You're welcome.

She brought her over to us.

Kasumi: Hitomi thank goodness.

Me: Wait a second, aren't you the girls from the Dead Or Alive World Combat Championship?

Kasumi: Yes that's right.

Me: Oh wow! That is an awesome tournament.

Zarya: What is the Dead or Alive World Combat Championship?

Me: It's a very widely known International Fighting Tournament. It's like the World Martial Arts Tournament that Master Goku told me all about.

I told them about it.

---

The **Dead or Alive World Combat Championship**, more commonly known as the **Dead or Alive Tournament**, is an international fighting tournament held by the Dead or Alive Tournament Executive Committee. The story of the *Dead or Alive* series revolves around the events of the tournament and those who enter to fight. Origins and the First Tournament

The tournament was originally created by Fame Douglas, the former head of DOATEC. He had planned the event just as that; a tournament where fighters from all over the world can compete for the title as champion and a vast amount of money.

The first tournament saw Kasumi make it to the final to face Raidou, who she was seeking to fight in the first place for previously crippling her brother Hayate.

Kasumi managed to damage Raidou; however, Raidou was too strong for her. Then, Ryu Hayabusa came to help Kasumi and damaged Raidou enough for Kasumi to kill him. In the end, Kasumi won the tournament but was captured under the orders of Victor Donovan to be used for Project Alpha.

The Second Tournament

Shortly afterwards, during the climax of the second tournament, it was revealed that a tengu had escaped from his own world, bent on the destruction of everything. Ryu eventually defeated him, winning the second tournament. Fame Douglas' heir, Helena Douglas, also entered the tournament, to investigate and track down the one who murdered her mother.

The Third Tournament

A third tournament was staged as a normal martial arts tournament but it was really a testing ground for the genetically-engineered warrior Omega, created by DOATEC after experimenting on Genra. Fittingly, given that Omega was originally her adoptive father, Ayane was the fighter to defeat him.

The Fourth Torunament

During the fourth tournament, with all the antagonism aroused by

DOATEC, the Mugen Tenshin Ninja Clan, led by Hayate seeked for revenge, after all the dirty work DOATEC had created. Hayate, Ayane, and Ryu went to stop DOATEC, with a reluctant Kasumi following them to try and stop them. The clan succeeds in destroying DOATEC and its headquarters tri-tower but, in the end, it was Helena who self-destructed the building. Helena won the tournament, but she gave the title to Zack who saved her when DOATEC fell.

The Fifth Torunament

Helena restored DOATEC and held the fifth tournament two years later, sending Zack to recruit fighters to join. Kokoro, Hitomi, Leifang, Jann Lee, Eliot, Mila, Tina, and Bass (disguised as "Mr. Strong") all entered. In the end Jann Lee won the tournament with Hitomi as runner-up. But Jann Lee disappeared before Zack could officially crown him champion. The tournament was also notable as being the debut of Honoka, who during the second match of the fifth division of the Asian quarters accidentally used her powers on Thomas Blake, her challenger, which got her disqualified (though she had no memory of the incident), which ultimately caused problems later on.

---

Zarya: Wow! That is amazing.

Hitomi: It sure is! And we have a lot of fun in those tournaments.

Whiteout: Wow.

---

Nico and group arrived at the abandoned Tieland Shopping Mall. It was an abandoned mall that was closed down years ago.

Brawl: This must be the place.

Numbuh 1: Yes this is it. The Tieland Shopping Mall.

Nico: This place was closed years ago.

Numbuh 3: Ooh I don't like it.

Numbuh 362: It gives me the creeps.

Laney: It sure does. Lets head in.

They went in and it was a creepy place and danger was all over the place.

---

In Botswana we rescued Leifang, Sayuri, Ayane and Misaki too and they were grateful.

Dr. Polaris: Okay, you're going to kick my ass for this but… (shows a picture of Rinoa Heartilly, Kairi, Yuna, Tifa Lockhart, Rikku, Payne, and Yuffie together) Tell me if you know these girls.

They looked at the picture and they growled ferociously.

Hitomi: You bet we know them!

Leifang: And we hate their fucking guts!

Kasumi: They humiliated us!

Me: Wait a second! I think I remember seeing you girls fight each other on a Youtube Video that I saw on the internet long ago.

I pulled up said video and it was called Dead Fantasy 2 and it showed the Final Fantasy Girls and all of the Dead Or Alive girls going at each other with extreme brutality and they were pulverizing and blasting each other all over the place and showing incredible skills and more and they were really fighting.

Kasumi: That's us all right!

Sayuri: Wow!

Ayane: We really went at them.

Me: No kidding and that is one of my favorite videos. But if I may ask why do you hate them?

Kasumi: We wanted to show our superiority!

Zarya: That sounds like a petty reason.

Me: Yeah. You girls are all really powerful enough as you are. You have amazing skills and talents. You and the girls of Final Fantasy put up an incredible and valiant fight and that shows that you all are really strong.

Misaki: Thanks J.D. That means a lot.

Leifang: Yeah coming from you that means a lot.

Me: You're welcome.

* * *

Deep in the mall Nico and the team saw Moosk fighting some tie snakes and blasting them all over with spray starch.

Nico and everyone then blasted the ties all over with fire and energy.

Indigo Zap: Hey there, Moosk! We interrupting something?

Moosk: No you made it just in time.

Nico: Comrade Moosk it's good to see you again.

Moosk: Same to you Comrade Chan.

Numbuh 1: Same here Comrade Moosk.

Lincoln: Looks like we're gonna have a lot of fun.

Laney: And blast these ties all over.

Lola: Yeah they act like snakes.

Lana: I love snakes but I would never have a tie for a pet.

Nico: Me neither.

Moosk: Good to know comrades.

* * *

Mysterio: Before you girls decide whether or not you want to bury the hatchet with the Final Fantasy Girls, can I summon some Aeroplane Heartless robots to search for anymore people trapped in quicksand?

Me: Go for it Quinton.

He did so.

Me: Girls I'm sorry you have a deep seated hatred towards the girls of Final Fantasy but I promise that you all will be good friends. Mai Shiranui is with us.

Ayane: Mai is with you all?

Me: Yeah Lincoln rescued her from Quicksand when we were at the beach.

Zarya: It's true.

Kasumi: Wow. That is amazing.

Me: It sure was. Lets get you all cleaned up.

Hydro Man then appeared.

Hydro Man: I can help with that.

Me: Thanks Morris.

Hydro Man sprayed them with water and the mud came off and the girls had awesome and amazing clothes on.

Me: Wow.

Zarya: Nice outfits.

Kasumi: Thank you.

Leifang: They are beautiful huh?

Hitomi: Yeah they are.

---

In the mall, Nico and everyone was walking down the hall.

Vice: The Queen Tie's just at the end of that hallway.

Nico: I sense it.

Laney: Yeah I feel it.

Crysta: Me too. She sounds dangerous.

Nico: Just like the Xenomorph Queen. Awful monster.

Lola: And ugly too.

Lana: Yeah and scary.

---

Absorbing Man: So, are you girls willing to become friends with the Final Fantasy girls? Also, can you tell me if I can absorb anything around here?

Kasumi: Well it's gonna take a while for us to forgive them but we'll try. Since you and Zarya saved us.

Me: Good. And if things get out of hand we'll stop you.

Leifang: Thanks J.D.

Hitomi: We are forever grateful to you for saving us.

Me: Think nothing of it girls.

?: (Malevolent laughter)

Me: Uh oh.

A dark rainbow swooped in and out of it came the dark side of Rainbow Dash and the Ambassador of Treachery, BLACK RAINBOW!

Me: Black Rainbow!

Zarya: WHOA!

---

In the next of the Queen Tie they saw THE QUEEN TIE! She was a massive and huge aqua blue with purple spots tie and she roared ferociously!

Nico: That is one huge tie!

Varie: And her breath from what I was told is just as bad!

Eli: And she is ugly too!

?: We'll see who is ugly.

A figure came out and it was WINDSOR - Vin Moosk's former boss!

---

**Windsor** is the son of Vin Moosk's former boss at Accounting and Son (Windsor being the "son" in "Accounting and Son") and a villain in *Kids Next Door* .

Windsor pretending to be a "tie hunter" in order to make Moosk an accountant again. He tried waiting for Moosk to slip up. But found out that Windsor made a deal with the Queen Tie who lived at Tieland Shopping Mall, to lure Moosk to Tieland, where she would use her breath to turn him into an obedient employee again.

Windsor reveals his true agenda and ordering the Queen Tie to attack Moosk and Numbuh 1, intent on bringing Moosk back to work, and even making Numbuh 1 another one of his father's "yes-men", the latter being rather illegal due to child labor laws.

However, they managed to make him to fall to the ground. Subsequently, Numbuh 4 was unable to call for help as Sector which reawakens his rebellious tie-hunting personality. Windsor on the other hand eventually becomes a Teen Ninjas member.

---

Numbuh 1: Windsor!

Windsor: Nigel Uno. It's been a long time.

Rage Mage: You rotten kid. You were waiting for us to take Father out so you could make your move, weren't you?!

Nico: You know this kid Nigel?

Numbuh 1: Unfortunately yes. He was responsible for bringing Moosk here so he can force him to work for him again. He also wanted to make me work for him!

Nico: That's against Child Labor laws!

Windsor: Maybe so but it was worth the effort. Father couldn't do it and now I will too.

Nico: You're gonna get a major league butt-kicking. Do you have any idea how dangerous Father was? He was going to wipe out the entire future of the human race by killing all the kids everywhere.

Numbuh 1: Yeah Windsor and that included you!

Lana: Yeah you fiend! We're not gonna let you get Moosk!

Laney: The only way for that to happen is over our cold dead bodies!

Lynn: YEAH!

Windsor: That can be arranged!

Zs'Skayr, Killer Shrike, Radioactive Man, Gizmo, Mammoth, Stinky Butt, Deker and Mumbo Jumbo appeared.

Nico: Zs'Skayr, Killer Shrike, Radioactive Man, Gizmo, Mammoth, Stinky Butt, Deker and Mumbo Jumbo.

Zs'Skayr: Sorry we're late.

Maria: Relax. You guys aren't late at all.

Killer Shrike: This place looks like a jungle.

Radioactive Man: Yeah. A jungle full of ties.

Gizmo: (to Windsor) Hey, barf brain! You know how many ties we had to kill on the way here! (shudders) So many!

Nico: And they will all burn with the Queen Tie.

Lola: Yeah!

Sam S.L.: I never liked ties.

Indigo Zap: Me neither. I got fed up with them the moment we stopped going to Crystal Prep.

Lemon Zest: And thank goodness for that.

Laney: SpongeBob, George Beard and Edd wear ties and so do some of our friends and we're not complaining about that.

George Beard: That's true.

Edd: I usually wear my tie at school.

Nico: Professional.

?: It sure is.

A figure came out and it was SKYFISH from episode 11 of Megaforce!

---

**Skyfish** is a mosquito/fish-like Toxic Mutant that assisted Distractor and Vrak.

He was one of the phantom creatures summoned by Distractor alongside Hisser, Psychotick, Mummy, Kesaran, and Gremlin. He didn't appear as an illusion, but later appeared as a real monster due to Vrak powering up Distractor with the Wild Sword. He was destroyed along with the other monsters by the Ranger's Ultra Power Dynamic Strike.

---

Troy Burrows: Skyfish!

Skyfish: Been a while rangers.

Nico: I remember you all too well. You are one of the Phantom Creatures summoned by Distractor and you were also one of the first ever monsters to be destroyed when the Megaforce Rangers used their Ultra Mode for the first time. That was epic!

Skyfish: It sure was. That was amazing.

Nico: It sure was.

SKyfish: (to the Megaforce Rangers) Is this my first battle against you Rangers by myself?

Troy Burrows: It sure is and it's gonna be awesome.

Gia Moran: Yeah it is!

Emma Goodall: And we can't wait.

Nico: This is gonna be awesome. Lets get it on!

They powered up and went at them.

---

Me: Black Rainbow. I had a feeling you would be next.

Black Rainbow: (to the Dead or Alive girls) If you girls want payback on Kairi and the other Final fantasy girls, you're on the wrong side. Join me and my friends and I promise, you girls can have your revenge. But you stlll have to kill Knudson and his pals.

Dai Gui: Even if they did join you, you'll still lose!

Me: That's right! You are nothing but a treacherous worm Black Rainbow! Your fight is with me.

I then took off my trench coat. The girls of Dead Or Alive were gawking at me muscular body and were having nosebleeds.

Me: This is gonna get rough guys. And the speed I'm about to show is gonna be epic.

I dropped my coat and it crashed onto the ground with a thunderous thud.

Dai Gui: Whoa!

Ghost: Geez! Suzaku wasn't kidding about the weight of your trench coat J.D. That is amazing!

Me: It sure is. I only take off my coat for opponents that are fast. But also I'm wearing these.

I pulled up my pant legs and they saw that I was wearing heavy weights on my legs.

Dai Gui: Weights too? Whoa!

I took off the weights and dropped them to the ground and they too crashed to the ground with a huge thunderous crash!

Me: That feels good! Now lets get this party started.

Zarya: Wow! How much weight did he have on there?

Kasumi: That is amazing!

Sayuri: J.D. must have incredible strength to lift up that much weight on him.

Dai Gui: This is gonna be good.

Me: Now for me to get it on!

I snapped my fingers and we were on the massive gas giant planet XIMMORGANJIA!

---

Planet Ximmorganjia is a gas giant planet located in the Unknown Zone. It is a huge planet that's 515 trillion kilometers or 320,006,164,002,227 miles in diameter, making it one of the largest known planets in the universe. It has the most violent storms of any known planet in the universe and hurricanes the size of whole solar systems at 29 billion miles wide rage on it and they are planetwide storms. It has the most electrically charged storms in the universe and lightning strikes all over at 1/10,000th of a second. The planet also has numerous smaller planets obiting around it and is a huge mini-solar system. Lots of planets orbit it and most of them have life.

---

Zarya: Whoa! Look at this planet!

Me: Amazing!

J.D. 2: Wow! Planet Ximmorganjia. Good choice.

Me: Thanks.

Black Rainbow: It will be the perfect place for your death.

Me: We'll see about that.

I then went at Black Rainbow with incredible speed and kicked her in the face!

Mammoth: I agree on that. And I see that the experiment J.D. is doing for this group has the Founders of the Justice League.

Superman: It sure does and it's a great theme idea.

Batman: J.D. has come up with many ideas over the years and they are interesting and intriguing.

Wonder Woman: They sure are and I think it's amazing.

Martian Manhunter: I am mostly inclined to agree on that one.

John Stewart: Very artistic and well created too.

Flash: Yeah man and awesome.

Hawkgirl: I'll say. It's awesome.

Brawl: Agreed on that.

Swindle: Same here.

Mammoth: Lets do it!

---

Stinky Butt the Foul was next.

Stinky Butt: (to Loki Loud) Is Carly Beth happy that her nightmare is over?

Loki: She is but she has been crying non-stop ever since we got back to the Sky Fortress.

Crag: Yeah the poor girl is so traumatized and Allenby is with her to help her out.

Chunk: I don't know what the haunted mask did that caused her such a horrible experience but it was terrible.

Rip: Yeah the poor girl has been through a nightmare.

Slab: No kidding. Not just because of Chuck and Steve but also that mask.

Powdered Toast Man: Yeah the poor girl.

Waffle Woman: And I thought Tara and Kate Lloyd had it rough.

Stinky Butt: Yeah that's awful. But I'm amazed to see Powdered Toast Man and Waffle Woman together. Usually you two would be fighting all over like a married couple having a fight.

They laughed.

Waffle Woman: Yeah we would wouldn't we.

Gloriosa: It's part of an experiment for J.D.

Indigo Zap: And it's a genius one too.

Ren: Yeah I think it's a great idea.

Stimpy: Me too Ren.

Stinky Butt: It's a great idea. But I hope that Carly Beth gets better.

Deker was next.

Deker: (to Ruby) Why are the Midnight 13 only attacking JD and Zarya but not us?

Ruby Rose: I think because they are the strongest and most powerful out of us all. Zarya was made temporary Leader during the whole scuffle with Organization XIII and J.D. is the leader of the whole team.

Deker: That could very well be it.

Weiss Schnee: And I hope the Midnight 13 get what's coming to them. So far J.D. and Zarya and all the members of the Masters of Evil that you send to them have all been doing a great job.

Blake: I agree. They sure have.

Deker: Thanks. That means a lot.

Yang: You're welcome.

Dew Gayl: But the Midnight 13 have been proven to be formidable adversaries to them.

Jaune Arc: You said it and the way they fight is phenomenal.

Nora Valkyrie: It sure is. Wow!

Pyrrha: Yeah it's amazing.

Lie Ren: Oh yeah it is.

Emerald Sustrai: Yep.

Vice: But they will be beaten.

Skallox: They sure will.

Arkayna: What do you mean by that?

Rinoa: Oh no. You don't think the challenge in Botswana involved THEM do you girls?

Yuffie: Not cool.

Kairi: Oh no.

Aqua: I got a bad feeling.

Stinky Butt: Those ties I'm okay with.

Mumbo: And not a moment too soon!

Windsor tried sneaking away but Breaker grabbed him by the back of his shirt.

Nico: Where do you think you're going?

Grier: (to Windsor) Windsor, you're in huge trouble.

Me and Zarya fired a massive blast of energy and it formed into the Samurai Shark Gigazord and smashed Black Rainbow Down.

Black Rainbow: I'm not done yet!

But suddenly, she felt a sharp feeling on her chest. Looking down, she saw Scorpion's tail had stabbed her through the chest. As Scorpion removed his tail, Black Rainbow fell down through the clouds of the planet dead. She was obliterated because of it.

Scorpion: (to the Dead or Alive girls) She's dead, okay? We're not gonna be seeing her again. Also, Kairi's married to Sora now.

Kasumi: Really?

Scorpion: Look, you girls may not like her at the moment. But at the very least, you should be happy for her.

Hitomi: I agree.

Me: Nice one Mac.

Scorpion: Thanks J.D. and wow you were really fast with all that weight off you.

Me: Yep. I only save that kind of speed for someone who's really fast.

Zarya: Wow.

Me: Yep.

We were back on Earth and got 1st in the race.

We all later got back to the Sky Fortress and we saw the Final Fantasy Girls and the Dead Or Alive girls all glaring and growling at each other ferociously and looking like they are all about to kill each other.

Nico: Uh oh. I saw this on Youtube. They fought brutally against each other with everything they had and beat the living shit out of each other. And from what I remember they hate each other!

Me: Oh man!

Varie: This is not good!

Me: Girls enough!

They looked at me.

Me: I know you hate each other for what happened back then but the past is the past. It's time to let it go.

Rinoa: You're right.

Kasumi: Yeah.

They apologized and forgave each other.

Nico: That was easy.

Me: Yep.

Laney: Wow.

Me: Next up is Kazahkstan and we're gonna be in for a fun adventure there.

Zarya: Cool!

Moosk: (To the viewers) Hope you loved this adventure comrades. I know we all did.

Me: Yep.

We went to Kazahkstan.

TO BE CONTINUED…

---

Part 5 complete.

Next up is Kazahkstan and we're going to face the dark side of Pinkie Pie who is the Ambassador of Insanity, PINKIE DARK!

See you all tomorrow.

# Terror of The Midnight 13 - Kazakhstan

At the World Tree Estate, tensions were rising fast as the Dead or Alive Girls and the Final Fantasy Girls were glaring at each other with extreme hatred. They still haven't gotten over the humiliation they were dealt when they fought the first time. As Stygian, Aqua, and Kairi went down, they saw the Final Fantasy Girls arguing with the Dead or Alive girls.

Stygian: (noticing Aqua and Kairi's different clothes) (British Medieval Accent) What's with the different clothes?

Aqua: (scowling) Just in case something happens.

Kairi: Because they are arguing.

Kasumi: YOU ARE A BUNCH OF BITCHES!

Rinoa: LOOK WHO'S TALKING! YOU'RE THE ONES WHO STARTED IT ALL!

Hitomi: BECAUSE YOU ATTACKED US FIRST!

Clover: Uh oh.

Rarity: This is bad darlings.

Yuna: AT LEAST I LOOK GOOD YOU FUCKING BIMBO!

Ayane: SAYS THE FAT COW THAT COMES FROM A LINE OF STUPID MAGES!

Yuna gasped in Rage!

UH OH! CRUEL!

Aqua: OKAY THAT IS IT!

Kairi: ME AND AQUA HAVE HAD IT UP TO HERE WITH YOUR ARGUING!

Casper noticed that Kairi's skin was starting to turn green while Aqua's skin started turning blue.

Casper: Uh oh. I know those transformations!

Aqua: I THOUGHT YOU GIRLS MOVED PAST THIS GRUDGE! I GUESS WE THOUGHT WRONG!

Sunset Shimmer: EVERYONE BRACE FOR THE ROAR!

They braced and hid behind furniture!

Kairi and Aqua turned into Rayquaza and Kyogre and roared ferociously!

Laney: Wow!

Sora: That is my awesome wife and sister.

Tsuki: So cool!

They scared the living daylights out of the Dead Or Alive Girls!

Nico: You need to stop this pointless arguing now! What happened in the past should stay in the past!

Kasumi: (starts to cry) We're so sorry about this!

The Dead or Alive girls started crying before running out of the Estate after taking the elevator.

Nico: (to the others) Let's give them some time to cool off.

Varie: Yeah. But that was clever.

Twilight Sparkle: Wow! You girls can turn into Pokemon?

Kairi: We sure can.

Aqua: It's really awesome. J.D. gave us this kind of amazing power.

Rinoa: It sure is neat though.

Namine: It sure is. Next to turning into sharks, we can also turn into awesome Pokemon.

Pinkie Pie: That is the Coolest thing EVER!

---

In the mobile sky fortress, Me and Zarya were heading over to Kazakhstan for the next part of the Ridonculous Race.

The phone rang and it was a holocall from Nico.

Me: Hey Nico.

Nico: Hey dude.

Me: How have things been so far?

Nico: Well we had a little problem with the Final Fantasy and the Dead Or Alive girls.

Me: Oh man. Let me guess, they got into a verbal catfight and Aqua and Kairi scared them by turning into Pokemon and they ran off.

Nico: Yeah that's right.

Me: Well just give them some time. They will come around.

Zarya: Yeah just be patient.

Nico: Okay. Next up is Kazakhstan right?

Me: Yep.

Nico: Cool! We'll have to see what is next for the challenge. See ya round.

Me: Later.

The call clicked off.

---

Skydive went to find the girls.

In the park, The Dead Or Alive Girls were sitting on a bench crying and they were greeted by none other than the dark side of Pinkie Pie and the ambassador of Insanity, PINKIE DARK!

Pinkie Dark: Well? Are you girls ready to join us?

Ayane: (sadly) Well, we don't have anything else to lose.

Skydive saw this in his jet mode. He transformed into robot mode and landed on the ground.

Skydive: What are you girls doing? Are you seriously going to join the Midnight 13?

Ayane: (tears in her eyes) We're sorry, Skydive.

Ayane runs up a wall spinning, leaps off it and does a dive kick at Skydive, knocking him to the ground.

SMASH!

Skydive: OUCH!

Pinkie Dark then turned the 6 Dead or Alive girls into Mega Pokemon!

Kasumi was a Mega Raichu, Hitomi was a Mega Meganium, Leifang was a Mega Flareon, Sayuri was a Mega Vaporeon, Ayane was a Mega Jolteon and Misaki was a Mega Charizard.

They vanished.

Skydive: Oh no.

Skydive went back to the estate and told Nico everything.

Nico: Oh man! So they were taken by Pinkie Dark!

Lincoln: This is not good!

Rinoa: Oh man! This is all our fault. We let our anger over past events get ahold of us.

Varie: Don't go beating yourself up girls. Besides J.D. and Nico knew that fight was coming.

Laney: Yeah it's not your fault.

Yuna: They were turned into Pokemon now and they are after J.D. probably.

Nico: I know.

Brawl & Chain: We'll have to worry about Kasumi and her friends later. We just got an alert about another one of Randy's enemies.

Varie: Which one?

Nico: The Disciplinarian is causing trouble.

Eli: Who is the Disciplinarian?

Nico: Not much is known about him other than the fact that he is an android that loves making people suffer. He lives on an island located in the middle of Lake Superior.

Randy Cunningham: That's right. It's called Detention Island.

Randy told them everything.

---

Detention Island is an island that used to be a top-secret military prison and now is used by Experimental Punishment System for kids who get detention.

The kids are led through the island by the Disciplinarian, a hologram, to an air pad on top of the mountain. In order to redeem themselves, each kid has to solve a problem based on his or her skills and what he or she got detention for in the first place. For example, Bucky has to answer geology questions because he skipped science class to watch a daylight meteor shower (it ended up being a flock of geese).

However, if the Disciplinarian discovers that there's cheating going on, like bringing the Ninja with them (although unintentionally on their parts), he makes the challenges even harder and calls it Death-tention Island. Instead of Morgan having a little dance-off with the Disciplinarian, she has to dance for her life. The more difficult challenges are still possible to defeat, though, like Bash succeeding by shooting Bucky through a fiery ring. The Disciplinarian becomes very aggressive after the Ninja interferes with the challenges for Bucky and Morgan, and gets worse as the cheaters continue through the island with success. Finally, he uses his robot form to attack Howard for his challenge, but the Ninja steps in and destroys him.

---

They gasped in shock when he was done!

Laney: Oh man! So it's a mixture of Alcatraz, Escape from Alcatraz and The Island of Dr. Moreau!

Twilight Sparkle: That's awful!

Nico: No kidding. Kasumi and the girls went off and now we got a goddamn renegade robot running amok and killing people left and right.

Eli: He will be sent to the scrap yard.

Rainbow Dash: You guys will have to take this one on without me. Me, Nicole and Daring Do have been called in by Don to help J.D. and Zarya over in Kazakhstan.

Nico: All right. Have fun guys.

Nicole: We will Nico. I hope Kasumi and the girls will be all right.

Daring Do: Me too.

Rainbow Dash: Same here.

They flew off to me and Zarya.

In the Mobile Sky Fortress, Me and Zarya were getting ready. Stinky Butt, Mumbo, Radioactive Man, Gizmo, Killer Shrike, Mammoth Deker and Zs'Skayr then appeared.

Stinky Butt: (to me) Can me, Mumbo, Radioactive Man, Gizmo, Killer Shrike, Mammoth, Deker, and Zs'Skayr go with you guys this time?

Me: You all sure can. Next up is Kazakhstan and we're gonna be in for an awesome adventure there.

Zarya: I wonder what's going to be the challenge when we get there?

Me: I don't know but I'm really excited!

Zarya: Me too!

Nicole, Daring Do and Rainbow Dash then appeared.

Nicole: Hey dad, hey Zarya!

Me: Nicole, Daring Do and R.D.! Wow!

Don: Glad you all came. We're going to Lake Kaindy to do an awesome and amazing challenge. It's something I call Treasure Hunt Maelstrom.

Me: Cool! We're gonna go underwater to hunt for treasure in Lake Kaindy!

Nicole: So awesome! And luckily I came prepared for this one.

Nicole pulled out a map.

Nicole: This is a map to the Legendary Lost Treasure of Ivan the Terrible.

Me: Ooh!

Daring Do: That will be interesting.

Nicole: It sure is and this is another treasure that I was searching for since I was a little girl.

Me: Whoa! That's cool!

Rainbow Dash: This is gonna be so awesome!

---

Nico and group were at the city of Randy Cunningham.

Randy: Thanks for agreeing to help me and Howard with this, guys.

Pacifica: No problem, Randy. Anything for a friend.

Nico: This is gonna be a tough one. I can't believe that a robot is killing people left and right.

Vegeta: Tell that to the Androids when we faced them Bokrua.

Nico: Right I remember that.

Darcy: I can't believe this robot is that dangerous and look at me, I'm a cyborg.

Twilight Sparkle: Wait you are a cyborg Darcy?

Darcy: I sure am Twilight. This happened because I was in an accident.

Nico: Oh wow! I remember that.

Sunset Shimmer: That is amazing.

Goku: It sure is.

---

Radioactive Man: (to me and Rainbow Dash) You don't really think Kasumi and her friends will help Pinkie Dark kill us, right?

Me: I'm trying not to think about that. But after what Nico told me what happened at the estate, I have a feeling that will probably be the case. Pinkie Dark is the total opposite of Pinkie Pie and she represents Insanity.

Rainbow Dash: Yeah and she is bad news.

Zarya: Geez

Stinky Butt: Man she is one dangerous fiend!

Me: No kidding.

Rainbow Dash: Yeah. Nicole can you tell us more about this long lost treasure?

Nicole: I sure can. This treasure is said to be the Accumulated fortunes and treasures of all the Tsars of Russia that were collected over the course of 300 years. But when the 1911 Kebin Earthquake ravaged the area and formed Lake Kaindy it was said to have been lost forever and buried underground at the lake floor.

Zarya: Whoa!

Daring Do: How strong was that earthquake?

Nicole: 7.7 on the Richter Scale. The earthquake formed a huge dam that blocked off the water and formed Lake Kaindy. That's why there are trees in the lake that are sticking out of the water like sore thumbs.

Zarya: Amazing.

Me: Wow!

---

Howard: (to Lynn, Lori, and Lola) Are you girls really mad at Kasumi and her friends?

Cree Lincoln: I'm not mad at them, in case you were wondering.

Lori: No we aren't mad at them. I actually have a confession to make.

Nico: What is it?

Lori: Me, Lola and Lynn loved that video The Final Fantasy and Dead Or Alive Girls were in.

Lynn: Yeah! Dead Fantasy was awesome and it was so cool!

Lola: It sure was and I thought Rinoa looked really amazing with wings as a permanent feature.

Rinoa: I'm honored that you all think that.

Tifa: Yeah we were awesome in that video.

Yuna: We sure were. But I feel guilty that we were fighting.

Payne: We have to make it up to Kasumi and the girls.

Nico: We'll have time for that later on when we get to it.

Killer Shrike: If I know treasure, there's probably going to be some traps.

Nicole: There might be. But according to what I've read they didn't want that treasure to be heavily guarded back then.

Xerneas: We're here guys.

We landed in Lake Kaindy, Kazakhstan. **K Z**

Me: Here we are guys. Welcome to Lake Kaindy, Kazakhstan.

Rainbow Dash: Wow!

Daring Do: Wow! This lake is beautiful.

Nicole: It sure is.

Zarya: Wow! You weren't kidding. There are trees in the water and they stick out of it like sore thumbs.

Me: Yep. That was because it was a forest around here 110 years ago.

Nicole: Until the 1911 Kebin Earthquake caused a rockslide that formed that dam and blocked up the water and flooding this area.

Me: Yeah.

Nicole: According to the map, the place to find the treasure is right by the edge of the southwestern side of the dam underwater.

Me: Looks like we're going underwater.

---

Nico and his group arrived at Detention Island and it was a scary and freaky island that had a cow skull shaped rock formation.

Concrete Man: I think this island might still have some active traps.

Nico: Then we had better be careful and watch our step.

Nico saw a leaf covering and threw a rock and it went through the leaf cover and they saw that it was a pitfall trap.

Nico: Whoa! A pitfall trap.

Octavia Melody: (British Accent) Not good.

Lincoln: Look what the bottom was lined with.

They saw that it was lined with spikes!

Laney: We'd have been shish-kabob!

Lola: No kidding. But maybe we can use these.

Eli: I have a feeling I know what you are gonna do.

Eli used the force and pulled out some of the spikes and gave them to them for use.

Nico: Nice work buddy.

Eli: Thanks Nico.

Laney: Cool.

* * *

Mammoth: Is there going to be food in this challenge? Because I'm honestly getting hungry.

Me: Hmm. We'll have to make some. I don't see any berry bushes or fruit trees around here.

Zarya: Yeah we are hungry.

Me: Leave this to me.

I fired a beam of light from my forehead and it hit the great and a Meat Tree grew! It had huge bones with meat.

Mammoth: WOW!

Me: Dig in!

Mammoth ate like there was no tomorrow.

* * *

Elec Man: Okay. Let's try not to set off anymore traps. (steps on a floor panel) Oops.

Nico: Uh oh.

Logs on vines came swinging at them!

Sakura H.: I got this!

KRASMASH! KRASMASH!

---

We were underwater in the lake.

Zs'Skayr: No sign of any traps yet.

Me: Just stay alert though.

We went down to the floor of the lake at 1,300 feel down and Nicole was looking for a hatch or anything out of the ordinary.

Nicole: Wait.

Nicole saw what looked like a hidden panel.

Nicole: I think I see something.

She went over and saw that it was a hidden switch. She pressed it and the ground rumbled and rocks fell from the dam and we got out of the way as we fell and then we saw a hidden tunnel on the floor of the lake.

Me: Wow! Lets go.

We swam down the tunnel and came into an air pocket and in the air pocket was a massive and incredible treasure! We found one of the most incredibly awesome treasures from over 300 years! It was a treasure that was the ultimate King's Ransom! There was gold, jewels, scepters, swords, daggers and more!

---

Dive Man: (to Randy) So, are you and Theresa planning to get married soon?

Randy: We're not ready for that yet. We've only started dating.

Nico: Yeah it's too early for that Dive Man but we have plenty of time to wait till then.

Dive Man: Oh sorry.

Pumbaa: Just be patient though Dive Man.

Timon: Yeah besides we still got that mook of a disciplinarian to destroy.

Nico: You got that right Timon.

---

Gizmo: Look at all this treasure!

Me: WOW!

Nicole: We found it!

Daring Do: This is amazing!

Rainbow Dash: AWESOME!

Stinky Butt: Incredible!

Zarya: Wow!

Rainbow Dash: So much treasure! Rarity would love all these jewels!

Me: She sure would. Lets get all this treasure into scrolls and take it back up to the surface.

Nicole: Good idea.

We got to work and put all the treasure in one scroll and went back up to the surface.

---

Teen Titans Thunder: Randy, are there any other traps we should know about?

Randy: I don't think so. But I see something up ahead.

They looked and saw THE DISCIPLINARIAN! AND HE WAS MAJORLY PISSED OFF!

Disciplinarian: YOU ALL RUINED EVERYTHING RANDY CUNNINGHAM!

Nico: You will pay for your crimes you worthless bucket of bolts!

Disciplinarian: HOW DARE YOU NICO!?

He came at him and Nico kicked him and sent him crashing into the wall of the cliff!

CRASH!

Goku: Nice one!

Kairi: Me, Aqua, Xion, Namine, and the Final Fantasy girls will go to JD's location and help rescue Kasumi and her friends.

Aria Blaze: Are you girls sure?

Rinoa: We got Kasumi and the others into this. Now, we're getting them out!

Living Laser: This is one dangerous island.

Koragg: No kidding.

Yenaldooshi: Thanks for deactivating the traps for us.

Maria: It was our pleasure.

Living Laser: Can't imagine what would've happened if those traps hit us.

Blizzard: (looks around) Where are Kairi and the others?

William: They went to J.D.'s location to save Kasumi and her friends.

Koragg: Well, I wish them luck.

Nico: Not that they need it but I know they can pull it off. Also they are Mega Legendary Pokemon and they can do it.

Molten Man: Wow! That's awesome!

King Shark: You gave them the power to change into Pokemon didn't you?

Nico: I sure did. My powers are evolving.

Eddy: You bet I do.

Jack Spicer: YEAH!

Cybax and Eddy stood in position like in a Wild West Movie.

(THE GOOD, THE BAD, AND THE UGLY THEME PLAYS)

They drew their guns and fired and Spicer and Eddy's blasts hit Cybax and knocked him down.

Luan: ALL RIGHT!

Eddy blew smoke away from the muzzle.

Nico: Nice one! Lets do it!

They powered up and went at them.

In Kazakhstan we got to the surface and dried off.

Mumbo: That was the most easiest challenge in in this race.

Me: (Senses something) We're not out of the woods yet!

We heard insane laughter and out came PINKIE DARK! The Ambassador of Insanity!

Me: Pinkie Dark!

Stinky Butt: I would not want a party from her!

She had the Dead Or Alive girls with her as her Pokemon! But they were more feral!

Deker: What have you done? Kasumi and the others look like they can't control their Pokemon minds at all!

Pinkie Dark: What I'VE done? I'm not the one who pushed them away!

Kairi: No. We are. But now, we're gonna make things right!

Rinoa: And Zarya is gonna make sure you never throw another party again!

Zarya: Your party planning days are over Pinkie Dark!

Zarya unsheathed her sword and went at her and slashed off her wings and horn!

Me: Wow!

J.D. 2: This planet is one of my favorites. Great choice. Tanzanite is beautiful.

Me: Wow! It sure is beautiful. But Tanzanite on Earth is extremely rare now these days.

Nicole: No kidding. But wow.

Deker: Beautiful.

Me: Rarity would love to use tanzanite in her fashions. We'll have to gather some tanzanite for her.

Nicole: Leave that to me.

Flying above the island was Nico and the team.

Nico: This island will never torment anyone ever again. (Charges up an energy blast) It's gonna be nothing but a crater. BIG BANG ATTACK!

Nico fired an energy ball and it hit the middle of the island it exploded with incredible power!

***KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

The massive mushroom cloud from the explosion could be seen for miles.

Krillin: Wow! What power!

The crater filled in with water.

Nico: That's the end of that island.

Laney: Yep.

Randy Cunningham: (To the viewers) That was AWESOME! Hope you all loved this adventure.

Nico: And we can't wait for the next.

The Disciplinarian was put in the Mercury Prison and the Dead Or Alive Girls were back with us and back to normal and they had new clothes and so did the Final Fantasy Girls. They had the power to turn into Pokemon at will now. They apologized to the Dead Or Alive Girls and all was forgiven.

TO BE CONTINUED…

Part 6 done.

Next up for part 7 is Croatia and we're in for some beautiful fun there. Also Nico and the team are going after Sibini from Xiaolin Showdown.

See you all tomorrow.

# Terror of the Midnight 13 - Croatia

At the World Tree Estate, Nico and everyone were watching TV and having fun with card games.

Hunch: Okay, I'm not going to mess around. Who wants to check up on Carly Beth?

Nico: Well we all should go.

Kasumi: I don't know how much longer I can stand seeing her cry like this.

May: And to make matters worse she is drowning herself in ice cream.

Rarity: Isn't that a bit over-dramatic?

Rainbow Dash: Rarity we've seen you eat ice cream whenever something happens to you.

Applejack: Yeah she does have a point.

Nico: Oh boy. Lets go.

They went up to her room and found her crying her eyes out and she was eating 12 containers full of ice cream.

Leela: 12 scoops of ice cream? Not a good sign.

Nico: 12 containers full of ice cream you mean.

Leela: Oh sorry. But man I feel sick just seeing this.

Emerald Sustrai: I don't know how much more I can stand seeing her like this.

She was also listening to somber opera music and had the lights off.

Nico: Okay this has to stop.

Applejack turned the lights on.

Applejack: Okay Carly Beth this has to stop.

Allenby: Yeah Carly Beth your nightmare is over.

Carly Beth: (Crying) It still hurts so much! (Eats ice cream)

Kate Lloyd: Carly Beth, I know just how you feel.

Kate sat by her.

Kate Lloyd: Carly Beth, remember all the pain I went through because of my tragic and gruesome ordeal with The Thing?

Carly Beth: (Crying) I sure do.

Kate Lloyd: Yeah. When I first encountered it I couldn't sleep for days and I couldn't eat or do anything. All I could do was cry because of how scared I was.

Nico: That was horrifying for Kate. I know how you feel too Carly Beth. When I killed Ken the first time I could not get over myself. I was so traumatized as a result. Same with Slappy the Dummy. It was awful. But thanks to J.D. and everyone they helped me conquer my past and helped me get better.

Carly Beth: (Sniffles) I remember that. That was awful.

Nico: It was. We are always here to help you because we're your friends and we care about you.

Sabrina: That's right. You and I have known each other since we were in kindergarten. Don't throw your friends away because you're scared.

Carly Beth: (Sniffles) Okay.

Blast Off: Why don't you share that ice cream with our mascots?

Tentacool: Or better yet how about we do this?

Tentacool threw a pie and it hit Horsea in the face.

SPLAT!

Horsea: WHY YOU!?

She threw a bunch of pies and it hit Manaphy, Poliwag and Poromon in their faces.

SPLAT SPLAT SPLAT!

Moe: (Laughs) Hey that is funny!

Curly: Wonder what flavor those pies are.

Moe: Fist flavor.

BONK!

Moe hit Curly on his head.

Curly: (Growls) See that? (Holds his fist out)

Moe slapped it and it swung around and hit Larry on his head.

BONK!

Larry Fine: OW!

Carly Beth was laughing hysterically!

She was all better and laughing funny.

Fireflight: Feel better, Carly Beth?

Carly Beth: You bet I am!

Curly: Aren't you glad she's better Moe?

Moe: I sure am.

Larry Fine: We sure cheered her up.

Moe: What do you want me to do? Kiss ya?

Larry Fine: Well…

SLAP!

Moe slapped Larry on his head.

Moe: Get outta here.

They laughed some more.

---

Later Nico called me at the Sky Fortress.

Me: That's great news Nico. I'm glad Carly Beth is better.

Nico: Me too man. So you're heading over to Croatia next.

Me: Yep. Croatia is beautiful.

Nico: It sure is. And the waterfalls there are awesome.

Me: You bet they are. Not sure what the challenge is but I bet it's gonna be awesome.

Nico: Cool. Well have fun.

Me: You know I will.

The call clicked off.

Varie the came.

Varie: Nico you better have a look at this.

Nico was showed footage of something.

They saw the footage of Lori spraying graffiti all over the police station.

Nico: Is that Lori?

Teresa: (to Lori) Lori, I get that you, Lola, and Lynn are the most violent of the Loud Kids against bad guys. But I never thought you'd do this!

Lori saw the footage. She saw herself writing GO FUCK YOURSELVES on the walls of the Police Station in Purple Paint!? WHAT THE FUCK IS GOING ON!?

Lori: I don't remember doing that!

Nico: Hmm. That's unusual. I believe you Lori.

Eli: Lori is telling the truth Nico. Something made her do this. The Force is telling me that an evil force caused Lori to do that.

Nico: Uh oh.

---

Back on the Sky Fortress, Yenaldooshi, Living Laser, Blizzard, Koragg, Molten Man, King Shark, and Evil-Lyn appeared.

Man Boy: (to me) Can me, Yenaldooshi, Living Laser, Blizzard, Koragg, Molten Man, King Shark, and Evil Lyn go with you guys?

Me: You all sure can and we're going to Croatia.

Blizzard: Awesome! I love Croatia. It's home to so many beautiful waterfalls and many places that are beautiful.

King Shark: It sure is.

Zarya: I can't wait to see it.

Me: You guys will love Croatia. It's home to the famous Skradinski Buk waterfall, Mreznica River Waterfalls and the Great Waterfall in Plitvice Lakes National Park in Rastovača.

Zarya: Wow!

Living Laser: Those falls are so beautiful and they are very popular swimming spots.

Molten Man: They sure are.

Zarya: Yep. And I saw the waterfalls in pictures and they are beautiful.

Me: Yeah they are.

* * *

Nico was having Lori stay in her room for safety.

Nico: Lori, I'm not going to jump to conclusions here. But until further notice, you're confined to your room.

Roxas: I'm surprised you're not getting reckless and angry about this.

Nico: Well, J.D. would've done that. But he's not in charge right now. Besides, just because Lori threatened to send me to the Warp out of anger during the battle against Organization XIII doesn't mean I should do the same to her. (To Lori) No offense.

Lori: None taken. But yeah. Thanks for looking out for me.

Nico: No problem.

Roxanne: You want me to stay with mommy just in case.

Nico: If you want to Roxanne.

Roxanne: Thanks.

Roxanne went in with Lori and Kirby accompanied them.

* * *

Living Laser: What's the challenge this time?

Me: Don found out that there are still Members of the Organization running amok.

Koragg: What Organization?

Me: Oh right some of you don't know about this. They are just called the Organization. They are the dangerous enemies of the Huntik.

Blizzard: I think I've heard about them from Dark and how you beat them before. Can you tell us about them?

Me: I sure can.

I went over their history.

---

The Organization, which was formed in the year 1959, is one of the primary adversaries of the Huntik Foundation. The Organization's goal is to dominate the world through subterfuge, strong-arm tactics, and raw, brutal power.

History

Simon Judeau, under the mysterious alias of "the Professor," left the Huntik Foundation and founded the Organization practically overnight in 1959 through the use of Araknos' mind control abilities. S1E24 The Organization was led from his headquarters, Organization Central, in Prague, Czech Republic, and was used as a front to further his evil ends of seeking out the Legendary Titan of Immortality, Overlos. source?

After the fall of the Professor, the Organization was taken over and led by Wilder, who always used dirty tricks and hated to get his hands dirty. S2E27

Grier later took over the Organization by taking Wilder as a hostage on Sutos Island. Grier believed in order more then dominance and was a very honorable man, so the current goals of the Organization may have changed. S2E46

Members

DeFoe, Grier, and Rassimov were once among the Organization's top operatives under the Professor, attacking wherever and whenever the Professor wished. The Organization scientist, Klaus, created the Teknonomicon. After the Professor's defeat, two top Organization members, Stack and Hoffman, served Wilder.

A typical Organization operative is underhanded, ruthless, and cruel.

He or she follows orders as long as it's advantageous but will quickly betray any leader who shows weakness. Organization teams are often held together by a sense of profit and opportunity.

* * *

When I was done they were shocked and horrified!

Yenaldooshi: Whoa! These guys sound like they are bad news.

Me: Yep and I killed their leader Simon Judeau the Professor.

Zarya: Oh wow!

Me: Yep. And we killed them a while back. You remember that right Zarya?

Zarya: Right I remember.

Molten Man: What was their primary goal?

Me: World domination and to kill the Huntik Foundation.

King Shark: Oh man! These guys ARE bad news.

Me: Yep and they are now labeled as a terrorist organization. With a kill on sight order.

Man Boy: Wow!

* * *

Later at the estate they saw more footage and it was that of Lynn. The footage that we saw showed Lynn throwing eggs at the school.

Batch: Yesterday, it was Lori. And today, it's Lynn?!

Lynn: I honestly don't remember doing that!

Maria: (to Lincoln) Have you and your sisters lost your minds?

May: (to Lori, Lynn, and Lola) Maybe you three have finally snapped!

Eli: May don't! Lynn didn't do this on purpose. The Force is telling me that she was possessed.

Anakin: Eli is right. I sense it too.

Padme: As do I. Some evil force is causing them to do all this against your wills.

Kimiko: Hmm. This is very familiar. I have a feeling I know who and what is behind all this.

Omi: (Tibetan Accent) I do too.

Clay Bailey: It's that mischievous sidewinder Sibini!

Luan: Sibini? Who is that?

Clay Bailey: You would not like this fella.

Kimiko went over his history.

---

Through Chase Young's conversation with the Sibini-possessed Clay we learn that Sibini was last released 1,000 years ago.

"A thousand and one, but who's counting?" Sibini retorted through Clay.

Chase Young also revealed later that Sibini was simply a minor nuisance. Sibini sought to play only minor pranks on others, as the possessed Clay demonstrated by giving Jack Spicer everything from noogies to wet willies.

Personality

At the best of times, Sibini was maliciously causing sophomoric humor through pranks.

Physical Appearances

Often described as a cross between a tarantula and an earwig, Sibini had four eyes, two large, and two smaller ones above the main pair. There were two pointed horns on his head, and lesser pincers on his chin. The upper body was covered in a brown fur that extended over four of his pincer-tipped arms. The abdomen to the dual pronged tail mimicked his horns and were stripped in alternating tones of muted red and yellow. His biped legs were simple, but insect-like in appearance.

Powers and Weaknesses

In order for Sibini to cause mischief, he needed a host (or, possession of a human body). During a Xiaolin Showdown against Kimiko, he was able to morph himself into a bigger, physical state.

The Monarch Wings were the key to no longer needing a host. If he could to use the Monarch Wings, then he would be invincible.

---

When she was done they were shocked!

Nico: So he's a parasitic entity!

Varie: And he mostly does pranks!?

Eli: That is not good. But at least people don't get hurt.

Discord: Yes I know Sibini. He is an embodiment of chaos like me. I too know how he thinks and operates.

Nico: Whoa. And that's right because you too are the embodiment of chaos. But we still get a great laugh out of it.

Fluttershy: We sure do.

---

Blizzard: Let's get something to eat around here. Can't hunt members of the Organization over an empty stomach.

Me: True. When we land we'll have time to eat.

We landed in Croatia.

Me: Here we are guys. Welcome to Zagreb, Croatia. **H R**

We were in the capital city of Croatia and it was incredible.

Living Laser: Wow! It's amazing.

Yenaldooshi: It sure is beautiful.

We went to a local restaurant and got some food.

Double D: Maybe I can use my armor to scan all of us for any traces of mind control.

Lola: (scoffs) I doubt that's going to work.

Zilius Zox: You have to admit. Something weird's going on here. So unless you've got a better plan, I'm all for it.

Edd turned on his armor and scanned the team.

Nico: Kimiko how did you guys beat Sibini before?

Kimiko: He has to be imprisoned in a powerful Shen Gong Wu called the Mosaic Scale and it has to be combined with the Monarch Wings.

Raimondo: I have the Mosaic Scale right here.

He pulled out the Mosaic Scale.

Nico: Oh man. He must've crept into the estate when we weren't looking. Can we kill him?

Kimiko: No he's a spirit.

Lincoln: Oh great.

Nico: Uh oh. Where did you find the Monarch Wings?

Omi: They were in a Geyser Field in Russia.

Nico: The Valley of Geysers in the Kamchatka Peninsula.

Zarya (Overwatch): (Russian Accent) Very well known site there comrades.

Andropov: (Russian Accent) And very famous too.

Edd was scanning all of them and then Nico saw that Lola had Sibini's eyes and had her fire powers ready!

Nico: Double D look out!

Lola blasted him and his armor protected him!

Eli had Lola suspended in the Air with the Force.

Clay Bailey: Caught you red handed Sibini!

Eli: Get out of Lola right now!

Then Nico's Dark Orb detector went off and he saw that Sibini had a Dark Orb on him!

---

In Croatia, we were eating a great lunch.

Molten Man: Dark told me that the members of the Organization also use Titans.

Me: They sure do and so do I. The Huntik use amazing spirits. You saw some of them in action before.

Molten Man: Right I remember! You have that awesome phoenix, Lok has Quetzalcoatl, Sophie has Sabriel and so on and so on. Those are so awesome!

Me: Yeah it is.

Yenaldooshi: I never saw the spirits myself but I heard they are awesome.

Living Laser: They sure are.

Zarya: J.D. gave me Jirwolf and it goes perfect with me as the

Master of The Wolf.

Blizzard: Wow.

Me: You guys will love seeing the spirits and titans in action. They are awesome.

---

Sibini: (through Lola) Good to see you again, Spicer. Though I was hoping to also run into your Dark Side.

Matoombo: Maybe we should get him here right now. It'll make things a lot easier for us!

Jack Spicer: You have a lot of nerve doing what you did to me!

Sibini: You are not the only one!

More Sibini's came and they went for the rest of the Loud Kids and Jedi and Eli stopped them in mid-air with the Force.

Eli: Lola sorry to do this to you but that Dark Orb in him has to be destroyed.

Eli pulled out Sibini with the Force and fired a blast of Force Lightning at the REAL Sibini and destroyed the Dark Orb and everyone got a massive power boost as the other

Sibini's were destroyed.

Nico: Sibini we can't fight in here. This is our home. Let us fight in the Kamchatka Peninsula where the Monarch Wings are at.

Sibini: Okay. You have a deal.

Spicer: No tricks till we get there.

Nico: Lets go!

They were off to the Kamchatka Peninsula. Lola woke up and she was disoriented and in Varie's arms.

Lola: (Groans) What happened? I feel like I was run over by a train.

Varie: Ugly story.

---

Later back in Croatia we were searching for members of the Organization.

Me: Keep your eyes peeled for anything.

Yenaldooshi: I see a Redcap Titan. Let me take it on.

Me: Go get him Yenaldooshi.

He fired a sonic blast and destroyed it.

I fired an energy wave at the member of the Organization that summoned it and killed him.

Me: You Organization fuckwads picked the wrong day to resurface again!

Member: It's J.D.! Kill him!

They fired Augerfrost blasts at me and I deflected the blasts back and they hit them and blew their heads off.

Me: Take that!

Zarya slashed a bunch of Organization members with her sword.

We collected their spirits as trophies.

---

Nico and group arrived in the Kamchatka Peninsula in Russia and were in the Valley of Geysers.

Nico: Here we are guys. The Valley of Geysers.

Laney: Wow! It's beautiful.

Nicole: It sure is. Wow! This place is loaded with geothermal activity.

Dark Spicer then appeared.

Stewie: Hey, Dark. We were just talking about you 5 minutes ago.

Dark Spicer: So I go out on patrol in this area and this is what I find.

Nico: Yeah and we have an old foe you and Spicer know.

They showed him Sibini.

Dark Spicer: Sibini!?

Sibini: Dark Spicer in the flesh.

Dark Spicer: How can this be!?

Nico: Ugly Story.

They went over everything.

* * *

King Shark: I see a Mindrone Titan. Can I eat it?

Me: Go for it!

King Shark went and chomped on the Mindrone Titan and destroyed it.

Me: Watch this guys. RISE! LEGENDARY TITAN OF REBIRTH - PHOENIX!

A massive vortex of fire exploded out and out of it came the magnificent firebird of legend, PHOENIX!

Yenaldooshi: WOW!

Blizzard: Oh that is amazing!

Living Laser: That is awesome!

Zarya: And here's mine. MATERIALISE! JIRWOLF!

Out of a vortex of stars came the Star Wolf JIRWOLF!

Blizzard: WOW!

Molten Man: That is amazing!

Man Boy: So cool!

Phoenix fired waves of fire and incinerated many Organization members.

---

Dreamcatcher: Guys, let's get the Monarch Wings before Sibini does!

Nico: Right!

Eli ran fast and got the Monarch Wings.

Eli: Got them!

Eli ran back and they were now in Nico's possession.

Nico: Now to take this parasitic mischief maker down!

Leonard, Waffle Woman, Black Adam, Calamitous, Eccentro, Raven Branwen, Brain Freezer, and Heat Wave then appeared.

Nico: Leonard, Waffle Woman, Black Adam, Calamitous, Eccentro, Raven Branwen, Brain Freezer, and Heat Wave.

Black Adam: Glad to see you all here.

Raven Branwen: Glad you all are all right.

Alice Gehabach: Did you guys hear what happened through the news?

Leonard: We sure did.

Waffle Woman: And don't worry about the mess that Sabini made. We cleaned it up.

Eccentro: Even though it took an hour.

Heat Wave: (sees Sabini and laughs) That's the shrimp that's been causing so much trouble. He doesn't look so tough!

Nico: Don't let his appearance deceive you. He possessed Lori and Lynn and made them do all that stuff.

Bart Simpson: And they were really good pranks.

Frozen Fright: But at least no one got hurt.

Bart Simpson: Yeah. Also Lynn's prank reminds me of the time we egg all of Springfield from the Duff Blimp. (Bart Simpson Comic #68)

Lynn: I read that in the comic and it was so cool!

Homer: You read our comics Lynn?

Lynn: It's a hobby.

Lincoln: I thought you said Comics were boring.

Lynn: I was wrong Lincoln. I like the Simpsons Comics and they are so funny! I get a great thrill out of them.

Lincoln: NICE!

?: Comics are fun huh?

A figure came out and it was PUZZLER from episode 9 of Dino Charge!

---

**Puzzler** is a super-intelligent maze-themed outlaw who is enlisted by Fury to aid him. He is rather forcefully convinced to do so due to his master's constant threats and, unlike most of his comrades, prefers to settle his conflicts rather peacefully through board-gaming, rather than fighting, especially chess, his favorite game.

Puzzler initially plays chess with Wrench at Sledge's warship, winning every single time. They are, however, bluntly interrupted by Fury, who demands their assistance in order to revert the banishment he has just suffered.

While Fury and Wrench work within the building at a laboratory with very old machinery in order to try and charge the Ptera Charger, Puzzler is stationed outside to keep anyone from entering. The Dino Charge Rangers catch up to him, but are eventually trapped in a maze by the outlaw, who then relaxes by drinking some juice and taking some sunshine, even putting on orange sunglasses. Fury is initially upset, but upon learning the Rangers are ensnared, he concedes and leaves to find the Zord.

Riley beats Puzzler at his own game due to his logical mind and releases his comrades to beat him. Koda fights Puzzler as the others destroy his Vivix and then finishes him with his Dino Morpher Blast (consisting of his Stego Charger and Tyler's T-Rex Charger), but the Rangers are horrified when the Ptera Zord starts attacking. After Fury had badly beaten the Dino Charge Megazord, Para-Raptor formation, Sledge takes advantage of the situation by using the Magna Beam on Puzzler to ensure the destruction of the Rangers. Unable to deal with both the Zord and Puzzler at once, the Rangers power up thier finisher and the outlaw is finished off due to the Zords' combined might with the Para Zord Fireball Finish shooting him into the air and him being obliterated by a bolt of lightning.

---

Tyler Navarro: Puzzler!

Shelby: Oh man.

Nico: I remember you! You trapped the Dino Charge Rangers in a gigantic maze.

Nicole: And you play really great board games.

Puzzler: Thanks and I'm glad you remember what I can do.

Nico: Not to brag but that was so awesome.

Tyler Navarro: You're not gonna fight us in a maze like before are you?

Puzzler: (to the Dino Charge Rangers) I prefer something unique to this battle.

Shelby: What would that be?

Puzzler: Simple. I challenge you Rangers as well as your group to a life sized game of chess!

Nico: OOH! Chess is fun.

Apple Bloom: I love chess.

Vince: Me too. It builds up strategical playing.

Nico: It sure does.

Tyler Navarro: You're on!

?: And it will be the last game you play.

Another figure came out and it was SIMON JUDEAU THE PROFESSOR!

---

**Simon Judeau**, otherwise known as **the Professor**, was the cruel and devious founder of the Organization. The Professor was motivated by the desire to heal himself of a curse in conjunction to his past with Metz, Dante Vale, and father of Lok Lambert, the famous and legendary Seeker, Eathon Lambert. The Professor's signature Titan was Araknos, the Legendary Titan of the Mind. He was also one of the most powerful enemies that the Huntik team had faced.

He serves as the main antagonist of the first season of the 2009 animated TV series *Huntik: Secrets & Seekers* .

He was voiced by Mike Pollock who was famous for voicing Dr. Eggman from Sonic X and Sonic Boom and Garbageman from TMNT 2003.

History

In the 1950's, when Simon Judeau was a teenager, he was a member of the Huntik Foundation and the mentor of a young Eathon Lambert. The young Judeau worked along with Metz and Eathon to fulfill many missions and to discover several Titans; within the group, Judeau served as the brains, Metz as the muscle, and Eathon as the intuition.

Upon discovering the location of the Legendary Titan of Mind, Araknos after a year's search, Simon entered the temple and put on the Ring against his team's advice and against the warning inscription. Instantly, Simon was cursed and had to be hospitalized for several years because the effects of the curse were beyond the abilities of Huntik Foundation magic and medicine. During this time in 1958, Eathon remained a loyal friend and was by his side everyday. When Simon was well enough to walk again, he escaped and left his Titan, Dendras, behind so that Eathon could bond with it. Eventually Simon made a deal with Araknos that would allow him to live on for sometime until he found a cure for his ailment, without informing anyone Simon vanished.

Simon eventually started the Organization in 1959 using the mind control abilities of Araknos. Judeau also falsified the history of the Organization, so as to make it seem as if the Organization had existed for years when in reality it was a relatively new company. While beginning the Organization, Simon attempted to gain the help of Eathon but he rejected his offer. With the creation of the Organization, Judeau donned the alias of the Professor.

After discovering that Eathon had found the resting place of the Amulet of Will, Simon hunted him down with five of his best operatives. Eathon managed to escape by faking his death, jumping off of a waterfall in Peruand using the power of the Nexus beneath the waterfall to escape to Huntik, the Spirit World.

After Eathon's disappearance, the Professor sought after Eathon's journal, which held clues which would lead to the Amulet of Will and the other two Legendary two Huntik Foundation members,Dante Vale and Lok Lambert, managed to uncover and bond to Behemoth and Tao, respectively, the Professor used his wiles to claim them as his own.

The Professor was then confronted by the Huntik team in his castle. Though the Professor managed to invoke the Legendary Titan of Immortality, Overlos, Dante used the power of Archwarder to disrupt the Professor's control of Overlos so that Lok could use Dendras' power to control Overlos and to command him to open a portal and take the Legendary Titans back to the Spirit World of Huntik. Defeated, the Professor found himself caught by the webbing of Araknos and was also taken into Huntik by Araknos' web after a failed attempt to save him by Lok Lambert and Dante Vale. Like Eathon, the Professor currently resides in Huntik.

---

Sophie Casterwill: (British Accent) Simon Judeau!

Nico: Oh no! The Professor!

Lok Lambert: I thought he was dead.

Professor: I am very much alive and back to get my revenge.

Maria: Don't even try to mind control us!

Professor: (laughs) Don't make me laugh. I don't intend to control you fools. I just want you dead!

Dark Spicer: Don't worry, guys! Hank Scorpio, the Wrecking Crew, and Whiger are on their way!

Nico: And in the mean time I will face this monster. J.D. killed him before and I can kill him again.

Eli: But how did you come back?

Professor: With this young one.

He pulled out a Number Card and it was NUMBER 86: HEROIC CHAMPION - RHONGOMYNIAD!

They gasped!

Eli: Number 86: Heroic Champion - Rhongomyniad!

Nico: Now you will pay the ultimate price for your crimes Simon!

Nico and the team powered up and went at them.

---

Evil-Lyn: (to an Organization member) I think you'll find that my powers are greater then yours.

Evil-Lyn fired magic blasts and blew the member apart.

Me: Take that!

We got some of their spirits they stole.

Me: Nice. It's like shooting monkeys in a barrel.

Zarya: These Organization Dirtbags deserve to die.

?: Just like everyone else that was forgiven.

A figure came out and it was the Ambassador of Punishment and the dark side of Sunset Shimmer: SOLAR SHIMMER! She was killing numerous criminals that were in jail for minor crimes.

Me: SOLAR SHIMMER!

Solar Shimmer: I'm going to punish all the criminals here and nothing will stop me.

Koragg: We might punish criminals as well. But we don't go too far like you're about to!

Me: That's right Solar Shimmer! You will pay for your crimes!

I went Super Angel-Ebonwu-Phoenix 500,000,000 and snapped my fingers and we were on the surface of The Sun! Luckily we were in a giant force field to protect ourselves.

Me: (Divine Echoing Elemental Voice) **You will pay for your crimes Solar Shimmer.**

Solar Shimmer: I'm what the world needs!

Me: **Bullshit! You are just a ruthless criminal with no heart!**

I went at her.

---

Rainbow Dash: Yeah thank goodness. Bart Simpson enjoyed the pranks though.

Storm Rainbow: He sure did and they were awesome.

Teresa: Me too.

Arpeggio: (British Accent) Me too.

Leonard: Indeed. Lets do it!

Batman: As a matter of fact yes it does.

Pinkie Pie: Who are the Ophidians?

Batman went over their history

---

The Ophidians were a race of humanoid snake-like creatures that lived on Earth thousands of years ago and are the main antagonists of the 2-part episode "Eclipsed" of the Justice League cartoon series.

Past

The Ophidians, snakes who walked like men, fought mankind over domination of the planet. They worshiped the moon and preferred the dark over the light. Mankind was winning the battle, and eventually drove the Ophidians to near-extinction. In desperation, the last remaining Ophidians performed an arcane ceremony during a lunar eclipse, sending their souls into a dark gem later dubbed the Heart of Darkness. Anyone who held the crystal would become possessed by the Ophidians' spirits and driven to destroy mankind. Mophir's people dedicated their lives to guard the crystal from falling into the wrong hands.

In the 21th century, human soldiers found the Heart of Darkness and overpowered Mophir, the last of the guardians of the temple. Burns, who had taken the crystal, learned of nuclear weapons and tried to use them, but failed. However, he managed to give the crystal to General McCormick, who had just overseen development of the AFD. Learning of the Justice League, the possessed McCormick drew them to a power plant, where he managed to give the Heart to Wonder Woman. She stole the AFD and smuggled it aboard the Watchtower, handed the Heart to J'onn J'onzz, who unloaded the device before giving the crystal to John Stewart.

Having learned of the Heart from Mophir, Flash began using a light-inducing gemstone Mophir had given him on the League, but the possessed John destroyed it. He was subdued and dropped the crystal, but Hawkgirl

shattered it with her mace, causing it to explode into shards. The shards became embedded within the skin of all the Justice Leaguers-save the Flash, who was fast enough to avoid the shards.

In addition to hunting the uninfected Flash, the Ophidians who were inside of the League members sent the AFD into the Sun, which would destroy it and doom human kind. However, Flash was able to drive the shards out of the Leaguers with a searchlight, and the Justice League subsequently created a wormhole which drained the damaged matter away from the sun. What happened to the shards is unknown, but they were likely collected and stored away by the League, in order to prevent the Ophidians' legacy from ever resurfacing.

---

When Batman was finished everyone gasped in horror!

Solar Shimmer: If I go down, you're going down with-

Solar Shimmer was cut off when Doctor Octopus started strangling her with one of his metal tentacles. After a few seconds, the metal tentacle snapped her neck, killing her as her corpse fell to the ground.

Doc Ock: (I'm about to obliterate Solar Shimmer's body) Wait. Let's keep her corpse around. We can study it to gain an advantage in the April war.

Me: **Good thinking Doc.**

Zarya put Solar Shimmer's body in a body bag and I powered down.

Me: That's it for her.

We were back in Croatia and we got first place. Next up was Sri Lanka and we are gonna be in for a fun adventure there.

Clay Bailey: (To the viewers) Be careful and never do pranks like those that Sibini did.

Nico: You said it.

Part 7 done.

Sri Lanka is next and Midnight Sparkle is gonna be up next.

See you all tomorrow.

# Terror of the Midnight 13 - Sri Lanka

In Middleburg, Nico and everyone on the rest of the team was showing Twilight and the Girls all over the city. Everyone hadn't visit Penn Zero and friends ever since the War with The Royal Defenders ended.

Silver Banshee: (Scottish Accent) Welcome to Middleburg, girls.

Twilight Sparkle: Wow! Middleburg is amazing.

Sunset Shimmer: Wow it sure is.

Fluttershy: It is amazing. I can't wait to see what it's like here.

R.D. Me: And I have to apologize for everything that happened to them in my universe because of what Sindri Myr made my friends do.

Nico: Right I remember that. But if they go on the offensive for you and your friends we'll stop them.

R.D. Me: Thanks Nico.

Lincoln: It really has been a while since we were here.

Nico: I know. I wonder how Penn and his friends are all doing since we sent Rippen to prison.

Varie: We'll find out.

Eli: We sure will. J.D. and Zarya are all in Sri Lanka next and that is gonna be so cool!

Lana: It sure is.

Syd: There are so many awesome animals there.

Laney: There sure are and I heard that the temples there are amazing.

Lisa Simpson: They are are. The Buddhist temples there are phenomenal.

Lola: Wow!

They arrived at Penn's house and saw that he and Sashi were having a great picnic in their backyard.

Nico: Hey guys.

Penn: Hey Nico! Everyone!

Sashi: Long time no see guys.

Nico: I know its been a long time. Sorry to interrupt your fun.

Penn: That's all right.

Lynn Sr: Sorry we haven't been visited you in a while, Penn.

Penn: No worries.

Nico: How have things been for you since we saw you last?

Penn: Really busy. And things are now much better since Rippen is now in prison forever.

Nico: Great.

Penn and team saw the Royal Defenders out and about.

Penn: Why are the Royal Defenders out?

R.D. Me: Well there's a strange story behind it. I'm the Royal Defenders true leader J.D. Knudson.

Sashi: You're J.D. too!? But he's all the way over on the other side of the planet.

R.D. Me: I know it's confusing but I'm actually from the very universe that the Royal Defenders are from. And there is a reason why they went bad. Ever heard of the Chaos

Sorcerer, Sindri Myr?

Penn: No I haven't.

Hunter: (German Accent) You would not like this guy.

Hunter told them all about him and what he is capable of and how dangerous he was.

---

**Sindri Myr** was a Chaos Sorcerer of the Alpha Legion, and the main antagonist of the original *Dawn of War* campaign who came to the world of Tartarus under the cover of an Ork invasion with the Alpha Legion warband commanded by the Chaos Lord Bale to search for a powerful Chaotic artefact known as the *Maledictum* .

During his time on Tartarus, Sindri used his potent psychic powers to subvert the Blood Ravens Librarian Isador Akios to the service of Chaos, in return for the promise of enhancing his psychic abilities so that he could become a more powerful Librarian. Sindri himself killed, or had the Chaos Space Marines under his command kill, numerous Imperial citizens, Imperial Guardsmen, Space Marines, Orks, his own Traitor Marines, and even his own commander Lord Bale, to accumulate blood sacrifices for Khorne, the Blood God. After gaining the *Maledictum* he chose himself as the new host for the Chaotic relic's powers, transforming into a Daemon Prince who was subsequently vanquished by Captain Gabriel Angelos of the Blood Ravens Space Marines, thus providing the last sacrifice required to release the Bloodthirster Greater Daemon from the *Maledictum* .

---

Sashi: Whoa man!

Penn: So it was because of Sindri Myr that they did all that.

R.D. Me: Yeah and it was awful. I was trying to do everything I can to save the Royal Defenders from themselves. But they put me in a power neutralization crystal and incapacitated me.

R.D. Lori: We're so sorry you went through all this.

Penn: It's all right. Now we know it wasn't all your fault.

R.D. Lincoln: So, are we cool?

Penn looked at R.D. Lincoln for a second…

POW!

Before punching him in the face.

Penn: (smirks) NOW we're cool.

Sinnertwin: Can't say any of us didn't see that coming.

R.D. Lincoln had a nasty black eye.

Nico: Yeah. (Whistles) Nice shiner.

R.D. Lincoln: Okay I deserve that.

Penn: Sorry but you had it coming.

Nico: You know I'm such an idiot! I completely forgot that the Royal Defenders version of J.D. is still J.D. nonetheless and he was with us the entire time!

R.D. Me: It's not your fault Nico. Anyone could've missed that.

May: Yeah that was easily missed.

Nico: Oh.

Sashi: By the way Nico we heard about everything that happened to you with the battles with Organization XIII and the Digimon Emperor. Are you alright?

Nico: Yeah I'll be fine. Thanks for your concern.

Salem: He is much better now and he has me as his guardian angel.

Penn: Whoa! Who said that?

Nico: That was Salem.

Ruby Rose: Long story on that.

Penn: Wow.

Streetwise: So, Penn. Have you and Sashi gone on any dates lately?

Penn: We sure have and they are awesome.

Nico: Cool.

May: So adorable.

Rarity: I think so too.

Nico: The reason we came was to show Twilight and friends around Middleburg.

Pinkie Pie: And it's a really amazing town.

Penn: It sure is. Where's J.D. and Zarya?

Nico: J.D. and Zarya are over in Sri Lanka. They are competing in the Ridonculous Race.

Sashi: Wow! We saw that all on TV and that was so cool!

Penn: Yeah it is!

Nico: And we're rooting for them all the time.

Penn: I'm glad they are having fun.

Nico: We are too.

Penn and Sashi later went with them to Danville.

---

In Danville, everyone was at Phineas and Ferb's house.

Ravage: Hey, Isabella.

Isabella: Hey, guys. What'cha doin?

Nico: Hey Isabella. Just coming to see you guys. We haven't seen you all in a while.

Phineas: I know but we always keep track of all your adventures. They are awesome.

Ferb: You have grown in numbers since we last saw you.

Nico: I know.

Phineas: (Sees R.D. Me and the Royal Defenders) Wow! Is that the R.D. Version of J.D.?

Nico: It sure is.

R.D. Me: Pleasure to meet you Phineas and your friends too. You have my sincere apologies for what Sindri Myr made my friends do to you and your friends in my universe.

Ferb: Who is Sindri Myr?

Hunter: He is the Chaos Sorcerer of Tartarus from Warhammer 40K.

Hunter told them everything and when he was done they gasped.

Isabella: Whoa man!

Nico: Yeah and the reason why we didn't meet the R.D. version of J.D. during the war was because he was locked in a Power Neutralization Crystal.

Ed Cowart: And when Ben reset the universe, he was freed.

R.D. Me: It's true.

Phineas: Whoa man.

Nico: Yeah that was nuts.

Candace: Thank goodness the Royal Defenders are all back to normal.

R.D. Me: Yeah thank goodness. But you were pampered like a princess because of my friends.

Candace: I sure was. Wow. But where's J.D. and Zarya?

Nico: They are participating in the Ridonculous Race and I'm in charge of the team till J.D. gets back.

Eli: And I've been made temporary 2nd in Command. My name is Eli Winston Bullock.

Candace: Pleasure to meet you Eli. (Sees his scar) (Gasp) What happened to you?

Eli: Oh I got shot defending Maria Robotnik here.

Maria Robotnik: Yeah and Eli is a true hero.

Nico: It's his mark of valor.

Candace: Wow! Eli is a really brave kid.

Nico: He sure is. And he is a great second in command.

Eli: Thanks guys.

In the flying Sky Fortress, Me and Zarya were getting ready for an awesome challenge over in Sri Lanka.

Me: I can't wait to see Sri Lanka. Out of all the places on Earth, Sri Lanka is one of the places that I have not been too.

Zarya: I saw pictures of it and it's magnificent.

Me: It sure is.

Raven Branwen, Leonard, Waffle Woman, Black Adam, Calamitous, Eccentro, Brain Freezer and Heat Wave then appeared.

Raven Branwen: (to me) Can me, Leonard, Waffle Woman, Black Adam, Calamitous, Eccentro, Brain Freezer, and Heat Wave come with you and Zarya this time?

Me: You all sure can. And we're on our way to Sri Lanka. **L K**

Leonard: Sri Lanka is beautiful.

Waffle Woman: It sure is.

Eccentro: I've never been to Sri Lanka.

Me: You all will love it. It's not far from India and it's home to some of the most beautiful Buddhist Temples in the world.

Calamitous: This is gonna be most fun.

Me: It sure is.

---

Back in Danville, a ship landed in front of everyone and an alien came out. It was Meap.

Shanan: Oh wow! It's a Ursanian from the planet Ursus XII.

Meap: That is correct.

Triggerhappy: (sees Meap) Phineas. Who's this?

Phineas: Oh this is Meap.

Meap: Greetings friends of Team Loud Phoenix Storm!

Maria and May squealed and hugged him.

Maria: He's so cute!

Phineas went over his history

---

Meap is an Intergalactic Security Agent who spends most of his time probing deep space for anything that would pose a threat to extraterrestrial order and safety. Though being relatively small and weak by general appearance, Meap possesses sharp wits and remarkable strength. Meap seems to regularly go against the criminal Mitch, sort of like how Perry the Platypus goes up against Dr. Heinz Doofenshmirtz. Over the course of his career, he has faced head-on and overcome countless challenges, eventually leading himself to the respected rank he holds today.

## While on Earth

In the midst of a hot pursuit after Mitch, Meap's spaceship was hit by a stray remote-control baseball from two human beings Phineas and Ferb, damaging it beyond usable condition and forcing it into an uncontrollable crash-course into Earth. Upon crash-landing in their backyard, Meap was an immediate interest to the boys, who were intrigued by his language, his race, and his superficial appearance as "cute". As they began to repair his ship, he set off after Candace, being mistaken by her as a Bango-Ru doll, and went with her to a Bango-Ru convention.

However, because of Meap's unusual behavior, he along with Candace were kicked out of the convention. Candace tried to return Meap to her brothers, but when she met with them along with Isabella in the now-repaired ship, she witnessed them being abducted by Mitch, an extraterrestrial poacher who had been using the ship's radar signature to track Meap down. In spite of the communication barrier standing between Candace and Meap they teamed up with each other and worked in cooperation to reach Mitch's space station. After an ensuing struggle in which the five nearly fell into Mitch's custody Meap managed to subdue Mitch and he was arrested.

## Meap vs. Mitch: Round II

Later on, Meap sought Phineas and Ferb's cooperation when Mitch once again threatened intergalactic peace. Unfortunately for him he was unable to immediately communicate with them due to the absence of a mustache translator. Subsequently, Mitch tracked them down and attacked, forcing them, Candace, and a recently-arrived Isabella to run. In the ship and with the aid of an emergency mustache, he explained to his entourage of a struggle to attain a grail containing an extremely rare chemical long banned from his home planet, known as Cutonium, which would grant its holder absolute dominance over the galaxy. Soon afterwards they embarked on a wild-goose chase into Seattle where they attempted to unearth the grail of cutonium, only to be beaten to it when Doofenshmirtz drank it out of stupidity and was seized by Mitch.

As Mitch headed home to extract the chemical from Doofenshmirtz and use it for his own nefarious purpose, Meap in cold pursuit made a distress call towards his planet's government to alert them of his imminent seize of power and have an armed battalion storm his fortress to try and thwart him. The effort was largely in vain, however, as Mitch was already in control of the cutonium by the time the military had penetrated his fortress and he halted the advance with ease by charming them into a hypnotic trance. He did the same with Phineas shortly later. With the same risk facing Ferb, Candace, and Isabella, Meap challenged Mitch himself, only to be pushed aside by the sheer might of the cutonium. Only when Isabella managed to overwhelm Mitch with her own brand of cuteness was he brought under control. ("Meapless in Seattle")

---

When Phineas was done they were amazed.

Nico: So he's part of an interstellar security devision.

Phineas: Exactly.

Vince: That is so cool!

Fluttershy: I think that is neat.

Nicole: Yeah it is. Fluttershy, Daring Do, it's time for the three of us to go to J.D. for our challenge.

Fluttershy: Okay.

Daring Do: See you guys shortly.

Nico: Have fun.

Nicole: We will.

They teleported.

* * *

Eccentro: What's the challenge this time?

Me: We are going to find a powerful sword.

Nicole, Fluttershy and Daring Do appeared.

Nicole: Looks like we were called in for another treasure hunt.

Zarya: It's some kind of sword from what I was told.

Nicole: It sure is Zarya. It's called the Sword of Aranyani, the Hindu Goddess of Nature. It's a powerful mystical sword said to be blessed by the Goddess of Nature, Aranyani herself.

Me: Whoa!

Fluttershy: That is amazing.

Daring Do: It sure is.

Fluttershy: What does a sword like this do?

Nicole: Legends say that it has the power to control plants and trees and flowers and all that.

Me: Wow.

Zarya: That is amazing.

* * *

Misfire: What brings you here, Meap?

Meap: I need your help with a very important mission. Mitch is back and he is hiding out here on Earth.

Nico: Oh man. Who is Mitch?

Meap: He is a poacher and collector of rare aliens.

Meap went over his history.

---

Mitch, also known as "Big Mitch", is a recurring antagonist from the Phineas and Ferb series, appearing as the main antagonist in the episodes "The Chronicles of Meap" and "Meapless in Seattle".

He is an alien poacher who travels the galaxy, illegally capturing exotic alien species and holding them in his spaceship. His arch-nemesis is a small alien crime-fighter named Meap.

He was voiced by David Mitchell.

The Chronicles of Meap

Mitch first appeared in the season 2 episode "The Chronicles of Meap", when he captured Phineas, Ferb, Isabella, Candace and Meap in their spaceship, and brings them to his space station, where he show his collection of the alien species he captured. It also turns out that Mitch previously found a balloon named Balloony that was originally owned by Heinz Doofenshmirtz, and added it to his collection, naming it "Colin". Phineas, Ferb, and Isabella are unaware that Meap is a intergalactic criminal, but Meap is aware of this and warns Candace of it.

Eventually, Meap is about to engage into a fight with Mitch after revealing himself to him, but is trapped. Fortunately, Candace manages to free Meap, who then fights Mitch and easily defeats him. After tying Mitch up and forcing him to surrender, Meap takes his universal mustache translator, explaining to the kids of what really happened. Mitch was then taken away to be given a "time-out".

Meapless in Seattle

Mitch returned in the season 3 episode "Meapless in Seattle", in which he has escaped from his "time-out" and tried to find a lost jar of cutonium so that he could become the most adorable being in the universe and everyone would be so enamored of him that they would obey his every whim.

It was revealed that Mitch is actually in fact the same species as Meap (a species that lives and revolves around cuteness) and is piloting a tall robotic suit that he can control even while not wearing it. After Doofenshmirtz accidentally drank the cutonium, Mitch captured him and took him back to his evil lair where he drained the cuteness out of Doof and put it into himself. Mitch was defeated by Isabella who out-cuted him, and Meap, who blasted him down with his rainbow death-ray after Isabella depowered him. Mitch attempted to escape, but Candace threw her phone to close a door on him, pinning him to the ground. He was then imprisoned for another "time-out".

* * *

When he was done they gasped.

Laney: So he's an alien collector in a sense.

Lana: That guy is a monster!

Nico: And he has a robot suit like Vulkanus does? Wow.

Shanan: I've heard about Mitch. In fact he's one of the aliens that I have been helping to bring to justice for years.

Max Tennyson: Same with the Plumbers. Mitch is widely known all over the Plumbers Most Wanted Alien Criminals.

Ben: Wow.

Nico: Wow! Practically many organizations all over the universe are after him.

Lincoln: No kidding.

R.D. Me: Yeah.

Girl Jordan: Looks like we're in for another interstellar battle.

Nico: We sure are.

Later we were in the jungles of Sri Lanka and we were trekking through the jungle and cutting through the trees. We were walking and we got through the jungle and made it to the temple.

Waffle Woman: This must be the temple with the sword.

Me: Wow.

Nicole: This is the temple all right. Everyone be careful. It's LOADED with traps.

Daring Do: Just like in my books and adventures.

Fluttershy: (Scared) T-t-t-traps?

Zarya: Don't worry Fluttershy, we'll all go in together.

Me: Here we go. Be careful guys.

We went into the temple and tiptoed and made sure not to press any buttons on the floor.

Heckyl: Before we form a plan to track Mitch down, I've gotta ask. Where's Perry?

Perry then swooped in with numerous flips and he was ready for action!

Edward the Platypus: YEAH! Nice entrance there Perry!

They high five.

Nico: He sure likes to make an entrance.

Varie: Yeah he does.

Syd: I think Perry is cute and awesome.

Laney: He sure is.

We were being careful in the temple and we watched our step.

Leonard: (to his pigs) You guys see if there are any traps.

They stepped on a button and then they were slashed and hacked to death by a bunch of axes.

Me: Uh oh! Lets go!

We ran and jumped over a pit of fire, ducked under swinging axes, dodged spikes that came out of the floor and dodged poison arrows and darts and more and went under a door that closed.

Me: Wow! Just like in Indiana Jones!

Daring Do: So epic!

Fluttershy: Yeah it was cool.

Nicole: And I love a good adventure.

Zarya: Hey what's that over there?

We looked at the far end of the room and we saw a statue and in its hands was a sword that had a gold hilt and had a long green emerald blade with pink jewel butterflies on and it was shining and sparkling all over with incredible beauty.

Nicole: That's it! That's the Sword of Aranyani!

Daring Do: Wow! It's beautiful.

Nicole: But there's a huge catch on who will possess it. Only one that is pure of heart and kind to all animals great and small can wield it.

Me: Fluttershy should wield it. She is the only one that we know that has a huge love of all animals like that.

Zarya: I agree.

Fluttershy: You think I can?

Me: We sure can.

Fluttershy: Okay.

Fluttershy went up to the sword and she was nervous and then she grabbed the sword handle and picked it up and the sword glowed in a bright light and angel singing was heard and she knew that the sword had chosen her as her master!

Me: WHOA!

Fluttershy: It chose me!

Nicole: Wow! You are totally pure of heart and because you represent the Element of Kindness and your love for all animals is so strong that it is amazing.

Fluttershy: Wow.

Me: Amazing.

Zarya: Wow!

Leonard: That is amazing!

---

Top Man: Mitch has a ship, right?

Meap: He does. But we can't find it anywhere. We traced his signal to those mountains over there.

He pointed to the western mountains and Nico scanned the mountains and found that Mitch's ship was underneath one.

Nico: It's right underneath one.

Joe Shimamura: No wonder he was having trouble finding it.

Françoise: Yeah it was underneath it.

Nico: Then we better head out and come up with a plan.

Eli: Right.

They flew out to the mountain.

---

Heat Wave: I wonder if Owen and the others contestants are in this temple as well.

Me: I have a feeling they are.

Owen: We got here too.

We saw the other contestants but they were all badly hurt and more because of the traps.

Nicole: Whoa you guys all right?

Owen: Yeah we'll make it.

Noah: We'll be all right.

Emma: Thank goodness.

Kitty: Yeah we'll be fine.

Crimson: Looks like Fluttershy got the sword.

Me: She sure did and it chose her as her wielder.

Owen: Awesome!

Junior: But we're all okay. Most of us.

?: (Malevolent laughter)

Me: Uh oh. And it looks like we're about to fight one of the Midnight 13 too.

Out of a portal of darkness came Twilight Sparkle's dark side and the ambassador of the magic of Enemies, MIDNIGHT SPARKLE!

Me: Midnight Sparkle!

Zarya: Oh boy!

Owen: Not good.

Jack Spicer: Alright. When we find Mitch's ship, we need to find a way to open it.

Nico: Good idea.

They flew into the mountain and went down into a cave that lead to where Mitch's ship was hiding out.

Maud Pie: (Monotonously) These cave walls are all really well created by the effects of erosion.

Laney: Wow.

Midnight Sparkle: J.D. I'd stick around. But… I'm squeamish. (drops a bomb before flying away a safe distance)

Calamitous: EVERYONE, HIT THE DECK!

Midnight Sparkle: J.D. I'd stick around. But… I'm squamish. (drops a bomb before flying away a safe distance)

Calamitous: EVERYONE, HIT THE DECK!

We ducked and covered and I made a force field and the bomb exploded.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

They saw Mitch's ship and it was amazing and well created.

Blade Man: Let me slice open a hole in the ship.

May: Okay. But do it without alerting Mitch.

Blade Man nodded in agreement and used his skills in stealth and sliced open his ship.

Nico: (Whispering) We're in. Lets go.

They went into the ship.

* * *

When the smoke cleared we were all okay and safe.

Brain Freezer: Everyone okay?

Me: All fine. Midnight Sparkle blasted the way out of the temple.

Fluttershy: That was a close one though.

Owen: Yeah great save J.D.

Me: You're welcome guys. Lets get out of the temple and take the fight to Midnight Sparkle.

Zarya: Yeah.

We got out of the temple.

* * *

Nico and group were walking through the ship.

Maria: It's quiet. Too quiet.

Waspinator: Waspinator has a bad feeling about this.

?: Looking for someone?

Mitch walked out of the shadows.

Mitch: (smirks) I hope you enjoyed the tour of the ship. Because you all aren't leaving here alive!

Nico: Mitch!

Phineas: We came to make sure you never leave here.

Meap: Mitch you are under arrest!

Mitch: You will never take me alive!

Nico: That can be arranged.

Vulkanus then appeared.

Vulkanus: That's a nice suit you have there.

Mitch: Vulkanus of the Detrovites. I'm amazed you are here.

Vulkanus: It's a living.

U-Foes, Wrecking Crew, Pyro, Robo Blaze, Man Ray, Dirty Bubble, Cantwell, and Arbormon then appeared.

Nico: The U-Foes, The Wrecking Crew, Pyro, Robo-Blaze, Man Ray, Dirty Bubble, Cantwell, and Arbormon.

Ironclad: Looks like you guys are having fun.

Vector: Glad we managed to find this ship.

Wrecker: And you don't have to worry about Mitch's prisoners.

Maria: What do you mean?

Dirty Bubble: (laughs) We managed to free every last one of the aliens that Mitch collected.

Man Ray: And then, they escaped through the hold Blade Man created.

Nico: I had a feeling but Shanan is gonna be teleporting them back to their home planets right now.

Man Ray: Good.

Nico: J.D. and Zarya are in Sri Lanka and it's beautiful there.

X-Ray: Wow. It sure is. And the jungles and temples are phenomenal.

?: That's what I heard.

3 figures came out and the 1st one was TYPEFACE from episode 15 of Ninja Steel and the other 2 were Megan and Kevin's archenemies THE WET BANDITS - Harry Lime and Marv Merchants!

---

Typeface

**Typeface** was a robotic keyboard/virus-themed contestant in Power Rangers Super Ninja Steel.

Typeface was sent by Madame Odius to disable the Ninja Steel Rangers' weapons via a computer virus. He first encounters the Red Ranger and a girl named Emma Harris and after the former left, he fights Brody after he morphs one on one before the Yellow, Blue, Pink, White, and Black Rangers have arrived. He then summoned Basherbots and battled the Red Ranger, but was kicked away by the Gold Ranger and overwhelmed by his strength. Typeface was then forced to retreat after he was blasted by Levi's Rockstorm Blast. He later returned with Badonna and some Basherbots and encounters all six of the Rangers. He fought Levi and Preston while Badonna and the Basher Bots took on the others. Typeface was able to easily overwhelm the Gold and Blue Rangers with ease. Even though Badonna was taken down by the Hyper Arrow Blast, he was able to infect Preston's Power Star after knocking him down to the ground and then left to come back later after he was kicked by the Gold Ranger. When he comes back in the Industrial Quarter and encounters all six of the Rangers again. The Rangers tried to fight him with their Element Star; Ninja Fire Attack but the virus has rendered them useless. He blasted them down with his eye lasers, rendering theirNinja Blasters useless before blasting them with the same attack again. Unfortunately for him, Emma fixed the weapons and Power Stars and they blasted Typeface down with the Ninja

Blaster Whiplash which also destroyed his virus gun. A short fight then broke out, ending with Calvin energy slashing Typeface down. Typeface tried to fire energy lasers at them from his hands but it had no effect as Cal deflected the blasts with his Ninja Star Blade. Typeface was then destroyed by the Ninja Blasters and Rockstorm Guitar using a variant of their Ninja Blaster Final Attack.

Cosmo Royale made Typeface grow and the Rangers summoned the Blaze Zords and form the Ninja Blaze Megazord to take on Typeface. Typeface continually used his space key to teleport around, either dodging or at one point attacking their Megazord. Unfortunately for him, Brody summoned the Astro Zord which held him up in place place long enough for them to destroy him once and for all with the Ninja Blaze Megazord's Ranger Blast Final Attack. In his final moments, Typeface cursed not having cloned himself before plummeting to the ground and exploding on impact with the ground.

Harry Lime and Marv Merchants

**Wet Bandits**, and later the **Sticky Bandits**, or simply known as **Harry and Marv**, are the main antagonists of the 1990 theatrical Christmas action comedy film *Home Alone*, and its 1992 sequel *Home Alone 2: Lost in New York* .

They are a villainous duo of incompetent burglars who target rich and renovated houses, and later a store called Duncan's Toy Chest. Harry is the leader, and Marv is the follower, or else the comic relief. They are Kevin McCallister's archenemies.

Marv later returns without Harry as one of the secondary antagonists with his mother Molly and his new girlfriend Vera, of *Home Alone* 's 2002 first direct-to-video sequel *Home Alone 4: Taking Back The House* . He was played by French Stewart, who also portrayed Richard Stahl.

Harry was portrayed by Joe Pesci (who also played Frankie Monaldi in *Once Upon a Time in America*, Tommy DeVito in *Goodfellas*, and Nicky Santoro in *Casino* ), and Marv was portrayed by Daniel Stern.

*Home Alone*

In the first film, Harry and Marv target houses around the neighborhood that are vacant. Harry impersonates a police officer in order to discover which families will be leaving for Christmas. While robbing these houses, Marv tends to leave the water running and block the sinks, leading to the houses being flooded and the real law enforcement officers knowing which houses they've hit.

Harry disagrees with the practice, calling it "sick"and reminding Marv that they needed to keep a low profile, though Marv insists that they need a "calling card". However, the McCallister household, which Harry referred to as the "Silver Tuna", is the largest property in the neighborhood, and their most anticipated target.

However, 8-year old child Kevin McCallister is home alone on Christmas Eve, having been accidentally left behind while the rest of his family went to Paris. Kevin manages to scare them off multiple times, but they eventually discover that he is alone and they have been tricked the entire time. Despite Marv's protests that they should not rob the house of a child that was left alone, Harry still persists with the robbery.

Kevin overhears Harry and Marv discussing plans for breaking into his home at night, and as a response, sets up numerous cartoon-like booby traps around the house. After Kevin shoots the both of them with a BB gun through the dog flap (Harry in the crotch, and Marv in the forehead when he peeps his head through the flap), they separately attempt to enter the house and get to him, falling into the traps Kevin planned out for them and suffering various comedic injuries.

Eventually, they manage to capture Kevin in one of the houses they have already broken into earlier, and decide to inflict the same injuries they have sustained on him in retaliation, but not before Harry bites Kevin's fingers off one by one. Fortunately, before he can do so, he and Marv are knocked unconscious with a snow shovel by Kevin's elderly next-door neighbor, Old Man Marley, whom Kevin had befriended earlier after learning that the rumors about him being a murderer were false. Marley then takes Kevin back home safely while the police arrive and arrest Harry and Marv. Harry glares at Kevin through the police car, and Kevin sarcastically smiles and waves as the Wet Bandits are driven away. When the

McCallisters return home, Kevin decides not to tell them about his encounter with Harry and Marv; however, his father Peter finds Harry's gold tooth on the floor, which had been knocked out the night before, much to his confusion.

*Home Alone 2: Lost In New York*

Harry and Marv return in the sequel, which takes place a year after the first film, breaking out of a prison in Chicago during a riot and traveling to New York City via a fish truck. After Marv renames them the Sticky Bandits, they immediately begin seeking a new target to rob, after which they plan to acquire fake passports and flee the United States. They eventually decide to rob Duncan's Toy Chest, a successful toy shop that intends to donate all of it's earnings to a children's hospital.

As fate would have it, Kevin has also made his way to New York, after accidentally boarding the wrong flight while the rest of his family went to Florida for Christmas. Upon encountering him, Harry and Marv pursue the boy in order to exact revenge for their previous encounter. They eventually succeed in capturing him after Kevin got caught for using a stolen credit card at the Plaza Hotel and is forced to flee, with Marv telling Kevin of their plan, who secretly uses his Talkboy to record it. Kevin manages to escape from the duo into Central Park, but they refrain from chasing after him, deciding that he won't be able to survive the park at night by himself. The Sticky Bandits later hide away inside the toy store to make sure it is left vacant by the staff and customers on the night of Christmas Eve, so that they can steal the money undeterred. Eventually, Kevin sets off the alarm by throwing a brick with a note for the store's owner, Mr. Duncan tied to it in one of the store's windows after taking pictures of them robbing the store, and the bandits are enraged of Kevin ruining their plan and were forced to stupidly pursue Kevin with the money across New York only to end up falling into every one of Kevin's new traps that he set for them at his uncle Rob's (whose family is still in France from the previous film) renovated house (like he did in his house in the first movie).

Eventually, they manage to capture Kevin again when he slips on some ice in the pavement after calling the police on a pay phone. Taking the chance to get their revenge against him, the bandits take him into Central Park, where Harry pulls a revolver from his jacket and prepares to kill Kevin. Thankfully, not only is the gun jammed after being covered in varnish due to Kevin's booby traps, the pigeon lady (whom Kevin has made friends with earlier, like Old Man Marley) throws bird seed on the bandits, prompting the pigeons to attack them. Kevin then takes the chance to light up fireworks in order to mark the bandits' positions to catch the attention of the arriving police.

As the officers handcuff and arrest them after discovering the photos and the cassette tape that Kevin used as evidence, Marv stupidly confesses to his and Harry's crimes, such as robbing the store, breaking out of prison, and trying to kill Kevin. Harry angrily tries to kick Marv as the police take them away, and the bandits are soon sent back to prison. The police then return the money to the toy store and inform Mr. Duncan what had happened with Mr. Duncan informing that the money must be sent to the hospital for the sick children as the police tell Mr. Duncan that they'll have it sent immediately, and Mr. Duncan gladly accepts Kevin's note before a truckload of gifts were delivered to the Plaza Hotel to give Kevin as a reward for foiling the robbery on Christmas morning.

### *Home Alone 4*

Harry does not appear in the third film and the fifth films, but Marv would go on to appear in the fourth film this time as the central antagonist. This time, he is joined by his wife Vera and his mother Molly. They plan to kidnap the prince of a visiting royal family and hold him for ransom. Marv explains that Harry's plans resulted in them being imprisoned twice, so Marv grew tired and decided to sever ties with Harry. They did not split up on good terms.

However, Kevin ends up crossing paths with Marv again as his dad, who divorced with his wife, is dating a rich woman named Natalie, whom the royal family are due to visit. Marv ends up arrested again at the end of the film along with his girlfriend and mother. The three are then taken into custody.

This time around, Marv is played by French Stewart, Molly is played by Barbara Babcook, and Vera is played by Missi Pyle.

Brody Romero: Typeface!

Megan McCallister: And the Wet Bandits!

Nico: I remember you Typeface. You made a computer virus that disabled the Rangers weapons. And its been a long time Harry and Marv.

Marv: We're here to get some payback!

Typeface: Good memory on you Nico.

Nico: Like J.D., I never missed an episode.

Typeface: Well, since I know my virus won't work on you Rangers… (uses virus on Mitch's weapons)

The weapons shorted out and exploded all over and were destroyed in fiery explosions.

Nico: Whoa! Nice one.

Brody Romero: It sure was.

Laney: That oughta slow him down for a while.

Nico: Yep.

Sunset Shimmer: Oh man and they are the Wet Bandits?

Cornelia: Yep and Megan's brother Kevin busted them 3 times. Megan helped him out on the 4th time.

Harry: (to Megan) We got a score to settle with you and your brother, you bitch!

Marv: Same goes for your blonde haired friend too!

Megan: Not if I kill both of you first!

Cornelia: And you pain is only just beginning you bastards from Hell!

Megan then kicked Harry in the crotch with incredible force and he was screaming like a little girl!

Nico: (Winces) OOH! That's gonna hurt!

Cornelia then snapped a bear trap on to Marv's butt and he screamed. Then Eli whistled and a spider landed on Marv and he screamed like a little girl in fright!

Marv: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHHHHHH

Nico: (LAUGHS HYSTERICALLY)

May: OH THAT IS HILARIOUS!

Nico: Lets get them!

They went at them.

---

Back in the jungles of Sri Lanka we were facing Midnight Sparkle.

Midnight Sparkle: What's wrong? You miss your friends? Don't worry. After I kill you all, they're going to be next!

Black Adam: We are not so easy to be disposed of, imitator!

Zarya: Yeah you Twilight Sparkle impostor!

Me: Abacus Cinch made you when she blackmailed the Twilight Sparkle of the Human World to do her bidding. She will die for making you when we face her on the April 12th War. But you will die first! One version of you is plenty because I helped Twilight forgive you.

Zarya: Yeah!

Zarya powered up and was at Super Angel 100,000,000 and I snapped my fingers and we were on the storm planet XITHOS VI!

---

Planet Xithos VI is a storm planet located in the Unknown Zone. It is completely covered in storm clouds and is constantly irradiated in cosmic radiation and X-Rays from the planets Pulsar Star that it orbits around. The planet is a truly inhospitable world.

---

We were in a force field dome to protect us.

Me: Wow! This planet looks terrifying.

J.D. 2: Planet Xithos VI. Good choice for the battle.

Me: It sure looks scary and I see the light of a pulsar.

J.D. 2: I know. Scary huh?

Me: Yeah.

Zarya went at Midnight Sparkle.

Princess Amore: Yeah she deserves either death or jail for all eternity.

Flurry Heart: You are not kidding. Her heart is as black as the night.

Lilly Crystal: And she is coming back in the war on April 12th. But we're gonna be ready for them.

Cloud Star: We sure are.

Vapor: I can't believe Cinch is that evil. She blackmailed the Twilight of the Human World and used her as a weapon to get what she wanted.

Minuette: I know. She is a monster.

Twinkleshine: She reminds me so much of many enemies that J.D. and Nico have killed over the years and they are despicable.

Lemon Hearts: Yeah. Cinch has no honor and when April 12th comes around she had better be ready to pay for her crimes.

Lyra Heartstrings: You got that right. She needs to pay for her crimes with her life. Normally I would forgive her but in this case…

Moondancer: I will never do so.

Megan: Top this one! Marv jump!

Marv did so and Megan formed sheets of shattered glass and he landed on the glass with his bare feet and he screamed in pain and he was enraged.

Megan: How about this?

Megan fired waves of lightning and electrocuted Marv all over with 10,000,000 volts of electricity and his skeleton was showing.

Cornelia: Try this one!

# Terror of The Midnight 13 - Nova Scotia

In the World Tree Estate, Nico was watching TV and playing card games with Laney.

Nico: Hmm. Got any 4's?

Laney: Uch.

Laney gave him 2 of them.

The doorbell rang and out of the elevator came Tom Lair and Sheila.

Irma: Oh hey dad.

Tom Lair: Hello sweetie. How have things been?

Irma: Great dad.

Eric Loud: Hey honey.

Sheila: Hey hon. Can't wait for our wedding.

Mandarin: Greetings, Tom and Sheila. Do you need anything?

Sheila: No. Thank you. But we have footage you guys might want to see.

Nico: What is it?

They showed you and everyone footage and it showed GABRIEL AS HAWK MOTH ROBBING A BANK!? WHAT THE FUCK IS GOING ON!?

Nico: Is that Gabriel as Hawk Moth!?

Gabriel: How can that be?! I've been right here the whole time!

Nico: This can't be right! Gabriel gave up being Hawk Moth after what happened in Paris!

Gabriel: Yeah and I'm now Undertow because of the Shark Miraculous.

Sheila: This is really weird.

Laney: Yeah no kidding. Hawk Moth is gone and Gabriel hasn't done anything like that since.

Gabriel: And stealing from a bank is something I would never do!

Mei: (Overwatch) What's weird is that the Hawk Moth in the footage isn't seen using the powers that Nooroo provides his wearer.

Eli: Yeah that is weird. But the Force is telling me that he doesn't have the powers that Nooroo would normally give to him.

Anakin: Yeah. I sense it too. Something is seriously wrong.

Padme: Yeah it's weird.

Emile: I know Gabriel wouldn't do that anymore after what happened with me in Paris.

Nathalie: I know Emile and thank goodness that never will happen again.

Adrien: You got that right.

Irma: I think we have an imposter running around.

Tom Lair: I agree with you on that.

Sheila: Guys, you need to move Gabriel to another location before everyone else finds him and tears him apart!

Blot: How about Mordecai and Rigby's house?

Nico: I was just about to suggest that.

Eli: Good idea.

Nico: Lets go!

They were off to the Park for Mordecai and Rigby's house.

---

They arrived at Mordecai and Rigby's house and Nico knocked on the door.

Mordecai answered.

Mordecai: Hey guys!

Nico: Hey Mordecai.

They went in and told them everything.

Groove: Gabriel, we promise we're getting you out of this. No way in Hell is your family going to be torn apart after everything we did to reunite it!

Nico: That's right and we won't let whoever is ruining your image get away with this.

Gabriel: Thank you guys.

Mordecai: We'll gladly look after him for you all.

Rigby: Yeah he is awesome.

Nico: You can show him some awesome video games and some awesome food.

Varie: Wait we need to give him a good disguise for the time being.

Rarity: And I have just the outfit for him darling.

Rarity made him an awesome outfit. Gabriel was wearing an awesome red and black collared shirt with jewels on the collar and he had jewels on the edges of the shirt and he had a black belt with jewels on the buckle and he had black pants with jewels on the legs and had black shoes with jewels all over them.

Adagio Dazzle: Wow! That is really well created.

Nico: Nice ensemble.

Gabriel: I got to admit I look great.

Eli: Rarity sure makes awesome clothes. And this for good measure.

Eli put a cap on him and the cap said #1 Shark.

Nico: Nice! I like that cap Eli.

Gabriel: Great cap.

Aria Blaze: Ties everything together.

Benson: Sounds like people are gonna come for Gabriel because of that.

Nico: No kidding Benson.

Ty Lee: Thanks for letting us stay here, Benson.

Benson: Anytime guys. I heard that J.D. and Zarya are participating in the Ridonculous Race.

Nico: They sure are Benson. They are heading to Nova Scotia, Canada. **C A**

Benson: Wonder what Don has planned for them there.

Nico: No clue but he said it will be good.

---

In the mobile sky fortress, me and Zarya were getting ready for the challenge in Nova Scotia, Canada.

Me: I can't wait to see what Don has planned for us in Nova Scotia.

Zarya: Me too.

Xerneas: Whatever he has planned for you two will be great.

Me: Yep.

Cantwell, the U Foes, the Wrecking Crew, Pyro, Robo Blaze, Man Ray, Dirty Bubble, and Arbormon then appeared.

Cantwell: J.D., can me, the U Foes, the Wrecking Crew, Pyro, Robo Blaze, Man Ray, Dirty Bubble, and Arbormon go with you and Zarya this time?

Me: You all sure can.

Zarya: Don says he has something awesome planned for us when we get to Nova Scotia.

Pyro: I have a feeling it will be good.

Man Ray: Yeah it is.

Don: Hey guys. I know you all are excited for what I have planned for you all in Nova Scotia when we get there. So I brought a bunch of friends over to help us with that.

Out of a portal came ALL the Total Drama Contestants.

Me: WOW! Everyone on Total Drama.

Zarya: Wow! It's like a big reunion.

D.J.: Yeah guys!

Lightning: Sha Blam! It's great to be back!

Me: Last time we all got together like this was during the ending of Total Drama Galaxy.

Gwen: I know. Feels like forever.

Topher: Hey dad!

Don: Hey son! I hope you all like what I have planned for you.

Topher: I will.

Ezekial: This is gonna be so fun!

Chris McLean: I have a feeling this is gonna be fun.

Don: You know it Chris. And I'm glad your so called brother is now in prison forever.

Chris: Me too Don.

Xerneas: We're here everyone.

We landed in Nova Scotia.

Me: Here we are guys. Welcome to Halifax, Nova Scotia, Canada.

Zarya: Wow!

Owen: Awesome!

* * *

Back at Mordecai and Rigby's house, Lana and Rigby were playing video games.

The doorbell rang.

Barricade: I'll get the door.

Nico: Okay.

Barricade got the door and he saw that it was Muscle Man.

Nico: Hey Muscle Man!

Muscle Man: What's happening dudes!?

Nico: Not much just kicking a lot of butt all over.

Muscle Man: I heard that J.D. and Zarya are playing in the Ridonculous Race.

Nico: They sure are and he left me and Eli in charge of the team till they get back.

Muscle Man: Awesome dudes!

Benson: And Nico and Eli are both doing a great job leading the team.

Nico: Thanks Benson.

Muscle Man: You know who else would lead the team? My Mom!

They laughed!

* * *

Dirty Bubble: Are we going to throw a reunion party in Nova Scotia? Because that kind of thing should be after the race.

Don: You know that's not a bad idea. But that's not why we're here in Nova Scotia. We're here for a very special challenge. We're here because of this…

Don had a screen move and we saw Billy McLean's house and it was torn apart and the windows were smashed in and there was graffiti and hateful slurs painted all over it.

Don: Your challenge is to destroy Billy McLean's house.

Me: Ooh! (Cracks Knuckles) Now you're speaking my language Don.

Gwen: Oh this is gonna be good!

Courtney: Count me in!

Sammy: It's payback time!

Jasmine: (Australian Accent) You said it mates.

Duncan: This is gonna be awesome!

Don: And here's the best part. We're gonna be showing Billy's house being destroyed to him in prison while you all do it.

Me: Ooh! Adding insult to injury! Nice!

Zarya: This is gonna be fun!

Chris McLean: This is gonna be awesome!

Me: You said it Chris!

We high five!

---

There then was a knock at the door.

Julio Santana: Now who's at the door?

Nico answered it and it was Muscle Man's archnemesis: FRANK JONES!

---

Frank Jones is the main antagonist to stolen Muscle Man's trailer who archenemy in the episode "Trailer Trashed".

He voiced by John Cygan.

Frank Jones participated in a hotdog eating contest with Muscle Man. Using the water technique, Muscle Man successfully won the contest and a new trailer while the latter was empty. He decided to lie down at City Dump, where he met a group of men and was later considered his army. He promised to get a trailer from Muscle Man.

Frank went to The Park hiding as a health inspector. After "checking" the Park, he saw the trailer. He painted the trailer door after looking inside, and planned to take it to the dump, leaving Muscle Man confused. However, Benson told Frank that Muscle Man needed 24 hours to get the trailer "up to code", which Frank accepted. Park workers work and work day and night to perfect the trailer. The next day, Frank arrived with his two henchmen. He was generally impressed with the effort they put into the trailer, but he said he still had to fail Muscle Man. As he pointed to the parts of the trailer that were not up to code, the henchmen meant that those parts were in that state (including himself). Muscle Man punched Frank in the face, refusing to let go of his trailer.

Frank and his henchmen retreated to City Dump, and combined his army. They go to the entrance of the Park, and Frank orders the Muscle Man to hand over the trailer, or commit violence and horror. The Muscle Man replied, "Do you know who else is leading the violence and terror?" MY MOM! ". He then led the workers to the park (except Fives) on the way to the border. Frank's army chased them, defeating all the workers in the park as they were defeated. Coming to Muscle Man and himself, Frank told him he was not a health inspector, but that he was the runner-up of the hotdog eating contest Muscle Man won the trailer.

He then said he should not have won because of the use of water to rot the hotdogs, but Muscle Man's response to using that kind of approach was allowed because "that's how Japan wins all the time!" Later, Muscle Man decided to let Frank "own" the trailer, before disabling the truck's steering wheel with his shirt and ripping off the break pedal. Frank climbed in the back to pick it up, only to discover it being a prank established by Muscle Man. He was last seen falling into a ravine with the truck, before he was destroyed.

---

Muscle Man: FRANK JONES!

Frank Jones: Muscle Man!

Varie: Oh this looks bad.

Eli: Uh oh.

Nico: You guys know each other?

Muscle Man: We do.

Mordecai: Frank Jones here tried to sell Muscle Man's trailer!

Rigby: Yeah he is a rotten scumbag!

---

Man Ray: Let's take in the sights of Nova Scotia before going to Billy's house.

Me: Good idea. I actually have something I want to do here anyway.

Zarya: What is it?

Me: You guys may not have heard about this but 44 years ago today at Tenerife Airport, a terrible tragedy befell that airport.

Cantwell: Oh man! The 1977 Tenerife Airport Disaster.

Me: Yep.

Gwen: Whoa man! That was an awful event.

Geoff: Yeah it sure was.

Crimson: It was awful.

Ennui: A terrible fogbank rolled in an a plane took off and collided with another airplane.

Me: Yeah that was terrible. 583 people dead and 61 injured and survived.

Owen: Oh man.

Noah: Yeah that was awful.

Me: Lets head out.

We went to Tenerife Airport.

---

Brawlrus: What the Hell do you want?

Frank Jones: Well, I'd like a million dollars. But I doubt that'll happen. So instead, I want Muscle Man's trailer like before!

Nico: Over my dead body you're gonna get it!

Varie: Yeah!

Eli: No one gets his trailer without a fight!

Eli had his lightsaber pointed at his neck.

---

We were over at the Tenerife Airport Memorial and we paid our respects for what happened to those people 44 years ago today.

Ironclad: I think the 1977 Tenerife Airport Disaster was an accident.

Me: Yes it was. Because of an error in communicate and a terrible fogbank that was as thick as pea soup. The two planes collided head on and 583 people were killed and 61 people survived.

Taylor (TD): That was terrible.

Noah: Yeah I read about that. It was horrible.

Miles: Yeah it was dudes.

Zarya: That is awful. And it happened 44 years ago?

Me: Yep.

I went over what happened back then.

---

On March 27, 1977, two Boeing 747 passenger jets, operating **KLM Flight 4805** and **Pan Am Flight 1736**, collided on the runway at Los Rodeos Airport (now Tenerife North Airport) on the Spanish island of Tenerife. Resulting in 583 fatalities, this accident is the deadliest in aviation history.

A terrorist incident at Gran Canaria Airport had caused many flights to be diverted to Los Rodeos, including the two aircraft involved in the accident. The airport quickly became congested with parked airplanes blocking the only taxiway and forcing departing aircraft to taxi on the runway instead. Patches of thick fog were drifting across the airfield; hence visibility was greatly reduced for pilots and the control tower.

The collision occurred when the KLM airliner initiated its takeoff run while the Pan Am airliner, shrouded in fog, was still on the runway and about to turn off onto the taxiway. The impact and resulting fire killed everyone on board KLM 4805 and most of the occupants of Pan Am 1736, with only 61 survivors in the front section of the aircraft.

The subsequent investigation by Spanish authorities concluded that the primary cause of the accident was the KLM captain's decision to take off in the mistaken belief that a takeoff clearance from air traffic control (ATC) had been issued. Dutch investigators placed a greater emphasis on a mutual misunderstanding in radio communications between the KLM crew and ATC, but ultimately KLM admitted that their crew was responsible for the accident and the airline agreed to financially compensate the relatives of all of the victims.

The disaster had a lasting influence on the industry, highlighting in particular the vital importance of using standardized phraseology in radio communications. Cockpit procedures were also reviewed, contributing to the establishment of crew resource management as a fundamental part of airline pilots' training.

---

Chris McLean: Man that was terrible.

Lindsey: No kidding.

Leshawna: That was terrible.

Izzy: That's one of the reasons why I will never fly in a plane.

Owen: Me neither.

---

Frank Jones: If you don't give me that trailer, I'll tell the whole world that Gabriel's here. (to Adrien) And then, your daddy's gonna rot in jail!

Rippersnapper: Well, if you're gonna cause Gabriel to go to jail, then we might as well go to jail with him!

Maria: That's right! We're a team. So we're willing to go down together!

Nico: You even touch that trailer and it will be the last thing you ever do!

Eli: Yeah you monster! Muscle Man's trailer is not worth a single red cent!

Golden Queen: If you want something more of value then I am worth it. Easy Money.

Frank Jones: I'm coming back for that trailer, and when I do, I'm bringing an army again. You're gonna wish you'd never won that hotdog-eating contest! (walks away)

Muscle Man: (Twirls and throws his shirt) Whoo-hoo! Eat on that, motherfucker!

Princess Rose: You're celebrating too soon, Muscle Man.

Nico: Looks like we're gonna have to kill his entire army. But he has no idea how horrible our power is.

Mordecai: Yeah he has been dead for too long.

Rigby: I hope he likes being gold instead of getting it.

Golden Queen: And I plan on making him a permanent gold statue.

---

We then went to the house of Billy McLean and it was a total mess.

Robo Blaze: Geez, this house looks like it's seen better days.

Me: Well Billy McLean is now the most hated man in the world. He has done so many terrible things that would make Genghis Khan quiver in fear.

Zarya: Jeez.

Lindsey: Yeah that's not good.

Sammy: As long as Canada never sees him again.

Katie: I hate Billy McLean.

Sadie: I do too.

Katie and Sadie hugged each other.

Sadie (TDRI): But thank goodness he will never disgrace my heritage again.

Sam: Yeah! Or mess up Dakota's beautiful looks.

Ezekiel: Or turn me into a feral abomination eh.

Tyler: Or get me beat up!

Harold: Yeah!

Me: Lets get blasting guys!

Ezekiel: You should go first J.D. since you are the Leader of Team Loud Phoenix Storm eh.

Me: Thanks Ezekiel.

I fired an energy blast and it hit the side of the house and blew it apart in a fiery explosion.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMM

Courtney fired blasts of fire and they hit pictures of Billy and burned them all to dust.

Sierra: This for hurting my CODYKINS!

Sierra fired waves of fire and burned his furniture!

Blaineley: This is for making me do terrible things!

Blaineley fired blasts of light and smashed more windows and burned the trophies Billy had!

Cody fired numerous rocks and smashed his vases and more.

Thunderball: Before we destroy anything else, how about we raid Billy's fridge for lunch? I'm hungry.

Me: I don't think the food in his fridge is good anymore. Its been about a year since we threw him in prison.

Crimson: He's right.

Thunderball: Oh man. Sorry I asked.

Me: Luckily I thought ahead.

I used my imagination powers and formed a whole chicken tree.

Thunderball: Oh wow! A whole chicken tree!? Is that possible?

Me: It is if you have the power of imagination.

Thunderball ate a bunch of whole chickens and so did the Masters of Evil and Chris and they were tasty.

Thunderball: Oh wow! These are the best chickens I've ever eaten!

B agreed.

Ella: Well done J.D.

Me: Thank goodness Max and the Sore Losers aren't here. If this were Max, here is what I would do to him!

I fired a blast of lightning and blew the entire roof of the house off!

Billy looked at his house being destroyed by us in his prison on TV and he looked like he was about to have a massive heart attack!

Sammy: Here is what I would do to my so-called sister Amy!

Sammy fired a blast of fire and blew his bed to ashes!

Gwen: Here is what I would do to Heather!

She fired a wave of water and got Billy's walls wet and mushrooms containing poisonous mold grew everywhere.

Brick: Here's what I would do to Jo!

Brick fired a blast of atomic energy and blew the walls of some of the house apart!

* * *

Tania: Muscle Man, do you have any good hiding spots we can put your trailer?

Muscle Man: I don't think so.

Nico: I got this.

Nico pressed a button on a remote and a tractor beam fired from the tree and pulled it up and put it in the garage.

Nico: Yeah!

Muscle Man: Wow! That was awesome!

Benson: Your new World Tree Estate is full of surprises.

Twilight Sparkle: And there are many more still waiting to be found Benson.

Nico: Yep.

* * *

Pyro: I just got a great idea.

Duncan: What's that?

Pyro: I'm gonna literally burn the house down!

Me: How about we all do that?

Pyro: Yeah!

Me: Everyone lets hit that house with the biggest fire blast we can muster.

Duncan: Yeah!

We all formed powerful balls of fire in our hands.

Billy watched as we were gonna do it!

Billy McLean: THEY WOULDN'T!

Guard: Oh believe me, they would.

Chris McLean: This is for making my life a living nightmare!

Me: This is for making everyone's life a living nightmare and for torturing the contestants to the brink of insanity.

Gwen: And for making our lives a fucking hell on here!

Lightning: You will now pay!

Me: Goodbye and good riddance!

We all fired a huge fire blast at the house and it went into it and blew the entire house into dust in a massive fiery mushroom cloud of incredible power!

KRAAAAAABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion completely obliterated the entire house into nothing! Nothing of it was left!

Billy McLean was shocked, horrified and enraged!

Billy McLean: NNNNNNNOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Billy's life was completely destroyed!

---

Frank and his men are at The Park entrance.

Frank Jones: Muscle Man, we have two paths. Down one, you hand over your trailer, we leave peacefully. The other leads to violence and horror.

Ember McLean: Hey, asshole! You know who else leads to violence and horror?!

Muscle Man: MY MOM!

Nico: And you know who else likes to get his fucking butt kicked!? YOU!

Frank Jones: FUCK YOU CHAN!

Nico: FUCK YOURSELF SHITHOLE!

Nico flipped the bird at him and Frank was infuriated!

Aqueduct, Turtle, Abra Kadabra, Johnny 13, Trickster, Red X, Robo-Roxy and Villamax then appeared.

Nico: Aqueduct, Turtle, Abra Kadabra, Johnny 13, Trickster, Red X, Robo-Roxy and Villamax.

* * *

We celebrated. But then we heard singing.

Me: Uh oh! Shh!

We knew that singing all too well and out of beams of yellow, pink and aqua green light came the EVIL DAZZLINGS!

Me: Oh no! The Dazzlings!

Evil Adagio: That's right.

Evil Aria: And we're going to enjoy ripping your fucking hides apart.

Evil Sonata: After we kill you all, our stupid good selves are next!

Arbormon: You're more then welcome to try!

Me: Bring it on!

They then sang and they were trying to gather negative energy for them to get stronger. And as they were getting stronger, so were we. We were absorbing Negative Energy and it was stronger than what they were absorbing.

Evil Aria: What the!?

Me: You're not the only ones that get stronger from absorbing Negative Energy.

Zarya: We have that kind of power too.

Courtney: And your singing doesn't work on us!

We had auras flared up and our negative energy that we absorbed was stronger and more powerful. It looked like massive towering flames.

* * *

Aqueduct: Man, you guys have been busy!

Turtle: We heard what happened on the news.

May: Did you also hear about Frank trying to get Muscle Man's trailer?

Abra Kadabra: Of course we did!

Johnny 13: Good thing it's somewhere the asshole's never gonna find it.

Raiden, Rarity, Sweetie Belle, Thunder Terror, Shun, Joe Shimamura, Cozy Glow, and Ty Lee VS Aqueduct

Nico: Yep and I'm not like those that have a big mouth.

Leni: I thought it was hidden in..

Laney covered Leni's mouth.

Laney: Quiet Leni.

Ed: Weird. Frank Jones has no clue.

Eddy: Shut up Ed.

Johnny 13: So J.D. is in Nova Scotia?

Eli: He sure is.

Lana: Yeah and something big was planned for that part of the race.

Aqueduct: I guess it has something to do with all the Total Drama Contestants not being with you guys.

Varie: Don says it involves them.

Then the fake Hawk Moth appeared.

Nico: There's the impostor!

Gabriel: Who are you?!

"Hawk Moth": Well, I think it's time I dropped the disguise, don't you think?

He revealed himself to be a slime alien! But he wasn't just a slime alien, he was really a LIMAX!

---

Limax are aliens that tried to infiltrate Vera Tennyson's retirement community.

Anatomy

Limax are semi-humanoid blobs, mostly brown/green in color with dirty pink organs. They have multiple eyes, and they are shown to have no definite appearance, often having extra arms, fin-like protrusions, or misshapen body parts.

Diet

Limax like to eat Humans, especially elderly ones. One of their own stated that children are too chewy and need to grow older to become "nice and tender".

## Powers and abilities

Limaxes are able to shift into any form, including Human beings.

Limax gain strength from heat, as shown when they are attacked by a Pyronite. This is the reason they decided to attack a retirement area in the desert.

Limax can regenerate and merge with each other to create a much larger version of themselves that seems to speak more than the others do.

## Weaknesses

Limaxes are mortally afraid of water. Even just a tiny bit of water may injure or even kill them. This may be because their bodies are mostly liquid and water could melt them away.

---

Shanan: (GASP) The fake Hawk Moth was really a Limax!

Ben: Oh man! Not good! I thought we had seen the last of them after they tried to eat Aunt Vera and her friends in that retirement village!

Eli: He's ugly!

Max Tennyson: Obviously one of them survived and was left here on Earth.

Qin: So that ugly slimebucket is really a Limax? Ugly.

Shanan: They sure are and they come from the hot desert planet Limas.

Gwen T.: And they hate water. Water burns them like acid and can kill them.

Gabriel: That is unusual. But why is he turning into me as Hawk Moth!? Those days are over for me! I'm a changed man now!

Limax: You really think you've changed all because you've joined Team Loud Phoenix Storm? Don't make me laugh! Hawk Moth has always been a part of you. And after today, whenever people look at you, all they'll see is Hawk Moth and what you've done as him!

Gabriel: You're not getting away with this!

Limax: I already have the minute I disguised myself as you!

Luan: (smirks) Thanks! You just revealed to everyone your plan!

Luan pulled out a microphone from behind her back and he knew that he was busted!

Nico: You're in trouble now!

Bella, Riley, Ben and Julie scanned the Limax with their Omnitrix's and they acquired its DNA. And the Animorphs did the same too by touching it.

Nico: You are also in big trouble! All we have to do is get you wet and you're history!

Oceanus Shenron: And you made a terrible mistake when you thought you could eat humans.

Girl Jordan: Humans are 70% water and you all hate water.

Luna: Trying to eat us was a bad idea you slimebucket!

Nico: That's right! And you will regret that decision!

?: We'll see about that Mr. Chan.

A figure came out and it was AGENT ALPHA!

---

**Alpha** is the main antagonist of the 1997 TV series *Men in Black: The Series* . He was originally a founder of MiB and the former mentor of Agent K (one of the main protagonists of the MIB franchise), later becoming the arch-nemesis of Agent K and Agent J (the other main protagonist of the franchise).

He was voiced by David Warner, who previously portrayed MCP in *Tron*, Ra's al Ghul in *Batman: The Animated Series*, Jon Irenicus in *Baldur's Gate II: Shadows of Amn*, The Lobe in *Freakazoid*, Spicer Lovejoy in *Titanic*, and Talon in *Mighty Max* .

Between the 1950's and 1960's, Alpha helped form the organization MiB to monitor and police extraterrestrial activity on Earth, and has recruited many other agents, including Kay, to the cause. As the first Chief of MiB, he showed the ways to Kay. However, as time passes by, Alpha became corrupt and greedy, stealing a Cosmic Integrator, which was forbidden to be used in Earth for another thousand years according to MiB policy. He tried to get Kay to go with him, but Kay refuses to reject everything he taught him. Angered, Alpha shoots Kay, leaving him for dead.

For unknown reasons, Kay has survived being left for dead by Alpha, but this trauma has changed him into becoming the grouchy and humorless man he is. When this act of treachery became public to the MiB, Alpha was ousted from the MiB for his actions, leaving Zed to take over as the new Chief.

Branded as a criminal by his own organization, Alpha then goes into exile in outer space to avoid incarceration, and he spent 20 years searching the cosmos for the best alien parts. He would then use the Cosmic Integrator to put these body parts onto himself against the aliens' will. After these 20 years, Alpha came back, with only one thing in mind: revenge against the MiB.

First appearing in "The Alpha Syndrome", Alpha returned to Earth, and stole a Sintillian Heart from an alien at a Hotel. He stayed there disguised as a MIB Agent, meets Jay (claims to be Agent A), after telling Jay several things he asked him as he noticed he was K's partner if he was still Mr. Happy, Jay commented as if A was being sarcastic. MiB soon catches on of his presence, and despite Zed's warning, Kay and Jay go to confront him. They find him with the heart, and he reveals his new form. After this there is a long fight, in which Alpha shoots the heart, and then disappears. Alpha later kidnaps the same Sintillian which he stole the heart, intending to use the other heart.

Kay finds Alpha alone, while Jay and Elle try to find them both, with the help of Jeebs. Using technology from Jeebs, Kay sees a flashback of Kay and Alpha finding the Cosmic Integrator off of some dead aliens. After watching, Jay knows that Alpha is back where he was in the flashback. Once again, Alpha is trying to get Kay to join him, again to no avail. Kay then attempts to release gas that would only kill him and Alpha, while the Sintillian, on the other hand, can breathe through it. However, he is forced to relent when Jay and Elle arrive, unwilling to sacrifice their lives. Alpha takes Jay hostage, and Elle and Kay run away. While trying to get Jay to join him, Jay melts, revealing to be a Quick Clone, leaving behind a bomb. The distraction allows Kay to rescue the Sintillian before the bomb sets off, destroying the while building. Alpha then disappears, leaving the agents wondering about him.

In "The Heads You Lose Syndrome", Alpha was weakening horribly and his's alien attachments were falling apart. Alpha then forced Jack Jeebs to locate new replacement parts for him. After his attempt to steal a Gravalax arm, Jeebs told Alpha about Troy the Symbiote and how it could help him heal him and his attachment. After Jeebs gave MiB a "anonymous call", Alpha then separated Jay and Troy from Kay. Alpha then split Troy from Jay and then made Troy join him. Alpha and his attachments were then healed and he escaped to his secret lair. Alpha was then called by Jeebs about a special alien ship. When alpha got there he inspected the ship, but found out that it was trap by Kay and Elle, who are waiting for him. Alpha then locked Kay and Elle in the ship and then glued Jeebs to the ship. Alpha then had the ship plot a crash course at Mount Rushmore. After the ship took off, Alpha then left. Alpha was confronted by Jay and Troy's mother.

Jay and Alpha fought each other. Just as Alpha was about to finish of Jay and Troy's mother, Troy started to become one with Alpha. Troy's mother then joined with Alpha, but when she did, not only was Alpha was losing control of his body, but the alien attachments are being healed and grown of new bodies. As a result of this reaction, Alpha and his alien attachments then exploded, leaving the aliens to finally regain control of their bodies. Jay then merges back with Troy and his mother to save them while the former alien attachments could catch Alpha and make him pay for what he did to them, only to find out that he has disappeared. Though Alpha lost most of his attachments, he was able to get new parts starting with a Gravalax arm.

Alpha then returned in "The Quick Clone Syndrome", where Kay and Jay found him in the sewers when Bobo the Squat found something that did not belong there. Alpha was in a alien cocoon. Alpha's appearance had become larger than before. Kay tried to neutralize Alpha, but was subdue by him. Jay then pulled out his noisy cricket, but was then revealed to be a quick clone. After it melted Alpha escaped. Alpha then returned and picked up what remained of the quick clone. In a secret lair, Alpha used one of his alien offspring and mixed it with what remained of the Jay quick clone. Alpha then sent the rogue Jay quick clone to retrieve "intelligence" from MiB. The rogue Jay quick clone returns with Zed's still alive brain in a jar.

Alpha tried to access information from Zed, but could only get his memories of *Old Yeller* . Alpha then took Zed to a museum to look at Artwork that contained alien secrets. Kay and Jay then arrived. While Jay battle his rogue quick clone, Kay took on Alpha. During their fight, Alpha almost dropped Zed brain jar. Fortunately, Jay was able to catch it. Alpha then cut Jay in half and tried to get Zed's brain. Jay was then revealed to be another quick clone. Alpha is then surrounded by a army of Jay quick clones. Alpha then escaped once again.

In "The Blackguard Syndrome", Alpha, working with Jeebs' brother, Dak, tried to take the MiB Blackguard Satellite. Alpha and Dak failed in this attempt and Alpha went down plummeting to earth.

In "The Cold Sweat Syndrome", Alpha merged with Dak and the two tried to raise an ancient alien ship out of the Arctic.

In "The Out to Pasture Syndrome", Alpha returned with more power, but is later beaten down by Jay, who finally destroys his ultimate body, leaving Alpha as a frail old man. Having lost his power, Alpha demands to be finished off, but the MiB refused to do so and instead have Alpha arrested and locked up in a detainment cell for life.

In "The Opening Gambit Syndrome", Alpha was asked how he stopped Vangus from destroying Earth 30 years ago. He provided Agent J of several clues regarding to the invasion that was prevented 30 years ago, but this was all part of a plan of manipulation, which lead to Alpha escaping from MiB custody and possessing cybernetic parts for his frail body, becoming a cyborg before reuniting with Vangus. It is later revealed that Alpha convinced Vangus to delay the attack on Earth for the next 30 years before he was kicked out from MiB. In the end, Vangus got caught by MiB, but Alpha escaped.

In *The Endgame Syndrome* (Parts 1 and 2), the series finale of the animated series, Alpha arranges for Vangus to escape from MiB custody and plots with him to take over the Earth of its oil supplies. Due to the threat of this takeover and the destruction of the United Nations building as a result, the MIB then decides to reveal themselves to the world in order for the governments and their alien allies a good chance to fight back. Alpha has now used the cosmic integrator to the max, not even resembling his human self. He now is massive, and has alien and robotic parts attached. In the final battle, Jay and Kay try to intervene by infiltrating into Vangus' mother-ship, but are captured. Vangus, frustrated with the difficulty involved in conquering Earth, elects to simply destroy it and plunder its oil resources. This leads to a fight between Alpha (who wanted to *rule* the world, not destroy it) and Vangus, who later sets a missile to destroy the Earth before escaping.

Jay and Kay realize that they cannot stop the missile and that Alpha is the only one who has a chance to stop it. Still wanting to rule the Earth, Alpha agrees to disarm the missile to save the Earth using his cybernetic parts, taking on the thought of what happens if the MiB are to be living under his rule. He climbs down to the missile, but as he is working on disarming it, it launches towards Earth with Alpha still on it. Realizing that it's too late, Alpha accepts the fate that he and the Earth will ponder, stating that at least no one else will try to rule it. Fortunately, Jay and Kay shoot the missile just above the atmosphere, which causes it to detonate, finally destroying Alpha for good and saving the Earth.

Nico: Agent Alpha!

Varie: Oh man! Not him!

Eli: So he's Agent Alpha.

Alpha: Indeed Eli and it's a pleasure to meet you.

Eli: I would say the same thing.

Nico: So you've come back for revenge.

Alpha: That's right.

Vince: I don't understand you Alpha. You founded M.I.B. back in the 1950s and made it an awesome organization and when you found the Cosmic Integrator you threw away your humanity all just for power! Why do you want to do this!?

Alpha: I want to help the world by going into the next stage of evolution!

Nico: By turning the people of Earth into a bunch of disgusting freaks of nature like you!? I don't think so!

Alpha: We'll see. Because I'm going to kill you.

Nico: I don't die that easily. You should know by now that I am a Saiyan and my race was once widely feared all over the galaxy.

Alpha: (to Nico) After I kill you, J.D. is sure to come running over here!

Nico: We'll see about that Alpha.

Twilight Sparkle: So he is Agent Alpha?

Nico: Yep.

Alpha: And it's a pleasure to meet the famous Twilight Sparkle and her friends.

Twilight Sparkle: We were told a lot about you.

Sunset Shimmer: But you don't look like what we were told about.

Alpha: That's right, you wouldn't know. J.D. and Nico probably told you. Over the course of 20 years I've done some personal re-modelings since me and K parted company. These days…

He took off his shirt and revealed his grotesque and horrifying body modifications! He had 6 limbs come out of his back. Two of those limbs were the heads of aliens and the rest were tentacles. His neck grew longer and his arms had spikes on them and he had 3 more alien hands and 3 alien mouth arms and 4 more tentacles come out of his chest! He was a grotesque mutant monstrosity!

Alpha: I'm fully loaded!

Everyone that hadn't seen what Alpha could turn into gasped in utter shock and horror!

Eli: WHAT IN THE 9 FUCKING LEVELS OF HELL DID YOU TURN YOURSELF INTO!?

Alpha: You know J.D. said the exact same thing to me when he saw me like this.

Rarity fainted.

FWOMP!

Applejack: He has really gone off the deep end!

Alpha: Deep space. I've spent 20 years traveling the cosmos handpicking alien anatomies surgically enhancing myself. Becoming more powerful than any one alien. Or human.

Nico: I will never forget seeing this grotesque abomination you've turned yourself into!

Starlight Glimmer: You have really messed around with Mother Nature big time!

Nico: And he has over 12,000 aliens integrated into him.

Animorphs Rachel: We have over 15,000 aliens.

Nico: But that's nothing compared to the Thing. And that gruesome and gory abomination and nightmare had over 10,000,000 aliens woven into it.

Runo: That is horrifying!

Shun: No kidding.

?: He sure is ugly though.

A figure came out and it was THIEFTRON from episode 36 of Beast Morphers!

---

**Thieftron** is a thief-themed Robotron in *Power Rangers Beast Morphers* season 2.

To strengthen the resurrected monsters, Scrozzle created Thieftron off screen and had him steal diamonds from Coral Harbor stores. By the time the news was reporting about the stolen diamonds, Thieftron already stole from three jewelery stores. Sensing a pattern from the stolen stores, Ravi has himself along with Devon and Zoey stake out Diamonds of Distinction. They see an invisible Thieftron walk out thanks to their binoculars, and fire at him with his Beast-X Blaster, shorting out his invisibility. Before Thieftron could escape on foot with the diamonds, Devon grabbed them from him thanks to his Cheetah Speed. Knowing that he couldn't go back to the Crystal Dimension, for fear of being destroyed, he stood his ground and prepared to fight. After the trio morph, they summoned their Beast-X Visors and activated Beast-X Mode, preventing Thieftron from escaping by kicking him down. Running scared, Theftron tries to jump to safety but Zoey took him down with the Jackrabbit Spin Kick and Ravi knocked him flat with his Gorilla Slam (utilising a massive grey pipe to throw at him). Devon then destroyed him with the Beast-X King Ultra Bow's Beast-X King Power Bolt.

Although Thieftron was destroyed, Scozzle used the diamonds he had already taken to the Crystal Dimension to resurrect Goldar into

Goldar Maximus.

---

Devon Daniels: Thieftron!

Thieftron: Been a while rangers.

Nico: I remember you! You were sent to steal diamonds from jewelry stores so that Scozzle can resurrect Goldar into Goldar Maximus.

Thieftron: Most good memory on you Nico. Mistress Vypra told me your memory is as sharp as J.D.

Nico: I never missed an episode myself.

Sly: (to Thieftron) So you're a Robotron that's a thief, right?

Thieftron: Of course! Let me show you!

Thieftron turned invisible and suddenly, Sly's cane was taken from him.

Sly: Hey!

Thieftron turned visible while holding Sly's cane.

Thieftron: (laughs) What do you think? Impressive, right?

Sly: That was very clever. You have the makings of a great master thief.

Thieftron: Why thank you.

He gave him back his cane.

Bentley: If you were human we would gladly let you join the Cooper Gang.

Penelope: You got that right.

Thieftron: Thanks. I may have Mistress Vypra consider that in the future as one of your archenemies.

Murray: Awesome!

Guru: (Speaking Aboriginal)

Bentley: He said "It would be an honor to face you."

Thieftron: Thank you.

Nico: Lets get it on shall we?

They powered up and went at them.

Aqueduct was first.

Aqueduct: (to Raiden) I don't think this is your first time dealing with a shapeshifter.

Raiden: No it isn't. We've dealt with several shapeshifters many times before.

Rarity: Yeah. They are all skilled and terrifying.

Sweetie: The Thing was the most grewsome of them all. But those Limax's are ugly.

Thunder Terror: Yeah they are gross too. I can't believe that Ben faced them before.

Shun: Me neither. They are both terrifying and gross.

Aqueduct: You got that right. The Thing was terrifying. I can't believe it has that many aliens woven into it.

Joe Shimamura: Yeah it's awful. Kate went through a nightmare from Hell 100,000-fold.

Cozy Glow: No kidding. But thank goodness it's over.

Ty Lee: Yeah thank goodness.

Aqueduct: I'm just glad she's okay. Not even I would wish that on my worst enemies.

Raiden: J.D. said the exact same thing.

Aqueduct: Indeed. Lets do it.

(GONG RINGS)

(Mortal Kombat Theme plays)

Fluttershy: We'll have to see what it is when we get back.

Tree Hugger: Agreed dudes.

Runo: But at least the challenges are not as torturous like the ones we were told that Billy McLean did.

Jet Link: Yeah I saw those and that Billy guy was insane.

Barricade: No kidding. He practically tortured all the contestants to the brink of insanity.

Abra Kadabra was next.

Abra Kadabra: (to Hawkeye) I knew something was wrong with that Hawk Moth on the news.

Hawkeye: Yeah Gabriel told us that he doesn't have Nooroo or his powers as Hawk Moth anymore. I knew something was up when we heard about that.

Applejack: Yeah and thank goodness Gabriel is not gonna be going to prison anytime soon.

Apple Bloom: Thank goodness for that.

Frozen Fright: You said it. But what that Limax did was awful. They may have awesome shapeshifting powers but they are obviously not very smart.

Julie: No they are not smart at all. They didn't know humans were 70% water or keep up on the events that have happened over the years.

Abra Kadabra: You're telling me. Their bodies may be gelatinous but they don't have very good brains.

Françoise: They are also really good spies from what we had been told.

Ghost Rider: You and me both brother. I have had this bike ever since my daredevil stuntman days.

Pinkie Pie: But your motorcycles are really cool! I'm more of an A.T.V. Girl myself.

Raimundo: No kidding. I can't believe he is going to such great lengths to take his home.

Sunset Shimmer: It's like he wants to ruin Muscle Man and destroy his home all at the same time.

Pepperdance: Ooowee! He needs to be brought down a huge number of pegs big time.

Dan: And Nico is REALLY gonna make sure he pays.

Geronimo Jr.: And we're going to help him and snap his henchmen's necks.

Rippersnapper: Yeah!

Luster Dawn: They sure have and Sly's ancestry is amazing. We had no idea that he has over 12,000 years of history in him.

Alice: That is amazing.

Chang: It sure is.

The next member of the Midnight 13 is Nightmare Moon.

See you all tomorrow.

# Terror of The Midnight 13 - Alaska

At the World Tree Estate Nico and Eli were sitting at the table doing a dare. They had arrogant looks on their faces.

Killer Frost: Oh, dear God. What dare is going on now?

Nico and Eli were gonna do the most insane dare EVER! In front of them on their plates was a deadly sandwich and it had nuclear hot flaming sauce injected into the meats and it was glowing neon red.

Mordecai: That sandwich they are gonna eat is called the Nuclear Nova Holocaust and it's the deadliest and most insane sandwich ever known.

Mordecai explained that it was a sandwich loaded with 7 kinds of smoked meats and there were 7 kinds of nuclear spicy hot sauces made from the hottest peppers ever known in the universe injected into the meats and covered in deadly capsaicin extract sauce and Fire Salt and lit on fire.

When he was done everyone gasped in shock and horror!

Lori: Those sandwiches will literally kill them!

Lucy Loud: I'll be sure to say something nice at their funerals!

Vince: (Gulps)

Julie Tancheno: I'll get my ice powers ready to cool you off.

Kayla: And in case you two don't survive, me and Jessica will prepare your caskets.

Jessica: Have fun in the morgue.

Nico: (Sarcastic) Thanks a lot.

Eli: But thanks.

Nico: You are so gonna lose this Eli.

Eli: In your dreams.

Nico and Eli then ate their sandwiches all in one bite and it was tasty and good.

It was gonna hit them!

But then their eyes had nuclear explosions go off in their eyes!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

They started glowing red and then neon blue and then glowing white!

They all ducked and covered and then Nico and Eli had a massive blast of fire explode out of their mouths with solar flare force as they screamed in excruciating pain and Lola, Sunset Shimmer, and everyone was absorbing the fire.

(IT BURNS BURNS BURNS BY LOCO LOCO PLAYS)

Nico and Eli ran around like chickens with their heads cut off and they were blowing fire out of their mouths like no tomorrow!

Everyone was absorbing the fire like no tomorrow and for 2 whole hours it was going on and Julie fired blasts of ice into their mouths and steam came out and they fell to the ground with bad thuds!

FWOMP! FWOMP!

May: Nico!

Nunnally: ELI!

They went over and hugged them.

Nico: (Wheezing) That was intense.

Eli: (Wheezing) Yeah it was.

First Aid: I'm gonna get you two to the medbay.

He took Nico and Eli to Medbay and they were placed in the beds and were in a lot of pain from the spice. But then…

FFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Nico Farted out fire and it hit Lola and smashed her into the wall.

Nico: Oops. Pardon me.

Lola: No worries. But man those sandwiches were intense.

Vince: No kidding! Wow! You guys are powerful and strong to handle sandwiches like that.

Eli: Thanks.

Computer: Alert… Incoming WOOHPing.

Nico: Uh oh. Jerry needs us.

Sam: Lets get going.

They were sucked in through a tunnel and taken all the way to Jerry's office.

Stacy Bolton: WEEEEE!

Twilight Sparkle: Oh this is so much fun!

Clover: Speak for yourself Twilight!

Sunset Shimmer: WOOOO!

When they landed in Jerry's office, they landed on a bouncy castle.

Carnivac: Is this a bouncy castle?

Jerry: It sure is! I remember that your landings here are usually painfully. So, I did something to fix that.

Bounce Man: I'm not complaining. This is really bouncy. Like me!

Nico: Hello Jerry. Good to see you.

Jerry: Same to you Nico. Nice safety measure if I do say so myself.

Nico: And it's funny too!

Varie: But it's a safe way to come in.

Julie Tancheno: It sure is.

Jerry: Indeed. I know that J.D. and Zarya are not with you because of them participating in the Ridonculous Race and I wish them the best of luck.

Nico: Thanks Jerry.

Jerry: And you are doing a fantastic job of being leader Nico.

Nico: Thank you.

Kim Possible: So what's the sitch?

Jerry: Perhaps you know this face girls.

He pulled up a picture and it was that of their enemy CHARLESTON!

---

Charleston appears in "Alex Gets Schooled". He is the headmaster of Dorsal Academy. When he was ten years old, he was rescued by dolphins after he fell off his family's yacht. They ended up raising him. This event led to him feeling indebted to them.

When revealing his plan to the spies, he mentioned that he was enraged by the way dolphins were treated by humans. He said quote, "What do these kind creatures get in return? Polluted oceans? Fishing net and speedboat collisions? Well, not anymore!"

He developed a "Dolphinizer" which he used to infuse the students of Dorsal Academy with dolphin DNA to turn them into half-dolphin/half-human hybrids, so that they would respect Mother Nature.

---

Sam Simpson: Charleston!

Nico: I take it he gave you a hard time girls?

Sam Simpson: Not really. He is a man that is out to save the dolphins.

Fluttershy: From what?

Nico: Obviously from the way humans were treating them.

Sam Simpson: Let me tell you about him.

She did so.

---

In the mobile Sky Fortress, me and Zarya were heading over to Alaska.

Me: I can't wait to get to Alaska.

Zarya: Me too.

Villamax, Aqueduct, Turtle, Abra Kadabra, Johnny 13, Trickster, Red X, and Robo-Roxy then appeared.

Villamax: (to me) Can me, Aqueduct, Turtle, Abra Kadabra, Johnny 13, Trickster, Red X, and Robo-Roxy go with you and Zarya this time?

Me: You all sure can. We're going up to Alaska.

Zarya: I heard it gets really cold there.

Me: It sure does and it's also home to many awesome things like the famous Iditarod Race.

Johnny 13: Cool! I love the Iditarod.

Aqueduct: Me too. The dogs used in those races are awesome.

Me: And cute. Also Alaska is home to the Alaskan Railroad and that was the setting for the 1985 movie Runaway Train.

Aqueduct: That movie was awesome! John Voight, Eric Roberts and Rebecca De Mornay all did a great job in that movie.

Me: I never saw it but I heard it was really awesome.

Aqueduct: You bet it was!

Me: So cool!

Aqueduct: Yep. One of my favorites. We still have time before we get there so lets watch a movie.

Me: Good idea.

We watched Aqueduct's favorite, Runaway Train from 1985.

---

Oscar "Manny" Manheim is a ruthless bank robber and hero to the convicts of Alaska's Stonehaven Maximum Security Prison. After two previous escape attempts, Manny is put in solitary confinement for three years. A court order compels sadistic Associate Warden Ranken to release him from solitary. Planning a third break out, Manny is forced to advance his plan to mid-winter after he is stabbed. Manny recruits young prisoner Buck McGeehy to help in the complicated plan. After an arduous cross-country hike, including a swim across a freezing river, the two arrive at a switchyard. After stealing some railroad clothing, they hop on board a train, consisting only of four locomotives.

After the men stow away, the elderly railroad engineer, Al has a stroke and falls off the lead locomotive. As the unmanned train accelerates, dispatchers Dave Prince and Frank Barstow are alerted to the situation. Barstow allows the train to reach onto the mainline, whilst trying to keep the tracks farther down the line clear. Soon, the runaway smashes the caboose of another train which is pulling onto a siding. The collision damages the cab and the controls of the lead locomotive and jams the front door of the second engine, an old EMD F-unit. The convicts are now aware something is wrong. Barstow's superior Eddie McDonald orders him to intentionally derail the train.

At this point, the train's horn blows, alerting the authorities (and the two fugitives) that someone else is aboard the train. Barstow has the maintainer cancel the derailment. Ranken concludes that his two escaped convicts are fleeing by rail. Meanwhile, the two fugitives are discovered by Sara, a locomotive hostler, who explains that she sounded the horn and that the train is out of control. She convinces them that jumping off the train at that speed would be suicide and explains that the only way to stop the train is to climb forward onto the lead engine and press its kill switch, a near-impossible feat. As they do this, they manage to shut down the third and fourth locomotives and they nearly derail on a bridge. Someone also sees the three people and alerts the dispatch.

The dispatchers divert the runaway onto a dead end branch line after determining it is only five minutes away from a head-on collision with a passenger train. Further ahead the train has a tight curve near a chemical plant. Barstow agrees that they must crash it, thus condemning the three people, rather than risk a chemical explosion. Warden Ranken forces Barstow to help him reach the train by helicopter.

Manny tries to force Buck into a suicidal scramble around the outside of the second engine's frozen nose. Sara's intervention on Buck's behalf forces an armed face-off. Emotionally broken, all three slump into depression. Suddenly Ranken's accomplice is lowered from a helicopter to the lead engine but falls through the windshield of the second engine, and then under the train.

Spurred on by the appearance of his arch-enemy and resolved not to return to prison, Manny makes a perilous leap to the lead engine. He barely makes it, crushing his hand. Ranken boards the locomotive from the helicopter, but Manny ambushes and handcuffs him. Ranken orders Manny to stop the train before it crashes, but Manny has chosen to die rather than be recaptured. Ranken says that he knows how to die too. When reminded of Buck and Sara in the second engine, Manny uncouples his out-of-control lead engine. He waves goodbye, ignoring Buck's screaming pleas to shut down the lead engine, and climbs onto the roof of the lone engine in the freezing snow, his arms stretched out, ready to meet his end. Buck and Manny's fellow inmates mourn in their cells as the lone engine disappears into the storm. The film closes with an on-screen quote from William Shakespeare's *Richard III* :

"No beast so fierce but knows some touch of pity."

"But I know none, and therefore am no beast."

* * *

When it was done we cheered wildly.

Me: Wow! That was awesome! And look we're here.

We arrived in Nome, Alaska.

* * *

Sam was finished telling everyone about Charleston.

Nico: Whoa man.

Stalker: (to Clover) Unlike the Inventor and some of your enemies that we've killed, Charleston is not actually a bad person.

Clover: I agree and I love dolphins.

Nico: Me too. They are awesome.

Bridgette: I completely sympathize with this guy. I'm a surfer and I love dolphins and they are great creatures.

Sapphire Shores: I love dolphins too and they are awesome.

Ecco: I'm a dolphin myself and I like this guy.

Nico: I think dolphins are amazing creatures.

* * *

In Nome the temperature was -25˚Fahrenheit and it was brutally cold.

Trickster: (shivers) Should've brought a jacket!

Me: It gets really cold here in Alaska this time of year.

Zarya: I like it.

Me: And Nome is one of the coldest places in Alaska.

Trickster: Man no kidding.

Aqueduct: Wow. It's amazing here. Wait. (Sees the statue of Lily) Is that Lily with Balto?

Me: Yep that's her. Lily is a hero all the way up here in Alaska. She helped Balto save all of Nome from the 1925 Diphtheria Epidemic that was killing most of the children in Nome.

Turtle: That was 95 years ago.

Me: It sure was. Let me tell you everything that happened.

I went over everything that happened during the events of Chapter 51.

---

Lily: I'm in Nome, Alaska.

Lily had a thermometer device on her arm and it said the temperature was -35 degrees.

Lily: 35 below. That's cold.

Lily walked around and saw that no one was on the streets.

She saw the local hospital and went in. Lily saw lots of children that were extremely sick and near the verge of death.

Lily: Oh man. I'm in the 1925 Diphtheria Epidemic. Good thing I've had a Diphtheria shot.

Lily went back outside and saw the famous wolf dog Balto.

Lily: Balto?

Balto: Yeah.

Lily: My name is Lily Loud and I want to do everything I can to help the children.

Balto: I had a feeling you would. Lets go.

Balto and Lily set out to find the lost sled dog team with the medicine for the children. The hospital urgently requested more Diphtheria Antitoxin from Anchorage, Alaska. They tried to send it by sea but pack ice from the Bering Sea came in and made that impossible. They tried delivering it by plane but Blizzards and Whiteout conditions made visibility zero and grounded all planes until conditions improve. The antitoxin was shipped by rail from Anchorage to Nenana, 550 miles away from Anchorage. The Sled Dog team that was sent from Nome to Nenana had to deliver it back from Nenana, 550 miles away from Nome and 550 miles back. The Sled Dog team was 100 miles away from Nome.

They walked over lots of snow and ice. The temperature was dropping the further they went.

Balto sniffed their scent.

Balto: Come on Lily. Steele and his team passed this way.

Lily: We've got to hurry.

As Balto and Lily kept going they went through blowing snow and extreme cold.

The eventually found the lost sled dog team at the bottom of an ice hill.

Lily: There they are.

Lily and Balto slid down the hill and the dogs saw them.

Star: Balto!

Nikki: Is that?

Kaltag: Balto, how did you find us and who is she?

Balto: Is anyone hurt?

Star: We're all okay but our musher hit his head and he didn't get up.

Kaltag: And he's not moving.

Lily: Oh man. I'm Lily Loud and we came to help you.

Balto: Where's Steele?

Ronul: He abandoned us.

Nikki: Steele is a traitor!

Balto: Typical. All right lets load up. Lily you be Musher.

Lily: Okay. I'll try.

Balto, Kaltag and Star load the musher onto the sled and Balto was lead dog.

Lily checked for a pulse on the musher and he was still alive.

Lily: Balto, being part wolf may have been a weakness for some. But for you it's a great gift.

Balto: Why do you say that, Lily?

Lily: Because you have the power and the strength to help and become a great inspiration. You can do it Balto. I believe in you. All you have to do is believe in yourself.

Balto then began to realize that being part wolf is not a weakness but a powerful strength.

Lily: Ready Balto?

Balto: Ready.

Lily: What about the rest of you?

All: Ready.

Lily: All right. Mush!

And off they went. They were braving the treacherous conditions of the Alaskan wilderness. The temperature was -50 degrees, whiteout conditions and blizzards almost made it impossible to see ahead of them, the wind chill was -85 degrees and it was cold.

They entered a forest and saw numerous scratch marks were in the trees.

Star: There's marks all over the trees.

Lily: It must be Steele. He's trying to throw us off the trail.

Balto was sniffing the air and he found the right road and pointed with his ear to the west northwest.

Balto: This way.

Lily: Mush!

They went on and they had to cross over the Rocky Mountains.

They crossed over an ice bridge and Lily heard the bridge cracking.

Lily: Uh oh! The bridge is cracking! Mush!

They ran and got off the bridge just in time as it fell apart.

Balto: Whew! That was a close one. Good call Lily.

Lily: Thanks guys. Lets keep going.

As they kept on going Balto accidentally tickled Star's nose and Star sneezed.

Kaltag: Gesundheit.

The sneeze triggered an avalanche of snow on a nearby mountain and Lily saw it coming.

Lily: Avalanche! Mush!

They all ran and the avalanche was closing in and Balto saw a cave entrance and they went inside it.

As they went deeper and deeper into the cave they saw that it was a big ice cave.

Lily: Wow. What an ice cave.

Balto: It truely is a beautiful sight.

Nikki: Yeah.

As they walked on a drop of water landed on Balto's head and saw that the icicles on the ceiling looked like they could fall with the slightest of noise.

Balto: Shh!

Lily: (Whispering) We have to stay quiet.

They went deeper into the Ice Cave and Lily was walking beside the sled.

The sled then made a thump as it landed off a step and it made an icicle fall and it hit the arch in the sled.

The ceiling was about to fall.

Balto: Mush!

Lily grabbed hold of the sled and got on as they ran and icicles fell and Lily used her Water Powers to swat away falling icicles from the sled and medicine.

They saw the exit and a bunch of icicles broke off and they got out just in time.

---

Back in Nome, everyone thought that the medicine wouldn't get there and hope was lost. Until Balto started howling.

Lily and the team came over the hill and they saw Nome up ahead and someone had created an artificial Aurora Borealis to be used as a signal beacon.

Hope has Arrived.

Lily: There it is. Hang on Children! We're almost there!

Balto: Jenna.

The lantern at the telegraph station was lit and all the lights in the town came on and all the townsfolk came to the track and cheered wildly as Lily and the team came in and parked in front of the hospital.

Doctor Curtis Welch came out and saw Lily on the sled.

Dr. Welch: Thank you. Thank you so much miss?

Lily: My name is Lily Loud and you must be the doctor.

Dr. Welch: Yes I am. Lily. You, Balto and the Sled dogs have saved us all.

Lily: We did what we had to do for Nome.

20 minutes later, the Antitoxin was administered to the children and a man came out.

?: Lily, Balto?

Lily: Yes?

?: I'm Rosy's dad. She wants to see you both.

He took them both into the hospital and Rosy just woke up.

Rosy: Mommy?

Rosy's mom: Rosy darling.

Rosy: I fell asleep.

Rosy's mom explained what happened and Lily was invited over.

Rosy: Are you Lily?

Lily: Yes I am.

Lily sat on Rosy's bed and Rosy hugged her.

Balto got Rosy's musher hat and brought it over to her.

Rosy saw Balto.

Rosy: Balto. I'd be lost without both of you.

Lily: I'm so glad that you're okay Rosy. We had to do what we had to do.

Rosy was so happy.

---

When I was finished everyone was amazed.

Aqueduct: Wow! Lily is a true hero.

Red X: Lily is one brave girl. To face the subzero brutal conditions up here takes a lot of courage and guts.

Zarya: No kidding. Wow!

Turtle: I'm very proud of Lily.

Me: I am too. She was awarded the Congressional Gold Medal for her heroic deed.

Abra Kadabra: Wow! That is amazing.

Zarya: It sure is.

---

Lena Isis: Where's Charleston right now?

Jerry: He is on a submarine located in the South Pacific Ocean.

Nico: Then that's where we need to go. But first we need to make a little pit stop.

Carol: To where?

Nico: The Iceberg Lounge. We're going to get Penguin back into the fray.

Laney: Cool!

Carol: I love his nightclub the Iceberg Lounge. It's amazing.

Vince: It sure is.

Nico: Lets head out.

They went to the Iceberg Lounge and there running the bar was Oswald Chesterfield Cobblepot A.K.A. Penguin.

Penguin: Ah, Team Loud Phoenix Storm. Welcome.

Nico: Hello Oswald. We came to ask you if you would like to be part of the Masters of Evil and help us out in a mission.

Nico went over everything and more and he was more than delighted to accept. The Battle with Thanos may have changed him but he will be glad to be back in the fray.

---

Robo-Roxy: What challenge are we doing this time?

Me: First up is my favorite: Dogsledding.

We saw a bunch of dogsleds and they had Huskies and Malamutes and they were ready and cute.

Zarya: Oh wow!

Turtle: If it's all the same to you guys, I prefer to go sledding on my shell.

Me: Go for it.

Zarya: Lets do it!

Me: Yeah! Mush!

We were off!

We were gonna go through brutal terrain, subzero freezing temperatures, wind chill temperatures, whiteout conditions, blizzards and brutal cold.

---

Everyone was in the Ulysses submarine and it was underwater. We made a lot of modifications to it to go with 21st Century standards and made it able to handle today's technologies. We put in more powerful torpedoes, more powerful weapons, powerful radar system and more. And more varieties of food and more.

Nico: Wow. J.D. really made the Ulysses an amazing submarine.

Lana: We all did and the technology of the 21st century makes it better than ever.

Milo Thatch: It sure does. I am really impressed.

Nico: We all are.

Laney: And the views of the ocean are amazing through the view window and all that.

Lola: It sure is.

Sea Clamp: I'll use my alternate form to go underwater while we're looking for Charleston.

Nico: Okay. And you are a crayfish so you'll do just fine.

Sea Clamp: Right. Thanks.

He went out into the water.

The Neptune Crusaders all swam beside the sub.

Lynn: This is amazing.

Lori: It sure is. Wow.

Carol: I love going down in submarines. They are amazing.

Nico: I always love a good ride in a submarine.

Megan Williams: It sure is neat!

Firefly: I love a good ride in a submarine too.

Lily: Me too.

SONAR PINGS

Lily: Uh oh. Sonar signature 85 degrees off the port bow.

Everyone looked and they saw Charleston's submarine. It was really nice and amazing.

Nico: Wow! His submarine is really nice. Lets get ready to head in.

They got ready and went in through a hidden hatch and saw that it was very lavish and amazing.

Marah: Is this the place?

They saw that they were on the submarine.

Nico: Yes it is. Wow. He sure has an awesome submarine.

Rarity: Very well made and amazingly created.

FFFFFAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRTTTTTTT!

Eli farted out fire.

Eli: Pardon me!

Nunnally: That sandwich must be ravaging you.

Eli: Yeah.

Nico: Lets go.

They went in and hid in the shadows.

* * *

We got to Anchorage and it was awesome.

Aqueduct: That was really fun!

Me: And awesome!

Zarya: Yeah it was!

Trickster was shivering like a leaf and he was sneezing.

Our stomachs growled.

Red X: So… now what?

Me: Now we get some grub.

Red X: All right I'm starving.

Turtle: Me too.

We went to Humpy's Alaskan Ale House and we got some really good seafood and more.

* * *

They got to the main room of Charleston's sub and there were guards by the door and knew that he was in there.

Carmen: I have an idea on how to sneak past the guards.

Maria: What is it?

Carmen smirks at Maria, making her groan.

Maria: You've gotta be kidding me.

[Carmen carries Maria off in front of the guards.]

Carmen: Get help! Please! My sister's dying! Get help! Help her!

As the guards approach them, Carmen throws Maria at them, knocking them down.

Carmen: (laughs) I'll always love doing this ploy of ours.

Maria: (gets up and glares at Carmen) Well, I'll always hate this ploy of ours.

Ren Krawler: I actually like that ploy of yours already.

Twilight Sparkle: What was that?

Nico: Carmen calls that Get Help. Maria does not like that ploy at all.

Eli: That was really clever though.

Lincoln: Yeah it sure was. We saw it in action several times and it was genius.

Clover: That is clever. Just as awesome too. Smart thinking girls.

Starlight Glimmer: I agree. Awesome job.

They went into Charleston's main office and there they saw CHARLESTON!

Battletrap: Charleston, right? Listen, we're gonna have to ask you to stop this dolphin plan of yours.

Charleston: (British Accent) Team Loud Phoenix Storm it's an honor to meet you. And Master Cobblepot it's an honor and pleasure to see you again.

Penguin: It's good to see you again old friend.

Nico: You two know each other Oswald?

Penguin: We sure do. We were business partners together. The families of mine and Charleston were great partners.

Charleston: Indeed chap.

Nico: We didn't know that.

Bridgette: Charleston I know just how you feel. I love dolphins and I surf with them.

Sapphire Shores: And I like dolphins too. They are my lucky animal.

Ecco: I'm a dolphin myself and thank you for looking out for us.

Charleston: A pleasure Ecco.

---

At Humpy's we were eating a lot of great food and more. I was having the Kodiak Arrest challenge and it was a great meal.

Johnny 13: This food's really good!

Me: Alaska's food is delicious. I like the salmon and the king crab and reindeer sausage.

Red X: I remember the last time you all were here was on that amazing Worldwide Adventure.

Me: Yep and that was awesome.

Turtle: And that statue of Lily and Balto we saw was amazing.

Me: Yep. Lily saved all of the People of Nome back then.

Zarya: That still was so cool.

Me: It sure was.

Zarya: I love all the food in Alaska. It's delicious.

Me: It all is. I could eat everything here.

* * *

Charleston: If it makes you all feel any better, my dolphins won't kill any children. And the rest of the villains out there will be among those killed.

Hard Man: You really think your dolphins will be able to kill the likes of the Hellfire Club and Grandfather? Hell no!

Nico: No they won't. They are far too powerful.

Varie: That's right and they will be stopped.

Eli: Yeah! And we're not going to let them get away with everything they did.

Nico: So Charleston let us help you and organize a special program that will prevent dolphins from being eaten and all that.

Charleston: I would like that very much.

Bridgette: Awesome.

Then Pinky and the Brain, Common Cold, Magneto, Whiplash, Artie Ziff, Ragdoll, Mole Man, and Abomination appeared.

Nico: Pinky and the Brain, Common Cold, Magneto, Whiplash, Artie Ziff, Ragdoll, Mole Man, and Abomination.

Common Cold: Good seeing you all here. (Sneezes)

Nico: Bless you.

Common Cold: (Sniffs) Thank you.

* * *

We paid for our meal and left the restaurant.

Me: Ahh. That was great!

Zarya: You said it. I'm stuffed.

Red X: Me too. That was delicious.

Me: A member of the Midnight 13 should be showing up any second now.

?: And you are right!

Out of a swirl of blew stars came NIGHTMARE MOON!

Me: (GASP) NIGHTMARE MOON!

Nightmare Moon: Prepare for an eternal nightmare!

Abra Kadabra: Your eternal nightmare will be your death!

Zarya: That's right and it will not be pretty!

Me: You better be ready for it!

Zarya: Time for some action.

I snapped my fingers and we were on the Volcanic planet SHISHALDIN!

---

Planet Shishaldin is a volcano planet located in the Unknown Zone. It is named after Shishaldin Volcano in Alaska. It is home to a 30,000 foot high caldera with a lake of lava that's 900 miles wide. This caldera is also an island that's more than half the size of the continental United States in an ocean of lava. The lava lake has jagged rocks and mountains and bats, birds and creatures made of fire dominate the caldera. Making it extremely treacherous. A truly terrifying and virtually inhospitable world.

---

Me: Now that's more like it.

J.D. 2: Planet Shishaldin. Good choice for the fight.

Me: Thanks.

Zarya powered up and got ready for a powerful fight.

Pinky: Hey, guys!

Maria: Hey, Pinky!

Common Cold: Looks like you guys have eerything under control here.

Magneto: But this is still an impressive submarine.

Whiplash: (To Charleston) Is it okay if Nico and the others still fight you in battle? I promise they'll hold back the entire time.

Charleston: Granted.

Nico: Lets do it.

?: (Clucks) Not without me you don't.

2 figures came out and they were CHUNKY CHICKEN from episode 7 of Mighty Morphin Power Rangers Season 1 and KING SNORKY from The Simpsons Treehouse of Horror XI (Season 12 Episode 1C)!

---

Chunky Chicken

**Chunky Chicken** is a chicken monster created by Finster on orders of Rita Repulsa. He serves as the main antagonist of the episode "Big Sisters".

Chunky Chicken was created by Finster. When Rita asked Finster for a truly cruel monster, Finster created the Chunky Chicken. Rita wanted to find a chest of magic eggs, that themselves were artifacts of the Morphin Masters. She wanted to use these eggs to defeat the Rangers. This chest could be opened only by a little kid. Rita needed Chunky Chicken to force the little girl Maria, babysitting by Trini and Kimberly, to open this chest. When Maria was kidnapped by Rita's forces, Chunky Chicken forced her to open the chest. When the Rangers arrived to save Maria, the monster tried to kill her, but Maria was rescued by the Megazord and evacuated on

"The RadBug", Billy's creation. Rita then enlarged the monster out of pure rage. Chunky Chicken could use his scissors to open dimensional holes and teleport. Goldar also enlarged to help him. However Chunky Chicken was eventually destroyed by the Megazord's Power Sword.

## King Snorky

**King Snorky** (also simply known as **Snorky** ) is the main antagonist of the "Treehouse of Horror XI" segment, *The Night of the Dolphin* . He is the evil king of the dolphins that Lisa released into the wild.

He was voiced by Harry Shearer.

### *The Night of the Dolphin*

At the time, Lisa was unaware of both his sentience and maliciousness as she had only witnessed him being mistreated by the guests at the ocean park Snorky was housed and as such decided to free him out of sympathy. This degradation along with humanity's less than stellar treatment of dolphins served as the primary reason for his genocidally misanthropic hate.

Once being released, Snorky took control over his army of dolphins again and they started killing people swimming in the sea. Encouraged by their success, the dolphins eventually dared to leave the ocean and after marching towards the town on their caudal fins, they continued with killing random citizens.

Snorky interrupted the town meeting and took the stage instead of Mayor Quimby. He revealed himself to be able to speak English and in the following speech he explained the dolphins used to live on land, but were vanished to the ocean by humans. As dolphin king, he then banished all humans to the ocean. However, the citizens chose to resist instead and began a terrible battle which they lost, causing Snorky's dolphins to kick them to the ocean definitely.

### *The Simpsons Game*

*The Simpsons Game* presents an alternate account of Snorky's invasion. In this game, the Dolphins invade Paradise Pier as part of

Kang and Kodos' attack on Springfield. After successfully invading the Pier, he is confronted by Bart Simpson, Lisa Simpson and The Sea Captain. He is killed after being dropped into an electrified tank of water three times or in the Wii version, placing an electric eel once to his tank. He is later seen in Heaven, assisting God in his attempt to defeat the Simpsons in the final boss level.

*The Simpsons: Tapped Out*

Snorky can be bought in *Tapped Out* for 5250 Go. Tapped Out continues the story-line from The Night of The Dolphin, with Homer attempting to make peace with King Snorky by bribing him with a can of tuna.

---

Jason Lee Scott: Chunky Chicken!

Lisa Simpson: King Snorky!

Nico: I remember you Chunky Chicken! You were made by Rita to find a chest that contained Magic Eggs which could only be opened by a little kid.

Billy Cranston: That is sick!

Laney: Yeah!

Maria: And we were just talking about you Snorky when we were after the Vortex to save all of Ecco's friends.

King Snorky: I had a feeling you would. I joined the Masters of Evil recently.

Sapphire Shores: Who are you gonna be the the archenemy of?

King Snorky: Ecco.

Ecco: You are gonna be MY archenemy? Cool! Dolphin VS Dolphin.

King Snorky: Yep.

Ed: CHICKEN! (hugs Chunky Chicken) HUG A CHICKEN! HUG A CHICKEN! HUG A CHICKEN! HUG A CHICKEN!

Chunky Chicken: You sure your girlfriend won't mind?

Leni: Not at all!

Ed: I LOVE CHICKENS EDDY!

Eddy: (Laughs) That is funny!

Luan: Clucks us up! (Laughs)

They laughed.

They powered up and went at them.

---

Superman: All of us are Brain. The Inventor and Mandy both have no honor.

Star Swirl: No they don't and they deserved to either be locked in prison or dead.

Rockhoof: (Scottish Accent) Aye. They have no love for anyone but themselves.

Mistmane: People like them also have no respect for the law.

Somnambula: (Egyptian Accent) Or love for anyone else.

Flash Magnus: No honor and no love. That is one of the things that will get them killed.

Mage Meadowbrook: And we respect all people except those that don't have honor or love.

Gusty: That's right. Grogar and all our enemies in Equestria are those enemies.

Clover: You got that right.

Pinky: Why? Do you not want to give them a hug?

BLAM!

Brain bashed Pinky's head in with a mallet!

Pinky laughed crazily.

Charleston: And for that, I'm grateful.

Artie Ziff: We promise that no more dolphins will be eaten.

Ragdoll: In my opinion, pizza is much more tastier then dolphins.

Penguin: How about we celebrate this victory at the Iceberg Lounge?

Mole Man: Good idea!

Lynn Sr.: (sternly) But my kids won't be drinking there!

Abomination: Oh, c'mon! Can't you make an exception just this once?

Nico: Emil no. Lynn was drinking there after what happened when her evil self tried to destroy her life and she was drinking like crazy. We don't want to go through that again.

Abomination: Oh man. I heard about that. That was terrible.

Ragdoll: Yeah it sure was.

Penguin: But lets all head back and thank you all for getting me back into the fray.

Nico: Anytime Oswald.

Pied Piper: So much for the great Nightmare Moon.

Me: And her reign of nightmares. But she will be back on April 12th.

Zarya: And we'll be ready for her. Alaska is done.

Me: Yep.

Don: And next up is Japan. You'll love what I have planned there.

Me: Cool!

We were back on Earth and ready to head to Japan.

---

Back at the World Tree Estate everyone was watching me and Zarya on TV.

Nico: Wow. Charleston is a great man and I think it's great that he was helping out Dolphins. He had good motives and had good purpose. Community Service at the Iceberg Lounge is a great idea.

Varie: That is a great idea.

Vince: Yep.

Computer: Holo-call incoming.

Nico answered it and it was me and Zarya.

Me: Hey guys.

Nico: Hey J.D. hey Zarya. We saw what happened in Alaska. Great job doing the dogsledding.

Me: Thanks man. What happened on your mission?

Nico: Well it was a mission from Jerry and WOOHP.

Nico told me everything.

Me: Wow! That was well thought out and it was clever using pillows and marshmallows on him.

Nico: Thanks.

Me: You're welcome. Next up is Japan and something big is planned for it.

Eli: Japan!? Wow! You guys are gonna have fun there.

Me: We always have fun there. We also have 3 members of the Midnight 13 left.

Nico: Wow! This is gonna be good.

Varie: It sure is.

Me: Yep. See you in 3 days.

Nico: Will do buddy.

The call clicked off.

Sam: (To the viewers) We are having a great series of adventures and they are awesome! The next adventure will be good.

Nico: It sure will.

TO BE CONTINUED…

Part 10 is done.

Next up is Japan and also Nico is in for awesome adventure! Next up is Gaia Everfree and we're gonna face the evil Spirit of Everfree Forest.

See you all tomorrow.

# Terror of the Midnight 13 - Japan

At the World Tree Estate in Canterlot, our favorite mascots were having fun in the park. They were playing in the water and doing fun games.

Teen Titans Thunder: (to the mascots) Are the 5 of you having fun right now?

Tentacool: We all sure are!

Poliwag: Canterlot Park is beautiful.

Poromon: It sure is!

Manaphy: All the kids love playing with us.

Manaphy was playing patty cake with a young boy and a filly.

Horsea: I like playing in the water.

Horsea was in the pond playing. Little do they know however that 2 sets of glowing red eyes were watching them and snarling ferociously.

---

Later everyone else was at the Tasty Treat indulging on some delicious Indian Food and it was awesome.

Laney: Mmm! The food here is delicious.

Megan Williams: It sure is. Wow.

Firefly: Mary REALLY refined everything in Restaurant Row.

Nico: She sure did.

Lola: It's all really delicious.

Lori: It sure is.

Saffron Masala: (Indian Accent) Thank you all so much.

Mary K.: Our friendship mission was to help Coriander Cumin and Saffron Masala refine their restaurant and rebuild their family relationship. And also get the people of Canterlot to see how great the restaurants can be with lots of flavor and delicious food instead of blandness and food that's got no culture.

Nico: That was a great adventure.

Lana: It sure was.

They then paid for their food and then they heard dog barking and they saw the mascots being chased by 2 ferocious dogs!

Horsea: Hide us!

They got onto Nico.

Nico: Not those dogs again!

Fred Flintstone: (sees the dogs) Are these friends of yours?

Poliwag: You could say that!

Poromon: These are dogs that want to kill us!

Qin: I remember these dogs! But I thought they were in the pound still!

Maria: They must've busted out!

Rocko: (Australian Accent) And I thought you guys were the only ones with a bad dog problem.

Heffer: Yeah have you guys ever heard of Earl?

Nico: No unfortunately.

Filbert: You would not like him.

Filbert told them all about him.

---

Earl Bighead is a very large, mean-looking, purple bulldog. He has yellow eyes, red hair and large lower teeth that protrude from his mouth and wears a spiked dog collar. He was initially homeless, and is occasionally locked up at Dr. HP Marten's Institute for Questionable Experiments, due to his viciousness. His "fairy dogmother" frees him from Dr. Marten's lab.

Description

Earl enjoys harassing Spunky, mauling Rocko, Ed, Dan the Fly Man, and basically anything else that is alive. Bev found him digging up her flower garden. After yelling at him for the first time in his life Earl was sorry for misbehaving. As soon as they befriended each other he was adopted by Bev. Ed hates him and Earl hates Ed but is loving towards Bev as she loves him and takes care of him. Deep down Earl is lonely. All Earl really wants is a loving family and a permanent home. His vocal effects are provided by Tom Kenny. He belongs to Bev, Ed, and Rachel as of "Frog's Best Friend".

As well as appearing in several episodes, Earl appears in the series' theme song chasing Rocko and Spunky with Heffer following close behind and is crushed at the end by a television

---

When he was done they were shocked and horrified!

Nico: Whoa! They need to KEEP that dog locked up forever!

Varie: No kidding.

Fluttershy: Let me handle this.

Fluttershy went up to them.

Dog 1: (to Fluttershy) Stand aside, girl!

Dog 2: These two must be punished for what they did to us!

G1 Tantrum: Try it and you get shot in the head!

Nico: Tantrum no! These are animals. Let Fluttershy handle this.

Fluttershy: (Uses her stare) I will not step aside! Who do you think you two are going around tormenting others for your own enjoyment!? You 2 should be ashamed of yourselves. I have a mind to find your mothers and tell them what you've been up to. Now you go over to my friends, and apologize to them for what you have done, and don't ever let me catch you two doing this again. Do you two understand me?

They were whimpering in fear and even urinating.

Dog 1: Okay! Okay! We're sorry!

Dog 2: Yeah!

Nico: Nice one.

They went and apologized to the mascots and ran away.

Poliwag: Bye bye, stupid dogs!

Poromon simply blew a raspberry at them.

G1 Hot Spot: It's those kinds of insults that made them want to try and kill you two in the first place.

Poromon: Sorry.

Nico: I just can't believe that those dogs are still after you.

Eli: Yeah they need to grow up like normal dogs should.

Dog: They give dogs everywhere a bad name like the Greasers do.

Cat: You said it Dog.

Applejack: Yeah and thank goodness Winona isn't like that.

Apple Bloom: Yeah thank goodness for that.

Nico: And thank goodness for that.

Rainbow Dash: Hey guys!

They saw Rainbow Dash and with her was Tank who just woke up from hibernation!

Nico: Hey Tank is back!

Eli: All right! And just in time for Spring.

Rainbow Dash: Yep.

Nico: See Rainbow he wasn't gonna be gone forever.

Rainbow Dash: Yeah and J.D. was right. You all were right. I'm sorry I overreacted like that.

Nico: It's all water under the bridge.

---

Later Brian came into Stewie's room.

**Brian** : Hey, Stewie? Look, something came up. I'm not gonna be able to do the picnic today.

**Stewie** : Oh, was- was that today? Pssh, yeah, no way I can make that either. I'm cancelling too, man. Wow, good memory, though. I totally blanked it.

But then out of a portal came Stewie's evil half-brother and ultimate archnemesis BERTRAM!

---

**Bertram Griffin** is a major antagonist in *Family Guy* . He is a major antagonist of the third and fourth seasons and the main antagonist of the ninth season. He was the son of a gym teacher and her partner through artificial insemination. Bertram's biological father, through a sperm bank mishap fixing, is Peter Griffin. Bertram has appeared in "Emission Impossible", "Sibling Rivalry" and in "The Big

Bang Theory". He is Stewie Griffin's half-brother and arch-nemesis.

He was voiced by Wallace Shawn, who also portrayed Vizzini in *The Princess Bride*, Dr. Elliot Coleye in *My Favorite Martian*, and Taotie in *Kung Fu Panda: Legends of Awesomeness* .

In his debut, "Emission Impossible", Bertram was still a sperm. He entered combat with Stewie Griffin, the youngest son, to prevent his destruction, as Stewie still wanted to be the baby of the family. Here, the two became frenemies, and Stewie would change his mind on a new family member because of this.

In "Sibling Rivalry", a mishap prior to Peter's vasectomy landed Bertram in a vial that would later be used to impregnate the gym teacher's partner. After he was born, he started playing at the same park as Stewie, and the two fought over who would be the ruler of the playground. Stewie eventually wins by disarming Bertram and buried him, and it appears that Stewie killed Bertram, but in reality was only planting a tree. Bertram actually admitted defeat and ran away.

He appears again in "The Big Bang Theory" as the main antagonist where he tries to erase Stewie from the universe by killing Leonardo da Vinci, one of Stewie's ancestors. Eventually, Stewie and Brian learned that while passing outside the space-time continuum, they overload one of Stewie's time-travelling return pads that resulted the creation of the universe; thus if Da Vinci dies, the universe will cease to exist, including Bertram himself. Even when finally learning about this, Bertram doesn't care and succeeds in killing da Vinci, but he is killed in turn by Stewie when he is shot in the head with his crossbow. In the end, Stewie manages to maintain the timeline and overall save the universe.

Bertram shares many qualities of Stewie, these appear to include intelligence, strategy and rampant megalomania. Bertram also has an American football/rugby ball-shaped head like Stewie.

He appears in "Family Guy Video Game!" as the final boss that Stewie fights. An alternate reality version of Bertram appears in *Family Guy: Back to the Multiverse* as the main antagonist, seeking revenge on Stewie and Brian. He attempts to build an army using multiple alternate dimensions and their occupants but is foiled by Stewie and Brian's efforts. In the end, he attempts to kill them with an army of clones and a weaponized Tyrannosaurus rex, only to be defeated once more. He is then finished off when he is fed to his dying dinosaur.

---

**Bertram** : Stewie Griffin!

**Stewie** : My god, Bertram?! But… how is this possible? I- I killed you!

**Bertram** : You only killed me in this universe, you fool!

**Stewie** : Ohhh, so you got yourself a multiverse remote, huh?

**Bertram** : Indeed I did!

**Brian** : W-Wait, hold on. Will someone please tell me what the hell is goin' on here?

**Stewie** : Sorry. Hang on one sec. You remember the multiverse theory?

**Brian** : Yyyyyeah.

**Stewie** : It's one about how there's alternate universes that coexist with ours on parallel dimensional planes. So in each of these universes, the reality is different than our own. Sometimes only slightly, sometimes quite radically. This Bertram is from a universe where we never killed him.

**Brian** : Okay. Okay. I think I got it.

**Stewie** : Sorry, not a genius. Now, what do you want?

**Bertram** : Well, I can't possibly allow a universe to exist without me in it! I'm traveling the multiverse, building up an army to exact revenge on you When I return, I'm gong to destroy your universe completely! See you soon, Stewie!

**Stewie** : Brian, this is bad. With a cross-dimensional army, he'll have no problem destroying our universe. Who knows what he's going to bring back here.

**Brian** : Well, what are we supposed to do?

**Stewie** : We have to try and stop him before he can organize his attack. Alright, Brian, we're going to need to arm ourselves. I'm sure he knows we're going to come after him. His armies are going to be waiting for us every step of the way.

**Brian** : You think- you think maybe I can use one of your ray guns?

**Stewie** : No, I get Stewie weapons, you get the boring stuff. That's what we're doing.

**Brian** : Fine. But how are we gonna find him? He could be anywhere, right?

**Stewie** : Luckily, I just updated my multiverse remote, so I have tracking software now. We'll be able to follow every move he makes. Hang on, Bri. We're going… Back to the Multiverse! But first we got to get everyone to go with us! Lets go!

Brian and Stewie went to get Nico and everyone.

Later in the Living Room, Nico and everyone were watching TV and Stewie and Brian came down with panicked looks on their faces.

Nico: What's wrong guys?

Stewie: We got big problems!

Brian: Stewie's evil half brother Bertram is back!

They gasped!

Maria: Oh man!

Nico: That evil half brother brother of yours that is out to destroy the entire universe is back!?

Stewie: That's right. Get the Masters of Evil that are gonna challenge us to usual battles together. We need to tell them.

Maria: I'm on it.

Maria called them and out came Hank Scorpio, Larxene, Xaldin, Mer Man, Condiment King, Bonz, Duskmon, and Cluemaster.

Nico: Hank Scorpio, Larxene, Xaldin, Mer Man, Condiment King, Bonz, Duskmon and Cluemaster.

Larxene: We got your call.

Mer Man: What's wrong?

Nico told them everything.

Larxene: So let me get this straight. Bertram's back?!

Stewie: And he's challenged me and Brian to come after him across the Multiverse like before.

Xaldin: Obviously, he hasn't accounted for us.

Hank Scorpio: Our usual battles will be in the worlds you two have visited before.

Maria: How will you guys get there?

Duskmon: We have our own universal remote.

Stewie: You have your own Multiverse Remote? That's awesome!

Nico: This is gonna be so cool! (To Venom) I remember that you've been to a couple of the universes they went to.

Venom: We sure have and we went to the Evil Universe where we killed Evil Adam West.

Brittney: And we went to the Pirate Universe where we faced Long John Peter.

Lynn: I remember that! That was so cool!

Lincoln: And the Fox Quint's loved that.

Lola: Yeah they sure did.

Nico: This is gonna be really interesting. I've always been wondering what the worlds Stewie and Brian went to were like. This is gonna be so cool!

Varie: It sure is. And we went to Universe 23 when we faced the Royal Defenders. I wonder what these universes will be like.

Nico: We'll find out when we get there. Lets lock and load everyone!

They went and got their weapons and ammo and more and were ready for war and more and ready to take on Bertram and his forces and whatever he may have coming their way.

They were armed with guns, knives, swords, the works.

Nico: Lets do it!

Stewie: All right here we go!

They went through a portal and wound up in another universe. But it looked like everyone was having parties.

Nico: Wow. Look at all the parties.

Pinkie Pie: I love parties!

Varie: Which universe is this one?

**Stewie** : According to the multiverse remote, this is… a universe ruled by Greeks.

**Brian** : So what does that mean? Fat, hairy philosophers in togas or fat, hairy grease balls in Speedos?

**Stewie** : Oh yeah. Greeks have always have been gross and still are. But, no, it's not those kinds of Greeks, Brian. It's worse. It's frat boys.

Nico: Oh fuck!

Maria: Oh boy! This reminds me of what happened on our first date.

William: Yeah that was awesome.

**Frat Boy** : Hey, those guys aren't like us! Get those knob-gobblers!

Nico: Come get some you sons of bitches!

Nico pulled out an M203 45 millimeter grenade launcher and blasted them all over the place and pumped them full of lead!

Nico: You fuckers are fucking dead!

They fell to the ground dead.

**Stewie** : The party's lame. I think there's someone throwing up over there just because they're nervous. Piñata's? Really? What are we, twelve?

Nico: Yeah some of us are far too old for that. No offense to our friends on Piñata Island.

Laney: But I hope I never get part of a frat club.

Lori: Me neither.

**Brian** : But still Piñata's? No wonder these guys can't get laid.

Nico: Because they are fucked up douchebags.

Eli: And bad morons.

Varie: Yeah.

Nico: Come on lets get moving.

They walked around.

---

Back in our universe me and Zarya were on the Mobile Sky Fortress heading over to Japan.

Me: Japan is awesome.

Zarya: It sure is and we've been there a lot the last few weeks.

Me: We sure have.

Artie Ziff, Pinky and Brain, Common Cold, Magneto, Whiplash, Ragdoll, Mole Man, and Abomination then appeared.

Artie Ziff: (to me) Can me, Pinky and Brain, Common Cold, Magneto, Whiplash, Ragdoll, Mole Man, and Abomination go with you and Zarya this time?

Me: You all sure can. Next up is Japan and it's gonna be so cool.

Common Cold: We've been to Japan many times over the last few weeks.

Me: We sure have and it was so cool.

Zarya: I love Japan. It's amazing that it's all that cool.

Me: It sure is and we get most of our technology from there.

---

Back in the Frat Boy Universe Nico and everyone were looking out for Frat Boys. They saw a Frat Boy with pictures.

**Frat Boy** : Dude, wait until my bros see these nasty pictures of you!

**Lisa** : Hey, get back here with those! I am going to wait one more year before I leaked naked pictures of me online!

Eli: Not on my watch!

Eli flew over and kicked the Frat Dick in the crotch and smashed him down and took the pictures.

Eli: Here miss.

Lisa (BTTMV): Oh thanks little dude.

Eli: You're welcome.

She ruffled Eli's hair.

**Frat Boy 2** : Get those guys! They're with the nerds!

**Stewie** : Well, now I won't feel bad about crapping my pants.

Nico: Come and get some dickfuckers!

Nico blasted them all over and then he fired a grenade and blew up the whole Frat Clubhouse.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Luna Loud: Nice one dude!

Luan: Yeah!

Crash Man: (to the Frat Boys) C'mon. Let's just be bros. 'kay, bro?

Frat Boy: No chance fuckwads!

POW!

Nico punched him in the face and smashed his head out!

Frat Boy 2: You fucking freak! Now you will get it!

Nico: Bring it on you motherfucker!

Nico punched and kicked the frat boys all over and smashed their skulls in and Eli slashed their heads off and disemboweled them and Lori turned the Frat Girls into pretzels and ripped their fucking arms off! Meg blasted the girls with her pistol and Lois blasted them with Nuclear Nova Holocaust hot sauce and melted them.

**Frat Boy 3** : These two dorks just won't quit.

Varie: Because we don't know the meaning of the word quit.

Carol: Yeah you fucking dork!

They then saw a boy dead in the pool.

**Stewie** : I think that boy in the pool is dead.

**Brian** : No, Stewie, he's just swimming. You see, college is all about having fun- Nope. He's dead. No one's helping him.

Nico: Yeah lets send him off.

Nico and Eli fired a blast of fire and burned him.

**Girl** : Hey it's those douchebags who stole the pictures of us!

Nicole: You all give frat girls everywhere a bad name you fucking bitches!

Nicole fired waves of fire and incinerated them.

Nicole: Take that bitches!

They walked around and saw that it was all total chaos and anarchy.

Nico: Man this universe has totally gone downhill fast.

**Brian** : Look at this place, it's anarchy. I guess this is what happens when douchebags become way too entitled. We gotta stop 'em.

Nico: And we will.

Nico fired another grenade and blew up another Frat House in a huge fiery explosion and blew it apart into flaming rubble.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Eli fired blasts of Force Lightning and electrocuted a bunch of Frat Boys into ashes.

Frat Boy: (To Sophie) Hey babe. How about you and me hang out?

Sophie Casterwill: (British Accent) Sorry but I'm not your type!

She legswept him and stomped on his crotch and he was foaming at the mouth!

Nunnally kicked his head off.

Nunnally: Nice one Sophie.

Sophie: That was fun.

**Stewie** : Victory is mine!

Nico: Ours.

Stewie: Sorry.

**Death** : Listen, honey, after what happened to you tonight, you wouldn't wanna wake up tomorrow anyway.

They saw Death looking at a Frat Girl.

Lincoln went over and looked at her and she was totally stoned from beer and was hurt bad.

Lincoln: Death she is not herself. I got this.

Lincoln picked her up and brought her over to them and Varie healed her.

Varie: Whoa! Mild Cocaine Intoxication.

Lisa Loud: These symptoms are accurately put for that.

Blade: I'm giving her an accelerated retro-viral detox. She will go cold turkey in 12 hours. Hold her still.

He gave her a shot and she screamed and Eli and Varie held her down.

Laney: I think these clubs were too much for her. She needs to go home.

**Meg (Frat Universe)** : Come on… I'll let you wreck me in the rec room…

**Frat Boy** : Oh, there's not a party going on. You're- you're just insane and imagining all of this.

**Meg (Frat Universe)** : C'mon, you guys! I put deodorant on… everywhere…

**Frat Boy** : What do we say, boys?!

**Frat Boys** : No fat chicks!

Eli: No fat chicks!? Why I oughta…

Fluttershy: I got this!

Fluttershy went over and kicked the door down and used her stare on the frat club and told them to let Meg in or Nico and everyone will blow the entire party to kingdom come!

They agreed after being scared to death and they let Meg of the Frat Universe in to their party and Nico tore the sign down that said No Fat Chicks.

**Brian** : Alright, shh. Let sleeping douches lie.

They then saw a cool float.

**Brian** : Who builds floats? This is a weird college.

Lola: Floats for colleges are for sissies!

**Lois (Frat Universe)** : I can't have babies anymore so fill me up, fellas!

**Stewie** : Ew, that thing is so tacky. What parade was this for? Who builds floats for parades in college? What is this, 1956?

Nico: Obviously it's for a convention of fuckups.

**Cleveland** : I usually hot tub in one of them places where you pay by the hour.

**Lois (Frat Universe)** : Any of you boys ever finish on a C-section scar?

Lois: I can't believe I am like that.

Nico: Yeah too much info!

Nico and Lola blasted them all over and destroyed the float.

They saw the Nerd Frat Party in trouble.

**Frat Boy 2** : Hey, let us in to your party, turds!

**Frat Boy** : Let us in, you scmucks!

Nico: Hey frat fuckers!

They saw Nico and everyone.

Nico: Nerds are people too you douchebags!

Nico and Lori and everyone blasted them and killed them all over.

Mort: Oh thanks guys! You saved us.

Nico: Anytime Mort.

Bruce then appeared on a hologram.

**Bruce** : Hey, I'll be poppin' up and then with objectives, and lil' hints if y'all get stuck. And, if you's in the mood, I can tell you where all the best farmers' markets is.

Nico: Thanks Bruce. We owe you one.

Bruce: Bye!

**Stewie** : Okay, we'll get to that later.

Hank Scorpio then appeared.

Sophie: Time for my battle guys.

Sophie and her group went up to him.

Hank Scorpio: (to Sophie) I'm sorry if any Frat Boys flirted with you.

Sophie Casterwill: I'm alright. But this universe is really crazy. It's anarchy on a grand scale.

Hank Scorpio: No kidding. It reminds me of my college days when I was in a frat club.

Twilight Sparkle: What club were you part of?

Hank Scorpio: ΚΣΨ. It was good times back then. But we did not have crazy parties like this during those days and did all the stuff they are doing now in this universe though.

Luster Dawn: Wow! That is a relief. But this is 100 times worse.

Thunder Sparkle: No kidding. I'm glad all the Frat Kids minus Mort and his friends here are all dead. I don't think Joe or any of the cops here are gonna do anything about it.

Princess Celestia: And justice from us all caught up to these evil kids.

Princess Luna: And the Meg here in this universe got helped and they let her in to a party after Fluttershy did her stare on the Frat kids.

Princess Cadance: Yeah and Meg with us humiliated Peter and Lois and really made them laughingstocks.

Princess Amore: It was funny. Peter said "When You Poop in Your Dreams you Poop For Real."

Flurry Heart: That was so funny!

Lilly Crystal: Yeah it was!

Cloud Star: He is an idiot!

Minuette: No wonder everyone hated him.

Twinkleshine: Quahog and Springfield hated him all over.

Hank Scorpio: No kidding. How many Frat kids were killed?

Lemon Hearts: We counted 723 of them.

Lyra Heartstrings: It was an anarchist massacre.

Bon Bon: But they deserved it.

Moondancer: Oh yeah and they will love the fires of Hell.

Star Swirl: Yeah.

Françoise: But these kids got what they deserved.

Alice: I'll say.

Alpha Hydranoid: Yep.

Snowdrop: Even if they are kids they have no sense of honor.

Gari: No they don't but thank goodness these are college kids.

Hank Scorpio: Yeah.

Crash Man: Believe it or not, when Maria and William had their first date, they stopped a renegade Frat Club over at the university.

Quick Man: Yeah it was brutal. They were causing chaos all over.

Hank Scorpio: Wow! That's intense. Thank goodness they did. Lets get it on!

He pulled out a flamethrower and they went at him as he fired and they dodged the blast of fire and absorbed it. Crash Man and Quick Man smashed and pulverized him all over.

Sophie Casterwill, Twilight Sparkle, Thunder Sparkle, Luster Dawn, Princess Celestia, Princess Luna, Princess Cadance, Princess Amore, Flurry Heart, Lilly Crystal, Cloud Star, Snowdrop, Children of The Night, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Bon Bon, Star Swirl the Bearded, Françoise, Alice, Alpha Hydranoid, Crash Man and Quick Man: MAGIC PHOENIX STYLE FORMATION ART: FLAMES OF JUSTICE FLIGHT!

They fired a massive blast of purple fire and it formed into a phoenix and it slammed into Hank and knocked him down.

Sophie: All right!

Twilight Sparkle: That was awesome!

Thunder Sparkle: Yeah it was!

Then a bunch of frat boys came!

Sulley and Twilight Sparkle: MONSTER MAGIC MELTER BLAST!

They fired a wave of energy and it melted the Frat Boys into nothing.

Twilight Sparkle: That takes care of them.

Nico: Now lets head after Bertram.

Stewie: Right. Bertram's already got a head start on us.

Nico: Not if we catch him.

**Mort** : Thank you so much for helping us.

Nico: Anytime Mort.

Mort: Okay, now how exactly does a party work? Do we just take Alka Seltzer and burp into our fists?

They teleported to the next universe.

---

Back in Japan me and everyone landed.

Me: Here we are guys. Welcome back to Tokyo, Japan.

Ragdoll: What's the challenge this time?

Me: Don said that there is something strange going on near Mount Fuji.

Zarya: Yeah it involves the remnants of an evil extraterrestrial entertainment group that is causing trouble.

Magneto: Wait a second. I know who you're talking about. It's the Peach Mountain Shoguns.

Me: The Peach Mountain Shoguns? I thought they were just a legend.

Magneto: So does everyone else.

Me: And they are also the enemies of the legendary thief of Japanese Folklore, Goemon Ishikawa.

Zarya: Wow! What do they plan on doing?

Me: Turn the world into a stage and we're not gonna let that happen.

---

Next Nico and his group arrived in a barn.

**Stewie** : Okay, good. The remote's working. Bertram was definitely here.

Nico: I wonder where we are.

**Bruce** : Hey, y'all need anything yet?!

**Stewie** : No!

**Bruce** : 'Kay, bye!

**Stewie** : According to the multiverse remote, in this universe, oil supplies were exhausted. The only people who were able to sustain themselves were the Amish, because they weren't reliant on technology.

Nico: Wow. I've always had a tremendous fascination with the Amish and what they do. It's really cool.

Eli: I like the Amish as well. They have an amazing culture.

Lana: And a true devotion to God.

**Brian** : What would Bertram want with the Amish?

Varie: That's what I would like to know.

**Stewie** : (Gasps) Brian, everyone, shh! Bertram's still here.

They peeked through the barn door.

**Bertram** : Gentlemen, your people known for making goods that are built to last. What I need from you is a weapon. The likes of which no one has ever seen!

**Ezekiel** : I'm afraid we cannot help you, unattractive infant. You see… The Amish are not a violent people.

**Bertram** : Well, I have something here that might change your mind. I happen to know that you've depleted all of your forests. So I've engineered these rapid-growth tree seeds that will supply you with all the wood you'll ever need.

He planted a tree and it grew into a huge tree that was incredible.

Nico: (Whispering) Wow. That was fast.

Eli: (Whispering) Amazing.

**All** : (Mummering)

**Ezekiel** : The elders have spoken. Mostly of wood, hats and beards… but nevertheless… we shall build your weapon.

**Bertram** : Terrific. Oh, one more thing. These two might try to stop you. If you see them, I want to shoot to kill.

**Stewie** : Seriously? Of all of stunning pictures I've taken over the years, that's the one he gives them? Brian, we're taking all of those down.

Nico: We all will.

**Ezekiel** : It is settled. We have a deal.

**Bertram** : Hahaha! Stewie Griffin, prepare to be destroyed!

He vanished to another universe.

**Stewie** : What's that smell? Smells like sweat and anger and shame.

Nico: Stewie worry about that later. Right now we have to tell the Amish that they are being used.

**Bruce** : Look, y'all's gonna be able to see your enemies up close now. See what kind of skin-types they gots and whatnot.

**Brian** : Alright, let's get these dicks. Crap. They're posting those pictures of us all over the place!

**Stewie** : And that picture is so not what I look like. We need to stop them before anyone sees it!

**Bruce** : Alright, now remember what that little orange-haired brat said: These folks is buildin' a weapon, so y'all need to find it!

Nico: Lets go.

Brian fired a shot.

**Brian** : Okay, that was dumb. Come on, Stewie, they know we're here.

**Amish Guy** : Let's just see what these "magic" seeds can do for my tiny Amish dong.

He ate them and he grew giant and exploded into a pile of leaves.

Nico: Well that was stupid.

They saw the tree and it was incredible.

**Stewie** : Those seeds actually work. I hate to say it. But, Bertram's kind of legit.

Nico: He came through for the Amish.

A bunch of Amish came.

Amish Man: Apologies. But we have orders to stop you.

Jungle Fury Jarrod: You're more then welcome to try. Tell you what. Since we're in a good mood today, we'll let you guys have the first shot.

Amish Man: I fire for the Lord and Savior!

He threw an axe and Nico caught it.

Nico: Bertram is lying to all of you.

Stewie: Yeah even though he promised you all these amazing trees that give you an endless supply of wood he is using you all as pawns in his plans.

Nico: Trust me on this good sirs. This is not what the Lord and savior would want.

Eli: That's right. Search inside yourselves and do what is right and abandon this mad kid's quest to do his bidding.

Nico: What would Jesus and God want you all to do?

They stood down and put their weapons down.

Nico: Bertram may have had good intentions but he is ultimate evil and he has to be stopped no matter what.

Ezekiel: You're right. Thank you all for setting us straight.

Nico: Anytime sir. We should introduce ourselves. We are Team Loud Phoenix Storm. I'm Nicolas Chan and I'm second in command for the team. Our true leader J.D. Knudson is back in our universe and is participating in a racing event.

Eli: Yeah. I'm Eli Winston Bullock.

Everyone introduced themselves.

Ezekiel: It's a pleasure to meet you all and thank you all for saving us from a life of evil from that brat.

Nico: It was our pleasure.

Xaldin then appeared.

Beast Boy: Usual battle time.

Beast Boy and his group went to face Xaldin.

Xaldin: (to Beast Boy) It's a good thing you guys talked some sense into the Amish people before they could hit you with their weapons.

Beast Boy: Yeah it sure is. And I've always been really fascinated with learning more about the Amish. They are amazing at what they do.

Fluttershy: They sure are and what they do amazing.

Mirage Daffodil: I think it's cool how they can build stuff that fast as long as they have plenty of wood.

Butterfly Rose: A good thing came from Bertram here in this universe and that is he gave them an infinite supply of wood.

Tree Hugger: That is true dudes.

Xaldin: I think it's really amazing and the Amish live mostly in Lancaster County, Pennsylvania.

Discord: They also live in parts of Indiana and in Ohio and Michigan.

Zecora: The Amish are amazing learn from and their faith is a treasure to behold but they shouldn't abuse it for the lies a kid has told.

Mage Meadowbrook: That is true. Bertram lied to them.

Jet Link: He sure did. I hope that brat gets what's coming to him. I don't know what the hell Peter was thinking when he donated his sperm that made him.

Shun: No kidding. It's like he has a brain that is stupider than Homer's.

Storm Skyress: And lets hope Bertram gets what's coming to him.

Sena: Yeah. Bertram wants to destroy the universe and we won't let that happen.

Casey Rhodes: No we won't.

Camille and Jarrod agreed.

Xaldin: We all won't let that happen. Lets do it!

Xaldin fired wind blasts and they dodged them and Jarrod and Camille kicked him down.

Jungle Fury Rangers: JUNGLE BEAST! SPIRIT UNLEASHED!

They transformed and were ready!

Casey: **"With the strength of a Tiger! Jungle Fury Red Ranger!"**

Lily: **"With the speed of a Cheetah! Jungle Fury Yellow Ranger!"**

Theo: **"With the stealth of a Jaguar! Jungle Fury Blue Ranger!"**

R.J.: **"With the courage of a Wolf! Jungle Fury Wolf Ranger!"**

Dominic: **"With the power of a Rhino! Jungle Fury Rhino Ranger!"**

Bat Spirit Ranger: **"With the spirit of a Bat! Jungle Fury Bat Ranger!"**

Shark Spirit Ranger: **"With the spirit of a Shark! Jungle Fury Shark Ranger!"**

Elephant Spirit Ranger: **"With the spirit of an Elephant! Jungle Fury Elephant Ranger!"**

Jarrod: **"With the spirit of the mighty lion! Black Lion Warrior!"**

Camille: **"With the cunning of a chameleon! Green Chameleon Warrior!"**

All: **"We summon the Animal Spirits from within! Power Rangers Jungle Fury!"**

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready! With Everyone was Hunter's friend from Sri Lanka, Sumangi Rahula. Age somewhere between 16-17, similar to Leni's, has long black raven hair, fair tan skin, amethyst purple eyes, straight thin eyebrows, small nose, oval shaped face, and she is between 5.10 feet tall athletic. She wears blue and purple sarong pareo dress, with a green t-shirt, red and white sandals, a long white pearl necklace around her neck, and has powers of Tropical, Ocean, Water, Earth, Wood, Jungle, and Lunar Release.

Sumangi Rahula And Sunset Shimmer: FIRE MERMAID INFERNO!

They fired a wave of fire and it formed into a mermaid.

Beast Boy, Fluttershy, Mirage Daffodil & Butterfly Rose, Tree Hugger, Zecora, Discord, Mage Meadowbrook, Jet Link, Shun, Storm Skyress, Sena, Jungle Fury Rangers, Camille and Jarrod: NATURE FLAME STYLE FORMATION ART: JUNGLE SPIRIT FLAME STORM!

They fired waves of green fire and it formed into the spirits of the jungle and knocked Xaldin down.

Beast Boy: All right!

Fluttershy: That was fun.

Nico: Battle 2 down. Lets get going after Bertram. But first…

Nico snapped his fingers and merged the Amish world with our universe and it was gonna be cool.

---

In the forests of Japan we were facing the Baron of the Peach Mountain Shoguns.

Whiplash: I think this is your first time fighting the Peach Mountain Shoguns.

Me: It sure is and they were last seen over 400 years ago.

Baron: Then come and get us.

Me: Gladly!

I punched the Baron in the face and smashed his head off!

Zarya: Yeah!

---

In the next universe, Nico and everyone arrived in a city and it was amazing and covered with handicapped signs and more.

**Stewie** : Aww. Whoa, whoa, whoa. What the hell is this?!

**Brian** : What?

**Stewie** : "Brian Griffin checked into Amish Universe"?

**Brian** : Oh, yeah. So what?

**Stewie** : Well, first of all, we probably don't want Bertram knowing where we are all the time. And secondly… how do I put this? No one cares where you are.

**Brian** : Well… I- I don't think that's true.

**Stewie** : Just- just don't do it anymore.

Nico: What is this universe?

Varie: It looks cool.

Stewie: Okay, now it says here that in this universe, handicapped people were given so much special treatment, that they eventually took over as the leading power.

Nico: Wow! And I have a huge respect and care for people like that.

Varie: Me too and I work as a nurse.

Joe Swanson: This is my kind of universe though. It's amazing that the handicapped people in this universe would become like this.

Nico: I know. I got to admire how far they have come.

**Brian** : If Bertram is recruiting an army, why would he go after handicapped people? I mean, couldn't we just kind of… push 'em over?

**Stewie** : Oh, Peter just commented on your checking. "Interracial lesbian movies free." You know, he's just has no idea what he's doing online.

Lincoln: What a brainless idiot.

**Brian** : Alight, come on. Let's find out what Bertram was doing here.

Nico: Right!

**Bruce** : Hear ye, hear ye! I'd say y'all needs to look around and find whoever's in charge of these unfortunate folks. Ooh, you gots a shotgun. You gotsta' gets up nice and close with this here shotgun and then go; Bang! Bang! Don't turn it on yourself though. That'd be said. Hey everybody! Go on and find out who's makin' all these disabled people's attack you! Since they's "special" people, y'alls check the hospital.

Nico: Okay Bruce. We got to get over there. Lets lock and load people.

They had their weapons ready.

They all went to the hospital and saw a bunch of Handicapped people coming and they had weapons and one of them had AK47's for crutches.

Nico shot him and killed him.

Nico: Sorry about that but I don't think it's right for people like him to use guns like that.

Laney: I agree.

They got to the hospital and it was blocked.

**Bruce** : Why don't y'all go 'head and try to find another way into the hospital. And don't be afraid of them doctors, neither. They's some smart cookies!

Nico: Noted.

They saw an alternate Joe.

**Joe (BTTMV)** : I hear there's a couple of dicks from another universe trying to find me! Bring it on!

**Stewie** : Is that- is that Joe? I feel bad, but they all kinda look alike to me. Okay, yeah, that's definitely Joe. Hello, Mr. Swanson!

Joe: Stewie that's my Handicapped universe me. But I do look good.

They got to the parking garage and saw a guard.

**Bruce** : Y'all gonna have to coax some security codes out of that guard. Use them codes to get through that gate!

Nico: Right.

FAAAAARRRRRTTTT!

**Peter** : I like fartin' on nub girl 'cause nub girl never fights back.

**Meg (Handicapped universe)** : AAAA! Get off me, you fat bastard!

Nico: Leave her alone you fat fucker!

BANG!

Nico shot the Handicapped Universe Peter and killed him!

**Brian** : Well, I guess it's up to me.

They shot the guard and got the codes and ran across the bridge.

Brian: I don't get it. If it's desirable to be crippled here, why do they need a hospital?

Nico: Good question.

Then the alarms sounded.

Nico: Uh oh!

**Bruce** : Quiet them alarms! They's gonna wake Jeffrey! I promised him he could sleep in! He's dealing with a lawsuit at work.

Nico: Come on!

They went at disabled the alarms and killed any handicapped minions that stood in their way.

Nico: Sorry guys but this is gonna hurt you more than it hurts us.

Laney: And us.

They saw a statue of Carter Pewterschmidt.

Nico: Pewterschmidt Proctology Ward? What a fucking ingrate.

Nico blasted the statue and blew it apart.

Lois: I never want to see that monster again.

They saw Quagmire.

**Quagmire** : Hey, guys, this is, um… this is for research. I'll see ya.

Nicole thrashed him into pulp. More alarms sounded.

**Bruce** : Oh, poo. Another secure area?! You's gonna have to get a new set of codes, y'all!

Nico: Right!

Eli shot a guard that had them and they later used them.

Bruce: Use them codes to get through them big doors!

The door opened and they went in and then more alarms sounded.

Bruce: Oh no! They sounded the alarm! Them ad guys is gonna keep comin' unless you shut 'em off! Use them codes to get through them big doors!

Nico: Oh man!

They blasted all the guards and more all over and then they deactivated the alarms and got the codes. And they saw a bunch of wheelchair men.

**Stewie** : Uh oh. I think- I think we may be dealing with Crippletron again.

Nico: Uh oh!

They saw CRIPPLETRON!

Stewie: Oh no, Brian… it's Crippletron. That is one big ass cripple.

Azula: Did the crippled people just rip off our Combiners?

Scrapper: Constructicons.

Hook: Yes, Scrapper?

Scrapper: Let's merge into Devastator and show Crippletron who's the real deal!

The Constructicons turned into the Devastator!

Alt. Universe Joe: You have a lot of great robots. But you are no match for Crippletron!

Nico: We'll see about that! I think all handicapped people are great and I've helped them all the time before joining the team. But what you are doing is wrong.

Varie: That's right! I'm a nurse and I work with people like you all the time and they have amazing gifts to offer the world despite the amazing challenges that were laid before them but what you are doing is wrong!

Joe Swanson: That's right other me! I may be you but I would never become like this. It's not right!

Eli: Search inside yourself and help us bring justice to Bertram.

He knew he was right and realized it and they stood down.

Larxene then came.

Volcana: Time for my battle.

Volcana and her group got ready.

Larxene: (to Volcana) I think most of the crippled people use AK 47's as crutches.

Volcana: Yeah they sure are. Poor guys, they have been through so much in life.

Larxene: I know. Also you guys should know about this. In my spare time I work as a teacher to the special needs.

Phoenix Shimmer: Wow! That's great.

Sunset Shimmer: It sure is. I have seen a lot of kids like these that are out and about and they don't need to be treated like this. It's not right.

Pepperdance: I agree with you. The special needs people need all the help they can get.

Cayenne: Especially with all the challenges they have to face in life.

Firecracker Burst: We always say that God has a Plan for us All and he is right. But these people being turned into weapons like that is not acceptable.

Wallflower: Yeah I agree.

Gusty: They have a lot of challenges and they need all the help they can get. Some things can't be helped.

Adagio Dazzle: Yeah poor kids.

Aria Blaze: I help out in school with kids like this and it's a great job.

Sonata Dusk: Same here and the love and kindness is enough.

Supernova Zap: It sure is enough. But it's great.

Joe Shimamura: I think so too.

Dan: Yeah.

Drago: Me too.

Rai: Yep.

Larxene: Lets do it!

Larxene fired waves of lightning and they dodged the blast and Zuko and Azula blasted her with fire.

Joe Swanson and Rarity: CRYSTAL DRAGON WHEELSTORM!

They fired a wave of crystal and it formed into a dragon wheel blast.

Volcana, Sunset Shimmer, Phoenix Shimmer, Pepperdance, Cayenne, Firecracker Burst, Wallflower, Gusty the Great, Adagio Dazzle, Aria Blaze, Sonata Dusk, Supernova Zap, Joe Shimamura, Dan, Drago, Rai, Zuko and Azula: FIRESTORM STYLE FORMATION ART: FURIOUS MERMAID FIREBALL!

They fired a wave of fire and it formed into a Mermaid and it slammed into Larxene and knocked her down.

Volcana: YEAH!

Sunset Shimmer: All right!

Nico: Well this universe is done.

Laney: Yep.

Lola: Lets get moving.

They teleported to the next universe.

---

In Japan we were tearing apart the Peach Mountain Shoguns.

Mole Man: First, let me call my Moloids for backup.

Me: Okay.

He did so and numerous Moloids came.

?: HIYAH!

4 figures came and they were the legendary Robin Hood Gang of Japan: Goemon Ishikawa, Ebisumaru, Yae the Ninja and Sasuke the Android!

Me: Oh wow! Goemon Ishikawa and his friends!

Zarya: Whoa!

Goemon: It's an honor to meet you J.D.

Baroness: You brats! Why can't you leave us alone!?

Yae: Because you are going to pay for your crimes!

Me: And we'll help make sure you do!

We went after them some more.

---

Next they arrived in a wartorn universe.

**Stewie** : Should we… just pretend we're not hearing this? I like you today. Wow, Quahog looks like it's in the middle of a war.

Nico: Man this is awful!

Laney: This universe looks familiar though.

**Brian** : Where does the thing say we are?

**Stewie** : Hey, will you stop asking me that? You know, it takes time for this thing to register, and it's not like I'm not going to tell you when I find out.

**Brian** : Alright, sorry.

**Stewie** : Yeah, that's right you're sorry. Okay, it says that we're in an "Evil" universe.

Venom: We remember this universe.

**Brian** : What does that mean?

**Stewie** : It means that this universe contains everybody's evil counterpart, Remember Evil Stewie?

He had a thought bubble appear of Evil Stewie smile malevolently as he had a machete in his hands.

**Brian** : Oh yeah. That little bastard cut off my tail!

Venom: And we killed Evil Adam West here.

**Stewie** : Yup, they can be pretty nasty. Oh my god. Brian, remember how Mayor West had a cat launhcer?

**Brian** : Vaguely, yeah.

**Stewie** : Well, apparently Evil Mayor West has nuclear cat launchers.

They saw huge missiles armed and loaded with cats.

Stewie: Come on, Brian! We've gotta stop Evil Mayor West from getting these to Bertram!

Nico: Right!

Nico blasted the missiles and blew them apart and they all blasted the turrets and more and all that.

Maria grabbed Evil Stewie and she was pure water so that she wouldn't get killed by him.

Nico: Awesome.

Eli: I got Evil Adam West.

Nico: Call off your missiles now.

Evil Adam West: You want me to call off those bombs? Fine. But there's something you have to do for me in return.

Cybertron Ransack: Let me guess. Assassinate a mayor that looks like a cheeseburger?

Evil Adam West: Exactly!

Nico: We got to kill Mayor McCheese like how Lee Harvey Oswald did? This is gonna be interesting.

**Stewie** : It's a friggin' cheeseburger. Is this guy serious?

**Evil Mayor West** : Oh I'm serious. I'm as serious as a… cat.

Nico: Well we'll do it. But first.

Nico went up to Evil Stewie and held his hand up to him.

Nico: HAKAI!

Nico erased him from existence forever.

They later flew to a nearby building and got to a window and Eli was armed with a Sniper Rifle.

Eli had Mayor McCheese in the crosshairs.

Eli: Make my day.

BANG! BANG!

He shot and killed Mayor McCheese in the chest and through his head.

**Joe** : Okay nobody laugh at me. There's been a tragedy, people. This isn't funny! Let's be adults about this!

**Stewie** : Alright, it's done.

**Brian** : Yeah, hopefully Evil Mayor West called off those bombs. Wait, what if he goes back on his word? What do we do then? Should we try to find him and-

**Stewie** : Hey, Brian? We just murdered a politician. We should get out of here.

Flash and Nico ate Mayor McCheese.

Duskmon then appeared.

Jeri Katou: Time for my battle.

Jeri and her group were up.

Duskmon: (to Jeri) Let's be honest here. I know you guys are going to doublecross Evil Adam West even after you kill and eat Mayor McCheese.

Jeri Katou: We sure are and we're gonna throw him in jail. We already killed 2 Evil Adam West's and that was more than enough.

Leomon: Yeah it is.

Rainbow Dash: What really amazes me is that we managed to Hakai Evil Stewie.

Storm Rainbow: Yeah we made sure he paid for his crimes.

Lightning Dust: Especially how he chopped off Brian's tail and slaughtered many people.

Spitfire: Yeah and I hope he likes it in the Warp.

Scootaloo: He was a monster.

Magma Gloom: No kidding. Me and my brothers may have done terrible things but what Evil Stewie did was the worst.

Vapor Trail: Yeah and we got justice brought to him.

Sky Stinger: We sure did and I hope he likes it in the Warp.

Angel Wings: Yeah just like all our enemies will face when we fight them on April 12th.

Wind Socks: That's right!

Soarin: All our enemies have no honor and no love for anyone.

Night Glider: And they will all meet their makers.

Megan Williams: That's right and it won't be pretty.

Firefly: You said it!

Flash Magnus: And it will hurt bad.

Indigo Zap: Big time.

Lemon Zest: And we'll make sure it does.

Sunny Flare: Especially to Abacus Cinch.

Sour Sweet: I will shoot an arrow in her knee!

Sugarcoat: And then one in her eyes.

Frosty Orange: And then one in her head!

Marucho: Save seconds for me.

Preyas: And me!

Albert Heinrich: Yeah!

Duskmon: Good. Lets do it!

Duskmon fired waves of darkness at them and they dodged it and they hit Duskmon all over.

Starlight Glimmer and Trixie: MAGIC UNICORN ULTRA BLAST!

They fired a blast of magic and it formed into a unicorn.

Jeri Katou: Yeah!

Nico: Okay Varie and Luan teleported Evil Mayor West to prison. Lets get out of here.

**Brian** : Right!

They teleported away.

---

They then arrived on a ship.

Stewie: I'm probably right, or I am right?

Guy: The shot came from up here!

Stewie: Yeah, I'm right. And you're just a dog.

Nico: Okay that's enough.

Stewie: Oh, look at that, we're on a boat! Okay, it says that in this universe, pirating became so dominant the overall progress of the world was stunned. Now everyone's a pirate.

Jack Sparrow: My kind of world.

Then they were captured by LONG JOHN PETER!

Long John Peter: Aha! Stowaways, methinks! And ye brought treasure I see! Aha! Take the prisoners to the brig! I'll be in me quarters making cloth maps of no place in particular! Aha!

They were thrown into the brig.

Rafael: (to Long John Peter) You better hope we don't fall asleep in this cell. Because the first chance we get, we're busting out of here!

Long John Peter: (laughs) We'll see about that! (walks away)

Seamus: Hey, find something you can make noise with the guard'll come in here to stop you. Hey, psst. If you annoy that guard enough, he'll open your cell to give you a beating. I know because I'm a pirate, too, and that's what I'd do. Fellas, get me outta here and I'll get you to the deck. You know, you sand my back, I'll scratch yours. Guys, please get me outta here. This poop bucket's full to the brim! If you two can get me out of here, I'll help you escape. Thanks, fellas. I'm gonna go free the others. Maybe if everyone's up for it, we can all form group or a gang. Aah! You got to free more prisoners, Seamus. That way you have a better chance at making friends with someone. Remember, you've gotta put yourself out there. Alright, let's get your weapons back. If I know pirates, they be in a treasure chest somewhere…

Nico: Thanks Seamus. Lets get these pirate fuckers.

Nico and everyone was blasting the pirates all over the place.

Stewie: I feel like pirates are kind of lazy.

Brian: What, why?

Stewie: I just think there's a lot of different things to put on flags. Not just a skull and crossbones.

Seamus: Listen, I'm not usually the high maintenance, but you're gonna have to hang tight while I free the rest of these prisoners. Pirate's code, sorry.

Nico: No worries. Laney you better go help him.

Laney: Right.

Laney used her powers and the vines ripped the cell doors off and freed the prisoners.

Nico: Lets go!

Seamus: Thanks lads.

Lincoln: I think you need your real limbs back instead of those sticks.

Lincoln used his powers and grew Seamus's real arms and legs that he lost years ago back.

Seamus: Me arms and legs! Thank you lad!

Lincoln: Anytime.

They went to the main deck of the ship and were blasting pirates of Long John Peter left and right. They then saw a Sea Monster Meg.

Mermaid Lois: You think you're smelling fish now, why don't you come over here?

Lois: Wow! I look awesome as a mermaid.

Nico: You sure do Lois.

Eli: Can you come over and help us out?

Mermaid Lois: I would like that!

She jumped in the water and came onto the ship and Varie put her in a ball of water.

Seamus: Hey! Over here! Let's hang out! Guys! She's going down! We've gotta get off this boat!

Nico: Right!

Seamus: C'mon! You're my only friends!

They jumped on to Seamus's ship.

Stewie: Behold the Armada!

Seamus: Here they come, port side! Left for you landlubbers! Alright, now should probably go find that Long John Peter fella. Use the cannons and blow those penis lovers out of the water.

Nico: With pleasure.

They blasted them all over the place.

Stewie: I've haven't seen any toilets here.

Brian: Yeah I've been going wherever I want.

Stewie: Guess it really is a poop deck.

Varie: Ship coming off the Starboard stern!

Nico: I see it.

Seamus: Fire those cannons at them, boys.

Eli: On it!

BANG BANG BANG!

They were blasting the ships all over.

Seamus: We can't let them board our ship. I only have enough crab cakes for three! Enemies, starboard side! That's the right! They can't board our ship if they're dead. Fire those cannons and kill 'em all.

Nico: We're killing all of them.

Seamus: Sorry, little carried away there. Tough afternoon. Here they come, port side! Left for you landlubbers! Oh, crappies! We're surrounded!

Varie: Not for long.

Varie blasted them all over the place and blew the ships apart!

Nico: Long John Peter's ship coming in!

Mayor West: Hey'll never take me alive! Good thing I'm a zombie.

Long John Peter: Haha! Thar be no escape from Long John Peter! Unless, you run, I can't run too good.

Nico: You're gonna wish you could Fatfucker!

Bai Tza: Yeah!

Seamus: Alright, it's time to face Long John Peter. Win and get your little device thingy back. Lose and… I don't know what happens if you lose. I guess you try again.

Nico: Don't worry he doesn't have the remote.

They blew his ship and crew apart and killed them.

Brian: Give us back the remote!

Long John Peter: Nevaaaah!

Nico kicked him in the crotch!

CRUNCH!

Long John Peter: Aargh. Aargh. Aargh. Aargh. Aargh. Aargh. Please don't tell any of me maties of this. They all thinks I can be good at pirating.

Seamus: Hey, uh, you guys mind if I tag along with ya?

Nico: Not at all Seamus. You have been a really big help.

They tied up Long John Peter and sent him to prison.

Mer Man then appeared.

Yumi: Time for my battle.

Yumi and her group were facing Mer Man.

Mer Man: (to Yumi) Good thing I didn't get hit by those pirate ships while I was swimming here.

Yumi: And that is good as long as we got to kill these pirate fuckwads and all that they represent.

Pinkie Pie: Yeah and I like a good fight but what they are doing is downright stupid!

Maud Pie: (Monotonously) I think so too. They have brains the size of grains of sand.

Marble Pie: And it's gonna really hurt for them.

Limestone: Yeah it will!

Cheese Sandwich: Nico is taking care of Long John Peter and we're gonna throw him in jail.

Little Cheese: We sure are.

Somnambula: (Egyptian Accent) I hope he likes staying in prison.

Geronimo Jr.: Me too. And he will have healthy foods and no beer there.

Julie: That is good.

Hammer Gorem: Yep.

Mer Man: Nice. Lets do it!

He went at them and swung his trident all over and they dodged his strikes and Alister and Rafael kicked and punched him all over.

Chloe Nicholson, Jack Sparrow and Fluttershy: PIRATE NATURE BLAST!

They fired a wave of energy and fire.

Yumi Ishiyama, Pinkie Pie, Maud Pie, Marble Pie, Limestone Pie, Cheese Sandwich, Little Cheese, Somnambula, Geronimo Jr., Julie, Hammer Gorem, Alister and Rafael: MAELSTROM CONFETTI STYLE FORMATION ART: DRAGON OF NEPTUNE PARTIES!

They fired waves of water and confetti and it formed into a dragon and smashed Mer Man down.

Yumi: Yeah!

Pinkie Pie: BEST USUAL BATTLE EVER!

Nico: Come on guys!

They went to the next universe.

* * *

Common Cold: (to Goemon) We honestly didn't expect to see you and your friends.

Goemon: I know but it's great to meet you.

Me: Same here. You lived in Japanese Folklore back in the 16th Century. How did you all wind up here over 400 years later?

Yae: We went through this weird vortex and it took us from our world in Japan to this one.

Me: A Dimensional Vortex.

Zarya: It's a wormhole that bridges one world to this one.

Me: Yeah it's unusual. But it's really cool. You guys are heroes to everyone in Japan.

Yae: We sure are.

Sasuke: We don't like to brag.

Me: And it looks like the remnants of the Peach Mountain Shoguns that you destroyed all those years ago are back for revenge.

Ebisumaru: Yeah they are.

Me: Oh man. We'll gladly help you all destroy them.

* * *

The next universe was a cold one.

Brian: Oh my god! It's freezing!

Stewie: Yeah, my peen just sucked itself back into my tummy.

Brian: Stewie, look!

They saw Santa's Workshop and it was a factory.

Stewie: Oh my god! It's Santa's workshop!

Lola: COOL!

Nico: Wow! Santa's workshop wasn't like this when we saw it last time.

Brian: What the hell could Bertram want from Santa?!

Stewie: Hmm, it looks like as though, in this universe, Santa is some kind of industrial mercenary.

Brian: Industrial mercenary? What else does it say?

Stewie: Oh, here it is. I was in the wrong menu. That was just an overview. In this universe, people only order Christmas gifts online, so there's no use for Santa anymore. Now he's opened up his factory to manufacture anything for the highest bidder.

Nico: Order Christmas Gifts online? Thank goodness we don't do that.

Brian: Well, what's Bertram using him for?

Stewie: My guess is that he's using him to manufacture weapons for his army.

Laney: That's insane!

Varie: No kidding.

Seamus: Arrgh! That be a terrible fate!

Brian: Well, come on. I'm dreaming of a red Christmas.

He cocked his gun twice.

Stewie: Okay, you only get one gun cock per line, ok? And the lines should really be better than that.

Nico: But that was a good one. Lets get him!

Bruce: You've gotta find your way into Santa's toy factory. Maybe he's got some nice hot cocoa in there for y'alls.

Nico: I can get us in there no problem. Lets go!

They flew and got to the main entrance of the factory.

Stewie: I am going to kill Santa Claus.

They gasped.

Brian: Wait a minute, why would you want to kill Santa?

Stewie: Because that fat bastard blew me off the mall. I've got all planned out: I'm going to see the workshop, pet a few reindeer, get a few pictures with me and Santa, and then I'm going to blow his fucking brains out, hopefully with his bitch wife watching!

Nico: Stewie there has to be a logical explanation for all this. Now lets go.

They got to the main entrance and saw the Santa's Sweatshop universe Meg cold.

Meg: So cold, so alone.

Nico: Oh man.

Nico put a blanket over her and our version of Meg comforted her and lit a fire and told her that Peter will pay for his crimes in full.

They went into the factory and saw braindead elves and blasted them all over.

Brian: They're evil! And they distort the truth. And they do the bidding of the Republican Party.

Nico: And I will never vote for the Republican Party.

They killed a big elf named Vernon.

Stewie: Oh, no, Brian! That was Vernon, the guy from the employee of the month thing.

Brian: It sure smells like a sweat shop in here.

Stewie: I take it there's no HR department.

Nico: I have that feeling too.

Varie: Yeah but this is terrible.

Bruce: Y'alls gonna have to be lil' detectives and find a switch to turn the elevator on.

They saw the elves and a bunch of people working hard.

Brian: Look at how fast those little Asian hands can work. Amazing.

Stewie: I feel like it's good to be some Asians, but not good to be most Asians.

Nico: I know.

Bruce: You's gotta get up to that nasty old man's office, ya hear?

Nico: We know that and we know the best way possible. We fly.

Brian: Hey, Stewie, can I get some more of that hand lotion? The cold is really drying out of my skin.

Stewie: No. You use too much and I need it. If I'm going to shoot things, I need my hands to be moisturized. There's reindeer feces everywhere.

Laney: Yuck.

Lola: But this is disgusting.

They flew up and went into Santa's office.

Bad Santa: Well, looks like you found me, huh, boys? And yeah, so what? I make weapons now. Don't judge me. It's tough economy. You try bring in the toy business Anyway, I'm a bad guy now, so… I'm gonna have to kill you. Merry Christmas, dicks.

Eli used the Force and brought him over to them.

Nico grabbed him.

Nico: Don't do this Santa!

Bad Santa: Please, don't kill me! I'll do anything!

Flamefeather: Really? In that case, give Stewie what he wants for Christmas!

He sat on Santa's lap and smiled happily.

Nico: Aww.

Bad Santa: I'm sorry about all the trouble I caused you. But I will gladly go with you all to prison.

Nico: Thanks Santa. I'm sorry you were doing this. We love you and would never abuse you like that.

Bad Santa: Thanks Nico. You can send me to prison now.

BANG!

Stewie shot him in the leg.

Stewie: Check that twice bitch!

Brian: You're sick, you know that?

Stewie: Brian, this guy is making weapons to kill you and everyone you love. You know, you gotta get some balls, man. You should be doing this kind of stuff, too, you know.

Brian: Whatever. So, where do you think we're gonna go now?

Stewie: Maybe to a land of gutless cowards. 'Cause you would fit fight in.

Nico healed Bad Santa and beamed him to prison in our universe.

Condiment King then appeared.

Leif: Time for my battle.

Leif and his group went to face him.

Condiment King: (to Leif) If the real Santa were here, he would be disgusted.

Leif: He sure would! I love Santa.

Rarity: I do too.

Emerald Shine: I think everyone all over the world does.

Topaz Flare: Yeah they do.

Sweetie Belle: I don't think the people of this universe does however.

Thunder Terror: Yeah I agree.

Sassy Saddles: (British Accent) The Santa here needs the best kind of therapy we can give him.

Sapphire Shores: Yes I agree.

Mistmane: That is right. He needs a lot of help.

Sable Spirit: Big help.

Saffron Masala: He sure does.

Ink Rose: You said it. Making weapons for a monster like Bertram is evil.

Moonlight Raven: It sure is.

Vinyl Scratch nodded in agreement.

Octavia Melody: (British Accent) Indeed.

Sir Great Britain: Absolutely.

Condiment King: I agree too. Lets do it!

He fired waves of ketchup and mustard and they dodged them and Kickback and Bombshell punched and kicked him.

Pinkie Pie, Derpy Hooves and Cloudkicker: PARTY BUBBLE CLOUDBURST!

They fired blasts of bubbles and clouds.

Leif, Rarity, Emerald Shine, Topaz Flare, Sweetie Belle, Thunder Terror, Sassy Saddles, Sapphire Shores, Mistmane, Sable Spirit, Saffron Masala, Ink Rose, Moonlight Raven, Vinyl Scratch, Octavia Melody, Sir Great Britain, Bombshell and Kickback: JEWEL FLAME STYLE FORMATION ART: SAPPHIRE FLAME BLAST!

They fired blasts of blue fire and the blasts knocked him down!

Leif: YEAH!

Rarity: Rapture darling that was grand!

Nico: Okay now we can go.

They teleported.

---

Back in Japan we got to a hideout by a lake near the Aokigahara Forest.

Magneto: Let's see what else this hideout contains.

Me: Okay.

We continued on and we saw a huge network of tunnels and we were gonna have to go underwater.

Me: Looks like we're gonna have to swim.

Yae: Okay. This is gonna be fun.

Me: Lets go.

Zarya: Yeah!

We dove in and then we saw Yae turn into a mermaid and she was amazingly beautiful as one.

Me: Wow! Yae you look awesome as a mermaid!

Yae: Thanks.

We then blasted a bunch of minions swimming.

---

Next Nico and group were in space.

Brian: Holy crap, Stewie, we're in space!

Nico: On some kind of space station it looks like.

Stewie: Okay, this is weird. It says here in this universe, a race of alien chickens took over the earth. And it appears that we've transported right onto their mother ship.

They gasped.

Brian: Alright, so chasing birds around. I like that.

Nico: Alien Chickens? Weird.

Ed: CHICKENS!

Stewie: Brian, Bertram's going to try use these alien chickens against us. We've got to figure out how to stop them.

Nico: We'll probably have to blast them all over.

Stewie: Alright, come on. Let's try not to be spotted.

Brian: Too late.

Alien Chicken: BA-KAW!

An Alien Chicken saw them and pressed an alarm

Bruce: Oh, no! Looks like you can't get by 'cause of all them crates! Find the controls and you can lift them crates right out of your way!

Nico: Don't worry Bruce. We got this.

Brian: Yeah, this universe looks weird. Did you- Stewie, what the hell was that?

Stewie: Brian? What the hell was that? I'm scared!

A bunch of Alien Chickens then came.

Ernie the Chicken: I can't believe my own people are working for Bertram!

Bad Juju: I'm really sorry, Ernie.

Nico: These aren't your people however. They are alien chickens.

Ed: CHICKENS! (Hugs a bunch of alien chickens) HUG A CHICKEN! HUG A CHICKEN! HUG A CHICKEN! HUG A CHICKEN!

Laney: Oh Ed!

Eddy: You better put those chickens down Lumpy!

Ed did so and Nico and Lola blasted them.

Lola: I don't think these chickens are good to eat.

Stewie: Whoa, what's this place?

They lifted the crates and looked around.

Stewie: Brian these chickens are dangerous. We've got to find the chicken that's laying all these eggs and wipe them all out.

Brian: All right I can choke a few chickens.

Nico: And fry some eggs! Lets get them!

They walked around and they saw that universe's Bruce in an escape pod.

Bruce: Okay, now y'all need to free all these people. That one there was handsome.

Jeffrey: "I know"

Bruce: "Stop it, Jeffrey."

Stewie: Okay, I guess we're supposed to rescue these people so they can get back their terrible lives. Hey, Brian, what do you call a Latino Ch-

Brian: Chickano.

Stewie: Oh, come on! I was gonna say that, you dick. I don't do that kind of stuff to you.

Luan: (Laughs) Good one Stewie!

They got to a room and the door was locked and on a screen came Bertram!

Bertram: Ha! It's locked! You should see the look on your faces!

Nico blasted the screen and blasted the door down and out came a Robot Chicken.

Stewie: Aww, I hate Robot Chicken.

Chris: I heard that, you son of a bitch!

Nico: Shut the fuck up Chris!

Nico blasted the Robot Chicken and killed Chris.

Nico: Fucking idiotic testicle chinned dimwit.

Bruce: You've gotta find another way! Remember, when god closes a door he opens up a window! And no matter what my father says, god does too love me!

Nico: Don't worry my way works better.

Laney: Look at this.

They found a hologram for plans for a Death Star Egg. Wow.

Nico: A Death Star Egg? Wow.

Lisa Loud: We can utilize these plans for our own version of the Death Star.

Nico: Good idea.

Stewie: I know what you're gonna say at dinner when we get back.

Brian: What? What am I gonna say?

Stewie: You're all gonna be like, No thanks. I think I've had enough chicken for a while. And I know you're gonna say that 'cause you suck.

They walked around and got to the hibernation pods.

Nico: Hibernation pods.

Luna Loud: Wow.

Bruce: Stand tall, y'all! Y'all gonna have to stick around and defeat all them bad guys!

They found more escape pods and found Tom Tucker, Consuela, Tom Tucker, Herbert and many more in them.

Nico: Wow.

They got to the lower parts and found that they were getting close to the Queen and mother bird.

Nico: We're getting close.

The walls were covered in towers that looked like trees and ugly vines.

Kate Lloyd: These chickens act like Xenomorphs.

Nico: They sure do.

They saw people trapped in the pillars and then their chests bursted open and out came chickens!

Laney: WHOA!

Nico: WHAT THE FUCKING HELL!?

Nico blasted them.

Nico: We got to give them mercy and kill them.

Varie: As much as I don't like it we have to.

They blasted the people. There was slime dripping from the ceiling that was acidic.

Nico: Shit. These Alien Chickens are in every way like the Xenomorphs.

Alicia Stuart: But at least they aren't like the Necromorphs.

Lola: Yeah that was more terrifying.

Brian: You- You don't think you could get high off, that stuff, do ya?

They got into the next room and Bertram appeared on the screen.

Bertram: You are a formidable foe, but you won't be getting into the master control room this way!

Nico: He has no idea who he is fucking around with.

Bruce: That baby boy locked this door. Y'alls gonna have to find another way into the master control room.

Nico: I know a way.

Brian: "Glenn? Glenn Quagmire…? What are you doing here?"

Nico: I would not let that pervert anywhere near us.

Nicole: But he is not infected.

Nicole freed him.

Alien Chicken Universe Meg: Please… kill me.

Danny Phantom: I'm going Ghost!

Danny turned into Danny Phantom and went intangible and got the alien chicken out of that universe's Meg.

Alien Chicken Universe Meg: Thank guys.

They got her down.

Nico: Lets go!

They took the elevator.

Bertram: You're on an express elevator to hell, morons!

They arrived into the queen room and saw THE QUEEN HEN!

Bertram: Oh, you're just in time! I'm making my famous Peter scramble!

Peter: Guys, please help me. They've been doing things to me. Awful things. Chicken things.

Nico blasted Peter and killed him.

Nico: You will not get away with this Bertram!

Bertram: NO! You ruined everything!

Stewie: Get away from our planet, you bitch!

They saw her laying eggs.

Brian: So.. that's like, all her vagina?

Bertram came.

Nico: You will pay for your crimes Bertram!

Kickback: I'm really starting to hate this guy.

May: Just starting?

Bertram: Not these guys! (portals open up) These guys!

Out come several counterparts of Bertram.

Bertram: You all traveled to different dimensions to help different version of yourselves. So I figured I could do the same. You know, it's true what they say. If you want something done right, you really have to do it yourself. Now, surrender, and I'll spare your lives.

Maria: You can go to hell!

Bertram: How about I send you all there first?

Nico: Fuck you, you putrid fucking fuckup!

Maria: YEAH!

Nico: Shut up you brat!

May: Yeah!

Cluemaster, Bonz and a new figure came out and it was KEY MONSTER from episode 21 of Season 2 of Mighty Morphin Power Rangers!

---

**The Key Monster** was a key themed monster who very briefly appeared in the episode "Zedd's Monster Mash."

On Halloween, Lord Zedd was very happy to see a holiday that he could enjoy and asked Goldar for advice who suggested pulling a Frankenstein Monster-esque move by infiltrating the party with a monster. Zedd was less than impressed as he thought that they could have thier own "party" and decided that it would be a good time to take out Tommy and leave the Power Rangers so weak that a monster on the same power level as Nimrod the Scarlet Sentinel could destroy them. Using some Putties disguised as children in Power Ranger uniforms, Goldar sent Tommy to the Haunted Forest at which point the Key Monster came into play. His job was to seal the Haunted Forest and prevent entry and exit from it and stop Tommy from leaving or help from entering. The Key Monster skipped through multiple keys, trying to find the correct key to lock the dimension but discarded them in favour of a master key. He locked that door to the dimension with the master key just as Tommy arrived. It is unknown what happened to the Key Monster after the Rangers escaped the Dark Dimension since he was never shown to be destroyed. Since Zedd was later purified, the Key Monster possibly met the same fate but not necessarily since he doesn't exist in our universe. It's most likely that he still guards the realm between dimensions to this day and never came back to threaten the Power Rangers simply because that wasn't his job.

---

Tommy Oliver: Key Monster!

Key Monster: Been a while rangers.

Nico: I remember you! You were sent to seal the Haunted Forest and trap the rangers in it.

Key Monster: Good memory on you.

Nico: Never missed an episode. Lets do it!

Tommy Oliver: (to Key Monster) Why didn't you go after me and my friends when we escaped that forest?

Key Monster: Because that wasn't part of my job.

Nico: But it will be the last thing you will do.

Varie: Yeah!

They went at them.

Cluemaster: (to Aang) Seeing as though Bertram is related to Stewie, he'll probably have the same weapons Stewie has.

Aang: And he is just as smart as Stewie is.

Starlight Glimmer: But instead of wanting to rule the world he is out to destroy the universe!

Trixie: And we can't let him get away with that.

Juniper Montage: Peter's genetic material gave birth to a monster that wants nothing more than to kill Stewie.

Thorax: Yeah and he must be stopped.

Sunburst: Yeah!

Cozy Glow: And fast. I'm never looking at chickens the same way again.

Gallus: Me neither. They are gross.

Ocellus: Yeah they are.

Sandbar: Yeah.

Yona: Yona believe friends.

Pyonma: They are disgusting.

They fired a wave of rainbow energy and it formed into a huge Zap Apple Meteor and it blew Key Monster's key sword out of his hand and Ronnie Anne got it.

Rangers: POWER CANNON!

They summoned the Power Cannon and charged it up and fired and it hit Key Monster and he exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead.

Diamond Tiara: Like Nico says, Key Monster you have failed this universe!

Troy Burrows: Rangers that's a Super Mega Win.

Next was Bertram and they were blasting and pulverizing him all over and really letting him and his army have it.

Rainbow Dash, Ellen Ripley and Ed: RAINBOW FIRESTORM BLAST!

They fired waves of rainbow fire and obliterated all the army and destroyed them.

Seeryn and Nom blasted numerous chickens and incinerated them.

Ed Cowart: EAT DIRT NEFARIOUS CHICKEN HORRORS! (BLASTS QUEEN HEN) HAHAHAHAHAHAHAHAHAHAHAHAHAHA!

Earthworm Jim: EAT DIRT CHICKEN FREAKS OF NEFARIOUSNESS! (BLASTS QUEEN HEN ALL OVER) HAHAHAHAHAHAHAHAHAHAHAHAHAHAHA!

Tantrum, Thunder, Hot Spot and Fred Flintstone all used the Earth Cyber Planet Keys and they enhanced Tantrum's Electro Sword, Thunder's powers, Hot Spot's Fireball Cannon and Fred's powers and strength 100-fold.

G1 Tantrum and Teen Titans Thunder: THUNDEROUS LIGHTNING BLADEDANCE!

G1 Hot Spot and Fred Flintstone: SMASHING FIREBALL STORM!

They fired blades of lightning and energy and fireballs and rocks.

Joe Swanson, Cleveland Brown, Ernie the Giant Chicken, Seamus, Lois, Meg, Stewie, Brian, Nico, May, Lily and Dexter: DEATH TO QUAHOG ULTRA BLAST!

They fired a huge blast of energy and it hit the Queen Hen and obliterated her in an instant.

Bertram was down and he went for his Multiverse remote and Nico stomped on it and crushed it.

Bertram: NO!

Stewie had Bertram at gunpoint.

Nico: It's over Bertram!

Bertram: DO IT! You kill me, you'll become just like me. Either way… I win!

Stewie puts the gun away.

Stewie: I'll never let the pain, the darkness, determine who I am. I will never be you.

Stewie then walked away. Bertram got pissed, let out a yell, and charged at Stewie but Brian saw this and shot him with his gun, killing him.

Brian: (Stewie sees this) You saved me several times. I figured I could return the favor.

Nico: And he will never torment anyone again.

Bertram's evil spirit appeared.

Nico: You have tormented the universe for far too long. (Holds hand out to him) HAKAI!

Bertram glowed purple and he was disappearing!

Bertram: FUCK YOU ALL TO HELL! (FADES)

Nico: Fuck yourself. Now we've officially seen the last of Bertram.

Joe Swanson: Looks like Bertram is finally gone for good.

Merman: And we never have to deal with any counterparts of him ever again.

Bonz: This adventure was very fun though.

Stewie: You guys didn't have to help me and Brian out today.

Condiment King: But we chose to.

Cluemaster: Because that's what friends do.

Nico: And it's what the team would do. Bertram will never torment the world and the universes ever again. When he was hakaied, all the Bertram's were destroyed.

Varie: Good riddance.

Eli: Peter Griffin's evil legacy will never torment anyone.

Seamus: Arggh. Good riddance to that scallywag.

Nico: Yep. Lets all go home. ALL of us.

They teleported back.

---

Back in Japan we were facing the Peach Mountain Shoguns.

Brain: Pinky, are you pondering what I'm pondering?

Pinky: Well, I'm pondering that those Peach Mountain Shoguns guys are writing their wills right now.

Me: Because we're about to kill them!

We blasted them all over and smashed and pulverized them even more until they were dead.

Goemon: This is our planet and it will NEVER be your stage!

Yae: YEAH!

We went at them and killed all of the Peach Mountain Shoguns in their castle and banished them to the Warp for all eternity.

?: Very impressive.

A figure appeared and it was GAIA EVERFREE, THE SPIRIT OF THE EVERFREE FOREST!

Me: Gaia Everfree! Now we can destroy you and the the terror you caused with the Everfree Forest. Also you have a lot of nerve terrorizing Camp Everfree!

Gaia Everfree: All I'm doing is trying to save Camp Everfree!

Abomination: By destroying everything else in the process?

Gaia Everfree: That's a small price to pay! (To me and Zarya) You two should understand having to make the hard choices!

Me: But you think that will justify it by killing innocent people!? I don't think so!

Zarya: Yeah and you are just a heartless fiend!

Me: Lets do it!

I went Super Angel-Ebonwu-Phoenix 500,000,000 and went at her and pulverized her into oblivion and blasted her all over.

Me: (Divine Echoing Elemental Voice) **FIRE STYLE: SCORCHING APE NINJAZORD!**

Zarya: WATER STYLE: AQUATIC FROG NINJAZORD!

Me: **WIND STYLE: JETSTREAM CRANE NINJAZORD!**

Zarya: EARTH STYLE: QUAKING BEAR NINJAZORD!

Me: **ICE STYLE: CHILLING WOLF NINJAZORD!**

Zarya: MAGIC STYLE: MYSTIC FALCON NINJAZORD!

We fired elemental blasts and they formed into said zords and they smashed her all over. The Masters of Evil all blasted her all over the place.

Me and Zarya: FINAL SMASH: NINJA MEGAFALCONZORD STRIKE!

We fired an energy blast and it formed into said zord and obliterated her into nothing and killed her. We powered down.

Me: YEAH!

Gaia Everfree was dead.

We got first place and went back to the Sky Fortress. Next up was India. Goemon and his friends came with me.

At the World Tree Estate, Nico and everyone was resting.

Nico: Whew! Man what an adventure!

Eli: No kidding! That was intense!

Joe Swanson: (To the viewers) This was one awesome adventure and I hope you all liked it as much as I have.

Nico: I know I did. But those universes were intense. At least we have now seen the last of Bertram Griffin.

Meg: No kidding.

Stewie: (To the viewers) Also if you donate sperm, be careful with how it will turn out and all that.

They then watched TV and saw me and Zarya and everyone teaming up with Goemon and his team and taking down the Peach Mountain Shoguns!

Brittney: Whoa! That's Goemon and his friends!

Jessie K.: Whoa! I thought he was just a legend in Japanese Folklore.

Laney: I've read a lot about him. He, Ebisumaru, Yae and Sasuke are a true force of nature and a great group of outlaws.

Nico: They sure are. So cool!

Computer: Holo-call incoming.

Nico then answered it and it was me and Zarya.

Me: Hey guys.

Nico: Hey buddy! We saw you and Zarya in Japan. Great job!

Me: Thanks man.

Goemon: You must be Nico Chan and all of Team Loud Phoenix Storm. It's an honor.

Nico: You too Goemon and it's an honor to meet you. We have read so much about you in books and legend. You are widely known in all of Japanese legend and folklore.

Yae: And it will be an honor to join you when we get back together.

Nico: It will be an honor having you all with us.

Me: What happened on your adventures this time?

Nico told us everything and we were both shocked and amazed!

Me: WHOA! You guys went all over the Multiverse and stopped Stewie's evil half brother Bertram? That's incredible!

Nico: It sure was.

Joe Swanson: Yeah it was amazing.

Zarya: Wow! A universe ruled by the Greek Fraternity and Sorority, Amish, Handicapped, Evil, Santa who is bad, Pirates, and Alien Chickens? Wow! That is amazing!

Me: But thank goodness you all are okay and well done on stopping Bertram. I hope he likes the Warp more than our universe.

Nico: Thanks man. And I have a feeling he and his many counterparts will NEVER like it.

Me: Good. We're very proud of all of you. We're heading to India next.

Nico: Cool! Love India.

Apu: (Indian Accent) Have fun in my native land.

Me: We will. See you all in two days.

The call clicked off.

TO BE CONTINUED…

See you all tomorrow.

# Terror of the Midnight 13 - India

At the World Tree Estate, Nico and everyone was watching TV and playing card games. With them was the awesome brother and sister hero duo: Cow and Chicken. They are funny and awesome.

Nico: (to Chicken) Chicken, I'd like to thank you and Cow for joining us today.

Chicken: Anytime Nico and we always get a great thrill out of all your adventures.

Cow: They are awesome! And we love how you all save the day and all. Want some milk?

Nico: Yes please.

Cow squeezed her udder and poured him some fresh milk as she mooed.

Nico: Thanks.

Nico drank it and he was refreshed.

Nico: Ahh. That was delicious!

Varie: Refreshing.

Nico: Yep. J.D. and Zarya are heading to India. Can't wait to see what they will do there.

Computer: Visitor on surface. It's Lieutenant Kellyway.

Nico: Oh great. Wonder what he wants.

Nico got up and went to the elevator.

Aqua Man (Mega Man): Where are you going, Nico?

Nico: An uninvited guest has shown up.

Nico took the elevator and he got down to the ground and he was facing Lieutenant Kellaway.

Nico: Kellaway you son of a fucking bitch!

Kellaway: So you know why I'm here?

Nico: Out of your jurisdiction.

Kellaway: Shut up.

Nico: Make me.

Everyone else came down.

Kellaway: I'm surprised J.D.'s not here.

Nico: He and Zarya are… occupied at the moment.

Kellaway: If you have something to say, then spit it out.

Nico: People seem to think we should have a heart to heart.

Kellaway: Well, other people seem to think I don't have a heart. Where does that leave us?

Nico: Look, I've got a dozen reasons for killing you. You've got a dozen and one for killing me. So…

Kellaway: All the talk in the world's not gonna change a thing.

Chicken: Exactly. But you should know that Stanley Ipkiss is the Mask.

Kellaway: What?!

Cow: He's in a room somewhere in the Estate.

Nico: Now, here's my proposal. We go outside and let our fists do the talking.

Kellaway: What happens if I beat you?

Nico: You kill me and arrest Stanley for everything he's done as the Mask.

Kellaway: And if you beat me, I guess I go to one of your prisons.

Nico: Do we have a deal?

Kellaway: Sound the bell.

Laney: Do it.

DING!

Applejack sounded the bell and they went at each other and ferociously pulverized each other.

Kellaway punched Nico in the face and kicked him in the stomach and punched him in the face and knocked out one of his teeth and Nico kicked and punched Kellaway all over and knocked him down and he got up.

Kellaway: STUPID SHIT!

He punched Nico in the face.

Kellaway: I FUCKING HATE YOU!

He kicked Nico in his face.

Kellaway: Look in my eyes Chan! I'll see you in hell!

Nico: Not if I take you with me!

Nico kicked and pulverized Kellaway all over brutally.

POW! POW! KROW! SMASH!

They brutally pulverized each other for over 74 minutes and it was brutal! When they stopped, Nico was on the ground.

Nico was on the ground all beaten up as Kellaway was about to deliver the finishing blow. But for some reason, he hesitated and then sat on the ground, unsure of what he was doing.

Nico: (weakly) We had a deal, Kellaway. Kill me and you get to arrest Stanley.

Dirge: It's what you wanted, isn't it, to finally arrest the Mask for everything he's done?

Kellaway stood down and sighed.

Kellaway: No Nico. You win this one.

Nico got up and his injuries healed.

Nico: Sabretooth's accelerated healing.

Kellaway: You win Nico.

Kellaway stood up.

Nico: Bastard.

G1 Blades: (to Kellaway) It's best if we keep this understanding between us from J.D. and Zarya. Because I doubt J.D. will be merciful if he ever sees you again.

Kellaway: I think that's fair.

Maria: (glares at Nico) Now, if you excuse us, we have to give our temporary leader a good talking to for pulling this stupid move!

Nico gulped in fear.

POW!

Nico got punched in the face by May!

DING!

Nico then got kicked in the crotch by Maria!

Lincoln and some of the girls winced at that.

Lincoln: OOH! That's gonna leave a mark!

Vince: YIKES!

Eli: OUCH!

---

Later over in England, everyone was with the Mystery Inc. gang.

Nico: Hey, Shaggy. What mystery are we going on this time?

Shaggy: Like, we're about to find out.

Fred: (sees me beaten up) What happened to you, Nico?

Coconuts: Let's just say that some of us had to remind Nico not to put himself in a position where he gets beaten to near death.

May: Yeah.

Laney: It's an ugly story.

Eli: But if I see Kellyway again I am gonna have his head slashed off with my lightsaber. (Ignites lightsaber)

Nunnally: J.D. will kill Kellaway for this.

Nico: He sure will.

Shaggy: Like yeah!

Scooby Doo: Reah!

They arrived in the small town of Norville de Morgana. It was a town that is said to be the site where Camelot was over 1,500 years ago. And it's also the site where Shaggy's medieval ancestor Sir Norville killed the evil Sorceress Morgan Le Fay! They read the story about it and it was incredible.

Nico: Wow! Shaggy we had no idea you were descended from knighthood in the ancient Arthurian Legend.

Laney: That is so cool!

Lola: Wow! Your ancestor is a great hero Shaggy.

Nico: And I'll bet he had your ginormous appetite too.

Shaggy: He might have! Like wow. I had no idea I was descended from a great ancestor.

Lana: That is so cool!

Hunter: (German Accent) Ja! Und it's quite an ancestry.

Edwayl: (Breton Accent) It sure is lad.

Chloe Nicholson: That is amazing.

---

On the Mobile Sky Fortress as me and Zarya were heading to India, we were watching TV.

Me: So far things have been quiet.

Zarya: What's on the news?

Me: Lets see.

I changed it to the news and it showed Nico getting the living shit beaten out of him by Lieutenant Kellaway! I was shocked and mad.

Me: That son of a fucking bitch! I will make sure he hangs for this.

I called the bounty hunting department and put a huge hit out on Lieutenant Kellaway and put a price on him of $500,000,000,000.00. Double if Dead.

Zarya: You think they will go after him?

Me: I sure do. And I hope Kellaway made his will.

Zarya: No one hurts us and gets away with it.

Hank Scorpio, Larxene, Xaldin, Mer Man, Condiment King, Bonz, Duskmon, and Cluemaster then appeared.

Hank Scorpio: (to me) Can me, Larxene, Xaldin, Merman, Condiment King, Bonz, Duskmon, and Cluemaster go with you and Zarya this time?

Me: You all sure can. We're going to India. **I N**

Condiment King: Awesome! India is amazing.

Larxene: It sure is and we have 2 more members of the Midnight 13 to take down.

Me: We sure do.

Xaldin: Did you guys also put a hit on Kellaway?

Me: Yep for beating the living shit out of Nico.

Larxene: Wow. I hope that son of a fucking bitch gets what's coming to him.

Me: Yep.

---

Back in England it was time to solve a mystery.

Blackarachnia: So, Fred. What's our mystery this time?

Fred: We're solving a mystery of Shaggy's ancestry here in England and we're also going to solve the mystery of Camelot.

Velma: I think it's all illusions to me.

Nico: Camelot is amazing. I've read so much about it. What did you guys find out so far?

Daphne: We found out that Shaggy is the descendant of a heroic knight that saved Camelot and King Arthur from the evil sorceress Morgan Le Fay.

Brittney: Oh man! Morgan Le Fay was not just an evil sorceress. She was THE evil Sorceress.

Brittney went over her history.

---

**Morgan le Fay** is a powerful enchantress in the Arthurian legend. Early appearances of Morgan do not elaborate her character beyond her role as a goddess, a fay, a witch, or a sorceress, generally benevolent and related to King Arthur as his magical saviour and protector. Her prominence increased over time, as did her moral ambivalence, and in some texts there is an evolutionary transformation of her to an antagonist, particularly as portrayed in cyclical prose such as the Lancelot-Grail and the Post-Vulgate Cycle. A significant aspect in many of Morgan's medieval and later iterations is the unpredictable duality of her nature, with potential for both good and evil.

Her character may have been rooted in Welsh mythology as well as other earlier myths and historical figures. The earliest account, by Geoffrey of Monmouth in *Vita Merlini,* refers to Morgan in conjunction with the Isle of Apples (Avalon), which is where Arthur was carried after being fatally wounded in the Battle of Camlann. There, and in the early chivalric romances by Chrétien de Troyes and others, her chief role is that of a great healer. It is Chrétien who establishes her as Arthur's supernatural elder sister.

In the Robert de Boron-derived French prose versions and the works based on them, including among them Thomas Malory's influential *Le Morte d'Arthur*, she is usually described as the youngest daughter of Arthur's mother, Igraine, and her first husband, Gorlois. Arthur, son of Igraine and Uther, is Morgan's half-brother; the Queen of Orkney is one of Morgan's sisters and Mordred's mother. Morgan unhappily marries Urien with whom she has a son, Yvain. She becomes an apprentice of Merlin, and a capricious and vindictive adversary of some knights of the Round Table, all the while harbouring a special hatred for Arthur's wife Guinevere. In this tradition, she is also sexually active and even predatory, taking numerous lovers that may include Merlin and Accolon, with an unrequited love for Lancelot. In some variants, including the popular retelling by Malory, Morgan is the greatest enemy of Arthur, scheming to usurp his throne, indirectly becoming an instrument of his death; however, she eventually reconciles with Arthur, retaining her original role of taking him on his final journey to Avalon.

Many other medieval and Renaissance works feature continuations of her evolutionary tale from the aftermath of Camlann as she becomes the immortal queen of Avalon in both Arthurian and non-Arthurian stories, sometimes alongside Arthur. After a period of being largely absent from modern culture, Morgan's character again rose to prominence in the 20th and 21st centuries, appearing in a wide variety of roles and portrayals.

The earliest spelling of the name (found in Geoffrey of Monmouth's *Vita Merlini*, written c. 1150) is *Morgen*, which is likely derived from Old Welsh or Old Breton *Morgen*, meaning "Sea-born" (from Common Brittonic **Mori-genā*, the masculine form of which, **Mori-genos*, survived in Middle Welsh as *Moryen* or *Morien* ; a cognate form in Old Irish is *Muirgen*, the name of a Celtic Christian shapeshifting female saint who was associated with the sea). The name is not to be confused with the unrelated Modern Welsh masculine name Morgan (spelled *Morcant* in the Old Welsh period). As her epithet "le Fay" (invented in the 15th century by Thomas Malory from the earlier French *la fée*, "the fairy"; Malory would also use the form "le Fey" alternatively with "le Fay") and some traits indicate, the figure of Morgan appears to have been a remnant of supernatural females from Celtic mythology, and her main name could be connected to the myths of Morgens (also known as Mari-Morgans or just Morgans), the Welsh and Breton fairy water spirits related to the legend of Princess Dahut (Ahes). While many later works make Morgan specifically human, she retains her magical powers, and sometimes also her otherworldly if not divine attributes. In fact she is often referred to as either a Fairy Queen or outright a goddess ( *dea*, *déesse*, *gotinne* ) by authors.

Geoffrey's description of Morgen and her sisters in the *Vita Merlini* closely resembles the story of the nine Gaulish priestesses of the isle of Sena (now Île de Sein) called *Gallisenae* (or *Gallizenae* ), as described by the geographer Pomponius Mela during the first century, strongly suggesting that Pomponius' *Description of the World* ( *De situ orbis* ) was one of Geoffrey's prime sources. Further inspiration for her character likely came from Welsh folklore and medieval Irish literature and hagiography. Speculatively, beginning with Lucy Allen Paton in 1904, Morgan has been connected with the Irish shapeshifting and multifaced goddess of strife known as the Morrígan ("Great Queen"). Proponents of this have included Roger Sherman Loomis, who doubted the Muirgen connection. Possible influence by elements of the classical Greek mythology sorceresses or goddesses such as Circe and especially Medea, and other magical women from the Irish mythology such as the mother of hero Fráech, as well as historical figure of Empress Matilda, have been also suggested. A chiefly Greek construction is a relatively new origin theory by Carolyne Larrington. One of the proposed candidates for the historical Arthur, Artuir mac Áedán, was recorded as having a sister named Maithgen (daughter of king Áedán mac Gabráin, a 6th-century king of Dál Riata), whose name also appears as that of a prophetic druid in the Irish legend of Saint Brigid of Kildare.

Morgan has also been often linked with the supernatural mother Modron, derived from the continental mother goddess figure of Dea Matrona and featured in medieval Welsh literature. Modron appears in Welsh Triad 70 ("Three Blessed Womb-Burdens of the Island of Britain") - in which her children by Urien are named Owain mab Urien (son) and Morfydd (daughter) - and a later folktale have recorded more fully in the manuscript Peniarth 147. A fictionalised version of the historical king Urien is usually Morgan le Fay's husband in the variations of Arthurian legend informed by continental romances, wherein their son is named Yvain. Furthermore, the historical Urien had a treacherous ally named Morcant Bulc who plotted to assassinate him, similar to how Morgan attempts to kill Urien. Additionally, Modron is called "daughter of Afallach", a Welsh ancestor figure also known as Avallach or Avalloc, whose name can also be interpreted as a noun meaning "a place of apples"; in the tale of Owain and Morfydd's conception in Peniarth 147, Modron is called the "daughter of the King of Annwn", a Celtic Otherworld. This evokes Avalon, the marvelous "Isle of Apples" with which Morgan has been associated since her earliest appearances, and the Irish legend of the otherworldly woman Niamh including the motif of apple in connection to Avalon-like Otherworld isle of Tír na nÓg ("Land of Youth").

According to Gerald of Wales in *De instructione principis*, a noblewoman and close relative of King Arthur named **Morganis** carried the dead Arthur to her island of Avalon (identified by him as Glastonbury), where he was buried. Writing in the early 13th century in *Speculum ecclesiae*, Gerald also claimed that "as a result, the fanciful Britons and their bards invented the legend that some kind of a fantastic goddess ( *dea quaedam phantastica* ) had removed Arthur's body to the Isle of Avalon, so that she might cure his wounds there," for the purpose of enabling the possibility of King Arthur's messianic return. In his encyclopaedic work *Otia Imperialia*, written around the same time and with similar derision for this belief, Gervase of Tilbury calls that mythical enchantress **Morganda Fatata** (Morganda the Fairy). Morgan retains this role as Arthur's otherworldly healer in much of later tradition.

## Medieval and Renaissance literature

Morgan first appears by name in *Vita Merlini*, written by Norman-Welsh cleric Geoffrey of Monmouth. Purportedly an account of the life of Merlin, it elaborates some episodes from Geoffrey's more famous earlier work, *Historia Regum Britanniae* (1136). In *Historia*, Geoffrey relates how King Arthur, gravely wounded by Mordred at the Battle of Camlann, is taken off to the blessed Isle of Apple Trees (Latin *Insula Pomorum* ), Avalon, to be healed; Avalon ( *Ynys Afallach* in the Welsh versions of *Historia* ) is also mentioned as the place where Arthur's sword Excalibur was forged. (Geoffrey's Arthur does have a sister, whose name here is Anna, but the possibility of her being a predecessor to Morgan is unknown.) In *Vita Merlini*, Geoffrey describes this island in more detail and names *Morgen* as the chief of the nine magical queen sisters who dwell there, ruling in their own right. Morgen agrees to take Arthur, delivered to her by Taliesin to have him revived, but says it might take a long time. She and her sisters are capable of shapeshifting and flying ("like Daedalus, on strange wings"), and (at least seemingly) use their powers only for good. Morgen is also said to be a learned mathematician and to have taught astronomy to her fellow nymph ( *nymphae* ) sisters, whose names are Moronoe, Mazoe, Gliten, Glitonea, Gliton, Tyronoe, Thiten and Thiton. In creating this Virgin Mary-type character and her sisters, Geoffrey might have been influenced by the first-century Roman cartographer Pomponius Mela, who has described an oracle at the Île de Sein off the coast of

Brittany and its nine virgin priestesses believed by the continental Celtic Gauls to have the power to cure disease and perform various other awesome magic, such as controlling the sea through incantations, foretelling the future, and changing themselves into any animal.

According to a theory postulated by R. S. Loomis, Geoffrey was not the original inventor of Morgan's character, which had already existed in hypothetical unrecorded stories of her as Arthur's fairy saviour, or even also his fairy godmother (her earliest shared supernatural ability being able to traverse on or under water). Such stories being told by wandering storytellers (as credited by Gerald of Wales) would then influence various authors writing independently from each other, especially since *Vita Merlini* was a relatively little-known text. Geoffrey's description of Morgen is notably very similar to that of Medea in Benoît de Sainte-Maure's epic poem *Roman de Troie* (c. 1155-1160), a story of the ancient Trojan War in which Morgan herself makes an unexplained appearance in this second known text featuring her. As **Orvan the Fairy** ( *Orva la fée*, likely a corruption of a spelling such as **Morgua* in the original-text), there she first lustfully loves the Trojan hero Hector and gifts him a wonderful horse, but then pursues him with hate after he rejects her. The abrupt way in which she is used suggests Benoît did expect his aristocratic audience to have been already familiar with her character. Another ancient-times appearance can be found in the much later *Perceforest* (1330s), within the fourth book which is set in Britain during Julius Caesar's invasions, where the fairy Morgane lives in the isle of Zeeland and has learned her magic from Zephir. Here, she has a daughter named Morganette and an adoptive son named Passelion, who in turn have a son named Morgan, described as an ancestor of the Lady of the Lake.

In *Jaufre*, an early Occitan language Arthurian romance dated c. 1180, Morgan seems to appear, without being named other than introducing herself as the "Fairy of Gibel" ( *fada de Gibel*, the mount Gibel being a version of the Avalon motif as in later works), as the ruler of an underground kingdom who takes the protagonist knight Jaufre (Griflet) through a fountain to gift him her magic ring of protection. In the romance poem *Lanzelet*, written by the end of the 12th century by Ulrich von Zatzikhoven, the infant Lancelot is spirited away by a water fairy ( *merfeine* in Old High German) and raised in her paradise island country of Meidelant ("Land of Maidens"). Ulrich's unnamed fairy queen character might be also related to Geoffrey's Morgen,[19] as well as to the early Breton oral tradition of Morgan's figure, especially as her son there is named Mabuz, similar to the name of Modron's son Mabon ap Modron. In Layamon's Middle English poem *The Chronicle of Britain* (c. 1215), Arthur was taken to Avalon by two women to be healed there by its most beautiful elfen ( *aluen* ) queen named **Argante** or Argane; it is possible her name had been originally *Margan(te)* before it was changed in manuscript transmission.

The 12th-century French poet Chrétien de Troyes already mentions her in his first romance, *Erec and Enide*, completed around 1170. In it, a love of Morgan (Morgue) is Guigomar (Guingomar, Guinguemar), the Lord of the Isle of Avalon and a nephew of King Arthur, a character derivative of Guigemar from the Breton lai *Guigemar* . Guingamor's own lai by Marie de France links him to the beautiful magical entity known only as the "fairy mistress", who was later identified by Thomas Chestre's *Sir Launfal* as *Dame Tryamour*, the daughter of the King of the Celtic Otherworld who shares many characteristics with Chrétien's Morgan. It was noted that even Chrétien' earliest mention of Morgan already shows an enmity between her and Queen Guinevere, and although Morgan is represented only in a benign role by Chrétien, she resides in a mysterious place known as the Vale Perilous (which some later authors would say she has created as a place of punishment for unfaithful knights). She is later mentioned in the same poem when Arthur provides the wounded hero Erec with a healing balm made by his sister Morgan. This episode affirms her early role as a healer, in addition to being one of the first instances of Morgan presented as Arthur's sister; healing is Morgan's chief ability, but Chrétien also hints at her potential to harm.

Chrétien again refers to Morgan as a great healer in his later romance *Yvain, the Knight of the Lion*, in an episode in which the Lady of Norison restores the maddened hero Yvain to his senses with a magical potion provided by Morgan the Wise ( *Morgue la sage* ). Morgan the Wise is female in Chrétien's original, as well as in the Norse version *Ivens saga*, but male in the English *Ywain and*

*Gawain* . While the fairy Modron is mother of Owain mab Urien in the Welsh myth, and Morgan would be assigned this role in the later literature, this first continental association between Yvain (the romances' version of Owain) and Morgan does not imply they are son and mother. The earliest mention of Morgan as Yvain's mother is found in *Tyolet*, an early 13th-century Breton Middle Welsh Arthurian tale *Geraint son of Erbin*, either based on Chrétien's *Erec and Enide* or derived from a common source, mentions King Arthur's chief physician named **Morgan Tud** . It is believed that this character, though considered a male in *Gereint*, may be derived from Morgan le Fay, though this has been a matter of debate among Arthurian scholars since the 19th century (the epithet Tud may be a Welsh or Breton cognate or borrowing of Old Irish *tuath*, "north, left", "sinister, wicked", also "fairy (fay), elf"). There, Morgan is called to treat Edern ap Nudd, Knight of the Sparrowhawk, following the latter's defeat at the hands of his adversary Geraint, and is later called on by Arthur to treat Geraint himself. In the German version of *Erec*, the 12th-century knight and poet Hartmann von Aue has Erec healed by Guinevere with a special plaster that was given to Arthur by the king's sister, the goddess ( *gotinne* ) **Feimurgân** ( *Fâmurgân*, Fairy Murgan):

When she began to demonstrate her magic powers, she had very soon circumnavigated the world and come back again. (…) Both in the air and on the earth she could hover at her ease, on the waves and beneath them. She was totally indifferent as to whether she lived in the fire or, just as much at her ease, in the dew. (…) And when it took her fancy she could change a man into a bird or an animal. (…) Mighty was she in magic and her life was greatly in defiance of God, for at her command were the birds in the wild, in the woods and fields, and what seems to me greatest, those evil spirits, that are called devils - they were all at her command. She was well capable of marvels for dragons had to bring from the air support in her affairs, as well as the fish in the sea. Moreover, she had kin deep in Hell: the Devil was her companion. He sent her aid, even from the fire, as much as she wanted. And whatever she would have from this earth, she took, without peril, in ample measure, all for herself. The earth bore no root, the power of which was not as familiar to her as the back of my hand is to me. (…) This earth never acquired a better mistress of magic arts than Feimurgân.

In writing that, Hartmann might have not been influenced by Chrétien, but rather by an earlier oral tradition from the stories of Breton bards. Hartmann also separated Arthur's sister (that is Feimurgân) from the fairy mistress of the lord of Avalon (Chrétien's Guigomar), who in his version is named **Marguel** . In the anonymous First Continuation of Chrétien's *Perceval, the Story of the Grail*, the fairy lover of its variant of Guigomar (here as Guingamuer) is named **Brangepart**, and the two have a son Brangemuer who became the king of an otherworldly isle "where no mortal lived". In the 13th-century romance *Parzival*, another German knight-poet Wolfram von Eschenbach inverted Hartmann's Fâmurgân's name to create that of Arthur's fairy ancestor named Terdelaschoye de Feimurgân, the wife of Mazadân, where the part "Terdelaschoye" comes from *Terre de la Joie*, or Land of Joy; the text also mentions the mountain of Fâmorgân.

Speculatively, Loomis and John Matthews further identified other perceived avatars of Morgan as the "Besieged Lady" archetype in various early works associated with the Castle of Maidens motif, often appearing as (usually unnamed) wife of King Lot and mother of Gawain. These characters include the Queen of Meidenlant in *Diu Crône*, the lady of Castellum Puellarum in *De Ortu Waluuanii*, and the nameless heroine of the Breton lai *Doon*, among others, including some in later works (such as with Lady Lufamore of Maydenlande in *Sir Perceval of Galles* ). Loomis also linked her to the eponymous seductress evil queen from *The Queen of Scotland*, a 19th-century ballad "containing Arthurian material dating back to the year 1200."

A recently discovered moralistic manuscript written in Anglo-Norman French is the only known instance of medieval Arthurian literature presented as being composed by Morgan herself. This late 12th-century text is purportedly addressed to her court official and tells of the story of a knight called Piers the Fierce; it is likely that the author's motive was to draw a satirical moral from the downfall of the English knight Piers Gaveston, 1st Earl of Cornwall. **Morgayne** is titled in it as "empress of the wilderness, queen of the damsels, lady of the isles, and governor of the waves of the great sea." She is also mentioned in the *Draco Normannicus*, a 12th-century (c. 1167-1169) Latin chronicle by Étienne de Rouen, which contains a fictional letter from King Arthur to Henry II of England, written for political propaganda purposes, in which 'Arthur' criticises Henry for invading Brittany and claims that he has been healed of his wounds and made immortal in Avalon by his fay sister Morgan, called an "immortal nymph" ( *nympha perennis* ). Notably, it is one of the first known texts that made Morgan a sister to Arthur, as she is in the works of Chrétien and many others after him.

## French prose cycles

Morgan's role was greatly expanded by the unknown authors (possibly members of the Cistercian religious order, which might explain their demonisation of pagan motifs and fear of sexuality) of the early-13th-century Old French romances of the Vulgate Cycle (also known as the Lancelot-Grail cycle) and especially its subsequent rewrite, the Prose *Tristan* -influenced Post-Vulgate Cycle. Integrating her fully into the Arthurian world, they also make Morgan's ways and deeds much more sinister and aggressive than she was presented by Geoffrey or Chrétien, as she undergoes a series of transformations and becomes a chaotic counter-heroine. Beginning as an erratic ally of Arthur and a notorious temptress opposed to his wife and some of his knights (especially Lancelot) in the original stories of the Vulgate Cycle, Morgan's figure eventually often turns into an ambitious and depraved nemesis of King Arthur himself in the Post-Vulgate. Her common image is now a malicious and cruel sorceress, the source of many intrigues at the royal court of Arthur and elsewhere. In some of the later works, she is also subversively working to take over Arthur's throne through her mostly harmful magic and scheming, including manipulating men. Most of the time, Morgan's magic arts correspond with these of Merlin's and the Lady of the Lake's, featuring shapeshifting, illusion, and sleeping spells (Richard Kieckhefer connected it with Norse magic). Although she is usually depicted in medieval romances as beautiful and seductive, the medieval archetype of the loathly lady is used frequently, as Morgan can be in a contradictory fashion described as both beautiful and ugly even within the same narration.

This version of Morgan (usually named *Morgane* or *Morgain* ) first appears in the few surviving verses of the Old French poem *Merlin*, which later served as the original source for the Vulgate Cycle and consequently also the Post-Vulgate Cycle. It was written c. 1200 by the French knight-poet Robert de Boron, who described her as an illegitimate daughter of Lady Igraine with an initially unnamed Duke of Tintagel, after whose death she is adopted by King Neutres of Garlot. *Merlin* is the first known work linking Morgan to Igraine and mentioning her learning sorcery after having been sent away for an education. The reader is told that Morgan was given her moniker 'la fée' (the fairy) due to her great knowledge. A 14th-century massive prequel to the Arthurian legend, *Perceforest*, also implies that Arthur's sister was later named after its *fée* character Morgane from several centuries earlier.

In a popular tradition from later evolution of this narrative, Morgan is the youngest of the daughters of Igraine and Gorlois, the Duke of Cornwall. In the poem's prose version and its continuations, she has at least two elder sisters (various manuscripts list up to five daughters and some do not mention Morgan being a bastard child): Elaine of Garlot and the Queen of Orkney sometimes known as Morgause, the latter of whom is the mother of Arthur's knights Gawain, Agravain, Gaheris and Gareth by King Lot, and the traitor Mordred by Arthur (in some romances the wife of King Lot is called Morcades, a name that R. S. Loomis argued was another name of Morgan). At a young age, Morgan is sent to a convent after Arthur's father Uther Pendragon, aided by the half-demon Merlin, kills Gorlois and rapes and marries her mother, who later gives him a son, Arthur (which makes him Morgan's younger half-brother). There, Morgan masters the seven arts and begins her study of magic, going on to specialise in *astronomie* (astronomy and astrology) and healing; the Prose *Merlin* describes her as "wonderfully adept" and "working hard all the time." The Vulgate *Suite du Merlin* narration describes Morgan's unmatched beauty and her various skills and qualities of character:

She was comely in body and features, she stood straight and was wonderfully pleasant and a good singer. She was the best worker with her hands that anyone knew about in any land, and she was the cleverest of all. And she had the fairest head of any suited for a woman, and the most beautiful hands, and her skin was softer than millet. But she was the most lustful woman in all Great Britain and the lewdest. And as long as she was in her right mind, she was more courteous than any, but when she was angry with anyone, there was no need in trying to reconcile them.

Uther (or Arthur himself in the Post-Vulgate) betroths her to his ally, King Urien of Gor(r)e (described as an Otherworldly northern British kingdom, possibly the historical Rheged). Now a queen but unhappy with her husband, Morgan serves as a lady-in-waiting for the high queen, Arthur's newly married young wife Guinevere. At first, Morgan and the also young Guinevere are close friends, even wearing shared near-identical rings. However, everything changes when Morgan is caught in an affair with her lover Guiomar (derived from Chrétien's Guigomar) by Guinevere, who intervenes to break their relationship to prevent the loss of honour (and possibly because of Guinevere's perception of Morgan, with her kinship and close relationship with Arthur, as a rival in political power). This incident, introduced in the Prose *Merlin* and expanded in the Vulgate *Lancelot* and the Post-Vulgate *Suite du Merlin* (the Huth *Merlin* ), begins a lifelong feud between Guinevere and Morgan, who leaves the court of Camelot with all her wealth to seek out Merlin and greater powers. The pregnant Morgan later gives a birth to Guiomar's son, who is not named in the story but is said to grow up to become a great knight. Morgan then either undertakes or continues her studies of dark magic under Merlin, enamored for her, the details of which vary widely depending on the telling. In the Prose *Merlin*, for instance, it is Morgan who finds Merlin, whom she "loves passionately". In the *Livre d'Artus*, where Morgan's first lover is named Bertolais, it is rather Merlin who goes to live with Morgan and her two ladies for a long time following the betrayal of him by Niniane (the Lady of the Lake) with her other lover, just as Morgan wished for him to do. In the Post-Vulgate *Suite*, Morgan had been tutored by Merlin even before her relationship with Guiomar, and later she returns to learn more. They first meet at Lot's funeral; after he teaches her so much she becomes "the wisest woman in the world", Morgan scorns and drives Merlin away by threatening to torture and kill him if he would not leave her alone, which causes him great sorrow out of his "foolish love" ( *fol amor* ) for her. In the Vulgate *Lancelot*, Morgan learns all her magic only from Merlin (and not in the nunnery). She then takes an unnamed knight as her new companion, until she discovers his affair with another woman, which leads to the creation of her magical domain known as the Val sans

Retour (the Vale of No Return), serving as an enchanted prison for false lovers. In any case, having finished her studies under Merlin, Morgan begins scheming her vengeance as she tries to undermine virtue and achieve Guinevere's downfall whenever she can.

In the Post-Vulgate, where Morgan's explicitly evil nature is stated and accented, she also works to destroy Arthur's rule and end his life, but the reasons for her initial hatred of him are never fully explained other than just an extreme antipathy towards the perfect goodness which he symbolises. The most famous and important of these machinations is introduced in the Post-Vulgate *Suite*, where she arranges for her devoted lover Accolon to obtain the enchanted sword Excalibur as well as its protective scabbard, which has been previously confided to Morgan by Arthur himself as he had trusted her even more than his wife, replacing the real ones with fakes. In a conspiracy with the villainous lord Damas, Morgan plans for Accolon to use Arthur's own magic items against him in single combat, so she and her beloved Accolon would become the rulers. As part of her convoluted plan, both Arthur and Accolon are spirited away from their hunt with Urien by a magical boat of twelve damsels. Confident of her coming victory, Morgan also attempts to murder her sleeping husband Urien with his own sword, but in this act she is stopped by their son Yvain (Uwayne), who pardons her when she protests she has been under the devil's power and promises to abandon her wicked ways. After Arthur nevertheless mortally defeats Accolon in a duel arranged by Morgan, her former mentor Merlin, still having feelings for her, saves her from Arthur's wrath by enabling her to escape. To avenge Accolon's death, which caused her great sorrow, Morgan again steals the scabbard from the sleeping king. Pursued by Arthur for her betrayal, Morgan throws the scabbard into a lake, before temporarily turning herself and her entourage to stone, the sight of which makes Arthur think they have been already punished by God. That action of Morgan ultimately causes the death of Arthur, who would otherwise be protected by the scabbard's magic in his final battle. On her way out, Morgan saves Arthur's knight named Manassen (Manessen, Manasses) from certain death and enables him to kill his captor when she learns Accolon was Manessen's cousin. Now banished from Camelot, Morgan retires to her lands in Gore and then to her castle near the stronghold of Tauroc (possibly in North Wales). However, her treacherous attempts to bring about

Arthur's demise in the *Suite* are repeatedly frustrated by the king's new sorceress advisor Ninianne (the Lady of the Lake). Such is the case when Morgan sends Arthur a supposed offering of peace in the form of a rich mantle cloak; Morgan's messenger maiden is made put on the cursed gift and it burns her to cinders. It is possible that this motif was inspired by classical stories like that how Medea killed her rival for Jason's affection or how Deianira sent a poisoned tunic to Hercules. In one of her castles, Tugan in Garlot, Morgan has hidden a magic book given to her by Merlin, which actually prophesied the deaths of Arthur and Gawain and who would kill them, but no one can read this passage without dying instantly.[

Morgan also uses her skills in dealing with various of Arthur's Knights of the Round Table, especially the greatest of them all, Lancelot, whom she alternately tries to seduce and to expose as Guinevere's adulterous lover. Her magic aside, Lancelot is always disempowered in his dealings with Morgan as he could never hurt a woman or fight a kin of his king, which allows the writers to make her a perfect foil for Lancelot as "the woman he most feared in the world." Morgan is emphasised as promiscuous, even more than her sister Morgause, as she is "so lustful and wanton that a looser [noble]woman could not have been found." Her many paramours include Huneson the Bald (Hemison, Onesun), who is mortally wounded when he attacks Tristan out of his jealously for Morgan's attention; he soon dies after returning to her, and the anguished Morgan buries him in a grand tomb. In one variation, she then takes possession of the lance that was used to kill Huneson, enchants it, and sends it to King Mark of Cornwall, her possible lover, who years later uses it to slay Tristan. In the Prose *Tristan*, wherein Morgan presents herself as Arthur's full sister, she delivers by Lamorak to Arthur's court a magical drinking horn from which no unfaithful lady can drink without spilling, hoping to disgrace Guinevere by revealing her infidelity, but it is Iseult whose adultery is disclosed instead. Lancelot is Morgan's prime object of sexual desire but he consistently refuses her obsessive advances due to his great love of Guinevere, even as Morgan repeatedly courts, drugs, enchants or imprisons the knight. Their one-sided relationship (as well as interactions between her and Arthur) may evoke that of the goddess Morrígan and the Celtic hero Cú Chulainn. One of such occasions has Lancelot captured in Cart Castle (Charyot) by Morgan and two other lascivious enchantresses, Queen Sebile (Sedile) and the unnamed Queen of Sorestan, each of whom wants to make him her lover, but he refuses to choose and escapes with the help of one of their maidservants, Rocedon. The three enchantresses "knew so much about magic, they enjoyed one another's company and always rode together and ate and drank together." Sebile and Morgan are particularly close companions, working their magic together, but they tend to fall into petty squabbles due to their rivalries and bad tempers, including a conflict between them when they both seduce Lancelot's brother Hector de Maris in the late 13th-century *Prophéties de Merlin* . Their friendship is further tested when a quarrel over a handsome widower named Berengier (captured by Sebile after Morgan kidnapped his child) ends in a violent attack by Sebile that leaves Morgan half-dead; Morgan swears revenge, but their relationship is later restored. After Merlin's entombment by the Lady of the Lake, Morgan and her three enchantresses also try to find and rescue him but they fail in that task. Morgan's other allies in the *Prophéties* include the opponents of chivalry such as Mark and Claudas, and she enlists the help of the latter in her failed attempt to eliminate the Lady of the Lake. In one of her schemes, she even sends Lucifer himself (in the guise of a dragon) against Segurant the Brown (Segurant le Brun).

Besides Lancelot, Morgan's fancied good knights include Tristan, but her interest in him turns into burning hatred of him and his true love Isolde after he kills her lover as introduced in the Prose *Tristan* (Morgan does not become their enemy in the Italian versions). Another is the rescued-but-abducted young Alexander the Orphan (Alisaunder le Orphelin), a cousin of Tristan and Mark's enemy from a later addition in the Prose *Tristan* as well as the *Prophéties de Merlin*, whom she promises to heal but he vows to castrate himself rather than to pleasure her. Nevertheless, Alexander promises to defend her castle of Fair Guard ( *Belle Garde* ), where he has been held, for a year and a day, and then dutifully continues to guard it even after the castle gets burned down; this eventually leads to his death. In the Val sans Retour, Lancelot frees the 250 unfaithful knights entrapped by Morgan, including Morgan's own son Yvain and her former lover Guiomar whom she has turned to stone for his infidelity. (Of note, Guiomar, appearing there as Gaimar, is also Guinevere's early lover instead of her cousin in the German version

*Lancelot und Ginevra* .) Morgan then captures Lancelot himself under her spell using a magic ring and keeps him prisoner in the hope Guinevere would then go mad or die of sorrow. She also otherwise torments Guinevere, causing her great distress and making her miserable until the Lady of the Lake gives her a ring that protects her from Morgan's power. On one occasion, she lets the captive Lancelot go to rescue Gawain when he promises to come back (but also keeping him the company of "the most beautiful of her maidens" to do "whatever she could to entice him"), and he keeps his word and does return; she eventually releases him altogether after over a year, when his health falters and he is near death. It is said that Morgan concentrates on witchcraft to such degree that she goes to live in seclusion in the exile of far-away forests. She learns more spells than any other woman, gains an ability to transform herself into any animal, and people begin to call her Morgan the Goddess ( *Morgain-la-déesse*, *Morgue la dieuesse* ). In the Post-Vulgate version of *Queste del Saint Graal*, Lancelot has a vision of Hell where Morgan still will be able to control demons even in afterlife as they torture Guinevere. Later, after she hosts her nephews Gawain, Mordred and Gaheriet to heal them, Mordred spots the images of Lancelot's passionate love for Guinevere that Lancelot painted on her castle's walls while he was imprisoned there; Morgan shows them to Gawain and his brothers, encouraging them to take action in the name of loyalty to their king, but they do not do this. With same intent, when Tristan was to be Morgan's champion at a jousting tournament, she also gives him an enchanted shield depicting Arthur, Guinevere and Lancelot to deliver to Camelot (in the Prose *Tristan* ).

In the Vulgate *La Mort le Roi Artu* ( *The Death of King Arthur*, also known as just the *Mort Artu* ), Morgan ceases troubling Arthur and vanishes for a long time, and Arthur assumes her to be dead. But one day, he wanders into Morgan's remote castle while on a hunting trip, and they meet and instantly reconcile with each other. Morgan welcomes him warmly and the king, overjoyed with their reunion, allows her to return to Camelot, but she refuses and declares her plan to move to the Isle of Avalon, "where the women live who know all the world's magic," to live there with other sorceresses. However, disaster strikes when the sight of Lancelot's frescoes and Morgan's confession finally convinces Arthur about the truth to the rumours of the two's secret love affair (about which he has been already warned by his nephew Agravain). This leads to a great conflict between Arthur and Lancelot, which brings down the fellowship of the Round Table. The goddess Fortune, who appears to Arthur to foretell his death towards the end the Vulgate Cycle, is regarded by some as a double for Morgan. In the *Mort Artu*, Morgan is among the black-hooded ladies who take the dying Arthur to his final rest and possible revival in Avalon. Depending on the manuscript, she is either the leading lady (usually, being recognised by Girflet as the one holding Arthur's hand as he enters the boat), a subordinate to another who is unnamed, or neither of them are superior. The latter part of the Post-Vulgate versions of *Queste* and *Mort* both revert to Morgan's friendly and helpful attitude toward Arthur from the Vulgate Cycle, even as she makes no mention of Avalon or her intentions when taking him away. Arthur steps into her boat after Camlann but assures he is not going to return. His supposed grave is later said to be found mysteriously empty but for his helmet. (The Spanish poem *La Faula* has Morgan explain that by saying the tomb's purpose was to prevent a search for Arthur.)

## Malory and other medieval English authors

Middle English writer Thomas Malory follows the portrayals of Morgan from the Old French prose cycles in his late-15th-century seminal work of the selective compilation book *Le Morte d'Arthur* ( *The Death of Arthur* ), though he reduces her in role and detail of characterisation, in particular either removing or limiting her traditions of healing and prophecy, and making her more consistently and inherently evil just as he makes Merlin more good. He also diminishes Morgan's conflict with Guinevere, as there is no motif of Guiomar and Accolon is her first named lover (appearing as Accolon of Gaul in a much abbreviated version of his story), but does not clarify Morgan's motivations for her antagonistic behaviour against Arthur. Malory scholar Elizabeth Sklar described Morgan's character here as "an essentially sociopathic personality, respecting no boundaries and acknowledging no rules save those dictated by her own ambitions, envy, and lust." Up until the war between Arthur and Lancelot and the rebellion of Mordred, it is Morgan who remains the main and constant source of direct and indirect threat to the realm. According to Corinne Saunders, Malory's "Morgan is also characterized as following the pattern of the otherworldly ruler who wishes both to destroy and to possess bodies" of knights through sex and manipulation. As noted by Mary Lynn Saul: "Curiously, in spite of all her powers, Morgan is rarely successful in any of her plots. Nevertheless, she remains a medieval symbol of the potential danger of uncontrolled female power. "Some modern researchers attribute Malory's "personal misogyny" to his portrayal of Morgan as well as women in general.

In Malory's backstory, Morgan has studied astrology as well as *nigremancie* (which might actually mean black magic in general rather than "necromancy") in the nunnery where she was raised, before being married to Urien (Uriens) as a young teenager; in this narrative she did not study with Merlin. Unlike Malory's Nimue, Morgan deals mostly in "black" rather than "white" magic, employed usually through enchantments and potions. Her powers, however, seem to be inspired by fairy magic of Celtic folklore rather than by medieval Christian demonology. Malory mentions Arthur's attempts to conquer at least one of her castles, which originally had been his own gift to her, and which he could not retake (apparently due to magical defences). She also plots an elaborate ambush in "The Book of Sir Tristram de Lyons", after learning of the death of one of her favourites in a tournament, but Tristan ends up killing or routing thirty of her knights when the ambush ends in a disaster. Morgan is widely feared and hated, so much that "many knights wished her burnt." She is now the leader of the four (not three) witch queens who capture Lancelot (the others being the Queen of the Northgales, the Queen of Eastland, and the Queen of the Outer Isles). In an episode that had been first introduced by the anonymous writer of the earlier Prose *Lancelot*, Lancelot rescues Elaine of Corbenic from being trapped in an enchanted boiling bath by Morgan and the Queen of the Northgales, both envious of Elaine's great beauty (echoing Circe's treatment of Scylla). However, despite all of their prior hostility towards each other and her numerous designs directed against Arthur personally (and his own promise to get a terrible revenge on her as long as he lives), Malory's Morgan is still redeemed and is one of the four grieving enchantress queens (the others being Nimue, marking the end of conflict between her and Morgan, and two of Morgan's allies, the Queen of the Northgales and the Queen of the Wasteland) who arrive in a black boat to transport the wounded king to Avalon in the end. Unlike in the French and earlier stories on which *Le Morte d'Arthur* is based, and where Morgan and Arthur would either have first made peace or have just never fought to begin with, here her change of attitude towards him is sudden and unexplained. Arthur is last seen in Morgan's lap, with her lament of sorrow referring to him as her "dear brother" ( *dere brothir* ), as they disappear from the work's narrative together. And, also as in the Vulgate *Mort Artu* (and the English poem Alliterative *Morte Arthure* ), Morgan also appears as Lady Fortune with the Wheel of Fortune to warn Arthur prior to his fatal final battle.

Morgan also appears in some other English texts, such as the early-13th-century Anglo-Norman *Roman de Waldef* where she is only "name-dropped" as a minor character. Middle English romance *Arthour and Merlin*, written around 1270, casts a villainous Morgan in the role of the Lady of the Lake and gives her a brother named Morganor as an illegitimate son of King Urien; her wondrous castle Palaus is built mostly of crystal and glass. Conversely, a 14th-century Middle English version of the Vulgate *Mort Artu* known as the Stanzaic *Morte Arthur* makes Morgan an unquestionably good sister of Arthur, concerned only about his honour in regard to the affair of Lancelot and Guinevere. Entering her boat (she is not named in the scene, but addresses him as her brother), Arthur believes he is going to be healed, yet his tomb is later discovered by Bedivere.

At the end of the 14th-century Middle English romance *Sir Gawain and the Green Knight*, one of the best-known Arthurian tales, it is revealed that the entire Green Knight plot has been instigated by Gawain's aunt, the goddess Morgan le Fay ( *Morgue la Faye*, *Morgne þe goddes* ), whose prior mentorship by Merlin is mentioned. Here, she is an ambiguous trickster who takes an appearance of an elderly woman (contrasting from the beautiful Lady Bertilak in a role evoking the loathly lady tradition), as a test for Arthur and his knights and to frighten Guinevere to death. Morgan's importance to this particular narrative has been disputed and called a *deus ex machina* and simply an artistic device to further connect Gawain's episode to the Arthurian legend, but some regard her as a central character and the driving force of the plot. Opinions are also divided regarding Morgan's intentions and whether she succeeds or fails, and how the story's shapeshifting and enigmatic Morgan might be, or might be not, also Lady Bertilak herself.

## Other later appearances

Morgan further turns up throughout the Western European literature of the High and Late Middle Ages in a variety of roles, generally in works related to the cycles of Arthur (the Matter of Britain) or Charlemagne (the Matter of France). They often feature Morgan as a lover and benefactor (and sometimes opponent, especially when being turned down) of various heroes, sometimes also introducing her additional offspring or alternate siblings, or connecting her closer with the figure of the Lady of the Lake. For instance, the Old French anonymous *Li Romans de Claris et Laris* better known as just *Claris and Laris* (c. 1270), has its Morgane la Faye (Morgana in the modern English translation) as a fully supernatural being, a former sister of Arthur as well as a former pupil of the Lady of Lake, Viviane (Viviana). Still ever lascivious and sexual, Morgan now lives in a splendid enchanted castle in the wilderness (identified as Brocéliande in a later manuscript) with twelve other beautiful fairy ladies including the sorceress Madoine (Madoina). There, they lure and ensnare many hundreds of young and attractive knights, who then spend the rest of their lives in the palace. Morgan is named **Dioneta** in the 14th-century Welsh text known as *The Birth of Arthur*, where she is a sister of both Gwyar (Morgause) and Gwalchmei (Gawain), as well as of the other sisters Gracia and Graeria, and is sent off by Uther to Avallach (Avalon). In Thomas III of Saluzzo's *Le Chevalier Errant*, la fée Morgane holds the eponymous Wandering Knight captive inside a magnificent castle in her forest land Païenie ("Pagania"), but after her brother Arthur sends messengers she agrees to lift her enchantment and let him go. The fairy queen Lady Morgan ( *Dame Morgue*, *Morgue li fee* ) shows up in Adam de la Halle's late-13th-century French story *Jeu de la feuillée*, in which she visits a contemporary Arras. Spanish public edicts dating from the end of the 14th and the beginning of the 15th century tell of the belief in Morgane continuing to enchant and imprison people at Tintagel and in "the Valley of False Trickery".

In the legends of Charlemagne, she is associated with the Danish legendary hero Ogier the Dane: following his initial epics, when he is 100 years old, the fairy queen Morgan restores him to his youthful form but removes his memory, then takes him to her mystical island palace in Avalon (where Arthur and Gawain are also still alive) to be her lover for 200 years. She later protects him during his adventures in the mortal world as he defends France from Muslim invasion, before his eventual return to Avalon. In some accounts, Ogier begets her two sons, including Marlyn (Meurvin); in the 14th-century *Ly Myreur des Histors* by the French-Belgian author Jean d'Outremeuse, one of their sons is a giant and they live in a palace made of jewels. In the 13th-century *chanson de geste* of Huon of Bordeaux, she is a protector of the eponymous hero and the mother of the fairy king Oberon by none other than Julius Caesar. In *Ogier le Danois,* Morgan ( *Morgue la Fée* ) lives in her palace in Avalon together with Arthur and Oberon, who both seem to be her brothers. In another *chanson de geste*, the early-13th-century *La Bataille Loquifer*, the fays Morgan and her sister Marsion (Marrion) bring the Saracen hero Renoart to Avalon, where Arthur is the king, and Renoart's union with Morgan gives him an illegitimate son named Corbon (Corbans). When Renoart jilts her and escapes, Morgan sends her demonic monster servant Kapalu (derived from the Welsh legends' Cath Palug) after him; the shipwrecked Renoart ends up luckily rescued by a mermaid.

The island of Avalon is often described as an otherworldly place ruled by Morgan in other later texts from all over Western Europe, especially these written in Iberia. In the 14th-century French Crusadic fantasy *Le Bâtard de Bouillon*, the island kingdom of Arthur and his fairy sister Morgan the Beautiful is hidden by a cloud in the Red Sea, where it is visited by King Bauduins (Baldwin II of Jerusalem). In his 14th-century Catalan poem *La faula*, Guillem de Torroella claims to have himself having visited the Enchanted Isle and met Arthur who has been brought back to life by the fay Morgan ( *Morgan la feya*, *Morguan la fea* ) and they both are now forever young due to the power of the Holy Grail. In the 15th-century Valencian romance *Tirant lo Blanc*, the noble Queen Morgan searches the world for her missing brother; finally finding him entranced in Constantinople, Morgan brings Arthur back to his senses by removing Excalibur from his hands, after which they leave to Avalon. The Castilian *Arderique* begins where the *Mort Artu* ends, that is with the departure and disappearance of Arthur and his sister Morgaina, described there as a fairy and a necromancer, after the battle with Mordred ( *Mordered* ). Francisco de Enciso Zárate's *Florambel de Lucea* (1532) features a later appearance of Arthur together with his sister Morgaina, "better known as Morgana the fairy" ( *fada Morgana* ), who explains how she saved her brother and gifts Excalibur ( *Escaliber* ) to the eponymous hero Florambel. In *Tristán de Leonis*, Morgana offers her love to Tristan. In the story *La fada Morgana*, the protagonist Joana ends up marrying the fairy queen Morgana's son named Beuteusell after passing his mother's test with his help.

The 14th-century Italian romance titled *La Pulzella Gaia* ( *The Merry Maiden* ) features the titular beautiful young daughter of Morgana (Italian version of Morgan's name, here too also a sister of the Lady of the Lake) with Hemison. In her own tale, Morgana's daughter defeats Gawain (Galvano) in her giant serpent form before becoming his lover; she and her fairy army then save Gawain from the jealous Guinevere, who wants Gawain dead after having been spurned by him. She then herself is imprisoned in a magical torment in her mother's glass-and-diamond magical castle Pela-Orso, because of how Morgana wanted to force her to marry Tristan. Eventually, Gawain storms the castle after three years of siege and frees her from a cursed dungeon, also capturing her tyrannical mother for the same punishment. The 15th-century Italian manuscript *La Tavola Ritonda* ( *The Round Table* ) too makes Morgan a sister to the Lady of the Lake as well as to Arthur. It is based on the French prose romances, but here Morgan is a prophetic figure whose main role is to ensure the fulfilment of fate. Her daughter also appears, as Gaia Donzella, in the *Tavola Ritonda*, where she is kidnapped by the knight Burletta of the Desert ( *Burletta della Diserta* ) who wants to rape her but she is rescued by Lancelot. The Italian Morgana appears in a number of *cantari* poems of the 14th to 15th century. Some of these are original new episodes, such as the *Cantari di Tristano* group's *Cantare di Astore e Morgana*, in which Morgana heals Hector de Maris (Astore) and gives an armour made in Hell as well as a magical ship, and the *Cantari del Falso Scudo* that features her fairy son, the Knight with the Enchanted Shield; the *Ponzela Gaia* is another telling of the familiar story of Morgana's fairy daughter. Evangelista Fossa combined and retold some of them in his *Innamoramento di Galvano* ( *Gawain Falling in Love*, c. 1494).

Morgan le Fay, or **Fata Morgana** in Italian, has been in particular associated with Sicily as a location of her enchanted realm in the mythological landscape of medieval Europe (at least since the Norman conquest of southern Italy), and local folklore describes her as living in a magical castle located at or floating over Mount Etna. As such she gave her name to the form of mirage common off the shores of Sicily, the Fata Morgana, since the 14th century. References linking Avalon to Sicily can be found in *Otia Imperialia* (c. 1211) and *La faula*, as well as in Breton and Provençal literature, for example in the aforementioned *Jaufre* and *La Bataille Loquifer* . The 13th-century Chrétien-inspired romance *Floriant et Florete* places Morgan's secret mountain castle of Mongibel (Montgibel or Montegibel, derived from the Arabic name for Etna), where, in the role of a fairy godmother, Morgan (Morgane) and two other fays spirit away and raises Floriant, a son of a murdered Sicilian king and the hero of the story. Floriant, with the help of her magic ship, eventually reunites with Morgan at her castle when he returns there with his wife Florete. The 15th-century French romance *La Chevalier du Papegau* ( *The Knight of the Parrot* ) gives Morgaine the Fairy of Montgibel ( *Morgaine, la fée de Montgibel*, as she is also known in *Floriant et Florete* ) a sister known as the Lady Without Pride ( *la Dame sans Orgueil* ), whom Arthur saves from the evil Knight of the Wasteland (similar to the story in the *Tavola Ritonda* ). Meanwhile, the *Fastnachtspiel* ( *Ain Hupsches Vasnacht Spill von Künig Artus* ), a German retelling of the enchanted horn episode, moved Morgan's Mediterranean Sea island domain to the east of Sicily, referring to her only as the Queen of Cyprus.

During the Italian Renaissance, Morgan has been primarily featured in relation to the cycle of epic poems of Orlando (based on Roland of the historical Charlemagne). In Matteo Maria Boiardo's late-15th-century *Orlando Innamorato*, fata Morgana (initially as lady Fortune) is beautiful but wicked fairy enchantress, a sister of King Arthur and a pupil of Merlin. Morgana lives in her paradise-like garden in a crystal cavern under a lake, plotting to eventually destroy the entire world. There, she abducts her favourites until she is thwarted by Orlando who defeats, chases and captures Morgana, destroying her underwater prison and letting her keep only one of her forced lovers, a knight named Ziliante. In Ludovico Ariosto's continuation of this tale, *Orlando Furioso* (1532), Morgana (also identified as Morgan Le Fay) is revealed as a twin sister of two other sorceresses, the good Logistilla and the evil Alcina; the latter appears after Orlando again defeats Morgana, rescuing Ziliante who has been turned into a dragon, and forces Morgana to swear by her lord Demogorgon to abandon her plots. It also features the medieval motif where uses a magic horn to convince Arthur of the infidelity of his queen (Geneura), here successfully. Bernardo Tasso's *L'Amadigi* (1560) further introduces Morgana's three daughters: Carvilia, Morganetta, and Nivetta, themselves temptresses of knights.

Morgan's other 16th-century appearances include these of Morgue la fée in François Rabelais' French satirical fantasy novel *Les grandes chroniques du grand et énorme géant Gargantua et il publie Pantagruel* (1532) and of the good Morgana in Erasmo di Valvasone's Italian didactic poem *La caccia* (1591). In Edmund Spenser's English epic poem *The Faerie Queene* (1590), Argante (Layamon's name for Morgan) is lustful giantess queen of the "secret Ile", evoking the Post-Vulgate story of Morgan's kidnapping of Sir Alexander. It also features three other counterpart characters: Acrasia, Duessa, and Malecasta, all representing different themes from Malory's description of Morgan. Morgan might have also inspired the characters of the healer Loosepaine and the fay Oriande in the Scots poem *Greysteil* (possibly originally written in 15th-century England).

When Brittney was done everyone was shocked.

Nico: Whoa! I had no idea Morgan Le Fay was so powerful.

Brittney: She wasn't just that Nico. She was the most powerful evil Sorceress that ever lived.

Eli: Whoa!

Laney: I've read so much about the ancient Arthurian legend and it's one of the most incredibly fascinating series of stories ever.

Harry Potter: (British Accent) And Merlin and Morgan Le Fay are known as the very wizards that started Hogwarts.

Nico: They sure are. But they lived over 1,500 years ago during the European Dark Ages.

Kai Green: That is a long time ago.

Lola: Yeah it sure is.

Kairi: But it's all incredible.

Shaggy: Like yeah. Brittney didn't you learn all about Morgan Le Fay's magic?

Brittney: I sure did. She is the reason why I learned all about dark magic and all of magic in general.

Lucy Loud: That's neat.

Persephone: It sure is.

Suddenly, storm clouds rolled in and then out of a vortex came THE GHOST OF MORGAN LE FAY!

Brittney: Oh man! It's Morgan Le Fay!

Ghost of Morgan Le Fay: That's right and I have come to make Sir Norville Suffer!

Brittney: Not if I have anything to say about it!

?: That woman is an imposter!

Out of a portal came MORGAN LE FAY! The one that the Justice League faced and helped out.

**Morgaine Le Fey** is a powerful sorceress and a supervillainess in *DC Comics* . She is based on Morgan le Fay, the legendary witch of Arthurian legend. She is the archenemy of Etrigan the Demon. She serves as the main antagonist of the 2008 series Trinity and for most of Etrigan's series.

Morgaine le Fey is the ancient and diabolical sorceress of Arthurian legends. Her history is slightly different from the legends but she is a sorceress gifted in the arts of black magic. In Madame Xanadu #1 (2008), Morgaine (or "Morgana") is revealed as a sister of Nimue Inwudu (the future Madame Xanadu) and Vivienne, the Lady of the Lake. All three women are said to be descended from the "Elder Folk," survivors of the fall of Atlantis that evolved into the Homo Magi, explaining Morgaine's affinity for magic. However, while Nimue is shown as kind and caring about the early, magic-free Homo Sapiens, Morgaine exhibits a mean streak, treating the new human breed as little more than playthings, using contempt even towards her kinder little sister.

After several centuries of manipulating humans and taking many lovers (including Julius Caesar), Morgaine sets her sights on Uther Pendragon, High King of Britain. However, her advances are rejected, as Uther only has eyes for Igraine, the wife of Duke Gorlois of Cornwall. Seeking to meddle in their lives, Morgaine assumes a magical glamour and disguises herself as one of Igraine's daughters. However, this causes her to be exiled from the Elder Folk. Her sister Vivienne gives her shelter on the isle of Avalon (Madame Xanadu #20).

In the early 6th century, Morgaine trains her foster sisters Morgause and Elaine to be adept with sorcery like her. Following Gorlois' death at Uther's hands, Morgaine blames her foster brother King Arthur (Uther's son) for stealing her and her sisters' birthright. She conspires against him throughout his time on the throne and seeks the destruction of Camelot (Trinity #21).

In the waning days of Camelot, Merlin merges his demon familiar Etrigan with a man, Jason Blood, as part of a last-ditch effort to defend the kingdom against Morgaine le Fey's assault. Blood had been an ally of le Fey and is bonded to the Demon as penance. He and Morgaine become enemies henceforth. Following the fall of Camelot, Morgaine continues to practice her dark arts and retains her youth for many centuries, always seeking more power and a new kingdom to rule. By the 20th century, Merlin has arisen anew and tricks Morgaine, causing her to lose her youth and beauty which she had preserved using her magics. She wishes to replenish her youth with Merlin's secrets. She forces Jason Blood to become the Demon again and to lead her to Merlin's tomb. The Demon eventually strives to keep Morgaine le Fey from restoring her youth with the powers of Merlin.

In Batman Family #17, the Huntress' use of the Justice League transporter frees Morgaine le Fey (who captures the Philosopher's Stone). Le Fey seeks a baby with latent demon powers in the maternity ward where Man-Bat's wife is giving birth. Several women give birth to demon-babies as a result. The Demon also appears and together he and Man-Bat defeat le Fey (This story takes place in pre-Crisis on Infinite Earths continuity.).

Also in pre-Crisis continuity, Morgaine's daughter Morgana is one of Wonder Woman's foes, a mischievous young witch. In the post-Crisis timeline, this character is no longer referenced and Morgaine herself has gone on to become an enemy of Wonder Woman.

Morgaine later attempts to steal Wonder Woman's eternal youth, not realizing that Wonder Woman has already given it up. Her spell backfires and she disintegrates into dust. She retains enough magic for a resurrection however and returns to battle the Demon and Wonder Woman on many occasions.

Morgaine returns in the series Trinity, teaming up with a mysterious man called Enigma and the alien warlord Despero to usurp the symbolic position of Superman, Batman, and Wonder Woman. The trio of villains succeed in creating an alternate timeline with their efforts. However, the spell is not entirely successful, as this "Despero" is in fact the alien villain Kanjar Ro in disguise, which disrupts Morgaine's enchantment.

While her bid for godhood is disrupted, she nonetheless acquires magical might to enslave the Earth by infusing an already powerful supervillain team with the might of the Major Arcana of the Tarot, giving them a measure of control over reality. As she is part of this Dark Arcana team, as the High Priestess, she has also this measure of control, allowing her to bring Europe and most of Minor Asia under her control, and ultimately lead the forces of good back to America for a final showdown of the powers of the Arcana.

This bid also fails, as the divinely-empowered Trinity of Batman, Superman and Wonder Woman return from their exile and destroy the Dark Arcana's reality-based powers, vanquishing Morgaine's control over Europe. Morgaine, during the part of the series where she enjoys the massive power boost, is portrayed as a power-drunk menace, scorching the Earth as she walks; her powers are used so recklessly and dangerously that even her Dreambound soldiers defect and join forces with the heroes in a plan to bring her down. Ultimately, she seeks the aid of Krona, first, to enslave, and later, to destroy the Earth, as she preferred to have it blasted to nothingness than allow it to remain outside of her control. However, even this alliance fails, as Morgaine had offered Krona the soul of Enigma's daughter, causing him to turn on her. Morgaine's is defeated, and she is imprisoned in a stone idol, which is placed in the custody of Jason Blood.

During the Brightest Day crossover, Mr. Terrific mentions that Morgaine is among the dozens of magical beings driven insane by the Starheart. According to him, Morgaine was spotted in New Mexico, where she was going on a rampage.

In Other Media In the *Justice League* animated series, Morgaine Le Fey (voiced by Olivia d'Abo) appears in the episode " *A Knight of Shadows* ", in which she tries to steal the Philosopher's Stone and use it to convert London into a massive castle with her son Mordred as the ruler by partially brainwashing the Martian Manhunter and having him steal the stone for her in exchange for restoring Mars to life. She was also seen exhibiting her abilities both as a sorceress and as a life-drainer, at both of which she is extremely proficient. In *Justice League Unlimited*, she reappears in the episode " *Kid Stuff* ", where she leads Mordred to the Amulet of First Magic, the source of all Earthly magic, which had power exceeding even Morgaine's. Betrayed by Mordred, who snatched the Amulet and used it to banish her and all adults on Earth to a parallel dimension, she brokered a deal with Batman, Superman, Wonder Woman, and Green Lantern, changing them into children so they could return to Earth and fight Mordred. When they tricked him into becoming an adult so he'd be banished, he arrived in the parallel dimension where Morgaine told him that he had made a grave error. When the spell was broken, Morgaine changed the heroes back to their proper ages and then proceeded to take care of her son, who was now old and weak, having broken the eternal youth spell his mother had cast on him centuries earlier. Morgaine le Fey appears in the *Batman: The Brave and the Bold* episode " *Day of the Dark Knight* " voiced by Tatyana Yassukovich. She uses her magic to take over Camelot and Etrigan resulting in Merlin gaining help from Batman and Green Arrow. When it came to the location of Excalibur, Morgaine took control of Batman and turned him into a Dark Knight to retrieve Excalibur for her. Merlin engages Morgaine le Fey while Green Arrow is sent to stop Batman from claiming Excalibur for Morgaine. Batman was eventually freed from the spell. With Etrigan also freed, Morgaine transformed into a dragon. When Batman was not able to budge, she attacked them and turned Merlin and Etrigan to stone. Green Arrow and Batman pulled Excalibur from the stone and combined their moves to defeat Morgaine le Fey. Additionally, she also appears in a non-speaking cameo in the teaser of the first part of the two part episode " *The Siege of Starro!* ", magically manipulating an entrapped Merlin, and later, she is stopped by Entrigan. Videogame Morgaine le Fey appears in the DS version of *Batman: The Brave and the Bold - The Videogame* . She teams up with the Clock King on Dinosaur Island and must be defeated by Batman and the Red Tornado. Powers and Abilities

Morgan le Fey is a sorceress skilled in the use of black magic. She has cast spells that are able to control even the strongest of supernatural beings. She was able to transport Wonder Woman to another dimension (The Nether Plane) and fight her for her Amazonian fighting skills. By using a device, she was able to magically view individuals from miles away.

She is immortal although she claims to have lost this ability. As shown in the Wonder Woman comic, she must "steal" immortality from other immortals in order to maintain her youth. After Merlin robs her of her youth and beauty, she wears a golden armor to shield her withered and ancient body. Morgaine also possesses a machine capable of binding beings and stealing their immortal life forces.

Brittney: What the! The REAL Morgan Le Fay!

Morgan Le Fay: That's right. And it's an honor to meet the Empress of Darkness.

Brittney: You have been my source of inspiration in mastering the forces of dark magic. But if you are the real Morgan Le Fay then who is that?

Ghost of Morgan Le Fay: (Laughs Evilly)

She opened a portal and went through it and it vanished.

Morgan Le Fay: She went back in time to the Medieval Era.

Nico: Then we got to go after her.

---

Condiment King: What's the challenge this time?

Me: We got word of a jewel thief that has been stealing billions of dollars in jewels all over Calcutta and we have to find the thief and stop it.

Zarya: Is it Sly Cooper?

Me: No Sly and his gang only goes after Criminals. There's no fun, honor and no challenge to him when it comes to stealing from ordinary people.

Zarya: Good point.

Larxene: This is gonna be interesting.

Me: it sure is. Nico told us all about your adventures in the Multiverse and how you all stopped Bertram. That was awesome!

Bonz: Yeah it sure was.

Duskmon: One of our best adventures ever.

Zarya: It sure was. We're very proud of all of you.

Larxene: Thanks guys.

Later Nico and team were in the land of Camelot back in 475 A.D.

Nico: Wow.

Skull Man: I can't believe we're actually in Camelot.

Nico: 1,500 years ago. This is gonna be so cool!

Varie: Yeah it is! And we're going after Morgan Le Fay.

Nico: This is gonna be one helluva journey.

Lola: Yeah but this will be a journey worthy of a princess!

Twilight Sparkle: It sure will!

Princess Celestia: I can't wait to see what is in store for us here in Camelot.

Nico: Me too. Lets head to the castle of King Arthur.

Eli: Right.

---

The Mobile Sky Fortress landed in Calcutta, India.

Me: Here we are guys. Welcome to Calcutta, India.

Xaldin: Wow.

Larxene: Maybe we should get something to eat before finding this thief.

Me: Good idea. We'll need all the energy we can.

We went to an Indian Restaurant and got some really good curry and chicken from Bollywood. I covered my chicken with Ghost Chili sauce.

Larxene: Wow! You are one spicy guy.

Xaldin: And you picked a great restaurant. The girls here are awesome. (Purrs)

---

Nico and the group were kneeling before the legendary and mighty King Arthur himself.

Leanbow: (bows) King Arthur. We are honored to be in your presence.

King Arthur: It is so good to see you again Team Loud Phoenix Storm.

Nico: It's good to see you too your majesty.

King Arthur: Where are J.D. and Zarya?

Nico: They are back in our time competing in a contest.

King Arthur: I see. I'm glad you all came. We need your help. Morgan Le Fay is causing trouble.

Nico: We saw. But the Morgan Le Fay you know in this time is not who you think.

The REAL Morgan Le Fay told him everything and they were shocked.

Nico: I know this is sudden that we have Morgan Le Fay with us but she has her reasons for helping us. She wants to get rid of the imposter that is impersonating her.

King Arthur: I understand my friend.

---

Bonz: (to Xaldin) I didn't know you had a habit for flirting, Xaldin.

Xaldin: What can I say. I am a babe magnet.

A lot of Indian Ladies were huddled around him and they were making him pur and smile.

Me: Ooh.

Zarya: He sure has a charm.

Me: Yeah he does.

---

Shaggy: Like, no way am I getting near Morgan Le Fay!

Scooby: Re reither!

Me: You guys are a couple of big fat chickens. (Shaggy and Scooby clucked like chickens) That's fine. No one is forcing you two to help us in this mystery.

Veon: But if you do help us, we'll give you two 12 boxes of Scooby Snacks.

Shaggy: Like oh boy!

Scooby Doo: Roh Boy!

Varie gave them the boxes.

Scrappy: Now lets get that witch so we can splat her!

Crystal: Like yeah!

Amber: Lets do it!

---

Later in India, we were searching for clues.

Mer Man: So.. any idea on who our mystery thief is?

Me: I did find this on the floor of one of the jewelry stands.

I pulled out a piece of light pink hair.

Me: I have a feeling I know who this hair belongs to.

Larxene: Me too. And it's not Fluttershy's hair.

Me: Nope. This hair strand belongs to Vignette Valencia.

* * *

Sword Man: (to King Arthur) Your majesty, before we make a plan, how about you and I practice swordfighting?

King Arthur: It will be my pleasure Sword Man.

He unsheathed the legendary and mighty sword Excalibur and they clashed.

Nico: Ooh awesome.

Varie: They sure have skills.

Kai Green: Everything we read is all true.

Morgan Le Fay: Was there ever any doubt?

Laney: None.

* * *

We got back to searching and then Cluemaster got a call.

Cluemaster: (answers call) Hello?

Nico: Cluemaster, it's Nico.

Cluemaster: Is there anything you need?

Nico: We're dealing with someone who think it's funny to impersonate Morgan Le Fay. Can you think of anyone who would want to do that?

Cluemaster: Hmm. Probably someone who wants people to believe in the legend of King Arthur and someone who knows about the legend of Morgan le Fay.

Nico: Hmm.

Cluemaster: Either that or it's someone who wants to exploit the legend of King Arthur for their own selfish deeds and I have a strong feeling it's either the librarian Ms. Wentworth or someone else.

Nico: I think it's Ms. Wentworth too. I had a feeling that something was up when we saw her.

Cluemaster: I have that feeling too.

Nico: Thanks.

Cluemaster: You're welcome. Are you facing the imposter?

Nico: We sure are. I'll put you on speaker.

---

Back in Camelot, Nico smashed down the Ghost of Morgan Le Fay!

Dominique: We should've known. You're not Morgan Le Fay!

Nico: No she's not!

Nico ripped off "Morgan Le Fay's" Mask and it was MS. WENTWORTH THE LIBRARIAN!

Mystery Inc. Gang: Ms. Wentworth!?

Nico: Just as I suspected.

Shaggy: But like, why?

Cluemaster: (on Speaker phone) To trick Shaggy into signing the deed to Norville de Morgana, in order to take ownership of the town and collect all the profits from the medieval attraction.

Nico: It was all for her own greed and selfishness.

Laney: Well now she is gonna be spending it behind bars when we get back to the 21st Century.

Ms. Wentworth: You'll have to fight me first! Along with some of your friends too!

She pulled off her glove and revealed that she had a dark orb imbedded in the back of her hand!

Nico: She has a Dark Orb on her hand.

She then summoned 19 figures and they were DEVIMON, ETEMON, METALSEADRAMON, PUPPETMON, MACHINEDRAMON, PIEDMON, HARPYMON and THE 12 DEVAS: MIHIRAMON, SANDIRAMON, SINDURAMON, PAJIRAMON, VAJRAMON, INDRAMON, KUMBHIRAMON, VIKARALAMON, MAKURAMON, MAJIRAMON, ANTYLAMON and CATURAMON!

Devimon

**Devimon**, known as **Darkmon** in Japanese version, is one of the main antagonists in the *Digimon* universe. He serves as the main antagonist for the first twelve episodes in the *Digimon Adventure* anime, and serves as the first main antagonist in the 2020 reboot of Digimon Adventure, as leader of the Dark Digimon. Devimon is also a minor antagonist in *Digimon Adventure 02* and *Digimon Fusion* . Devimon is a Champion Digimon, although a very powerful one, rivaled only by Angemon.

*Digimon Adventure 01*

Devimon discovered the Black Gears and implanted them in good Digimon to turn them evil. Victims included Meramon, Andromon, Monzaemon, Unimon, Frigimon, Mojyamon, Centarumon, Whamon, and Drimogemon. The most notable of his victims was Leomon; while Leomon and Ogremon were fighting, Devimon commanded them to work for him. It took little convincing to get Ogremon on his side; however, Leomon was a good Digimon so he refused to work for Devimon and attacked him, until Devimon used the Touch of Evil to brainwash Leomon, turning him evil.

As the Digidestined were inside the imaginary hotel (created by Devimon), Devimon prepares his henchmen to attack the Digidestined. Tai and Agumon were eventually cornered by Ogremon and the brainwashed Leomon, and also confronted by

Devimon. Devimon used his power to break File Island apart and scatter it all over the sea. The brainwashed Leomon attempts to take Tai out, but a Digivice fell and flashed at Leomon, managing to free him from Devimon's control. Devimon tries to send the Digidestined and their Digimon to their doom, but Leomon attacks Devimon, saving them from their deaths. While Leomon helps Tai and Agumon escape from Devimon, the demon brainwashes Leomon again. After fighting off several Digimon, most of them victims of the Black Gears, the Digidestined (minus Joe and Sora) fought Leomon at Primary Village, where Leomon was attacked by more Black Gears, making him bigger and stronger. But they drove all the evil out with their Digivices. Leomon told them that the only way to restore File Island to normal was to defeat Devimon.

Naturally, the Digidestined chose to attack him. Back at his secret Castle atop Infinity Mountain, Devimon absorbed Ogremon and all the Black Gears, transforming into a much bigger form. Although they were able to get some shots in, Devimon gained the advantage over all of them, using powers of pure evil. Leomon was sent flying far away by Ogremon, who kept on jumping out of Devimon's chest. Devimon eventually turned to TK, whose Digimon Patamon had not participated in the fight due to his inability to Digivolve.

It was said that the smallest Digidestined would destroy him, so Devimon tried to crush TK but Patamon jumped in front of him and was caught in Devimon's fist. However, it was at that moment that Patamon Digivolved into Angemon. In the classic angel vs devil battle, Angemon knocked Ogremon out of Devimon and put all his power into a Hand of Fate attack, which he used to destroy Devimon. As he was dying, he warns Angemon that more evil is everywhere and laughs one last time. Angemon was destroyed as well, but was reborn as a Digi-egg. The next time he became Angemon again was to fight the even more sinister Myotismon.

*Digimon Adventure 02*

When the Digimon Emperor extracts DNA from Digimon to make Kimeramon, he enters the Dark Whirlpool, where he finds the broken remains of Devimon (who is said to have created the Whirlpool) and absorbs him, ignoring his warning that he cannot control the power of darkness. The Dark Whirlpool is believed to be caused by Devimon. Devimon's voice continues to taunt the Digimon Emperor, and his influence causes Kimeramon to rebel against him, but he is once again destroyed when Magnamon obliterates Kimeramon.

The exact nature of his reappearance is unclear. It could be that, like Wizardmon and Myotismon, he became a ghost after his death and haunted the ocean, creating the whirlpool via the powers of darkness. It is also possible that the Dark Whirlpool leads to the Dark Area (Digimon hell), and Devimon somehow opened the portal from within (supported by the ghostly apparitions appearing in the whirlpool).

## Etemon

**Etemon** is the second main antagonist in *Digimon Adventure 01*, and also a minor villain in *Digimon Fusion* . He is an evil Digimon who is like an Elvis wannabe in an orange Super Monkey Suit, complete with sunglasses. Unlike the first major villain, Devimon, Etemon is an Ultimate Digimon, and also comical and more of a crime lord than a dark lord, which would be the next Ultimate Digimon, Myotismon. He is also the secondary arch-nemesis of the Digidestined.

### Etemon Arc

The DigiDestined encounter him on the continent of Server. Etemon is the master of the Dark Network, and many of his servants like Tyrannomon are connected to the dark cables. Etemon also has many Gazimon and Monochromon working for him. At one point, he makes a clone of Greymon and sends him after the DigiDestined, but the clone and most of Etemon's machinery are destroyed when the real Greymon digivolves into the evil SkullGreymon.

Etemon's base of operation is an inverted pyramid with an underground, right side up pyramid beneath it. In the upside down pyramid, Etemon and his Gazimon henchmen have surveillance room, observing all the action outside the pyramid. There are passages that lead to an electric fence that which is partcially a fake wall leading to the second pyramid. Underneath that is the center of Etemon's Dark Power Network, which anything suck in there is lost

forever.

He is enemies with another antagonist, Datamon. After the DigiDestined unwittingly release Datamon, he betrays them and tries to fight Etemon, but was defeated again and kidnaps Sora and Biyomon to make a clone of Sora. Tai was able to enter the pyramid and rescue Sora and Biyomon, but Datamon tries to stop Tai, but they immediately escape. Upset by the loss, Datamon deletes the clone, only for Etemon to arrive shortly to dismantle him. Datamon then detects the Dark Networks has absorbed as the floor vanishes. Etemon tries to escape, but Datamon grabs his leg to come with him. Datamon drops computer viruses into a pit leading to the core of the Dark Network, which goes haywire and growing out of control, increasing the negative energy it preserves by absorbing all of it in the Digital World, including from those who possess it. All of Etemon's servants are sucked into the pit and destroyed, and soon both Datamon and Etemon fall into the nexus of the Dark Network. Datamon disintegrates, but Etemon, who wields negative energy himself, fuses with the core of the Dark Network, and becomes more powerful. After the pyramids collapse, Etemon turns towards the DigiDestined and attacks them with dangerously-modified Dark Network orbs, which create wormholes in anything they touch. However, Greymon is able to Digivolve using the Tag and Crest, this time into MetalGreymon. Etemon tries to destroy MetalGreymon with a Dark Network attack, but smashes the orb with his Metal Claw. Summoning all of the power of the Crest, MetalGreymon defeats Etemon by blasting the Dark Network with his Giga Blaster, ripping open a wormhole and Etemon was banished into the black hole.

However, Etemon was not destroyed; the black hole spit him out and scattered his digital information across the universe. He later came back together and returned to the Digital World only after Digivolving to his Mega form, MetalEtemon. MetalEtemon then started to seek revenge on the Digidestined, but he only found Joe and Mimi. He and Puppetmon got into a fight while Joe, Gomamon, Mimi, Palmon, and Ogremon had time to escape. After he got tired to fighting Puppetmon, he continues to pursue the two remaining Digidestined while SaberLeomon gave them a ride. Leomon confronts MetalEtemon and Digivolved to SaberLeomon to fight him. Gomamon Digivolved to Zudomon to join the fight. Ogremon wants to fight MetalEtemon, but Mimi tries to stop him since he was in no shape to fight. MetalEtemon attacks Mimi, but SaberLeomon takes the blast, fatally wounding him. Zudomon was able to hit MetalEtemon's chest with his Vulcan Hammer attack since it was made of Chrome Digizoid, and SaberLeomon summoned the last of his strength to impale MetalEtemon with his claw, destroying him for good.

## MetalSeadramon

**MetalSeadramon** is the first of the Dark Masters that first attacked the Digidestined and a villain in *Digimon Adventure 01*, and is resurrected in *Digimon Adventure Tri* . He resembles Seadramon's Mega form, but his entire body is metal, hence the name.

MetalSeadramon first appears along with the other Dark Masters. MetalSeadramon is one of the first Dark Masters to attack the Digidestined and their Digimon in their Champion forms. MetalSeadramon later hired Scorpiomon to put the Digidestined and their Digimon to sleep (except Mimi, Joe, Palmon, and Gomamon) so he can burn them to a crisp. After Zudomon and Lillymon defeated Scorpiomon, MetalSeadramon decided to burn the Digidestined while they were sleeping, but Mimi, Joe, Lillymon, and Zudomon quickly woke the Digidestined and their Digimon partners up just in time before MetalSeadramon fried the hut. MetalSeadramon then gloated that he thought he toasted the Digidestined and their Digimon partners, but finds out that they're all gone as well as seeing a burning Scorpiomon running to the water . Enraged, MetalSeadramon turned on Scorpiomon and dropped him from a height, killing him.

MetalSeadramon then went in pursuit with the Digidestined and defeated Lillymon and Zudomon, leaving the Digidestined at their mercy. Whamon suddenly came to their rescue and headbutted MetalSeadramon, allowing Whamon and the Digidestined and their Digimon partners to escape. MetalSeadramon sent his other flunkies, the Divermon to find and attack the Digidestined and their Digimon (who are inside Whamon.) When they failed, MetalSeadramon decided to finish off the heroes and attempted to kill WarGreymon by crushing him with his jaws, but Whamon rescued WarGreymon by freeing him out of MetalSeadramon's mouth. Angrily, MetalSeadramon used his River Of Power attack and struck Whamon by the head, killing him. WarGreymon then quickly avenged Whamon's death and killed MetalSeadramon by tunneling through his body, putting an end to the first Dark Master.

## Puppetmon

**Puppetmon** (also known as **Pinocchimon** in the Japanese version) is the second of the Dark Masters that the Digidestined faced.

### *Digimon Adventure 01*

Puppetmon first appeared when he used the Digidestined as string puppets and attacks them with his Puppet Pummel attack. After MetalSeadramon was killed the DigiDestined go to Puppetmon's lair of Spiral Mountain which is a forest under the contol of Puppetmon's "toys". He lair is a mansion next to a forest.

He used voodoo dolls to let the Digidestined feel funny, and kidnapped T.K. to play a deadly hide and seek game (which had to be severely edited in the English dub, due to the original version involving guns and killing the other participant by shooting them), but T.K. tricked Puppetmon by tearing his map paper apart, destroying his remote, and destroying the television that looked like a camera.

Swearing revenge, Puppetmon summons three Garbagemon to attack the remaining Digidestined during Matt's absence. After Cherrymon tricks Matt and Gabumon into convincing to beat his rival, Tai, he meets up with his master. Just as the excited Puppetmon was going to watch Tai and Matt destroy each other, Cherrymon warns him that underestimating them could lead to a disaster, and to take them seriously. Puppetmon, on the other hand, feels like Cherrymon is letting him down and murders his minion out of anger, ignoring his warning.

While Joe and Mimi were taking care of Ogremon, Puppetmon showed up and Gomamon then Digivolved into his Ultimate form, Zudomon to fight Puppetmon, but he quickly defeated Zudomon.

Just then, Etemon (now as MetalEtemon) showed up and announced his return, but Puppetmon got annoyed by his singing and attacks him, allowing Mimi, Joe, Gomamon, Palmon and Ogremon to escape while MetalEtemon is distracted by the marionette. After tired of fighting MetalEtemon, Puppetmon returns to his mansion. The other Digidestined snuck into his mansion with Floramon and Deramon (who betrayed Puppetmon) did a sneak attack by shooting a cannon at Puppetmon just as he was returning. Angrily, Puppetmon ran, dodging the cannon attacks and Floramon and Deramon ran Digidestined then confront Puppetmon in a final showdown. At first, Puppetmon tricked the Digidestined by following him, then summoned a group of RedVegiemon, but were quickly defeated one by one. Puppetmon then used WarGreymon as a marionette to get the Digidestined, only to be knocked out by MegaKabuterimon and Garudamon destroys his hammer.

Just as Puppetmon was about to lose, he remembered Cherrymon's advice, and he summoned his "monster" mansion to keep the Digidestined busy while Puppetmon takes the opportunity to escape, as well as killing a remaining RedVegiemon along the way.

Just then, MetalGarurumon suddenly shows up, and Puppetmon orders him to attack the Digidestined, but he refused. Confused, Puppetmon tries to control MetalGarurumon as a marionette, but no avail. Matt showed up and told Puppetmon that no friends will be on his side because he didn't care about them. Angered, Puppetmon attacks, but MetalGarurumon destroys Puppetmon with his Metal Wolf Claw attack. Upon dying, Puppetmon asks Cherrymon's voice about what he dosen't have but the kids do, which is friends, then succumbs to his death. His mansion also collapsed upon his demise. Upon Puppetmon's defeat, the forest begins to disappear.

Machinedramon

**Machinedramon** (known as **Mugendramon** in the Japanese version) is a Virus type Mega Level Digimon that is hypothesized to be the ultimate "Dramon" and Cyber Digimon in general. This is because it posseses parts of other ones, namely Megadramon, MetalTyrannomon, MetalMamemon, MetalGreymon and Andromon. It has appeared as an antagonist on several occasions in different Digimon media.

It was the second biggest of the Dark Masters and is the Dark

Master who was defeated by the Digidestined the quickest (2 episodes) in the English version, while in the Japanese version it appeared in as many episodes as MetalSeadramon. During the time the DigiDestined were fighting Myotismon in Tokyo, Machinedramon had taken to ruling over the city portion of Spiral Mountain. Machinedramon was the ruler of the Digital City, which looked like a fusion of the prominent cities on Earth.

He can also be considered responsible for Ken Ichijoji's transformation into the Digimon Emperor.

He is also the main antagonist's most powerful slave Digimon in *Digimon World* and the final boss of said game.

*Digimon Adventure 01*

In his first appearance with the other Dark Masters, he unexpectedly attacked Angemon and then attacked the 7 Ultimate Level Digimon before they could attack him and defeated them. After Puppetmon was defeated, the Digidestined wandered into Machinedramon's territory along a road in the middle of nowhere, until Kari developed a fever and kept passing-out, making Tai upset since this brings memories from his childhood past with Kari. Izzy sent Tentomon to look for help, he soon Digivolves into Kabuterimon and transports everybody to a city that has famous buildings from Earth fused into one big city. They soon find a house for Kari to rest while being watched over by T.K., Patamon, Gatomon, Sora and Biyomon. Tai, Agumon, Izzy and Tentomon went into the city to look for a hospital in search of medicine for Kari. Izzy used his laptop and plugged it into the network to find one, unaware of Machinedramon's Hagurumon tracking them every time Izzy used his Laptop.

Machinedramon sent his Metal Empire troops to hunt them down. Tai, Agumon, Izzy and Tentomon managed to escape the carnage from the hospital getting the medicine. The third time Izzy uses his Laptop and discovers that they are tracking him by him plugging into the network. Izzy decided to do a little trick, Hagurumon soon become confused when the network has been accessed from different points in the city, but this back fires as Machinedramon ordered plan Operation Elimin-8 (pun on the word eliminate), which consisted of having Megadramon and Gigadramon destroy every single building. But this doesn't work, so Machinedramon decided to finish them off himself. After the house everyone was staying in blows up, Tai finds the others have escaped just before bombing commenced. Machinedramon appears and everyone runs into a building, which collapses into the ground because of Machinedramon's Giga Cannon attack. The Digidestined then sink underground. Machinedramon then assumed that they were dead.

Later on Kari manages to recover from her fever and is well again, Sora, Biyomon, T.K, Patomon and Gatomon then soon set off to find Tai and Izzy since they landed somewhere else. However they soon find a WaruMonzaemon who is a Slave Master to the hundreds of Numemon who are used to power Machinedramon's City. Kari then gets possessed once again by the odd-spirit that spoke to the Digidestined through her body, while WaruMonzaemon gets distracted by Sora, the spirit possessing Kari frees the Numemon and they start calling her 'Queen Kari'. When Sora, T.K, Patamon and Biyomon meet up with Kari and all the Numemon, WaruMonzaemon bursts in to find the Numemon have turned against him and begin to attack, when Kari's body starts to glow in light, the energy from her allows Patamon, Gatomon and Biyomon to digivolve and give Numemon enough energy to get back up. WaruMonzaemon is then badly injured and escapes, while the spirit possessing Kari's body leads the way to Tai and Izzy. WaruMonzaemon reports to Machinedramon that the Digidestined are still alive and Machinedramon is angry that he didn't tell him sooner and as a "reward", he blasts WaruMonzaemon's arm off (Machinedramon kills him in the Japanese version). Tai and Izzy soon find Andromon who is trying to build up a resistance force to stop Machinedramon, and also fix a dripping pipe. Machinedramon appeared and Andromon managed to hold him off for Tai and Izzy to find the others. Soon everyone is back together, however Andromon is defeated, but is able to get back up to his feet. Not even the combined efforts of Andromon, Angemon, Angewomon and Birdramon can defeat Machinedramon. When he wants the first victim to be killed, Kari approaches him, but the Numemon cover his body to save 'Queen Kari'. The slug Digimon try to stop Machinedramon but were wiped out easily by the villain's "Catastrophe" attack. Kari collapses and Agumon is hit by a beam of light, causing him to Warp-Digivolve to WarGreymon. He charges up to Machinedramon, slicing him up "like an onion" with his Dramon Destroyers before regressing back to Koromon. Machinedramon starts to split and disappear.

Despite being cut into pieces, Machinedramon manages to survive, though barely, and meets a dying Kimeramon, they DNA digivolve to form Millenniummon.

### *Digimon Adventure 02*

Machinedramon, in his new form Millenniummon, was momentarily seen in a flashback being destroyed by Ken and Ryo. He tried to infect Ryo with a Dark Spore, but Ken pushed him out of the way and the spore hit him instead, leading to him becoming the Digimon Emperor.

## Piedmon

**Piedmon** (also known as **Piemon** in the Japanese version) is the secondary antagonist in *Digimon Adventure 01* . He is the incredibly powerful leader of the four Dark Masters and the most devoted follower of Apocalymon. Piedmon had the power of psychokinesis, to mentally control the swords on his back. He could also take on many shapes, seen in his first confrontation with the DigiDestined. He had the power to change other objects, including humans and other Digimon, into key chains. He also appeared to have telekinesis; for instance, he once remotely attacked Greymon while Tai and Izzy were being pursued by the armies of fellow Dark Master Machinedramon. He is the fourth arch-nemesis of the Digidestined.

He was voiced by Derek Stephen Prince in the English version, who also voiced DemiDevimon, Digitamamon, Impmon, Grumblemon and Beelzemon. Derek Stephen Prince also voiced Elgar and Vexen. In the Japanese version, he was voiced by the late Chikao Ohtsuka, who also voiced Apocalymon, Master Xehanort, Doctor Eggman, Professor Gerald Robotnik and Doctor Cid.

### *Digimon Adventure 01*

The deadliest of the Dark Masters, Piedmon was their leader and probably has the most extensive history of all the Digimon the DigiDestined faced. He was around before the DigiDestined came to the Digital World to begin with and before the DigiDestined's Digimon were born, a product of Apocalymon's influence. Piedmon knew of the plot by Gennai and his followers to bring the DigiDestined into the Digital World to save it. With an army of Guardromon and Mekanorimon, he attempted to steal the DigiDestined's arsenal. However, he was unable to get to them when Gennai charged forward and attacked him. The Dark Master in turn placed an orb into Gennai's back. Gennai took the Digi-Eggs and flew off with them in a Mekanorimon. With the exception of Gatomon's Digi-Egg and Digivice, that dropped somewhere on the Continent of Server (which explained why she wasn't with the rest of the Digimon), Gennai succeeded in taking the remaining Digi-Eggs and the seven Digivices to File Island. However, Piedmon obtained the Crests and Tags, giving them to Devimon to hide. Devimon hid the Tags in the Net Ocean while he scattered the eight Crests everywhere in the Continent of Server.

When the DigiDestined did eventually arrive in the DigiWorld, their battles wound up bringing them back to Earth, to stop the plans of Myotismon. In the years (of DigiWorld time) that they were away, Piedmon, and the other Dark Masters - MetalSeadramon, Puppetmon and Machinedramon - rose up and conquered the digital world, reformatting it's digital matter into the massive Spiral Mountain. At the mountain's peak was Piedmon's base of operations - an observatory-like building, from which he could observe all goings on across Spiral Mountain. When the DigiDestined returned to the DigiWorld, the Dark Masters all attacked them at once. WarGreymon and MetalGarurumon battled Piedmon, but he cut them down with his Trump Sword attack. He then threw a dagger at Mimi, irritated by her whining, but Chuumon leapt in front of it, sacrificing himself. Piximon then showed up, and distracted the Dark Masters long enough for the kids to escape.

After returning to the Digital World, when the DigiDestined first encountered Piedmon in the form of a clown, narrating their impending doom before revealing himself. From there, he easily defeated WarGreymon and MetalGarurumon because he had far more experience. Before confronting the Digidestined, he sent his servant LadyDevimon to kill them, who failed. He fought them and nearly killed WarGreymon, but Matt and Garurumon showed and healed WarGreymon. Because he saved himself for the end, MetalGarurumon and WarGreymon were able to gain experience from their fights with the other three Dark Masters and back him into a corner. To avoid a losing-battle with them, he turned them, along with Andromon (who was able to put up a good fight despite being outmatched) and the other DigiDestined (except for Mimi, Lillymon, Kari, T.K. and Angemon) into inanimate key chains. He was briefly held off by Angemon, but then sent T.K and Kari off a cliff by cutting a rope they were holding on to. However, T.K was able to Digivolve Angemon into MagnaAngemon, who easily beat Piedmon, plunging him off the cliff, and MagnaAngemon turned everyone back to normal.

Not admitting defeat, Piedmon survived the fall from the cliff and summons several Vilemon to attack the heroes, but Mimi, Lillymon and her Digimon allies showed up on time and take down the Vilemon with ease. MagnaAngemon opens the Gate Of Destiny and the remaining Vilemon were banished and imprisoned. WarGreymon, MetalGarurumon, and MagnaAngemon finally defeat Piedmon for good by banishing and imprisoning him into the Gate of Destiny with no hope to escape and return. With Piedmon defeated, the Dark Masters' control over the Digital World has ended for good.

It is unclear as to whether the Gate of Destiny destroys its victims or seals them away; if the latter, Piedmon presumably perished along with the rest of Apocalymon's creations when Apocalymon was destroyed.

## Harpymon

**Harpymon** was a minor villain in *Digimon Tamers* and *Digimon Fusion* .

### *Digimon Tamers*

A Harpymon Bio-Emerged in the Real World and attacked Renamon. Initially, Renamon battled without her Tamer, Rika Nonaka, as the two had internal conflict on whether or not they needed each other. Renamon knocked out Harpymon with a flurry of punches, but instead of absorbing her data she stood serenely and contemplated the pointlessness of fighting without her partner at her side. This pause allowed Harpymon to recover from her injuries, and she knocked Renamon to the ground with her Wind Seeker. She tried to impale Renamon with her sharp talons; Harpymon's inattention to her surroundings gave Rika the opportunity to pick up a tree branch and stab her in the back. Harpymon lunged at Rika, ready to kill her. Suddenly, Calumon's forehead glowed and he activated Renamon's power to digivolve to Kyubimon, her Champion form. Kyubimon quickly destroyed Harpymon, and refrained from absorbing her data as she promised.

### *Digimon Fusion (season 3)*

Harpymon appeared in DigiQuartz where she hynotised Yu's father and fed off his negative emotions. She was defeated by Arresterdramon and was captured by Tagiru.

## The Devas

The **Deva** (デーヴァ *Dēva* ?) are a group of twelve Ultimate-level Holy Beast Digimon that are derived from the Buddhist myth of the Twelve Heavenly Generals, deities who protected the Bhaiṣajyaguru. The Twelve Heavenly Generals were eventually conflated with the animals of the Chinese zodiac in Japanese Buddhism, and so the Deva are also representative of those figures. The Deva are followers of the Digimon Sovereigns, and each Sovereign has three Deva subordinates.

The Deva share many similarities beyond their basis. Nearly all of the Deva have three horns and red eyes, and each wears Chinese-styled armor with a red or purple scarf. Each of the Deva wields a signature weapon which is named in Chinese, with the form "Bǎo X" (宝X? lit. "Treasure X"), where "X" is a generic type of weapon. Although the Twelve Heavenly Generals of Buddhist mythology were each armed with a specific weapon, some of these are switched around for the Deva Digimon. For example, the generals Śaṇḍilya and Indra wield a shell and a lance, respectively, while Sandiramon and Indramon wield a lance and a shell, respectively. Finally, each Deva's Special Move is named after one of the Naraka mentioned in the Vishnu Purana, which usually has some relation either to the Deva's zodiac animal or weapon.

Nico: Oh man! Devimon, Etemon, The Dark Masters and Harpymon!

Takato: And the Devas!

Devimon: Its been a long time Nicolas. I see you haven't forgotten about me after all these years.

Nico: I thought we were rid of you for good after everything that happened Devimon.

T.K.: I will never forgive you for your crimes Devimon!

Zhuqiaomon: Servants it's great you are all back.

Indramon: It is great to be back my sovereign.

Antylamon: We are ready to serve you all once again.

Azulongmon: Excellent. We missed having you all here.

Etemon: (Impersonating Elvis) And we're not going to serve this witch. Huhuhuhuhuh.

Nico: Whoa man. But we're gonna make you pay for your crimes Devimon! Just like we did 13 years ago!

Jeri Katou: And for hurting Leomon!

Etemon, The Dark Masters, the Devas and Harpymon went over to them.

Ms. Wentworth: What are you doing? I brought you back!

Etemon: And now we're turning against you, bitch! Uh huhuhuhuh.

Sinnertwin: I honestly didn't see this coming.

Piedmon: You guys have the usual battles. We'll take care of Wentworth and the others!

Nico: Coming from you Piedmon this is everything.

Dayu, Ranamon, Mercurymon, Beetle, 2016 Morbucks, Titanium Titan, Patty & Selma, and Onyx then appeared.

Nico: Dayu, Ranamon, Mercurymon, Beetle, 2016 Morbucks, Titanium Titan, Patty & Selma, and Onyx.

Dayu: Strange seeing all of you guys here.

Mercurymon: And was that Devimon, Etemon, the Dark Masters, Harpymon and the 12 Devas that we saw?

Nico: Oh yeah. That's them.

Jeri Katou: I'm going to make that ugly freak suffer for hurting Leomon!

Ranamon: Does Jeri have a bad history with Devimon?

Nico: Not nearly as bad as me and T.K. do. I helped Tai and friends destroy him and Patamon turned into Angemon and made the ultimate sacrifice to destroy Devimon for good.

Ranamon: Oh man!

2016 Morbucks: That's terrible!

Nico: No kidding.

---

We were searching for the Thief.

Duskmon: There's the thief!

We saw a figure dressed in a black cloak and we went after it.

Larxene went at the figure fast as lightning and pounced on it and I took the cloak off and it was VIGNETTE VALENCIA!

---

**Vignette Valencia** is the (former) main antagonist in the *Equestria Girls* hour-long special *Rollercoaster of Friendship* .

Vignette Valencia first appears in *Rollercoaster of Friendship* overseeing the costume designs for Equestria Land's nighttime light parade, but her overbearing demands cause her costume designer to quit. While indulging in some "stress salad", her cell phone gets enchanted by Equestrian magic, allowing her to digitize anything she takes a picture of and project a hologram of it.

Vignette hires Rarity to be the new costume designer for the light parade, and the two grow close over their shared passions, causing Applejack to become jealous. When Vignette learns Rarity and her friends are in a band, she decides to make them the centerpiece of the parade. However, her vision for the band involves changing its name and drastically altering the girls' public image. When Fluttershy and Rainbow Dash disagree with Vignette's vision, she digitizes them and captures them inside her phone.

When Applejack realizes what Vignette is doing, she confronts Vignette but fails to convince her friends of the truth, eventually resulting in a heated falling-out between her and Rarity. The rest of the girls know Applejack would never lie, but Vignette captures them as well before they can oppose her. With most of the Rainbooms digitized, Vignette takes over as the lead band member and replaces the Rainbooms members with holograms. Rarity soon learns the truth about Vignette's motives, seeing that her friends looked completely different and demanded her to bring them back, but Vignette attempted to trap Rarity too, but she used her diamond shield magic to block the flash as Rarity argues with Vignette how she never should've listened to her over Applejack and escapes before Vignette can digitize her as well, as Vignette decided to take over designing for the parade.

After Applejack and Rarity make amends and discover their friends were simply teleported into a small, white room the whole time, but then they realized Vignette uses her phone to get rid of things she doesn't like and replaces them with holograms of her ideas, but they also noticed she could use the phone on the audience who wouldn't like the parade and could have a large mount of them squished in one tiny room, they confront Vignette together during the light parade before she can use her phone to teleport the whole crowd (who were booing her poor singing abilities). They transform and power up, and Rarity uses their combined power to destroy Vignette's phone, having Vignette defeated and completely upset. In the aftermath, Rarity convinces Vignette that success and popularity should never come at the cost of one's friends, and she and Applejack offer Vignette true friendship.

---

Me: I knew it! Vignette Valencia.

Vignette: That's right J.D. (Crying hard) I'm sorry!

Me: Huh? But why? Rarity told me that you and she are good friends.

Vignette: Because she force me to.

Zarya: Who did?

Vignette: Demon Shimmer! (Crying) She needed jewels for her empire.

Me: Well it looks like we have the jewels.

Vignette: I know exactly what you guys plan to do to me! (points gun at her head) WELL, I'M NOT GIVING YOU ALL THE SATISFACTION!

Xaldin: Okay. Let's all just take it easy.

I snapped my fingers and teleported the gun to me.

Me: Vignette do you think killing yourself will make you feel better!?

Vignette: Yes it will!

Zarya: No it won't! All it will lead you to is eternal damnation! Is that what you want!? To be damned and burning forever in the fires of Hell?

Me: Rarity would not want this to happen to you Vignette. You helped her and she helped you. Don't throw away your life all just because Demon Shimmer made it worse.

Goemon: That's right Vignette. Suicide has no honor and no meaning.

Yae: All it will lead you to is your own darkness of pain.

Me: That's right Valencia. You have a chance to redeem yourself and make a better name for yourself. Don't throw your friends and your life away all because you were forced into this.

Vignette then broke down crying and I comforted her.

* * *

Dayu: So this is Camelot, huh?

Maria: It sure is.

Mercurymon: This is a really nice place.

Beetle: (bows to King Arthur) It's an honor to be here, your majesty.

King Arthur: The honor is all mine.

Ranamon: (to Wentworth) It's funny. We were thinking of who else to recruit and you just gave 6 new members to us on a silver platter.

Wentworth: Really?

Nico: Yep and they are Etemon, Piedmon, MetalSeadramon, Harpymon, Machinedramon and Puppetmon. And it's ironic. The Dark Masters all went from bad guys to Frenemies.

Lana: It sure is. We heard many stories about the Dark Masters from Nico and they put up an incredible challenge.

Nico: Yeah they sure did. Myotismon is my archenemy and who will the rest minus Devimon be?

Etemon: I'm gonna be Jake Holling's Archenemy.

Piedmon: I chose Kurumu.

MetalSeadramon: I chose Noah Carver.

Harpymon: And I chose Orion.

Nico: Cool! But who will Machinedramon and Puppetmon have as their archenemies?

Machinedramon: We're still figuring that out.

Puppetmon: But as long as I have an opponent that can keep up with me.

Nico: You'll find one.

?: There is plenty out there.

A figure came out and it was SINISTER SIMIAN from episode 28 of Season 3 of Mighty Morphin!

---

Katherine Hillard's chimp **Kelly** was transformed into **Sinister Simian** by Lord Zedd. Sinister Simian's scratches would reflect her face on the Ranger's chests. Alpha 5 tried to fight her but she scoffed at his lack of battle prowess. Returned to normal with an antidote missile from Blue Shogunzord.

---

Tommy Oliver: Sinister Simian!

Nico: I remember you! You were made from Kat's chimp Kelly.

Sinister Simian: That's right. Good memory on you Nico. Just as sharp as J.D.'s memory.

Nico: Like him I never missed an episode.

Kat: Kelly?

Sinister Simian: Sorry. But I'm not Kelly. I'm seperate from your pet monkey.

Monkey: (Chittering)

Sinister Simian: It will be cool fighting you all as a separate being.

Simion: I think so too.

Sinister Simian: Weren't you one of the first monkeys in space?

Simion: I sure was.

Nico: Wow. That still shocks me that you went through all that.

Fluttershy: Why what happened?

Simion: It was a really ugly story.

Simion went over his story. It happened during the Space Race during the Cold War.

* * *

More than half a century ago, Simion was a regular chimpanzee who was selected as the pilot of an experimental NASA space capsule during the space race era and was set to be the first monkey in space, until a crack in the ship's hull created an explosion that hurled him toward a radioactive energy belt. The gamma radiation altered his appearance and mind giving him an enhanced physique and intelligence. He then began training his new body and expanding his knowledge and skill through meditation, soon being able to create matter merely by thought. With his new abilities, he created a whole new world from his thoughts and once he established his empire he created an immense warship from scrap in over half a century, and assembled an army to help him destroy the world and the humans that ruined his life despite his suffering having been caused by an accident.

* * *

They gasped in shock.

Nico: Oh man! That was over 60 years ago!

May: Oh man! But that was an accident and we had nothing to do with it.

Simion: I know. But Monkey showed me kindness and helped me abandon my goals of wiping out humans for ruining my life. I now realized that I was a fool for letting my hatred of you all getting the better of me.

Nico: It's not your fault. It was all an accident. But you can use your new amazing powers for good now.

Simion: And I plan to.

Nico: Awesome. Lets get them!

Myotismon then appeared.

Myotismon: My old friends. Good to see you all again.

Etemon: Myotismon. Same to you.

MetalSeadramon: This is gonna be interesting.

They powered up and went at them!

Princess Luna: It sure is sister.

Princess Cadance: How many species of Digimon are there?

Princess Amore: I think there's over 1200+ Species.

Flurry Heart: Wow! And we're looking at 6 of those Digimon. All enemies of Nico and the Digidestined. Devimon seems to be the worst out of all of them.

Lilly Crystal: Yeah I can tell that Nico has a bad history with him.

Cloud Star: But what is Jeri's story with him?

Dayu: I think it might have something to do with him and Leomon.

Snowdrop: Right! Nico said that he poisoned Leomon with evil.

Gari: Devimon has to be destroyed.

Star Swirl: And never be reconfigured.

Joe Shimamura: Yeah he is pure evil.

Runo: He will be shown the light.

Blade Tigrerra: Yeah!

Coconuts: Yeah! Yeah!

Grounder: He can't see the light of its dark.

BONK!

Scratch hit Grounder on the head.

Scratch: No you dumb-bot! It means he will pay the price for his crimes.

Mihiramon: And be brought to justice for his crimes.

Sandiramon: And he will face his crimes 10-fold.

Dayu: I agree.

Emma: Lets do it! LEGENDARY RANGER MODE! S.P.D.!

She turned into the Pink S.P.D. Ranger!

Dayu had her sword ready and they clashed and dodged her strikes and Coconuts, Scratch and Grounder smashed and blasted her all over.

---

Mercurymon was next.

Mercurymon: (to Davis) What do you think of Camelot so far?

Davis: It's so cool! I've read about it all the time and it's everything I imagined.

ExVeemon: It sure is amazing. Hard to imagine that it has a lot of historical value.

Sunset Shimmer: Yeah Camelot is amazing.

Pepperdance: It sure is.

Cayenne: I think so too.

Wallflower: Yeah!

Gusty: It reminds me so much about what Equestria was like ages ago.

Jet Link: It sure does.

Dan: And it's beautiful.

Drago: Yep it is.

Sinduramon: The food at the castle is amazing.

Pajiramon: It sure is.

Blackarachnia: And King Arthur is a true hero.

Inferno: And he is royalty.

Mercurymon: He most certainly is. Lets get it on.

Davis: Gladly!

They went at him and Mercurymon fired lasers from his mirrors and they dodged his strikes.

Blackarachnia: Lets do it! Blackarachnia, TERRORIZE!

She transformed.

Inferno: For the royalty! Inferno, TERRORIZE!

Inferno transformed.

They fired bullets and fire blasts.

See you all tomorrow.

# Terror of the Midnight 13 - The Maldives

In the World Tree Estate, everyone was watching TV and reading books and playing card games.

Edward the Platypus: Guys, don't you think it's time for us to reunite with J.D. and Zarya?

Nico: I was just about to suggest that Edward.

Varie: It will be awesome to see them again.

Nico: It sure will. We've been doing really well over these last 12 days.

Vince: Yeah and J.D. and Zarya have been doing great with everyone in our Frenemies.

Laney: They sure have.

Rosa Casagrande: (Spanish Accent) I know they have miha. And I worry about them as much as you all do.

Lori: But they are literally okay.

Nico: But lets get over to the sky fortress. It's heading over to the Maldives. **M V**

Lana: It sure is.

Mallow: And it's where the Alola Region is located.

Johnny Test: And it will be cool to have fun there.

Everyone was off to the Maldives.

---

In the Mobile Sky Fortress as it was flying over the Indian Ocean, me and Zarya were watching TV and reading books.

Me: It'll be cool to see the Maldives again.

Zarya: I know. I'm looking forward to sitting in the sun and have fun.

Me: Me too.

Then a flash of light appeared and out of it came Nico and everyone!

Silverstream: Hey, guys! Did you miss us?

Me: Boy did we ever!

Zarya: Yeah we did!

We went over and hugged everyone.

Me: It's great to see you all here.

Eli: We came to have fun in the last challenge with you all.

Nico: Wouldn't miss out on this.

Me: I had a feeling you all would be coming to be with us for this.

Zarya: Yeah it wouldn't be the same without you guys.

Me: No it wouldn't. Nico, Eli you both did really well commanding in my absence. I'm proud of you guys.

Nico: Thanks buddy. It was great being in command for 12 days.

Me: It sure was. But I'm really proud of you all. Great job everyone.

Vortex: Did you guys get us souvenirs?

Me: You bet we did.

We pulled out lots of bags full of souvenirs from the countries we went to and they were awesome. The bags were full of clothes, jewelry, gifts, everything.

Nico: Cool!

Eli: Oh wow!

Varie: So awesome.

Everyone got great stuff.

Me: Now we all can do the challenge together. Also today is March 31st. Tomorrow is a bad day for the Loud's and Nico, April 1st A.K.A. April Fools Day.

Twilight Sparkle: Why?

Sunset Shimmer: What's bad about April Fools Day?

Me: Right most of you weren't with us when it all went down but it involves Luan and Nico's little brother Connor.

I went over everything that happened because of the two.

---

Luan

She nails the furniture onto the ceiling to make it look like the room's upside down.

She gets a bunch of chickens and brings them into the house.

She wraps up the house like a giant present.

She traps her siblings in a giant gelatin

She shaves the pets.

A year before the show, she made a trip-line that would activate the sprinklers, soaking whoever was close by. When the sprinklers turned, a string attached to it turned a fan, blowing and covering the victim with hay. For the grand finale, she released a flock of crows to attack whoever was covered in hay, while the victim screamed for mercy. The unfortunate victim was Clyde who had nightmares of it ever since.

She tricks Lincoln into stopping the "Prankamageddon" after she says "Okay". Lincoln does the same thing after he and the other sisters trap Luan in a timeout crate.

She booby-traps the cage with a honey-and-feathered prank after she escapes.

She tapes the vacuum to the ceiling and attaches it to a rope hiding in the wall near Lincoln's room.

Set sets up a bunch of arrows that read "Kitchen this way". While Lincoln is smart enough not to fall for it, Leni easily falls for it and ends up somewhere unknown.

She booby traps the fridge with a spring-loaded boxing glove that sends whoever gets punched by it flying into the oven which is full of rabid raccoons.

She prepares to launch dirty diapers at her parents.

She sets a time-bomb flour bag in the bathroom, fiddled with the handles, and placed a raccoon in the towel hamper.

She also spring-loads one of the sofa cushions to catapult whoever sits on it.

She lays out a bunch of other unseen pranks that Lincoln sets off to save Ronnie Anne from getting hit by any of them.

She calls Ronnie Anne over to hit Lincoln with a pie, but it backfires when she throws it at Luan instead out of gratitude to Lincoln for taking all the pranks for her.

She sets a blue paint bomb inside the van to go off when the engine starts.

She traps Lisa inside the wall of their room with the pull-out bed.

She snares Luna in a giant piece of gelatin.

She launches Leni into the hotel's sign covered in flypaper with an inflatable clown prop.

She gets Lola sprayed by a skunk in the janitor's closet disguised as their new room.

She imprisons Lana in a pit full of rhubarb pies, which she's allergic to.

She sets the airbags in Vanzilla off on Lori, removing her eyebrows.

She buries Rita in a pile of dirty laundry.

She bleaches Lucy.

She replaces Lily with a monkey.

The monkey attacks Lynn.

She used the family doubles to make them do things to embarrass the family:

Lori: Constantly farts while on a date with Bobby.

Leni: Gets a perm, which Leni hates, and shows it to Leni's friends.

Luna: Interrupts a concert and play polka music, which Luna said that isn't even *good* polka music.

Lynn: Acts like a wimp in a game of tetherball against Zach, breaking her 300 winning streak.

Lincoln: Falls in love with Mrs. Johnson.

Lucy: Reveals her covered-up eyes to her friends.

Lana: Be grossed out by a worm.

Lola: Admires Lindsay and give her one of her pageant crowns.

Lisa: Shows a cat at a scientific conference, and say that it says "Meow".

Lynn Sr: Makes an incorrect answer in a contest.

Rita: Publishes her novel despite it not having the proper ending she intended.

Three years prior to the episode, she performed the Great Mustarding, an incident involving flooding the house with mustard.

She once did a prank only known as the Mass Hairwaxing Disaster. However, this prank isn't seen, only heard in an audio tape.

She once flooded the Loud House and made it float in the Kalamazoo River.

She splashes onion water on her family.

---

When I was finished, they gasped in horror!

Sunset Shimmer: Whoa! That's terrible!

Rainbow Dash: Oh man! Those pranks are AWESOME!

Nico: R.D. people could get seriously hurt or worse because of those pranks! J.D., Lincoln, Varie and Clyde got mangled up because of those pranks the first time!

Rainbow Dash: Oh! Sorry I asked.

Me: We know you're a good prankster R.D. but don't do pranks like those.

Luan: Yeah they are awful.

Nosecone: (to me) Look, tomorrow, we'll discuss who gets to be leader of the team and what to do on April Fools Day. But for now, let's just focus on the last challenge.

Me: Good idea Nosecone.

Don: And you all are gonna be in for a great treat today. We're going to the Maldives as you all know. But this is gonna be a fun challenge for you all. Your challenge is to pulverize the living shit out of the Sore Losers of both Total Drama and the Ridonculous Race including that of Billy McLean.

Me: Ooh! (Cracks Knuckles) This is gonna be good.

Nico: Count us in Don.

Varie: Oh this is gonna be fun.

Lana: We can't wait to bite Jo's other leg off!

Lola: Yeah!

Beekeeper: In case we forgot, we should make a list of the sore losers.

Me: Good idea. Lets see.

I wrote down a list and it had the sore losers:

Heather, Jo, Alejandro, Eva, Josee, Jacques, Dark Scarlett, Scott, Billy McLean, Freakzekiel, Anna Marie, Amy and Max.

Me: There that's everyone. And if Max does anything bad he will die.

Owen: Yeah! I can't wait to get Heather. She is the meanest cold-hearted bitch in all of Kalamazoo!

Me: Nicely said Owen!

We high five!

2016's Morbucks, Dayu, Ranamon, Mercurymon, Beetle, Titanium Titan, Patty & Selma, and Onyx then appeared.

2016 Morbucks: Can me, Dayu, Ranamon, Mercurymon, Beetle, Titanium Titan, Patty & Selma, and Onyx go with you guys?

Me: You bet.

Ranamon: Wow! Y'all are all gonna go.

Nico: We sure are.

Vypra and ALL of the Masters of Evil then appeared.

Dark Spicer: You weren't gonna have a party without us were you?

Me: Not at all Dark. You all arrived just in time.

Vypra: We sure did. I can't wait to go after all the Sore Losers.

R.D. Me: Me too. We're going to beat the living crap out of them and make them suffer.

R.D. Lincoln: You said it!

Me: Yeah! We're all back together.

Nico: And we should be just about there.

Me: Yep.

We landed in the ocean and we got off and landed on the island of Kaafu Atoll and we were in the city of Malé in the Maldives.

Chill Bill: This must be the place.

Me: Yep. Welcome to Kaafu Atoll in the city of Malé in the Maldives.

Nico: Paradise.

Laney: And one of the most amazing vacation spots in the world.

Me: We still got time before the challenge. Want to have some fun on the beach?

Nico: Yeah!

Everyone cheered.

Me: Well then… (Spins around and I was in my beach clothes) Lets have a beach party!

Everyone cheered!

(Treasure Trove Cove by Banjo Kazooie Plays)

We got into our swimsuits and beach clothes and we were having fun. Zarya was in a smoking hot Blue Bikini with moons on it and most of us had awesome clothes on.

Dayu: (to Emma) By the way, Emma, when we get to the usual battles, you and your team are in for a treat.

Emma: I have a feeling it's gonna be really good.

Me and Zarya were playing volleyball with Kasumi who was in a white bikini and Hitomi who was in a black bikini and I spiked it and slammed it into the ground.

Hitomi: Nice one!

Me: Thanks.

Zarya served it and Kasumi spiked it and I dove and blocked it and Zarya spiked it and it smashed into the ground.

Zarya: YEAH!

Nico was with May as she was sunbathing.

May: Can you put some sunscreen on my back Nico?

Nico: Sure.

Sunset Shimmer, Rarity and Applejack were treasure hunting with Metal Detectors and they found a bunch of stuff. They found a lot of things: pirate treasure, a huge anchor, a flying saucer!? What the? They found all kinds of valuable stuff. Some of it worth a fortune. Eli and Nunnally were making sandcastles. Same with Lola, Lana and Lori. We later got to work on the challenge and we were having fun. It was then that we saw HEATHER and THE SORE LOSERS!

SMASH!

Nico smashed a bunch of watermelons onto Scott.

Heather: (takes out gun at points at Volt) Not another step!

Volt: (amused) You think you're the first person to kill me? I died before thanks to Hydron. And I'm not afraid to die again.

Flash then swiped the gun away from Heather.

Gwen then grabbed Heather's arm.

Gwen: This is going to be good.

POW BIFF SMASH! WHAM CRACK SMACK BIFF CRACK WHAM!

Heather was being beaten up all over by Gwen and Leshawna smashed her all over.

Leshawna: You've been asking for this for a long time honey!

FFFFAAAAAAAAAAAAAARRRRRRRTTTTT!

Leshawna then farted in Heather's face and Heather vomited.

Sammy and Jasmine were fighting Amy.

Amy: You make me sick Samey! I lost EVERYTHING because of you! I HATE YOUR FUCKING GUTS MORE THAN ALL OF LIFE ITSELF YOU MOTHERFUCKING BITCH!

Her blue aura flared up with incredible power and her blue hair glowed neon blue.

Sammy: My name is Sammy you fucking Bitch! And I am not your fucking sister anymore!

KROW SMASH BLAM!

Sammy kicked Amy all over!

Sammy: And you deserved it because you killed my father!

Beetle was looking for Anna Marie.

Beetle: You might as well show yourself. My suit's scanners can find you easily.

Anna Marie: You will never find me!

KROW!

Varie kicked her in the face and smashed her down into the sand.

Varie: How is that for finding you, you hairspray drenching bitch!

Anna Marie: I WILL KILL YOU!

KROW!

Varie punched her in her face.

Weirdwolf: Think we should call Chris and have him get in on this?

Nico: That's a good idea Weirdwolf.

Nico punched Scott in the face and knocked out some of his teeth. Then he whistled and out came FANG!

Fang then mauled Scott into mulch!

Nico: Take that you farmboy motherfuckwad!

Titanium Titan: (calls Chris) Hey, Chris. You there?

Chris McLean: Right here dude.

Titanium Titan: Oh. J.D. is beating up Billy. Want to get in on the action?

Chris McLean: You bet I do! This is gonna be good!

POW! SMASH! CRASH! BLAM!

I punched Billy in the face and kicked him in the mouth and knocked out some of his teeth.

Me: That was for making everyone face their fears!

SMASH!

I kicked him in the nose and broke it. Then I grabbed his underwear and pulled it up and over his head and gave him a nasty atomic wedgie.

Eli then slashed him with a dagger and cut Billy's arm and kicked him in the stomach and crotch and smashed him into the sand. Eli then smashed his head in and tied him up and I punched him all over like a punching bag!

Eartha: (sees Jo) There you are.

Jo: I hate to admit it but Nico's actually proven to be a good leader.

Nico: Thanks. I think?

Jo: (to me) Maybe even better then you, Knudson!

Kaz: Sam Shady said something similar to me in Chaotic when Tom was temporarily using Underworlders.

Me: Wow. (To Jo) But fuck you bitch!

Lynn kicked Jo in her head and Lana and Lola bit Jo's other foot clear off and she screamed in pain!

Nico kicked her in the face and smashed her nose off!

We tied up all of the Sore Losers and Billy who were really mangled and beaten up.

Patty: Something's very wrong here.

Duncan: What do you mean?

Selma: Well, you've got to admit, this is almost too easy. We caught a majority of the Sore Losers without any trouble whatsoever. Don't you think that's a little bit suspicious.

Maria: Maybe you're right.

Me: Yeah and we beat them to a pulp.

Alejandro spit out some teeth and blood.

Same with Scott, Heather and Billy.

Vypra: These guys got what they deserved.

Alejandro: Teaming up with villains, Knudson? Guess you and the Joker really are alike after all!

Wildrider: Our frenemies prefer to be called anti-villains, thank you very much!

POW!

I punched Alejandro in the face again and knocked out an eye.

Me: You shut the fuck up Alefuckdro! You don't have any idea who you are fucking around with.

Nico: Yeah!

Onyx: (to Dark Scarlett) Okay. You're the smartest out of the Sore Losers. So, start talking.

Dark Scarlett: Pardon?

May: We've been taking down your fellow Sore Losers without any problem at all. What are you guys really up to?

Dark Scarlett: None of your fucking business!

Me: Then we'll have to torture you till you talk.

Eli then pulled out a pair of scissors and Dark Scarlett was scared and she knew that if she didn't start talking Eli would snip off her fingers.

Dark Scarlett: Okay okay! We'll talk! Demon Shimmer busted us out of prison so that we could slow you down while she gets powerful enough to take you all on!

Me: Lot of good that did. We took down 12 members of the Midnight 13 and they didn't last more than 5 minutes.

Nico: That's right!

Josee: It should've been me and Jacques on the Ridonculous Race!

Metal Man: You kidding? The Ridonculous Race was very pleasant without you two to ruin things!

Me: That's right! In fact it was much better than ever because of us fighting all of enemies. And me and Zarya did really well on the show these last 13 days.

Nico: They sure did and J.D. put me and Eli in charge of the team while they were away.

Me: I couldn't be anymore proud of them. But there are a bunch of things that we will always have that you sore losers all will never have.

Heather: And what is that?

Me: FRIENDS!

Nico: LOVE!

Varie: A HEART!

Vince: BONDS!

Me: POWER!

Nico: And the love and determination to protect everyone from people like you!

Freakzekiel roared in ferocious fury!

Ranamon: (to Freakzekiel) The humane thing to do is put you out of your misery.

Ezekiel: Yeah this guy deserves it. Because of Billy eh?

Billy McLean: ME!? What did I do to him!

Me: You threw him off the plane in World Tour and it turned him feral! You made him in a freak of nature and a feral monster of his former self!

Nico: Yeah and you took away his humanity and made him into a feral wild man!

Eli: I got this!

Eli fired an energy ball and it went into Freakzekiel and he lifted him into the air and Eli clenched his hand and Freakzekiel glowed and exploded with incredible power in a massive fiery explosion!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Whoa!

Goku: Wow! Nice job Eli.

Krillin: Yeah that was one of Frieza's moves.

J.D. 3: I taught him that one just for situations like this.

Me: Wow.

Wind Man: Tell us where Demon Shimmer is!

Max: I'll never talk!

Comic Book Guy: If you won't talk, I'll just have to bring out… the lemon juice!

Max: Lemon Juice?

Me: This is gonna hurt.

I pulled out a knife and grabbed Max's arm and cut it.

Max: You think I'm scared?

Me: You should be. Talk!

Max: NEVER!

Comic Book Guy then put Lemon Juice on his wound and it hurt like hell as he screamed in pain!

Eli: Talk now!

Max: (In pain) NEVER!

Eli: Have it your way. I got something good.

Eli pulled out a Yautja Medicomp and opened it and pulled out a portable burner.

Eli: Got any ceramic tile?

Me: I think so.

I pulled out some ceramic tile and gave it to him and Eli crushed it up and he pulled out a tube and took off the cap and poured out a glowing blue liquid onto the tile and then it bursted into a huge column of blue fire and it was all turned into a glowing blue cauterizing compound.

Cody (OC): Oh I remember that stuff! That was awesome! It's a solvent that makes a cauterizing gel. Painful though but it really works.

Vince: Just like in Predator 2.

Eli took a scrapper.

Eli: Talk.

Max: NEVER!

He put some of the cauterizing compound on Max's bare skin and he screamed in excruciating pain!

Nico: OOH! That's gotta hurt!

Vince: No kidding!

Max: (CRYING) OKAY OKAY! Demon Shimmer is hiding in that island over there! (Points to an island in the south)

Me: Then that's where we're heading. Now you all need to head back to prison.

I snapped my fingers and teleported them back to prison.

Me: Now lets go get Demon Shimmer.

We flew out to the island.

Anko: Hey Eli you got the makings of a great torture and interrogation master. Nice job kid.

Eli: Thanks Anko-sensei. I learned from the beast.

We got to the island and then we heard laughing and out came DEMON SHIMMER!

**Sunset Shimmer** is the main antagonist of *My Little Pony: Equestria Girls* and a major protagonist in the sequels, some of the short films, and a main protagonist of the web series. She is Twilight Sparkle's former arch-nemesis and Snips and Snails' former leader and boss.

She is voiced by Rebecca Shoichet, who also provided Twilight's singing voice.

Sunset's backstory is explored deeper in the comics. Here, it is shown she had a very troubled and apprehensive relationship with her mentor Princess Celestia, which explains her descent into evil (though she was already extremely cynical, arrogant, traitorous, self-centered, tricky, and antisocial, thus her mentor's short patience with her). Sunset had previously appeared in the form of a toy and as an NPC in the MLP Gameloft game. In both versions, she was merely a neutral character and not a truly evil one. Sunset's desire was to gain princess hood and have everyone in Equestria recognize her. However, she felt Celestia's tutelage was not getting her anywhere fast enough. During the night, she took it upon herself to do research on the crystal mirror Celestia had shown her some time ago. Just as she found information about the mirror, Celestia and two royal guards arrived on the scene. At first, Celestia tried to console Sunset, but Sunset retaliated by demanding to be crowned a princess. It was then Celestia saw that Sunset lacked all the qualities needed to be a true princess, and deemed the young unicorn unworthy of such a status. Celestia then expelled Sunset from the school, banished her from the castle, and had the guards escort Sunset out. Sunset told her former mentor that this would be the greatest mistake ever made, but of course, it was only one of many. When the chance came, Sunset took the guards by surprise and jumped through the mirror, emerging as a teenage girl on the other side.

*My Little Pony: Equestria Girls*

Sunset Shimmer first appears as the main antagonist in the first film.

Sunset Shimmer steals Twilight Sparkle's element of harmony: her magic crown, and in a tussle with Twilight Sparkle, the crown is thrown into a mirror that acts as a portal to another world, which Sunset goes through to retrieve the crown.

In this other world, she is depicted as a human who mocks Twilight Sparkle when they first encounter each other. They meet again in a dark hallway where Sunset bullies Twilight into being discouraged from retrieving her crown. Several years have passed since Sunset ran away from home. In the past, she drove the human counterparts of Rainbow Dash, Fluttershy, Applejack, Pinkie Pie, and Rarity apart, but Twilight reunites them.

She tries to keep Twilight from becoming Princess of the Fall Formal, like humiliating her through an Internet video and implicating but Twilight Sparkle still easily beats her in the competition. When this attempt backfires, she makes her henchmen Snips and Snails vandalize the gymnasium and implicates Twilight for it through photoshopped photos. Vice-Principal Luna falls victim to this deception, but Sunset's former beau Flash Sentry exonerates Twilight at the last second and Twilight is dubbed Fall Formal Princess after she and the student body clean and redecorate the gym.

However, Sunset steals the crown from Twilight, puts it on, and transforms into a demonic-looking winged humanoid due to her wickedness in her heart. In this form, Sunset becomes purely evil. With her new powers, she plans to use them and her army of mind-controlled teenagers to conquer Equestria. Sunset attempts to kill Twilight, but Twilight and her friends use the power of the Elements of Harmony to return her to human form. She is reduced to tears and apologizes for everything that she has done and Twilight believes her friends can help teach her the magic of friendship. Afterward, the human counterpart of Princess Luna, Vice Principal Luna, hands her a masonry trowel to repair all the damage that she caused.

Me: Demon Shimmer! The last of the Midnight 13.

Demon Shimmer: You and Zarya have done well to make it so far J.D.

Nico: And they are not alone this time! All of us are back together!

Demon Shimmer: I hope you all had fun the last last 12 days. Because they'll be the last moments of fun you'll ever have!

Mercurymon: You realize that I can use Dark Reflection to reflect any attack of yours back at you, right?

Demon Shimmer: We'll see about that.

Me: And you are the only member of the Midnight 13 we have left to face.

Sunset Shimmer: I can't believe that this is the monster that I would turn into because of my own powerlust!

Demon Shimmer: Because I'm the true you!

Sunset Shimmer: You will NEVER be me! Never again! Thanks to Twilight and her friends I am now free of you!

Me: And to make sure you never torment anyone again we're going to make you suffer!

I snapped my fingers and we were on the planet Glaren once again.

Slotsky: This is actually my first time fighting you Rangers on live television.

Aurico: It sure is Slotsky.

Me: And it's gonna be cool! It's like we're gonna be living an episode on TV for real.

Kimberly: It sure feels like it.

Me: Lets do it guys!

The massive explosion could be seen for light-years. Even as far away as Earth. When the smoke cleared, Demon Shimmer was completely obliterated and destroyed and there was nothing of her left!

We were back on Earth in the Maldives and we powered down.

Me: That did it!

An awesome saga complete!

An awesome 13 Part Saga complete! The Ridonculous Race is one of my favorite shows and Don is a much better host than Chris. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Drako1234658 and ninjakingofhearts all gave me the ideas for this. Thanks guys. This was fun! Next up is an awesome laugh of dark and epic proportions as we get ready for the most hellish day for the Loud's and Nico's family, April Fool's Day. Hope you all like a good laugh because we're going to face Dark Luan as she causes mayhem and pranks in the Moon Prison.

See you all tomorrow.

# April Fools Moon Prison Mayhem

HAPPY APRIL FOOLS DAY 2021 EVERYONE!

---

I just finished unpacking my stuff after a long 13 days of being away from everyone on the Ridonculous Race and it was one of the most fun adventures we've ever had. Being on the Ridonculous Race and traveling all over the planet and battling enemies was really fun. We got to see new places and go to many different parts of the world and do all kinds of great challenges. Thank goodness they weren't like the challenges that Billy McLean put us through on Total Drama. Those were Hell. Don is more honorable than Billy ever will be.

Me: Whew! Man is it great to be home.

Varie: It sure is. Wow. We missed having you around J.D.

Me: I know Varie and I missed you all too. You all did a great job while me and Zarya were away.

Varie: I know. Thanks honey.

Me: Lets head to the Briefing Room for our meeting.

Varie: Good idea.

We went to the briefing room and we met up with Kumiko Albertson, Comic Book Guy's wife and awesome comic enthusiast.

---

**Kumiko Albertson (アルバートソン久美子)** (née **Nakamura (中村)**) is a mangaka and a Japanese manga fan. She is the wife of Comic Book Guy.

---

Kumiko Albertson: (Japanese Accent) Thanks for letting me join the

Redemption Squad.

Me: No problem Kumiko. It's always a great honor to have you with us and Jeff talks about you all the time.

Kumiko: It's a great honor though.

We got to our briefing room and it was now a separate room from Lori's room.

Nico: Glad you could come.

Me: Thanks man.

Lincoln: Guys, we don't have time for a meeting. We have to prepare for what Dark Luan-

Maria: Lincoln, you and your sisters need to have a seat. This meeting is very important.

Lola: Um… why is it important?

May: Because we need to decide whether J.D. should be leader again.

Kumiko Albertson: Oh, so that's what this meeting is about.

Me: Yeah. Me and Zarya have been away for 13 days participating in The Ridonculous Race.

Nico: And J.D. put me and Eli in charge of the team while they were away.

Me: And I'm very proud of them both for leading the team while we were away.

Kumiko: I am too.

Zarya: We all are Kumiko.

Vypra: And we couldn't be anymore prouder of them too.

Dark Spicer: You said it Vypra.

Lori: We literally are so happy for them.

Lincoln: But why!? Nico did a great job.

Me: He sure did buddy.

Lori: I literally can't believe what I'm hearing! After all the times J.D. led us to victory, you want him to not be leader anymore?!

Shun: Well, you can't deny that Nico did a good job at leading the team while J.D. was gone. With some differences.

Lynn: Give me one example about how Nico's leadership is different from J.D.'s.

Littlefoot: For starters, Nico didn't force Shaggy and Scooby to help out against The Ghost of Morgan Le Fay.

Me: That's right. But Nico did good.

Lightspeed: He sure did. J.D. is as great a leader to the team as Nico is. J.D. made him second in command for a reason.

J.D. 2: That's right everyone. I also had Jason Todd as my second in command of my team The Ebonwu Squadron.

Me: Really? That's cool!

J.D. 2: It sure is.

Lola: So after all the good J.D. has done for the world, this is how you guys repay him?!

Nico: Lola, it's obvious that you girls are about get very pissed. So, how about the 11 of you go out into the park to cool off? Consider that my last order. At least for now.

Scrapper: That means you too, Lincoln.

Lincoln: Well okay. I am worried about what Dark Luan is gonna do if we don't stop her.

Me: I know buddy but you and everyone did a great job.

Lincoln: Thanks J.D. Can you show us the park here on the Tree?

Me: Sure thing. Be right back guys.

Nico: Okay.

I took the Loud Kids minus Laney to the park on our tree and we took the elevator to it and got there. What we saw was incredible. It was a beautiful garden park with loads of flowers, trees, animals, birds and melodious and beautiful music was playing.

Lori: Oh wow! This is literally amazing!

Leni: This is our estate park? It's totes amazing!

Lynn: Wow!

Me: Yep. It came with the estate and the music you're all hearing is of the Harmonizing Heights of Mount Aeris. It was one of the most melodious sounds I've ever heard.

Nerri: Wow. It sure is beautiful.

Me: It sure is Nerri.

Nerri: Welcome back though J.D.

Me: Good to be home.

Lori: This is literally beautiful.

Luna: And very soothing dudes.

Luan: Yeah it sure is.

Lucy Loud: I could get used to this.

Me: You guys relax and calm down okay?

Lori: We will.

They relaxed and enjoyed the harmonious and melodic sights as I went back to the briefing room.

Me: Okay sorry about that.

Nico: That park here in the tree is amazing.

Me: It sure is.

Eddy: (to me) Before we vote, I just want to say that I warned you and Zarya about this leadership debate happening.

G1 Lightspeed: I'm with Eddy on this one.

Me: I know and thank you guys. I took that warning to heart and I greatly appreciate it.

Nico: Okay all those in favor of wanting J.D. back as leader?

They raised their hands and I counted.

Me: 18.

Nico: All oppose?

I counted.

Me: No one.

Nico: Well it's unanimous. You have your leadership back J.D.

Me: Thanks man and it's great to be home.

Nico: Awesome.

Me: I think we can adjourn this meeting.

Vypra: Yep. It's great having you back J.D.

Me: Thanks Vypra.

---

Back in the park of the World Tree Estate, everyone was relaxing and enjoying the serenity. Star Man came in.

Star Man: Lincoln, you and your sisters can come back in now.

Lincoln: (bitterly) Forget it! If J.D.'s not going to be leader anymore, then me and my sisters aren't going to remain on the team!

Star Man: Guys, J.D. actually is leader again!

Lori: What?! Don't tell me Nico took part in that vote.

Star Man: Hey, Nico and J.D. still have a right to participate in these kinds of votes.

Nerri: Now guys calm down.

Luna: Sorry Nerri.

Lana: I'm not complaining. Nico did a great job and J.D. is our true leader.

Lola: Yeah guys! J.D. has always been there for us and he would never leave us.

Lily: Yeah he was always in contact with us the last 13 days.

Lori: I agree and he literally was proud of us the entire time. So that should be taken into account.

Leni: Besides I'm not upset.

Luan: Me neither. Besides it's fun being here in this park and it's so beautiful and peaceful.

Star Man: It sure is. Wow. J.D. wasn't kidding when he said it's so peaceful and tranquil here.

Lynn: Yeah and it's breathtaking.

The Harmonizing Heights were still playing and it was beautiful.

Lucy Loud: I may like all things dark but this is relaxing.

Lisa Loud: I think so too. It's so beautiful and tranquil.

Lincoln: It sure is.

Star Man: Anyway lets get ready to take the fight to Dark Luan.

Lincoln: Okay!

We later got ready.

Me: Okay guys as you all know I'm back and now the leader again and I apologize to you all for leaving you. But as you all know today is April Fool's Day 2021 and this day has been Hell for mainly Nico's and Lincoln's families. In terms of pranks and all that and people getting hurt. We're going into battle against Luan's Dark Side and we call her Dark Luan. Lets wait till everyone gets here.

Jet, Mr. Mittens, Puff, Zzzax, Beast Man, Fixer, Kyd Wykkyd and Tar Pit then appeared.

Jet: Can me, Mr. Mittens, Puff, Zzzax, Beast Man, Fixer, Kyd Wykkyd, and Tar Pit help you guys out in case Dark Luan pulls something?

Me: You all sure can.

Kyd: We heard that you're back as leader now.

Me: Yep.

Mr. Mittens: Welcome back J.D.

Me: Thanks Mr. Mittens. It's great to be back.

Lori and the Loud Kids came back.

Me: Hey guys. How did you like the park?

Lori: It was literally amazing.

Lana: Yeah and so beautiful.

Lola: Yeah and the Harmonizing Heights was awesome!

Lily: And so melodious.

Me: Glad you all liked it.

Silverstream: The Harmonizing Heights are so soothing and peaceful. They can quell even the worst of tempers.

Lori: They sure can. We're literally sorry we got mad at you J.D.

Me: Ah it's all right Lori. You guys were upset because Nico was doing a better job as Leader. I completely respect how you feel about that. But I'm proud of all of you for doing a great job.

Nico: Thanks J.D. Next time lets ALL participate in the Ridonculous Race.

Me: Don is gonna be looking into that.

Nico: Cool.

Me: Now guys I know that this day has been Hell for you all and Nico's family and I remember hearing about it all since I first moved to Michigan, but this is gonna be Luan's Dark Side we're facing. She separated from Luan when she got her powers from Sulis, the Goddess of Light in Celtic Myth. We have to be careful when we're facing her.

Luan: That's right. She is me but her pranks are weapons of pain and torture and we're not gonna let her get away with all the pain she caused.

Nico: That's right!

Me: Yep. And those pranks were ferocious and deadly.

Hood Sickle: We may not have to faced Dark Luan. Not if we approach this the right way.

Leni: Meaning?

Hood Sickle: Use your head, Leni. The Moon Prison is full of guards, armed for combat. The minute Dark Luan tries to pull a prank, they'll kill her for us. Problem solved.

Me: Hood Sickle no. We have to approach Dark Luan very cautiously.

Laney: That's right. Take it from me and experiences when dealing with this.

Twilight Sparkle: What do you mean Laney?

Laney: I had to use Anti-April Fools Day Contingency Plans to counter all of Luan's pranks before.

Me: She sure did.

I went over everything Laney used to combat Luan's pranks and Connor's pranks in chapters 12, 18, 39 and 1023. When I was finished Twilight and the girls were all amazed.

Twilight Sparkle: Wow! You really outsmarted her every time.

Laney: One of the big lessons I've learned from her pranks is to always be prepared for anything that comes your way.

Nico: I was really impressed when she made all those countermeasures against her.

Sunset Shimmer: They are great countermeasures.

Varie: They sure were.

Me: Yep. And we were most impressed of all when Laney outsmarted Luan during the Body Double Switch Incident.

Laney: Yep that was pure genius.

Lisa Loud: Indeed it was Laney.

Sugarcoat: Wow. Very smart thinking.

Lola: Yep. That's our resident bookworm.

Laney: Thanks guys.

Me: Anyway lets get over to the Moon Prison.

We teleported to the Moon.

---

We arrived in the Moon Prison.

Me: Here we are guys.

Nico: Oh man. Where is Dark Luan's cell?

Me: Down in the supermax section. Follow me.

We went down the hall of cells.

Puff: Okay. Once we find Dark Luan's corpse, we need to get rid of it as quickly as possible. No trace of it can be allowed to remain.

Me: If she is dead. But chances are she won't be dead. Dark Luan is not the kind of person or monster to give up without a fight.

Luan: Yeah and she may be me and the very essence of my evil but she has to be transferred to another prison.

Me: And I got just the one. The Pluto Prison and she will be put in a crystal like all the other dark sides.

Eli: Good idea. (Gasp) Extendo boxing glove incoming!

We ducked as it was about to hit us.

Me: Nice try Dark Luan!

Nunnally: Great call Eli.

Eli: Thanks.

We continued walking down the hall of the prison to the Maximum Security Level and we saw numerous banana peels all over the floor.

Me: Banana peels? That gag is too old.

Nico: No kidding.

Jake Spidermonkey: What a waste of good bananas.

Jake picked up all the banana peels.

Nico then saw a flamethrower and just as Jake was about to pull on a banana peel attached to a string that fires it, Eli fired a blast of Force Lightning and cut the string.

Me: Whoa! She has Flamethrowers too!?

Eli: This dark version of Luan is like The Joker!

Nico: Maybe. But she didn't kill over 2,000 people.

Laney: That's a relief.

We continued down the hall and we saw a massive number of cups and they were full of nuclear hot and spicy hot sauce.

Me: Cups full of Hot Sauce? This is my kind of prank.

I picked up all the cups full of hot sauce and drank them and my fire aura exploded out and it was 1,000 Decillion times more powerful than ever.

Nico: Whoa! J.D. is gonna be feeling that.

Lola: Yeah.

Laney: That must be really spicy stuff.

Lynn: Yeah.

I drank all the hot sauce and it was good and intense.

Lemon Zest: J.D. has one strong mouth and stomach.

Nico: Yep.

Me: Ahh. Good hot sauce but nice try Dark Luan.

We continued down the hall.

Headstrong: I never thought we'd have a mission in the Moon Prison.

Me: We've had a couple of them before. Remember Gisele Razor?

Ra's: Yes I remember her.

Me: Hard to imagine that she would snap over the last tator tot.

Nico: No kidding.

Beast Man: I remember that Baddrah and Evil Lyn were sent here before.

Me: Yep. That feels like yesterday and Kendra Daniels was sent here.

Hunter: (German Accent) Ja und it was great you spared her after she helped us.

Me: That shows that she has honor in her heart.

Laney: Also Ra's was sent here ages ago.

Ra's: That's right and it was good food here in the prison and the view of Earth was amazing.

Nico: It sure is beautiful from here.

Lana: Lets not forget that Eustace was busted out of here by the Queen of The Black Puddle.

Bai Tza: I remember that. That was weird how she got up here like that.

Francesca: Yeah it was interesting to hear about that.

Courage: It sure was. I'll never forget hearing about that.

Francesca: Me neither.

Nico: Lots of amazing adventures. But Dark Luan's pranks are awful.

Connor Chan: Worse than mine.

Clown Man: I'd like to see Dark Luan try to prank me!

Me: Hold it!

We stopped and we saw in front of us a huge swimming pool.

Varie: A swimming pool?

Maria: This is gonna be easy.

Me: No Maria! Take a closer look at the water.

We saw that the entire swimming pool was full of jellyfish and they were surging with electricity!

Nico: It's full of jellyfish!

Olga Orromov: My kind of place to swim.

Nico: Dark Luan put a pool full of jellyfish in here!? She is REALLY crazy!

Me: I think I know what to do with this one.

I snapped my fingers and beamed the Sore Losers and Billy McLean over to us and they were over the pool. They fell in and got stung and zapped all over with incredible ferocity!

ZZZZZZZZZAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

They were screaming in excruciating pain as they were getting zapped and stung all over.

Vince: OOH!

Laney: YIKES!

Lana: That's gotta hurt!

Nico: Nice one!

Me: Yeah.

Gwen: This is so therapeutic.

Leshawna: Take that you sons of bitches.

Sammy: Yeah you losers!

We walked around the pool and went down the hall as we left the sore losers to get stung to death or burned all over.

Eli: Those sore freaks are gonna be feeling that in the morning.

Me: If they survive.

Fixer: I thought the guards were trained to deal with prisoners if they attempted to escape.

Me: They are trained. But apparently they have some form of vulnerability.

Eli: I sense a huge mischievous force with Dark Luan and it might have helped her get out and cause all this.

Superman: I have a feeling it's the 5th Dimensional Prankster, Mr. Mxyzptlk.

Me: I've heard of him.

Nico: That mischievous prankster from the 5th Dimension? Oh man he is so funny.

Laney: He is hilarious.

Luan: And I love all his pranks.

Eddy: They are awesome!

We then saw a bunch of fish on the ground.

Mr. Mittens: Yummy! There's fish on the ground!

Eli: Mr. Mittens wait!

Eli used the Force and then there were loud clangs and we saw the the fish were on lots of bear traps!

Nico: Bear traps!

Mr. Mittens: Whoa! Thanks Eli!

Lola: We step on those and our legs would get broken.

Nicole: Yeah remember how we found Marina?

Me: That would hurt.

Varie: Ouch.

We walked pass the bear traps and went further down the hallway.

Charge Man: Is that the best Dark Luan can throw at us?!

Me: I thing she's just getting started and I have a feeling that we're getting close.

Nico: Yeah.

Eli: I sense that she is right in there.

Eli pointed to a room and we went into it and we saw a chair with its back turned at us.

Dark Luan: Welcome everyone.

She spun around and had a cat in her lap.

Dark Luan: Welcome Team Loud Phoenix Storm. I have been expecting you.

Luke Skywalker: And I thought Palpatine was the only one who said that.

Me: Your pranks were impressive Dark Luan.

Luan: But you have gone too far with them!

Dark Luan: I'm impressed that you all got passed them and managed to come this far. You continue to amaze me even after I've been in here for the last 4 years.

Lola: You are a monster Dark Luan.

Luan: Yeah and you've tormented us for the last time!

Me: But we did use your Jellyfish Pool as a trap for the Sore Losers and Billy McLean.

Tar Pit: You've got no more pranks left!

Dark Luan: (chuckles) Oh, really? (presses button)

She fired mace balls at us!

Me: HIT THE DECK!

We ducked and Eli used the Force and Dark Luan gasped.

Eli: Catch!

Eli sent them back and one of them hit Dark Luan in the face.

CLANG!

Nico: OOH! That's gonna leave a mark!

Me: Ouch!

Luan: That one Maces you up! (Laughs) Get it?

We laughed at that one!

Eli: (Laughs) Good one!

Eddy: (Laughs) That was a good one!

Napalm Man: is that all you got?!

Dark Luan: (laughs) I'm just getting started!

Me: And so am I!

Dark Luan: I heard you just got done with The Ridonculous Race.

Me: Yeah I sure did. Awesome adventure around the world.

Dark Luan: Then how do you like Spain's running of the Bull?

She had a mad Texas Longhorn cow with her!

Me: Ooh!

I spun around and I was in a Matador Costume.

Me: This is gonna be fun.

I pulled out a red cape and the bull charged and I pulled back and spun around.

Everyone: OLE!

Me: (Spanish Accent) Ha ha! Come on El Toro!

I did a Matador trick and made the bull tired and knocked it down and then I did a Popeye trick and turned the bull into many meats.

Nico: OLE!

Eli: Yeah!

Applejack: Awesome Bullfighting!

Me: Thanks.

Dark Luan: I thought you all would've been able to defeat me by now. Just admit it. Nico's leadership has made you all soft! (presses another button)

Kyd: I'll teleport us out of the way of whatever's coming next!

She had a huge pie cannon and cake cannon ready to fire!

Nico: INCOMING!

She fired the pies and cakes and Pinkie Pie and Mary ate them as they were flying,

Me: My turn!

I fired waves of fruit and vegetables and they smashed Dark Luan in the face and covered her all over.

Me: You vegeta-believe it!

Luan: (Laughs) Good one J.D.!

Eddy: (Laughs) That was funny!

Lemon Zest: Hey, Dark Luan! (gives her the middle finger)

Dark Luan: (GASP) (FEROCIOUS GROWLING)

She charged at Lemon Zest roaring at the top of her lungs in extreme rage and then…

KROW!

Lemon Zest kicked her in the face and sent her crashing into the a pile of cow manure!

SPLAT!

Nico: OOH! That one Stinks! (Rimshot)

We laughed some more!

Muscle Man: You want pranks? I'll give you pranks! (walks up to Dark Luan)

Motormaster: Muscle Man's a goner.

Me: Oh boy.

Benson: Relax guys. Muscle Man is the greatest prankster in the Park.

Muscle Man got behind Dark Luan and put water balloons full of hot sauce in her underwear and popped them and they burned her all over and then he shoved a pie with ghost chilies in it into her face and burned her all over.

Me: NICE!

Mordecai: Way to go Muscle Man!

Muscle Man: You know who else loves good pranks? MY MOM!

Zzzax: (gives Dark Luan a piece of paper) Can you read what's on this piece of paper?

Dark Luan: (reads what's on the paper) "Lori, Lola, and Lynn are ugly."

Zzzax: Ha! Checkmate!

Lori: WHAT DID YOU CALL US!?

Lynn: YOU ROTTEN BITCH!

Lola: (BURSTS INTO FLAMES) NO ONE CALLS US UGLY AND LIVES!

They dogpiled onto Dark Luan and beat the living shit out of her all over!

Me: Nice one Zzzax!

Eli: Yeah!

Dark Spicer, Chemistro, Copperhead, Mojo Jojo, Goliath, Anti-Wanda, Cavalier and Box Ghost appeared.

Me: Dark Spicer, Chemistro, Copperhead, Mojo Jojo, Goliath, Anti-Wanda, Cavalier and Box Ghost.

Box Ghost: I am the Box Ghost! BEWARE!

Mojo Jojo: It sure looks like you all went through a lot.

Dark Spicer: (to Luan) Here's your warning: Your ass is about to be

kicked!

Luan: Not if I kick yours first peebrain!

Me: Thanks for being there for the meeting Dark.

Dark Spicer: Anytime J.D. and it's great to have you back as leader.

Mojo Jojo: Indeed and Nico was doing a really good job as leader. Where as I, Mojo Jojo would make a great leader for Vypra should she have gone on vacation.

Dark Spicer: You would make a great second in command Mojo.

Blossom: He sure would.

Buttercup: That's our number 1 archnemesis.

Copperhead then sensed something.

Copperhead: Alright! Come out! I know you're here!

Mojo: Who are you talking to?

Chemistro: Yeah. There's no one here but us and Dark Luan.

POOF!

A figure came out and it was MR. MXYZPTLK!

---

**Mister Mxyzptlk** is a antagonist of *Superman* comics and media. He is a classic example of a trickster villain; unlike many of Superman's enemies, he does not seek conquest or ruin - he just wants to mess with Superman for amusement as well as teach lessons to others, albeit in the manner of a trickster-god. He served as the main antagonist in *What Ever Happened To The Man Of Tomorrow* and *Supergirl: Cosmic Adventures in the 8th Grade* .

In the TV show *Superboy*, he was played by the late Michael J. Pollard.

In *Superman: The Animated Series*, he was voiced by Gilbert Gottfried, who also voices Iago from *Disney's Aladdin* .

Mister Mxyzptlk is a trouble-making imp from the Fifth Dimension who has been harassing Superman since the early days for no reason other than boredom and slight malice - his actions often get him arrested and set to trial in his own dimension but he continues to return since punishment doesn't really affect a being like Mxyzptlk - who can just as easily escape any imprisonment or sentence he may have had imposed on himself.

Superman first met Mxyzptlk when he appeared in Metropolis as the charismatic Ben DeRoy. Mr. Mxyzptlk once forced Superman and The Flash (Wally West) into a race that The Flash won. Mr. Mxyzptlk encountered Lex Luthor and learned the concept of how to lie. Later, Mr Mxyzptlk supplied Luthor with red kryptonite which made Superman's powers disappear, but Luthor violated Mr. Mxyzptlk's conditions and so Superman regained his powers. Mxyzptlk appeared in Metropolis and tried granting a wish to everybody in the city. He even tried, albeit unsuccessful at the time, to reunite Superman and Lois Lane.

There is a time when even a trickster is out-tricked. Mxyzptlk paid a visit to the insane Clown Prince of Crime, The Joker, at his cell in Arkham Asylum. He toyed with the notion of setting the Joker free with 1% of his power and watch Superman and Batman dance to his tune. Smarter than he may have seemed to Mxyzptlk, the Joker tricked Mxyzptlk into revealing his imp name and gained power over him. He took 99% of Mxzyptlk's power and used it to proclaim himself Emperor of a world he reshaped in his image. Superman, finding the flaw in his twisted logic realized that to the Joker, his existence is nothing without Batman. He couldn't even erase his own memories of the Dark Knight and therefore his reality was thwarted and Mxyzptlk was able to reign his powers back in and return to the 5th Dimension

Mxy has done many other things and he got bored of tormenting humans and other beings weaker than him, so when he found Superman, he was thrilled.

Me: Mr. Mxyzptlk in the flesh!

Mr. Mxyzptlk: (Voice sounds like Gilbert Gottfried) That's right J.D. and may I say that it's an honor to meet you. (Extends hand) Put her there.

We shook hands and then…

ZZZZZZZZAAAAAAAAAAAAAAAAAAAAAAAAAAAPPPPPPPPPPPPPPP

He electrocuted me with a Joy Buzzer.

Me: (Laughs) That was a good one!

Luan: Classic!

Me: But you are so funny!

Nico: He sure is!

Me: Yeah! (Laughs) Wait! You're the one that sent those Magic Boomerangs to the Loud's!

Mr. Mxyzptlk: That's right! I knew you would figure that out.

Nico: I had a feeling that it was your work.

Eli: You got to admit though, that was funny.

Lana: It sure was funny.

Lily: Yeah it was!

Me: I take it April Fools Day is your favorite holiday?

Mr. Mxyzptlk: You bet it is and aside from Superman you are the only ones who like all my pranks.

Me: Well you're one of the funny villains that cracks us all up.

Varie: And you are so funny. Unlike Dark Luan.

Laney: Yeah she is NOT funny.

Lucy Loud: No she isn't.

Rainbow Dash: No she isn't. I may be a prankster myself but I would never use pranks to hurt people.

Mr. Mxyzptlk: I agree. Thank you all.

Me: You're welcome.

Dark Spicer: I got two new aliens to show you. You are gonna see 2 of my Ultimate Forms.

He activated his first Ultimate Form and it was an evolved version of Burnswamp. Except he was red and black and he looked like Ultimate Swampfire and he had spines on his back and had flames on his face and back and they smelled horrible!

Ultimate Burnswamp: Meet… Ultimate Burnswamp!

Francis: It's about time we get to see Ultimate Burnswamp!

Ultimate Burnswamp: Well, I can guarantee that this was worth the wait! (fires a massive blast of fire at Francis)

Francis fired a blast of fire and the blasts collided and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared both were still standing.

Shanan: Wow! Not bad for your first time using an Evolved Methanosian Hybrid.

Dark reverted back.

Dark Spicer: Thanks Shanan.

Me: I have a feeling I know what's coming next.

Dark Spicer: Yep.

He turned into his next Ultimate Form and it was an evolved version of Deafblast. He looked like Ultimate Echo-Echo except he had blades on his arms and had more speakers and amplifiers all over his body and he was orange and had antennas on his shoulders and arms and head.

Ultimate Deafblast: (Techno Voice) Say hello to Ultimate Deafblast!

Silver Banshee: (Scottish Accent) That's probably one of your most powerful Ultimate Forms.

Ultimate Deafblast: I agree with you on that one. (fires a powerful sonic sound blast at Silver Banshee)

Silver Banshee fired a sound blast and we covered our ears and the sound blasted collided and exploded and we were nearly blown back from a massive loud sonic boom!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared they were still standing.

Me: WHOA! That was loud!

Shanan: That is impressive power for an Evolved Sonorosian Hybrid.

Maria: An awesome power for an evolved take on a cute creature.

May: Yeah.

Dark Spicer reverted back.

A figure came out and it was FORTISSIMODO back for round 2!

Tommy Oliver: Fortissimodo!

Me: Back for round 2.

Fortissimodo: Yep.

Laney: This is gonna be good.

Fortissimodo: Before I fight you Rangers, do any of you play the piano?

They looked at each other.

Tommy Oliver: I don't think any of us do.

Me: I don't remember seeing them do that.

Nico: Me neither.

Fortissimodo: Darn.

Me: Anyway lets get it on.

Fortissimodo: Awesome! Great to have you back J.D.

Me: Thanks. This is gonna be awesome. Maybe next time we can make up for my usual battle with Lord Drakkon.

Dark Spicer: Good idea.

We went at them and Ben turned into Ultimate Swampfire.

---

Battle 1: Eddy, Ben as Ultimate Swampfire, Twilight Sparkle, Joe Shimamura, Star Man and Flash Man VS Dark Spicer

---

Dark Spicer was first.

Dark Spicer: (to Eddy) So, you've fought this psycho version of Luan before?

Eddy: We sure did and she was a monster.

Ultimate Swampfire: She was a monster and she was the driving force behind all of Luan's evil pranks and she lashes out with them because a bully from her past picked on her and hurt her.

Dark Spicer: Oh man! What is her name?

Eddy: Abigail Sanchez. She hates Luan with a vengeance and we got her expelled and sent to prison.

Twilight Sparkle: Geez! I hope she learns from all this.

Joe Shimamura: That her actions can have consequeses.

Star Man: You said it.

Flash Man: Yep.

Dark Spicer: Good and I hope she learns her lesson.

Eddy: One can hope. Lets do it!

They went at him and Dark Spicer fired his blaster and they dodged the blasts and Star Man and Flash Man fired blasts of stars and light and they hit Dark Spicer all over.

Eddy, Ben as Ultimate Swampfire, Twilight Sparkle, Joe Shimamura, Star Man and Flash Man: STAR PLANET STYLE FORMATION ART: VEGANUEL STARSTORM BLAST!

They fired waves of stars and energy and they formed into stars and smashed into Dark Spicer and knocked him down.

---

Copperhead was next.

Copperhead: (to Tea Gardner) We're gonna have to let Mister Mxyzptlk go. No way in Hell are we messing with a 5th dimensional imp!

Tea Gardner: I agree. But he is really funny.

Sunset Shimmer: He sure is and he is one of the villains that literally cracks us up.

Jet Link: He sure does.

Copperhead: He is really funny. I didn't expect him to release Dark Luan for April Fools Day.

Sena: None of us did but I also think he is also responsible for sending those magic boomerangs to the estate and turning the Loud Kids into some people they are not.

Hood Sickle: I think so too.

Cuckoo Clocker: I have that feeling too.

Copperhead: Me too. Lets do it!

He spit venom at them and they went at him.

Hood Sickle and Cuckoo Clocker punched and slashed at him and knocked him down.

Tea Gardner, Sunset Shimmer, Jet Link, Sena, Hood Sickle and Cuckoo Clocker: PHOENIX SUNSET STYLE FORMATION ART: AMBER GLOW FIRESTORM!

---

Battle 3: Jaune Arc, Rainbow Dash, Françoise, Headstrong and Tantrum VS Mojo Jojo

---

Mojo Jojo was next.

Mojo: (to Jaune) You're going to think I'm crazy but- (sighs)- I think the Rowdyruff Boys should join the Masters of Evil.

Jaune: That would be crazy. But they would be good members.

Rainbow Dash: Who are the Rowdyruff Boys?

Mojo: They are boys I made to help me destroy the Powerpuff Girls.

He went over their history.

---

The **Rowdyruff Boys** (named **Brick**, **Boomer** and **Butch** ) are major antagonists in the Powerpuff Girls franchise and the male but wicked counterparts and evil biological counterparts of The Powerpuff Girls created by Mojo Jojo and, after their death, they were resurrected by HIM. They are 3 to 5 year-old bullies, with powers stronger and better then the girls, but very easily targeted weaknesses. Eventually, these ruffian kids made their lives' mission to kill (not just to defeat) Powerpuff Girls, and Powerpuff Girls, in turn, resorts to rid of these thuggish boys from life.

Because these boys possess powers greater than Powerpuff Girls, the Girls must bring out their all to have fighting chances against them (when fighting them, Buttercup who is well-known for all muscle and very little tact, actually discusses about strategy against Rowdyruffs). Whenever these two sides clash, collateral damages of immense proportion befall Townsville.

Brick and Boomer were voiced by Rob Paulsen, and Butch was voiced by Roger L. Jackson who also voiced Mojo Jojo in the same series.

Brick

**Brick**, nicknamed the **King of Crushing**, is the redheaded leader of the Rowdyruff Boys. He is the oldest of his younger brothers. He has a red hat and is the bossy, stuck up member of the team, as well as the brainiest out of all the Rowdyruff Boys, all of which is similar to Blossom, the leader of the Powerpuff Girls. Violent and cocky, his hatred for Blossom is what spurs Brick on throughout the show. In his 1st fight with Blossom, he mocked her repeatedly, calling her a sissy and expecting her to cry in pain when she gets hit.

### Boomer

**Boomer**, nicknamed the **Dumber Than The Dumbest**, is the dumb blonde and big mouth of the team, similar to Bubbles, his counterpart. He is the blue one. He is the dummy of the team and is always picked on by others due to being the youngest, especially his older brothers. His official special power is lightning control. Like his brothers, he is also sly and cool.

### Butch

**Butch**, nicknamed the **Baron of Berserk**, is a black-haired tough boy, the middle brother, and sociopath. He is reckless and enjoys fighting more than anything else, like Buttercup. While all three boys love to cause havoc, Butch seems to enjoy it the most. Often, he is the most caring but unlike his female counterpart sometimes, he'll be itching just to get out and do anything destructive. Butch seems to be a version of Buttercup that had all her battlelust and none of her conscience. He has a tendency to twitch when he gets particularly excited.

### Ultimate Fate

After the Rowdyruff Boys' final appearance in the episode "Custody Battle", it is unknown what happened to them afterwards. It could be possible that they were simply defeated by the Powerpuffs off-screen or they just left Townsville, and forgot all about destroying the girls, and never returned. However, it is highly unlikely that the girls would've defeated them because, in all of the boys' battle encounters with the girls, the girls were unable to defeat them. Plus the boys wouldn't likely rest until the girls are destroyed for good. The girls relied on other methods to "beat" them such as in "The Rowdyruff Boys", when the girls flirted with them and kissed them on the cheek which destroyed the boys. Or in "Boy Toys" when the girls used Princess' plane, boat, and tank and the boys' natural love of violence against them, which resulted in the boys playing with and destroying Princess' mobile weapons. The boys had so much fun that they laughed to the point where they could not move anymore and so the girls had used their knowledge of the boys to "defeat them".

In "The Boys Are Back In Town", the girls embarrassed them and threatened their masculinity which caused HIM to angrily come and fetch them. In all of these fights, the boys were never actually defeated by the girls. The flashback from "The City of Clipsville" is considered non-canon, as Buttercup pointed out how dumb the flashback was and how it turned out. It should also be noted that in all of their fights against the girls, they were never exhausted or worn out. However, it is possible that the girls found a way to defeat the boys for good if another episode was made, since they didn't appear in the specials or the series finale. This could mean the Rowdyruff Boys were killed for good off-screen by the girls if the original series continued.

---

Jaune: Wow! I guess that saying "What Are Little Boys Made Of?" Is true.

Françoise: I thought that was just a myth. But it is really true.

Headstrong: But it is a clever method.

Tantrum: It sure is.

Jaune: No kidding.

Mojo: Yeah and Him stole my creation where I, Mojo Jojo am the TRUE creator of the Rowdyruff Boys!

Jaune: When we kill Him in the future we'll make sure you get that custody back.

Mojo: Thank you. Lets do it!

Mojo pulled out a blaster and fired at them and they dodged the blasts and Headstrong and Tantrum smashed him down.

Pinkie Pie: And they were not funny!

Geronimo Jr.: No they weren't.

Gyro Man: I like good pranks but those pranks are weapons of murder!

Charge Man: Yeah! J.D. told us all about the pranks that happened and they were horrible.

Applejack: Yeah and Rainbow Dash's pranks were nowhere near as bad as Dark Luan's.

Rai: They sure are and they are bad news.

Rarity: Wow. That must've been really awful.

Luke Loud: I wasn't here with my brothers and team.

Sir Great Britain: But that really was bad.

Sugarcoat: No kidding.

Lemon Zest: Yeah.

Cavalier: Wow. That was crazy. Lets get it on shall we?

Cavalier pulled out a white glove and slapped Luke.

Box Ghost: (to Omi) At least Dark Luan didn't escape to Earth.

Omi: (Tibetan Accent) And thank goodness for that or we would REALLY be asking for it.

Starlight Glimmer: Yeah I like good jokes but these are not jokes. They are weapons of murder.

Pyunma: I was just about to say the exact same thing.

Xerneas: Me too. Dark Luan has no love for anyone and J.D. was not kidding when he said that Dark Luan was that dangerous.

Onslaught: Yeah no kidding.

Motormaster: But thank goodness we're going to stop her for good.

Box Ghost: We sure do. Lets do it!

Anti-Wanda: It sure was.

Cavalier: What shall we do with Dark Luan?

Box Ghost: I say we kill her and dump her body in the ocean!

Me: No guys. It goes against our code. As much as we want to, Dark Luan is the same age as Luan is.

Nico: Dark Luan is only 14 guys.

Me: I have a better idea.

Bobby imprisoned Dark Luan in a yellow crystal and I snapped my fingers and beamed her to the Pluto Prison.

Connor Chan: Good riddance to that monster.

Pinkie Pie: Yep.

Me: Now we can have regular and normal harmless April Fool's days.

Nico: Yep.

FFFFAAAAAAAAAARRRRRRRRTTTTT!

Me: WHOA! Pardon me!

Nico and everyone laughed as Nico pulled out a whoopee cushion.

Nico and everyone: APRIL FOOLS!

Me: (LAUGHS) Good one guys! You got me!

Luan: (Laughs) That was a gas!

We laughed.

Me: (LAUGHS) That was funny! It feels great to be back.

Varie: You said it.

Luan: (To the viewers) HAPPY APRIL FOOLS DAY EVERYONE!

Me: And safe pranks to you all!

We winked at the camera.

THE END

Another awesome funny chapter done.

Happy April Fools Day everyone. This was an original chapter for April Fools Day. Next Year we'll have a non-combat April Fools Day holiday chapter for it. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Drako1234658 and ninjakingofhearts all gave me the ideas for this. Next up is where we meet the Loonatics and we're also gonna be going to church to learn all about Good Friday, the day Jesus Christ made the ultimate sacrifice for the forgiveness of our sins. We're also going to take down one of the enemies of the Loonatics in the 28th Century.

See you all tomorrow.

# Future Perils of the 28th Century

In the World Tree Estate we were watching TV while we were waiting for Dr. Lopez to arrive.

Nico: I got to admit though J.D. that park of yours is amazing.

Lori: It sure is. How did you have the Harmonizing Heights be part of our park?

Me: That is an interesting story. It was shortly after the estate turned into the World Tree Estate.

---

Me: (Narrating) **After discovering the park in the estate, I was so entranced by its amazing beauty. Then after walking around, my cutie mark started glowing.**

Me: Huh?

I looked and saw that my Cutie Mark was glowing and I knew that meant one thing.

Me: (Gasp) The map is calling. Lets see what Friendship Problem is needed this time.

I went to the map room.

---

In the Map Room, Twilight was looking at the map of Equestria and the world and then the door opened and the Cutie Mark Crusaders came in.

**Scootaloo** : Princess Twilight!

**Cutie Mark Crusaders** : We're glowing!

Their cutie marks were glowing and this was a major first.

**Twilight Sparkle** : [giggling] That's what happens when you're summoned by the Map.

**Sweetie Belle** : Somepony needs *our* help?

**Apple Bloom** : *We're* being called by the Map?

**Scootaloo** : Did I mention we're glowing?!

**Twilight Sparkle** : [giggling]

I came in.

Me: Oh it looks like I'm not the only one. Wow. You 3 were called by the map? This is a first.

Apple Bloom: It sure is. This is gonna be so cool!

Sweetie Belle: It sure is.

**Scootaloo** : So where exactly in Equestria are we needed?

**Twilight Sparkle** : Actually, where you're going isn't even *in* Equestria.

We saw that our cutie marks were orbiting around a mountain at the edge of the table.

**Sweetie Belle** : Wow! That's almost… off the table!

**Apple Bloom** : But what's way out there?

**Twilight Sparkle** : Mount Aris, the home of the Hippogriffs! And that's where you're headed!

Me: This is gonna be interesting. We've never seen that part of the world before and it will be cool to see the home of Silverstream.

**Cutie Mark Crusaders** : Whoa… !

Me: I also heard that the Seaponies live near there in the water.

Twilight Sparkle: Yep.

Me: Well lets head out.

We went to the train station.

Nico: This is gonna be fun. I've heard about what happened with Mount Aris and all that with the Storm King. It'll be interesting to see it.

Laney: It sure will.

**Sweetie Belle** : You really don't need to come with us, Twilight. We can take care of this mission just fine on our own.

**Apple Bloom** : Mm-hmm.

**Scootaloo** : Yeah!

Scootaloo crashed into a pony carrying luggage and she was knocked down.

**Scootaloo** : Oof!

Me: You girls all right?

**Sweetie Belle** : Ugh!

I picked up all the luggage and all that.

Me: Sorry about that.

**Twilight Sparkle** : I know that. But I'm not so sure the ponies who care about you want you going off so far on your own. Besides, there's some school business I need to take care of on Mount Aris. (She pulled out a permission slip) This permission slip is for Silverstream. It's very important that her mother and father sign it, or else no field trips.

Me: That's understandable.

Nico: Yep.

Lola: This will be a first for all of us.

Me: I know. Next to the Peaks of Peril where we met the Kirin we're going to see the homes of the hippogriffs and the seaponies.

Nico: Yep.

**Scootaloo** : [whispering, to Apple Bloom and Sweetie Belle] Sounds like somepony just wants a vacation.

**Cutie Mark Crusaders** : [giggling]

**Twilight Sparkle** : Okay, yes, I have been wanting to visit Mount Aris ever since the Hippogriffs moved back. But it's purely research. Silverstream's brother is gonna meet us there and take us to their houses.

Me: Understood.

**Apple Bloom** : Wow! They have more than one house?

**Twilight Sparkle** : I guess so. The social structure of the Hippogriffs and seaponies is a bit of a mystery.

Me: This is gonna be really fascinating for all of us.

**"All Aboard"** : All aboard! Last stop - the new Mount Aris Station!

Me: That's us.

We got on board the train.

[ponies chattering]

[train whistle blows]

We were off.

[train chugging]

Lana: I can't wait to see what Mount Aris is like.

Lucy Loud: Me too.

Nico: I heard that it went through a lot with the Storm King.

Me: That's what I heard.

**Sweetie Belle** : I don't know if I'd like being a Hippogriff. Part bird, part pony…

**Scootaloo** : I'm happy with just my pony parts, thanks.

**Apple Bloom** : I think Hippogriffs *are* pretty neat. I learned all about them from Applejack. The Hippogriffs all once lived happily on Mount Aris. But when the Storm King invaded, they used a magic pearl to turn into seaponies and escape to the underwater safety of Seaquestria. Then, in the Battle of Canterlot, when Applejack defeated the Storm King-

**Twilight Sparkle** : Wait, what? She told you *she* defeated him? By herself?

**Apple Bloom** : Uh, maybe she didn't say that exactly. But it makes for a better story.

**Twilight Sparkle** : [giggling]

Me: That's all right. I thought it was really cute. But it was really Tempest Shadow that destroyed the Storm King.

Nico: That's right. She is a true hero.

Me: She sure is.

Apple Bloom: How did she defeat the Storm King?

Me: That is an awesome story there.

I went over the Storm King's history.

---

The **Storm King** is the main antagonist of the 2017 animated film *My Little Pony: The Movie*, based on the *My Little Pony: Friendship is Magic* series, the posthumous overarching antagonist of *My Little Pony: Equestria Girls - Spring Breakdown* and a posthumous antagonist in the rest of the series. He is the former master of both

Tempest Shadow and Grubber and one of Twilight Sparkle's archenemies.

He was a tyrannical satyr-like creature who commanded a formidable army in his quest for power. He and his army invaded Canterlot so he can steal the magic of the Alicorn Princesses with the Staff of Sacanas in order to make himself all-powerful without anyone-else to help serve him. However, he met his end at the hooves of his former commander, Tempest Shadow, who he had betrayed earlier when he attempted one last attack on the Mane Six.

He was voiced by Liev Schreiber, who also played Sabretooth/Victor Creed in *X-Men Origins: Wolverine*, Stu Wargle in *Phantoms*, Ray Donovan in the series of the same name, Ted Winter in *Salt*, Colonel Alexander Vosch in *The 5th Wave*, and Kingpin/Wilson Fisk in *Spider-Man: Into the Spider-Verse* .

History Backstory

While the exact origins of the Storm King are completely unknown, it can be presumed that he took over many lands beyond Equestria, before learning of Equestria's princesses and their alicorn magic. At some point, he met up with Grubber from an unknown destination, making him his smallest servant. He destroyed many other kingdoms as well, including Capper's home and the kingdom of the hippogriffs, and enslaved many others, including Captain Celaeno and her crew. He also met up with Tempest Shadow and told her that if she helped him steal the alicorn magic, he would use it to restore her horn.

The Invasion

The Storm King's invasion of Equestria begins during Canterlot's Friendship Festival, where Twilight Sparkle and her friends are preparing for a concert. The Storm King's henchmen, Tempest Shadow and Grubber, arrive ahead of him intending to capture` the four princesses for his upcoming arrival. During the ensuing chaos, Tempest manages to use obsidian orbs to petrify Princesses Celestia, Luna, and Cadance, while Twilight and her friends manage to escape. The Storm King calls Tempest to learn of her progress, during which he assures her that if Twilight is not captured and brought to him within three days, she will be severely punished.

Even though not a physical appearance, a bobblehead of the King is held by Murdock when Tempest interrogates the pirates on the Mane Six's whereabouts.

## Stealing the Magic

The Storm King later arrives in Canterlot, with Tempest having fulfilled her promise of successfully delivering the Princess Twiligh after she screwed up their chances of getting help from the Hippogriffs, getting into a fight with Pinkie, hurting her feelings and her friends abandoning her, as the result of their fight gave Tempest the opportunity to finally capture her with no friends to save her this time. The Storm King uses the Staff of Sacanas to absorb the magic of all four princesses, much to his glee. As he begins experimenting with his new abilities by taking a shot at a de-powered Twlight, then rapidly accelerating the day and night cycle of the world, Tempest attempts to ask when he will restore her broken horn, only to be set aside. Then Twilight's friends all came back to save her, accompanied by the con-cat Capper, the Parrot Pirates, and Princess Skystar, infiltrate Canterlot and fend off the Storm King's soldiers, after he sees Twilight's friends coming, he uses his staff to create a massive hurricane, blowing away the rest of his army and shielding the castle to keep the Mane 6, Spike and Capper from getting closer. When Tempest tries to persuade him to fulfill their bargain, the Storm King scoffs and betrays her, revealing that he had only been using her and that she has outlived her usefulness. He attempts to kill Tempest but is blown back when she blasts him back with her magic. Twilight sees an opportunity to get the staff away from the Storm King but chooses to save Tempest instead. The Storm King laughs at this gesture and then prepares to murder them both as Twilight and Tempest are both no longer of use to him anymore.

## Final Battle

Just as he is about to kill Tempest and Twilight, Twilight's friends launch themselves out of a massive cannon, ramming the Storm King out of the way and lodging the Staff of Sacanas into the mosaic above the throne room. Twilight and her friends make up as they apologise for what they never should've done to each other at a terrible time. As Twilight and her friends work together again, they fight against the raging winds of the hurricane and the falling debris of the collapsing throne room in an attempt to retrieve the staff. Right behind them, The Storm King emerges from underneath some of the fallen rubble and desperately climbs in pursuit of the staff. Fighting against the Mane 6 in the race for the staff, he hurls himself at the staff in a fit of desprate rage, just as Twilight grabs it first just in time, but the strong winds pull Twilight, the staff, and himself through the window and out into the hurricane. As Twilight and the Storm King are presumed dead, as the Mane 5 and Spike are sad that Twilight is gone.

Death

Just when the ponies think Twilight is dead, and mourn for her, she emerges from the eye of the storm with the staff, still alive, and uses it to end the chaos the Storm King began. As she and her friends embrace each other, the Storm King survived the storm too and sneakingly climbs back up over the balcony and hurls an obsidian orb at them in a last attempt to retrieve the staff and defeat Twilight and her friends once and for all. Tempest, however, spotted him and saw what he was about to do. Having had a change of heart after being saved by Twilight and realizing the king is too dangerous to be kept alive, she leaps in front of the princess and her friends and onto the Storm King, taking the hit and transforming them both into obsidian statues. While Twilight uses the staff to save Tempest, The Storm King's petrified body plummets down to the courtyard below and shatters into pieces upon impact, killing him and ending his oppressive tyranny over Equestria, all the lands he took over the years and his plan to rule the world before it could truly begin.

In the credits, while still in pieces in stone form, his eyes were seen moving while trying to dance before his body was reduced to rubble again.

Role in the Series Season 8

In the premiere episode " *School Daze Part 1* ", he is mentioned when Twilight says that Tempest left Ponyville to spread the word of the Storm King's defeat. He was also mentioned by Sandbar when reminds the creature students that the Mane Six saved Equestria.

In the episode " *Surf and/or Turf* ", the Storm King is mentioned several times to recount the events of the film and when he attacked the Hippogriff Kingdom during his reign.

In the episode " *The Hearth's Warming Club* ", the Storm King makes a cameo in Silverstream's story about how she and the other hippogriffs celebrate the "Three Days of Freedom".

In the episode " *What Lies Beneath* ", the Storm King appears as an illusion formed from Silverstream's deepest fears.

In the episode " *Father Knows Beast* ", the Storm King is mentioned.

## Role in "Equestria Girls"

In the special "Spring Breakdown", taking place between the movie and Season 8 of the series, the Storm King is mentioned multiple times, and his leftover magic is the source of the havoc that happens in the human world.

## Role in the Comics

The Storm King appears as the main antagonist in IDW's *My Little Pony: The Movie Prequel* . It depicts what he did during his reign, conquering many lands, including the Abyssinian capital of Panthera. His second-in-command at the time was Strife, a cloud creature who secretly planned to betray him and side with the Pirates.

In Issue #1, he and Strife invaded Panthera, plundering all the palace treasure and setting fire to the rest of the city. However, Strife later betrays the Storm King and allies with Captain Celaeno and her crew of parrot pirates. The Storm King, enraged by this betrayal, appoints Grubber as his new second-in-command.

In Issue #2, the Storm King catches up with Celaeno's ship, tosses Strife overboard for his betrayal, and forces Celaeno and her crew to work for him as cargo haulers.

He does not appear in Issue #3, but he was mentioned.

In Issue #4, the Storm King tracks down Tempest Shadow, who has had the Misfortune Malachite while fleeing from his Storm Creatures. The two then allies, with Tempest agreeing to become the Storm King's new lieutenant in his search for magical power in exchange for the Storm King healing her broken horn.

The Storm King is also mentioned during the Convocation of Creatures on *My Little Pony: Friendship is Magic Issue #61* page 15.

The Storm King is also seen in a flashback in *My Little Pony: Friendship is Magic Issue #68* .

---

When I was done everyone gasped.

Scootaloo: Whoa! That's terrible!

Sweetie Belle: Yeah but Tempest is a true hero.

Apple Bloom: A redeemed hero.

Me: She sure is. It's a shame she lost her horn in an Ursa Minor attack.

Nico: But she has that cool scar on her.

Me: She sure does.

[train whistle blows]

**"All Aboard"** : Final stop - Mount Aris Station!

Me: This is our stop.

We arrived at Mount Aris and it was beautiful and amazing.

**Scootaloo** : [gasps]

**Cutie Mark Crusaders** : Whoa!

Me: Amazing.

[train chugging]

[brakes hissing]

We arrived at the station and got off.

Me: Wow. So this is Mount Aris. We are probably the first ever humans to see this place.

Nico: We sure are. It's beautiful out here and the view of the ocean is amazing.

Laney: It sure is. Smell that ocean water air.

Lori: Literally beautiful.

**Sweetie Belle** : All right. So what kind of cutie mark-related friendship problem do you think we're supposed to solve?

**Twilight Sparkle** : I don't know. But Hippogriffs don't have cutie marks. So it might not have anything to do with that at all.

Me: That's a shame.

We saw that she was right.

**Apple Bloom** : Huh. Still, the Map called us, so it must be a kind of problem that only we can solve.

They high hoof.

**Cutie Mark Crusaders** : Go, Crusaders!

**Sweetie Belle** : But how do we know exactly who we're supposed to help?

Me: That is a good question.

**Scootaloo** : Ahem. Attention, please! Anygriff here have a problem?

[beat]

They shook their heads for no.

**Scootaloo** : Eh. That's all I got.

**Apple Bloom** : Maybe if the Map could be a little more specific about our mission, like maybe… an address?

**Twilight Sparkle** : The Map doesn't really work like that. But I'm sure you and whoever needs help will find each other.

Me: It's true girls and learning from past experiences we have to figure who needs help on our own.

Twilight Sparkle: Yep it's true.

We went down to the docks of the beach and we heard water splashing.

[water splashing]

**Terramar** : Excuse me! Miss Sparkle? Over here! Sorry I'm late. I'm Silverstream's brother Terramar.

Me: Oh pleasure to meet you.

Terramar: Wow! J.D. Knudson and all of Team Loud Phoenix Storm. It's an honor to meet you.

Me: Same here.

Nico: Silverstream told us a lot about you. It's a pleasure to meet you.

Terramar: Same here.

**Apple Bloom** : A Hippogriff can have a seapony for a brother? How does that work exactly?

**Sweetie Belle** : Shhh! It's rude to ask a question like that!

[magic sounds]

Terramar transformed from a seapony back to a Hippogriff and flew to us.

Me: Wow!

**Scootaloo** : Whoa!

Nico: That is so cool!

He landed by us.

**Apple Bloom** : Can I ask now?

**Terramar** : [chuckles] It is kind of strange. See, after the Storm King was defeated, the seaponies didn't have to hide anymore. So some of them changed back to Hippogriffs and went home to Mount Aris.

**Twilight Sparkle** : But others got used to living under the water and stayed in Seaquestria.

Me: That's interesting.

Eli: I think that is amazing.

**Terramar** : And me? Well, I kind of go back and forth with this. It's a tiny piece of the magic pearl. It was split up among our kingdoms.

Apple Bloom: Cool!

Sweetie Belle and Scootaloo: Whoa!

Me: That is amazing.

Varie: It sure is and the Neptune Crusaders can breathe and fight underwater too.

Laney: They sure can.

**Twilight Sparkle** : Well, I'm pretty eager to see the Hippogriff village. You know, to… get this form signed. And… research! So…

Me: We're fascinated with learning about Mount Aris and it'll be cool to see Silverstream's and yours home.

Terramar: Sure.

**Apple Bloom** : Hey, Terramar? Does anygriff you know up there have a problem they need help with?

**Terramar** : [chuckles] On Mount Aris? No. Everygriff is pretty happy up there. [sighs] It's a great place to live.

Me: I can't wait to see it.

Nico: Me too. This is gonna be awesome.

We went up to the Hippogriff village and it was incredible. It had lots of Hippogriffs playing and talking and having fun.

[Hippogriffs laughing]

Me: Wow! So this is the Mount Aris Hippogriff village. It's amazing.

**Twilight Sparkle** : Whoa! This looks amazing! Last time I was here, it was a ghost town!

Me: I remember you told us about that Twilight.

**Terramar** : Yeah. Queen Novo thought it was important to return our village to its former glory.

Nico: Wow. And it's more prosperous than ever before.

They hung a flag up.

[trumpet fanfare]

Terramar and Silverstream's dad Sky Beak came.

**Sky Beak** : And now, I officially open the "Glad to Be a Hippogriff" Festival!

[trumpet fanfare]

[Hippogriffs cheering]

Sky Beam and another Hippogriff bowed and flew into the air.

[whoosh!]

[Hippogriffs cheering]

They did stunts and tricks and they were amazing.

**Twilight Sparkle** and **Cutie Mark Crusaders** : Ahh! Whoa!

Me: Wow! That is awesome!

Nico: They sure are acrobatic.

[Hippogriffs continue cheering]

**Scootaloo** : Wow! We picked a good day to show up!

Me: We sure did.

**Terramar** : Not really. We do this every weekend. Hippogriffs *really* like being Hippogriffs.

Me: I can see that.

[Hippogriffs cheering]

They landed and Sky Beak saw Terramar.

**Sky Beak** : [chuckles] There's my boy!

**Terramar** : Hi, Dad!

They hugged.

**Sky Beak** : Haven't seen you in days, son. Wish you'd come around more often.

**Terramar** : Oh! Dad, these are some of Silverstream's friends from Equestria. They came up to-

**Sky Beak** : [gasps] Princess Twilight Sparkle and Team Loud Phoenix Storm! [screeches]

**Cutie Mark Crusaders** : Aah!

Me: Ow! Wow.

Nico: That was loud but cool.

**Sky Beak** : Attention, everygriff! Princess Twilight Sparkle is here! She's Silverstream's teacher! And the famous Team Loud Phoenix Storm is here.

[Hippogriffs gasping and exclaiming]

Sky Beak: And it's an honor to meet the famous Team Loud Phoenix Storm.

Me: Pleasure to meet you too sir. We are honored to be here.

Nico: Same here.

Sky Beak: It's an honor.

Laney: We are glad to be here.

Me: But Twilight Sparkle is here because she has important business.

**Sky Beak** : Of course. Here to take in the marvel that is Mount Aris, your Highness?

**Twilight Sparkle** : Absolutely! *And* to have you sign a form for Silverstream.

**Sky Beak** : Glad to! But first, let's show the princess some real Mount Aris hospitality! To the refreshment tent for a stein of salmon juice!

Me: Me and the Cutie Mark Crusaders here were called to help with a friendship problem.

I went over everything.

Sky Beak: I see. I'll have Terramar be with you all.

Me: Thank you.

**Twilight Sparkle** : Eh. Research. See you later! And good luck! I know you'll find your mission!

Me: We know we will Twilight.

**Sweetie Belle** : Well, your dad's certainly… outgoing, isn't he?

**Terramar** : He's a great guy. All my relatives are nice. That's kind of the problem-

We then heard melodious music.

**Sweetie Belle** : Wait, stop.

[whimsical wind chimes]

Me: Wow. That is melodious.

**Sweetie Belle** : What's that wonderful sound?

**Terramar** : Those are the Harmonizing Heights. Legend says that-

[zoom!]

Sweetie Belle zoomed into a park place and it had melodious music and more.

[whimsical wind chimes]

[birds chirping]

The park was so beautiful and the birds and butterflies flew all over and it was so beautiful.

[water splashing]

Sweetie Belle was jumping in the water and on the rocks.

Me: Wow.

Nico: Now that is so soothing and peaceful.

**Sweetie Belle** : Woo-hoo! Yeah! Awesome! I love this!

**Terramar** : Uh, is she okay?

Me: She's just enjoying the serenity of this whole place. It's so beautiful.

**Sweetie Belle** : This is absolutely the best place ever! You are so lucky!

**Scootaloo** : And you get to swim in the ocean! You have two great places to live!

**Apple Bloom** : How do you make up your mind which one to stay in?

**Terramar** : I can't. That's the problem.

**Apple Bloom** : Did you say… "problem"?

**Sweetie Belle** : *You* have a problem?!

He nodded.

**Scootaloo** : Yes!

Me: I think we found our friendship problem for you girls.

**Sweetie Belle** : Woo-hoo! (Birds flew away) We discovered our mission!

**Scootaloo** : All right!

**Apple Bloom** : We did it!

**Sweetie Belle** : Woo-hoo-hoo-hoo! [chuckles nervously]

**Scootaloo** : Sorry. You were talking about your problem?

Me: Yeah sorry they are just excited because we figured out their friendship mission.

**Terramar** : Right. That's okay. Like I said, Mount Aris is one great place to live. That's why Silverstream and my dad and some of my cousins came back here. But Seaquestria is another great place to live. That's where my mom is.

Me: Wow.

**Sweetie Belle** : Ohhhh. I-I didn't know that.

Me: Living in and being torn between two places at once can be really stressful.

**Terramar** : So no matter where I am, I feel like I'm letting someone down.

Me: Mm. I know how that feels.

Nico: Yeah it's tough.

**Apple Bloom** : No wonder you're having such a hard time deciding.

**Terramar** : And I have to choose soon. Every other griff my age already knows where they belong. I'm still not sure.

**Scootaloo** : When in doubt, chart it out!

We made a chart of Mount Aris and Seaquestria.

**Scootaloo** : Now, we put down everything great about each place and everything not so great. Compare them, and… your decision is made for you!

Nico: Good thinking girls.

**Sweetie Belle** : Well, it's obvious, isn't it? Mount Aris is the best of all possible worlds. Pro - it's beautiful. Con - too far from Equestria.

Me: It is beautiful and majestic.

Sweetie Belle: I think that pretty much sums it up.

Me: Not quite yet

**Terramar** : But you haven't been to Seaquestria yet. How can you even compare them?

Me: This will be our first time seeing Seaquestria. I've always wanted to see it.

**Apple Bloom** : Terramar's right, Sweetie Belle. It'd be fair if we visited both places before we decide.

Twilight Sparkle landed.

[screech]

**Twilight Sparkle** : Hey, everypony! This festival is fantastic! Look what I won at the ring toss booth!

We saw that Twilight won an awesome Trophy.

Me: Wow! Awesome trophy Twilight.

Nico: Cool.

Twilight Sparkle: Ahem. But of course, I'm really here on business. Sky Beak's already signed the form. Now I just need your mom's signature. Is she around?

**Apple Bloom** : Um… she's a seapony. In Seaquestria.

**Twilight Sparkle** : *That's* what Silverstream meant by "houses"!

Me: Yeah they live in two places.

**Terramar** : Mm-hmm. If you'd like to meet my mom, we're just heading down there now.

**Apple Bloom** : And how exactly are we gonna visit underwater?

Me: The Magic Pearl. But we have the power to live and fight and breathe underwater.

We were all in the water and the ponies held hooves and claws and Terramar touched his pearl shard.

[magic sounds]

They turned into seaponies.

[water bubbling]

Me: Oh wow!

Eli: That is so cool!

Varie: It sure is!

Nico: Awesome!

**Scootaloo** : Whoa! (Swimming around) [giggling] Woo-hoo! Yeah! [giggling] Whoa! This must be just like flying! Woo-hoo!

Me: (Laughs) Looks like someone loves the water.

**Apple Bloom** : Where's your mom's house, Terramar?

**Terramar** : Come on. It's this way.

We followed Terramar.

**Scootaloo** : This is awesome!

We were swimming and Scootaloo was having fun.

**Scootaloo** : [giggling]

We arrived in Seaquestria.

Me: Oh wow!

Nico: This must be Seaquestria.

Varie: It's beautiful.

Eli: Wow!

Ariel: It's magnificent.

Me: Incredible. We're the first humans to see this place.

Varie: And the first mermaids.

Laney: So awesome.

Lola: Look at all the beautiful fish.

Lana: And the seaponies too.

We went into a building.

**Terramar** : Mom!

We saw Terramar and Silverstream's mom Ocean Flow.

**Ocean Flow** : Terramar! Welcome home, baby! No excuses. This time, you're staying for dinner.

**Terramar** : [chuckles] Scootaloo, Sweetie Belle, Apple Bloom, J.D., everyone, this is my mom Ocean Flow. And this is-

**Ocean Flow** : [gasps] Princess Twilight Sparkle and J.D. Knudson and all of Team Loud Phoenix Storm! What an honor!

Me: Pleasure to meet you.

Nico: Same here.

Ocean Flow: You know, Silverstream just raves about all of you.

**Twilight Sparkle** : Well, she is one of our most hardworking students.

Me: And she's a great friend and teammate.

Twilight Sparkle: In fact, I brought this form for you to sign so that-

**Ocean Flow** : Both my children are so smart. Would you like to see their baby pictures?

**Terramar** : *Mom!*

Me: (Laughs) It's all right Terramar. The same thing happened to me several times in the past.

Terramar: Really?

Me: Mm-hmm.

Nico: Yeah we're pretty much used to it.

**Twilight Sparkle** : That sounds adorable! I'd love to! And you know, to find out about aquatic pony early development and, uh…

**Cutie Mark Crusaders** : [giggling] Research.

Me: She wants to come down here for research and more.

**Ocean Flow** : Oh, well, maybe your friends would like a snack while we're gone? Some kelp chips? Fish oil tea?

**Terramar** : No, thanks, Mom. I'm gonna go show them around.

Me: It'll be cool to see all of Seaquestria.

We followed Terramar.

**Scootaloo** : Look out! [giggling] (Fish chased her) Can't catch me!

**Sweetie Belle** : Huh. Not much sunlight down here, is there?

Me: No it's dark in some spots.

**Scootaloo** : [giggling]

[bongo drums drumming]

**Scootaloo** : Boom-ba-da-boom-ba-da-boom-ba-da-boom-ba-da-boom-ba-da-boom-ba-da-boom!

Luna: Rockin beats dude.

**Sweetie Belle** : No grass to run in and no hooves to run on it with. And excuse me, but how do you keep from getting all pruney? [sighs]

Me: I guess it's part of the Seaponies biological makeup. Same thing with mermaids. It's really cool.

Scootaloo was having a really fun time.

**Scootaloo** : [laughing]

[thud]

She crashed head first into the ground and came out with a conch shell in her mouth.

**Scootaloo** : [bubbly] Everything sounds funny down here!

Me: Well it's part of the water Scootaloo.

Bubble transition

**Sweetie Belle** : Okay. I've seen everything I need to. So, uh, why don't we find Twilight Sparkle, finish the chart, and, uh, head back up the mountain? I have some serious field twirling to do.

Me: (Laughs) The Harmonizing Heights were really tranquil. In fact they have given me a great idea for our park back at the World Tree Estate.

Sweetie Belle swam off.

**Scootaloo** : Where's she going? I want to stay and swim some more! [sighs]

Me: Yeah being underwater is really fun. I like it too.

Nico: We all do.

FLASHBACK ENDS

Me: We pretty much know how it all went after that.

Nico: Yeah but it was so cool seeing Seaquestria and Mount Aris.

Eli: And meeting Silverstream and Terramar's parents.

Lola: It sure was and Scootaloo had a lot of fun there.

Nico: She sure did. Scootaloo had a lot of fun underwater.

Lana: Yeah.

Me: Also we had no idea this happened twice. Terramar was having the same friendship problem twice. The 1st time was back before we met everyone in Equestria and now after we got the World Tree Estate.

Varie: Wow! What are the odds of that?

Nico: No kidding. And it killed a few minutes. Dr. Lopez should be here any minute.

DING DONG!

Me: Oh that's her.

The Elevator came up and opened and out came Dr. Lopez.

Me: Hello doctor.

Dr. Lopez: (Spanish Accent) Hello J.D.

Swift Foot: Thanks for agreeing to meet with Nico, Dr. Lopez.

Dr. Lopez: It was my pleasure Swift Foot and thank you all for inviting me over.

Me: Our pleasure doctor. Thank you very much for coming. Can I get you some coffee or water?

Dr. Lopez: No thank you but thanks for offering.

Me: You're welcome.

We brought her over to the living room and Nico was laying down on the sofa.

Me: Let me get you your special chair.

I made a Psychiatrist Easy Chair for her.

Dr. Lopez: Thank you J.D.

Me: Pleasure.

She sat down and we were talking.

Nico told her about everything that happened during the events of the battles with Talon, Organization XIII, The Digimon Emperor, and everything that happened in his past and all that.

Dr. Lopez: I see. The incidents with the Talon members, the Digimon Emperor, and Organization XIII were probably difficult for you and the others to overcome.

Nico: They really were. And you and I know that I would never want anything bad to happen to J.D. and the others. But… do you think there's a part of my subconscious that wanted J.D. and the Loud Kids to suffer during the events that I mentioned in this session?

Justin Stewart: I sure hope not.

Dr. Lopez: No Nico there isn't. You have a heart that is as pure as diamond and you would never let anything happen to your friends or family. After everything that happened with you and all that you are doing a great and magnificent job with J.D. as 2nd in command and as leader. You did a great job in his place while he was away.

Me: That's right man and I would never speak such ill will of you not after everything you went through and all that.

Goku: You may be a Saiyan but you are just as pure and as gentle as me and everyone you know and love.

May: And you have me as your most awesome wife.

Me: And me as a great brother. You and I have been very close since you moved in almost 3 years ago. And besides you also have Salem inside you to protect you.

Salem: That's right Nico and after everything I did on Remnant and everything that happened to you I swore that I would protect you as part of my punishment and atonement.

Me: That's right Nico. Besides like I told you before with Organization XIII and the Digimon Emperor that we were warned that it was gonna happen with them and Discord told us that Bill Cipher's return was inevitable. Talon used that as an opportunity for their plans.

Nico: Yeah you're right about that.

Lola: Yeah. And we regret everything we said to you back then.

Me: I would never say such things to you Nico. It wasn't your fault all that happened.

Eli: Yeah man. Also we were dealing with a lot of pressure and all that.

Me: Yep.

Maria: Look, J.D. I don't know why you and the Loud Kids have been getting angry at villains more then usual ever since the Sullen 6 were defeated. But if Nico ends up breaking down and crying during this therapy session, we're gonna have to ask you guys to sit out the next mission.

Thrust: Sorry, guys. But I agree with Maria on this one.

Me: I understand.

Nico: It's all right guys. I'm not gonna be crying anytime soon. Besides, I would rather see that happen to J.D. than to me.

Me: (Sarcastically) Thanks a lot. (Normal) But I'm sorry that you guys are seeing us more angry than usual. It's just that more villains are starting to surface and it's making our jobs harder and all that. And like I told you all before when Nico was in his room sulking and all that, that I formed Team Loud Phoenix Storm as a way to help bring villains to justice. Also we've been under a lot of pressure because the war on April 12th is getting closer and closer and we have 10 days left to get ready. It's gonna be just as brutal as it was when we went into battle with the Royal Defenders 9 months ago.

Nico: I understand J.D.

Dr. Lopez: What war is it this time?

Me: It's a war with all the most dangerous enemies in all of Equestria.

Nico: 23 of the most dangerous enemies in all of Equestria are banding together for an all out war to destroy everything.

Lola: Yeah and we have to stop them.

Me: Yep.

I went over the history of the villains.

Tirek

**Tirek**, also known as **Lord Tirek**, is one of the main antagonists of *My Little Pony: Friendship is Magic* . He appears as the main antagonist in Season 4's finale "Twilight's Kingdom", a minor villain in "Cutie Re-Mark", the secondary antagonist in Season 8's finale "School Raze", and one of the three main antagonists of Season 9 (alongside Queen Chrysalis and Cozy Glow). He is G4's incarnation of Tirac; the first villain of the original series. He is also one of Twilight Sparkle's archenemies.

He is a power-hungry centaur with the power to drain the magic and abilities out of other creatures, particularly ponies. In Season 4, he escaped from his imprisonment at Tartarus to steal magic and gain power to take over Equestria, before he was defeated and banished back to Tartarus by the Mane Six. In Season 8, he conspires with his new protégé, Cozy Glow for the sake of revenge, but his plan backfired, thus forcing him to help them escape. In Season 9, he and Cozy Glow were released from Tartarus and becomes a member of the Legion of Doom, a team of villains bend on conquering Equestria, but was defeated once more by the Mane Six and their allies.

He was voiced by Mark Acheson, who also played Unicron in *Transformers: Armada* and *Transformers: Energon*, Moses Tripoli in *Fargo*, and Sabretooth in *Hulk Vs* .

Childhood

Along with his brother Scorpan, Tirek used to be one of the princes of their old kingdom. Their land was ruled by their parents, the

Centaur King Vorak, and the gargoyle Queen Haydon. Despite their fearsome appearances, Vorak and Haydon were benevolent rulers who wanted peace with Equestria. They did their best to guide their children and keep them on the right path, but while Scorpan took after their examples, Tirek was shown to already be a delinquent who constantly got into trouble at a young age. Because of this, his father King Vorak disapproved of his behavior and actions, which caused Tirek to develop an intense hatred for his father. Tirek seemed indifferent to his mother, though it's mentioned in "Frenemies" that he did genuinely love his grandmother. Tirek was a prodigy among his land, born with more magic than any other being in their kingdom, though his father was fearful of this due to the fact that he could sense a thirst for power in Tirek, believing that Tirek would one day try to overthrow him. At some point in time, Tirek started meeting with an old evil centaur wizard called Sendak the Elder, and became his protegee.

One day, Tirek and Scorpan went to visit Sendak. Though at first Scorpan said they had to return to the castle because their parents could be worried for them, Tirek ignored Scorpan and entered Sendak's home. Sendak told Tirek everything about pony magic and how he captured a unicorn when he traveled to Equestria. Sendak further revealed that there was a spell that would allow him to drain magic from other beings and use it to increase his own power, and that he was planning to do this with the unicorn he captured, though not at the exact moment. Supposedly, Equestria had more magic than any other land, and draining all of the magic from the land would make someone an "indominable force". Sendak realized that Tirek wanted to drain the unicorn's magic for himself, but he informed Tirek that he was too young to properly perform the spell at the time, telling him to wait until he was older.

Tirek and Scorpan returned to the castle where their parents, King Vorak and Queen Haydon were arguing until they enter on. That night, Tirek and Scorpan talked about their parents relations with them and when everyone went to sleep, Tirek went out the castle to find out more about pony magic. Once in Sendak (who was taking a nap)'s home, Tirek tries to make the same ability that Sendak used to steal the pony's magic until Sendak woke up just to see how Tirek's spell of absorbing magic just causes a great explosion that traps Sendak under a pile of rubble. Sendak asks Tirek for help, but he abandons him and sneaks back to the castle.

The next day, it is revealed that Sendak was rescued by Vorak's guards, but was sentenced to work in the mines for the rest of his life as punishment for kidnapping the unicorn. Vorak asks Tirek where he was the night when the explosion happened and Tirek explains that he never left the castle. However, his father doesn't believe him and confines Tirek along with Scorpan to their chamber. Tirek is last seen on the balcony where he swears that one day he will overthrow his father and finish what Sendak couldn't: Rule over Equestria.

Since then, Tirek has used magic to compensate for the fact that deep down, he will never be enough to please King Vorak, as explained in *The Ending of the End Part 2.* It is unclear if Tirek has indeed overthrown his parents or if he just simply left them alongside his brother to conquer Equestria. The fact that Scorpan, who clearly loved them, was still on good terms with Tirek by the time they left their land to travel to Equestria, suggests the latter.

## Invasion and Imprisonment

A thousand years prior to the series, a full-grown Tirek and his brother Scorpan traveled to Equestria so that Tirek could finally fulfill his dream of taking all the magic from the land and becoming all-powerful. But when Scorpan came to appreciate Equestria and became friends with Star Swirl the Bearded, he tried to turn Tirek away from his quest. Tirek refused, and Scorpan warned Celestia and Luna of his brother's ambitions, and, because of this, they were able to capture and imprison Tirek in Tartarus for his crimes while Scorpan returned to his homeland. Before leaving, Scorpan gave Tirek his amulet as a memento of their former bond.

## Twilight's Kingdom

In " *Twilight's Kingdom* ", it is revealed that when Cerberus left his post at the gates of Tartarus (in " *It's About Time* "), Tirek was able to escape. After spending his time free recovering his strength, he had eventually regained enough power to absorb a unicorn's magic. Celestia received a vision of this event and, after meeting with Luna, Cadence, and Twilight to assess the threat of his return, sent Discord after Tirek, as he could sense magical imbalances and therefore make it easy for him to find Tirek. Discord, using the guise of a unicorn, discovered Tirek in an alleyway and confronts him. Tirek initially commends Discord for his "escape" from his imprisonment, only for Discord to bind him with shackles, revealing that he had switched alignments and is reimprisoning Tirek for his friends. Taking advantage of this new revelation, Tirek convinced Discord that his friendship was a new form of prison and that, if they worked together, he could get the one this friendship could never give him; freedom. Discord, despite his friendship with Fluttershy, agrees. With Discord now at his side, Tirek began devouring the energy and magic from unicorns, pegasi and earth ponies alike from all across Equestria, regaining almost all of his strength.

Knowing that he would seek alicorn magic next, Princesses Celestia, Luna, and Cadence, with no options left, called upon Twilight and entrusted all of their magic to her, as Tirek was not aware of the existence of a fourth Princess. As expected, Tirek and Discord assaulted Canterlot in search of the Princesses' magic, only to find the three Princesses without it. Still assured of his victory, Tirek ironically banished the three Princesses to Tartarus and approached Discord, who was comically altering Celestia's stained glass windows. As a sign of gratitude for his efforts, Tirek gave Discord a medallion that he received from "somebody close to him", before seeing the window depicting Twilight and demanding to know why Discord didn't tell him about the fourth Princess. Discord stated that he wasn't sure if Tirek could be fully trusted, but now knowing that he is, tells him about Twilight and her friends. Tirek, though upset over his friend lying to him, does appear to forgive him. Tirek and Discord then headed to Ponyville and captured Twilight's best friends, Tirek draining their power before doing the same to Discord, telling him that he has outlived his usefulness, revealing that his medallion actually came from Scorpan, and that Discord is as worthless to him as his brother was.

Growing to tremendous size from the magic he absorbed with his power even surpassing that of Discord, Tirek sought out Twilight, obliterating her home of the Golden Oak Library in his search, enraging her and driving them to fight in an epic battle. The two were evenly matched, though Twilight seemed to have a slight advantage, and so Tirek revealed the other Mane 5, Spike, and Discord, imprisoned inside orbs. Tirek told Twilight to give him all the alicorn magic in Equestria in exchange for her friend's release, and she agreed, and Tirek released all except Discord, who Twilight then wanted to be released as well. Although not understanding why Twilight would want Discord after he betrayed her, Tirek complies and drained her of all the alicorn magic, increasing his size and strength to titanic proportions. To thank her for her kindness, Discord gave Twilight Scorpan's medallion, this time out of legitimate gratitude, making it the final key to the Tree of Harmony box.

Unlocking the box, the Mane 6 receive Rainbow Power, and confront Tirek with their new abilities. Tirek fires at them with a massive magical blast, only to be confused when his attack has no effect on them. A distressed Tirek asks how it is possible for the Ponies to be undamaged without magic, and Twilight responds by telling him that she possesses the most powerful magic of all; friendship. The Mane 6 then attacks Tirek, draining him of his stolen magic and reimprisoning him in Tartarus, undoing all of his actions.

## The Cutie Map

In " *The Cutie Map* ", Tirek is mentioned by Rainbow Dash when she reminds Twilight that they along with the rest of the Mane Six, have opened all six keys of friendship, defeated Tirek and received a castle of their own.

## Crusaders of the Lost Mark

In " *Crusaders of the Lost Mark* ", Tirek was mentioned again by Pipsqueak, who stated that his battle with Twilight was the cause of the poor conditioning of the schoolyard.

## The Cutie Re-Mark

In " *The Cutie Re-Mark* ", in the fourth alternate timeline created by Starlight Glimmer, without the Mane 6 to stop him, Tirek succeeds in draining all the magic in Equestria and is briefly seen causing destruction.

## Shadow Play

In " *Shadow Play* ", Pinkie Pie mentions Tirek while recounting the threats Equestria has faced over the last thousand years to Starswirl the Bearded.

## The Mean 6

In " *The Mean 6* ", while not mentioned by name, Pinkie Pie briefly recounts the battle between the Mane 6 and Tirek while talking to Twilight (who, in reality, was a clone created by Queen Chrysalis).

## School Raze

Tirek reappears in Season 8's two-part finale, " *School Raze* ", in which it's revealed that he is pen pals with Cozy Glow. He also conspired with Cozy for the sake of getting revenge. Cozy Glow was successful in trapping the Mane 6 in Tartarus, during which Tirek told them that Cozy Glow was behind it and his involvement in her plan. However, Twilight reminded him that if they were trapped in Tartarus, he'd be trapped with them for eternity. Pinkie Pie annoyed Tirek to the point of giving Twilight what remained of his magic so the Mane 6 could escape just to get rid of them.

After the Young Six broke Cozy Glow's spell, Tirek got his magic back, which hit him in the head and knocked him down. Later, a bored Cerberus lay next to Tirek with him remarking that it may be boring in Tartarus but at least Cerberus isn't in a cage. When Luna and two Royal Guards imprisoned Cozy Glow in Tartarus, in a cage next to Tirek, Cozy Glow asked Tirek if he wanted to be her friend, much to Tirek's dismay.

## Season 9 The Beginnning of the End

In " *The Beginning of the End* ", while still imprisoned with him, Cozy Glow annoys Tirek by continuing to try and befriend him, before the both of them are suddenly transported out of Tartarus. Emerging within a mysterious cavern, Tirek and Cozy Glow are met by Queen Chrysalis, who immediately accuses them of summoning her, though Cozy Glow assures her that they thought she freed them. As this happens, King Sombra suddenly appears, causing the three to accuse him of summoning them, only for Discord (disguised as the ancient tyrant Grogar) to reveal himself to be the one who was responsible for summoning them. Tirek, Chrysalis and Sombra are shocked to see him, as they believed he was only a legend, though "Grogar" assures them that he is real and states that he summoned them as part of his plan to rid Equestria of Twilight Sparkle and her friends.

Seeing that Cozy Glow doesn't know who he is, "Grogar" decides to demonstrate his power by giving Tirek a sample of magic that revives much of his strength. Tirek then tells Cozy Glow that "Grogar" is ancient and extremely powerful, as well as the former ruler of what would become Equestria, claiming that he had heard stories of his tyranny when he was younger. "Grogar" then tells the villains of how he created monsters that roamed the land and took whatever they wanted under his rule, before Chrysalis remarks how he was banished by Gusty the Great, although "Grogar" claims that he was only temporarily weakened when she took his bell; however, Cozy Glow points out that, since he has been weakened before even Tirek was born, he has a very different idea of what "temporarily" means, much to his annoyance. In reality, Gusty the Great really did banish the real Grogar into limbo, from where there is no return.

"Grogar" proceeds to tell the group that he has watched them and their failures to take over Equestria, and asks them why they have always been defeated by the same six ponies each time, Tirek claiming that it is because they are "annoyingly lucky". "Grogar" rebuffs their answers and claims it is because their enemies work together as a team, demanding that the villains join forces with him to take over Equestria. Sombra, however, refuses to serve "Grogar" and arrogantly proclaims that he will take over the Crystal Empire by himself, causing "Grogar" to send him off to the Empire on the conditions that, if he fails, he will serve him or be destroyed again. After this, "Grogar" tells the others to prepare to work together and leaves. Cozy Glow immediately compares working together to making friends, telling Tirek and Chrysalis that they are in luck since she knows "all about that", though the former only flicks her away in annoyance.

Cozy Glow tries to get Tirek and Chrysalis to work together by having them each say nice things to each other, though this falls apart when Chrysalis refuses to say anything nice about ponies. "Grogar" then approaches them and states that he hopes the three of them will be enough to help his plans along, causing Tirek and Chrysalis to ask about Sombra. "Grogar" shows them that Sombra had failed in his plans to conquer Equestria and had again been defeated by the Mane Six, remarking that he will at least serve as an example to them as what will happen if they don't submit to his plans. Having seen this, Tirek, Chrysalis and Cozy Glow unanimously agree to serve "Grogar", though are seemingly left nervous by the thought.

## Frenemies

In " *Frenemies* ", as "Grogar" is working, Cozy Glow approaches him and tattles on Tirek for leaving food out, Tirek quickly approaching "Grogar" and telling him not to trust anything she says afterwards; though "Grogar" is quick to point out that he already doesn't trust anything that they say. After being annoyed by Chrysalis, "Grogar" informs the villains that he is leaving and demands that they all stop fighting and find a way to work together so that they can accomplish their goals. Once "Grogar" leaves, Tirek, not listening to his orders, begins to work out by himself (seemingly in an effort to re-obtain his physique from when he had absorbed Equestria's magic). While doing so, he is approached by Cozy Glow, who states that she is organizing a team meeting, which he agrees to go to so long as she leaves him be. At the meeting, Cozy Glow encourages the fact that they all need to trust one another to work together, which Chrysalis finds hard to do as Tirek is trying to steal her magic. Tirek firmly denies doing such a thing (returning the magic he actually had stole to a cupcake that Chrysalis devours), and calls her out for constantly ranting to her log, before joining Chrysalis in telling Cozy Glow that she wasn't left in charge. Cozy Glow then tries to get them all to agree with one another over their common goals, leading them all into singing "Better Way to be Bad" with one another, only for them all to devolve into bickering.

"Grogar" returns at the same time, and, upset to see they have not yet resolved their differences, decides to send them off on a mission to retrieve his Bewitching Bell from Mt. Everhoof so that they can learn to work together. Tirek and the others fight over who should lead the mission based on their previous feats, only for "Grogar" to angrily overpower and remind them that they all failed before and cannot work alone. Upon arriving at the foot of the mountain, all of the villains immediately split off and begin to find their own ways of getting up; Tirek staying behind and making a camp for himself. He proceeds to laugh at Cozy Glow upon seeing her return, and explains to her that he had already deduced that getting up the mountain by himself would be impossible, and so had planned to wait for her and Chrysalis to fail so that he could take what they learned and use it to his advantage. Cozy Glow and Tirek proceed to bicker - Tirek calling her out for her fake cutesy persona and constant manipulations having found out that she was only pretending to befriend him long before they teamed up, and Cozy Glow criticizing his arrogance, while also mocking him for talking to his "Gram Gram" in his sleep - until they are approached by an Ophiotaurus, which they both blame each other for attracting. Suddenly, a female Ophiotaurus arrives and seduces the other one, Tirek quickly realizing that the former is actually Chrysalis in disguise, who admits that she needs their help, causing Tirek to gloat about his own strategy.

That night, Tirek and the others begin to bond with each other over their previous endeavors and hatred towards The Mane Six; him remarking on how he turned Discord against his friends and used their emotions against them, and that Cozy Glow's plan to destroy all magic would have been worthwhile if it meant seeing Twilight and her friends defeated, also admitting that working with Chrysalis and her may not be such a bad thing. The next day, the three villains proceed to combine their abilities in order to scale the mountain, only to find that the cave at the top is protected by a magical barrier, which Tirek cannot absorb since he can only take magic from living beings. With some convincing, Chrysalis allows Tirek to take her magic to become powerful enough to create an opening in the barrier, allowing Cozy Glow to enter the cave and retrieve the bell. Tirek then returns Chrysalis' magic, stating that he wasn't sure he would do so and that it seemed smarter to work with her than fight. The villains begin to reflect with one another over how it felt to rely on others for a change, before Chrysalis snaps them out of it, not wanting the friendship to infect her like it did her hive. Realizing that they almost reformed, the three vow to remain focused.

The three then concur that "Grogar" has grown too powerful and decides to betray him together, and Tirek agrees that they can all go back to trying to destroy one another afterward. He and the others later return to "Grogar's" lair and fool him into thinking that they failed while yet still becoming allies to his delight, though in reality have kept the bell for themselves.

## A Trivial Pursuit

In " *A Trivial Pursuit* ", Tirek is mentioned by Twilight and Mudbriar with him and Scorpan being the answer of who came to steal magic from Equestria.

## The Summer Sun Setback

In *The Summer Sun Setback*, Cozy Glow sees "Grogar" leaving and asks where he is going. He reveals that since his minions "failed" to recover the Bewitching Bell for him, they will need another source of power to defeat Twilight and her friends. After "Grogar" leaves, Cozy Glow informs Chrysalis and Tirek that he is gone. The villains voice that they don't trust "Grogar" and try to figure out how to use his bell like ringing it but nothing happens. Cozy Glow then points out that Twilight mentioned that the Archives in Canterlot has a restricted area and the villains set off on their "road trip".

The three villains hide in Canterlot and only Chrysalis and Tirek notice so many ponies out in the night. Cozy Glow reveals that it's the Summer Sun Celebration with Chrysalis asking how many holidays these ponies have. She believes that it will be easy to get in until Tirek points out that Canterlot has increased security. After Chrysalis fails to enter through the main doors, she returns to her allies and informs that it will be more challenging. The villains then overhear Twilight's friends and Discord talking about their responsibilities for the holiday. Tirek believes it to be impossible since the security is increased with Twilight's friends "bumbling about". However, Chrysalis sees it as an advantage to use as a distraction since they heard everything and gives instructions to Tirek and Cozy Glow.

While Chrysalis and Cozy Glow secretly sabotage the unicorns and Pegasi, Tirek secretly sabotages the Earth ponies of Appleloosa who are prepare the catering by hiding in the bushes and discreetly absorbing the Earth ponies magic which turns him back into his third form. This causes Braeburn to assume that the food is contaminated, causing the rest of the Earth ponies to panic. Tirek laughs at this while stealing some food on the way.

The villains watch all the panic and chaos unfold before deciding to incapacitate the security. Cozy Glow distracts a guard while Tirek steals his magic and Chrysalis uses his star badge to the main doors for them to enter.

They search for the archives which also wakes up a security goose which follows them. However, Chrysalis disguises herself as another security goose to get it to leave and the villains finally find and break into the Archives. They search through the Archives until Cozy Glow finds a book about how to use the Bewitching Bell and uses another book to break it out of it's chains.

This gives the villains time to leave Canterlot back to "Grogar's" lair while Twilight and her friends are able to fix the holiday. "Grogar" also returns tells his cohorts that he has found success where they all find "failure". He reveals that he located what he wanted and will retrieve it the next day before they begin his plan to take over Equestria. Tirek is still sulking that he had to give the magic of the Earth ponies back to them, in which Chrysalis and Cozy Glow tell him to stop doing and remind him that "Grogar" would become suspicious if he found out about their "road trip" in which Tirek claims that he doesn't have to like it. Cozy Glow reveals that she didn't like it when the Mane Six managed to fix the holiday, until Chrysalis reveals that the goal was not to destroy but to distract in order to get the book. Tirek reminds them that they can't waste any more time because they must master the bell before "Grogar" returns. Chrysalis reveals that they managed to stay ahead of everyone so far until Cozy Glow remarks how easy it was to turn the Earth ponies, unicorns and Pegasi against each other, in which Chrysalis decides would be something to think about.

## The Ending of the End

Tirek, Chrysalis, and Cozy Glow absorb "Grogar's" magic from his bell, turning Tirek back into his third form but much stronger. They then drain "Grogar's" current magic, revealing him to be Discord. When Chrysalis intends to take Discord's magic, Tirek says only Discord can control it. They agree to let Cozy Glow test this knowing that she can't go through with betraying them and take the magic back at her request when she can't control it, before setting out to conquer Equestria. Tirek drains the Pillars of Equestria and imprisons them in the caves beneath Canterlot with Starlight Glimmer, who was captured by Chrysalis, before both go to Canterlot to fight alongside Cozy Glow, during which they destroy half of Canterlot and almost kill Twilight twice, with Rarity stopping them the first time, and the other Mane 5, Spike, Celestia, Luna, and Discord holding their magic beam back the second time so Twilight can escape, and are eventually overpowered and imprisoned by the villains.

In Part 2, where Cozy Glow wants to kill the prisoners and Chrysalis wants to torture them, Tirek instead wants to hunt down Twilight as he knows that she is the biggest threat. They argue over Cozy Glow trying to take Celestia and Luna's magic from the bell, Tirek saying they must figure out Discord's magic first. Discord pretends to offer to tell them in exchange for the safety of the others, and insults Tirek into trying to blast him, which Discord reflects to release Starlight from her imprisonment, allowing her to release the others, and while the other Mane 5 and Spike run off to get Twilight, Starlight, Celestia, Luna, and Discord fight Tirek, Chrysalis, and Cozy Glow, who reimprison them.

When the Windigos return from the villains turning ponies against each other, Tirek says they are ancient magic and should be destroyed. Afterwards, the Mane 6 and Spike arrive. During an attempt to get the bell, Tirek chases after Twilight, who is trying to distract him, after which Tirek foils Applejack's attempt to get the bell. When Chrysalis threatens Spike, the villains nearly destroy the Mane 6, but many unicorns protect them and most of the ponies' allies enter the battle.

In the end, the Mane 6, Spike, the Young Six, and the Pillars unleash a rainbow which destroys the Windigos and takes away

Grogar's power from Tirek, Chrysalis, and Cozy Glow, turning Tirek skinny and frail again. After Pinkie drops a giant cupcake on them with Discord's magic, which, along with Celestia and Luna's magic, is returned, Celestia, Luna, and Discord turn Tirek, Chrysalis, and Cozy Glow to stone as punishment for their crimes after Celestia and Luna ponder over what they should do given the scope of their crimes. Thus, Tirek was finally defeated for good.

## The Last Problem

The statue of Tirek, Chrysalis and Cozy Glow, makes a cameo in the newspaper in this episode, but they do not appear beyond that. It is stated by Jim Miller that they were later moved into the Canterlot gardens much like Discord's statue. It is unknown if the effects of their stoning are permanent, or whether they would eventually be smashed to pieces, but it is stated by Jim Miller that they are in suspended animation, indicating they are asleep or unconscious for it. The use of present tense could imply that they are still trapped in stone as of the epilogue, though this has yet to be confirmed. Either way, they likely will never be able to hurt any creature again.

## Queen Chrysalis

**Queen Chrysalis** (or also simply known as **Chrysalis** ) is one of the main antagonists of *My Little Pony: Friendship is Magic* . She appears as the main antagonist in the Season 2 finale "A Canterlot Wedding", the Season 6 finale "To Where and Back Again", the Season 8 episode "The Mean 6", and one of the three main antagonists of Season 9 (alongside Tirek and Cozy Glow). She is also the supporting antagonist in the Season 5 finale "The Cutie Re-Mark" and the overarching antagonist in the Season 6 episode "The Times They Are A Changeling". She is one of Twilight Sparkle's archenemies and also the archenemy of Starlight Glimmer.

She was also featured as the main antagonist in IDW's first comic arc, *The Return of Queen Chrysalis*, as an supporting antagonist in the ninth comic arc, *Siege of the Crystal Empire*, the main antagonist of *The Guardians of Harmony* in the IDW specials and one of the two main antagonists (alongside Megatron) of *My Little Pony/Transformers* .

She was the Queen of the Changelings who seeks to feed her subjects' hunger for love and later expand her rule across Equestria in the process. She then lost this title after the Changelings realized that they didn't need to feed on love to survive, have been replaced by Thorax. She later becomes a member of the Legion of Doom, consisting of Lord Tirek and Cozy Glow, and was formally led by "Grogar", who was actually Discord in disguise. After they dispose of Discord and learn of his secret, Queen Chrysalis becomes the de-facto leader of the team until she and her teammates were defeated by the Mane Six and their allies. She started out as the archenemy of both Princess Cadence and Twilight Sparkle, and then later became Starlight Glimmer's nemesis when she helped convince her hive to turn on her. But in the end after being defeated by Twilight and her friends for the last time and remained as both Twilight and Starlight's arch-nemesis.

She was voiced by Kathleen Barr, who also voiced Trixie Lulamoon in the same series, Kevin and Marie Kanker in *Ed, Edd n' Eddy*, and Gelorum in *Hot Wheels: AcceleRacers* . In her other forms, she was voiced by Britt McKillip in her Princess Cadance disguise, and Ashleigh Ball in her Applejack disguise.

In the Japanese dub from the series, she was voiced by Kaori Nazuka, who also voiced Zonda in *Azure Striker Gunvolt* and Margaret Mitchell in *Bungou Stray Dogs* .

Chrysalis first makes an appearance in the penultimate episode of the second season entitled *"A Canterlot Wedding* ", disguised as Princess Cadance. Some time before the events of the episode, Queen Chrysalis somehow got through Shining Armor's shield spell and attacked Princess Cadance, then hid her in the caves below Canterlot and took her form.

When the Main 6 arrive from Ponyville to help with the wedding plans, Twilight encounters "Cadance" after reminiscing about what a great foal-sitter she was. However, to her surprise, Twilight finds that Cadance has no idea who she is and that she is now cold, uninviting, selfish, and cares little for the wedding plans. That night, Twilight expresses her frustrations with Cadance to her friends, who instead chalk up Cadance's bad behavior to stress of the wedding and Twilight's dislike of her as being possessive of her brother.

Twilight visits Shining Armor in an attempt to talk to him about Cadance, only for her to show up and take him out of the room for a conversation. Whilst spying on the two, Twilight witnesses Cadance performing a spell on Shining Armor, and deems her as being evil on top of unpleasant, running back to the castle to warn her friends about her, only to realize that she had gotten her friends to replace her missing bridesmaids. The next day, Twilight confronts Cadance in front of her friends, Shining Armor and Princess Celestia, only to be humiliated and disgraced when she runs off crying and Shining Armor justifies all her seemingly mean spirited actions while not inviting her to the wedding. On top of this, her friends are shun her for her misguided actions. As Twilight, now alone, regrets her actions, Cadance returns and comforts her, only to then imprison her below the castle.

Chrysalis, still in Cadance's form, taunts Twilight and tells her that she's only using Shining Armor for her own ends. Chrysalis then attempts to manipulate Twilight into attacking the real Cadance, also trapped under the castle, although this fails when Cadance proves she remembers who Twilight is. As Twilight and the real Cadance attempt to escape, Chrysalis proceeds with her plans of marrying Shining Armor, whilst singing "This Day Aria". However, just as Chrysalis is about to be married, Twilight and Cadance arrive and reveal that she is a fake, causing Chrysalis to reveal her true form.

Chrysalis boasts and explains that, as Queen of the Changelings, she is tasked with finding food for her subjects, and that Equestria has more love to feed off of than anywhere they had encountered before. When Cadance argues that Shining Armor's protection spell will keep the Changelings out, Chrysalis reveals that she has been feeding off of Shining Armor's love, making him and the protection spell gradually weaker. Celestia begins dueling with Chrysalis, although the latter manages to overpower her, having grown stronger due to feeding off of Shining Armor. As the Mane 6 run off to get the Elements of Harmony, Chrysalis laughs and tells them they can run, but they can't hide.

Chrysalis continues to oversee Celestia (now trapped in a cocoon), the detained Cadance, Spike and the brainwashed Shining Armor, as the Mane 6 are brought back in by her minions. She then politely scolds them for not believing Twilight in the first place causing them to feel awful. After telling her remaining subjects to go and feed, Chrysalis reprises "This Day Aria" whilst looking over the destruction of Canterlot, not realizing that Twilight had freed Cadance, who subsequently helps Shining Armor break free of Chrysalis' brainwashing. He glares at her after he's freed, heavily implying he found out Twilight was right about her sometime between when he stormed out and when he was freed. Although both Shining Armor and Cadance are free, Chrysalis over confidently shrugs this off, believing that Shining Armor is too weak to repel them using his protection spell. However, Cadance and Shining Armor use their love to empower the protection spell, sending a shocked Chrysalis and her Changelings flying off to parts unknown. During the aftermath, everyone apologizes to Twilight for not believing her and getting mad at her.

## Season 5 The Cutie Re-Mark

In " *The Cutie Re-Mark* ", in the second altered timeline created by Starlight Glimmer, Chrysalis and her Changelings have taken over most of Equestria without the Mane 6 to stop them, and Zecora is leading jungle ponies (Fluttershy and Pinkie Pie among them) in a war against her. Chrysalis, disguised as Applejack, arrives at the jungle ponies' hideout while Zecora is explaining things to Twilight. Zecora is not fooled by Chrysalis' disguise, and Chrysalis unleashes the Changeling army on her resistance while she and Zecora duel. Although Chrysalis presumably wins the battle, the timeline is eventually restored, and she therefore never comes into power.

## Season 6 The Times They Are A Changeling

In " *The Times They Are A Changeling* ", Chrysalis briefly appears in Thorax's flashback to the Changeling kingdom. It was later implied that Chrysalis and the changelings all survived their fall from both Thorax having taken part in the invasion and his plans to reform the Changelings in their kingdom.

## To Where and Back Again

Chrysalis returns in the Season 6 finale " *To Where and Back Again* ". She with her Changelings capture the Mane 6, Spike, Celestia, Luna, Cadance, Shining Armor, and Flurry Heart and take over Equestria. She is seen communicating with the Changelings impersonating the Mane 6 and Spike, and Starlight Glimmer, Trixie, Thorax, and Discord travel to the Changeling kingdom to stop her.

Starlight and her team go through the Changeling hive to destroy Chrysalis's throne, which blocks all magic but Changeling magic. Discord and Trixie are captured and imprisoned in a chrysalis in Chrysalis's throne room, along with every other pony that was captured. Chrysalis arrogantly boasts about her assured victory to Starlight, only to realize that "Starlight" is actually Thorax, while the real Starlight is attempting to destroy the throne with a rock. Starlight attempts to convince Chrysalis that giving love to others is better for her subjects, however, Chrysalis denies this, stating that she knows what is best for her people. Chrysalis starts to drain Thorax of his love as punishment for betraying her, however, on Starlight's suggestion, Thorax willingly gives all his love to her, blasting her into the throne and obtaining a new transformation. All the other Changelings, realizing that there is a better option to stealing love, do the same, destroying Chrysalis' throne and releasing those imprisoned, also transforming. Chrysalis survives, and, outnumbered by the Mane 6, Spike, Starlight, the princesses, Discord, and those with them, including the entire changeling army, she is unable to do anything. Starlight offers her the chance of redemption, but Chrysalis rejects her offer, swears revenge on Starlight, and flies away.

### Season 7 Celestial Advice

In " *Celestial Advice* ", Chrysalis is mentioned a few times.

### To Change a Changeling

Chrysalis is mentioned again in the episode " *To Change a Changeling* ".

### Shadow Play

In " *Shadow Play* ", Pinkie Pie mentions Chrysalis while recounting the threats Equestria has faced over the last thousand years to Starswirl the Bearded.

Season 8 The Mean 6

In " *The Mean 6* ", Chrysalis, disguised as a photographer for the Canterlot Historical Society, arrives at Twilight's castle to take the photos of the Mane 6, plucking a single hair out of each of them in order to supposedly make them look good for the photos. She then lazily takes pictures of each of them, and, as she prepares to leave, Pinkie Pie reminds her to take a photo of Starlight, which she reluctantly does. Upon leaving the castle, Chrysalis remarks that she now has everything she needs before transforming back to her original form.

Soon afterwards, in the Everfree Forest, Chrysalis pins the hairs and photos to six different trees (while talking to them as if they were people) and reveals her intentions to use the photos, the strands of hair and carvings of the Mane 6's Cutie Mark symbols in a spell that will create evil counterparts to the Mane 6, plotting to use the clones to take control of the Elements of Harmony, eliminate Twilight and her friends and destroy Starlight's relationships as revenge for turning the Changelings against her. Chrysalis then revels in the idea of recreating her hive with unicorns, pegasi and earth ponies and then taking over Equestria, before using her spell to create the Mean Six.

Chrysalis and her new minions begin prowling the forest in search of the Tree of Harmony, which contains the Elements, however, Chrysalis begins to realize that the Mane 6's evil forms are completely unfocused on their goals and do not listen to her orders. The group is accidentally separated during the search, and Chrysalis orders her remaining minions to find the ones that have been lost, resulting in them encountering the Mane 6 (who, coincidentally, had been separated as well). Chrysalis approaches the Twilight clone as she is searching for the others, and, frustrated with her, asks why she shouldn't destroy and replace her, causing the clone to reveal that she knows the location of the Tree of Harmony.

Once Chrysalis and the others are reassembled, they head to the Tree, spitefully destroying the Mane 6's campground as well. Upon approaching the Tree, Chrysalis overhears the Twilight clone goading the others to take the Elements for themselves and betray

Chrysalis, leading to her and Twilight fighting each other in a magical duel. As Chrysalis begins to lose, the Tree senses the evil magic inside the clones, and captures all of them, withering away their bodies and reducing them to nothing but wood. Chrysalis admits defeat over her clones' betrayal, but is now aware about the additional power of the tree and still swears to get revenge on Starlight and the Mane 6 before she departing. Chrysalis is last seen escaping into the distance while Twilight tells her friends that they can overcome any obstacle together.

What Lies Beneath

In " *What Lies Beneath* ", Ocellus takes on the form of Chrysalis out of fear that she will become just like her.

Season 9 The Beginning of the End

Queen Chrysalis appears in the Season 9 premiere " *The Beginning of the End* ". She is still craving revenge on Twilight Sparkle and her friends for stealing her kingdom from her to carvings of changelings until she is mysteriously transported to a strange cavern in an unknown part of Equestria. After Lord Tirek and Cozy Glow mysteriously appear, she immediately accuses them of summoning her, though Cozy Glow assures her that they thought she freed them. As this happens, King Sombra also suddenly appears, causing the three to accuse him of summoning them, only for Discord (disguised as the ancient tyrant Grogar) to reveal himself to be the one who was responsible for summoning them. Tirek, Chrysalis and Sombra are shocked to see him, as they believed he was only a legend, though "Grogar" assures them that he is real and states that he summoned them as part of his plan to rid Equestria of Twilight Sparkle and her friends.

Seeing that Cozy Glow doesn't recognize him, "Grogar" decides to demonstrate his power by giving Tirek a sample of magic that revives much of his strength. Tirek then tells Cozy Glow that "Grogar" is ancient and extremely powerful, as well as the ruler of what would become Equestria, claiming that he had heard stories of his tyranny when he was younger. "Grogar" then tells the villains of how he created monsters that roamed the land and took whatever they wanted under his rule, before Chrysalis remarks how he was banished by Gusty the Great, although "Grogar" claims that he was only temporarily weakened when she took his bell; however, Cozy Glow points out that, since he has been weakened before even Tirek was born, he has a different idea of what "temporarily" means, much to his annoyance. In reality, Gusty the Great really did banish the real Grogar into limbo, from where there is no return.

"Grogar" proceeds to tell the group that he has watched them and their failures to take over Equestria, and asks them why they have always been defeated by the same six ponies each time, Chrysalis claiming that it is because they "cheat". "Grogar" rebuffs their answers and claims it is because they work together as a team, demanding that the villains join forces with him to take over Equestria. Sombra, however, refuses to serve "Grogar" and arrogantly proclaims that he will take over the Crystal Empire by himself, causing "Grogar" to send him off to the Empire on the conditions that, if he fails, he will serve him or be destroyed again. After this, "Grogar" tells the others to prepare to work together and leaves. Cozy Glow immediately compares working together to making friends, telling Tirek and Chrysalis that they are in luck since she knows "all about that", though the former only flicks her away in annoyance.

Cozy Glow tries to get Tirek and Chrysalis to work together by having them each say nice things to each other, though this falls apart when Chrysalis refuses to say anything nice about ponies. "Grogar" then approaches them and states that he hopes the three of them will be enough to help his plans along, causing Tirek and Chrysalis to ask about Sombra. "Grogar" shows them that Sombra had failed in his plans to conquer Equestria and had again been defeated by the Mane Six, remarking that he will at least serve as an example to them as what will happen if they don't submit to his plans. Having seen this, Tirek, Chrysalis and Cozy Glow unanimously agree to serve "Grogar", though are seemingly left nervous by the thought.

Sparkle's Seven

Chrysalis is mentioned in the episode " *Sparkle's Seven* ", when Shining Armor and Starswirl the Bearded use leftover debris from Chrysalis' old throne to increase security in Canterlot.

## Frenemies

In " *Frenemies* ", as "Grogar" (Discord) is working, Cozy Glow and Tirek annoy him before Chrysalis approaches "Grogar" and impatiently asks when they are going to attack. "Grogar" informs the villains that he is leaving and demands that they all stop fighting and find a way to work together so that they can accomplish their goals. Once "Grogar" leaves, Chrysalis, not listening to his orders, continues to planning revenge (against Starlight Glimmer for turning her kingdom against her). While she was talking to the purple log that used to be Mean Twilight, she is approached by Cozy Glow, who states that she is organizing a team meeting, which she agrees to go so long as she has cupcakes. At the meeting, Cozy Glow encourages the fact that they all need to trust one another, which Chrysalis finds hard to do as Tirek is trying to steal her magic. Tirek firmly denies doing such a thing (returning the magic he actually had stole to a cupcake that Chrysalis devours), and calls her out for constantly ranting to her log, before joining Chrysalis in telling Cozy Glow that she wasn't left in charge. Cozy Glow then tries to get them all to agree with one another over their common goals, leading them all into singing "Better Way to be Bad" with one another, only for them all to return to bickering. Chrysalis like Tirek, also verbally abuses Cozy because of her inexperience and bratty nature.

"Grogar" returns to see this, and, upset to see they have not yet resolved their differences, decides to send them off on a mission to retrieve his Bewitching Bell from Mt. Everhoof so that they can learn to work together. Chrysalis and the others fight over who should lead the mission based on their previous feats, only for "Grogar" to angrily overpower and remind them that they all failed before and cannot work alone. Upon arriving at the foot of the mountain, all of the villains immediately split off and begin to find their own ways of getting up; Chrysalis heads through the forest, scaring creatures off and using her powers to turn into creatures to get to the mountain but the winds prevent her from reaching it's top. Later, after Tirek stays behind and makes camp, he explains to Cozy Glow that he had already deduced that getting up the mountain by himself would be impossible, and so had planned to wait for her and Chrysalis to fail so that he could take what they learned and use it to his advantage. Tirek and Cozy Glow bicker until they are attacked by an

Ophiotaurus. Suddenly, a female Ophiotaurus arrives and seduces the other one, Tirek quickly realizes that the former is actually Chrysalis in disguise, who admits that she needs their help, causing Tirek to gloat about his own strategy. She then proceeds to cocoon the Ophiotaurus to save some of its love for the next day.

That night, Chrysalis and the others proceed to bond with each other over their previous endeavors; her remarking about how she cocooned Twilight and the others until Starlight Glimmer freed them and turned her kingdom against her. She even remarks that Discord was something until friendship redeemed him hinting that she respected him at one point. She also remarks about disguising herself as Princess Cadance and it would have been worthwhile if it meant seeing Twilight and her friends defeated, also admitting that working with Tirek and Cozy Glow may not be such a bad thing. The next day, the three villains proceed to combine their abilities in order to scale the mountain, only to find that the cave at the top is protected by a powerful magical barrier, which Tirek cannot absorb since he can only absorb magic from living beings. With some convincing, Chrysalis allows Tirek to take her magic to become powerful enough to create an opening in the barrier, allowing Cozy Glow to enter the cave and retrieve the bell. Tirek then returns Chrysalis' magic to her as promised, stating that he wasn't sure he would do so and that it seemed smarter to work with her than fight. The villains begin to reflect with one another over how it felt to rely on others for a change, before Chrysalis snaps them out of it, not wanting friendship to infect her like it did her hive like a "disease". Realizing that they almost reformed, the three vow to remain focused.

The three then concur that "Grogar" has grown too powerful and decide to betray him together, and Chrysalis tells that they can continue acting like his loyal servants and hatch their own plan before trying to destroy one another afterwards. She and the others later return to "Grogar's" lair and fool him into thinking that they failed while yet still becoming allies, though in reality have kept the bell for themselves and Chrysalis remarking that "Grogar" was right as they were more powerful when they work together.

## The Summer Sun Setback

In *The Summer Sun Setback*, Cozy Glow sees "Grogar" leaving and asks where he is going. He reveals that since his minions "failed" to recover the Bewitching Bell for him, they will need another source of power to defeat Twilight and her friends. After "Grogar" leaves, Cozy Glow informs Chrysalis and Tirek that he is gone. The villains voice that they don't trust "Grogar" and try to figure out how to use his bell like ringing it but nothing happens. Cozy Glow then points out that Twilight mentioned that the Archives in Canterlot has a restricted area and the villains set off on their "road trip".

The three villains hide in Canterlot and only Chrysalis and Tirek notice so many ponies out in the night. Cozy Glow reveals that it's the Summer Sun Celebration with Chrysalis asking how many holidays these ponies have. She believes that it will be easy to get in until Tirek points out that Canterlot has increased security. After Chrysalis fails to enter through the main doors, she returns to her allies and informs that it will be more challenging. The villains then overhear Twilight's friends and Discord talking about their responsibilities for the holiday. Tirek believes it to be impossible since the security is increased with Twilight's friends "bumbling about". However, Chrysalis sees it as an advantage to use as a distraction since they heard everything and gives instructions to Tirek and Cozy Glow.

While Tirek and Cozy Glow secretly sabotage the Earth Ponies and Pegasi, Chrysalis takes on her photographer form named "Crackle Cosette" and sabotages the unicorns by convincing them not to waste their talents on something inconsequential and that they are destined for more than just performances. This causes all the unicorns, including Fire Flare, to cancel the fireworks performance, as it is "beneath" them.

The villains watch all the panic and chaos unfold before deciding to incapacitate the security. Cozy Glow distracts a guard while Tirek steals his magic and Chrysalis uses his star badge to the main doors for them to enter. They search for the archives which also wakes up a security goose which follows them. However, Chrysalis disguises herself as another security goose to get it to leave and the villains finally find and break into the Archives. They search through the Archives until Cozy Glow finds a book about how to use the

Bewitching Bell and uses a another book to break it out of it's chains.

This gives the villains time to leave Canterlot back to "Grogar's" lair while Twilight and her friends are able to fix the holiday. "Grogar" also returns tells his cohorts that he has found success where they all find "failure". He reveals that he located what he wanted and will retrieve it the next day before they begin his plan to take over Equestria. Tirek is still sulking that he had to give the magic of the Earth ponies back to them, in which Chrysalis and Cozy Glow tell him to stop doing and remind him that "Grogar" would become suspicious if he found out about their "road trip" in which Tirek claims that he doesn't have to like it. Cozy Glow reveals that she didn't like it when the Mane Six managed to fix the holiday, until Chrysalis reveals that the goal was not to destroy but to distract in order to get the book. Tirek reminds them that they can't waste any more time because they must master the bell before "Grogar" returns. Chrysalis reveals that they managed to stay ahead of everyone so far until Cozy Glow remarks how easy it was to turn the Earth ponies, unicorns and Pegasi against each other, in which Chrysalis decides would be something to think about.

## The Ending of the End

In the first part of "Ending of the End," the villains successfully betray "Grogar", using the bell to gain new forms and drain "Grogar" of his power. In doing so, they discover that "Grogar" was actually Discord in disguise. After being left exposed and powerless, Discord was forced to flee from the lair.

Chrysalis went after Starlight first, and after a fight, she defeated and captured her at the cost of not taking over her school. She and Tirek then came to Cozy Glow's rescue when the Mane 6 were about to defeat her. The three, after taunting her over her failure, shoot a combined magic blast at Twilight, which the other Mane 5, Celestia, Luna, Spike, and Discord held back so she could escape. Once the others were imprisoned in the caves beneath Canterlot, Chrysalis objected to Cozy Glow's plan to kill them despite her concerns, wanting instead to torture them. Discord, vowing to atone for his role, freed Starlight by mocking Tirek to the point where he almost attacked him, who released the other Mane 5, Celestia, and

Luna, and while Chrysalis, Tirek, and Cozy Glow fought the princesses, Starlight, and Discord, the other Mane 5 ran to find Twilight. The villains, with some trouble defeated and reimprisoned most of their opponents.

When the disharmony they caused between ponies caused the Windigos to return, Chrysalis intended to let them stay as it would give her an advantage over the ponies, though Cozy Glow couldn't stand the cold and Tirek insisted they destroy the Windigos as even he thought they were too out of control. Then the Mane 6 arrived, and when they tried to take Grogar's bell, Chrysalis went after Rarity and Spike, before capturing Spike and threatening to tear his wings off. The trio were about to finish off the Mane 6 with a magic beam when many unicorns blocked with a magic barrier.

After a fight, the Mane 6, Spike, Young Six, and Pillars of Equestria unleashed a rainbow which destroyed the Windigos and removed the power Chrysalis, Tirek, and Cozy Glow had obtained from the bell. Pinkie Pie dropped a giant cupcake on them using Discord's magic before he took it back from the bell, and then Celestia, Luna, and Discord turned Chrysalis, Tirek, and Cozy Glow to stone forever, set on a pedestal together. Thus, Chrysalis was finally defeated for good.

### The Last Problem

It is uncomfirmed of what happen to Chrysalis in the future, as she (along with Tirek & Cozy Glow) are only briefly mentioned in the final episode along with a cameo in a newspaper. It's unclear if the stoning is permanent. It has been stated by Jim Miller that sometime after being turned to stone, their statues were likely moved into the Canterlot gardens like Discord's statue. He also confirmed that being turned to stone left them in suspended animation instead of letting them see\hear everything going on around them like Discord, and as he said it in present tense it is possible they are still trapped in stone by the epilogue, though that has not actually been confirmed yet. Either way, they likely will never be able to hurt any creature again.

*Return of Queen Chrysalis Arc*

In the first arc of the comics, Chrysalis and the Changelings are shown to have survived their fall, landing in an area called Wuvey-Dover Smoochy Land. Deciding to take advantage of this, Chrysalis and the other Changelings drained the town's open-hearted citizens of their love transformed the land into a Changeling Kingdom. As one of her lieutenants states that it could be a while before they can attack Celestia again, Chrysalis reveals that she no longer cares about Celestia and instead wants revenge on Twilight Sparkle for ruining her plan, explaining that she will bring Twilight and her friends to their kingdom at the time of the Secretariat Comet, and, when their emotions are peaked, she will drain Twilight of her magic.

In Issue #1, the Changelings imprisoned the ponies of Ponyville in cocoons and replaced them with changelings, but the Mane 6 defeated the changelings and rescued all the ponies except the Cutie Mark Crusaders. Chrysalis, giving the Mane 6 an communication orb through Spike, reveals that she has the Crusaders trapped in her lair and that they will have three days to rescue them. Chrysalis then ends the transmission upon being interrupted by Scootaloo.

In Issue #2, Chrysalis, watching over the Mane 6, is disappointed by a troll they encounter, remarking that they are "the most idiotic creatures", only for the Crusaders to start annoying her again, afterwards stating that trolls are the "second most idiotic creatures". Chrysalis then sends six Changelings to cause a cave-in when the ponies were traveling under the Appleloosan Mountains, separating them into pairs, then the changelings impersonated the other ponies and each insulted one of the other pairs within earshot, turning them against each other. Chrysalis found this amusing, but the Cutie Mark Crusaders continued to annoy her.

In Issue #3, Chrysalis recounts what happened to her after her defeat in Canterlot, to the Crusaders. Scootaloo questions what happened to the citizens of Wuvey-Dovey Smoochy Land, and Chrysalis tells her, that if they don't shut up, she'll show them. Chrysalis uses the orb to watch over Twilight, and orders several other Changelings to report on the actions of the other ponies. Chrysalis' guards inform her of the status of the others, and the Crusaders begin laughing at how the Mane 6 will eventually reunite and Chrysalis' plan will be foiled. Now enraged, Chrysalis reveals that it wasn't part of her plan to turn the Mane 6 against one another, but an added bonus, explaining that her true intentions are to destroy Twilight after draining her magic, causing her friends' emotions to spike and making them a big meal for the Changelings, and, afterwards, they will go back to Canterlot and take over. Taunting the Crusaders for their innocence, Chrysalis takes one of the citizens of Wuvey-Dovey Smoochy Land and (off screen) violently murders it in front of them. After the Mane 6 get back together, Chrysalis, still bothered by the Crusaders, moans that it will soon be over.

In Issue #4, Chrysalis decided she was done with the Cutie Mark Crusaders and wanted to be rid of them; it is unknown whether it was to banish them, kill them, or use them as food. After the Mane 6 enter the Changeling's castle, Chrysalis tells them to find her behind one of many doors, from which Mola Ram, Pennywise, the twins from The Shining, and the Phantom of the Opera appeared in pony form. Twilight discovers the correct door and Chrysalis asks her and the others the riddle "How is a Pegasus like a writing desk?" While the others are confused, Pinkie Pie answers the riddle by literally not answering it, and Chrysalis opens the door. In her throne room, the Mane 6 confront Chrysalis as she is arguing with the Crusaders, and a battle ensues, with Chrysalis attacking Twilight.

As they battle, Chrysalis tries to monologue about how love is worthless, and, being interrupted constantly, traps the rest of the Mane 6 inside cocoons. Angry and empowered by the Secretariat Comet, Twilight unleashes a powerful magic beam on Chrysalis, destroying everything around her. Deciding to alter her plans, Chrysalis offers to make Twilight her apprentice instead of draining her magic, threatening to harm her friends if she doesn't comply. Twilight reluctantly agrees to Chrysalis' terms and she releases Twilight's friends, only to reimprison them immediately afterwards, revealing that she will still drain Twilight of her love to make her more subservient, and then she will drain her own friends. Twilight and Chrysalis battle again, and, with the encouragement of her friends and the magic of the Secretariat Comet, Twilight singlehandedly overpowers Chrysalis and the Changelings. Chrysalis and her Changelings are then imprisoned in the castle, with Pinkie Pie's costume standing in the doorway, endlessly annoying them with riddles and songs that never end.

### *FIENDship is Magic Mini-Series*

In Issue 5 of *Fiendship is Magic*, which is in continuity with *The Return of Queen Chrysalis*, the Mane 6 visit the imprisoned Chrysalis in her castle, which is under guard by royal guards, to make sure that her imprisonment is going according to plan, as she is to receive a thousand-year punishment for her crimes (which includes being banned from cake). By now she is in an extremely weakened state, as she and her minions barely eat any of their food. It is mentioned that a thousand years ago she destroyed the city of Timbucktu. As more of her exploits are told and shown, she offers her origin in exchange for the newest Daring Do novel, which Rainbow Dash possesses. When Twilight is about to exchange it, she becomes trapped in the prison by the Changelings as it is revealed that the weakened Chrysalis was a Changeling and the true Chrysalis was hiding and she ambushes Twilight and she explains her origin. She came from a swamp where a rotten acorn was dropped into an eerie lake which grew into a tree that fed on insects and Starswirl the Bearded appeared and upon seeing the lake, he put a sign on the tree to keep ponies from entering the lake, but the nail releases the bugs, which have evolved into equine beings along with Chrysalis. She and her subjects then proceed to attack Twilight and before the ponies can stop them, the Changeling overpower them and escape the jail, leaving the defeated ponies and Spike wounded.

### *Siege of the Crystal Empire Arc*

In *Siege of the Crystal Empire*, Issue 34 of the comics, Chrysalis is recruited by Radiant Hope along with the Flim Flam Brothers, Lightning Dust, and Iron Will to attack the Crystal Empire as a diversion to keep every pony out of the castle so Radiant Hope could revive King Sombra. Chrysalis duels Twilight, but is defeated when Rarity blasts Iron Will and his goat into her with a cannon, and is captured with her fellow conspirators.

In Issue 35, once Sombra is revived, he releases Chrysalis and helps her defeat Twilight. Celestia and Luna arrive and fight Sombra and Chrysalis, respectively; when Luna gains the upper hand on Chrysalis, Sombra turns both princesses to stone.

In Issue 36, when Chrysalis finds out Sombra plans to release the Umbrum, she is against it, having witnessed the Umbrum attacking the Crystal Empire and causing despair, which changelings cannot feed off of, but when Sombra threatens to turn her to stone, she says she'll help him. This was merely to buy her enough time to escape, knowing she and her changelings could be killed by the Umbrum. She taunts the powerless Twilight and throws her out of her cage so she can be attacked by the Umbrum, and then flies with her changelings across the sea to parts unknown, leaving Lightning Dust, Iron Will, and the Flim Flam Brothers behind.

*My Little Pony: Guardians of Harmony Annual 2017*

In *The Shadow Bolts*, Chrysalis is mentioned to be attacking the Crystal Empire, she sent two of her changelings to distract Rainbow Dash from reaching the Canterlot.

In *Big Spike*, Chrysalis and her changelings are said to be seen heading for the Mane Six and Spike. After Shining Armor arrives with a potion he'd found in castle of the Crystal Empire. Spike is the only one who knows that the potion is for him but Twilight uses a bit of the potion and armors herself, her friends and Shining Armor and still doesn't listen to Spike. When Chrysalis and her changelings arrive, The Mane Six and Shining Armor battle them but are outnumbered and overpowered by the changelings quickly. When Twilight finally grants Spike's wish to have the potion used on him, he grows into a giant armored dragon and he drives Chrysalis and her changelings away with his dragon breath.

Cozy Glow

**Cozy Glow** is one of the main antagonists in *My Little Pony: Friendship is Magic* . She appears as the main antagonist of Season 8, first appearing as the supporting character in the episode "Marks for Effort", then later "Friendship University" and "What Lies Beneath", and then finally reveals her true nature as the main antagonist in the finale, "School Raze". She's also one of the three main antagonists of Season 9 (alongside Queen Chrysalis and

Tirek). She is also the former friend and now one of Twilight Sparkle's archenemies.

Cozy Glow was once a friend of the Cutie Mark Crusaders and the Young Six, and the former top student of Twilight Sparkle's School of Friendship as well as her Friendship Assistant. But then she revealed to also be Lord Tirek's protégé, who plotted to get rid of Twilight and her friends so that she can take her school and use it to rule Equestria. After she was stopped and exposed, she was then expelled from the school and imprisoned in Tartarus alongside her mentor, that becoming Twilight's new archenemy. Then they were released by "Grogar", (who was actually Discord in disguise) to join the Legion of Doom, but were ultimately defeated and petrified by the end of the series.

She was voiced by Sunni Westbrook.

## Past

Not much of Cozy Glow's past is known. What is known is that she was a young, but evil pegasus orphan who uses her wits and charm to get whatever she wanted. At some point, she enrolled at Princess Twilight's School of Friendship with sinister motives.

## Marks for Effort

Cozy Glow first appeared in " *Marks for Effort* " where she was crying outside the Cutie Mark Crusaders' clubhouse. The Crusaders approached her and asked what's wrong. Cozy answers that she is having difficulty with her lessons at the School of Friendship and fears flunking out. The Crusaders, wanting to attend the School of Friendship too, decide to help Cozy with doing her homework and assignments.

The Crusaders teach Cozy how to be friendly while doing nice deeds for Sweetie Drops, Mrs. Cake, and Big Macintosh. After Cozy gets an "A" on her assignment, the Crusaders assist her further by helping her study for an upcoming friendship exam, during which she learns about the values of friendship represented by the Elements of Harmony. However, Cozy fails the test and runs away, which causes Twilight to accuse them of intentionally tutoring badly out of spite for not being allowed into the School of Friendship themselves.

After Cozy saw what she did to the Crusaders, she decides to go to the school's guidance counselor and confesses that she failed the exam on purpose so that the Crusaders would be allowed to enroll at the School of Friendship. When the truth was revealed, Cozy finally apologized to the Crusaders for what she did to them. Finally, the Crusaders were accepted at the School of Friendship; not as students, but as tutors. Cozy is last seen leaving with her new friends as they set out to tutor more students.

### A Matter of Principles

Cozy Glow makes a background appearances in " *A Matter of Principals* ".

### The Hearth's Warming Club

She makes another background appearance in " *The Hearth's Warming Club* " just as Twilight dismisses the students for the holiday break.

### Friendship University

She appears again in " *Friendship University* ", giving Twilight the flyers that inform her about Friendship U, and later appears after Rarity questions how Flim and Flam could have gotten a hold of the School of Friendship's lesson plans.

### Road to Friendship

Cozy Glow also appears waiting in line for Starlight's counseling in " *Road to Friendship* ".

### A Rockhoof and a Hard Place

She makes a background appearance in " *A Rockhoof and a Hard Place* ".

### What Lies Beneath

In " *What Lies Beneath* ", Cozy stays behind to help Twilight organize the library when she notices the Young Six having a difficult time studying for a friendship test. She manipulates them into doubting their confidence in their friendship by saying terrible things about each of their races and claiming that friendship "isn't in their nature." She then leaves to fetch her study notes to help them. At the end of the episode, the Young Six meet Cozy upon completing their journey underneath the school, where she learns about the Tree of Harmony's test on their friendship skills, which worries her. When they consider telling Twilight, she begs them not to out of fear of getting in trouble for making them doubt themselves, which they agree to. As the Young Six drift off to sleep in exhaustion, Cozy ominously looks at the vent where the Tree of Harmony is hidden.

## School Raze

By the season finale episode " *School Raze* ", Cozy Glow had become Twilight's top student and official "friendship assistant", helping her out with several tasks such as reorganizing the school's artifacts. But then all the magic in Equestria begins to disappear, and within 3 days, all of it will be gone forever. By Cozy's theory, Twilight assumes that the magic-stealing centaur, Lord Tirek is responsible, and decides to go with her friends to Tartarus to investigate. Cozy Glow believed that Twilight will leave her in charge in her own absence, but instead gives control to Starlight Glimmer, to which she agrees to.

However, the next day, Cozy informs the rest of the school that Starlight had left to join Twilight in her quest and has left her in control. When the Young Six question this, Cozy punishes them with extra homework. That night, they witness Cozy exiting the vent that leads to the Tree of Harmony's roots and they decide to follow her. When they reach the main office, they discover Chancellor Neighsay sitting in Twilight's chair as he assumes control over the school. He imprisons the Young Six save for Sandbar, who goes to the Cutie Mark Crusaders to help stop Neighsay. He suggests that they convince Cozy Glow to also help, but when they follow her down the same vent as before, they discover the horrible truth: She was the one responsible for Equestria's disappearing magic by stealing the school's artifacts and using them as a magnet to gather it all and send it away into another realm, thanks to advice from letters she's received from her pen pal, who was none other than Tirek, and even trapped Starlight in the vortex. She then explains that it was all part of her insane plan to get rid of Twilight and her friends so that she can take control of the School of Friendship and establish herself as the "Empress of Friendship".

Cozy attempts to convince Chancellor Neighsay to leave the school, but he refuses, so she orchestrates a student uprising to take back her position as a school headmare. Locking him in chains in the office, she then brags to the disgraced Chancellor how becoming head of the Twilight's school will allow her to become the most powerful pony in all of Equestria. As she leaves the office, the Cutie Mark Crusaders try to distract Cozy while the Young Six free Neighsay and Equestria's magic, but then locks them in a hall closet, as she was already aware of their deception. She then leads her student army to the room with the magic vortex, where they find the Young Six, and lies to the students that they are attempting to destroy the school. In the scuffle that followed, Gallus gets trapped in the vortex and the others try to save him, only to be trapped as well. Then the portal opens and Starlight and the Young Six are dragged in with Equestria's magic. Seeing their willingness to save one-another, the students question if they should save them, but Cozy insists that they be left to their fates. But as they leave, the Tree of Harmony, which had been empowered by the Young Six's friendship, saves them all and frees the Young Six so that they can stop Cozy's vortex, much to her shock. Sandbar instructs the others to get clear of the resulting blast and they listen, despite Cozy's demands for them to stop.

When all the magic has been returned to Equestria, Cozy Glow, having been slightly singed by the blast, curses the Young Six for foiling her plans. At that moment, Twilight and the others appear and show their anger at the student who betrayed them all. Cozy tries to save face, but the Mane Six and Spike reveal that Tirek had told them everything and Twilight admonishes her for believing that power was all that friendship was about. Cozy shows no remorse for her actions and tries to escape, but she is caught between the other students, the princesses, and Chancellor Neighsay, and the royal guards, forcing her to surrender. For her crimes and is figured to be too dangerous to wander around other places, not only was she expelled from Twilight's school, but she was also sentenced to imprisonment within Tartarus. There, she tries to make friends with Tirek as she smiled evilly.

## The Beginning of the End

In " *The Beginning of the End* ", while still imprisoned with him, Cozy Glow annoys Tirek by continuing to try and befriend him, before the both of them are suddenly transported out of Tartarus. Emerging within a mysterious cavern, Tirek and Cozy Glow are met by Queen Chrysalis, who immediately accuses them of summoning her, though Cozy Glow assures her that they thought she freed them. As this happens, King Sombra suddenly appears, causing the three to accuse him of summoning them, only for Discord (disguised as the ancient tyrant Grogar) to reveal himself to be the one who was responsible for summoning them. Tirek, Chrysalis, and Sombra are shocked to see him, as they believed he was only a legend, though "Grogar" assures them that he is real and states that he summoned them as part of his plan to rid Equestria of Twilight Sparkle and her friends.

Seeing that Cozy Glow does not know who he is, "Grogar" decides to demonstrate his power by giving Tirek a sample of magic that revives much of his strength. Tirek then tells Cozy Glow that "Grogar" is ancient and extremely powerful, as well as the former ruler of what would become Equestria, claiming that he had heard stories of his tyranny when he was younger. "Grogar" then tells the villains of how he created monsters that roamed the land and took whatever they wanted under his rule, before Chrysalis remarks how he was banished by Gusty the Great, although "Grogar" claims that he was only temporarily weakened when she took his bell; however, Cozy Glow points out that, since he has been weakened before even Tirek was born, he has a very different idea of what "temporarily" means, much to his annoyance. In reality, Gusty the Great really did banish the real Grogar into limbo, from where there is no return.

"Grogar" proceeds to tell the group that he has watched them and their failures to take over Equestria, and asks them why they have always been defeated by the same six ponies each time, with Cozy Glow stating that she's just a kid. "Grogar" rebuffs their answers and claims it is because their enemies work together as a team, demanding that the villains join forces with him to take over Equestria. Sombra, however, refuses to serve "Grogar" and arrogantly proclaims that he will take over the Crystal Empire by himself, causing "Grogar" to send him off to the Empire on the conditions that, if he fails, he will serve him or be destroyed again. After this, "Grogar" tells the others to prepare to work together and leaves. Cozy Glow immediately compares working together to making friends, telling Tirek and Chrysalis that they are in luck since she knows "all about that", though the former only flicks her away in annoyance.

Cozy Glow tries to get Tirek and Chrysalis to work together by having them each says nice things to each other, though this falls apart when Chrysalis refuses to say anything nice about ponies. "Grogar" then approaches them and states that he hopes the three of them will be enough to help his plans along, causing Tirek and Chrysalis to ask about Sombra. "Grogar" shows them that Sombra had failed in his plans to conquer Equestria and had again been defeated by the Mane Six, remarking that he will at least serve as an example to them as what will happen if they don't submit to his plans. Having seen this, Tirek, Chrysalis, and Cozy Glow unanimously agree to serve "Grogar", though they are seemingly left nervous by the thought.

### Uprooted

Cozy Glow does not appear in " *Uprooted* ", but she is indirectly mentioned by Yona when she recalls how she and her friends defeated Cozy Glow.

### She's All Yak

Cozy Glow also does not appear in " *She's All Yak* ", but she is directly mentioned by Sandbar when he lists her and Sombra as two ponies worse than Yona.

### Frenemies

In " *Frenemies* ", as "Grogar" is working, Cozy Glow approaches him and tattles on Tirek for leaving food out, Tirek quickly approaching "Grogar" and telling him not to trust anything she says afterwards; though "Grogar" is quick to point out that he already doesn't trust anything that they say. After being annoyed by Chrysalis, "Grogar" informs the villains that he is leaving and demands that they all stop fighting and find a way to work together so that they can accomplish their goals. Cozy Glow assumes herself in charge and plans a team meeting. She approaches Tirek about it, which he agrees to go so long as she leaves him be. Cozy then approaches Chrysalis, who also agrees to go as long as there are cupcakes. At the meeting, Cozy Glow encourages the fact that they all need to trust one another, which Chrysalis finds hard to do as Tirek is trying to steal her magic. Tirek firmly denies doing such a thing (returning the magic he actually had stole to a cupcake that Chrysalis devours) and calls her out for constantly ranting to her log, before joining Chrysalis in telling Cozy Glow that she wasn't left in charge. Cozy Glow then tries to get them all to agree with one another over their common goals, leading them all into singing "Better Way to be Bad" with one another, only for them all to devolve into bickering.

"Grogar" returns to see this, and, upset to see they have not yet resolved their differences, decides to send them off on a mission to retrieve his Bewitching Bell from Mt. Everhoof so that they can learn to work together. Cozy Glow and the others fight over who should lead the mission based on their previous feats, only for "Grogar" to angrily overpower and remind them that they all failed before and cannot work alone. Upon arriving at the foot of the mountain, all of the villains immediately split off and begin to find their own ways of getting up; Cozy Glow trekking up the mountain path until she comes across the residence of Rusty Bucket. She tries to pretend that she's a lost little filly in order to get Rusty to take her to the peak of the mountain but he refuses. This causes her to lose her temper but Rusty tells her to stay quiet or she will cause an avalanche. She tries different ways of getting past but keeps failing. This causes her to become angry which causes a giant snowball to fall on her and take her back to the bottom. Cozy Glow returns and finds that Tirek made a camp for himself. He proceeds to laugh at Cozy Glow upon seeing her return and explains to her that he had already deduced that getting up the mountain by himself would be impossible, and so had planned to wait for her and Chrysalis to fail so that he could take what they learned and use it to his advantage. Cozy Glow and Tirek proceed to bicker - Tirek calling her out for her fake cutesy persona and constant manipulations, and Cozy Glow criticizing his arrogance, while also mocking him for talking to his "Gram Gram" in his sleep - until they are approached by an Ophiotaurus, which they both blame each other for attracting. Suddenly, a female Ophiotaurus arrives and seduces the other one, Tirek quickly realizing that the former is actually Chrysalis in disguise, who admits that she needs their help, causing Tirek to gloat about his own strategy.

That night, Cozy Glow and the others proceed to bond with each other over their previous endeavors; her remarking about how she almost caused all of Equestria's magic to disappear and it would have been worthwhile if it meant seeing Twilight and her friends defeated, also admitting that working with Chrysalis and Tirek may not be such a bad thing. The next day, the three villains proceed to combine their abilities in order to scale the mountain, only to find that the cave at the top is protected by a magical barrier, which Tirek cannot absorb since he can only take magic from living beings. With some convincing, Chrysalis allows Tirek to take her magic to become powerful enough to create an opening in the barrier, allowing Cozy Glow to enter the cave and retrieve the bell. Tirek then returns Chrysalis' magic, stating that he wasn't sure he would do so and that it seemed smarter to work with her than fight. The villains begin to reflect with one another over how it felt to rely on others for a change, before Chrysalis snaps them out of it, not wanting the friendship to infect her like it did her hive. Realizing that they almost reformed, the three vow to remain focused.

The three then concur that "Grogar" has grown too powerful and decides to betray him together, and Cozy Glow agreeing due to her love of backstabbing before wondering what they can do with the bell. She and the others later return to "Grogar's" lair and fool him into thinking that they failed while yet still becoming allies, though in reality have kept the bell for themselves.

### The Summer Sun Setback

In *The Summer Sun Setback*, Cozy Glow sees "Grogar" leaving and asks where he is going. He reveals that since his minions "failed" to recover the Bewitching Bell for him, they will need another source of power to defeat Twilight and her friends. After "Grogar" leaves, Cozy Glow informs Chrysalis and Tirek that he is gone. The villain's voice that they don't trust "Grogar" and try to figure out how to use his bell-like ringing it but nothing happens. Cozy Glow then points out that Twilight mentioned that the Archives in Canterlot has a restricted area and the villains set off on their "road trip".

The three villains hide in Canterlot and only Chrysalis and Tirek notice so many ponies out in the night. Cozy Glow reveals that it's the Summer Sun Celebration with Chrysalis asking how many holidays these ponies have. She believes that it will be easy to get in until Tirek points out that Canterlot has increased security. After Chrysalis fails to enter through the main doors, she returns to her allies and informs that it will be more challenging. The villains then overhear Twilight's friends and Discord talking about their responsibilities for the holiday. Tirek believes it to be impossible since the security is increased with Twilight's friends "bumbling about". However, Chrysalis sees it as an advantage to using as a distraction since they heard everything and gives instructions to Tirek and Cozy Glow.

While Chrysalis and Tirek secretly sabotage the unicorns and Earth ponies, Cozy Glow sabotages the Pegasi by tricking Feather Flatterfly into letting her handle the "small stuff" while he focuses on the "big picture" and he allows her to handle the weather changes delicately. But instead, she makes several intentional mistakes that cause the weather to spiral completely out of control and the pegasi to become overwhelmed trying to contain it.

The villains watch all the panic and chaos unfold before deciding to incapacitate the security. Cozy Glow distracts a guard while Tirek steals his magic and Chrysalis uses his star badge to the main doors for them to enter. They search for the archives which also wakes up a security goose that follows them. However, Chrysalis disguises herself as another security goose to get it to leave and the villains finally find and break into the Archives. They search through the Archives until Cozy Glow finds a book about how to use the Bewitching Bell and uses another book to break it out of its chains.

This gives the villains time to leave Canterlot back to "Grogar's" lair while Twilight and her friends are able to fix the holiday. "Grogar" also returns tells his cohorts that he has found success where they all find "failure". He reveals that he located what he wanted and will retrieve it the next day before they begin his plan to take over Equestria. Tirek is still sulking that he had to give the magic of the Earth ponies back to them, in which Chrysalis and Cozy Glow tell him to stop doing and remind him that "Grogar" would become suspicious if he found out about their "road trip" in which Tirek claims that he doesn't have to like it. Cozy Glow reveals that she didn't like it when the Mane Six managed to fix the holiday until Chrysalis reveals that the goal was not to destroy but to distract in order to get the book. Tirek reminds them that they can't waste any more time because they must master the bell before "Grogar" returns. Chrysalis reveals that they managed to stay ahead of everyone so far until Cozy Glow remarks how easy it was to turn the Earth ponies, unicorns and Pegasi against each other, in which Chrysalis decides would be something to think about.

## The Ending of the End

Cozy Glow turns pegasi against earth ponies and unicorns before she, Chrysalis, and Tirek use Grogar's bell to absorb his old magic, turning Cozy Glow into an alicorn. When "Grogar" returns, they drain his magic into the bell, discovering him to be Discord. When Chrysalis and Tirek debate whether to absorb Discord's magic, Cozy Glow volunteers to test this, to which Chrysalis and Tirek immediately agree. Cozy Glow is transformed into a giant demonic alicorn, but as she is unable to control Discord's magic she has Chrysalis and Tirek take it back into the bell, before they set out to conquer Equestria.

Cozy Glow goes after Celestia and Luna at Canterlot, and when they try to banish her in a similar style to King Sombra, she drains their magic into Grogar's bell. The Mane 6 gain the upper hand on Cozy Glow before Chrysalis and Tirek come to her rescue. They destroy half of Canterlot and try to kill Twilight together, but Rarity throws a chunk of rubble at them. They quickly recover and shoot a combined magic blast at Twilight, but the other Mane 5, Spike, Celestia, Luna, and Discord hold it back so Twilight can escape and think of a plan.

In Part 2, The other Mane 5, Spike, Celestia, Luna, and Discord are imprisoned in the caves beneath Canterlot along with Starlight Glimmer and the Pillars of Equestria. Cozy Glow sadistically plans to kill them but Chrysalis argues they should torture them and show Equestria that they've broken its heroes, while Tirek insists they should hunt down Twilight. Cozy Glow tries to take Celestia and Luna's magic with the bell, leading to an argument with Chrysalis and Tirek. Discord tricks Tirek and releases the others, and the other Mane 5 and Spike run off to get Twilight while the others fight Cozy Glow, Chrysalis, and Tirek as a distraction.

After their opponents are reimprisoned, the Windigos appear, to which Cozy Glow doesn't feel like doing much in the cold they cause. The Mane 6 and Spike return, and during a fight to try to get the bell back, Cozy Glow chases after Rainbow Dash, who was part of the distraction, and to protect the bell, she taunts Fluttershy and blasts her. When Chrysalis threatens Spike, the villains nearly destroy the Mane 6, but the unicorns protect them with a barrier, and most of their allies enter the battle.

In the end, the Mane 6, Spike, the Young Six, and the Pillars unleash a rainbow which destroys the Windigos and drains Grogar's magic from Cozy Glow, Chrysalis, and Tirek. After Pinkie Pie drops a giant cupcake on them with Discord's magic, which, along with the alicorns' magic, is returned to their owners, Celestia, Luna, and Discord turn Cozy Glow, along with Chrysalis and Tirek, to stone forever as punishment for their crimes, ending their threats for good. Thus, Cozy Glow was finally defeated for good.

## The Last Problem

The statues of Cozy Glow, Tirek, and Queen Chrysalis, briefly appear in a newspaper Twilight Sparkle shows to Spike. It is unknown if she is still a stone statue after the timeskip, as their stone forms are only seen in the flashback portions. In response to a question as to whether she would be all right, Jim Miller said "Cozy's fine. Just in suspended animation." Indicating she, as well as Chrysalis and Tirek, are asleep for their stoning, unlike Discord. The use of present tense could imply they are still trapped in stone as of the epilogue, though this has yet to be confirmed. Either way, they likely will never be able to hurt any creature again.

## King Sombra

**King Sombra** is one of the major antagonists of *My Little Pony: Friendship is Magic* . He appears as the main antagonist of the season 3 premiere "The Crystal Empire" and the season 9 premiere "The Beginning of the End". He is also the supporting antagonist in the season five finale "The Cutie Re-Mark", and a posthumous antagonist in the season six premiere "The Crystalling" and the rest of season 9. He is also one of Twilight Sparkle's archenemies.

He is a dark and tyrannical unicorn and the former ruler of the Crystal Empire who is bent on reconquering the empire and later taking over all of Equestria. In Season 3, he returned alongside the Empire and plans to retake it so he can regain his physical form and conquer Equestria with his army of mind-controlled slaves. However, his plans were thwarted by Cadance, Spike, The Mane Six, and the Crystal Ponies, and he was defeated and destroyed. In Season 9, Sombra was restored by Grogar (who is Discord in disguise) to join his team of villains so they can conquer Equestria together. However, Sombra refused to join the team and he goes out to conquer Equestria on his own. He managed to destroy the Tree and Elements of Harmony and succeeded in conquering both Ponyville and Canterlot. However, he was defeated once again by the Mane Six.

In the IDW MLP comics, he appears as the secondary antagonist in the 13th story arc *Siege Of The Crystal Empire* ; the real main antagonist being his "mother" Rabia. In the IDW comics, it is stated that Sombra is actually an Umbrum created to destroy the Crystal Heart and release the Umbrum army trapped underneath the Crystal Empire; although this is considered to be non-canonical to the series.

He was voiced by Jim Miller in Season 3, and was voiced by Alvin Sanders in Season 9.

### Past

King Sombra's early life is left completely unknown in the TV series (unlike the comics). It can be speculated that Sombra was once a normal unicorn, possibly a resident of the Crystal Empire, until he began studying dark magic, and had delved so deep in it that it mutated him into the tyrannical abomination he is today. It is also implied that Sombra murdered the previous Queen of the Crystal Empire so he can take over the Empire.

What is known is that King Sombra was a powerful unicorn whose heart is said to be as black as night. He took control of the Crystal Empire and enslaved the crystal ponies, and most likely planned to do the same with the rest of Equestria. Fortunately, Celestia and Luna arrived and used their combined magic to depose him, turning him to shadow and banishing him to the Arctic North, ultimately sealing him into a crevice of ice which closed up. However, he foresaw this and placed a curse upon the Crystal Empire that caused it to disappear for a thousand years out of spite.

Season 3 The Crystal Empire

The Crystal Empire reappears, but the crystal ponies have no memory of their kingdom before Sombra took over, and the mere memory of him causes them pain. Sombra returns along with the Crystal Empire and tries to conquer it again, but Princess Cadance was able to cast a protection spell around it which kept him out. When Twilight Sparkle and her friends came to the Crystal Empire to protect it, Sombra chased after them in shadow form, but they got through the barrier, although he attacked Shining Armor he survived, his horn was cursed so that he could not use his magic.

When Cadance began to run out of power to perform the spell, the barrier briefly deactivated, allowing Sombra to invade. Sombra's horn was broken off as the barrier reactivated, and he transformed it into a dark crystal that began to create more dark crystals in the Crystal Empire.

Twilight and Spike searched for the Crystal Heart, the key to protecting the empire, inside the castle, where nobody would dare to look. They ran into a door enchanted by Sombra to hypnotize them into confronting their worst fears. In Twilight's case, she thought Celestia told her that she failed her test and wouldn't continue her studies, only for Spike to snap her out of the trance. Spike gets brainwashed too and thought Twilight was banishing him, but Twilight saw through the enchanted door's purpose and shuts it, releasing Spike from the spell and comforting him about his fear.

Eventually, they reached the Crystal Heart, but Sombra, was finally able to enter once Cadance was no longer able to perform her spell, trapping Twilight in a wall of dark crystals, keeping her from the Crystal Heart once she triggers a trap.

With no way out, Twilight entrusts Spike to take the Crystal Heart to Cadance. Returning to his physical form, Sombra tried to spear Spike with a dark crystal, but Cadance saved him from the attack. She then returned the Crystal Heart, and together with the crystal ponies used its power to unleash a wave of magic that restored the Crystal Empire and destroyed Sombra, shattering him to pieces.

King Sombra was briefly referenced in the episode, " *Games Ponies Play* ". Twilight also briefly uses his magic in " *Princess Twilight Sparkle* ".

Season 5 The Cutie Re-Mark

The first of many alternate timelines temporarily created by Starlight Glimmer, King Sombra is in power and ruling over the Crystal Empire with the iron hoof, having never been killed by Princess Cadance due to the change in the timeline, he made the crystal ponies fight for him against the rest of Equestria, fighting a war with Celestia. He was winning the war as he managed to take half of Equestria.

Season 6 The Crystalling

King Sombra was mentioned again a couple of times in the Season 6 premiere " *The Crystallising* ". Spike mentions King Sombra while telling the Crystal Ponies about how he was defeated. Twilight later reveals the reason that King Sombra merely hid the Crystal Heart in his castle is to prevent the Frozen North's weather from breaching the Empire. This explains why Sombra never destroyed the Crystal Heart in the first place.

Season 7 Shadow Play

Pinkie Pie mentions Sombra while recounting the threats Equestria has faced over the last thousand years to Star Swirl the Bearded.

Season 9 The Beginning of the End

King Sombra is revived by Discord (who was in the form of the ancient tyrant Grogar) and is summoned to his lair, where Queen Chrysalis, Lord Tirek, and Cozy Glow accuse him of being the one who summoned them there. However, "Grogar" reveals himself as being the one to summon them, much to the villains' astonishment, as they had all thought he was a legend (except for Cozy Glow, who had never heard of him before). "Grogar" proceeds to tell the group of his plans to eliminate Twilight Sparkle and her friends and demonstrates his power by giving Tirek enough magic to partially revive his strength, also causing him to tell Cozy Glow of the stories that he had heard of "Grogar" when he was younger and for Sombra to do the same afterwards. "Grogar" goes on to state that he's been watching over all of them and asks them why they think that they've always been beaten by the same six ponies, Chrysalis interrupting Sombra before he can respond. "Grogar" rebuffs all of their answers and points out that the Mane 6 have always won because they work as a team, and demands that they all do the same in order to take over Equestria.

However, Sombra refuses to join "Grogar", claiming that he will take the Crystal Empire back for himself and destroy anyone who gets in his way. Unphased by this, "Grogar" tells Sombra to go and try to take over the Empire again, even offering to transport him there on the conditions that he can keep it if he succeeds, but will serve him once he fails, claiming he will destroy him again if he refuses to abide by his terms. Sombra agrees and proceeds to arrogantly proclaim how he will overtake the Empire, before an annoyed "Grogar" whisks him away. Sombra proceeds to lay siege to the Crystal Empire with ease, brainwashing the crystal ponies and royal guards into serving him as he approaches the castle. Inside, Princess Cadence sends out a message to Twilight before she and Shining Armor notice that Flurry Heart is missing and find her in Sombra's clutches. Sombra then forces Shining Armor and Cadence to surrender, capturing the Crystal Heart and fully taking over the

Crystal Empire afterwards.

Upon receiving Cadence's message and summoning her friends, Twilight decides to retrieve the Elements of Harmony from the Tree of Harmony to defeat Sombra. Back at the Empire, Sombra is seen relaxing on his throne, amused by Flurry Heart's attempts at attacking him, only for the Mane 6 to arrive to challenge him. Unconcerned, Sombra forces his opponents to endure their own worst fears (making Twilight see a vision of all of her friends being controlled by Sombra while Princess Celestia and Luna show disappointment in her, turning them into Nightmare Moon and Daybreaker as a result), and suggests that they should surrender, as nothing can beat their own fears. However, Twilight and the others overpower Sombra's visions with the Elements, revealing that they were only facing their fears long enough for Spike to free his captives.

Cadence then reclaims the Crystal Heart and uses it to dispel Sombra's influence from the Empire, freeing everyone from his control. In spite of this, Sombra proclaims that he will win in the end, before being seemingly destroyed by the Elements. Having saved the Empire again, Twilight and the Mane 6 return the Elements to the tree, only for Sombra to appear and destroy both.

Sombra reveals that his supposed demise back at the Crystal Empire was merely a ruse to fool the Mane 6 in so that he could trace them back to their source of power and destroy it; and now that he has done so, they will be unable to stop him. Despite this, the Mane 6, minus a disheartened Twilight, try to fight back against him, only for Sombra to imprison them all, realizing that, with them out of the way, he can conquer all of Equestria for himself, planning to overtake Ponyville first. Sombra then considers using his magic to brainwash the Mane 6 as well, but decides against it, as he is already forcing them to endure their worst fear by taking control of Equestria anyway before leaving. Sombra goes on to brainwash all of Ponyville - including Spike, Starlight Glimmer, the Cutie Mark Crusaders and the Mane 6's other friends-into becoming his slaves and takes them to conquer Canterlot, while the Mane 6 are forced to deal with the Everfree Forest's overgrowth thanks to the Tree's destruction.

Sombra storms Canterlot with ease thanks to his brainwashed army, and barges into the Princess' throne room, only to find that it is empty, making him believe that Celestia and Luna had run away from him in fear. Soon, the Mane 6 arrive in the Princess' throne room with Discord (back in his true form) and engages Sombra, who attempts to blast them with magic. However, Discord dispels all of Sombra's attacks with ease while commenting that, even though he expected Twilight and the others to handle things by themselves, they still win because he is their friend, though in doing so he accidentally prompts Sombra to target Fluttershy instead, making Discord take the blast for her. Sombra gloats at his victory and begins to decide how he will eliminate the rest of his enemies, while, at the same time, Discord gives his friends a heartfelt speech about how they don't need him or the Elements to beat Sombra since all they have ever needed to win is each other.

Disregarding Discord's claims, Sombra attacks the Mane 6, who, now inspired, begin to fight back, generating more magic than ever. Baffled, Sombra demands to know how the Mane 6 have the ability to stand up to him even when he destroyed the source of their power, although Twilight claims that he never did, with her and the others reminding him that friendship is magic, before using their power to destroy him once again and remove his influence from Equestria. Due to how powerful the Mane 6's magic was, Sombra's skin was tearing itself apart while he quickly turns to dust as well and disappears into the light, destroying him once and for all.

Later, Celestia and Luna return from fending off the Everfree Forest and state that they will hold off on making Twilight and her friends the new rulers of Equestria until Twilight feels she is ready, causing Discord to reveal that he faked his injuries in an effort to push Twilight to become the great leader he knows she is, additionally revealing that he could have defeated Sombra any time he wanted. Back at "Grogar's" lair, Tirek and Chrysalis ask him about how Sombra's plan went, and "Grogar" shows them that he had been defeated yet again. Choosing not to revive him a second time, Discord (back in his Grogar disguise) uses Sombra's destruction as an example to the others of what happens when they try to abandon his plans, making them nervously agree to serve him.

## Legacy

King Sombra is mentioned a few times in the episode, " *Uprooted* ".

He is also mentioned in " *Sparkle's Seven* ", where it is shown that Princesses Celestia and Luna decided to have Shining Armor increase security in Canterlot following Sombra's previous attack on it.

In " *She's All Yak* ", Sandbar lists King Sombra and Cozy Glow as two ponies worse than Yona.

He is briefly mentioned in " *The Last Crusade* " by Mane Allgood, who lists him as one of the main reasons why she and her husband Snap Shutter decided to come to Ponyville and spend time with their daughter, Scootaloo.

In " *The Ending of the End - Part 1* ", Sombra is mentioned a number of times when it is revealed that Discord had been posing as Grogar and was using him and the other villains to create a threat that would push Twilight and her friends into becoming confident rulers of Equestria. In " *Part 2* ", Twilight has a picture of Sombra included in a thought chart when trying to come up with a way to defeat Tirek, Queen Chrysalis and Cozy Glow.

## Reflections

King Sombra of a parallel world appears in the seventh arc (Issues 17-20) of the comics. He is the polar opposite of the Sombra from the show, as he is a good ruler of the parallel world where Celestia and Luna are evil. He is in love with Celestia of Prime Equestria.

However, this version of Sombra would suffer a terrible fate in allowing himself to be taken by evil to protect his beloved Celestia and both their worlds from destruction, becoming just like the King Sombra from Celestia's world. But even after being taken by evil, this Sombra mourns his beloved Celestia, now lost to him, possibly forever.

In *Friends Forever #4*, it is shown how King Sombra captured a Crystal Bard and enslaved him, making him read books for him after the Crystal Bard escaped King Sombra with his royal guards trying to recapture him but the Crystal Bard became smarter than him.

### *Fiendship is Magic*

In Issue 1, Sombra's backstory (at least in comic canon, in which Amore has a different cutie mark than described in the Journal of the Two Sisters) is revealed; he was an Umbrum disguised as a pony to enter Equestria and release the other Umbrum, who were imprisoned in another dimension. Sombra initially didn't want to turn evil, and was friends with Radiant Hope, and was affected by the power of the Crystal Heart, but after a talk with the Umbrum, he embraced his dark side. He turned Princess Amore to crystal and shattered her to pieces, before being banished by Celestia and Luna, but he threw Radiant Hope outside of the Crystal Empire. In the present, it is shown that Sombra is now a ghost tied to his horn.

### Siege of the Crystal Empire

In Issue #34, Radiant Hope recruits Queen Chrysalis, Lightning Dust, Iron Will, and the Flim Flam Brothers to attack the Crystal Empire as a distraction while she finds Sombra's spirit and horn, and uses her healing magic to bring him back to life.

In Issue #35, Sombra releases the imprisoned villains, and he encrusts Twilight's horn with dark crystals, allowing Chrysalis to defeat her. Celestia and Luna arrive to fight Sombra and Chrysalis, but due to Hope's intervention, Sombra turns Celestia and Luna to stone.

In Issue #36, Sombra and Chrysalis get into an argument when Chrysalis is against Sombra's plan to release the Umbrum, knowing they will cause despair, thus preventing her from feeding off love. Threatened with being turned to stone, Chrysalis retreats with her Changelings. After Princess Cadance and Hope discover what the Umbrum are really like, Hope tries to convince Sombra not to release them. Twilight arrives, having been restored by the other Mane 5 with the power of friendship, and shoots a magic beam at Sombra, but Hope jumps in front of him and takes the hit. Sombra then releases the Umbrum.

In Issue #37, Sombra, now emperor, turns Shining Armor to stone at the command of Lady Rabia in a reference to Governor Tarkin destroying Alderaan. He is about to do the same to Twilight and Cadance when Twilight tells them to do this at the dais where the Crystal Heart is so everypony can see it happen. Sombra goes to take Hope with him, to which she reveals that her supposed destiny of becoming a princess did not come true because she left her training to look for him. Sombra was affected by the realization that not only was the Crystal Heart's prediction not true, but she chose him over becoming a princess. When the "rebels" attack the Umbrum, Rabia tells Sombra to eliminate Twilight and Cadance and Hope takes out the Crystal Heart. Rabia tells Sombra to smash it, but instead, he unleashes its power, re-imprisoning the Umbrum and saving the Crystal Empire. Sombra is disintegrated by the Crystal Heart's power, but before he can be completely destroyed, Hope saves him with her magic, and together she and all four princesses restore him to physical form, turning him into an actual pony similar in appearance to his mirror-world counterpart. Together, Sombra and Hope decide to restore Princess Amore.

## Nightmare Moon

**Nightmare Moon** is a major antagonist of *My Little Pony: Friendship is Magic* . She appears as the main antagonist of the Season 1 premiere, "Friendship is Magic", and as the secondary antagonist in the Season 5 finale, "The Cutie Re-Mark" and the Season 7 episode, "A Royal Problem". She also appeared as a flashback antagonist in the Season 4 premiere, "Princess Twilight Sparkle" and a minor antagonist in the Season 9 premiere, "The Beginning of the End".

She is the corrupted form of Princess Luna, the younger sister of Princess Celestia who was consumed by her own jealousy toward her older sister. As Nightmare Moon, she acted as Celestia's archenemy until she was restored to her normal form by the Mane Six.

It is unclear if "Nightmare Moon" is an entity that possessed Luna or not; the show seems to lean that Nightmare Moon is Luna's alternate personality but the comics state that Luna was corrupted during her time on the moon.

## Past

Long ago, Luna and Celestia were both the rulers of Equestria, a land inhabited by ponies. Every morning, Celestia would raise the sun, and every evening, Luna would raise the moon. Together, they kept the balance perfectly. However, as time went on, Luna grew jealous: the ponies would be awake to enjoy the day and love, admire, and appreciate Celestia's work, but would always "shun" Luna's night by sleeping through it.

One day, Luna finally became fed up with Celestia's success. Not only did she refuse to lower the moon, but also challenged Celestia for the sole rulership of Equestria. At that moment, the bitterness in Luna's heart manifested and consumed her, transforming her into Nightmare Moon, a black mare of pure darkness. Celestia did not want to fight Nightmare Moon and begged her to lower the moon, but Nightmare Moon said her only royal duty was to destroy Celestia, and shot at her elder sister with magic beams, eventually knocking her down. Seeing no other way, Celestia reluctantly used the Elements of Harmony to overpower Nightmare Moon and banish her into the moon, creating the phenomenon known as "the Mare in the Moon" (a unicorn's face imprinted upon the surface of the moon).

Since then, Celestia took full responsibility of raising the sun and the moon, and a holiday was created to celebrate Celestia's victory over Nightmare Moon called the Summer Sun Celebration. However, Celestia only felt loneliness and regret for having to send her own sister away. In addition, it was prophesied that in a thousand years, on the longest day of that year, Nightmare Moon would be free of her imprisonment to seek her revenge.

## Season 1

Upon reading an ancient legend, Twilight Sparkle realized Nightmare Moon is about to return, however her mentor, Princess Celestia, encouraged her to make friends instead of worrying about the supposed "old pony's tale". Unfortunately, Twilight turned out to be right and Nightmare Moon was released during the Summer Sun Celebration, replacing Celestia who was supposed to attend it. Twilight and her soon-to-be friends chased Nightmare Moon into the forbidden Everfree Forest.

After conquering many obstacles left by Nightmare Moon in their path, they finally found the twisted mare herself along with the ancient Elements of Harmony, now reduced to inert stones. As Nightmare Moon whisked the Elements away, Twilight followed her into the portal and confronted her alone. She tried to use the Elements of Harmony as Celestia did, but for that, she had to find the "spark" that would make a sixth Element appear. However, no matter how hard she tried, she couldn't make the spark, and Nightmare Moon destroyed the Elements.

Fortunately, when Twilight heard her new pony friends calling for her, she felt a different spark in her heart; making her realize that the real Elements are not just some stones: they exist in the hearts of her friends. That spark triggered the final element: Magic (also known, of course, as Friendship), and reanimated the shattered Elements, converting them into jewels for the six friends to bear. Using the Elements of Harmony, Twilight activated a spell that struck Nightmare Moon, exorcising the darkness from her and transforming her back into Princess Luna.

Celestia arrived in the ruins where the battle took place, admitting that she knew of Nightmare Moon's return, but knew the only way to defeat her was for Twilight to understand the importance of friendship. Celestia walked over to a cowering Luna, who apologized in tears for her actions, and was granted forgiveness. Later at the celebration (held by Pinkie Pie), even the other ponies forgave Luna, gifting her with a flower necklace.

Season 2

In the season 2 episode "Luna Eclipsed", Princess Luna, now uncorrupted (And with a new look. Lauren Faust, the show's creator, stated that this was because when Nightmare Moon was defeated, Luna was reborn with very low magic levels, and she transformed after getting her good powers back), returns to Ponyville during the holiday Nightmare Night, a holiday dedicated to Nightmare Moon depicting her as a scary bogeyman. Luna, with Twilight's help, tries to change her image from that of the terrifying Nightmare Moon, to a favorable one as Princess. Unfortunately, the nature of the holiday, combined with Luna's outdated mannerisms and flair for the dramatic, make her subjects more scared of her than ever. Her first attempts end disastrously, prompting her to decree Nightmare Night canceled, but Twilight persuades her to give Ponyville another chance. When Luna discovers that the residents actually enjoy being scared as part of the night's festivities, she uses the Nightmare Moon persona to help them have fun and thus gains their trust and friendship, particular that of a colt named Pipsqueak.

## Season 4

During the Season 4 premiere two-parter, "Princess Twilight Sparkle", Twilight attempts to figure out the source of the chaos seizing Equestria by drinking a potion which gives her flashbacks of the past. One of the flashbacks she experiences is of Luna becoming Nightmare Moon and assaulting Princess Celestia. At first, Celestia is reluctant to fight her sister, but Nightmare Moon assaults her with dark beams and eventually wounds her, sending her plummeting to the ground. However, Celestia promptly recovers and arms herself with the Elements of Harmony, the power of which she channels into a powerful beam that overwhelms Nightmare Moon's defenses and seals her inside the moon.

## Season 5

In the episode "Do Princesses Dream of Magic Sheep?", it is revealed that Luna never truly forgave herself for her transformation into Nightmare Moon and created a creature known as the Tantabus to punish her by turning her dreams into nightmares about Nightmare Moon. However, when the Mane 6 mysteriously show up and try to defeat the Tantabus, it becomes aware of their existence and leaves Luna to infiltrate their dreams. Luna and the Mane 6 try to fight off the monster, but the problem becomes worse when Pinkie Pie dreams of sharing a giant ice cream sundae with all the ponies in the entire town, giving the monster knowledge of all the residents of Ponyville. Luna uses her power to bring all of the citizens of Ponyville into the same dream and they try to use their dream abilities to bring down the Tantabus and prevent it from reaching the real world. Despite their best efforts, the monster becomes too powerful for them to fight off and it heads for the real world. Twilight realizes that Luna's guilt is what's fueling the monster and causing it to grow bigger. Twilight and her friends make her see that she and Nightmare Moon are not the same, that Luna is doing everything she can to save Equestria from the Tantabus at her own risk and that she is not alone, that everyone from the Mane 6 to all of Ponyville and beyond trust her completely and implore her to trust them on this. A tearful Luna finally lets go of the past and is now able to finally forgive herself, destroying the Tantabus, and sleeping happily and peacefully for the first time in a millennium.

In the third of many alternate timelines created by Starlight Glimmer in the season finale "The Cutie Re-Mark", Nightmare Moon is in power, having imprisoned Celestia in the moon for years and with Rarity and Rainbow Dash working for her. When Twilight mentions time travel, Nightmare Moon tries to force her to lead her back in time to stop the Elements of Harmony from being found, threatening Spike. She shatters the Timberwolves that attacked Twilight and Spike, but with teleportation, Twilight gets Spike away from Nightmare Moon and travels back in time again in another attempt to fix the timeline.

Season 7

In "A Royal Problem", Starlight Glimmer has a nightmare in which her fears of accidentally driving Celestia and Luna farther apart by switching their cutie-marks result in Luna transforming back into Nightmare Moon. As Celestia (having taken over Luna's duties) prepares to fight Nightmare Moon, Daybreaker, an evil version of Celestia, emerges, stating that, if Luna can turn into Nightmare Moon, Celestia can turn into Daybreaker. Daybreaker then states that Celestia doesn't need Luna and then engages Nightmare soon in battle, stating that she shouldn't have banished her, but destroyed her instead. Celestia tries to stop the fight, however, Daybreaker refuses and continues trying to destroy Nightmare Moon, forcing Celestia to visit Luna's dream and get her help. As Celestia and Luna return to Starlight's dream and reconcile, Daybreaker manages to overpower Nightmare Moon and begins blasting at her again, however, Celestia teleports between their beams, and erases both of them from Starlight's dream.

Season 9

In "The Beginning of the End - Part 1", Nightmare Moon appears briefly alongside Daybreaker in Twilight's vision caused by King Sombra's fear spell. This brief scene is also Nightmare Moon's final appearance in the series.

## Other appearances

Luna becomes a recurring heroic character in the series. At the beginning of Seasons 2 and 3, it's revealed that Luna, alongside Celestia, turned Discord to stone with the Elements of Harmony and imprisoned King Sombra in ice while turning him to shadow, about a thousand years ago sometime before her transformation into Nightmare Moon.

## Nightmare Moon in comics

In Issue 6 (Part 2 of the second arc), Nightmare Moon is depicted as a separate entity from Luna, originating from the moon (as evidenced by her speaking to Rarity while possessing her, and speaking as if she were the original Nightmare Moon). It is said she convinced Luna to let her possess her (Luna also says "the Nightmare Forces" told her what to do to make ponies fear her), and that she promised the Nightmare Forces a kingdom of their own. When the Mane 6 restored Luna, Nightmare died, but was revived through the cycle of the new moon, and corrupted the inhabitants of the moon into new Nightmare Forces.

Nightmare herself convinced Rarity to let her possess her, becoming Nightmare Rarity.

In Issue 7, Nightmare Rarity imprisons the ponies in her dungeon once the Nightmare Forces defeat them, and resists Spike's attempts to get through to her. She tries to trick him with an illusion, but he realizes her deception. She has Shadowfright and his sidekick capture him and says the nightmare has only begun.

In Issue 8, the ponies escape the dungeon and de-corrupt Shadowfright's sidekick, Jerome, with the power of friendship. Luna does the same to Shadowfright and his army, turning them back into the denizens of the moon. The ponies then use this power of friendship on Nightmare Rarity to weaken her, and with this, them thinking of memories of Rarity, and Spike's love for her along with his restored Fire Ruby, the Nightmare Energy and spirit of Nightmare Moon are destroyed, releasing Rarity from their control.

Luna appears in the comics as well, though not as Nightmare Moon, and with her mane and tail the way they were after she was restored.

In issue 32, moon rocks from the battle between Celestia and Nightmare fall down to the planet and cause some apples to come to life.

FIENDship is magic issue 4 explains what Nightmare Moon did on the moon. She came across some creatures who make ponies' dreams. She tried to invade Celestia's dream to haunt her, but it was too strong. So she invades other ponies' dreams to spread rumors about Celestia. Celestia quickly put a stop to this. When Nightmare finally reaches her dream, Celestia banishes her permanently. Nightmare then turns the creatures into the nightmare forces.

## Theories

There are several theories about Nightmare Moon and Luna which say they're not the same entity. This was confirmed by Lauren Faust herself (though she also gave a speech in an interview about Nightmare Moon's "reformation"). Nightmare Moon could be in fact an embodiment of dark magic possessing Luna and keeping her prisoner under her evil influence till she was finally released by the Elements of Harmony. However, this theory has been debunked by the episode "Do Princesses Dream of Magic Sheep?".

As King Sombra made the Crystal Empire disappear for a thousand years, it was speculated that he had something to do with Luna's transformation into Nightmare Moon. He could have magnified her existing jealousy and bitterness into a dark transformation, or, in accordance with the above theory, a manifestation that possessed her. This theory may have been proven wrong as it was revealed that Celestia and Luna defeated Sombra in the past and imprisoned him, though that does leave the possibility that Sombra only started a more gradual transformation from Luna into Nightmare Moon. This theory was expressed in the youtube video, *Fall of the Crystal*

*Empire.*

It has also been speculated by G1 fans that Tirac exists in *Friendship is Magic* and was the one behind Nightmare Moon's transformation, since Nightmare Moon shared Tirac's motivation of bringing the night that never ends. However, when Lord Tirek finally appeared he displayed no such power or interesting in a neverending night.

It has been said that there was an outside force behind Luna's transformation into Nightmare Moon, who also might have had a hand in Discord's escape. In the comics it is implied that this force was the Nightmare Forces, directly possessing her while exploiting the bitterness in her heart to get her to accept them (although it also could be that the Nightmare Forces in the comics are the spirit of Nightmare Moon since she still seems to be Luna, or at least a part of her).

Some believe Nightmare Moon to be an apocalyptic villain since eternal night would cause the world to freeze. Lauren Faust has said that eternal night was Nightmare Moon's first step to a plan to "usher in an era of evil".

It has also been speculated that she is now a ghost and that she is the mysterious Shadow Pony haunting Celestia and Luna's old castle in the Season 4 episode "Castle Mane-ia", although recent comments have made this figure more likely to be Tirek.

Due to Stygian having a similar backstory and transformation into the Pony of Shadows, which occurred through him merging with a sort of "Shadow" strongly resembling a symbiote, it is possible (and, aside from the Nightmare Rarity comics, it is implied by the *Legends of Magic* comics) that Luna similarly merged with a "Nightmare" symbiote (though one weaker than the Shadow, as the Pony of Shadows was not purified by the Elements of Harmony while Nightmare Moon easily was), which she would have let in out of jealousy, to become Nightmare Moon.

## Reception

Nightmare Moon received a mostly positive reception from critics and fans of the series. As the first antagonist of the series, she is praised for her actions, personality, backstory, and her motives. Her alter-ego, Princess Luna, became one of the show's most beloved and popular characters of the series and the Brony Fandom. Her voice actress, Tabitha St. Germain, received praise for her performance as Nightmare Moon.

## Diamond Dogs

The **Diamond Dogs** (named **Rover**, **Fido**, and **Spot** ) are minor antagonists in *My Little Pony: Friendship is Magic* . They are trio of greedy jewel finding dogs.

Rover was voiced by Scott McNeil, Fido was voiced by Garry Chalk, and Spot was voiced by Lee Tockar.

They appear only in the season 1 episode "A Dog, and Pony Show". They are the main antagonists of the episode. They kidnapped Rarity to find gems for them after seeing her using her gem-finding spell, though the first attempt to kidnap Spike, thinking that he was the gem finder. In the end, Rarity makes them regret kidnapping her until her friends arrived to rescue her with spoils.

Rover is a medium-sized dog and the leader of the trio. His two followers are Fido, a large-sized dog, and Spot, who is a bulldog-like a small dog. Their name is taken from David Bowie's album *Diamond Dogs.".*

## Mane-Iac

The **Mane-iac** is a fictional character that appears in the fourth season of the show *My Little Pony: Friendship is Magic* and is the main antagonist of the episode entitled "Power Ponies". The Mane-iac appears to be an earth pony with a violet coat, a mane consisting of large green hair tendrils, and green eyes with red pupils.

At the beginning of the episode, Spike shows Twilight Sparkle a couple of pages of a *Power Ponies* comic book on which the Mane-iac is depicted.

She is stated to be the Power Ponies' "most evil nemesis".

Originally, she was the power-mad owner of a hair-care product company, she was the victim in an accident at her shampoo factory and fell into a vat of green liquid and was electrocuted by a downed power line. The accident had given her strange new powers and caused her to go insane. Another page shows the Mane-iac breaking into the Maretropolis Museum and stealing something called the Electro-Orb.

When Spike and his friends are sucked into the comic book and become the Power Ponies, they're brought to the point in the story at which the Mane-iac has just stolen the Electro-Orb. She watches in amusement as they grow accustomed to their newfound superpowers before leaving the scene. When the Power Ponies track the Mane-iac down to her headquarters-her abandoned shampoo factory-she dispatches the ponies with her "Hairspray Ray of Doom", freezing the ponies in place and rendering their powers useless. She then takes the Power Ponies prisoner, but leaves Spike/Humdrum alone, considering him pointless. The Mane-iac uses the Electro-Orb to power her doomsday device, with which she plans to cause the manes of every pony in Maretropolis to grow wild. As she gloats to the Power Ponies over her apparent victory, Spike traps some of her henchponies and helps in freeing his friends. Just before the Mane-iac can use her weapon on Fluttershy/Saddle Ranger, a firefly enters her line of fire, and she swats it away. This action incurs Saddle Ranger's wrath, and she single-handedly does away with both the Mane-iac and her weapon.

As the result of being struck by her own weapon, the Mane-iac's mane grows out of control, ensnaring her in it like a straitjacket, while seemingly tickling her as she was laughing.

## IDW Comics

In issue #54 of the IDW comics, Shadow Lock brings the Mane-iac out of Twist's comic book to distract Applejack and Pinkie Pie while he erases the information from all of the books in the school. The Mane-iac is presumably sent back into the comic book off-screen.

## Starlight Glimmer

**Starlight Glimmer** is a former major antagonist in *My Little Pony:*

*Friendship is Magic* . She acted as the main antagonist of Season 5, first appearing in the premiere "Cutie Map", then made some cameos in the episodes "Amending Fences" and "What About Discord", and then made her next full appearance in "Cutie Re-Mark". She then redeemed herself and became on of the supporting protagonists for the remainder of the series. Her counterpart, Snowfall Frost, appeared as the main antagonist of "A Hearth's Warming Tail".

Starlight Glimmer started out as the leader of an unnamed village near the edge of Equestria, where she convinced everypony to give up their cutie-marks, which was a result of her childhood friend, Sunburst, abandoning her when he gained his own mark. When the Mane Six arrived and exposed her the tyrant she was, she escaped and sought her revenge later on by traveling back in time and interfering with their past, until Twilight Sparkle inspired her to seek friendship again. She then became Twilight's student, Trixie Lulamoon's assistant, then the guidance councilor of Twilight's School of Friendship, and then finally Headmare of the school.

She is voiced by Kelly Sheridan, who also voiced Svetlana Petranova in *Barbie in Rock 'N Royals* .

The Cutie Map Part 1

In her episode debut, she is the head of a village where all the ponies have equal signs for Cutie Marks. She greets the Mane 6 when they enter the village. She and the townsfolk explain their philosophy - that being equal is what brings true happiness. The Mane 6 (except Fluttershy, who is warmed by the townsfolk's benevolence, and especially Pinkie Pie, who is adamantly suspicious of the location), find this odd. They promptly meet a trio of ponies who miss their Cutie Marks, showing that Starlight's village is not as happy as it seems. The trio informs the group of a vault inside a mountain which contains the taken marks. Starlight leads the ponies to the vault and shows them a wooden staff, which she dubs the Staff of Sameness. She claims that it's a magical item she uses to take away ponies' Cutie Marks. When Pinkie Pie prematurely discloses that a group of ponies told them about the vault, Starlight immediately sees the Mane 6 as threat to the town's lifestyle and steals their Cutie Marks with the staff, placing them in the vault.

Part 2

She imprisons the ponies in a house, wherein she condemns them to remain until they resign themselves to their fate of living in her town, markless and talentless forever. Unable to break out, the ponies persuade Fluttershy to feign having converted. Starlight is initially not convinced and commands Fluttershy to denounce the ponies who told her about the Vault. Fluttershy hesitates, but one of the free-thinking ponies - named Party Favor - voluntarily confesses that he was responsible for this, subsequently causing him to be imprisoned with the rest of the Mane 6. That night, Fluttershy intends to break into the Vault, but before she can get going there, she finds out that Starlight has ordered Double Diamond to deliver their Cutie Marks to her house so she can guard them personally. She also discovers that in reality, Starlight still has her cutie mark and her equal mark is fabricated.

The following morning, Fluttershy convinces Twilight to claim that she'll join Starlight and the rest of the village to distract Starlight's attention. While this is going on, Fluttershy tries to splash water on Starlight to reveal her cutie mark, but she dodges this as she had known Fluttershy was just acting her conversion. However, a drop of water wipes a smudge off the mark. Party Favor notices this and further wipes off the Equal mark, revealing Starlight's cutie mark and shocking the town. Starlight admits that the Staff of Sameness is just a regular staff she discovered in a desert, and that the Equalizing is the product of her own magic, which she hid from the town. Despite Starlight finally losing her temper and telling she created harmony, the townsfolk were really furious on how she lied to all of them, Starlight tries to save face by claiming she did it all for the sake of establishing harmony, but the townsfolk turn on her for her deception, forcing her to retreat back into her house.

A group of ponies breaks into the Mark Vault and throws the Staff of Sameness at the glass, breaking it and releasing the population's Cutie Marks. Meanwhile, Starlight hides in her house and takes a secret passage, trying to make off with the Mane 6's cutie marks as revenge for exposing her. While the Mane 6 is failing to catch up with her since their forced equality causes them to move slowly, Party Favor and other ponies set out to apprehend Starlight and retrieve the marks (and in the process, use their individual talents to counter Starlight's obstacles). Just before reaching the caves, wherein she could have lost her pursuers, the villain winds up being covered in snow, forcing her to release the marks. Starlight emerges and tries to blast her former followers, but Twilight defends them and says to Starlight that her groups' individuality was what led her to become a princess. Starlight rebukes this and insists that her actions presented the townsfolk with a kind of friendship they couldn't have obtained otherwise, but is shot down by Double Diamond, who claims that she never gave them a chance to be friends before converting them to her beliefs. Enraged and defeated, and having lost all her followers, she uses her magic to escape. Twilight hopes that Starlight will consider what the townsfolk have taught her.

## Cameos

Starlight makes a cameo appearances in " *Amending Fences* ", when she was hiding behind a menu she was holding in the cafe. She has a second cameo in " *What About Discord?* ", hiding behind a bush and spying on the Mane Six and Discord with a pair of binoculars. Pracitcally spent through out season 5 trying to find a way to get revenge on the Mane 6 by finding the source of their friendship.

## The Cutie Remark

Starlight returns as the main antagonist of the season finale *The Cutie Remark* . After listening to Twilight's speech of how she and her friends obtained their cutie marks through Rainbow Dash's Sonic Rainboom, Starlight appeared in Twilight's castle and used an altered version of Star Swirl the Bearded's time travel spell with the Cutie Map to travel back in time. She blasted Rainbow Dash away before she could do the Sonic Rainboom, altering time so that King Sombra ruled Equestria and was at war with Princess Celestia. Twilight's attempts to stop Starlight only led to Starlight crystallizing her and then convincing the jock bullies not to pick on Fluttershy, creating a timeline in which Queen Chrysalis is in power and at war with Zecora. Twilight tried to fight Starlight, but it distracted Rainbow Dash, creating a timeline in which Nightmare Moon was in power, with Rainbow Dash and Rarity working for her and Celestia imprisoned.

Twilight's attempts continued to be in vain; Starlight tripped Rainbow Dash, putting Tirek in power; Starlight got Twilight to crystallize Rainbow Dash, putting Discord in power; she made Fluttershy fly with her magic, putting the Flim Flam Brothers in power, making everything look a game to Starlight as she kep taunting Twilight.

When Starlight blasted Rainbow Dash away again, after an argument, Twilight decided to force Starlight to come with her by taking her to the new apocalyptic future of Equestria when Twilight wondered what made Starlight think cutie marks were evil.

When they were in the altered future Starlight finally gets serious, frowns and demands to know where she is, as Twilight tells her they're in the present, that the cause of her actions of preventing Twilight and her friends from getting their cutie marks also prevents them from saving Equestria from thier villains.

Starlight was in denial even though Twilight was right, Starlight was devastated that she was practically defeating herself and she never intended to destroy millions of lives, but she still denies and finally loses her temper and takes Twilight and Spike to when she was a filly and her friend Sunburst got his cutie mark and left for Celestia's magic school, which began her vendetta against cutie marks. Returning to the Rainboom, Starlight attempted to foolishly destroy the spell so Twilight could never travel through time again as she finally no longer playing around and just about had enough of Twilight getting in her way, but Twilight convinced her that she can't and why her friends are so special, and told Starlight to make new friends and give friendship a chance. So, Starlight finally saw the error of her foolish actions and allowed the Sonic Rainboom to take place, and she, Twilight, and Spike returned to the present, where everything is back to normal, as the Mane 5 popped in, Applejack angerily asked what is Starlight doing here, Twilight explained to her friends to what happened and Starlight came in accepting a punishment she deserves but Twilight offered her to become her first new student instead and became friends with the Mane 6 and Spike now and Twilight's student, and reconciled with her village.

## Season 6

Though reformed and trying to learn Friendship as Twilight Sparkle's apprentice, Starlight has a few struggles against her former inclinations.

### A Hearth's Warming Tail

Starlight is unenthusiastic about celebrating Hearth's Warming Eve and considers it no different from any other day. However, Twilight reads her the story "A Hearth's Warming Tale", an allusion to "A Christmas Carol" with Starlight depicted in the Ebenezer Scrooge-like role who has to gain a proper appreciation for the holiday.

### Spice Up Your Life

Starlight Glimmer briefly appears in *Spice Up Your Life*, helping Twilight to reactivate the Cutie Map which she had disabled in the events of *The Cutie Re-Mark* . This is a milepost in her redemption.

### Every Little Thing She Does

Starlight has a major slip in her new life. In an effort to correct her tendency of avoiding friendship lessons, she takes on several friendship problems at once with Twilight's friends in order to impress her. In an effort to make things easier, she backslides into her old ways by using a newly made *Fiducia Compelus* spell to mind-control the ponies into following her orders. Unfortunately, the ponies follow her orders so exactly and literally that things quickly spiral out of Starlight's control.

After Twilight helps fix her mess, Starlight confesses that she avoids her friendship problems out of fear of failing and being a disappointment to Twilight. With Twilight and Spike's guidance, Starlight apologizes to her friends for using magic on them, and she learns to address her friendship lessons more naturally.

## Season 7 Rock Solid Friendship

While trying to befriend Maud Pie, it is also revealed that she and Maud had met before the initial founding of Starlight's village. Maud had inadvertently helped Starlight by pointing her to a particular rock with the magical properties needed to remove cutie marks.

## Rabia

**Rabia** is the leader of the Umbrum in the *My Little Pony: Friendship is Magic* comics, and the main antagonist of the comic *Siege of the Crystal Empire* .

### Background

Hundreds of years prior to the series, Rabia and the Umbrum army attacked the Crystal Empire, terrorizing Crystal Ponies and burning their homes for fun. Unknowingly, Rabia and the Umbrum's actions were witnessed by Queen Chrysalis, who initially wanted to rule the Empire but decided against it upon seeing the Umbrum. Eventually, Rabia and the Umbrum were imprisoned in another realm.

### Fiendship is Magic Issue 1

In Sombra's comic backstory, it is shown that Rabia disguised the Umbrum King Sombra as a pony so he could go through the prison door and release them. When Sombra did not want to turn evil and ran, Rabia communicated with him through the Crystal Heart and he embraced his dark side, although he instead decided to rule the Crystal Empire instead.

### Siege of the Crystal Empire

It is shown that after Sombra was banished, Radiant Hope found Rabia and the Umbrum, and when she entered their prison, they made her think they were good, and were simply misunderstood by ponies. This led her to form a team of past villains (the Flim Flam Brothers, Iron Will, Lightning Dust and Chrysalis and her Changelings) to distract the Empire's defenders while she resurrected Sombra so he could release the Umbrum. However, when Hope brought Cadence to the Umbrum prison to show her that they weren't evil, Cadance's light revealed their true selves. The Umbrum attacked Hope and Cadence, but they escaped.

Eventually, Sombra released the Umbrum, and Rabia put Twilight and Cadance on trial, and demanded to know where the rebel ponies were, threatening Shining Armor to be turned into a statue if not told. When Cadance told her they were on Canterine, Rabia had Sombra turn Shining Armor to stone anyway. Twilight convinced them to take them to the dais where the Crystal Heart was before turning them to stone so the Crystal Ponies could witness their defeat. Then the rebels attacked, the other Mane 5 among them, but Rabia defeated Rainbow Dash and other pegasi with a flyswatter and told Sombra to destroy the Crystal Heart. However, after hearing of how Hope chose a different destiny than the one the Crystal Heart showed her, and chose him over becoming a princess, Sombra switched sides and used the Crystal Heart to banish the Umbrum, including Rabia, back to their prison.

Sunset Shimmer

**Sunset Shimmer** is the main antagonist of *My Little Pony: Equestria Girls* and a major protagonist in the sequels, some of the short films, and a main protagonist of the entire web series. She is Twilight Sparkle's former arch-nemesis and Snips and Snails' former leader and boss.

She is voiced by Rebecca Shoichet, who also provided Twilight's singing voice.

Sunset's backstory is explored deeper in the comics. Here, it is shown she had a very troubled and apprehensive relationship with her mentor Princess Celestia, which explains her descent into evil (though she was already extremely cynical, arrogant, traitorous, self-centered, tricky, and antisocial, thus her mentor's short patience with her). Sunset had previously appeared in the form of a toy and as an NPC in the MLP Gameloft game. In both versions, she was merely a neutral character and not a truly evil one. Sunset's desire was to gain princess hood and have everyone in Equestria recognize her. However, she felt Celestia's tutelage was not getting her anywhere fast enough. During the night, she took it upon herself to do research on the crystal mirror Celestia had shown her some time ago. Just as she found information about the mirror, Celestia and two royal guards arrived on the scene. At first, Celestia tried to console Sunset, but Sunset retaliated by demanding to be crowned a princess. It was then Celestia saw that Sunset lacked all the qualities needed to be a true princess, and deemed the young unicorn unworthy of such a status. Celestia then expelled Sunset from the school, banished her from the castle, and had the guards escort Sunset out. Sunset told her former mentor that this would be the greatest mistake ever made, but of course, it was only one of many. When the chance came, Sunset took the guards by surprise and jumped through the mirror, emerging as a teenage girl on the other side.

*My Little Pony: Equestria Girls*

Sunset Shimmer first appears as the main antagonist in the first film.

Sunset Shimmer steals Twilight Sparkle's element of harmony: her magic crown, and in a tussle with Twilight Sparkle, the crown is thrown into a mirror that acts as a portal to another world, which Sunset goes through to retrieve the crown.

In this other world, she is depicted as a human who mocks Twilight Sparkle when they first encounter each other. They meet again in a dark hallway where Sunset bullies Twilight into being discouraged from retrieving her crown. Several years have passed since Sunset ran away from home. In the past, she drove the human counterparts of Rainbow Dash, Fluttershy, Applejack, Pinkie Pie, and Rarity apart, but Twilight reunites them.

She tries to keep Twilight from becoming Princess of the Fall Formal, like humiliating her through an Internet video and implicating but Twilight Sparkle still easily beats her in the competition. When this attempt backfires, she makes her henchmen Snips and Snails vandalize the gymnasium and implicates Twilight for it through photoshopped photos. Vice-Principal Luna falls victim to this deception, but Sunset's former beau Flash Sentry exonerates Twilight at the last second and Twilight is dubbed Fall Formal Princess after she and the student body clean and redecorate the gym.

However, Sunset steals the crown from Twilight, puts it on, and transforms into a demonic-looking winged humanoid due to her wickedness in her heart. In this form, Sunset becomes purely evil. With her new powers, she plans to use them and her army of mind-controlled teenagers to conquer Equestria. Sunset attempts to kill

Twilight, but Twilight and her friends use the power of the Elements of Harmony to return her to human form. She is reduced to tears and apologizes for everything that she has done and Twilight believes her friends can help teach her the magic of friendship. Afterward, the human counterpart of Princess Luna, Vice Principal Luna, hands her a masonry trowel to repair all the damage that she caused.

## Midnight Sparkle

Midnight Sparkle is a character from the series of movies, Equestria Girls.

She is a corrupted version of the series's main protagonist, Twilight Sparkle.

### Backstory

She debuted in the movie "Friendship Games" and haunts the human Twilight in "The Legend of Everfree".

Midnight is the AU version of what would have happened if Sunset Shimmer didn't intervene. Twilight would have stayed Midnight and destroyed the human realm to get to Equestria's magic. She is almost Equivalent to Demon Sunset.

### Appearance

Midnight looks somewhat similar to the human Twilight Sparkle, she has an aqua blue fire around her eyes, in place of her counterpart's glasses. She wears a dress, showing off the colors and cutie mark associated with Twilight Sparkle.

Her hair color is the same as Twilight's purple with a pinkish streak and it floats upwards. She has a long, purple tail, and her skin is Purple, just like her eyes. She has a glowing turquoise horn with a black magical aura. She has black, feathery wings that slightly glow.

### Personality

Midnight can be described as hungry for knowledge. She would destroy anything that gets in the way of her understanding magic, as shown by the Friendship games, where she starts to tear apart Canterlot High to get to Equestria. She is cocky. She believes that she can have anything that she wants, which is true. She seems to be an alternate personality altogether to Twilight, who has a hard time overcoming Midnight.

Abacus Cinch

**Principal Abacus Cinch**, simply known as **Principal Cinch**, is the main antagonist of the third film in the "Equestria Girls" full-length film franchise *My Little Pony Equestria Girls: Friendship Games* . She was the headmistress of Crystal Prep Academy.

She was voiced by Iris Quinn.

Principal Cinch first appears, calling Twilight to her office through Dean Cadence. She talks with Twilight about her application for the Everton Independent Study Program, admiring her as the best student the academy ever had. However, she then points that Twilight has to compete in Friendship Games, which will strengthen the academy's influence, as it always was. When Twilight tries to say that she's just a researcher and doesn't want to compete, wasting her time, Cinch tells her that she has influence due to the academy's high social status. The principal points that she can use that influence to get Twilight's application approved faster or even denied at once if she won't take part in Friendship Games, forcing Twilight to do so.

In Canterlot High School, Principal Cinch first spends some time talking with Principal Celestia, as the latter shows her the school upgrades. They end up seeing Human Five and Sunset Shimmer chatting with confused Twilight, only for Cinch to reveal that the one is her best student, apologizing for her curiosity. After that incident, Cinch forbids Twilight to make friends with the Canterlot High students. Principal Cinch also ruins Pinkie Pie's welcoming party, forbidding her students to have fun, and Pinkie actually couldn't do anything at the moment, as Twilight accidentally drained her Laughter Magic which makes Pinkie to tired to oppose the principal (though she actually the one who could do that with her personality).

During the main action of the games (in song "Acadeca"), Cinch observes her students' work and gets angry or disgusted anytime they fail to win, like in bakery competition, which was won by Pinkie Pie and her tremendous "Mona Lisa" cake. While Principal Celestia, Vice-Principal Luna and Dean Cadence judge the most of the competitions, Principal Cinch judges the last one, math competition between Sunset Shimmer and Twilight Sparkle, pointing out that Sunset's answer is incorrect.

Then, Principal Cinch instructs the remained Shadowbolts before Tri-Cross Relay, inspiring them to victory and hoping that Twilight could deal with the first part of the relay, which is actually the P.E. standard for Crystal Prep Academy. However, Twilight fails miserably, not being able to high the bulls-eye with and arrow, which enrages her classmates, but she is helped by Applejack, who then gets pony-up for her honesty, which was accidentally drained by Twilight. The latter drops her pendant which opens several random portals to Equestria, releasing the Everfree Forest into this dimension. It crushes the track, nearly killing Sunset Shimmer and Sugarcoat in process, as Rainbow Dash and Indigo Zap prove themselves to be more competent racers. However, Rainbow saves Sunset, getting pony-up, and then Sunset wins the race. Principal Cinch blames the Wondercolts for magic cheating, however, Celestia tries to convince Cinch that no one had advantage due to that. A bit later, Principal Cinch witnesses Twilight draining Rainbow Dash's magic and Sunset yelling at Twilight about all the magic, learning that she drained much magic yet and decides to use it to her advantage.

Before the final competition, Principal Cinch and the Shadowbolts trying to convince Twilight in releasing the magic to the point of enforcing her to do it in their villain song "Unleash the Magic". However, the magic goes unstable and corrupts Twilight, as everyone, including Cinch, look at that in horror. Twilight transforms into horrifying Midnight Sparkle, and Cinch, understanding what monster has been created, retreats in save position, advising the Shadowbolts to do the same when Sunny Flare actually catches her, but her students see the error of their ways for what they've done to Twilight, and decided to help everyone.

After Midnight Sparkle is defeated, Cinch accuses the Canterlot

High School for magic cheating once more and demands that Celestia and Luna forfeit the Friendship Games, threatening to report the incident to the school board. However, she is mocked by the others, as even the Shadowbolts turn on Cinch, implying that she was the real monster responsible for Midnight Sparkle's creation, and point out that there is no way the board would believe her claims about "flying girls, magic or talking dog (referring to Twilight's Spike)". Though Cinch is enraged, she than saves her face and leaves in defeat, most probably leaving to Crystal Prep the next day with the other students and Dean Cadence.

## Equestria Girls Specials

In the special "Dance Magic," Sour Sweet mentions that Cadance has taken over as the Principal of Crystal Prep, meaning that Principal Cinch either quit, retired, or was fired by her superiors for her actions. It's also quite plausible that she was arrested on numerous charges.

# Daybreaker

**Daybreaker** is a supporting antagonist in the *My Little Pony: Friendship is Magic* series, appearing as the main antagonist of the Season 7 television episode *A Royal Problem*, and again in the comic series as the secondary antagonist of the *Nightmare Knights* saga. She is depicted as the evil alter-ego of Princess Celestia, the same as Nightmare Moon being the alter-ego of Princess Luna.

She is voiced by Nicole Oliver, who also voices her good counterpart and Cheerilee.

## *Royal Problem*

In the episode, Starlight Glimmer is sent by Twilight's map to the royal palace in Canterlot to solve a friendship problem between Princesses Celestia and Luna, who each believe that their own responsibilities are harder than the other's, and are unintentionally hurting each-other's feelings because of it. To resolve this problem, Starlight uses her magic to switch their cutie-marks, so that they can experience what it's like in each-other's horseshoes. After Luna exhausts herself with Celestia's duties during the day, she retires to her chamber for the evening, and Celestia takes charge of Luna's duties of managing everypony's dreams. Celestia initially believes Luna's job to be easy, but then stumbles upon Starlight's nightmare of being unable to solve the Royal Sisters' friendship problem; upon which, Nightmare Moon appears. Celestia prepares herself to battle Nightmare Moon, but is then stunned to see another evil alicorn similar to herself.

The alicorn reveals herself to be Daybreaker, the dark form of Celestia. Both Daybreaker and Nightmare Moon represent Starlight's fear of her attempt to solve Royal Sister's crisis making it even worse. After goading Celestia into giving into her darker temptations, she then begins her fight with Nightmare Moon. Starlight tries to talk them out of it and Celestia attempts to intervene, but both fail to stop their quarrel. Celestia then brings Luna from her own nightmare of failing her older sister's duties so that they can stop Daybreaker and Nightmare Moon before Starlight's mind is damaged forever, but Luna is unable to help since she has Celestia's magic. After Celestia tearfully admits that Luna's duties are so difficult, Luna admits the same about Celestia's duties. Just then, Daybreaker subdues Nightmare Moon and sets the throne room ablaze. Before she can finish her off, however, Celestia, after being encouraged by Luna, stands in the way of both of their attacks. Daybreaker taunts that Celestia can't bring herself to destroy her since she is everything Celestia wants to be, but Celestia denies this and dispels both her and Nightmare Moon for good.

Luna congratulates Celestia for defeating both of their dark selves, and they reconcile. Starlight's cutie-mark glows, indicating that her mission was complete.

## Cameo

Daybreaker made a brief cameo in the Season 9 premiere, *The Beginning of the End - Part 1,* when King Sombra shows Twilight and her friends their worst nightmares while confronting him at the Crystal Empire.

## Comics

In Legends of Magic Annual 2018, Celestia and Luna are abducted by Pony of Shadows from an alternate dimension, who seeks to corrupt them into becoming Daybreaker and Nightmare Moon.

In *My Little Pony: Nightmare Knights*, a Celestia from an alternate universe, corrupted into Daybreaker, is enslaved by Princess Eris and used to lure Princess Luna into a casino. Daybreaker also serves as Eris' head of the security, but breaks free and takes over her position of power and helping Luna and her team defeat her.

## Mean 6

The **Mean Six** are the titular secondary antagonists of the *MLP: FiM* episode of the same name. They are clones of the Mane Six created by Queen Chrysalis and lead by Mean Twilight before they end up turning against her. They are voiced by the same people that voice the original Mane Six.

### Season 8

In " *Mean Six* " Queen Chrysalis created the Mean Six from trees using pictures she took of the Mane 6, hairs from their manes (in Rainbow Dash's case, her tail), and magically carving their cutie marks into the trees. Their purpose was to take the Elements of Harmony and destroy the Mane 6 in front of Starlight Glimmer as revenge for taking away her army and kingdom and then destroy Starlight as well.

However, because of Chrysalis' evil magic, the clones ended up flawed, acting opposite to the original counterparts. Evil Twilight could tell that Chrysalis couldn't do much without them. Chrysalis sent the Mean Six to search for the Elements of Harmony in the Everfree Forest.

During the search, Evil Fluttershy got distracted picking on a bird, while Evil Rainbow Dash got bored and flew off. Evil Applejack lied to Chrysalis as to where they were, and Chrysalis gave her and the other three permission to split up and search for them.

Evil Twilight took note of the fact that Chrysalis needed them more than they needed her and planned to lead the other Mean 5 so they could take the Elements for themselves instead of Chrysalis. She ran into the real Pinkie Pie, who inadvertently revealed to her that the Elements were inside the Tree of Harmony, and told her the location of the Tree.

Evil Rainbow Dash ran into Fluttershy, snubbed her, and flew off.

Chrysalis found Evil Pinkie Pie, laying bored on the ground, while Evil Rarity hoarded random objects, and Evil Applejack continued lying. Chrysalis got angry at them and commanded them to find the other three and bring them back.

Evil Fluttershy treated the animals badly, causing them to get angry at the real Fluttershy (during which a bird curses at her).

Evil Rarity mistook the real Rainbow Dash for her clone and started stealing the items that Applejack packed for Starlight.

When Evil Twilight and Pinkie ran into Fluttershy, Evil Twilight was mean to her and left to get the others, causing the real Twilight to think Pinkie upset Fluttershy, and Pinkie accused Twilight of doing so. Twilight was offended that Pinkie seemingly found the trip boring (when it was Evil Pinkie that made the remarks earlier).

Chrysalis overheard Evil Twilight's plan to betray her and confronted her, saying she should kill them and start over, but Evil Twilight told her she knew where the Elements were.

Evil Rarity tried to run with Starlight's items but became tangled in vines. Rainbow Dash tried to help her out with a shovel, but Evil Rarity accused her of trying to take it from her. After she got free, she pulled Rainbow Dash to the ground by her tail and ran off.

Evil Applejack ran into Starlight and Rarity, telling more lies and insulting Starlight, hurting her feelings. After Starlight ran off and Rarity ran after her, Chrysalis and the other Mean 5 reunited with Evil Rarity, telling Evil Twilight to lead her to the Tree of Harmony.

As the Mane 6 and Starlight met up, argued, and reconciled, Chrysalis and the Mean 6 reached the campsite where the Mane 6 and Starlight were headed for, and the Mean 6 trashed the tents for fun, with Evil Rarity stealing everything. Evil Twilight told the other five about her plan, and they got to the Tree of Harmony. The other Mean 5 fought amongst themselves, and Evil Twilight said they needed the Elements to take out Chrysalis. Chrysalis heard this and engaged Evil Twilight in a beam struggle while the other five attempted to take the Elements. As Evil Twilight was about to overpower Chrysalis, the Tree sensed the Mean 6's evil and captured them, melting their bodies before destroying them in a flash of light, leaving only fragments of the trees used to create them.

After the Mean Six's destruction, Chrysalis remarks how servants can't be depended on, but ensures that she will have her revenge on Starlight one day.

## Season 9

In " *Frenemies* ", it is shown that Chrysalis kept Evil Twilight's log as something to "talk to" when she needs it.

## Storm King

The **Storm King** is the main antagonist of the 2017 animated film *My Little Pony: The Movie*, based on the *My Little Pony: Friendship is Magic* series, the posthumous overarching antagonist of *My Little Pony: Equestria Girls - Spring Breakdown* and a posthumous antagonist in the rest of the series. He is the former master of both Tempest Shadow and Grubber and one of Twilight Sparkle's archenemies.

He was a tyrannical satyr-like creature who commanded a formidable army in his quest for power. He and his army invaded Canterlot so he can steal the magic of the Alicorn Princesses with the Staff of Sacanas in order to make himself all-powerful without anyone-else to help serve him. However, he met his end at the hooves of his former commander, Tempest Shadow, who he had betrayed earlier when he attempted one last attack on the Mane Six.

He was voiced by Liev Schreiber, who also played Sabretooth/Victor Creed in *X-Men Origins: Wolverine*, Stu Wargle in *Phantoms*, Ray Donovan in the series of the same name, Ted Winter in *Salt*, Colonel Alexander Vosch in *The 5th Wave*, and Kingpin/Wilson Fisk in *Spider-Man: Into the Spider-Verse* .

## Backstory

While the exact origins of the Storm King are completely unknown, it can be presumed that he took over many lands beyond Equestria, before learning of Equestria's princesses and their alicorn magic. At some point, he met up with Grubber from an unknown destination, making him his smallest servant. He destroyed many other kingdoms as well, including Capper's home and the kingdom of the hippogriffs, and enslaved many others, including Captain Celaeno and her crew. He also met up with Tempest Shadow and told her that if she helped him steal the alicorn magic, he would use it to restore her horn.

## The Invasion

The Storm King's invasion of Equestria begins during Canterlot's Friendship Festival, where Twilight Sparkle and her friends are preparing for a concert. The Storm King's henchmen, Tempest Shadow and Grubber, arrive ahead of him intending to capture` the four princesses for his upcoming arrival. During the ensuing chaos, Tempest manages to use obsidian orbs to petrify Princesses Celestia, Luna, and Cadance, while Twilight and her friends manage to escape. The Storm King calls Tempest to learn of her progress, during which he assures her that if Twilight is not captured and brought to him within three days, she will be severely punished.

Even though not a physical appearance, a bobblehead of the King is held by Murdock when Tempest interrogates the pirates on the Mane Six's whereabouts.

## Stealing the Magic

The Storm King later arrives in Canterlot, with Tempest having fulfilled her promise of successfully delivering the Princess Twiligh after she screwed up their chances of getting help from the Hippogriffs, getting into a fight with Pinkie, hurting her feelings and her friends abandoning her, as the result of their fight gave Tempest the opportunity to finally capture her with no friends to save her this time. The Storm King uses the Staff of Sacanas to absorb the magic of all four princesses, much to his glee. As he begins experimenting with his new abilities by taking a shot at a de-powered Twlight, then rapidly accelerating the day and night cycle of the world, Tempest attempts to ask when he will restore her broken horn, only to be set aside. Then Twilight's friends all came back to save her, accompanied by the con-cat Capper, the Parrot Pirates, and Princess Skystar, infiltrate Canterlot and fend off the Storm King's soldiers, after he sees Twilight's friends coming, he uses his staff to create a massive hurricane, blowing away the rest of his army and shielding the castle to keep the Mane 6, Spike and Capper from getting closer. When Tempest tries to persuade him to fulfill their bargain, the Storm King scoffs and betrays her, revealing that he had only been using her and that she has outlived her usefulness. He attempts to kill Tempest but is blown back when she blasts him back with her magic. Twilight sees an opportunity to get the staff away from the Storm King but chooses to save Tempest instead. The Storm King laughs at this gesture and then prepares to murder them both as Twilight and Tempest are both no longer of use to him anymore.

## Final Battle

Just as he is about to kill Tempest and Twilight, Twilight's friends launch themselves out of a massive cannon, ramming the Storm King out of the way and lodging the Staff of Sacanas into the mosaic above the throne room. Twilight and her friends make up as they apologise for what they never should've done to each other at a terrible time. As Twilight and her friends work together again, they fight against the raging winds of the hurricane and the falling debris of the collapsing throne room in an attempt to retrieve the staff. Right behind them, The Storm King emerges from underneath some of the fallen rubble and desperately climbs in pursuit of the staff. Fighting against the Mane 6 in the race for the staff, he hurls himself at the staff in a fit of desprate rage, just as Twilight grabs it first just in time, but the strong winds pull Twilight, the staff, and himself through the window and out into the hurricane. As Twilight and the Storm King are presumed dead, as the Mane 5 and Spike are sad that Twilight is gone.

## Death

Just when the ponies think Twilight is dead, and mourn for her, she emerges from the eye of the storm with the staff, still alive, and uses it to end the chaos the Storm King began. As she and her friends embrace each other, the Storm King survived the storm too and sneakingly climbs back up over the balcony and hurls an obsidian orb at them in a last attempt to retrieve the staff and defeat Twilight and her friends once and for all. Tempest, however, spotted him and saw what he was about to do. Having had a change of heart after being saved by Twilight and realizing the king is too dangerous to be kept alive, she leaps in front of the princess and her friends and onto the Storm King, taking the hit and transforming them both into obsidian statues. While Twilight uses the staff to save Tempest, The Storm King's petrified body plummets down to the courtyard below and shatters into pieces upon impact, killing him and ending his oppressive tyranny over Equestria, all the lands he took over the years and his plan to rule the world before it could truly begin.

In the credits, while still in pieces in stone form, his eyes were seen moving while trying to dance before his body was reduced to rubble again.

**Stygian**, better known as the **Pony of Shadows**, is a major antagonist in *My Little Pony: Friendship is Magic*, appearing as the main antagonist in the Season 7 finale, " *Shadow Play* ".

He is a unicorn scholar and the founder of the Pillars of Equestria, who was also their friend as he brought them together to save his home and Equestria. After a terrible misunderstanding led him to be outcasted by the pillars, he was then transformed into a monstrous pony made entirely of shadows who desired to cover the entirety of Equestria in darkness before he was reverted back to his original form by the pillars as well as the Mane Six.

He was voiced by Bill Newton, who also played Bright Macintosh and Pharynx in the series.

Background

The Pony of Shadows was originally a male unicorn named Stygian, who lived in Equestria more than 1,000 years prior to the events of the series. One day, Stygian's village was attacked by the Sirens, who used their magic to turn everypony against each other in order to feed off their negativity to become even more powerful. In order to save his home, Stygian traveled across old Equestria in search of the country's greatest heroes, which included Rockhoof, Flash Magnus, Mistmane, Somnambula, Mage Meadowbrook and Star Swirl the Bearded. Together, they formed the Pillars of Equestria and fought the Sirens, banishing them into a different dimension and saving Stygian's home.

After vanquishing the Sirens, the Pillars stuck together and continued to defend Equestria from future threats. During this time, Stygian provided assistance by studying their foes and planning strategies for them. However, while the others were hailed and respected by all, Stygian wasn't recognized in the slightest for his own contributions because he always watched from sidelines while his friends did all the work. Desperate to be noticed and wanting to prove himself a hero as well, Stygian secretly borrowed a treasured belonging from each of the other Pillars and brought them all to Ponehenge in order to perform a spell that will create copies of the artifacts so that he can fight alongside them. However, the others discovered this and believed he was trying to take their power for himself. After taking back their artifacts and stopping Stygian's spell, they then banished him from the team without even giving him the chance to explain the reasons for his actions. At the time, Stygian believed that the Pillars were just being selfish and didn't want to share their power with him, causing him to despise his former friends.

Shortly afterwards, a heartbroken and embittered Stygian discovered the Well of Shade in the Hollow Shades. There, he encountered a mysterious and shadowy entity known as "The Darkness", which promised Stygian the power to take his revenge on those who supposedly betrayed him in return for helping the entity plunge the world into eternal darkness. Enticed by this promise, Stygian agreed to this deal, and the two merged into a single shadowy being; the Pony of Shadows.

The Pony of Shadows then attacked the Pillars of Equestria and began spreading darkness and chaos across the land, desiring every pony to feel the pain he had. Realizing that they couldn't defeat him conventionally, the Pillars then decided to perform a ritual to banish him to the space between dimensions known as Limbo. However, the ritual would require them to banish themselves along with their former friend to accomplish this. Willing to sacrifice themselves to save Equestria, all the Pillars agreed to this plan. But before they did, they each poured their essence into a seed and planted them in a cave underneath the Castle of the Two Sisters, which would eventually grow into the Tree of Harmony that would help future heroes in defending Equestria.

The Pillars gathered around Ponehenge, where they first banished Stygian. There, Starswirl casted a spell to bring the Pony of Shadows to them. Immediately, the Pony of Shadows attacked them and prepared to plunge the world into complete darkness, but the Pillars then performed the ritual and willingly banished themselves and the Pony of Shadows to Limbo, where they all remained for the next millennium.

*Shadow Play* Pt. 1 and 2

Over a thousand years later, the Pony of Shadows was inadvertently released from Limbo by Twilight Sparkle, who with the help of her friends freed the Pillars from the dimensional gap as well. The Pony of Shadows then destroys Stonehenge and Starswirl's spell book so he can't be sent back and attempts to attack Starswirl. However, Twilight and Starlight Glimmer counter his attack, forcing him to retreat to shadowy areas of Equestria to regain his power.

Due to the industrialization of Equestria over the past millennium, many of the areas that were once known to be dark are now populated and bright, thus buying Twilight and her friends time to come up with a plan on how to locate and re-contain him. The initial plan was to sacrifice the Elements of Harmony in place of the Pillars, but Starlight suggested that they should try to make peace with Stygian to regain his friendship, only to be rebuffed by Starswirl who firmly believed that Stygian was beyond redemption.

Eventually, the ponies are led by the castle's map to the Hollow Shades, which is now an abandoned ghost town on the edge of Equestria. After traveling there, the entire town collapses into the ground to reveal the Well of Shade, where Stygian first became the Pony of Shadows. The Pony of Shadows explained how Stygian and the Darkness met and fused into one before attacking Starswirl again. At that moment, the Mane Six and the Pillars open a portal to banish the Pony of Shadows and the Elements of Harmony into Limbo. However, as the Pony of Shadows begins to slip into the portal, Twilight sees Stygian himself struggling from within the black mass that is his body and dives in.

She then finds Stygian, sitting alone in the darkness. There, he revealed his true intentions for stealing the Pillars' artifacts. The Pillars and the rest of the Mane Six overheard their conversation, and the Pillars were shocked and horrified to learn that Stygian truly was their friend and that banishing him led him down the darker path. As the darkness begins to overtake Stygian again, Twilight urges him to forgive his friends and abandon the darkness. When Stygian questions why Twilight would believe he can be saved, Starlight joins Twilight and explains that she was like Stygian until Twilight managed to convince her of the power of friendship. Stygian then states that while he wants to believe what they say, he then becomes possessed by the Darkness again and boasts that it can never be defeated.

Twilight then takes a more forceful approach by lassoing Stygian's foreleg with her magic to pull him out of the Darkness while urging him to fight it. It was then that Starlight, the Mane Six and the Pillars combine all of their magic to pull Stygian out of the Darkness, which they succeed in doing. As a result, the Darkness was left without a host and could not prevent itself from being sucked into the portal on his own, causing it to be banished back into Limbo for good.

With the Darkness gone and the Elements of Harmony and Pillars of Old Equestria both intact, the land was at peace once again, and Starswirl apologizes to Stygian and rekindles their friendship.

Alternate

The Pillars and Stygian encountered an alternate version of the Pony of Shadows after he abducted a young Celestia and Luna, intending to turn them into Daybreaker and Nightmare Moon. Despite his power, the alternate Pony of Shadows was thwarted due to Stygian's inexplicable ability to command his creatures. When he attempted to blast Stygian, their magics reacted and caused an explosion, and Stygian announced himself before departing for home with the Pillars. The alternate Pony of Shadows, who had recognized all of the heroes except Stygian, was then revealed to be the Stygian of that universe.

When I was finished some of us gasped and so did Dr. Lopez.

Dr. Lopez: Oh man. No wonder you all have been under so much stress.

Me: Yeah and we have to be ready for anything. This could be the mother of all battles.

Nico: Yep.

Dr. Lopez got up.

Strafe: Thanks for your time, Dr. Lopez. It probably has been a while since we had a therapy session with you.

Dr. Lopez: I'm glad I was able to help. If you all need anything just give me a call.

Me: We will doctor. Thank you.

Dr. Lopez went to the elevator and took it down.

Me: Well that went well.

Nico: It did. And J.D. I understand how you feel. I am under a lot of pressure myself.

Me: I think we all are.

Lori: Yeah we are.

G1 Darkwing: (to me and the Loud Kids) Maybe you guys should stay here while we go to Acmetropolis. Especially in light of what you guys just told us.

Me: Sorry but no. I know you guys are concerned for us and we appreciate that but we can't abandon a mission. Also the Loonatics helped us take down Bedlam in the 41st Century and now we have to pay back that debt by helping them take down their enemies.

Nico: That's right. They are allies and we all have to do it together.

Laney: That's right and it will be so cool to see the world that the Loonatics live in.

Box Ghost, Dark Spicer, Copperhead, Goliath, Anti Wanda, Cavalier, Mojo Jojo, and Chemistro then appeared.

Box Ghost: Can me, Dark, Copperhead, Goliath, Anti Wanda, Cavalier, Mojo Jojo, and Chemistro go with you guys?

Me: You all sure can.

Copperhead: Awesome.

Me: According to my scanners the Loonatics are from the 28th Century.

Nico: Wow. So 700 to 800 years into the future.

Me: Yep. Lets go.

I opened a portal and we went through it.

---

ACMETROPOLIS - 2772 A.D.

---

Acmetropolis was a massive and thriving city in the distant future and it was a massively advanced place. The portal opened and we arrived. We gasped at what we were seeing.

Me: Wow!

Nico: Incredible! So this is Acmetropolis!

Lincoln: Amazing!

Flywheels: Acmetropolis sure looks futuristic.

May: (to me and the Loud Kids) Try not to lose it here, okay?

Me: Don't worry we won't May.

Nico: But this is so amazing.

Laney: I can't believe that Acmetropolis is this advanced and amazingly high tech.

Lisa Loud: It sure is a magnificent place full of technological advancements.

Eli: I was just about to say the same thing.

We walked around and we got to the tower of the Loonatics and we went in and we saw them playing games. We saw Ace Bunny the

Descendant of Bugs Bunny, Lexi Bunny the Descendant of Lola Bunny, Danger Duck the Descendant of Daffy Duck, Slam the Descendant of Tazmanian Devil, Rev Runner the Descendant of Roadrunner and Tech Coyote the Descendant of Wile E. Coyote.

Copperhead: Hi there, Loonatics!

Ace Bunny: Hey guys!

Me: Ace, everyone! (We shake hands) It's great to see you all again.

Lexi Bunny: Same to all of you. It's great to see all of you here in the 28th Century.

Me: Same here. Thank you guys for helping us take down Bedlam in the 41st Century. We owe you all for that.

Rev Runner: Think nothing of it J.D.

Tech: Yeah it was all just to help you all out.

Danger Duck: But we always like helping out.

Me: So do we. We came to help you all kill some of your enemies.

Nico: Yeah.

We told them about it.

Lexi Bunny: So, basically, it's okay for us to kill some villains?

Needlenose: Yep. And you guys won't have to suffer any consequeces.

Danger Duck: That's good! I just wish you guys had told us this before we locked Ophiuchus Sam up in the local jail.

Lynn: (sheepishly) Um… oops!

Me: Isn't he Yosemite Sam's descendant?

Ace Bunny: As a matter of fact yes he is.

Me: Wow. Here in the 28th Century your ancestors legacies live on in all of you.

Ace Bunny: That's right. I'm Bugs Bunny's descendant.

Lexi Bunny: I'm the descendant of Lola Bunny.

Slam: Tazmanian Devil my descendant.

Danger Duck: Daffy Duck is my descendant.

Rev Runner: I'm Roadrunner's descendant.

Tech Coyote: I'm the descendant of Wile E. Coyote.

Me: Wow. Your ancestors would all be really proud of you.

Varie: They all sure would.

Zarya: Absolutely.

Me: But we're so sorry that the world was nearly destroyed.

Ace Bunny: That's all right. But we're all still here.

Nico: It's hard to imagine that a meteor would slammed into the Earth and cause all this to happen.

Ace Bunny: I know.

Me: And who was the cause of that meteor?

Ace Bunny: His name is Optimatus.

Ace went over his history.

---

**Optimatus** is the primary antagonist of the *Loonatics Unleashed* two part "Acmegeddon" and in certain ways is the main antagonist turned anti hero of the entire series, since he unintentionally created the supernatural forces that have plagued Acmetropolis by launching the meteor that struck it.

He was voiced by Charlie Adler.

Optimatus was born on the planet Freeling (a joke on the name Fritz Freeling, one of the original creators of *Looney Tunes* ). He was born into the royal family with his sister Zadavia, both of them were destined to become co-rulers of the planet, but both had opposite ideals. Optimatus believed Freeling should conquer and enslave other planets and build a mighty empire with inter-dimensional transport, while Zadavia wanted peace. The Freeling council supported Zadavia, but Optimatus refused to yield, built a robotic army and launched a coup de tat. He kidnapped the council, then tried to kill Zadavia. Zadavia escaped via a ship, but in the process, Optimatus was severely injured by the ships exhaust engines, forcing him to wear robotic parts. Using one of her brothers wormhole generators, Zadavia escaped to Acmetropolis. But Optimatus eventually found her, and tried to kill her by launching a meteor at Acmetropolis. Zadavia saved herself and the planet by slowing the meteor down, but the impact was still strong enough to knock the planet of axis, create supernatural powers, and kill millions of innocent lives.

## Return

Through unknown ways, Optimatus tracked down the villains Sypher, Mastermind, Weather Vane and Massive and brought them to his lair on a barren lifeless world, possibly the ruins of Freeling. He offered them rule of Acmetropolis in exchange for service and the defeat of the Loonatics and gave them a special computer chip to put in their base. The 4 villains defeated Ace, Lexie, Slam and Tech and imprisoned them inside a special cell. The 4 villains eventually installed the chip which destroyed the base's signal systems. The villains brought Duck and Rev back to the cell, but the Loonatics escaped. in the ensuing battle Sypher stole Duck's power and was brought to Optimatus' lair.

## Confrontation

The rest of the Loonatics and Zadavia arrived via Zadavia's ship, but Optimatus sent his fighters to destroy them. Zadavia was captured while the fighters destroyed the ship and nearly killed Ace and Rev (The rest of them had abandoned ship to aid Zadavia, while Ace and

Rev barely escaped). Zadavia was brought to her evil brother who revealed his plan to destroy Acmetropolis. The 4 other villains, feeling betrayed attacked Optimatus, but were all easily defeated and sent back to Acmetropolis, and opened a wormhole that would destroy it. Duck helped Zadavia escape and she engaged her evil brother. Eventually, the wormhole was relocated to Optimatus' base and swallowed it just as the Loonatics escaped in Optimatus' ship. Optimatus followed them however by stowing away on the ship, but Zadavia send him back to his lair with his own technology. Optimatus was last seen in his nearly frozen lair vowing revenge.

Final Battle and Redemption

In "The Fall of Blanc part 1", Optimatus is freed by Rupes Oberon and together they find General Deuce and attack Planet Blanc, the center of the universe, and attempt to capture Tweetums but he manages to get away. When the Loonatics and Zadavia arrive and the Loonatics arrive at the palace, they attack them. During the fight, Optimatus and Deace betray Rupes and takes his guitar with Zadavia's powers. The two devise a plan with Optimatus looking for Tweetums and Deuce going to Acmetropolis to get his robot army. Optimatus finds Tweetums but finds out it is a robotic fake. In 'The Search for Tweetums Part 2' Optimatus and Deuce find Tweetum's secret hide out and the Loonatics. The two groups fight and Optimatus and Deuce threaten Tweetums in exchange for the royal Scepter that controls the wormholes but they capture Duck and leave the Loonatics underground. But Deuce betrays Optimatus and tells him his plan to put the universe in an never ending war and tells him that he sent her sister to her doom. Optimatus is freed by Zadavia, who reveals how she survived and they join forces to help the Loonatics stop Deuce. After winning the battle and Ace exiling Deuce. Optimatus agrees to go back to Freeling with Zadavia to rule it.

---

When he was done we gasped in shock!

Me: Optimatus is a monster!

Laney: A heartless tyrant!

Nico: We need to kill him.

Me: And we can capture the others. But first lets see what it says about them.

I pulled up the history of the other four.

---

Drake Sypher

**Drake Sypher**, or just Sypher, is an enemy of the Loonatics and a part-time supervillain.

He is voiced by Phil LaMarr who also voiced Mad Jack and Hector Con Carne.

He has the ability to absorb major ablilities from any person or animal he touches. Not only super-powers, but also the natural abilities of living creatures. The disadvantage is if he's touched again your powers will come back to you. Sypher was on the Acmetropolis basherball team and stole the abilities of head player, Trick Dayley, to gain spotlight. He stole the Loonatics' powers for personal glory, resulting in them using exo-suits to take back their powers and defeat him. Sypher worked alongside with Massive, Weather Vane, and Mastermind, aiding Optimatus in his attempt of defeating the Loonatics in the two-part season 1 finale, "Acmegeddon". Naturally, the other villains didn't trust him, when Optimatus revealed he was going to destroy Acmetropolis, Sypher and the other villains tried and failed to stop him. He is a selfish glory hound only interested in himself who would sell his own mother for the spotlight. He is also power hungry, desperate to keep his stolen ability's, and stated he hated being powerless like those he had absorbed.

Massive

**Massive** is a very large criminal who can control gravity and has a very hard body structure that even lasers cannot penetrate. He committed robberies simply to make himself rich and seemingly had a compulsion for this behavior. He is also not shy about this, telling everyone his name right before he robs them.

The only limit to his powers is a kind of conservation of energy, meaning making something heavier means making something else lighter, and vice versa. Although this isn't always demonstrated in the battles themselves.

Having the ability to control gravity, the new villain Massive used it to his advantage to steal money from Acmetropolis to gain as much money as he can. While the Loonatics and the citizens prepare for the championship game of Basherball, Massive attempts to steal the championship trophy. The Loonatics then defeat Massive and send him to prision. He worked alongside Drake Sypher, Weather Vane, and Mallory Mastermind to aid Optimatus in his attempt to defeat the Loonatics in the two-part season finale "Acmegeddon." However, when it was revealed that Optimatus actually wanted to destroy Acmetropolis, Massive and the other villains tried and failed to stop him. He and Optimatus engaged in a wrestling match and were seemingly evenly matched until Weathervane aided Massive, however Optimatus was able to defeat them both with a burst of power. He was last seen at the end of "A Creep in the Deep" as one of the imprisoned supervillains. A robot in the form of Massive was used by Otto the Odd to capture people for him to freeze for his collection.

## Mallory Mastermind

**Mallory Casey** (also known as **Mastermind** ) is the main antagonist of the *Loonatics Unleashed* episode "The Menace of the Mastermind". She is Tech E. Coyote's archenemy.

She was voiced by the late Florence Henderson, who also played Patti Sue Diamond in *Murder, She Wrote* .

### History

Mastermind was used to be a student being tutored by Tech. Apparently, she worked on a project that can ampilfy brainwaves, but her true motive was to drain the intellect from the professers from the academy. However, she was foiled by Tech when he was deactivating her machine, being taken to prison, but not before a misfire of energy from the machine causes her head to grow in size. This causes her to grow a huge head and a thirst for revenge against Tech.

Weather Vane

**Weather Vane** was formerly a news assistant named Paula Hayes who gained the ability to control or mentally affect the weather from the meteor. This includes the ability to generate various natural phenomena (rain, tornadoes, lightning, etc.) or control the intensity of the weather. Her main attacks are lightning and is capable of creating cloud creatures. First, she used her powers to get in as the weather reporter. But when she is struck by the very lightning she predicted, she turned evil and her powers were vastly increased. She has a great dislike for Acmetropolis' most famous weather girl and her boss Misty Breeze, and attempted to destroy the city unless Misty Breeze was delivered to her. She transformed into a huge Storm Dragon and when the Storm Dragon was destroyed, it was presumed that she escaped. However in the episode "Acmegeddon (Part One)" she appeared again, this time locked in a special holding chamber which she could not escape from. In this episode, she was freed by Optimatus along with Sypher, Mastermind and Massive. Together, the indebted villains aided Optimatus in his plan to destroy the Loonatics. However, when it was revealed that Optimatus was actually going to destroy Acmetropolis, Weather Vane and the other villains tried and failed to stop him. She and Massive together were not only able to hold their ground but even injure Optimatus, however they were eventually overpowered. She is possibly last seen at the end of "A Creep in the Deep" as one of the imprisoned supervillains along with her old partner Massive.

---

We gasped in shock.

Me: Oh man!

Stormy Weather: Weather Vane and I are very similar. I know just how she feels.

Bonnie (Pokemon): Then we can have her redeemed.

Danger Duck: You can try.

Lola: We WILL try.

Me: So we're going to kill Optimatus and capture Massive, Mastermind and Drake Sypher.

Nico: And redeem Weather Vane.

Laney: Yep.

?: And I know you all can do it.

A figure appeared and it was Optimatus' sister Zadavia.

Ace Bunny: Zadavia.

Me: It's an honor.

Gilda: It's an honor to meet you, Zadavia.

Zadavia: And it's an honor to meet you all too Team Loud Phoenix Storm. Your arrival couldn't be anymore perfect.

Me: We have a habit of showing up at the right time. We're so sorry about what happened to the world here.

Zadavia: It's all right J.D. You all went through some rough times yourselves and you all made it through them all and that shows how strong you all are willing to go to protect all of those you love.

Me: We never give up on our friends and families.

Goliath: While we're waiting for Optimatus and his lackeys to make a move, how about we show you guys the usual battles?

Me: You guys are all in for quite a treat. We have them to test our powers and skills and we also get stronger as we bond with our frenemies in the Masters of Evil.

Nico: And they are fun to hang out with.

Ace Bunny: I see. We'll have to see if we can partake in the battles you all have.

Me: We'll arrange that.

Hunter: (German Accent) Ja. Und they are great training teachers too.

Laney: We've had a lot of fun since the Battle with Thanos.

Me: We sure have.

Enchantress, Shade, Grizzly, Spot, Unicorn, Plastique, Selene and Nergal then appeared.

Me: Enchantress, Shade, Grizzly, Spot, Unicorn, Plastique, Selene and Nergal.

Shade: Looks like we found you all.

Me: You sure did.

Enchantress: You guys should've brought Bugs and his friends for this.

Maria: Yeah, We should've.

Shade: But there's always tomorrow.

Nergal: Before the battles, how about I treat us all to some pizza?

Danger Duck: Aw, sweet! I love pizza!

Grizzly: (to Slam) No, Slam. You can't have the pizza all to yourself. You have to share.

Me: That's right and we all can't fight on an empty stomach.

Nergal: Now everyone there's plenty of pizza for us all.

He got to work and made many pizza pies and more and we had an all you can eat buffet of pizza and more.

Me: (Eating) Mmm! Great pizza!

Nico: (Eating) Always good.

Slam ate a pizza slice and was about to eat 4 more.

Nico: (looks at Slam sternly) Slam. Remember. Sharing is caring.

Slam: Sorry.

Me: Good boy.

Nico: Good pizza though.

Me: Yep. Like his ancestor he has the same appetite.

Eli: He sure does.

?: I love Taz and how he is always hungry.

A figure came out and it was DREADFEATHER of episode 21 of Turbo!

---

Dreadfeather was summoned by Divatox to seek out the legendary vehicles known as Storm Blaster and Lightning Cruiser so that her crew would have the firepower to finally destroy the Turbo Rangers. He first went to the Omega Quadrant and soon located the cars after sitting on their asteroid from him as energy fireballs. He then accompanied Elgar and some Piranhatrons to capture the vehicles although they escaped. He then went with the group again which resulted in a confrontation with T.J. and Justin, ending with the capture of Justin and Storm Blaster. He was then seen at the warehouse several times torturing Storm Blaster before T.J. and Lightning Cruiser broke them out. When Divatox arrived, Elgar was sent with Dreadfeather to destroy the Rangers in their own car. Whilst Elgar fought the others, Dreadfeather attacked Justin and T.J.. After a long battle, Dreadfeather was winched in place by Storm Blaster and annihilated by Lightning Cruiser's lasers.

---

T.J. Johnson: Dreadfeather!

Dreadfeather: Been a while rangers.

Me: I remember you! You were summoned by Divatox to get the Storm Blaster and Lightning Cruiser vehicles so that she can kill the rangers.

Dreadfeather: That's right. Mistress Vypra was right about you J.D. You have a sharp memory.

Me: Never missed an episode.

Dreadfeather: (to the Turbo Rangers) Remind me never to underestimate those vehicles of yours.

T.J.: Noted.

Dreadfeather: Great to have you back though J.D.

Me: Good to be back and remembering monsters from the rangers.

Nico: And it was great filling in for you dude.

Rarity: It sure is. Thank goodness.

Sweetie Belle: Yeah thank goodness for that.

Marucho: Yeah but he is much better now.

Preyas: Yeah.

Albert Heinrich: Hard to imagine that he would go through all that for so long.

Gilda: Yeah it's worse than what happened when I was a total jerk!

Stygian: (British Medieval Accent) No kidding. I feel bad for Nico and he did help J.D. and everyone on many occasions.

Spot: He sure did. Lets do it!

He fired portals at them and they dodged them and went at him and Gilda and Stygian smashed him down.

Shope: Whatever it is it can't be good and after our usual battles we're gonna go at him and his minions with everything we got and our weapons and powers blazing.

Pinkie Pie: And we're going to make sure that they pay.

Maud Pie: (Monotonously) You said it.

Marble Pie: After everything he did, he deserves to be destroyed.

Limestone Pie: Yeah! He is a monster that needs to be put down like a mad dog!

Cheese Sandwich: You said it!

Somnambula: (Egyptian Accent) I agree with all of you. He has no honor.

Sheila: Advanced and they do their jobs really thoroughly.

Rainbow Dash: But they don't kill the bad guys like we do and they are some of the ones that need to be killed.

Lightning Dust: No they don't and some of those bad guys are irredeemable.

Scootaloo: Yeah those bad guys are the worst.

Magma Gloom: And we need to stop them at all costs. Some of them have no honor like me and my brothers do.

Vapor Trail: No they don't and they will just continue to cause trouble.

Sky Stinger: The prison system never works these days and they will never change no matter how hard they try.

Angel Wings: That's right. Death is the only path those kinds of people get.

Unicorn: You'll get no argument from me about that.

Soarin: Same here. I can't believe that there are lots of people out there that are that dangerous and that evil.

Night Glider: No kidding. They all deserve to be destroyed.

Sam Simpson: Incredible and they have amazing jobs like we do.

Fluttershy: But it's awful that they had to go through their world being altered like this.

Tree Hugger: Not cool dudes.

Discord: No it wasn't. What Optimatus did to their world was chaotic and awful.

Mage Meadowbrook: Indeed. It sure is awful.

Dreadfeather was next.

T.J. Johnson: Lets do it!

Turbo Rangers: SHIFT INTO TURBO!

The Turbo Rangers transformed and they were ready!

Turbo Rangers: POWER RANGERS TURBO!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready!

KRABBBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lynn: YEAH! Dreadfeather you have failed this universe.

Sonic: He was a total slow-mo.

Shadow: Yeah he was.

Troy Burrows: That's a super mega win.

---

We were done and the Loonatics cheered.

Lexi Bunny: That was so awesome!

Slam: Slam liked it!

Rev Runner: Yeah it was!

Me: Glad you liked the show.

Runabout: Now that the usual battles are done, let's see if Optimatus has made a move yet.

Me: Lets see.

I concentrated and I sensed that a ship was coming.

Me: He's coming.

Eli: Yeah I sense it. He's moving fast.

Nico: Then lets get ready.

Laney: Right!

We were about to get ready but we saw the Loud Kids sulking again.

Cavalier: (to me and the Loud Kids) Are you all coming?

Lincoln: (depressed) What's the point? All this pressure from all our battles and the upcoming war has become too much for us. One more angry outburst from us and the public will hate us again.

Lexi Bunny: That's not gonna matter if Optimatus succeeds in whatever his plan is!

Me: Lexi is right guys! Sulking about it and wallowing in self pity is not gonna get the job done.

Nico: That's right! You think I wanted to quit like you guys did when I lost hope? Yes and whose fault was that? The Digimon Empeor and my enemies! But J.D. and you all saved me from myself because I was depressed.

Me: You guys need to stop wallowing in self-pity and think about what will happen to your friends and relatives if we don't stop our enemies. I formed Team Loud Phoenix Storm to defend our friends, our families and everything we care about and see to it that justice is brought to our enemies. Not out of pure hatred but for the love and safety of everyone we care about. I couldn't do it by myself. I made Team Loud Phoenix Storm to do all that. This is what the Sullen 6 wants. By wallowing in self pity you are letting the Sullen 6 and all our enemies that we killed over the years win. By wallowing in darkness you are letting them win. Is that what you want?

Eli: I don't think so. Like it or not we are all in this together. We always win and the Sullen 6 can go fuck themselves! I don't care what they think. They got what they deserved and they can go fuck themselves into oblivion!

Nico: Well said.

Me: I don't care what the Sullen 6 say either. But like it or not we're all in this together. Good always wins.

Nico: That's right!

Lincoln: (Sighs) You're right. Lets get over it guys!

Lori: Yeah!

Lynn: And if they hate us then that's their problem.

Me: Lets get them.

Eli: They have hostages. Lets go!

We flew to a building and we saw lots of hostages.

Me: Let the hostages go!

Mastermind: You want the hostages? Come get them!

Rev: With pleasure! (runs to the hostages)

Ace Bunny: Rev, wait!

But it was too late. Rev tried to grab one of the hostages but they turned out to be holograms. This distracted Rev long enough for Sypher to bolt a device to his wrist.

Rev: What the?

Eye Five: I knew it was looked too easy!

Sypher: Like the device? It's a bomb with a three mile blast radius. If you try to remove the bomb, it explodes. If you do nothing in 120 seconds, it explodes.

Weather Vane: Before you heroically leave the surrounding area to protect the civilians, there's one last thing. Once you start running, if you decelerate…

Maria: It explodes. We get it!

Massive: You all have 62 seconds to decide what to do. Meanwhile, we're heading back to our ship where we'll be safe and sound.

Flotsam: And to raise the stakes a little…

Flotsam and Jetsam then grab Poliwag.

Horsea: Poliwag!

Poliwag: Horsea! Help!

Optimatus: Are you kidding me? All the people to take hostage here and you two choose a Poliwag?!

Jetsam: You want to keep arguing with us or should we get to safety?

The bad guys then teleport to their ship with Poliwag as their hostage.

Lincoln: DAMMIT! They got away!

May: We'll worry about them later. Right now, we have to defuse the bomb!

Nico: Rev, start running!

Rev: But-

Nico: Don't worry about the bomb! Me and Mojo will use telepathy to talk you through getting rid of it!

Me: This is like something out of the movie Speed.

Nico: It sure is. Go!

Me: Go for it.

Nico and Mojo got to work.

Me: Hurry!

Rev ran fast.

Nico: (telepathically) Rev, do you see any walls nearby?

Rev: Why?

Me: Because we need you to run into one. Or more accurately, through one.

Rev: What?

Mojo: If you vibrate at the natural frequency of air, your body… your cells will be in a state of excitement that should allow you to phase right through that wall, leaving the bomb on the other side.

Rev: Okay I see what you mean! Lets do it!

Rev ran fast and Nico had Rev phase through the wall and it came off.

Nico: Yeah!

The bomb was disarmed.

Lexi Bunny: How are we going to get on Optimatus' ship? Not all of us can fly!

Wallflower: First, let's get onto some rooftops!

Me: Right.

We went to the rooftops.

Me: Okay this is gonna be interesting. Loonatics, it's time I introduce you to our awesome spaceship.

I pressed a button on my device and then a portal opened up and we saw the U.S.S. Valorous Phoenix come out of it.

Me: Awesome.

Nico: Yeah!

Rev Runner: Wow! That massive thing is your ship?

Me: It sure is. Lets go!

We jumped and went on board.

Me: Red Alert and battlestations everyone!

The alarms sounded and we were off to Optimatus' ship.

We then arrived at Optimatus' ship and it was right behind the Earth's Moon.

Me: This is it guys!

Anti-Wanda: All right. For those of ya'll that can't fly, just grab onto one of us.

They did so.

Me: Here we go. Get ready Optimatus! (Eyes Glow Red) You fucked around with the world for the last time!

Zadavia: You are no longer my brother after today.

Nico: Lets get him!

Me: Forward!

We were off!

---

Poliwag was annoying the living hell out of them in a rocket room.

But then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted a hole into the ship and a Phoenix Cry was heard and we landed.

Me: Game is over!

Optimatus: (to Sypher) I thought you took care of him!

Sypher: I did! That bomb should've reduced him to a pile of dust by now!

Batman: Don't feel too bad. Actually, my contingency plan for Flash involved a non lethal version of what you tried to pull on Rev.

Totally Spies Alice: That being said, it was only logical for Batman to have a solution for said contingency. We simply had to apply that solution to your bomb.

Me: That's right! You messed with us for the last time and now you all will pay for your crimes!

Zadavia: Brother you will pay for everything you have done.

Nico: No one takes Poliwag from me and lives.

Eli: I will kill you all!

Me: Save seconds for me! Optimatus your crimes are unpardonable and unforgivable. Your crimes cannot go unpunished! In the name of Team Loud Phoenix Storm…

Dark Spicer: Here's your warning…

Eli: IT'S BUTTKICKING TIME!

Tyler Bowman: IT'S TIME TO KICK SOME BUTT!

Dark Spicer: Here's your warning: Your Ass is about to be kicked!

Optimatus: (laughs) You think you can make that happen and stop my rocket in time?

Dark Spicer: We probably can considering your rocket's going to launch in 5 minutes. Just enough time for us to take you down!

Me: YOU ARE DEAD!

I teleported and punched Optimatus in the face and sent him flying and he crashed into the rocket control panels and then the rocket exploded with incredible power!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Optimatus: NOOOOOOOOOOOOOOOOO! MY PLANS ARE RUINED! YOU MOTHERFUCKING MAGGOTS WILL NOW SUFFER!

Me: You are going to know a new meaning to the word suffer! I'm GOING TO RIP YOUR MOTHERFUCKING HIDE APART IN THE MOST PAINFUL AND EXCRUCIATINGLY PAINFUL WAY EVER!

I slashed his eyes and cut them out of his face and he screamed in excruciating pain!

Optimatus: Even with your powers, you're all no match for me!

He turned into the SPD Battlizer!

Me: Then I will show you my ultimate power!

I went Super Angel-Ebonwu-Phoenix 500,000,000!

Me: (Divine Echoing Elemental Voice) **You really have been asking for this!**

Optimatus: We'll see about…

KRAKROW!

I smashed my fist into his stomach with devastating force and he belched up a huge amount of blood and he was in excruciating pain!

Jack Landors kicked and smashed Optimatus all over with indiscriminate fury and I kicked Optimatus in the face and Ace slashed him all over with his sword and Zick and Tyler blasted him all over with energy blasts.

---

Battle 11: Danger Duck, Kevin Reynolds, Sky Tate, Elena Potato, Eli and Horsea VS Flotsam & Jetsam

---

Flotsam & Jetsam were next.

Flotsam: Pathetic Horsea.

Jetsam: You will pay for what you've done to us!

Danger Duck: (to Horsea) What exactly did you do to piss them off?!

Horsea: Don't ask!

Eli: (To Flotsam & Jetsam) The only place you two are going is in our stomachs for dinner!

Eli unsheathed his sword and slashed Flotsam and Jetsam to pieces

Sky Tate, Kevin, Danger Duck, Elena and Horsea blasted them into hot meat and Eli put the meat into a bag.

---

Battle 12: Nico, Slam, Roach, Bridge, Johanna Thaur and Varie VS Massive

---

Massive was next.

Massive: (to Slam) I will make you suffer, mindless brute!

Slam's response? He blew a raspberry at Massive.

Lynn smashed Massive down and ripped his legs off and Slam smashed his arms off!

Lynn: Take that you ugly giant!

Johanna blasted him with energy blasts and Nico, Roach, Bridge, Slam and Varie blasted and smashed him all over with powerful fury.

---

Battle 13: Tech, Z, Shope, Lay Mamery and Lisa Loud VS

Mastermind

Mastermind was next.

Tech: (to Mastermind) You made a big mistake not killing me when you had the chance.

Mastermind: (smirks evilly) Believe me. I won't repeat it.

Lisa then blasted Mastermind's arms off!

Lisa Loud: You will never torture anyone with your mechanical abominations of science again!

Tech: Yeah!

Lay, Shope, Z and Tech blasted her all over with energy and lightning blasts and electrocuted her into numb pulp.

Battle 14: Lynn, Rev, Sydney Drew, Amy Anderson, Bobby Clash, and Pakura VS Drake Sypher

Drake Sypher was next.

Having drained Poliwag's powers before we did our entrance, Cypher used a Hydro Pump on Rev only for him to dodge the water.

Rev: You never asked me how my wrist was healing.

Sypher: (sighs) Fine. How's your-

Sypher was cut off as Rev punched him in the face, knocking him down.

Rev: (laughs) Surprisingly fast.

He picked up Poliwag and handed him to Nico.

Nico then jumped on Sypher's legs and smashed them with a sickening crunch and snapped them like twigs! Sypher screamed in excruciating pain as his legs were smashed to pieces and Nico fired an energy blast and blew a hole in his chest. He ripped his heart out and then he ate the heart in front of him as he was dying! Sypher died in an instant and then Nico brought him back.

Lynn, Rev, Sydney, Amy, Bobby and Pakura burned and blasted him all over.

Nico: That was for kidnapping Poliwag!

They then gathered Massive, Mastermind and Sypher together.

Nico: You guys will answer for your crimes in Hell. (Pulls out Morpher) JUDGEMENT MODE!

He opened it and a time came on and 1 minute later the red X lit up.

Nico: GUILTY!

Lexi Bunny: Why not? We've stopped you pretty much every time you show yourself.

Stormy Weather then saw that Weather Vane was in pain and she knew she was suffering on the inside.

Stormy Weather: Lexi wait. Let me and Bonnie talk to her.

Lexi Bunny: What are you gonna do?

Stormy Weather: Reform her.

They went up to her.

Stormy Weather: Paula listen to me. My name is Aurore Beauréal and I too am a weather reporter. I once was like you and I was turned into Stormy Weather as a result of my unappreciation and lack of popularity and all that because of my former classmate Mireille Caquet. She was always better than me and got more votes than I did. I did not like how she was so popular than me. I once thought like you. But thanks to Bonnie here I was saved from myself and she made me into a better person.

Bonnie (Pokemon): That's right Paula. You can use your awesome weather powers for good and help people instead of using your powers for evil. You can make a difference in helping the world.

Weather Vane: I don't know if I can.

Stormy Weather: Yes you can Paula. We'll have a strong talk with Misty when this is all over.

Sam the Omega Ranger: And we'll have a big reprimanding for her.

Zen: (Arnold Schwarzenegger accent) Indeed we will.

Mem: Yes we will.

Wally: Absolutely.

Weather Vane then broke down crying and Stormy Weather comforted her.

* * *

We had Massive, Mastermind and Cypher tied up together.

Jack Landors: Canine Cannon!

He pulled out a bone and the Canine Cannon formed.

Nico: Fire!

He fired an energy blast and it hit them and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

They were locked in containment cards and Eli banished Flotsam & Jetsam's spirits to the Warp.

Nico: Take that.

Nico picked them up and they saw that Weather Vane was helping us!

Mastermind: (from her card) Weather Vane, you traitor! I hope Chrysalis tears you apart on April 12th!

Danger Duck: Don't count on it.

Nico: Go fuck yourself to Hell bitch.

Jack was still helping me fight Optimatus.

Optimatus: Is that all your so called Battlizer has?

Jack Landors: I'm just getting warmed up! Battlizer, Sonic Mode!

Jack had his Battlizer in Sonic Mode and he had a Flaming Sword ready for action!

They fired blasts of air, fire and sonic booms.

Me: **No one pisses us off and lives to tell the tale!**

Loonatics, me, Nico, Eli, Lincoln and Laney: UNIVERSAL DEATH BLAST!

Lincoln, Menat, Jessica, R. Mika, Toph, Hilda, Shantae, Entrapta, Perfuma, Frosta, Rainbow Dash, Gluko and Mai: FINAL SMASH: LEGENDARY LOONEY TUNE MAYHEM!

We fired powerful energy blasts and they formed into Looney Tune charaters and the blasts smashed down Optimatus and more.

Me: **Now for the grand finale!**

I pulled out a bracelet bomb and put it on Optimatus' arm.

Me: **A little going away present for you to enjoy your trip to the Warp!**

I put the bomb on him.

Me: **This is a 500 megaton nuclear range bomb bracelet. When it goes beyond 500 feet, kiss your fucking ass goodbye!**

I put the sensor on a bazooka rocket.

Me: **ADIOS MUCHACHO!**

I fired the bazooka and we got out of there fast! As the beep got louder!

Optimatus: NO! NO! NOOOOOOOOOOO!

***KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

He and his ship were completely obliterated in an instant and banished to the Warp for all eternity and we powered down.

Nico: Good riddance to that fucker.

Lola: Yep.

Weather Vane: I guess I should say thanks for not killing me.

Spot: Relax. We won't kill you.

Plastique: And neither will Ace and his team.

Ace Bunny: Just make sure to behave yourself, ok?

Danger Duck: I still think Misty Breeze is hot!

Unicorn: So was Connie D'Amico before Quahog's destruction.

Selene: And yet, those two are jerks.

Me: They sure were. Coming on guys, before we go home lets give Misty Breeze a good talking too.

Nico: Good idea.

We went back to Earth and had a really thorough discussion with Misty Breeze. She was demoted to Janitor. We had Acmetropolis beamed to the 21st Century.

Ace Bunny: (To the viewers) This was an awesome adventure. Hope you all loved it as much as we have.

Me: I know I have.

---

Later back at the estate we were watching one of the most Gutwrenching movies ever known. It was 2004's Passion of The Christ. The reason is because it was Friday, April 2nd, 2021 and it was Good Friday, the Day Jesus made the ultimate sacrifice to forgive us for all our sins.

---

In the late hours of the night at the forested garden of Gethsemane, Jesus prays while his disciples Saint Peter, James and John, the sons of Zebedee sleep. While he prays in seclusion, Satan appears to Jesus in an androgynous form, and tempts him, stating that no one can bear the burden that God asks of him: to suffer and die for humanity's sins. Jesus' sweat turns into blood and drips to the ground while a serpent emerges from Satan's guise. Jesus hears his disciples call for him, and rebukes Satan by crushing the snake's head.

Judas Iscariot, another of Jesus' disciples, having received a bribe of 30 pieces of silver, leads a group of temple guards to the forest and betrays Jesus' identity. As the guards arrest Jesus, a fight erupts wherein Peter draws his dagger and slashes the ear of

Malchus, one of the guards and a servant of the high priest Caiaphas. Jesus heals Malchus' injury while reprimanding Peter. As the disciples flee, the guards secure Jesus, and beat him during the journey to the Sanhedrin.

John informs Mary, mother of Jesus, and Mary Magdalene of the arrest, while Peter follows Jesus and his captors. Magdalene begs a passing Roman patrol to intervene, but a temple guard assures them that she is insane. Caiaphas holds trial over the objection of some of the other priests, who are expelled from the court. False accusations and witnesses are brought against him. When asked by Caiaphas whether he is the Son of God, Jesus answers "I am". Caiaphas tears his robes in outrage and Jesus is condemned to death for blasphemy. Peter is confronted by the surrounding mob for being a follower of Jesus. After cursing at the mob during the third denial, Peter flees when he recalls Jesus's forewarning of his defense. A guilt-ridden Judas attempts to return the money he was paid in order to have Jesus freed, but is refused by the priests. Judas isolates himself and a group of children begin tormenting him and reveal that they are demons. Judas, full of grief, flees the city and hangs himself with a rope he took from a dead donkey.

Caiaphas brings Jesus before Pontius Pilate to be condemned to death. At the urging of his wife Claudia, who knows of Jesus' status as a man of God, and after questioning Jesus and finding no fault, Pilate transfers him to the court of Herod Antipas (as Jesus is from Nazareth, within Antipas' jurisdiction of Galilee). After Jesus is ridiculed at Herod's court and returned, Pilate offers the crowd the choice of chastising Jesus or releasing him. He attempts to have Jesus freed by the peoples' choice between Jesus and violent criminal Barabbas. The crowd demands Barabbas be freed and Jesus crucified. Attempting to appease the crowd, Pilate orders that Jesus be severely flogged. Jesus is then scourged, abused, and mocked by the Roman guards. They take him to a barn where they place a crown of thorns on his head and tease him saying "Hail, king of the Jews". A bleeding Jesus is presented before Pilate, but Caiaphas, with the crowds' encouragement, continues demanding that Jesus be crucified. Pilate washes his hands of the affair, and reluctantly orders Jesus' crucifixion. Satan observes Jesus' suffering with sadistic pleasure.

As Jesus carries a heavy wooden cross along the Via Dolorosa to Calvary, Saint Veronica, a woman, avoids the escort of soldiers and requests that Jesus wipe his face with her cloth, to which he consents. She offers Jesus a pot of water to drink but the guard hurls it away and dispels her. During the journey to Golgotha, Jesus is beaten by the guards until the unwilling Simon of Cyrene is forced into carrying the cross with him. At the end of their journey, with his mother Mary, Mary Magdalene, and others witnessing, Jesus is crucified.

Hanging from the cross, Jesus prays to God the Father asking forgiveness for the people who tormented him, and provides salvation to a penitent thief crucified beside him. Jesus surrenders his spirit to the Father and dies. A single droplet of rain falls from the sky to the ground, triggering an earthquake which destroys the temple and rips the veil covering the Holy of Holies in two. Satan screams in defeat from the depths of Hell. Jesus' body is taken down from the cross and entombed. Jesus rises from the dead and exits the tomb resurrected, with wound holes visible on his palms.

---

We were crying our eyes out at the very agony that Jesus went through as he was being crucified. It was horrible.

Me: (Crying) It's horrible!

Laney: (Crying) How can they do this!?

Lola: (Crying) It's not fair!

We were crying hard over the sheer brutality and more that he suffered because of it.

THE END

Another awesome chapter done.

Loonatics Unleashed was an awesome show and it was great! It was on from September 17, 2005 - May 5, 2007 and it was put on

Hiatus for over 15 years now. What a rip! This is also a chapter for Good Friday. A gutwrenching day. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Drako1234658 and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is a journey that takes place 5,000 years ago into the dark ages of the Barbarian Times as we help Cyborg and his friend Sarasim take down the merciless and ruthless barbarian warlord Krall in the year 3,000 B.C.

See you all tomorrow.

# Barbarian Adventure

At Kellaway's house in Las Vegas, Kellaway was working hard and he was also throwing darts at the Mask and hitting them.

What appears to be me just entered Kellaway's house.

Kellaway: IS there anything you need from me, Nico?

Nico: (smirks) Just your life!

"Nico" suddenly turned into some kind of witch.

Kellaway: Who the Hell are you?!

Witch: It doesn't matter who I am. What matters is that I will be the last person you will ever see!

The Witch summoned some kind of creatures as they approached Kellaway menacingly.

They were bloodthirsty and ready to strike. The camera scanned over to the outside of the building as Kellaway's screams were heard and blood splattered all over the window indicating he was savagely and brutally killed in a horrific manner!

---

Back in Gotham Royal York, we were showing the Loonatics around the city and it was amazing for them to be there.

Zenet Surrow: (to the Loonatics) Well? Is Gotham Royal York cool or what?

Ace Bunny: It sure is! It's amazing that you all made it into such an amazing city.

Lexi Bunny: And your tree estate is absolutely incredible.

Nico: It sure is. It was thanks to a dream that J.D. had that we made it into a great home and awesome base.

Laney: Yep it's true.

But then Sheila came.

Sheila: Guys!

Me: Sheila what's wrong?

Sheila: Kellaway has been murdered!

We gasped!

Jake Long: Do you need us to come with you to the scene of the crime?

Sheila: Yes please!

We went to his house and we were greeted by a vicious and brutally savage bloodbath! There was blood splattered all over his room and his body was on the floor and was viciously torn to pieces and his organs were thrown all over the place!

Me: Oh good GOD!

Nico: GROSS!

Lola and Lana hurled their guts out all over the place!

Me: This is too savage even for me! Whoever did this REALLY wanted to see him suffer.

May: No kidding! This is horrific!

Girl Jordan: This looks more like Cletus Kasady's work even though he is in the Warp.

Lola: (Groans) It sure looks like it.

Me: Whoever did this was an ABSOLUTE SAVAGE.

Bonecrusher: Okay. Jerk or not, not even he deserved this fate!

Me: No kidding!

Nico: I think you and Eli did this J.D.!

Me: Whoa whoa whoa! Nico lets not jump to conclusions. Sure we wanted him dead but this is too savage and gory even for us.

Eli: Yeah! This was not our doing.

Anakin: They are telling the truth Nico. No way would they do this to someone like Kellaway.

Nico: Oh you're right. Sorry.

Me: No worries. Wait.

I went up to the wall and saw a symbol painted in blood on the wall. It looked like a crescent moon with a circle in it.

Me: This looks like a symbol from long ago.

Jessie K.: It looks like a Symbol from 3rd Millennium B.C.

G1 Scattershot: Nico, there's one other factor you should consider.

Nico: What's that?

G1 Scattershot: If Eli and J.D. did kill Kellaway, they wouldn't leave his body lying around. They would've sent him to the Warp or destroyed his corpse.

Nico: Hmm yeah you're right about that. But his corpse wasn't just destroyed. It was mutilated!

Eli: And that is not our style.

Me: Guys look at this! Whoever the killer was left a pretty ominous calling card.

They saw the symbol on the wall and Cyborg immediately recognized it!

Cyborg: (Gasp) Oh no! That's the Insignia of Krall.

Me: Krall?

Jessie K.: Wasn't he a barbarian warlord that lived over 5,000 years ago?

Cyborg: That's right and he is a monster!

Cyborg told us all about him.

---

Krall is a barbaric warrior in the Teen Titans series.

Krall is voiced by the late famous actor Michael Clarke Duncan, who also voiced the Kingpin in Spider-Man: The New Animated Series.

Biography

He is a greedy and ambitious warrior who wishes to rule his tribe and have Sarasim at his hand. He freed a Witch and made her do his bidding. Krall wanted the witch to make him a champion. In response, she summoned an army of monsters which were beyond Krall's strength. Cyborg was sent into Krall's time when Krall asked the witch to give him super-strength. Cyborg defeated the monsters and won Sarasim's heart which made him jealous.

Krall took Cyborg to the witch's hideout where she created a portal for Cyborg to go back home. Cyborg refused and learned Krall's true goals. He attacked Cyborg but proved little match for his strength. Krall called the witch to grant him super-strength. The witch had several monsters merge with Krall turning him into a monster. Krall then defeated Cyborg by knocking him off a cliff into the river.

Krall became the leader of the monsters, and lead them to attack Sarasim's village. While the battle was on, Krall fights Sarasim, telling her if he can't be her hero he'll be her destroyer. Cyborg attempted to save her by using his cannon while being pushed away by the monsters but he was interrupted when Raven pulled Cyborg back to his own time. Raven then showed Cyborg a book that was revealed that Sarasim defeated Krall and his army and won the battle, much to Cyborg's relief.

When he was done we were shocked and horrified!

Me: Whoa man!

Nico: He must've been really brutal!

Me: But how do you know him Cyborg? He lived thousands of years ago in the Bronze Age in 3rd Millennium B.C.

Eli: Yeah that is what we want to know.

Cyborg: Because I was accidentally sent back in time.

Me: How did that happen?

Cyborg: I modified the tower and overloaded it and it inadvertently sent me back in time to 5,000 years ago.

Eli: Wow! That's incredible.

Me: Wow.

Sheila: We didn't know that happened to you Cyborg. That must've been a really harrowing adventure.

Cyborg: It was.

Raven: Here's what happened.

Raven told us all about it.

---

Cyborg has just upgraded Titans Tower with a number of high-tech, but non-essential paraphernalia and is proudly presenting them to his friends when he suddenly vanishes from the face of the Earth with a lightning zap. In fact, Cyborg finds himself stranded 5,000 years before his time, right in the middle of a battle between a barbarian horde and an army of green-glowing slime monsters!

At first all Cyborg wants is to keep out of the way, in fear that any action on his part may alter the future, but when he sees one of the warriors about to be finished by his opposition, he interferes and saves the warrior's life. Subsequently, he ends up defeating all the monsters single-handedly, though the excessive use of his sonic cannon leaves him with little spare power. To top off the night, the warrior he rescued turns out to be a woman by the name of Sarasim, the leader of the barbarian tribe.

Cyborg is welcomed into the tribe with open arms, but he is reluctant to stay, because this is not his time and because he has no means of recharging himself. Not understanding all he says, Sarasim declares Cyborg the champion of her people and gives him a sword as a sign of his status. This happens much to the chagrin of a warrior named Krall, who had repeatedly tried to kill at least one of the monsters but failed miserably. It soon transpires that Krall is in fact the instigator behind the monsters' attack: He had woken a witch from a cursed sleep to use her power to establish himself as the champion of his people. But the witch, unwilling to serve him, has twisted his every command as a subtle way of rebellion against him. It was also her magic that had dragged Cyborg into this time after Krall had ordered her to send him the strength to defeat the monsters. Enraged over his failure, Krall commands the witch to remedy the situation.

The next day, Cyborg unsuccessfully tries to recharge his batteries with a kit-bashed dynamo when Sarasim visits him. She gives him a tour through her village to convince him to stay; Cyborg remains reluctant, but he slowly comes to care for Sarasim and her people. The same evening, the witch's monsters attack, crashing like meteorites inside the village's perimeter. Outnumbered and surprised, the villagers face certain doom until Cyborg breaks the dam which blocks the nearby river, flooding the creatures and dissolving them. Once again he is hailed as the village's hero, but he cannot join their merriment. Once alone, Cyborg is approached by Krall, who takes him to the witch. The witch opens a magical portal which would send Cyborg back to his own time, but just as he prepares to step through, he realizes that Krall is behind the monster attacks and refuses to leave Sarasim to his mercy. Krall attacks him but finds himself outmatched, and asks the witch for more power. The witch responds by having several of her minions merge with Krall, turning him into a monster. With more than enough strength, Krall brings Cyborg down, spears his power cell and casts him into the river to drown. Cyborg reawakens to find Sarasim standing over him and with some of his power restored by a water-driven generator based on his dynamo design. Cyborg loses no time telling her about Krall's treachery, and now fully determined to stay, he helps her people prepare for the upcoming battle.

As night falls, Krall and his army of minions attack the village. While the monsters keep Cyborg busy, Krall singles out Sarasim and mercilessly batters her to the ground. Cyborg activates his sonic cannon and channels all his power into it, but before he can fire the shot, he is pulled back into his own time by Raven's magic. He frantically tries to make her return him, but the magic only worked one way.

Dejected, Cyborg returns to his quarters, where he frames his armor and sword as a lasting memento. Soon, Raven visits him with a book. The volume turns out to be a chronicle about the history of Sarasim's tribe, from which Cyborg learns to his joy and relief that Sarasim had managed to kill Krall after all. He was still remembered by the tribe as their greatest hero: in an accompanying illustration, Cyborg is depicted without his implants and armor, a testimony of the tribe's appreciation of his selfless bravery.

---

We were amazed.

Me: Wow! Cyborg that is so cool! You've had a tremendous impact in 3rd Millennium B.C. and are a legend.

Laney: That is so awesome.

Lana: Yeah it is!

Lola: Wow!

Nico: Even though it was an accident that is still amazing.

Lily: It sure is! Wow!

Cyborg: Yeah.

We gave Kellaway a good funeral.

---

Later Maria screamed and came to us.

Maria: Guys, Cyborg's not in his room!

May: And he left a note.

Livewire reads the note.

Livewire: "Dear Team Loud Phoenix Storm. If you're reading this note, that means I've already left for Sarasim's time. I can't let you guys risk your lives to stop Krall. Helping Sarasim kill him is my responsibility. One that I have to do alone. In case I end up dying in this battle, I just want you guys to know that you've all been the best team and friends that I've ever had. Titans Forever! From, Cyborg".

Poromon: (starts to cry) That was really heartwarming!

Me: What the Hell is Cyborg thinking!?

Robin: I thought he learned his lesson the last time he went to challenge a bad guy like this!

Me: Atlas.

Eli: He did this before?

Me: Yeah and it wasn't pretty. We got to go after him and help him out.

Nico: Yeah.

Laney: Oh man. We got to be prepared for a brutal battle in the Bronze Age.

Me: And there's a very strong possibility that we'll face a massive army of Barbarian Warriors.

Nico: Yeah.

Unicorn, Nergal, Grizzly, Enchantress, Plastique, Spot, Selene and Shade then appeared.

Unicorn: Can me, Nergal, Grizzly, Enchantress, Plastique, Spot, Selene, and Shade go with you guys to find Cyborg?

Me: You all sure can and we're gonna need all the heavy firepower we can. We're going back in time to the Bronze Age in 3rd Millennium B.C.

Selene: I remember that time.

Enchantress: We heard about what happened to Kellaway. That is too brutal of a death for him.

Nico: No kidding.

Me: One thing is for sure, we have to avenge him.

Laney: I agree.

Lola: No way!

We looked at Lola.

Me: What do you mean Lola?

Lola: Kellaway can burn in the fires of Hell for all I care! He hurt Nico and has been relentlessly pursuing Ipkiss for a long time! He can just be forgotten and buried in an unmarked grave for all I care!

We gasped at what Lola was saying.

Me: Lola that's low even for you! Sure Kellaway may have done all that but like it or not he is still a cop. And he may have hurt Nico and I placed that huge hit on him but like it or not we're avenging him!

Numbuh 1: That's right Lola. Justice has to be brought to the monsters that did all this.

Nico: That's right!

Me: Come on guys. We're wasting time. Lets go! We have a barbarian warlord to kill and a cybernetic hero to reprimand.

Pam: (to Lola) Lola, I hope you really didn't mean what you said just now.

Lola: I don't know what to think.

Me: She'll have time to think about it when we get back. Right now lets get moving.

We went to the Simulator.

---

We got in and it activated and we were in the Bronze Age, 5,021 years ago.

Shade: Is this the right place?

I looked at the scanner.

Me: Yep this is it. 3,000 B.C. Welcome to the Bronze Age.

Nico: Wow. Amazing.

Me: The world was a wartorn place back then.

Lincoln: It's awful.

Nico: Wars were practically done all the time back then.

Me: Yep. Also the Bronze Age was also the Biblical Times.

Jessie K.: Yep and the wars back then were the Wars on Assyria and Egypt.

Me: Yep and this is also the time of the Scorpion King, my Ancestor in Assyrian Lore.

Eli: And my father Pharaoh Atem.

Nico: Hard to imagine that a lot of wars raged on for all these centuries.

Me: I know. It's awful.

We heard clashing.

We got to a hill and we saw a huge battle. We saw a girl named Sarasim and Cyborg was with her.

Me: There's Cyborg and that girl must be Sarasim.

Nico: Wow. She is powerful and strong.

Laney: And she is spirited.

Me: She sure is. Lets go!

Sarasim and Cyborg were surrounded by Krall's monsters when suddenly, a bomb fell on the ground and exploded, killing the monsters. Sarasim and Cyborg saw that Grenade Man was the one who threw the bomb. We were right next to him. And we did NOT look happy.

Grenade Man: Hey, Cyborg. Fancy seeing you here.

Cyborg: (nervously) Hey, guys. I was just-

Lori: (sternly) Just literally getting yourself killed? Yeah, we can see that!

Sarasim: So you are the famous Team Loud Phoenix Storm.

Me: That's right and it's a pleasure to meet you Sarasim.

Sarasim: It's an honor.

Robin: Pleasure to meet you Sarasim.

Me: (Disembowels numerous monsters) We obviously came in the middle of a deadly fight. (Slashes monsters head off) We also came to help you and Cyborg kill Krall.

Sarasim: We are forever grateful.

I fired an energy blast and blew the monsters apart and they retreated.

Me: That ought to hold them off for the time being.

Selene: Now that Krall's monsters have backed off for the moment, why don't we go inside and talk?

Nico: (looks sternly at Cyborg and Lola) And trust me. We have a LOT to talk about.

Me: Yep and it's gonna be… Uh what words am I looking for?

Nico: Strict and Sternful?

Me: Yeah that's it, thank you.

Nico: You're welcome.

We went back to Sarasim's village and we were introduced to her clan and more and they were amazing.

Me: Wow. Your village is amazing Sarasim.

Sarasim: Thank you J.D.

We got to having our talk with Cyborg and Lola.

Thrust: (to Cyborg) Previously on Cyborg's Screwups, we said to everyone that we'd fight Krall as a team. But instead, you use the simulator behind our backs to do the one thing Nico said not to do!

Cyborg: I did it because I wanted to get justice for Kellaway's murder!

Me: And I understand how you feel Cyborg and that the sudden reappearance of Krall and the symbol left brought back bad memories but we told you not to go off without us!

Nico: Yeah Cyborg this isn't a one man fight! Like it or not we do this as a team.

Sasuke: That's right Cyborg! I once thought like you. I thought I was so superior that I didn't need a team. But I was dead wrong.

Nicole: Yeah Cyborg do you want to get yourself killed? This isn't a one man battle. There are forces of evil out there that are far more powerful than you could ever imagine and they will destroy you without a second thought.

Nico: That's right!

Grizzly: (to Cyborg) What if somebody had died tonight, huh? Different story, right? Because that's on you. And if you died, I think that's on J.D. and the others. He doesn't need that on his conscience.

Cyborg: We can't die, remember?

Lynn: We can if there's nothing left of us to heal from!

Me: That's right Cyborg! Sure we may be immortal and invincible but we have to be careful! Remember what happened with Talon? (To Nico) Sorry to bring this up.

Nico: No worries.

Me: When Talon took away our powers with that poison we were vulnerable and susceptible to attack! They would've killed us when we were vulnerable! But you need to learn that even if you have all of your cybernetic parts and all that you still cannot go rushing into things without a plan and all that.

Nico: Yeah!

Varie: That's right Cyborg. We are all in this together like it or not and we work as a team.

Eli: We fight as one like it or not.

Me: That's right! And Lola don't ever say something like that about Kellaway again. Sure he might have been a jerk but he didn't deserve to be slaughtered like an animal and brutally mutilated in his own home!

Lola: I'm sorry.

Me: I know how you feel Lola. I never liked the guy either but I would never wish this on anyone.

Sarasim: (to me) You seem troubled, J.D. I have seen that look in your eyes before whenever we prepare for every battle.

Me: It's a long story.

Nico: Oh, my God. It is not a long story. It is the shortest story in history. You guys have been more angry at villains more then usual because of our previous battles and the upcoming War! You know, I haven't said anything up till now, because I was hoping that you guys would remove your heads from your own asses but turns out I was wrong! And what Lola said about Kellaway burning in Hell just proves it!

Lola: Oh, c'mon!

Frenzy: No, no, no. This is the part where Nico talks and you guys listen. Because of all the stress from what Nico just mentioned, you guys are acting like the Justice Lords and how the Royal Defenders used to act! (to the Royal Defenders) No offense.

R.D. Lincoln: None taken.

Lori: You guys don't have to worry. It literally won't happen again.

Nico: I absolutely agree. Because the 13 of you aren't going outside until you guys talk with Sarasim about what's been stressing you guys out. And then, you guys are going to abandon this whole angry and reckless strategy and actually come up with good plans before you act. Do we have an understanding?

Lynn: (sighs) We don't have a choice, do we?

Me: No we don't. Okay here goes. As you know Sarasim we are not from this time and neither is Cyborg as you already know. We come from the year 2021 A.D. 5,021 years into the Future.

Sarasim: That's a long time.

Me: It sure is.

I went over everything that happened over the last 5 years with us and everything that is going to happen and more and everything that has happened to us and more and all that.

Sarasim was shocked and amazed all at the same time.

Sarasim: You guys are the most powerful force ever known.

Me: Yeah we are that powerful but for some reason our personalities are starting to get the better of us with every passing battle and every forthcoming battle that is about to happen. Nico is doing a great job as Chief Enforcer as you can see.

Sarasim: He sure is. You trained him and everyone you know really well.

Me: It's not just me. We all did our part and made the entire team into the most powerful force ever known to the entire universe. But with every passing battle not only do we get stronger and stronger but we get more stressed and more.

Sarasim: I understand how stressed you all are from all the battles, including the ones you have yet to fight in. But you should not push everyone else away because of it.

Shade: And maybe there's a good reason your personalities are getting the best of you guys. And don't blame it on the Sullen 6. Because they aren't here.

Squidward: Unless they used a Dark Orb to transfer a piece of their minds into you guys before they were dealt with.

Nico: It's possible. Your group did the same thing with me.

Me: Hmm. Maybe.

I scanned for Dark Orbs and looked inside each of us and sure enough there were DARK ORBS INSIDE ALL OF US except for Danny and Dani Phantom!

Me: Oh no! Squidward you are right! They DID transfer dark orbs with pieces of them inside us.

Danny Phantom: Then we have to get them out. I'm going Ghost!

Danny turned into Danny Phantom and went intangible and he went inside all of us and got the fragments out of us all and I used my powers to destroy them.

Me: (Groans) Whoa man! I have got the worst ever headache.

Eli: I feel fine.

Nico: Me too because Salem destroyed the Dark Orb inside me.

Terrorsaur: We've had a lot of battles over the last 5 years and all that.

Apeface: Lola, isn't there something that you would like to say before we explore Sarasim's village.

Lola: Yes. Sorry for how I acted.

Me: Aw it's all right Lola.

May: But my head really hurts.

Me: Mine too. It feels like it's being crushed by a planet. I'll have to make a powerful spell that prevents us from getting fragments of Dark Orbs inside us.

Brittney: Way ahead of you dad.

Brittney chanted a powerful incantation and we now had anti-dark orb influence transference barriers around us.

Me: Awesome.

Nico: That helps big time.

We walked around Sarasim's village and it was really cool.

Selene: For a place with no technology, this village is still very nice.

Sarasim: Thank you Selene. It's home.

Me: And a lot of things have charged over the next 5,021 years.

Sarasim: They sure have and Eli you look really familiar to me.

Eli: How so?

Sarasim: You look like the son of Pharaoh Atem.

Eli: That's because I am the son of Pharaoh Atem. I was beamed into the future by a magic spell.

Me: Long story for that.

Nico: Yeah it's true.

Raven: Sarasim, I want to apologize. The reason Cyborg couldn't help you kill Krall before is because I got him back to our time in that moment.

Charmcaster: (To Sarasim) While we're on that topic, how exactly did you kill Krall the first time?

Sarasim: I chanted a powerful spell in ancient times that stripped him of his powers and I stabbed him in the heart.

Me: Wow. That's amazing.

Cyborg: Amazing.

Sarasim: But I accept your apology Raven. But thanks to Cyborg he helped me and my clan kill Krall the first time.

Me: He is a true hero. Even though some of us are still peeved at him for going off like that he is a true hero.

Enchantress: Also, Sarasim, you don't have to worry about Cyborg running out of power.

Me: We gave him infinite power.

Nico: Yep.

Sarasim: That's great!

Nergal: Also, Sarasim, before we go fight Krall, you want to try some of my pizza?

Grim Adventures Mandy: Trust me. You'll love it.

Me: It's good.

Sarasim: Sure.

We made all kinds of pizza and ate it.

Sarasim: Mmm! Delicious.

Me: We knew you would like it.

Nico: Yep.

Me: Shall we go after Krall and make sure he pays for his crimes?

Nico: Lets shall.

Me: Prepare for battle!

We were getting ready for battle and we armed ourselves and more. We were ready for war and all that.

We got over a hill and we saw all of Krall's men and forces.

Me: There they are.

Cyborg: This is gonna be good.

Me: Yep. I'll start us off. KAAAAAAAAAAAA MEEEEEEEEEEEEE HAAAAAAAAAAAAA MEEEEEEEEEEEEEEE HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I fired a red Kamehameha Wave blast and it hit all of Krall's men and obliterated them all in a massive explosion of incredible power!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared only Krall and the Witch that killed Kellaway were left.

We went up to them.

Krall: The famous J.D. Knudson and all of Team Loud Phoenix Storm and Cyborg how nice to see you again. I see you liked my little favor I did for you in killing the one you call Kellaway.

Me: And you're gonna pay for it. 5,021 years worth of retribution!

Maria: Give us one reason why we should even think of sparing you two!

Witch: Very well.

The Witch revealed a portal. And not just any portal.

May: Is that-?

Witch: A portal to January 23rd, 2021? Yes, it is.

Krall: Go through this portal. And you will be able to stop the Digimon Emperor before he can cause those 20 days of pain for all of you.

To our surprise, Lola, Lori, and Lynn started walking towards the portal.

Plastique: Are you girls serious?! You're actually going to step through that portal?!

Lori: No we aren't!

Lynn: As tempting as that offer is, we are not accepting it!

Me: It's better to leave the past the way it is!

Nico: Yeah what's done is done!

Lana: I should've never opened my big mouth about the whole Trinity of Violence thing.

Laney: It's not your fault Lana.

Me: Remind me to destroy that file when we get back.

Witch: You all seem awfully intent on avenging someone who isn't even your friend.

Octane: Kellaway may have been a jerk but he didn't deserve to die the way he did!

Me: Justice will be brought to him!

I fired an energy blast and obliterated the Witch and killed her.

Krall: NO!

Me: You are next Krall! You're going to pay for your crimes!

Suddenly a storm came in and a bolt of lightning hit the ground and out of it came Weather Wizard, Femme Fatale, Abis Mal, KGBeast, Avalanche, Kitty, Atomic Skull and Professor XXXL then appeared.

Me: Weather Wizard, Femme Fatale, Abis Mal, KGBeast, Avalanche, Kitty, Atomic Skull and Professor XXXL.

Nico: Fancy seeing you all here this far into the past.

Weather Wizard: The village here really is nice.

Nico: How'd you guys find us?

Femme Fatale: Simple. We followed the trail of dead monsters.

Abis Mal: We actually killed some monsters ourselves. And we saw that massive explosion.

KGBeast: (to Sarasim) (Russian Accent) When this is over, we should show you our time.

Sarasim: I would like that.

?: Awesome!

5 figures came out and 1 was VOLTAGE HOG back for round 2 and the other 4 were THE CLUTCHING FOOT, TRIFIRE, THE RED GUY and I.R. BABOON!

# I.R. Baboon

**I.R. Baboon**, also known as **Baboon**, is the former archenemy of Weasel (publicly known as I Am Weasel) and often acts as the antagonist and at times deuteragonist of the show *I Am Weasel* .

He was voiced by Charlie Adler, who also played Gazeem in Disney's *Aladdin*, Snively in the *Sonic the Hedgehog SatAM* TV show, the Red Guy in *Cow & Chicken*, Ed Bighead in *Rocko's Modern Life*, Panza in the 1996 animated film version of *The Prince and the Pauper*, Hamilton in Disney's *Tarzan*, Buck Huckster in *Danger Rangers*, and Starscream in the *Transformers* film series.

I.R. Baboon is an anthropomorphic dark gray baboon a white T-shirt with his name handwritten upside-down on the front of it. He lives in a run-down trailer near Weasel's mansion. I.R. fails to use proper grammar sometimes, explaining the titles for some episodes (" *I Are Big Star*, " *I Are Music Man* ", " *I Are a Artist* ", " *I Are Bellhop"*, etc.), and also refers to himself in third-person. Although he himself is not normally a malicious individual - instead he is a very unintelligent individual prone to bursts of bad temper and jealousy: he is determined to prove to the world (and possibly himself) that anything Weasel can do he can do better but as a result of his own stupidity or sheer bad luck his schemes backfire and can cause untold chaos. Baboon is also known to be hideous, willing to sniff his finger half of the time, and has no talent at most things. I.R. is in possession of a large, smelly, bright red buttocks that he never wears pants to cover, and therefore is ridiculed for it. As Weasel has good luck, I.R. seems to have bad luck: for instance, when he was about to get married, his bride fell in love with someone else and left him standing at the altar. I.R. is also the adoptive father of Grampa, a baby who was left on his doorstep in the episode " *I.R. Mommy* ", and I.R. named it after his grandfather whom he seems to greatly respect. At the end of the episode, Grampa grew up. His main goal is to gain an equal or better share of fame and fortune as weasel. He nearly succeeded on several occasions.

Despite being a running nemesis of Weasel for the first two series I.R. Baboon was replaced somewhat as the main villain by the Red Guy from *Cow and Chicken* (the series "sister" show) - though Red

Guy would often use I.R. Baboon's own stupidity and bad temper to cause mischief.

He frequently attempts to outdo and outbeat Weasel in everything, and when he believes that he has done so, will perform a routine victory dance which consists of putting his hands on his hips and skippingly parading around in a circle as he jumps in that manner while repeatedly chanting a declaration of his success. However, in some episodes, I.R and Weasel are shown to be friends and partners instead of long time rivals, such as when they were pilots assisting in an "air-migration" service or when there were deceased ghosts trying to scare a D-movie actress (who happens to be played by the Red Guy).

## Red Guy

The **Red Guy** is the main antagonist of the two well-known Cartoon Network series *Cow and Chicken* and *I Am Weasel* . He is a demonic being who constantly enjoys annoying the main characters of the shows he appears in. He is also the archenemy of Cow, Chicken, I.M. Weasel and I.R. Baboon.

He was voiced by Charlie Adler, who also played Gazeem in *Aladdin*, Snively in the *Sonic the Hedgehog SatAM* TV show, Ed Bighead in *Rocko's Modern Life*, Panza in *The Prince and the Pauper*, Hamilton in *Tarzan*, Buck Huckster in *Danger Rangers*, I.R. Baboon in *I Am Weasel*, and Starscream in the *Transformers* film series.

## Villainous Acts

Red Guy has committed various villainous (and often criminal) acts in both series he appears in. These acts include (but are not limited to) the following:

In the pilot *"No Smoking"*, he tricked Chicken into smoking and starts torturing him in Hell.

In " *Field Trip to Folsom Prison* ", he is disguised as a prison warden, and he locks Chicken in solitary confinement with dangerous criminals when he finds out he wasn't actually a prisoner.

However, Chicken is rescued by Cow's superhero alter-ego "Supercow"

In " *Supermodel Cow* ", he is disguised as a photographer and makes Cow a famous model after assaulting Chicken in a mall. Later in the episode, he had Cow replaced with a moose. When she wants to become famous again, he kidnaps her and forces her to sing in his milk bar. She is later rescued by Chicken.

In " *Part Time Job* ", he is disguised as a chicken plant manager name "Rear Admiral Floyd" (a parody to Colonel H. Sanders) where he incinerates chickens so they can become "extra fried". When Chicken comes looking for a part-time job, he goes there unaware of what happens there. Red Guy then attempts to incinerate him, but Supercow comes to save him. When this happens, he attempts to incinerate her too, but is defeated.

In " *Who Is Supercow* ", he is seen attempting to kill Chicken while disguised as a chef. He is then defeated by Supercow, who beats him up, making him tired of being thwarted by her. After getting tired of Supercow, he sets a trap for her to find out her secret identity, by creating another persona, that runs a dry-cleaner mat that specializes in superhero costumes, and he can find out who she is when she comes to pick up the costume. However, Cow sees past this and has Chicken (who doesn't recognize Red Guy because he's in disguise) pick up the costume as a favor. After realizing Chicken cannot be Supercow, he stalks him and realizes Supercow must live with Cow and Chicken. He then attempts to get into the house, but realizes Cow is Supercow because she's a cow. He then kidnaps Cow and takes her to the dry-cleaners, where he prepares to murder her with a steam cleaner. Chicken then dresses up as Supercow and has a vicious battle with Red Guy before escaping with Supercow. Red Guy is then beat up by the other superheroes for ruining their costumes.

In " *Confused* ", Cow and Chicken are sent to a military school, which is revealed to be run by Red Guy in disguise. He then psychologically and physically abuses them (i.e. forcing them to jump off a cliff). They are then sent to sensitivity classes after they become too firm. The sensitivity classes, however, are also run by Red Guy, disguised as a woman.

In " *Orthodonic Police",* Red Guy masquerades as a traffic cop and a quack orthodonist and forces Cow and Chicken and fellow of the town's residents to wear unnessesary and painful braces. He is eventually found out after a beating from Supercow, and is forced to take everyone's braces off.

In " *Happy Meat* ", he has a job as the school lunchlady named "Ms. Barederriere" and abuses the school kids by only serving ketchup for lunch, prompting Cow and Chicken to take a stand.

In " *Time Machine* ", he decides things are going too smoothly, so he plans to mess things up by altering the course of time. He plans to drop a pantyhose into the primordial soup (a prehistoric cauldron that created the space-time continuum). However, Cow accidentally drops a quarter into it, which Red Guy says is "even better." This causes every human's head to become quarters and vice versa. When Cow goes back in time to just before she dropped the quarter and successfully stops herself, Red Guy attempts to push her into the Primordial Soup. However, the other Cow turns into Supercow and defeats him.

In " *Headhunting In Oregon* ", Red Guy was disguised as a tour guide (named "Mister Jeansbegone") for Cow and Chicken's family. However, this disguise was a disguise for another disguise, which was the leader of the head hunters. He was only a tour guide to lure the family into the woods so he could steal Chicken's head. When it revealed that he was a headhunter too, he looks at the viewers and says "Now don't tell me you didn't see that coming…"

In " *The King and Queen of Cheese* ", he is disguised as a "dairy farmer" and kidnaps Cow, Chicken, and a group of farm animals and prepares to murder them and make cheese out of their corpses. But the tables are turned when they make cheese out of him though Red Guy liked it.

In " *Dirty Laundry* ", Miss Teacher hires him (disguised as "Geraldo Rearviewer") to turn the boring school newspaper into a new TV show. He unnecessarily assaults Miss Teacher and spends the majority of the episode abusing his new show to make people look bad for no apparent reason. This causes Chicken to lose his friends. Chicken defeats him by framing him for breaking and entering and has him arrested.

In " *Factory Follies* ", he is the tyrannical foreman of a large factory, abusing his employees (EX: firing an employee for sleeping in the job using an electric chair) daily. His birthday party is that night, and he is disappointed when no one shows up (because he is a mean person). He livens up the party by himself and decides to turn over a new leaf, but he changes his mind and continues abusing his employees. An epilogue of the episode shows him thanking Cow and Chicken (who he kidnapped and tied up in his basement) for "letting" him have this episode centered around him.

In " *I.R. Mommy* ", he disguises himself as a woman and hides in Cow and Chicken's spinoff series so that he can continue wreaking havoc without being thwarted by Supercow. However, he still causes trouble as he makes it look like I.R. Baboon is a bad parent.

In " *I.R.'s Phantom Foot* ", Red Guy is a defense attorney and helps Baboon sue Weasel for a foot injury he received after tripping on a hole that was on his property. However, security camera footage revealed Red Guy intentionally dug the hole and orchestrated the entire case.

In " *I.R. Role Model* ", Baboon replaces Weasel as a celebrity after rescuing a woman (The Red Guy) from a fire. Weasel, a firefighter, loses everything to I.R. after he is wrongfully blamed for starting the string of fires that had been plaguing the city so he could put them out and be a hero, which causes him to become a homeless, denounced bum. However, it was later revealed that Red Guy was the one starting the fires all along.

In " *I Am Vampire* ", Weasel and Baboons are fun-loving vampires who only drink "low fat canned blood." However, Red Guy (disguised as Doctor Van Smellsing), a vampire hunter, tracks them down nonetheless, by disguising himself as a girl (his only disguise that hid his identity from the viewers). However, he is ultimately turned into a vampire by Weasel, out of self-defense.

In " *Enemy Camp* ", it is revealed that Red Guy is the source of Weasel and Baboon's rivalry.

In " *I Am Cliché* ", Red Guy is disguised a film director named "Louie B. Bare" ("Louie Be Nude"). Here, he is making a movie starring Weasel and Baboon, which is obviously rip-offs of other movies. He also uses cartoon slapstick to physically abuse the duo (e.g. dropping anvils on Weasel and a piano on Baboon).

In " *I Are Gladiator* ", Red Guy is disguised as a Roman emperor and Weasel and Baboon are his gladiators. After the match, he attempts to force Weasel to kill Baboon. When he refuses, he attempts to feed them to lions.

In " *Who Rubbed Out Cow and Chicken* ", Weasel and Baboon are noir-style detectives pursuing a serial killer that is on a killing spree that started with using a giant pencil eraser to erase Cow and Chicken from existence. The killer then erased their Mom and Dad. They go to their school and find Miss Teacher was assaulted by the killer, preventing her from remembering who attacked her. They also find more eraser dust around Flem and Earl's desk, and suspect them to be in cahoots with the unsub. They also find the killer put pants on Red Guy (the school Janitor), causing him to become hysterical. They then go to Flem's house to ask him why he wasn't at school the same day Cow and Chicken were erased, but they are erased to death by the killer. Shortly afterwards, Baboon is killed by the murderer, reduced to a pile of eraser dust. It is then revealed that Red Guy was the serial killer, trying to take over the show, but Cow and Chicken tried to stop him, so he erased them. He reveals that the pants was just to throw them off his trail. He then erases (kills) weasel off-screen. It then turns out all was part of Cow's nightmare.

In "I Are Good Salesmans" he and Baboon team up in a moneymaking scam. Baboon sets fire to random people's houses, and Red Guy (disguised as a boy-scout) conveniently shows up to sell the same person a fire-extinguisher.

In "Baboon Man and Weasel Boy", Weasel and Baboon are superheroes (parody to batman and robin) and Red Guy is a police captain (parody to Commissioner Gordon) and he tells them someone is on a crime-spree, stealing everyone's clothes. However. It is revealed Red Guy was the thief. However, Baboon Man lets him go because it "was an accident."

In "I Are Bellhop" Red Guy is a famous cannibal that attempts to eat Weasel, however, Baboon makes a fake Weasel out of fruits and Red Guy decides to stop eating human flesh after tasting how good regular food is.

In "I Are Pixie Fairy" Red Guy torments Weasel and Baboon by disguising himself as a storyteller (named "Uncle Breezybum") and narrates a story in which Weasel and Baboon are turned into fairies and tormented. They break free from his book and do the same to him.

The Clutching Foot

**The Big Toe** is a strange foot fungus that Eustace had gotten and somehow took over his body and formed into a stereotypical gangster character. It is a giant left foot with toes for heads and speaks like a stereotypical old-fashion gangster. With big toe as kingpin and smaller toes as his minions, the big toe's speech mannerisms mimics that of Edward G. Robinson, particularly by ending most sentences with *"See?"*

After taking over Eustace's body. They threaten to crush Muriel with the big toe ending with most sentences with *"or the fat lady gets it"*, forcing Courage to commit many crimes such as bank robbery and crashing a train. Later, Courage defeats the Clutching Foot by licking it, thus freeing Eustace and Muriel. However, Courage had gotten similar talking fungus on his tongue.

The foot fungus make their second and last appearance in *Ball of Revenge*, this time. They somehow managed to return back as separate being and joined a group consisting of Courage's worst enemies; the Clutching Foot is presumed dead when they fell (along with five other villains) into a chasm caused by Courage's scream.

Andros: Voltage Hog back for round 2!

Laney: And he's not alone!

Pakura: He has Trifire.

Cow: The Red Guy.

I Am Weasel: I.R. Baboon.

I.R. Baboon: I.R. ready to fight!

Big Toe: (As Edward G. Robinson) That's right see. Al Capone and his gang as fungus see.

Me: I would never believe it if I didn't see it. Hard to imagine that the most feared gangster that ever lived that terrorized all of Chicago back in the 1920s and 30s is back as a foot fungus.

Laney: Yeah that really shocked us and Bai Tza knows him.

Lana: Yeah it was crazy.

Nico: No kidding. And Trifire are you back to challenge Pakura?

Trifire: You got that right.

Big Toe: I chose to fight Alex.

Alex (Totally Spies): Wow!

Me: And we already know who I Am Weasel and Cow & Chicken are gonna fight.

Red Guy: Yes indeed.

Voltage Hog: (to Andros) Before we fight, Red Ranger, how come I saw you with those three car thieves the first time we fought?

Rainbow Dash: I guess we weren't effected because the Elements of Harmony are protecting us from the influence of Dark Orbs.

Scootaloo: That could be the case. But that is terrible that the Dark Orbs can hurt people.

Magma Gloom: No kidding. But thank goodness Brittney came through for us and prevented the Dark Orbs from corrupting us and all that.

Sweetie Belle: No kidding! He was obliterated in such a brutal manner.

We fired elemental blasts and they formed into said Duel Monsters and they hit Krall all over and smashed him all over and exploded with incredible power and more and really pulverized him all over!

Krall: ENOUGH! YOU ARE, ALL OF YOU ARE BENEATH ME! I AM A LEGEND, YOU DULL CREATURES! AND I WILL NOT BE BULLIED BY…

Edzilla interrupted him mid-speech, taking him by the leg and then violently and brutally smashing him into the floor several times, before lifting the jerk up to glance at him… and smashing him twice more before tossing him into the floor one last time. Krall was embedded into the stone floor, unmoving but very much aware. Edzilla then moved off, clearly done with the jerk, but not before doing one last bit of damage… to Krall's pride.

Edzilla: Puny legend.

Me: **He is no legend!**

Bonecrusher, Zenet, Scattershot and Jake Long all used the Earth and Vexos Cyber Planet Keys and enhanced Bonecrusher's Laser Pistol, Zenet's wind powers, Scattershot's acid pellet gun and Jake's dragon powers 100-fold.

Bonecrusher and Zenet Surrow: LASER WIND BLAST!

They fired waves of lasers and wind.

G1 Scattershot and Jake Long: DRAGONIC ACID WAVE!

Jake fired waves of fire and Scattershot fired waves of acid.

The blasts hit Krall and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: This is for Kellaway!

Sarasim, Cyborg, Lola and Nico: BARBARIAN JUSTICE ULTRABLAST!

They fired a massive blast of energy.

Me: **HOLACTIE THE CREATOR OF LIGHT!**

I fired a massive blast of light and it formed into Holactie the Creator of Light, the ultimate Egyptian God Card.

Lincoln, Hilda, Jessica, Toph, R. Mika, Menat, Makoto, Ibuki, Yuna, Nanami, Mai, Twilight Sparkle, Frosta, Perfuma, Entrapta, Gluko and Batch: FINAL SMASH: EXODIA THE FORBIDDEN ONE!

They fired a massive blast of energy and it formed into Exodia the Forbidden One!

Krall: THIS CAN'T BE HAPPENING! I'M INVINCIBLE!

The blasts all hit Krall and exploded with incredible power and he was obliterated in an instant! Krall was dead and banished to the Warp for all eternity!

We powered down.

Me: Enjoy the Warp, Krall.

Nico: Good riddance.

Cyborg: Yep.

Then Kellaway's spirit appeared.

Kellaway: Thank you all guys.

Me: You're welcome Kellaway. I'm so sorry this had to happen to you.

Kellaway: It's not your fault J.D. It was my fault. Because of my relentless pursuit of Ipkiss, my death was bound to happen one way or another. I let my arrogance and hatred cloud my mind and I paid the price for it. But thank you all for giving me justice.

Me: (Crying) You're welcome Kellaway. Travel safe.

He went up to Heaven.

Nico: I'm glad he can now rest in peace.

We saw all of Krall's army die.

Avalanche: There. Now, those creatures won't kill anyone else.

Kitty: And the village is safe from any harm.

Atomic Skull: But we should keep that portal open. Just in case we need to use it.

Professor XXXL: (to Cyborg) I think there's something you have to tell Sarasim.

Cyborg: I agree.

Cyborg went up to Sarasim and he showed that he had the ability to turn into a human at will.

Cyborg: Sarasim, ever since I came here the first time…

Sarasim shushed him.

Sarasim: I know what you are about to say Cyborg. And I love you too.

They then kissed and it was beautiful.

Me and everyone: Awww.

Nico: So beautiful.

Starfire: I always knew they had feelings for each other.

Me: Me too. Come on guys. Lets go home. Sarasim you are gonna love 21st Century A.D.

Samurai Jack: And I can help you out too. I traveled in time too because of Aku.

Sarasim: Thank you all.

We went back home.

Cyborg: (To the viewers) This was an epic adventure and I hope you all loved it.

Me: I know I did.

Eli: We all did.

THE END

Another awesome adventure done.

This chapter is based on the episode of Teen Titans called Cyborg The Barbarian and that was an epic adventure. It aired on February 12th, 2005 and it was so cool! 16 years ago it was awesome! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Drako1234658 and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is Easter and for the major holiday of Christian Religion we're going to have an awesome Easter Brunch, a big Easter Egg hunt and also go on an adventure into the world of 2011's Hop that aired 10 years ago on April 1st. It's gonna be so cool as we help take down the evil Chick, Carlos and help the bunnies get back in control.

See you all tomorrow.

# Easter Fun and Adventure

HAPPY EASTER 2021 EVERYONE!

---

Today was April 4th, 2021 and it was a very special holiday for many people. It was Easter Sunday and it wasn't just a day for Easter Egg Hunts, candy and all that, it was the day in the Christian Religion where Jesus Christ our lord and savior rose from the dead and became known as the resurrection.

Horsea, Tentacool, Poliwag, Manaphy, and Poromon: HAPPY EASTER, EVERYONE!

Me: And a good Happy Easter to all of you too.

Nico: I love Easter.

Me: Me too. Easter is full of awesome beauty and tradition.

Twilight Sparkle: It sure is beautiful.

Me: Does Equestria have its own version of Easter, Twilight?

Twilight Sparkle: It sure does. But it's just like Earth's version of Easter.

Sunset Shimmer: Except we go on huge Easter Egg Hunts and all that.

Me: Neat. Easter is not only just about Easter Egg hunts but it's also about a very important event that happened in the Christian Religion, this is all about the Resurrection of our Lord and Savior, Jesus Christ. After he was crucified he returned from the grave 3 days later on Easter Sunday.

Nico: That's right.

Laney: I like this holiday because of that and also because of the

Easter Egg Hunts and candy.

Lana: Me too. It's awesome.

We were gonna have an awesome Easter Egg Hunt, an awesome Easter Brunch and so much fun.

Rhino: Who's ready for Easter?

We all cheered.

Me: We all are ready. Also we're having some very special guests appear.

DING DONG!

Me: There's some of them now.

The elevator came and opened and out came Princess Celestia and Luna's mother and father, Queen Galaxia and King Cosmos.

Princess Celestia: Mom!

Princess Luna: Dad!

King Cosmos: Hello girls.

Queen Galaxia: It's great to see you again.

They hugged them for the first time in like forever.

I knelt before them.

Me: King Cosmos and Queen Galaxia it's an honor to meet you both.

Queen Galaxia: Same here J.D. We heard so much about you and everything you've done for all of Equestria.

King Cosmos: We are forever grateful to all of you and Team Loud Phoenix Storm and your frenemies for your great services.

Me: It was our pleasure your majesty.

Nico: We do what we can to save the entire universe from total destruction.

Smash Hit: F.Y.I., your daughters have been a great help on missions.

King Cosmos: We heard all about that. And we are so happy that they have amazing friends like all of you.

Queen Galaxia: We are all so proud of you.

Me: Thank you.

Rarity and Sweetie Belle's mom and dad, Hondo Flanks and Cookie Crumbles came in next.

Hondo Flanks: Well this is a great treat.

Rarity: Father! Mother!

Sweetie Belle: Hey Mom, Dad!

Cookie Crumbles: It's great to see you all here.

They hugged Rarity and Sweetie Belle.

Me: You must be Rarity's mom and dad.

Hondo Flanks: We sure are J.D. and it's a great honor to meet you. My name is Hondo Flanks.

Cookie Crumbles: And I'm Cookie Crumbles.

Me: It's a pleasure to meet you both. Rarity and Sweetie Belle told us so much about you.

Cookie Crumbles: We are honored.

Scavenger: We expecting anyone else?

Me: We sure are.

The Elevator opened and out came Fluttershy's parents Mr. & Mrs.

Shy and her little brother Zephyr Breeze.

Mr. Shy: Well it looks like we're all here.

Me: Are you Fluttershy's mother and father?

Mr. Shy: We sure are. I'm Cloud Shy.

Mrs. Shy: And I'm Rain Shy.

Mr. Shy: It's an honor to meet you J.D.

Me: Same here. Fluttershy told me a lot about you and you must be Zephyr Breeze.

Zephyr Breeze: I sure am and it's an honor to meet you J.D. Love your new pad dude.

Me: Thanks dude.

Fluttershy: Try not to make a scene Zephyr Breeze.

Zephyr Breeze: I won't big sis.

Afterburner: It's great to have you all here.

King Cosmos: We are honored.

Cookie Crumbles: It's a great pleasure.

Me: We are glad you all could come on this awesome holiday.

Lena: And I'm glad I am not in the hospital this time.

Lily: We all are.

Sena: What does she mean by that?

Me: She was diagnosed with Paranoid Schizophrenia and she had to be committed to a mental hospital and we arranged for her to be here on the holidays. But Lily cured her of her condition and she is now back forever.

Lena: Yep.

King Cosmos: Thank goodness she is all right.

Nico: Indeed.

Vypra and the Masters of Evil all came.

Vypra: Happy Easter everyone!

Me: You too Vypra. Great to have you all here.

Dark Spicer: Wouldn't miss it.

Lord Drakkon: This is gonna be awesome.

Me: It sure is.

Pinkie Pie: Lets get this Easter Party Started!

We cheered!

First was the Easter Egg hunt and we had it in our huge and amazing park. We found many different color eggs and found them all over. We found eggs that were purple, red, orange, yellow, pink, many colors and had stripes, spots, flowers and more on them and we opened them and in them was candy, money and more. Later at the table we were having an awesome Easter Buffet. We had Spiral Ham, omelettes, sausage, hashbrowns, mashed potatoes and gravy and so much more.

Me: (Eating) Mmm! So delicious.

Nico: (Eating) I'll say.

Brittney: The food is all delicious.

Twilight Sparkle: It sure is. Just as awesome as reading a great book.

Twilight was also reading a really interesting book that I haven't seen or read in a long time and it was called "Terror Of The South China Sea - The Horrifying Story of The Cruise Ship From Hell."

Me: I haven't seen that book in forever.

Nico: Me neither. That book is awesome.

Twilight Sparkle: You know this story guys?

Me: Know it? I practically lived it.

Nico: Me too.

Me: Really?

Nico: I sure did.

Me: Wow. I saved the Argonautica and its people from death at the tentacles of the vicious and terrifying sea monster Octalus.

Lola: What's Octalus?

Me: A horrifying Octopus monster of legend.

I went over what it was and what he looked like.

---

**Octalus** is the main antagonist in the 1998 horror film *Deep Rising* . It is a huge sea creature of unknown origin which eats nearly every passenger and crew member on the luxury cruise ship *Argonautica*, on which the film mostly takes place.

Its vocal sound effects were provided by Malcolm Fife.

Biography

Octalus could be hundreds of years old, as the group find multiple sunken ships on the ground of the ocean at the beginning of the movie which are all from different centuries of mankind.

The monster senses another boat on the surface of the sea and attacks it, destroying the vessel and leaves the dead in the water. A small group of heavily armed mercenaries who want to rob the *Argonautica* and sink it afterwards with torpedoes find the ship and climb into it, just to find out that nobody is on it. They team up with some survivors of the monster attack which includes the captain of the ship and a thief.

The monster kills them off one by one and finally meets its end in an explosion caused by the ship of the mercenaries getting rammed into the luxury cruise ship. Despite its death, Octalus may have not been the only one of its kind, as a loud roar (possibly from another Octalus) is heard by the surviving characters when they arrived on a nearby volcanic island.

Appearance

Octalus' body consists of many long, slimy tentacles with mouths on the end of them and a body with a big mouth and two big eyes. The tentacles can also close their mouths and are arguably one of the most fascinating parts of the dangerous sea monster. It is unknown if the tentacles act of their own to serve the main body, or if Octalus has full control of them. The tentacles seem to know where their prey hides, and they are extremely agile, which leads to the conclusion that they have some sort of sensory organs like small eyes with which they can see. The creature itself seems pretty smart and penetrative because it forces its prey to move to a place where it can easily get them, as seen in the movie where it herds the protagonists on the bow of the ship, which is fulfilled with remains of the crew and passengers. It is noted in the movie that the sea monster seems to suck out the body fluids of its victims, but does not really eat them. The gargantuan beast seems to puke the rest of its victims out, which would explain the tons of corpses in the bow of the ship. The dangerous creature also seems to be able to breathe underwater and on land, which does not really make sense since it seems to lurk at the bottom of the ocean, where it does not need to have that ability.

---

When I was finished everyone was horrified.

Nico: I remember seeing that! That creature was terrifying!

Me: I know. But thank goodness the people of the Argonautica were saved and the entire ship was brought back to land in America.

Vypra: How did you all save it?

Me: That was an adventure I'll never forget.

FLASHBACK - 12 YEARS AGO

Me as a 6 year old kid was flying over the South China Sea in a terrible storm as rain was pouring all around.

Me: (Narrating) **I was only 6-Years-Old when it happened and I was flying over the South China Sea in the middle of a huge storm. I was out on a patrol while my family was having fun in the Philippines. It was raining like a bat out of hell over there. That's when I saw the ship: The M.S. Argonautica, a luxurious cruise liner that launched recently and let me tell you it was an amazing ship. It was a really awesome and amazing state of the art ship.**

Young me: Wow! What a ship.

I used my powers that were evolving fast and analyzed the ship and saw that it was a beautiful ship and loaded with all kinds of futuristic technologies and more that made it far more advanced for the technologies of the early 21st century. It had casinos, hotels, water parks, luxurious food and so much more.

Young me: Wow! That ship has it all.

Me: **That ship had all the comforts of home on a grand scale. But that's when I sensed something coming as I felt a terrifying and evil force approaching the ship very fast.**

I sensed something and saw a fast moving wave under the water moving towards the ship at a fast speed. I used my senses and saw that it was the terrifying sea monster OCTALUS!

Young me: OH NO!

I flew up into the air and used my powers and lifted the entire ship out of the water. But I was struggling as I was still too young and my powers were not strong enough.

Young Me: (GROANING) IT'S TOO HEAVY!

?: Let me help.

A young boy helped out and put his hands on my shoulders and channeled his energy into me and we lifted the ship out of the water.

Young Me: Wow! Thanks!

The boy was actually Nico at 6 years old.

Young Nico: You're welcome. We got to warn those people.

Young me: Right! (To the people on the ship telepathically) Everyone! There is a terrible sea monster underneath the ship!

Young Nico: (Telepathically) We lifted up the ship to save you all from it.

They went outside and saw OCTALUS roaring and flailing its tentacles around as they were roaring with its mouths on the ends open. The passengers screamed in fright.

Young me: Remain calm everyone! We'll get you to the Philippines for safety!

Young Nico: Lets do it!

Young me and Young Nico carried the ship all the way to Manila and got the ship safely to the docks and everyone got off safely.

Young me: Thanks for helping me.

Young Nico: Anytime. My name is Nico Chan.

Young me: Pleasure to meet you. J.D. Knudson. I couldn't have done it without you.

Young Nico: Glad I could help. But that monster was terrifying. If we ever see it again we got to destroy it.

Young me: You can count on that.

We shook hands.

FLASHBACK ENDS.

Nico: Wait a minute! Wait a minute! That was you J.D.!? That was you!?

Me: Yeah it sure was. And now I remember! That was you Nico!

Nico: Wow! You and I first met in the South China Sea.

Me: That is coincidental! We were friends and teammates long before I formed the team!

Lincoln: Whoa! That is amazing!

Jared: Wow! 10 years before Nico moved here, Octalus brought you two together as friends and now 10 years later you were reunited.

Me: I remember now! That was amazing!

Sunset Shimmer: Wow! Who would have thought that you would be brought together 12 years ago.

Rainbow Dash: That is AWESOME!

Vypra: Wow! We had no idea you two were friends even before the team was formed.

Me: No kidding. That is so uncanny.

Twilight Sparkle: That sure is! And just like Rainbow Dash who brought us together with her Sonic Rainboom. Who would've thought that a terrifying sea monster like Octalus would bring you two together.

Nico: No kidding! But we stopped contacting each other somehow.

Me: I had amnesia remember?

Nico: Oh right! You must've forgotten because of that. Oh man.

Me: Yeah it was all a blur. But Brittney's book brought back that memory.

Brittney: Glad I could help dad.

Vypra: Wow. That is an amazing story.

Lola: It sure is. Wow.

Lord Drakkon: We didn't know that happened to you.

Myotismon: Yeah that was amazing.

Me: It sure was.

Lincoln: What happened to the Argonautica?

Me: We moved it all the way to Lake Huron and made it a fishing cruise ship.

I showed a screen and it showed the Argonautica on the lake and it was a great fishing cruise ship now.

Laney: Wow! That would sound like a fun cruise ship.

Me: Yep and the owner of the ship is a good friend too.

Lana: Wow!

Lily: We'll have to see the ship someday.

Lola: Yep.

Me: You will and it will be fun. And with us watching the ships and planes are now safer.

Nico: Thank goodness.

We had a great meal and then we got to work for a mission.

Poliwag: Is there any available mission for us at the moment?

Laney: So far things have been quiet.

Then the alarm sounded.

Me: Uh oh.

We went to the computer and saw that it was a distress call coming from Easter Island off the coast of Chile.

Me: From Easter Island? Wow! That's a first.

Vince: I remember going to Easter Island. It was amazing seeing it on our worldwide adventure.

Syd Chang: The Moai there are amazing.

Jessie K.: They sure are. They were built 1600 to 500 years ago. They are amazing and very well made.

Laney: And they look like statues of humans from another planet.

Me: They sure do.

Shiv: Guess we're going to Easter Island then.

Me: Yep. Lets head out everyone!

King Cosmos: This is gonna be so fun to see you all in action!

Queen Galaxia: We can't wait to have an awesome adventure.

Me: You picked the right day for it your majesty. Lets head out!

We were off to Easter Island.

EASTER ISLAND, CHILE

We arrived at Easter Island in Chile.

Me: Here we are guys. Easter Island.

Vypra: Wow. The Moai are amazing.

Nico: They sure are. I've read a lot about them and they are amazing statues.

Lyra: They sure are.

Nico: Yep.

We then saw a bunny with a shirt and vest on and it was E.B. or Easter Bunny.

Horsea: (to E.B.) Hello, little bunny. My boyfriend actually dressed up as you!

E.B.: Oh! Hello there.

We gasped.

E.B.: Wow! Team Loud Phoenix Storm! It's an honor to meet you all.

Fluttershy: Well hello there little one.

Me: It's a pleasure to meet you.

E.B.: My name is E.B. It's short for Easter Bunny.

Me: Pleasure. We got your distress signal. Is everything all right?

?: No it isn't.

We saw a man named Fred.

Fred O'Hare: My name is Fred O'Hare. It's an honor to meet you all Team Loud Phoenix Storm.

Me: Same to you Fred. It's a pleasure to meet you.

We shook hands.

Fred: We're glad you all came.

E.B.: Yeah we need your help.

Fred: (sees the Masters of Evil) Aren't you guys villains?

Snake: You could say that.

Fred: (takes out cell phone): You know I have to call the cops now, right?

Snake: Go on and call them, dude. But it's not gonna end very well.

Me: Calm down guys. Fred there's no need for that and it's their day off today.

Fred: Wait are they the Masters of Evil?

Me: That's right.

Vypra: We are off today because it's Easter and it's a perfect day to spend with our friends/enemies or frenemies.

Me: We agreed to have them spend the 9 major holidays with us. Easter of one of them.

Fred: Oh I see. I'm sorry I thought they were villains.

Me: Anti-villains is the much better term. The Battle with Thanos disbanded the Legion of Doom and the Masters of Evil took their place.

Fred: Oh man.

Me: Yeah. It was a really devastating battle.

Fred: Why don't you come inside my house?

Poromon: Okay. You can explain everything there.

Me: Lead the way Fred.

We went to Fred's house and we were introduced to his mother and father and sisters, Bonnie, Henry, Samantha and Alexandra.

Me: It's a pleasure to meet you all.

Henry O'Hare: Same to you J.D.

Samantha O'Hare: We love all your adventures and they are so awesome.

Nico: We get that all the time and it's awesome.

Laney: It's a great adventure every time.

Alexandra: We can see that.

Firefly: So, I take it you need us to help you guys take care of an enemy of yours?

Fred O'Hare: That's right. His name is Carlos.

E.B.: He is a nasty chick.

Me: You got to be kidding me. A chick? You mean like a chicken chick?

Fred: Yeah he is bad news.

Fred told us all about him and his history.

---

Carlos is the former leader of the Easter Chicks and the main antagonist of the Illumination's 2nd feature film Hop.

He is E.B. and Fred O'Hare's arch-enemy. He is a chick who served as the second-in-command to The Easter Bunny Mr. Bunny, until he attempted to overthrow him.

He was voiced by Hank Azaria, who also played Gargamel in The Smurfs and The Smurfs 2, and Kahmunrah in 20th Century Fox's Night at the Museum: Battle of the Smithsonian.

Carlos first appears at the start of the film in the Easter Factory, scolding and scaring E.B. for eating marshmallow chicks coming out of one of the factory's machines. Luckily, E.B.'s father and Carlos' boss Mr. Bunny arrives and tells Carlos that E.B. was just taste-testing the marshmallows chicks. Mr. Bunny tastes them and tells Carlos that there's too much marsh and not enough mallow. Carlos passes this information to his lieutenant Phil, but is annoyed at him for dancing on the job. As E.B. leaves to continue his tour of the Easter Factory, he bids farewell to Carlos, who sarcastically tells him to enjoy his life of privilege and gives E.B. and Mr. Bunny a look of annoyance as they walk away.

Twenty years later, after E.B. runs away from Easter Island on the night of his coronation as the next Easter Bunny to go to Hollywood to be a drummer, Carlos (having grown tired of being second-in-command) tries hinting to Mr. Bunny that he should be his successor (such as hopping (which causes him to run out of breath) and putting on fake rabbit ears). However, Mr. Bunny fails to understand these hints and believes that Carlos is merely trying to cheer him up. Annoyed, Carlos later declares to the other chicks his plan to overthrow Mr. Bunny and become the new ruler of Easter.

After E.B.'s human friend Fred is brought to Easter Island by the Easter Bunny's Royal Guard The Pink Berets (who had been sent out to find E.B.) after he supposedly "killed" E.B. (though it was really a turkey) and is held captive and confronted by Mr. Bunny and Carlos about killing E.B. Carlos pretends to be upset about E.B.'s death, silences Fred (who tries to reveal the truth of the decoy) and seizes control of the Easter factory and imprisons the factory's rabbit workers. Mr. Bunny orders The Pink Berets to seize Carlos, but the chick fights back by immobilizing the Pink Berets in chocolate. He then had Mr. Bunny and Fred tied in black licorice and placed above a vat of boiling liquid candy to be submerged in. He then declares plans to give the children of the world seeds, dried crickets and worms instead of chocolate and candy.

Luckily, E.B. arrives and confronts Carlos, but is immobilized in gummy candy and tossed into the chocolate bunny carving line. Fred and Mr. Bunny manage to free themselves by eating away the licorice and E.B. survives by dodging the blades.

Carlos, now a chick-bunny hybrid due to the magic of The Egg of Destiny (a magical staff used by The Easter Bunny), engages battle with E.B. and defeats him easily due to his increased size. Carlos then tells E.B. by saying that Mr. Bunny was a fool into thinking that he could ever amount to anything. He then tries to lead the Egg Sleigh (the sleigh used by The Easter Bunny to travel the world to deliver eggs and candy) out with Phil directing with light up wands. To stop the launch, E.B., knowing that Phil loves dancing, improvises a drum session. Uncontrollably driven to dance to the beat, Phil provides the wrong signals, causing a crash and Carlos is subdued and drops the Egg of Destiny, which is then claimed by E.B. After being defeated, Carlos is made to pull the Egg sleigh (now ridden by the new Co-Easter Bunnies E.B. and Fred) and Phil is made the new head of the Easter Chicks.

---

When he was done we gasped.

Me: Oh man! This guy IS bad news.

Nico: No kidding! That chick is a Rotten Egg! Pun intended.

Fred O'Hare: Yeah he is.

Luan: (Laughs) Good one Nico.

Eddy: (Laughs) That was a good one!

Queen Nova: (Laughs) That was a funny one.

Me: That was funny but yeah Carlos is one rotten egg.

Stewie: You've gotta be kidding me. Carlos wants to replace candy with seeds, dried crickets, and worms?!

Lana: YUMMY!

Manaphy: YUCKY!

Me: YUCK!

Nico: That is disgusting!

Me: That is more disgusting than when Peter ate half a fudgesicle in one bite.

Brian: Uh we don't do cutaways anymore J.D.

Me: I know but you guys did it all the time so you got me into it.

Brian: Yeah they are funny though.

Me: Yeah. But I would not eat bird seed, crickets or worms even if you paid me or held a gun to my head and threaten to blow my brains out. No offense Timon, Pumbaa, Arpeggio, Rev, guys,

Timon: None taken.

Pumbaa: Yeah we understand.

Rev: Yeah.

Electro: (to E.B.) You don't think Carlos knows where you are right now, do you?

Scorpion: If that's the case, he's probably going to send his minions to get rid of you.

Me: Then we need to be ready for them.

Nico: Yep. But we're going to spare his lackey Phil.

Me: Yep. In fact we need to strike before he comes after EB.

Varie: Good plan. But we need to set up some kind of trap.

Me: I have a feeling he has something diabolical going on. Lets get ready to take him down.

Samantha: Let me go with you guys.

Fred: Samantha, no. You need to stay here where it's safe.

Robo Blaze: Hate to break it to you. But if Carlos succeeds in his plan, there's not going to be a safe place anywhere.

Me: Yeah Samantha it's too dangerous.

Samantha: Fred is my brother and I want to always be there to help him out. Let me show you something first.

We went to Samantha's room and in her closet we saw a shrine that was dedicated to all our adventures.

Me: Wow! You have a shrine in your closet?

Nico: And it has photos of all of our adventures from over the course of 4 years and even before the team started.

Samantha: I know. I love you guys so much. I'm one of your biggest supporters and love all of your adventures.

Me: We are truly honored that you have that much support in all of us.

Varie: Yeah we sure are and that means a lot to us.

Vypra: It sure does.

Me: But if you are wanting to go with us we'll gladly give you a shot.

Samantha: Thank you guys!

She got a sword ready and it was not just any sword. It was a HELLBLADE!

Hunter gasped when he saw that sword!

Hunter: (German Accent) Where did you get that sword?

Samantha: I destroyed a creature that was about to hurt some kids.

Hunter: That's a Hellblade! It's a powerful sword.

Me: They are from the Bloodletters of Warhammer 40,000.

I went over what they were.

---

A Hellblade is a powerful Daemon Weapon in the form of a great two-handed sword that is usually wielded by a Bloodletter, the

Lesser Daemon of Khorne.

Some tales claim that each razored edge is sharpened by pure hatred. No mortal-forged armour can withstand the assault of a Hellblade, and the carnage wrought by these wicked weapons has broken the wills of uncounted mortal foes over the millennia.

Weapons of Khorne like a Hellblade are etched with burning runes of slaughter, and each screams with the power of the daemon bound inside it.

Hellblades are carried by the core of Khorne's daemonic soldiery - his Bloodletters and many of his Heralds.

Jagged iron swords whose blackened blades glow with the red-hot Warp energies of Khorne's domain in the Realm of Chaos, each of these weapons is formed from its wielder's own essence, though some legends claim that the soul of another angry daemon forms the core of the Hellblade.

In either case, it can never be discarded nor torn from the daemon's grasp.

A mere flesh wound from a Hellblade can slay even the most resilient of mortals, as the sword drains their soul and bleeds their corpse dry. Every life taken in such a way fuels the bearer's power and rage, and, having gorged itself on slaughter, a carrier of a Hellblade is even more terrifying at a battle's close than its start.

Be that as it may, there is never enough carnage to sate the appetite of a daemon of Khorne, nor that of the god they worship or the blade they wield.

Nico: Whoa man!

Laney: That is a deadly sword.

Lola: To wield a powerful blade and take down a powerful monster like a Bloodletter takes a lot of guts and strength.

Me: How did you manage to take a powerful monster down?

Samantha: I did this.

She held out her hand and a blast of fire was shot from her hand and it hit a picture of a bully kid she hates and incinerated it!

Me: WHOA! You have Hellfire powers.

Samantha: I sure do. I got them from PILIRIN

Brittney: That's the Aboriginal God of Fire.

Samantha: Yes. It's how I can wield a powerful sword like a Hellblade.

Me: That's incredible.

Samantha: Dad I didn't want to tell you because I was afraid.

Henry O'Hare: I understand sweetie. But we are all so proud of you.

Me: You have been given a great gift Samantha and you have been chosen to do the world a great service. With Great Power Comes Great Responsibility.

Nico: That's right and you can help us in many great ways.

Vypra: That's right.

Samantha: Wow. I won't let you all down.

Me: We know you won't. Lets roll!

We went back to Easter Island.

Carlos was about to boil E.B.'s dad alive and our plan was to bust in after he tries to Negotiate with him.

E.B.: Carlos, let my dad go. Take me instead!

Carlos: (laughs) Oh, EB. You should know that your new Team Loud Phoenix Storm friends don't do negotiations with me and my fellow villains. You have much to learn if you want to join their ranks! Too bad that moment will never come! (pushes button)

Maria: You're right about one thing, Carlos. Most of the time, we don't negotiate with villains like you

Carlos: Oh right.

Carlos: That can be arranged.

Me: Not before we take you down!

In the forests of Poland we were there to investigate the sightings of 3 legendary Pokemon. We were there to see if the sightings were true.

Me: Boy these forests are amazing.

Zhalia: They sure are. I always like coming here.

Olga: Me too. They are so beautiful.

Laney: They sure are.

Then we saw 3 figures come out and they were an Uxie, Mesprit and an Azelf.

Me: Wow! An Uxie, Mesprit and an Azelf.

Lana: The 3 legendary Pokemon.

Uxie: It's an honor to meet you Team Loud Phoenix Storm.

Me: Whoa!

Nico: You all can talk.

Me: Wait a second. We haven't seen this in a while. You girls were turned into Pokemon weren't you.

Mesprit: That's right. How did you know?

Me: We've had this happen to us many times in the past. We met many people that were turned into Pokemon because of the Villain Pokemon Teams.

Uxie: Oh man! That's awful! We are the Logan sisters. I'm Elaine.

Mesprit: I'm Kathleen.

Azelf: And I'm Kaitlyn.

Me: Pleasure to meet you. Lets get you all back to human form.

Elaine: I'm scared! I don't want to lose my human mind. I'm not a Uxie. I'm a human being!

Me: Don't worry girls we will get your humanity back.

Nico: If you all can still talk that means your humanity is never gone completely.

Carolyn Hope: That's right. You aren't the only one that was turned into a Pokemon.

Julie Tancheno: That's right. Lots of us were Pokemon.

Kairi: We sure were.

Me: And I can turn into a Rapidash.

Kathleen: Wow! That's cool!

Me: Yep. This is gonna hurt though and you all will be naked when you revert back.

Kaitlyn: I just want to be human again.

Me: I know and you will have your powers that you got as Pokemon.

Elaine: Cool!

Me: Lets do it. Fashion squad get ready. Boys cover your eyes.

They did so and I pulled out my blind man sunglasses.

Me: Here we go. (Snaps fingers)

I put the glasses on and the three girls reverted back and they were in a lot of pain. They gained their arms and legs and Elaine had blonde hair, Kathleen had pink hair and Kaitlyn had blue hair. Varie, Maria, Teresa, Rarity and Leni made them awesome clothes and put them on them. When they were done changing back they had the clothes on.

Elaine: Oh man! That was bad. (Sees her clothes) What the? Wow! I have awesome clothes on.

Kathleen: Me too.

Kaitlyn: Yeah we do and we're human again! Wow!

I formed a mirror and they saw themselves and they gasped.

Elaine: Wow! I look awesome! And we're human again!

Kaitlyn: YEAH! This is awesome!

We uncovered our eyes.

Kathleen: Yeah! Thanks guys. We owe you all one.

Nico: You're welcome girls.

Then we heard a loud screech.

We looked up and saw an Articuno.

Eli: Wow! An Articuno.

It landed and we saw that it was a Galarian Articuno!

Me: Wow! It's a Galarian Articuno.

Nico: Wow! That's the last of the Galarian Legendary Birds.

Eli: So cool. I'm going to catch it.

Eli threw a Pokeball and he caught it and it was so cool!

The girls joined us after that.

April 6th

Nico, Spiderman, Shocker, Rhino, Doc Ock, Scorpion, and Mysterio were going to bring the evil crime lord Wilson Fisk A.K.A. KINGPIN to justice.

**Wilson Fisk**, better known as the **Kingpin**, is a major antagonist in *Marvel's Spider-Man* and a minor antagonist in its spin-off *Marvel's Spider-Man: Miles Morales* .

A long-time adversary of Spider-Man, he is a notorious crime boss who controls most of organized crime in New York City. He is finally defeated and taken into custody by Spidey after years of unpunished crime, but his exit from the criminal underworld ultimately leads to other criminals, like Mister Negative and Doctor Octopus, and gangs, like the Inner Demons, to rise up and threaten the city, giving Spider-Man much more job to do.

He was voiced by Travis Willingham.

Early life

Wilson Fisk was born around the year 1970. At an unknown point, he started a spice business, where he made his fortune. By 2010, he had become one of the most powerful crime bosses in New York City, secretly controlling the city's organized crime families as the feared Kingpin. As part of his criminal empire, Fisk used several warehouses throughout the city to house resources and men, while operating out of Fisk Tower. Publicly, he posed as a wealthy philanthropist and legitimate businessman.

At an unknown time, Fisk was approached by Norman Osborn to construct a facility for Project GR-27's production. Fisk agreed to build the facility, but at an unknown point learned about the nature of GR-27. Referring to the serum as "Pandora's box", Fisk kept a file on his discoveries hidden in a Nioh statue, likely to blackmail Osborn should the mayor ever threaten his position.

Somewhere around 2010, Fisk, at the age of 40, learned that one of his enforcers was taken out and arrested by the wise-cracking vigilante Spider-Man. Despite managing to get his enforcer out of prison via bail, Fisk knew that Spider-Man would be a threat to his operations and made it his mission to kill him. In their first fights, Fisk consistently defeated Spider-Man, keeping his criminal operations secret. As a result, Fisk remained in control of his empire until eight years later.

*Marvel's Spider-Man*

In 2018, after amassing enough evidence, Captain Yuriko Watanabe and the New York City Police Department eventually moved on Fisk Tower though he had his thugs engage in a public shoot-out with the police as means of distraction. During his attempt to escape, Fisk had his men attempt to erase all data of his criminal activity though this was stopped by Spider-Man whom he mocks and bombards with all of his might and men though it was not enough to stop Spider-Man.

Eventually, Spider-Man apprehends Kingpin and the police arrive to arrest him. As he is being taken away, Kingpin warns Spider-Man of the incoming power vacuum that will occur now that he has been arrested.

Though imprisoned, Fisk's absence began a string of events in New York City. The small-time criminals and drug-dealers he kept in check were free to sell their product without the fear of the Kingpin, bringing what Fisk predicted to Spider-Man come true. It also gave Martin Li the opportunity to seize all of Fisk's territory and ammunition, leading to the Inner Demons growing in power and boldness which peaked at the City Hall Bombing and gang war with Sable International. In turn, this allowed Doctor Octopus and the Sinister Six to rise up and threaten the city with the Devil's Breath.

Fisk did attempt to keep his criminal empire alive under the disguise of Consolidated Shipping, his legitimate construction company, by laundering his ammunition, funds and drugs. When Spider-Man was able to dismantle these bases, Fisk called him, unfettered and promised retribution.

*Marvel's Spider-Man: Miles Morales*

More than a year after the defeat of Doctor Octopus and the Sinister six, Fisk remains imprisoned during the Tinkerer's campaign against Roxxon Energy. In this time, Miles Morales, Peter Parker's superhero apprentice has taken over his role as the sole Spider-Man in New York City while Peter goes to Symkaria with Mary Jane.

It's revealed that since Fisk's imprisonment, Fisk Tower has fallen in decay and was scheduled to be demolished. The Tinkerer and The Underground took over the building as their hideout, even vandalizing a screen with Fisk's face on it to mock him, joking that they own the Kingpin now.

Even though he is still incarcerated at the Raft, Fisk attempted to take over Harlem anonymously from within his cell. To do this, he has a crew of his goons who weren't arrested following his imprisonment sabotage the Manhattan district itself in order for him to start rebuilding his criminal empire and reestablish his dominance over the city. He did this by having his men rob a bank to restore his finances, while he would anonymously have the city use eminent domestic power to shut down a barber shop and restaurant, shut down the F.E.A.S.T. center (using the latter tactic) within Harlem, and anonymously purchase the lands of the district itself once they were shut down.

Unfortunately, Miles foiled all of Fisk's attempts, and enraged by these failures, Fisk had his men guard the origins of his communications, believing that Spider-Man will come. Thanks to a lead on the location from street artist Hailey Cooper (who followed the criminals to their hideout unnoticed), Miles went to put an end to the conspiracy once and for all, taking out Fisk's men before heading to the basement of the building to shut down the comms connection. As Miles, with his best friend Ganke Lee's help, was breaking into the computer where the communications originated, Fisk himself appeared on video, and upon seeing Miles for the first time, was confused (as he originally believed it was the original Spider-Man who was ruining his plans; seemingly unaware of his absence), and would instantly view him as a young wannabe and pretender. As Ganke was working to shut down the connection, Miles stalled Fisk, telling him that he is done trying to take over his neighborhood. Unmoved by this, Fisk cryptically threatened him, stating he will learn that when anyone crosses him, then those they want to protect are the ones who will "suffer". Ganke then manages to break the connection, ending the video.

However, as Miles heads back to the C.J. Walker Park where he met up with Hailey, Ganke calls, revealing that Hailey informed him that Fisk's thugs are attacking the park. Miles arrives just in time, stopping the attack before someone gets killed. Hailey shows her gratitude to Miles before he leaves, while the police arrive to apprehend the assailants.

Upon being exposed as the mastermind of the Harlem conspiracy, Fisk's prison sentence was elongated, with new security measures added to ensure that he will never attempt to restore his control over New York City from within his cell ever again.

Nico: (to Spiderman) Spiderman, if you have any fat jokes you still want to say to Kingpin, say them during the fight. It's gonna be the last time you'll get the chance to do so.

Spiderman: Okay. I never liked Kingpin.

Nico: Me neither. Kingpin is a monster that deserves death. But Prison is better for him.

Shocker: I agree. He may be a crime lord but he does have Honor.

Mysterio: He sure does.

Kingpin was sitting in his office when Nico, Spiderman, and the Sinister Six came in.

Shocker: What's wrong, "Boss"? Writing your memoirs?

Spiderman: Don't forget the hyphen between "Spider" and "Man".

Kingpin: (to his henchmen) Get the chopper ready. I won't be long. (Gets up and cracks his knuckles)

Vulture: This is actually is a nice office.

Nico: Don't worry. Once you're in jail, we'll make good use of it!

Kingpin: We'll see about that.

He had a door close behind him and turrets appeared in the columns and Nico blasted them apart.

Nico: Turret pillars? Is that all you've got lardbreath?

Kingpin then smashed through the door and he was mad!

Kingpin: I WILL KILL YOU!

Nico then punched Kingpin in the face and knocked him down.

Nico: Come on Fisk! My mom hits better than you fatty!

Mysterio summoned Rock Troll Heartless Robots and they smashed and slashed him all over and Rhino, Doc Ock, Spiderman and Nico punched and pulverized him all over and knocked him out.

They had him arrested and carted off to prison.

Spiderman: Looks like you're finally off to prison huh? You know I think you've got more enemies in there than I do.

Nico: But you're finally getting what you deserve.

Kingpin: If you think this will be more than a minor inconvenience you are wrong.

Nico: At least Carnage and Green Goblin deserved worse than you do.

Doc Ock: That's right!

Shocker: And so did many more of Webhead's enemies like him.

Nico: That's right. They had no honor and they deserve only death. You don't because you have honor.

Kingpin: I'm the one who kept order in this city!

Nico: Bullshit! You made some of this city fall apart with your crime ring. You're going to prison for a long time. You should consider yourself lucky that we're sparing you from death.

Kingpin: One month! In one month you'll wish you had me back!

Nico: Don't count on it!

Nico snapped his fingers and he was sent to the Crematoria Prison. Kingpin was sentenced to spend the rest of his life there with absolutely no hope of parole.

POW!

A man went flying and crashed into a Gong and the man was none other than the evil archenemy of the famous 1980s hero and football star Flash Gordon, MING THE MERCILESS!

---

**Ming the Merciless**, also simply known as **Ming** or **Emperor Ming**, is the main antagonist of the *Flash Gordon* franchise.

He is the Emperor of Mongo and the archenemy of Flash Gordon. He is the blasphemous and tyrannical dictator of the planet, who is bent on the conquest of the planet Earth. When Flash Gordon and his companions, scientist Hans Zarkov and Dale Arden traveled to Mongo to prevent its collision with Earth, they were captured by Emperor Ming's forces. Soon, Emperor Ming's megalomaniacal views brought him in conflict with the earthlings. He has become a staple of the "Flash Gordon" mythos appearing in every incarnation.

In the 1980 *Flash Gordon* film, he was portrayed by the late Max von Sydow, who also played Joubert in *Six Days of the Condor*, Lamar

Burgess in *Minority Report*, Varden Reynard in *Rush Hour 3*, Ernst Stavro Blofeld in *Never Say Never Again* and Brewmeister Smith in *Strange Brew* .

## Comics

Ming the Merciless was introduced in the original 1934 run of the "Flash Gordon" comic strip written and drawn by the late Alex Raymond in the newspapers. He got introduced as just "The Emperor" and immediately expressed desire to marry Flash's female companion Dale Arden. He forced Gordon into slavery and later forced him to fight in the arena. His daughter by the name of Princess Aura fell in love with Flash Gordon and joined him in his fight against her father.

Eventually, Ming got overthrown by Flash and his allies during the ceremony of marriage. Prince Barin became Mongo's new ruler.

## Serials

When the comic strip got adapted in serial format for the cinema's in the 1936 serial *Flash Gordon*, the role of Ming the Merciless was played by the late Charles B. Middleton. He was characterized as ruthless and slightly based on the character of Dr. Fu Manchu. Middleton reprised the role in two sequel serials: " *Flash Gordon's Trip to Mars* " (1938) and " *Flash Gordon Conquers the Universe* " (1940). This interpretation of Ming became one of the most well-known in pop culture for years to come.

## 1979 TV series

In 1979, Filmation produced an *Flash Gordon* animated series based on the comic strip. Ming the Merciless' voice was provided by the famed voice actor Alan Oppenheimer. In the series, he was known as a brilliant scientist and ruthless warlord who had a robot army to his disposal. He would engage in personal combat more than Middleton's incarnation. He was dispised my most races on Mongo but exacted control over his subjects due to the hatred between those races.

## *Defenders of the Earth*

In the 1986 animated show *Defenders of the Earth*, a more unstable and green-skinned version of Ming the Merciless served as the main antagonist. He faced off with Flash Gordon, The Phantom, Mandrake the Magicia] and other Golden Age comic strip heroes who came together in the show and had an army of "Ice Robots". He was voiced by the lateRon Feinberg.

## 1980 Feature Film

In the 1980 *Flash Gordon* movie, Max von Sydow's portrayal of Ming left a deep impact on popular culture and is regarded as the most popular version of the character. Max von Sydow played him as a sociopath and megalomaniac while keeping the character courtly and elegant. Emperor Ming possessed a magical ring in the film with which he could force his will on others. He had an as close associate, his admiral, Klytus. He was also depicted as more sexual in nature.

At the end of the film, Ming appears to die after being impaled by a rocket ship but his laugh is heard just before the credits. The idea for a sequel was established but never produced.

Max von Sydow's portrayal of Emperor Ming has become a beloved and well-recognized one.

## *Flash Gordon: The Animated Series*

In 1996, *Flash Gordon: The Animated Series* It depicted Flash and Dale as teenagers in a more futuristic setting. In this version, Ming was more reptilian and monstrous with an army of Lizard Men.

This depiction of Ming was also the widower of a deceased wife.

## 2007 TV series

In 2007, a twenty-one episode V series live action television series] was produced for the SyFy Channel, loosely based on the comic strip of the same name. The series followed "Steven Gordon" and his scientist companion Dr. Hans Zarkov, who discovers the existence of Mongo and its dictator Ming, in this series a white, brown-haired male who controls his subjects over holding the only clean water supply.

Ming was portrayed by John Ralston.

Legacy

Ming the Merciless is regarded as one of the classic comic strip villains. He has also become a famous wicked archetype. In the past, there have been claims of racism due to Ming's obvious Asian influence but the Flash Gordon series and its main villain have stayed popular since 1934.

Ming the Merciless was parodied in the British satire program "Big Train" in 1998 and later in the 2012 comedy film *Ted* (when Sam J. Jones was with high and started to hallucinate that Ted's Chinese neighbor Quan Ming was Ming the Merciless).

A photo of Ming features in the first episode of season 3 of the 1990s Irish comedy series *Father Ted* . Ming's appearance is in a slideshow run by Ted at Craggy Island's pub, to prove that he is not a racist (Ming is often thought of as a negative portrayal of Chinese people, as the episode, entitled *Are You Right There, Father Ted?*, centered around Ted accidentally being racist towards Craggy Island's Chinese community).

In LEGO Minifigures series 13, the Evil Wizard is modeled after Ming.

Eli was facing him.

Ming: Wait! I can give you everything you need!

Eli: I don't need ANYTHING from you!

He fired an energy blast and obliterated him in an instant.

Eli: The only place you need to go to is Hell.

KROW!

Brittney punched Yami Marik who was brought back for revenge.

Maria used her water powers to separate the good Marik from Yami Marik.

Maria: You okay, Marik?

Marik: (exasperated) I have been in my evil self. For almost three years!

Me: 2 years and 7 Months. I think.

Evil Marik: I will kill you all!

Me: I would like to see you try you bastard!

He went at me roaring at the top of his lungs and he swung at me and Tea grabbed the Millennium Rod and pulled it out of his hand and kicked him in the neck and he was choking and coughing up blood.

Brittney: You have tormented Marik for the last time! (Holds hand up to him) HAKAI!

Brittney obliterated him from existence forever!

Me: Enjoy the terror of the Warp.

Marik: Thank you all so much for saving me.

He gave Eli the Millennium Rod.

Marik: I have a lot to atone for.

Me: And we can help you get redemption.

In the Bering Sea, I was flying over the extreme cold and brutal temperatures of the blizzards.

?: (On the Radio) Mayday mayday. Harbinger Down.

Me: Uh oh.

I looked around and saw a girl laying on the ice and she was exhausted from extreme cold.

Me: Oh man.

I picked her up.

Me: You're gonna be all right. Oh man. Something must've happened to her that caused her to be out her on her own.

I took her back to the World Tree Estate.

In the infirmary she woke up. She saw me.

Me: Are you all right?

Sadie: (Groans) I think so.

Me: I found you on a piece of ice and received your mayday.

Sadie: Where am I?

Me: You're in our infirmary at the World Tree Estate of Team Loud Phoenix Storm. You were half frozen when I found you. I started the fireplace for you in here.

I showed her the fireplace.

Me: What's your name?

Sadie: Sadie. It's an honor to meet you J.D.

Me: Same here Sadie. What happened?

Sadie: It was awful.

Me: Take your time.

She went over everything and it was a nightmare.

---

In 1982, a Soviet moon lander crashes into the Bering Sea. In 2021, two biology graduate students, Ronelle and Sadie join their professor, Stephen, on an experimental tour to study the effects of global warming on whales. Sadie's grandfather, Graff, takes them to sea in his commercial fishing trawler, *Harbinger*, which is crewed by Bowman, Roland, Big G, Dock, Svetlana and Atka. Sadie declines when Graff encourages her to helm the boat as she has lost her nerve since losing her father at sea. After meeting the crew, Sadie, Ronelle and Stephen go to sleep.

That night, Sadie wakes as the crew catch a load of fish. Detecting that there is whale activity in the area, Sadie unsuccessfully attempts to wake the others, then investigates on her own. With sonar equipment she finds something large under the ice. The crew help to recover what proves to be the crashed Soviet lander, now frozen in ice. Ronelle and Stephen are awakened by the commotion and Stephen excitedly claims ownership of the lander. Graff disputes his claim and says the Russians will want their ship back. Sadie points out that the object was the property of the now-nonexistent Soviet Union, therefore maritime salvage law would give them the rights to it. Graff infuriates Stephen further by declaring that it belongs to Sadie. Ronelle tries to contact her sister Tamara to tell her about what they found to no avail.

Bowman encourages Sadie to investigate the moon lander before Stephen can find a way to claim it for himself. Bowman recruits Big G to distract Stephen while Sadie sneaks off. Sadie discovers that the Soviet cosmonaut died of an unknown infection and takes a skin sample to analyze. Stephen becomes further frustrated when he learns she has examined the spacecraft before him. He threatens to destroy her career unless she signs over the discovery to him. Graff threatens to take the issue to the courts but Sadie gives in. Meanwhile, Sadie learns that the moon lander was carrying tardigrades, a hardy terrestrial life-form that can survive in extreme conditions. However, cosmic radiation has caused them to mutate and become capable of shapeshifting.

When the cosmonaut's body goes missing, Stephen accuses Sadie of moving or hiding it. She denies this and Bowman defends her. When Stephen becomes belligerent, Graff threatens him. While examining the lander, Stephen becomes contaminated with the mutated tardigrades, and the cosmonaut's body kills Roland. Sadie finds Stephen on deck complaining that he can't breathe and sees him stripping his clothes off despite the sub-zero temperatures. The others drag him back in, after which several stalks sprout from his back and spray the area with a strange, dark liquid. Dock is sprayed in his mouth but Sadie confirms that they are all potentially contaminated. They make the liquid nitrogen portable by putting it into a scuba tank and proceed to freeze Stephen's body and the lander.

When Dock begins to show signs of infection Svetlana locks him in a cage above deck in order to incinerate him using a flare gun. The others object to the plan until Dock also sprouts tentacle-like growths. The tardigrades cut the ship's power, demonstrating high intelligence, but the backup battery kicks in. As they work to restore it, the organism kills Atka, during which Svetlana is revealed to be a Russian spy. Holding Sadie, Bowman, Big G, Ronelle and Graff hostage, she explains that the tardigrades were part of a Soviet experiment to create radiation-resistant cosmonauts. She does not want to reclaim the Soviet moon lander but instead intends to sink the boat after being picked up by a nearby Russian submarine. Before she can kill her hostages, however, the organism attacks, causing Svetlana to lose her gun. Ronelle picks up the gun, but is grabbed by the creature and pulled through a small pipe. When Svetlana tries to reason with the others, she too is grabbed by the creature and dragged off.

The survivors Graff, Sadie, Bowman and Big G search for several explosive charges that Svetlana has hidden throughout the boat. The last four are hidden in the bilge, a tight area which only Sadie has access to. As she collects the explosives, the others discover that the tardigrades have consumed and absorbed their latest catch, two tons of crab. As they call down to warn Sadie, she realizes she is standing amid the tardigrades. Although she escapes, Graff is infected. He instructs Big G to restart the boat and Sadie to pilot it before asking Bowman to kill him.

Big G restarts the ship but dies after battling Svetlana's shape-shifted and mutated body. Before Bowman can freeze Graff with the liquid nitrogen, Bowman is impaled by the creature. Graff, fighting the creature, instructs Sadie to scuttle the boat and save herself. She steers it toward an iceberg and escapes just as the creature bursts through the deck. Via the portable radio, the US Coast Guard alerts her that a rescue helicopter is in her vicinity. The helicopter can be heard approaching as Sadie lies motionless on the ice.

---

I gasped in shock and horror!

Me: Oh man. That's horrible! And I thought having to deal with the Thing was awful. Tardigrades that were mutated by Cosmic Radiation and having the ability to shapeshift? That's a nightmare on a whole new level.

Sadie: (Crying) It was! I lost everyone!

I went over and comforted her.

Me: Sadie it's not your fault.

Sadie: (Crying) They died and I lived!

Me: (In my head) Survivors guilt. Poor girl. She is completely traumatized. Just like Kate. (Out loud) Sadie it's not your fault. It was all a Cold War Experiment that went totally wrong. Those damn Soviet Union Assholes! They were REALLY playing with fire and it would've destroyed the planet had you not stopped it. You're a hero.

Sadie: (Crying) It's all my fault!

I hugged her and comforted her.

Me: It's all right Sadie. It's all right.

Seeing her cry made my heart hurt.

I then told everyone what happened.

Nico: That's horrifying!

Varie: What the Hell was Russia thinking!?

Zarya (Overwatch): (Russian Accent) I've heard about this experiment comrades. It was called Operation Cosmic Immunity. It was to test if we can be made immune to radiation in space.

Andropov: (Russian Accent) But it did not work at all. That experiment was a failure.

Me: I can tell. Cosmic Radiation is totally dangerous and carries unpredictable effects. Look how it affected me, Vince, Carol and the Fantastic 4 and the U-Foes.

Nico: No kidding! That's awful!

Shanan: Yeah no kidding. And Tardigrades are the longest living creatures ever known. They have lived on Earth as for over 541 million years.

Me: I know. Practically as long as all life has been around. But right now we need to help Sadie get better.

Kate Lloyd: She and I have so much in common. We both went through very traumatic experiences. I can help her get through this.

Varie: Okay.

BLAM!

Hunter punched a man in the face and sent him crashing into the wall. That man was GENERAL BOB of the Dragonoids.

Hunter: (German Accent) You Dragonoids are monsters and we won't allow you to torment our world!

General Bob: The world is NEVER GONNA BE YOURS!

Hunter fired a wave of energy and obliterated him in an instant. He was also banished to the Warp.

Hunter: Auf wiedersehen dorftrottel.

At the World Tree Estate, Me, Nico and Zarya were showing the Supreme Kai and Kibito the vault.

Me: Thank you for coming Supreme Kai.

Supreme Kai: You're welcome J.D. I heard that you all found the ball that holds Majin Buu.

Me: We sure did. We found him in a concentration camp in Russia and we put it in the vault for safety to make sure it never gets opened and all that.

Kibito: It's good you did.

We showed him the ball and it was in a powerful cube box.

Supreme Kai: That's the ball of Majin Buu all right. Good job guys.

Nico: I was shocked to see that you all found it.

Zarya: We all were. And thank goodness we found it before Babidi did.

Me: Yeah. But if Babidi comes we will be ready for him.

Zarya: Yep.

---

Later we were over in Jersey City, New Jersey.

Blizzard Man: Welcome to Jersey City, guys.

Twilight Sparkle: Wow!

Coop: Home sweet home.

Nico: Feels like we were here yesterday.

Lola: Yeah.

Nico: Yep. And the food is awesome.

Carly Atlas: It sure is.

Elaine Logan: It sure is cool.

Lana: Yep.

Kathleen Logan: I can't wait to see the sights.

Sunset Shimmer: I remember seeing Megas. He is huge.

Lola: He sure is and you would love what he can do.

Princess Celestia: I have a feeling this Megas will be helpful in the war tomorrow.

Me: He sure will.

We arrived at Coop's house.

Coop: Here we are guys.

Rarity: Your house is awesome Coop.

Coop: Thanks Rarity. It's home.

We went downstairs and we saw Coop's games.

Georgina: This is Coop's video game collection.

Sunset Shimmer: Wow! Coop your selection of games is awesome!

Coop: I'm a video gaming master. But I will never be just as good as Nicole is.

Nicole: But I am more than happy to give you all some pointers.

Rainbow Dash: But these games are all awesome!

Snowdrop: They sure are.

Gari: Yeah they are!

Me: They sure are. And he has video games we don't make anymore.

Lily: But they are all still awesome.

Laney: Yeah they are. I've never been a video game lover. I like reading books.

Me: That's all right.

We later went outside and we saw Megas.

Triggerhappy: And this is Megas.

They were amazed.

Me: Pretty sweet robot huh?

Twilight Sparkle: It's so cool!

Rarity: A most amazing robot!

Rainbow Dash: AWESOME!

Fluttershy: He's really cool.

Me: Believe or not, Coop found it in the junkyard. It came here from the year 3037. He was to be used as the ultimate decisive factor against the evil forces of the malevolent Glorft. They are aliens that were going to destroy everything.

Kiva: Yeah and I was sent back to help with Coop and Jamie.

Me: Yep. And we helped them destroy the Glorft once and for all.

Nico: That was epic.

Twilight Sparkle: That is so cool!

G1 Chase: How about we use Megas to single-handedly kill Chrysalis and her forces? It'll save us a lot of trouble.

Coop: I was just about to suggest that.

Me: Good thinking Chase.

G1 Chase: Thanks.

Me: Megas will be perfect for helping us in the war.

Nico: I also sent a message to King Kai to have King Vegeta and my people come and help us out.

Goku: And to have Pikkon and everyone I know in Otherworld to help too.

Lana: Cool!

Hunter: Wunderbar!

Me: We're gonna need all the help we can get if we want to be rid of Equestria's most dangerous enemies.

Nico: You got that right.

* * *

Later we were back at the World Tree Estate and getting ready.

Octopunch: We've gotta recruit some more allies before the war starts. That'll catch Chrysalis off guard.

Me: Good idea. And I know just who to start with.

Nico: Who is that?

Me: We're gonna go to the world where Nami, Nico Robin, Monet, Luca, Mero and Seira came from.

Nico: Awesome! Where is that world at?

Me: It's located in the Triangulum Galaxy.

Eli: Looks like we're in for an awesome pirate and Swashbuckling Adventure.

Nami: We sure are and it will be so good to go back home.

Me: It sure will.

Femme Fatale, Weather Wizard, Abis Mal KGBeast, Avalanche, Kitty, Atomic Skull and Professor XXXL then came.

Femme Fatale: Can me, Weather Wizard, Abis Mal, KGBeast, Avalanche, Kitty, Atomic Skull, and Professor XXXL go with you all?

Me: You all sure can. We're gonna need all the help we can get. At 9:00 tomorrow morning, all hell is gonna break loose.

Nico: Yep. We have 24 hours till doomsday.

Me: I already got the emergency message out to everyone.

* * *

I appeared on the Emergency Broadcast Network.

Me: Attention Citizens of Earth. This is a Code ΣΔΞΩ Emergency Message from J.D. Knudson of Team Loud Phoenix Storm. Tomorrow morning at 9:00 we're going into war.

All the citizens gasped in concern.

Me: We have declared war on 23 of Equestria's most dangerous enemies. These are there pictures.

I pulled up an image montage of them: Queen Chrysalis, Evil Cozy Glow, Lord Tirek, Nightmare Moon, Mane-iac, Daybreaker, Rabia, The Evil Dazzlings, Midnight Sparkle, The Diamond Dogs, The Mean 6, The Storm King, Demon Shimmer, Pony of Shadows, Evil Starlight Glimmer and Abacus Cinch.

Me: They are known as the Doomsday 23 and their goal is to destroy all of Equestria and Earth and they made it extremely clear that if they couldn't have Equestria then no one would. They plan to do the same to Earth as well. Laney had a dream about this and warned us about it. We are going into war on April 12th tomorrow morning and we are going to make sure they don't take our planet. This could very well be the mother of all battles. We need all your support and your prayers that we will succeed and stop them.

Everyone cheered.

FLASHBACK ENDS.

Nico: Wow.

Me: Yep. The word is out. Now we have to get ready for war. Lets head out. Lisa load up the TLPS Phoenix Maelstrom and deploy the U.S.S. Valorous Phoenix.

Lisa Loud: Affirmative!

The ship was loaded onto the U.S.S. Valorous Phoenix and we were off to the world Nami and friends came from.

---

The U.S.S. Valorous Phoenix was flying through space.

Me: Captain's Log, Stardate 2922.5: We are en route to the planet Piratus in the Triangulum Galaxy 2.73 million light-years away from Earth. This is gonna be an amazing and awesome swashbuckling adventure as we meet Luffy and the Straw Hat Pirates. We were told so much about them from Nami, Nico and Monet and they are great at what they do. Our mission is to help them on one of their awesome adventures.

Laney: This is gonna be so awesome meeting Luffy and crew.

Nico Robin: You guys will love meeting them.

Nami: They are awesome and they are great pirates.

Monet: And they do so many awesome adventures.

Me: We'll have to hear all about when we get there.

Lola: Yeah this is gonna be so cool!

Lana: It sure is!

Lisa Loud: We have arrived at our destination.

Me: On screen.

The screen came on and it showed that the planet Piratus was an island planet with lots of islands and had a huge line continent over half the ocean.

Me: Wow. So this is the planet Piratus.

Nico: It's beautiful. Look at all the islands.

Lynn: So many of them.

Me: Lets land.

We landed in the oceans and the TLPS Phoenix Maelstrom was deployed. We were off and we were sailing on the oceans.

Me: Wow! It's beautiful!

Lola: Yeah!

Nami: It feels great!

Lync: (to Nami) Does it feel good to be home?

Nami: It sure does. I missed going on the ocean.

Applejack: (VOMITS)

Laney: Oh man!

Laney pulled out some anti-seasickness medicine and gave it to her.

Applejack: Thanks Laney.

Nami: Sorry I should've warned you about the world being an ocean mostly.

Applejack: (Drinks medicine) That's all right.

Me: But this is amazing.

Jack Sparrow: A perfect pirates paradise.

Lana: It sure is!

Alexandra Kemphur: I like it. I think this is so cool!

Me: It's a perfect treasure hunting paradise.

Kairi: But it's beautiful.

Nico: It sure is.

Laney: Captain, Ship off the Port Bow!

Me: I see it!

We looked at it and saw that it was the ship of the Straw Hat Pirates.

Me: That's Luffy's ship all right.

Nico: It sure is. Very unmistakable.

We pulled up to it and had the ship in our holders and went on board and we saw Captain Monkey D. Luffy.

Kitty: (to Luffy) Are you Luffy?

Luffy: That's right. Captain Monkey D. Luffy at your service. (Sees us) Wow! Team Loud Phoenix Storm!

Me: It's a pleasure to meet you Luffy. Nico, Nami and Monet told us so much about you and all your adventures. It's an honor.

Luffy: It's an honor.

Nami: Luffy!

Nico: Luffy!

Monet: Hey Luffy!

They hugged him.

Nami: We missed you!

Luffy: We missed you too! We all thought something happened to you.

Zoro: Thank goodness you're all okay.

Sanji: We are forever grateful that you took care of them.

Usopp: Same here.

Brook: Yeah we owe you one.

Vivi: Same here.

Me: But it's an honor to meet you all.

Piccolo: You know Zoro, you and I sound the same in voice.

Zoro: We sure do.

Krillin: And we sound alike too Usopp.

Usopp: We sure do.

Sanji: Same with me and you Trunks.

Trunks: Yeah no kidding!

Me: Nami, Nico Robin and Monet did so much with us.

Slugfest: Nami and Nico Robin have been a great help to us on our adventures.

Me: They sure have. Same with Monet. Ever since we saved them from quicksand in Colombia.

Nico Robin: And J.D. gave me the ability to use my Wing abilities permanently.

Luffy: That's amazing!

Zoro: It sure is. Awesome.

Me: Also Luffy we're so sorry about what happened to your brother Ace. But I can fix that for you. (Snaps Fingers)

Out of a vortex of fire came Luffy's half brother Portgas D. Ace!

Me: Whoa!

Ace (O.P.): I'm back.

Luffy: Ace!

He hugged him.

Luffy: (Crying) I've missed you so much!

Ace (O.P.): I did to brother.

Me: Portgas D. Ace. It's an honor to meet you.

Ace (O.P.): Same to you J.D. Thank you for bringing me back.

Me: My pleasure.

Later we were having lunch with Luffy. We had lots of meat and all that.

Me: We heard a lot about all your enemies Luffy. You've made quite a name for yourselves all over the world.

Luffy: We sure did.

Me: If you want we can help you kill some of them.

Luffy: No guys.

Professor XXXL: You sure you don't want us to kill any of your enemies?

Stewie: If it makes you feel any better, we'll give them quick and painless deaths.

Luffy: No I don't want to kill them. It goes against my beliefs.

Me: I completely understand that Luffy. Team Loud Phoenix Storm for over 4 years now has been all about killing its worst enemies and throwing some of them in jail. But if you don't want to kill them that is all right. So instead how about this? We strip them of their powers and cash in on their bounties.

Luffy: That works perfectly.

Me: Awesome.

Zoro: Check out our wanted posters.

He handed me a bunch of wanted posters and it showed that they all had amazing and impressive bounties on their heads.

Me: (Whistles) Wow! These bounties are impressive. 3.161 billion on all your heads. That's amazing.

Vivi: Yeah we get that all the time.

Usopp: It's a big price on us.

Me: Awesome. But we're not going after you guys. You are all heroes and have done so much in your quest to search for the Treasure of One Piece.

Nicole: Boy that must be one elusive treasure.

Brook: You have no idea.

Frankie: It's REALLY elusive.

Me: It sure is. But we'll gladly help you all find it as we clear out some of the competition so to speak.

Boa Hancock: We greatly appreciate that.

Laney: You're welcome.

Sanji: This is gonna be awesome!

Me: So where are we going first with you guys?

Luffy: We're heading to Fishman Island. We're going to see our friends the mermaids.

Varie: Sounds like my kind of island.

Eli: Mine too.

Me: This is gonna be interesting. I can't wait to see it.

We later got to the big line continent and went through the gate to the island and we arrived at Fishman Island.

Nico: (Imitating Cookie) Sweet Mother of Jefferson Davis!

Me: Wow! So this is Fishman Island.

Varie: It's so beautiful.

Laney: It sure is. I think this is amazing.

We got off the ship.

Luffy: Wow. It is just as beautiful as the first time we were here.

We then heard a scream.

Me: Uh oh! That way!

We followed to where we heard the scream. But we gasped as we saw a corpse of a mermaid. Lola rushed to her side and checked for a pulse.

May: Is she-?

Lola: She's dead. Completely drained of blood. And she doesn't have a pulse

Usopp: (to Lori) Tell me something, Lori. When you says swore you wouldn't kill our enemies, was this even close to what you had in mind?!

Lori: (glares at him) You literally better watch your tone, Usopp. This probably isn't even our fault to begin with.

Sanji: Well, it certainly isn't ours!

Unknown to us, the mermaid was slowly getting up. Billy Gilbert and Cycloid were the only ones who noticed this.

Billy Gilbert: (frightened) Um… guys?

Lynn: Oh no?! You guys were the ones who left your enemies alive even after all the destruction they've caused!

Cycloid: Guys?!

Zoro: And you're the ones who always get angry in battle!

Billy Gilbert and Cycloid: GUYS?!

All 5: WHAT?!

Billy and Cycloid trembled while pointing at the thought to be dead mermaid.

Mermaid: (growls) Must feed!

Her jaw then opened up to reveal a barbed tongue similar to the Reapers who Blade faced before. We screamed in horror.

Maria: (to Lola) I thought you said she was dead!

Lola: She was!

Fox: Wait. I recognize these symptoms. She's been infected by the Aparoids. But she probably wasn't the first infected here.

William: (sarcastically) Well, that's just great!

Me: The Aparoids are here!? Not good!

Vivi: What are Aparoids?

Me: A very dangerous race of parasitic insect creatures from the very distant edge of our Galaxy.

Krystal: (British Accent) They have incredibly dangerous thought patterns and are very dangerous to all life in the universe.

Mermaid: All for us. All things in the universe will be ours.

Fox: This is horrifying! Just like what happened to Pigma when he was assimilated by them.

Me: Pigma was assimilated by the Aparoids?

Nico: Oh good god!

Nicole: That was horrifying!

Eddy: (points blaster at zombie mermaid) Aim for the head!

Frankie: How do you guys know?!

Iron Boy: Trust us. We've seen a lot of zombie movies to know how they go down!

KGBeast: Allow me. (points Cybernetic gun at zombie mermaid's head)

Unfortunately, the zombie mermaid was still moving towards us.

KGBeast: Dammit! Someone restrain her so I can get a clear shot!

Eli: I got this!

Eli used the Force and held the mermaid in place.

Me: We'll tell you all about the Aparoids later. Right now just cure her!

Danny Phantom: Right! I'm going ghost!

Danny turned into Danny Phantom and went intangible and he turned the Mermaid intangible and got all the Aparoid components out of her and I opened the portal to the Warp and Danny threw them in there.

The Mermaid was down.

Me: I got this!

I got out my Blood Transfusion kit and pumped some of my blood into her and revived her.

She took in a breath of air.

Mermaid: (Panting hard)

Me: Easy. You're gonna be okay.

Snarler: (to me) Why didn't you and Danny do that to cure the zombies in the Resident Evil world?

Me: They were too far gone to be cured.

Danny Phantom: Yeah.

The mermaid saw me.

Me: You're gonna be all right.

Mermaid: What happened?

Me: It's a really ugly story. You were totally drained of blood like what happened with a vampire and you were infected by an alien insect parasite creature called an Aparoid.

I went over the Aparoids history.

---

**Aparoids** are a race of insect-like creatures that are part-machine, part-life form. From minor enemy units, to major bosses, they serve as the main antagonists in *"Star Fox: Assault"* .

### ***Early years***

It is not exactly known how or when the Aparoid species formed, or if they may be a mutated race. Their homeworld is outside of the Lylat System. The Aparoid queen, who likely had a significantly longer lifespan than other organisms, may have created the species, as she can spawn more aparoids. By Beltino's account, about seventeen years prior the Aparoid Invasion, a lone winged Aparoid came across a Cornerian Fleet and wiped it out leaving few survivors to witness, which alerted the Cornerian Army to the Aparoids' existence. However, nothing was done in defense, as no other known attacks were made on them by the Cornerian Army. The Aparoids did not show themselves again, and went quiet for a time.

### Fortuna

The Aparoids had previously infected an entire planet outside of the Lylat System, and gathered enough strength to launch a full scale invasion of the entirety of Lylat, as the Queen felt everything in existence rightfully belonged to them. In the midst of the Oikonny rebellion conflict, the Aparoids executed their invasion, by first striking Fortuna, where the last battle of the rebellion was being fought. A Winged Aparoid (assumed to be the same one that attacked the fleet) arrived at Fortuna, and revealed itself when he destroyed a slightly weakened version of Oikonny's flagship, who was leading the rebellion. The Aparoid then did battle with Fox's Arwing immediately after it attacked the Star Fox team on sight, but was killed. Its Core Memory was taken by the team right as the Aparoids launched a full-scale attack on the planet. The Cornerian Fleet recognized them and escaped, but the army of Oikonny's rebels were ignorant to the danger and all of them were killed, save Oikonny himself. Fortuna's natives, escaped and suffered very light casualties, but the Aparoids had the planet occupied. Soon they struck with full force on the galaxy, capturing many planets on the way in vicious battles. The Cornerians reacted by hiring Star Fox to deal with the threat.

### Katina

One of the next victims of the Aparoid Invasion was an outpost on Katina. Star Fox was notified of a distress signal coming from this outpost, and was sent there by General Pepper to find the source. The Aparoids attacked with many of their infantry troops, but were unable to stop them, even with consistent reinforcements spawned by Aparoid hatchers. The Aparoids finally sent the commanding Aparoid mothership to the surface of the planet. The leading vessel was destroyed by Fox, and its Core Memory was stolen by Pigma Dengar (the one who sent the distress signal) before Star Fox could claim it. The Aparoids were driven off of Katina afterwards.

### Fichina

The Aparoids then attacked Fichina, which coincidentally, was the exact location where the Star Fox team had been dispatched to find Pigma. The Aparoids captured the climate control center, eliminated the scientists stationed there, and with some unexpected help from Pigma, got the sentry bots turned into Aparoids. But Fox intervened and were able to get the control center back on. The Sentry Bots attacked him, but were defeated by Falco. Pigma again gave some more unexpected help to the Aparoids, by using the Core Memory to turn a piece of the center's engineering into an Aparoid, which would cause the center to explode if the infection was not defeated. The Aparoid was defeated, and it was soon driven out by Cornerian Soldiers.

### The Battle of Meteo

The Cornerians discovered Pigma's whereabouts in Meteo, an asteroid belt, and were sent to capture him with Star Fox leading it. They were unaware that, due to Pigma's actions, the Aparoids had began assimilating him into some form of machinery. The Aparoids attacked with full force and used the assimilated prototype they captured on Fortuna against the team, but to no avail. They soon caught up with Pigma, who was just assimilated into the machinery. The team defeated him and captured the Core Memory, earning Corneria a victory, with the bonus of Meteo.

### The Battle of Sauria

Just as Corneria was analyzing vital data from the Core Memory, the Aparoids attacked Corneria's ally planet of Sauria, because they were drawn to large energy sources shown by Sauria's dinosaur tribe's unmatched ability to survive. The natives fought back hard but were nearly defeated with certain tribes suffering heavy casualties. But Star Fox quickly rushed in to reinforce the Saurians and destroy the hatchers there.

### The Battle of Corneria

While Star Fox was on Sauria, a colossal Aparoid armada invaded Corneria itself, nearly decimating the Cornerian Defense Force, assimilating many of the soldiers stationed there, and quickly gaining control of the planet's capital city. The Aparoids also placed a number of EMP jammers throughout Corneria City to disable the use of radar and telecommunications. Star Fox came to stop the Aparoid invasion, with Fox going on foot to seek and destroy the jammers. After an arduous struggle, Fox was then trapped by a multitude of Aparoid ground and air units, and was caught between assimilation or a gruesome fall to his death, but in a turn of events, Wolf came to Fox's rescue and destroyed the Aparoids surrounding Fox. After Star Fox and Wolf defeated a large number of air and land based Aparoids, General Pepper's flagship flew in from over the ocean, having been infected by Aparoidedation. Fox was forced to fight him, and as Pepper was about to die, Peppy rescued him by stabilizing the fall trajectory with his Arwing.

### The Battle of The Orbital Gate

The Aparoids quickly learned of the invasion plans of their homeworld, and attempted to stop it by launching a full scale offense on the orbital gate. Star Fox and Star Wolf assisted the Cornerians and seemed to hold back the Aparoids' massive waves of fighters. The Aparoids then began to warp in multiple missiles in an attempt to destroy the entire station. After the missiles had been destroyed, the aparoids launched a gigantic, three-part missile, but it was also destroyed before it could achieve its goal. It seemed that while there were still a few Aparoid fighters left in the area, the battle was over.

## The Battle of the Aparoid Homeworld

The Cornerians launched an offensive on the planet with Star Fox leading the invasion, but the Aparoids managed to reduce the Cornerian fleet by 20% and forced them to retreat. The Aparoids had set up a shield to protect the way into the planet's core. Star Fox took out the generators and the team prepared to go into the planet solo, but the Aparoids activated an auxiliary shield. However, as the Great Fox was under heavy attack by Aparoids attaching themselves to the unprotected rear hull, Peppy and ROB presumably sacrificed themselves by ramming the ship into the shield, taking it down just long enough for the Star Fox Team to get through. The Aparoids threw everything they had in desperation at Star Fox and the Star Wolf team, which had also some how gotten through the Aparoid's defenses, but were unable to stop Star Fox from entering the queen's lair, with Star Wolf distracting a group of Aparoids that was blocking Fox from proceeding further.

The queen initially tried to fool Star Fox into surrendering by using information from things it had absorbed to try and convince Star Fox that the Aparoids were not an enemy, using the voices of the team's friends and father. It didn't work, however, (mainly due to Fox deducing that his father would never tell him to give up) and after a fierce battle, Star Fox succeeded in launching the self-destruct Program into the queen, but she began suppressing it and tried to escape, which would allow it to create an antibody. Star Fox gave chase and after one final battle, was able to set off the program. The Aparoids, the queen, and their homeworld were completely annihilated soon after, and their threat was ended.

## Aparoidedation

Aparoids can infect other machines and organisms to add to their ranks through a process called *Aparoidedation*, the end result being a fusion of sorts between the technology, the organism, and the Aparoid.

### ***Symptoms***

This doesn't appear to be a fast process, but that perhaps depends on the individual. In addition, Aparoidedation, like various illnesses, also have various stages: A light stage has minor disfiguration to the right side that resembles bluish-green cybernetic code/cracks, as evidenced with Peppy Hare shortly before sending the Great Fox on a collision course with the aparoid homeworld's shield generator, and a severe state, which has the greenish-blue fracture code enveloping the entire right arm as well as a large portion of the right side of the victim's face, severely dark discoloration of the un-cybernetic coded face, red eyes, and part of the victim's internal organs being exposed on the right side, as evidenced by Pigma Dengar when he was infected. The victim's legs may be reduced to a tentaclish puddle if fusing with large machinery when undergoing severe Aparoidedation, as evidenced by Pigma when fusing with the satellite.

### ***Known victims***

Both Peppy and Pigma's Aparoidedation, regardless of how severe it was, indicated that the process starts on the right side of the their invasion of Corneria, the Aparoidedation was able to control many Cornerians, including General Pepper, who was fused with his flagship. The process appears to be reversible, as it is later revealed that Pepper survived the experience, but it may also be fatal as shown when a ThornTail that was infected with Aparoidedation, was lying on its side as if it was dead. Lifeforms undergoing Aparoidedation also are capable of surviving the vacuum of space, as evidenced by Pigma breathing in space shortly before merging with a satellite upon undergoing severe Aparodedation.

Pigma was also assimilated by the Aparoids, although it appears, though reluctant at first due to the fact that he would have to turn down a profit to do so, that he joined up with them as a last resort to avoid capture from the Star Fox Team, also reveling in his newfound power upon undergoing Aparoidedation. Also, he infected the Cooling Station of the Weather Control Center with aparoids on Fichina. The Aparoids fused him with a giant satellite but he was destroyed (unless *Command* is believed to be canon, in which case he survives as a cube). Cornerian soldiers seem to have been overwhelmed and infected, and there is a glowing pink orb in the center of their chest, indicating where they were infected. The visor is also glowing pink, hinting that they were hit there or they are now receiving their orders from the aparoid queen, but interestingly, they do not show any other signs of infection, other than the fact they attack the Star Fox team, and furthermore, the lasers fired from their guns now are greenish yellow, much like other aparoid units. Cornerian fighters receive a purple tint, the visors become red (if one looks they can see the pilot through the visor, he appears to no longer be in control of the ship, and is presumably dead or infected), additional wings appear, and the ship fires purple lasers. It is unknown as to how the Cornerian fighters were infected, but it can be assumed that the aparoid fighters may have latched onto the ship to control it, as there are additional wings, hinting that an Aparoid latched onto the ship prior to infecting it. There was little visual signs on General Pepper himself that indicated he was infected, but the flagship itself showed definite signs of infection, including a green eye-like organ on the center of the ship. Pepper himself was also surrounded by a pink mass in the cockpit.

Everyone gasped when I was done.

Me: Yeah their social structure is just like the insects.

Mermaid: Oh man! I remember! It was a man with glasses!

Me: Man with glasses?

Mermaid: He had a brown vest and white shirt and his jacket had these crosses on it.

Team RWBY gasped when she said that.

Team RWBY: Professor Leonardo Lionheart!

Nico: You mean that turncoat headmaster of Haven Academy?

Ruby Rose: That's him!

Me: What can you tell us about him?

Ruby went over his history.

---

Professor Leonardo Lionheart (simply known as Leonardo Lionheart) is a major antagonist in RWBY. He was the headmaster of Haven Academy and a turncoat member of Ozpin's Group. He served as an informant in Mistral for Salem and her organization.

He was voiced by Daman Mills.

Lionheart is one of Ozpin's associates, but at some point he was confronted and coerced into working for Salem and her organization. He would then provide Salem with information that allowed her to kill several Huntsmen and Huntresses and give Cinder and her team entrance into the Vytal Festival under the guise of being students from Haven, which ultimately resulted in the Fall of Beacon.

Volume 4

In "No Safe Haven", after Ruby finishes her letter, Qrow jokes that he is normally the one saving her. Despite their plan to soon meet Leonardo Lionheart, Arthur Watts has already arrived in his office, suggesting that Lionheart is the informant that Salem ordered Watts to meet with in "The Next Step".

Volume 5

In "Welcome to Haven", The academy is emptied out, its remaining staff having been given leave after fighting Grimm on the borders of the kingdom. Qrow is unhappy that the Relic is not being protected. It comes out that each Relic is locked in a chamber that only a designated Maiden can open. Qrow reveals that he believes the Spring Maiden is with Raven Branwen, but Lionheart delays going after her. After Qrow and the students leave, Watts,who had been listening, has his emblem appear on the desk and chides Lionheart for his poor improvisation skill. Arthur Watts who was listening to the whole conversation, contacts him and tells Lionheart he needs to work on improvisation.

In "Dread in the Air", Watts appears and takes Lionheart to a Seer, which establishes connection between them and Salem. Lionheart then gives his report about the location of the Spring Maiden and implores her to hurry because he is at odds with Qrow. He is suddenly choked by the Seer, and Salem warns him not to overstep his boundaries before she has the Grimm let him go.

In "True Colors", It is then revealed that Lionheart made the call at Raven Branwen's behest. She asks him why he would work for Salem, to which Lionheart answers that he's afraid of her, and could tell that Raven is too. Raven, however, denies his claims, despite how she actually feels deep down.

In "The More the Merrier", Lionheart waits at Haven to meet with Qrow and co. for the ambush. He is concerned, however, when he sees that they brought their weapons. Raven arrives and reveals they both arranged an ambush, allowing Cinder's Faction, along with Vernal, to get inside Haven just as Hazel Rainart arrives with Adam Taurus and the White Fang. It is subsequently revealed that not only was Lionheart contacting Salem for years, but that he was also responsible for getting Cinder's Faction inside the Vytal Festival, thus being indirectly responsible for the Fall of Beacon. Qrow then becomes angry at Lionheart, particularly when figuring out the reason he couldn't find any Huntsmen or Huntresses was that Lionheart sent them all to die. While the fighting breaks out, Oscar confronts Lionheart, and the latter soon figures out Ozpin has already reincarnated inside Oscar. During their battle, Lionheart contemplates bringing Oscar to Salem, reasoning that if he brings Ozpin directly to her, he can be free of her influence.

In "Vault of the Spring Maiden", Oscar swiftly defeats Lionheart, sending him tumbling down. But Lionheart reveals to Hazel that Ozpin has already reincarnated inside Oscar, sending Hazel into a blind rage. Lionheart assists Hazel by shooting at Oscar from long distance, and continues to do so throughout "Downfall".

In "Haven's Fate", upon realizing the Mistral authorities have arrived and they stop the White Fang, Lionheart flees the battle into his office. Salem contacts Lionheart one more time through a Seer, demanding to know why he's running and if there's something he should tell her. He attempts to blame Cinder Fall for deviating from the original plan. He pleads with her at first for mercy, stating he can still be useful, only to fire at the Seer upon not receiving an answer. She quickly disarms him, and as he attempts to run away, the Seer drags him away while he desperately begs for mercy once more, only to be gruesomely murdered by her.

Volume 6

In "Argus Limited", Qrow reveals a cover story for the Battle of Haven; in order to preserve the public's image of the academies and Huntsmen, Lionheart is told to have died defending his school from the White Fang. Ozpin, who had ordered this, later reveals he did this because he still respected everything that Leonardo had did for the people before he succumbed to his cowardice: Although he still felt betrayed, which only makes Ozpin more determined to try, albeit in vain, to keep his secrets from the group, Ozpin believed that Leonardo should best be remembered for his lifetime of service than the condemning actions he did in his last moments.

---

We gasped when she was done.

Me: So he's a conniving coward that served Salem!

Salem: I remember that man! And I killed him.

Nico: And everyone on Remnant treats him like a hero even though he's a traitor? That's sick!

Me: He must've been brought back and infected by the Aparoids.

My Dark Orb Detector went off and I looked on the radar and it showed that there was a Dark Orb 7 klicks WNW of us.

Me: He's that way, 7 Klicks West Northwest.

Lisa: If the mutation can be passed along with a single bite, the whole island is at risk!

Abis Mal: (frightened) Are you saying… Lionheart could get more zombie followers?!

Stewie: It's possible. And the resulting feeding frenzy could spill out into Gotham Royal York, turning it into an infected zone.

Maria: At least mermaids can't move well on land.

Me: Not if they were human. But thank goodness we're not in Gotham Royal York. We're 14 million light-years from Earth.

Stewie: Oh right.

Me: But lets find Lionheart. (To the mermaid) What's your name by the way?

Sora (O.P.): Sora.

Me: J.D. Knudson, Leader of Team Loud Phoenix Storm.

Sora (O.P.): Wow! It's an honor.

Me: Same here.

Sora kissed me on my lips.

Sora (O.P.): Thank you so much for saving my life.

Me: (Blushes) You're welcome Sora.

Sora landed exhausted.

Me: Whoa easy Sora. You're still exhausted from having your blood drained.

I put her on my back and enveloped her in a ball of water.

Me: You'll be like this for a while. But you'll make a recovery. Lets go.

We walked on.

Luffy: (to Ben) Why don't you use Alien X to take care of Lionheart? Nami told me that form can do anything.

Ben: No way! Can you imagine what would happen if I got infetected as Alien X?

Gus Grav: With how powerful Alien X is, we'd be infected in seconds.

Me: You got that right and it wouldn't just be us, it would be the entire universe. Celestialsapians are said to be the very beings that made the entire universe into what it is today.

Nico: That's right. We can't risk that.

Lola: No. Luffy I'm sorry I snapped at you like that.

Luffy: It's all right Lola.

Me: But we still won't kill your enemies here. Only those on Earth and other planets other than this our Bounty Cash-In Only Zone.

Nico: Bounty-Cash-In Only?

Me: It's a Work in Progress.

Laney: Good start of the name though.

Muscle Man: You know who else likes to cash in on bounties? My mom!

We laughed at Muscle Man's Joke.

Luan: (Laughs) That was funny!

Atomic Skull saw a group of mermaids.

Atomic Skull: Hey! Have any of you girls noticed any suspicious activity…

The mermaids turned to us and revealed that they were infected, with the same Reaper like tongue that Sora (One Piece had before)

Atomic Skull: (frightened) Around here?

Me: Oh man!

Sora (O.P.): Lionheart got them!

Laney held them down with plants and Brittney fired waves of magic and cured them and destroyed the Aparoid parts and banished them to Warp.

Me: I got this. I can't keep giving my blood. HEALING STYLE CURING ART: RAINBOW REVITALIZING WAVE!

I fired a wave of rainbow energy and it brought the mermaids back.

Nico: Whoa!

Fillonce: Whoa! What hit me?

Kairen: My aching head.

Lulis: I feel like I got hit by a megatsunami.

Me: You were infected by Lionheart.

They saw us.

Lulis: Wow! Team Loud Phoenix Storm!

Kairen: It's such an honor. Luffy, everyone it's great to see you again.

Luffy: Same to you girls.

Luca: Thank goodness you're all okay.

Mero: Yeah thank goodness.

Sora (O.P.): Yeah.

Me: Lets keep searching.

Zoro: Guys, this situation might be a bit more dire than we've ever imagined.

Sanji: I find it rather ironic that after battling Buggy and our other enemies all these years, getting smacked down, shot at, blown up, this is how our lives end?

Usopp: Drained of our precious blood.

Luffy: Guys, I have something to say. This wasn't how I expected our reunion would turn out. (smiles sadly) But if this is indeed the end, if we become Aparoid food, I want you guys to know that it's been an honor serving in this crew with you.

Hotlink: (jokingly) What are we, chopped liver?

?: No that's what I am.

We saw a jar of chopped liver on a rock. (RIMSHOT)

Me: Guys I'm not gonna let that happen to you.

Nami: Yeah come on guys! You're all giving up too easily. This is J.D. Knudson and all of Team Loud Phoenix Storm we're talking about.

Nico Robin: Yeah they are the most powerful force in the entire universe and they have taken down some of the most dangerous enemies we have seen that have ever terrorized the universe. They ALWAYS come out on top.

Monet: It's true. They have faced many villains, terrifying monsters, gruesome nightmares and even the worst enemies ever known. These guys are unstoppable and invincible! Nothing can stop them!

Nico: That's right. We went through it all, physically, emotionally, spiritually and psychologically. And we always came out on top.

Me: That's right and it will take more than the Aparoids to stop us.

Then we heard growling.

We went over a hill and we saw LIONHEART! He was an ugly Aparoid hybrid and he had a Dark Orb imbedded in his hand and he had a Number Card on his arm!

Eli: He has a Number and A Dark Orb and he's an Aparoid!

Me: A Triple Whammy.

He went up to a mermaid and opened his Reaper Mouth and roared ferociously!

Me: Oh no you don't!

I fired a fire laser blast and it hit the ground by his feet and the explosion blew him into a rock and he saw us!

Me: Your infection spree is over!

Lionheart: J.D. Knudson! It could end right here! What do you think huh?

Me: You are one fucked up freak of nature!

More zombies came.

Nami: More zombies?!

Weather Wizard: Wait. Those zombies aren't mermaids!

Blake: You don't think Lionheart changed tactics, do you?

Me: I think so.

Nico: He's not the only one that's here! Look!

We saw a growing mass of mud come out and it was the Swamp Pirate of the Swamp Devil Fruit: CARIBOU!

---

Caribou is a recurring antagonist in One Piece. He is a homicidal pirate who enjoys killing Marines. He first appeared in the Return to Saboady Arc. After his own cover story arc, Caribou set aside his psychopathic tendencies for a more honorable mindset, and has even become an ally of the Straw Hat Pirates during the Wano Arc.

He is voiced by Masaki Terasoma in the original Japanese version of the anime, and Andrew Kasten in the FUNimation English dubbed version.

Not much is known about Caribou's past but he was depressed when his grandmother passed away. She did tell him to always stay together and love one another. At some point, Caribou obtained the Numa Numa no Mi and formed a pirate crew by the name of the Caribou pirates. As a pirate, Caribou was responsible for killing many Marines and earned a bounty of 210,000,000 bellies.

Caribou first appeared on Sabaody Arc, he was planning on allying with Demaro Black's team. He spotted a Marine spying on them and stabbed him with a spear. He ordered his brother to bury him alive. Demaro began his speech about setting an example of Luffy for attacking him. He wanted Caribou make the captured Marine a hostage but the pirate ignored him. He also began attacking some of Demaro's crew members ruthlessly and ordered his men to bury them alive. As the Pacifista and Marines began storming the area and capturing the pirates, Caribou and his team manage to escape from the island.

They appeared underwater with the Straw Hat crew. Caribou wanted to kill them but his crew was overwhelmed by the Straw Hats and they were separated. Caribou was left stranded on the ship by himself with the Straw Hats and pleaded for his safety.

They appeared underwater with the Straw Hat crew. Caribou wanted to kill them but his crew was overwhelmed by the Straw Hats and they were separated. Caribou was left stranded on the ship by himself with the Straw Hats and pleaded for his safety. Despite his pleas to stay clear of any danger, Caribou began scheming his plots to attack the crew which Franky noticed. The crew was split up before reaching the island and Caribou ended up in Fishman Island. He saw the Mermaids and wanted to capture them for profits. He later reappeared in the arc and he tried to capture Shirahoshi but he was stopped by the Straw Hats and Pekoms.

After the Straw Hats left, he tried to kidnap more Mermaids but he was caught by Jinbe. They left Fishman Island, Jinbe turned him into the Marines, and he was about to get executed. His Pirate team tried to save him but they got separated again. He ended up on one of Kaido's islands. He was rescued by an old woman who saw a resemblance as her son who was a Revolutionary by the name of Gaburu. After having his injuries treated, Caribou wanted to steal some of her belongings and leave. However, there was a house fire and he wanted to save her. Caribou stayed on the island longer and began helping the rebels fight off Kaido's forces. He was victorious at first but he was captured by X Drake.

Drake brought Caribou over to Wano Country where he was placed in prison in the Udon region. For some time, he was forced along with the other prisoners to do hard labor. He witnesses the prison guard, Dobon, getting angry at Luffy and Eustass Kid for eating too much food that he wants and saw them defeat the guard when he tried to punish them. A day after Luffy and Kid took down the prison guard, Dobon, Caribou is interested in becoming allied with Luffy. Luffy is not interested in joining forces with Caribou and suggests for him to join with Kid. Caribou disregards Kid as someone weak and for losing his arm to the Big Mom Pirates. Kid appears and frightens Caribou. Caribou witness Luffy and Kid arguing over taking down Kaido.

After Luffy and Hyogoro's battle against the Beasts Pirates at night time, Caribou appears with Raizo. It is revealed that Raizo had the keys to Caribou's cuffs and released him before the fights ended for the night. Caribou pleads with Luffy to forgive him for the bad things he did in the past and to let him onto his ship. Luffy agrees and decides to forgive Caribou much to his surprise. Caribou stands by and listens to Luffy, Hyogoro, and Raizo as they plan to get more allies within the prison. In the morning, Caribou and Raizo watches Luffy and Hyogoro as Queen and other Beasts Pirates are surprised at the amount of weight the two fighters gained from eating the O-shirukos. While helping Raizou, Caribou disabled the main snail responder in the prison causing Udon Prison to be cut off from communications in Wano. When the prisoners managed to take over the prison, Caribou tells Raizo that things went easy.

---

Luffy: Caribou!

Me: He's a living glob of mud!

Clayface: Like me!

Nami: He got his powers from the Swamp Devil Fruit.

Caribou: The famous Team Loud Phoenix Storm. How nice to meet you.

Me: So you are the one behind this!

Caribou: That's right.

Mushi: That's just great! As if things couldn't get any worse!

His crew then came out.

Me: Whoa! Now we can capture them and cash in!

Lionheart then went at the crew and bit them and infected them! Their blood splattered all over the place!

Me: HOLY SHIT!

Nico: GROSS!

Lily: YUCK!

The crew turned into Aparoids too!

Caribou: Well, that's it for them. You all will not stop me from getting these mermaids for slaves.

Me: That's what you want the mermaids for!?

Eli: You monster!

Caribou: I figured that I would take this oppurtunity when you idiots were occupied to take you all out.

Luffy: Get over yourself, Caribou. Can't you see what's happening around you? The rules have changed!

Avalanche: Luffy's right. The time for fighting each other is over. At least for now. We're in this together now. Us versus them. Humans vs Aparoids.

Caribou: (laughs) Sorry, Straw Hats. But you've gotta face facts. I sold out my humanity a long time ago!

Me: You're going to wish you didn't when we're through with you!

Nico: Yeah you are a sick monster Caribou!

Laney: What kind of freak are you selling mermaids for your own greed!?

Me: A monster that's what! We're going to stop you Caribou! And right on the eve of war too.

?: Let me help!

A big mermaid with pink hair came and it was the mermaid princess Shirahoshi!

Me: Wow! You are beautiful!

Shirahoshi: Thank you. My name is Shirahoshi and it's an honor to meet you J.D. Knudson.

Me: Same to you too.

Top, Golden Glider, Batroc the Leaper, Multiplex, Kite Man, Melter, Jack O Lantern, and Touch & Go then appeared.

Me: Top, Golden Glider, Batroc the Leaper, Multiplex, Kite Man, Melter, Jack O Lantern, and Touch & Go.

Top: (to Luffy) It really is nice to finally meet you, Luffy.

Luffy: The honor's all ours!

Golden Glider: Now, could you guys explain to us WHAT IS GOING ON HERE?!

Maria: It's a really long story.

A growl got out attention. We turned around to see one of Caribou's men that was infected in front of us.

Batroc: (annoyed) What's your problem?

Goon: (growls) Must feed!

Batroc's annoyance turned to shock as the goon revealed his Reaper tongue and charged at us. But Jack O Lantern tossed at the zombie one of his Pumpkin Bomb, which exploded and knocked the goon to the ground while not killing him.

Jack O Lantern: (to us) Is this part of that long story?

May: (sighs) You want the short version or the long version?

Me: How about the short version? The Aparoids put a dark orb on Professor Lionheart and infected him and he has a number card too.

Top: The Aparoids!?

Fox: Yeah the Aparoids are here.

Krystal: He infected a bunch of mermaids and now he infected Caribou's pirates.

I fired energy blasts and cured Caribou's goon's and we tied them up and brought them over to us.

Me: Sorry about that.

Suddenly a bunch of goons were slashed apart and splattered all over in piles of blood and guts and a bunch of figures came out. One was BUZZ from a scrapped episode of Lost Galaxy! And the others were The Chicken From Outer Space, Enchantress (Marvel), Vergo (One Piece), Crazy Cat Lady, Sir Toasty, Potty Mouth, Goro and Flim & Flam!

---

Buzz

**Buzz** is a chainsaw-themed monster in Power Rangers Lost Galaxy, who would have appeared in the scrapped episode " *Protecting Pink* ".

In the unused *Power Rangers Lost Galaxy* script " *Protecting Pink* ", Buzz would have helped Trakeena's forces take control of the Astro Megaship to launch an attack on Terra Venture.

The reason that he wasn't actually used is due " *Protecting Pink* " never made it past the scripting stages. That was because it was supposed to introduce Cassie Chan as the new Pink Galaxy Ranger, but Patricia Ja Lee refused to return after the *Power Rangers In Space* team-up, since she was not happy about just being credited as a guest star. The concept for the episode became " *The Power of Pink* " but the episode and, by extension, Buzz were both scrapped.

He is also the only monster in *Power Rangers Lost Galaxy* that wasn't used for reasons other than issues with his footage (i.e., guns or Japanese people).

## The Chicken From Outer Space

The **Space Chicken** is an alien chicken that first appeared in the *What-a-Cartoon* short dubbed "The Chicken from Outer Space," and returned with his last appearance in "The Revenge of the Chicken from Outer Space" (though he does make a few cameos throughout the series). He was also the first antagonist that victimized Eustace and Muriel Bagge, as well as the first antagonist that Courage had to face.

## Biography

The arrival of the Space Chicken was first observed by Courage while he was resting on the front porch of the Bagge residence after being frightened away by Eustace's mask. The Space Chicken was still within his spaceship landing it in front of the Bagge residence in full view for Courage. Though Courage immediately informed the couple about the Space Chicken's arrival, the two were surprised when they saw nothing at the front porch. Unbeknownst to everyone, it was during Courage's alert to the Bagge couple when the Space Chicken performed his plans, which was to replace every chicken in the Bagge's chicken coop.

The Space Chicken succeeded in eliminating all the other chickens from the coop, but not before Courage witnessed the act. Being afraid as usual, Courage immediately ran towards the Bagges once again in order to warn them of the Space Chicken. Instead of informing them, however, Courage took Muriel to the coop.

The Space Chicken was recognized by Muriel as an ordinary chicken, from which she took some of his eggs. The Space Chicken's eggs were unlike Earth chicken eggs as they had red spots and on a yolk circle with red yolk inside and would turn any human who consumes it into the Space Chicken's species. Eustace fell victim to this, however, which stopped Muriel from eating any amount of it and remained uninfected.

Courage was more than determined to rescue Muriel from the transformed Eustace, but was hindered by the Space Chicken himself, who challenged Courage to a series of challenges. Fortunately, Courage was able to best him at every turn. Angered, the Space Chicken decided to simply shoot Courage with a laser beam. This backfired, though, when the beam missed and was reflected, hitting the Space Chicken in the process and seemingly killing him. This resulted with the Space Chicken being cooked and headless. Afterwards, Courage shot the fully transformed Eustace with the same laser beam, which turned him into ash.

The chicken returned in the episode "The Revenge of the Chicken from Outer Space". He has drastically changed from his first appearance, telling Courage that he was zapped with his own laser weapon (though he claims that Courage did it) and lost his head and feathers. He is last seen after a failed attempt to catch Courage. He unknowingly releases a buried rocket. He tries to exit his ship via parachute, but fails and is killed for real when the rocket explodes upon impact with his ship.

Cameo appearances

The Space Chicken makes his first cameo appearance in "A Night at the Katz Motel" as a bath toy in Muriel's tub.

He later appears in two cameos in "The Transplant"; the first is when Courage finds the bone and he wonders what it belongs to. The Space Chicken was one of his ideas. He is also in a video of when the Kangaroo Monsters were around (where he was crushed into a "pulpy pancake" by a Kangaroo Monster).

He makes another a cameo in "Aqua-Farmer"; he can be seen among the crowd in Nowhere Wet World, but his appearance has slightly altered.

He makes one last cameo in "Son of the Chicken from Outer Space". He is seen in a slideshow presented by his wife to her three-headed son.

Enchantress (Marvel)

**The Enchantress**, also known as **Amora**, is a goddess from the *Marvel* comics who has appeared as a regular antagonistic enemy of Thor, the Norse god of thunder turned superhero. Unlike many deities in fiction, she has no real world counterpart; though she has the qualities of several mythological figures merged into her personality, most notably being Freya.

She is the secondary antagonist of The Mighty Thor franchise.

Amora was born somewhere in Asgard, her parentage is unknown. While still in adolescence, she ran away to the land of the Norns and apprenticed herself to Karnilla, one of the most powerful sorceresses in all the Asgardian dimension.

There she studied all the basic arts of Asgardian magic until Karnilla expelled her for being too undisciplined. She picked up further sorcerous skills from seducing other Asgardian magi and wizards.

Centuries ago, Amora enlisted Brunnhilda, leader of Odin's Valkyries, in her plans of conquest. However, Brunnhilda soon became aware of Amora's immoral ends, and sought to end their partnership. Amora then used her magic to entrap Brunnhilda within a mystical crystal of souls. Only relatively recently was Brunnhilda freed from Amora's spell.

The Enchantress seduced Skurge the Executioner into assisting her in many of her schemes over the years. But while the Executioner was so infatuated with the Enchantress that he would do anything for her, she continually withheld her favors from him to keep him in thrall.

In her first encounter with Thor after he gained his human identity of Don Blake, the Enchantress attempted unsuccessfully to seduce Blake, and then ordered the Executioner to dispose of Jane Foster, the mortal woman whom Thor then loved. Thor saved Foster and defeated both the Enchantress and Executioner.

In the following years the Enchantress has also allied herself with Loki, Baron Zemo, the Mandarin and Arkon in pursuit of her goals of power and vengeance upon her enemies. She was among the many menaces assembled by Doctor Doom to disrupt the wedding of Reed Richards and Susan Storm. Her most frequent adversaries during these years were Thor and the Avengers. She used one of Zemo's machines to transform one of the Baron's mercenaries into the first Power Man.

The Enchantress encountered the mutant Dazzler several times, the first being when Amora sought to take control of a dimensional rift which would have granted her mystical powers that rivaled Odin's. As the rift was forming within a club in New York, the Enchantress auditioned as a performer there, confident that her lovely voice (and physical beauty) would easily win her the part. This would have been the case, if not for Blaire's subsequent audition. The club manager, though obviously smitten with the Asgardian woman, reluctantly admitted that Dazzler's voice was superior.

Enraged at having her plans thwarted (and at the perceived slight of having another woman chosen in her stead), Amora sought to both claim the mystical energies of the rift while also destroying her rival by aging Blaire to death while she was on stage performing. Unfortunately for the Enchantress, many of the city's super-powered heroes, seeing Dazzler as one of their own, were in the audience to support the young woman. They came to her aid, and in the ensuing battle, Amora was forced to use so much magic that the rift was destabilized. With ultimate power now beyond her grasp, the Enchantress chose to flee, rather than fight a pointless battle.

The Enchantress' crimes earned her Odin's wrath, and she suffered exile from Asgard in the past. However, she and the Executioner both came to Asgard's aid in its recent war with Surtur and his legions from Muspelheim. The Enchantress and Executioner joined with the heroes of Asgard, and earned the right to stay in Asgard once again.

Amora also became involved with the guardian of Asgard's Rainbow Bridge, Heimdall. In retaliation for her younger sister Lorelei's rude refusal to join her in battling Surtur, the Enchantress used sorcery to make Lorelei fall in love with Loki. Despite those examples of heroism, the Enchantress basically remains an opportunist seeking her own ends. Finally tiring of the Enchantress's contemptuous treatment of him, the Executioner nobly sacrificed his life on a mission with Thor into Hel, the realm of the goddess Hela. Despite the fact that Amora had always lead the Executioner on, she did genuinely grieve for him. Amora developed a crippling fear of danger as a result of the death of Skurge, and took solace with Thor. The two soon developed a romantic relationship.

Amora was captured by Frost Giants during the chaos of the psychic menace Onslaught. She eventually used her magic to escape and returned to Earth. Discovering Thor was missing (he had presumably sacrificed himself to defeat Onslaught), Amora searched for the Asgardian gods, who had at this time been turned into mortals by Odin's magic. Amora soon helped the gods to reclaim their former glory by defeating the machinations of Set.

Amora returned to Asgard and also restarted her relationship with Thor. During Ragnarok, she was killed during the initial attack by Loki's forces.

Recently, Thor himself returned from beyond death, to once again take up the mantle of Earth's protector, this time as the Lord of Asgard. He restored the city of Asgard (currently located in central Oklahoma), and awakened many Asgardians, who were sleeping within various mortals scattered across the world. It was Thor's intention to awake only those Asgardians whom he deemed noble and trustworthy, while leaving others (such as Hela and Loki) in their mortal state, unaware of their true nature. Apparently he felt that Amora, despite her previous heroic acts (and their romantic liaisons) fell into this 'untrustworthy' category, and he made no particular effort to seek her out. Loki, however, having gained some awareness of his true self despite being locked within the form of a mortal woman, managed to manipulate Thor into waking many, if not all of the remaining Asgardians. Amora was brought forth, and promptly departed for some far corner of the earth.

## Death

After Thor returned to life and recreates Asgard on Earth, Loki manipulated him into awaking every Asgardian, including his enemies, among them being Amora. Unlike the rest of her brethren, Amora did not immediately return to Asgard and instead began manipulating reality by attacking the World Tree, Yggdrasil, in order to resurrect Skurge and end her loneliness as she finally realized how much he meant to her. She was ultimately thwarted by Thor, Loki, and Blader, who convinced her that she was hurting the other Nine Worlds with her magic and would only dishonor the death of Skurge by resurrecting and releasing him from Valhalla.

More recently, after the destruction of Asgard by Norman Osborn and his forces, Thor, Steve Rogers and Iron Man were transported through a portal and scattered through the Nine Worlds. The Enchantress appeared in Vanaheim, where she told Thor she would have vengeance upon him.

## Vergo

**"Demon Bamboo" Vergo** was one of the four elite officers and the first to occupy the Heart seat of the Donquixote Pirates under the codename **Corazon** .

He was a Marine vice admiral, and head of G-5, who made his debut at Punk Hazard. Due to his duplicitous conduct and allegiances, he can be considered the secondary antagonist of the Punk Hazard Arc.

Vergo already came to know the Donquixote Family when he was 10 years old, having befriended Donquixote Doflamingo alongside the other future officers: Trebol, Pica, and Diamante while in North Blue. Impressed by Doflamingo's ability to use Haoshoku Haki, Vergo, Trebol, Pica, and Diamante swore their loyalty to the young former Celestial Dragon and treated him like royalty, protecting and training him in the arts needed to make him the Pirate King. Their devotion for him is such that they would kill any and everyone who would so much as offend Doflamingo in even the slightest manner, going as far as burning down an entire town for having poor pavement that made Doflamingo trip.

Vergo was the first person to hold the Heart seat (and in effect, the codename "Corazon") in the Donquixote Pirates. At age 26, he enlisted in the Marines under Doflamingo's orders and abdicated the Heart Seat for Donquixote Rosinante to succeed him. Vergo then climbed the ranks for about fifteen years. One year after becoming a Marine, he asked Admiral Sengoku to transfer him to G-5. He reached the rank of captain by the time Doflamingo took over Dressrosa, and eventually became a vice admiral. He did this while keeping his true identity hidden from everyone outside of his affiliates. This allowed Joker to have in his control one of the most trusted and convenient Marines available to him. While he was in the upper echelons of the Marines, he claimed to visit his sick sister in his hometown in order to take leaves of absence from his Marine duties.

About six months after his transfer, he was sent to Swallow Island to help retrieve the Ope Ope no Mi. There, he met a young boy named Trafalgar Law who had a message for the Marines. Law then asked Vergo to help save his injured friend, but upon reaching him, Vergo found out his friend was Rosinante. Vergo then read the letter and saw it consisted of information on the Donquixote Pirates' upcoming plans. Realizing that Rosinante was a spy for the Marines and that Law was the boy he had taken from the crew, Vergo immediately disposed of the document and violently beat both Rosinante and Law by hardening his fists with Busoshoku Haki. Vergo then called Doflamingo to report Rosinante's treason, though Rosinante and Law managed to get away in secret while he was distracted. Doflamingo would suggest that this event traumatized Law to this day.

Vergo also supported Caesar's research by reporting the kidnapped children to have died in accidents at sea in the official Marine reports, as well as helping to shroud the true nature of Punk Hazard in mystery, though out of distrust, Monet was placed as a deep cover agent to monitor the deranged scientist on behalf of Joker.

## During the Timeskip

When Smoker and Tashigi were assigned to G-5, Vergo told them that they would grow accustomed to the rowdy soldiers there and may even start caring for them. One time Tashigi went to tell him about a report of children being kidnapped, and Vergo lied that it was false and just a way to give the parents hope.

Thirteen years after Trafalgar Law had defected from the Donquixote Pirates, Monet reported that he was working with Caesar on Punk Hazard. Vergo was on Dressrosa at the time, and so boarded a SAD Tanker to Punk Hazard.

## Punk Hazard Arc

As Law and Monet were walking through Caesar's lab, Vergo approached them from the shadows and stopped Law in his tracks by squeezing his disembodied heart, which Law had given to Caesar as part of their agreement. Vergo said that Law had grown a lot since he had last seen him. Vergo revealed Monet's undercover status, and when Law moved to attack him, Vergo responded by squeezing his heart and hitting him with his Haki-imbued staff. Vergo and Monet then had Law imprisoned in a cage along with Smoker, Tashigi, Monkey D. Luffy, Nico Robin, and Franky who had all been captured by Caesar. Vergo looked outside with interest as he watched Caesar's new creation Smiley rampaging. He then revealed his true allegiance to Smoker and Tashigi, and stated that they and their soldiers would be killed here and he would pass off their deaths as an accident.

Caesar then entered the room, and Vergo and Monet watched as he unveiled his new weapon of mass destruction by transforming Smiley into a gas known as Shinokuni. Caesar had the prisoners' cage moved outside to have them killed by Shinokuni, but after a while the trio did not see any pirates or Marines petrified by the gas after it had consumed the whole island. One of Caesar's men then reported that the prisoners had escaped their cage and broken into the lab, and Vergo went to go deal with Law and Smoker to ensure that he and Doflamingo would stay out of trouble.

Vergo went to the passageway between Sections A and B and confronted a platoon of the G-5 Marines led by Tashigi. The Marines initially thought Vergo had come to help them, and were shocked when Vergo used Shigan on one of them. Tashigi attempted to tell the Marines about Vergo's true allegiance as she attacked him, but Vergo quickly overpowered her. The Marines then started attacking Vergo, though they were still in denial and believed him to be an impostor, and Vergo easily took them out. Suddenly, Sanji came rushing in and kicked Vergo in the face with **Diable Jambe** . Sanji pummeled Vergo with more kicks, but Vergo quickly got back up with only minor injuries. He and Sanji then started clashing kicks as Shinokuni was released from Section A into the passageway. Suddenly, it was announced over the intercom that Law had gotten into the SAD Production Room, and Vergo was shocked upon realizing what Law was planning to do.

Vergo abandoned Sanji and used Geppo to escape into the Section B. He contacted Doflamingo to inform him of the situation, and Doflamingo ordered him to kill Law immediately. When Vergo arrived at the SAD Production Room, Law attempted to use his Ope Ope no Mi powers to get his heart back, but Vergo physically overwhelmed him and was unfazed when Law tried to electrocute him with **Counter Shock** . Vergo then gave Law's heart a prolonged squeeze and made him lose consciousness before being confronted by Smoker. Vergo revealed that he had already revealed his true colors to the rest of the G-5 platoon, and mocked Smoker for caring about insignificant soldiers. The two of them fought fiercely, and each managed to land blows on each other.

Ultimately, Vergo was able to exploit Smoker's increased body volume that resulted from his Logia transformation and use Busoshoku Haki to land a powerful strike on him, which broke his jitte and left him defeated on the ground. However, Law then approached the duo with his heart back in his possession, having managed to take it back with Smoker's help. Law started talking to Doflamingo, who was still listening through Vergo's Den Den Mushi, telling him that he was going to lose both Caesar and his SAD supply. Vergo covered his entire body in Busoshoku Haki as he prepared to attack Law, but Law then took out his sword and used his Devil Fruit ability to unleash a massive cut which not only bisected Vergo at the waist, but split apart the entire laboratory and mountain.

Law then cut Vergo into several smaller pieces and attached them to the guardrail in front of the destroyed SAD production machines. Vergo warned Law that he would not be able to replace Doflamingo easily as he did not know Doflamingo's past, and Law responded by vertically bisecting his head. Later, Doflamingo contacted Vergo to inform him that he had instructed Monet to activate a secret destructive gas, which would kill everyone around the lab except Caesar. He apologized to Vergo for having to do this and thanked him for all the work he had done, and Vergo simply smiled. The SAD Production Room then exploded, and Doflamingo, upon arriving at Punk Hazard later, stated that Vergo had died.

## Sir Toasty

**Sir Toasty** is a fiery knightamaton created by Father and used by the Delightful Children From Down The Lane.

### History

Sir Toasty was activated by the Delightful Children when Numbuh 5 sneaked into their mansion to steal tortilla chips. They encountered her in a hallway and ordered Sir Toasty to attack her, but Numbuh 5 managed to launch herself over the flaming knightamaton with the help of a fire extinguisher and run out through the door

## Potty Mouth

**Potty Mouth** is a toilet-headed villain. He was first seen at Mr. Boss's assembly in *Operation: M.O.V.I.E.* but only officially debuted/ appeared in *Operation: A.W.A.R.D.S.* where he won the Villain's Choice Award for "Best Toilet-Based villain" over the Toilenator.

He also appears briefly in *Operation: I.N.T.E.R.V.I.E.W.S.* with Knightbrace, when they try to steal the Queen Tie's larva and were soon eaten by the Queen herself.

## Crazy Cat Lady

**Dr. Eleanor Abernathy MD JD**, better known as the **Crazy Cat**

**Lady**, is a mentally ill hoarder woman who always surrounds herself with a large number of cats. She usually screams gibberish and/or throws her cats at passersby. She gives Lisa one of her cats, Snowball V, who looks exactly like her original Snowball II. She is 40 years old, although she appears elderly.

## Life

When she was eight, Eleanor Abernathy was a smart and ambitious young girl who wanted to be both a lawyer and a doctor "because a woman can do anything". She was studying for law school at 16, and by 24, she had earned an MD from Harvard Medical School and a JD from Yale Law School. However, by 32, suffering from burnout, she had turned to alcohol, became obsessed with her pet cat, and would randomly take to cutting pieces of her own hair. By the time she was 40, she had assumed her present state as a drunken, raving lunatic. She once shared a cat with Moe.

In Abernathy's first appearance, Lisa stands in front of Abernathy's house and attempts to cast her in a positive light, asking, "Can anyone who loves animals so much, really be crazy?" At this point, Abernathy emerges from her house throwing cats and pursues Lisa throughout town.

## Intelligence

Even without medication, she appears to be very intelligent. When Mayor Quimby is recalled, she runs for the mayor's office. During a candidate debate, she is asked what public policy issues are important to her. Unlike the other candidates (who act as stereotypical dishonest politicians), Abernathy discusses issues such as health care, economy, and public education in between her screams and gibberish (and a call for cats "in everyone's pants").

## Illness

The Cat Lady enjoys "brief moments of lucidity" after taking psychoactive medication. She abruptly resumes her usual bizarre behavior when Marge mentions that the "pills" are actually Reese's Pieces. Her medication helps her speak intelligibly rather than her usual gibberish. She has a hoarding disorder, which we learned in the episode "A Midsummer's Nice Dream" is the current cause of her mental illness. However, in her first appearance, while Lisa is doing a news report, she asks "Can anyone who loves animals this much *really* be crazy?". However, Lisa likely wasn't aware of the cats' distress.

## Flim Flam Brothers

The **Flim Flam Brothers** are recurring antagonists in *My Little Pony: Friendship Is Magic* and the main antagonists of the Holiday special, *The Best Gift Ever*, despite their small role. They are twin unicorns and charismatic con-artists who frequently antagonize the Mane 6, despite that they saved Equestria a dozen times, trying to scheme them and everypony to become richer. Particularly they are also the former archenemies of Applejack.

Flim is voiced by Samuel Vincent (who also voices Lord Betrayus), and Flam is voiced by Scott McNeil who also played Nate Grimes from Woody Woodpecker, voiced the Evil Masked Figure from Scooby Doo, and some ninjago villains like Overlord (Ninjago), Nadakhan, Clouse (Ninjago) and others.

### Season 2

In "The Super Cider Squeezy 6000", the brothers drive into one of the gates of Sweet Apple Acres' apple orchard on a cider-making contraption and introduce themselves through song and dance. They challenge the Apple family to a cider-making competition against their machine, The Super Speedy Cider Squeezy 6000. With Ponyville's citizens faced with the dilemma of a limited quantity of manually pressed cider, they turn to the Flim Flam brothers and their automated cider production. The brothers attempt to broker a deal with the Apple Family, who will supply them with their delicious apples, and they will sell the cider under the Flim Flam brothers name. They call for a 75-25 split in profits in their favor.

The Apple Family denies the offer, which prompts Flim to state that if the Apple Family refuses to partner up with the brothers, they will run the family out of business and Ponyville. The Flim Flam brothers challenge and provoke the Apple family into a cider-making competition, and end up winning the competition.

The brothers in panic, change the setting of the machine so it no longer preforms quality check what goes into their cider and make more barrels of cider. The end result of this action causes the cider to taste horrible and all the ponies refuse to drink it. Realizing no pony in Ponyville will pay for their cider, regardless that they won, the Flim Flam brothers decide to try the next town over, and beat a hasty retreat. This alludes to the fact that this is not the first time the brothers have been run out of a town because of their tactics (and most likely won't be their last either).

Season 4

The brothers return in the episode "Leap of Faith", this time selling a product called the "Flim Flam Miracle Curative Tonic", using a song number to hype it as a panacea able to cure any ailment and injury, and even restore youth, among other outrageous claims. The tonic appears to work on a crutch-wielding volunteer in the audience, who casts off his crutches after drinking it; and later on Granny Smith, who overcomes her crippling fear of swimming.

Suspicious of Flim and Flam, Applejack visits the brothers' tent that night and discovers that the volunteer pony, Silver Shill, is part of the brothers' act to promote the tonic. When confronted by Applejack, the two partially admit that their tonic is a useless mixture of apple juice and beet leaves. However, they point out that Granny Smith's blissful ignorance of the tonic's true nature is allowing her to relive her youth as an aquapony, and guile Applejack into silence by suggesting that she would be denying her grandmother that happiness if the truth is revealed.

The next day, Flim and Flam sell their entire stock of tonic to Granny Smith for her to perform at the Ponyville Swim Meet, while Applejack unwittingly approves of its apparent beneficial effects, boosting their credibility. They set up shop at the swimming competition, promoting Silver Shill to help sell their tonic. However, Applejack realizes the bad example her dishonesty is setting for others and, after stopping Granny Smith from performing a dangerous high diving stunt, reveals that the tonic is fake. The brothers try to save face by endorsing the tonic's placebo effects, but Silver Shill, inspired by Applejack's honesty, intervenes and further confirms the brothers' schemes. Defeated again, Flim and Flam hastily flee Ponyville before anyone notices their absence.

Season 5

Flim and Flam have a cameo in the Season 5 finale "The Cutie Re-Mark Part 2". In one of the alternate timelines created by Starlight Glimmer interfering with history, the brothers have somehow conquered Equestria, turning it into a heavily industrialized nation and clearing away the forests to feed the trees into their factories' furnaces, which in turn fill the skies with smog. This timeline, along with the others, is erased when Twilight Sparkle manages to get history back on track.

Season 6

In "Viva Las Pegasus", the brothers return, this time working at a hotel. When Applejack and Fluttershy arrive to solve a friendship problem, they spot Flim and Flam after their very friendly employer/boss, Gladmane, gives them a tour. Fluttershy assumes that their dilemma is the problem they need to solve, however, Applejack refuses to help them, not only because of what they did in the past, but because she claims that everyone else is better off without them together.

Fluttershy soon investigates the two and realizes that they've been fighting since they were employed and that Gladmane had them and all his other two pony acts fighting each other so they would never leave, since they couldn't get along. Applejack and Fluttershy decide to get the brothers to help them expose Gladmane's deceptive ways, and by extension, solve all the friendship problems in the hotel. They confront the brothers and tell them what's really going on, only for them to dismiss their claims, stating that Gladmane is a good friend of theirs, only to remember that Applejack is the element of honesty and that she wouldn't lie to them over a serious issue.

Furious and reunited, the brothers decide to use one of their get rich quick schemes to bring down Gladmane. They dress Fluttershy up as a very rich pony who might like to open a casino of her own, wanting to know Gladmane's secret on how he keeps his travelling ponies working for him, with Applejack and Flam planning to broadcast his answer over his casino. To their surprise, Gladmane lies about his secret, claiming that friendship is why they stay and tears off Fluttershy's wig, stating that he practically invented their con-man technique and knew they were going to trick him the whole time.

Later Applejack and Fluttershy were forced to go to his office, where he boasts about his victory, only for the two to reveal that Flim and Flam knew that he would discover their plan and boast about it, broadcasting his evil monologue over the casino while he was gloating, revealing the truth to all of the showponies. After Gladmane is out of business, Flim and Flam immediately go back to their conman ways, taking over the casino and tricking everybody into going in the theater, despite there no longer being any acts there, angering Applejack.

Season 7

In "A Royal Problem", Flim and Flam have a brief cameo while Celestia is in the dream realm, shown playing in a massive pile of money.

Season 8

In "Grannies Gone Wild", Flim and Flam's images/statues are emblazoned all over their resort.

In "Friendship University", Flim and Flam open Friendship University, a school said to teach friendship in half the time of Twilight Sparkle's School of Friendship. The school does not charge tuition, but charges high prices for coursework material. Twilight and Rarity find out Flim and Flam stole half of Twilight's lesson plans (by only doing half the lessons, they will indeed finish in half the time) and will eventually leave the students high and dry and use the money to fund their resort. Their con exposed, they are forced to close down the school and refund the students.

Season 9

In "The Beginning of the End - Part 1", while Twilight's friends recount the villains they've taken down without the princesses' help, Applejack mentions Flim and Flam, asking if they count. In "The

Ending of the End - Part 2", Flim and Flam join with the rest of Equestria to help defeat Queen Chrysalis, Tirek, and Cozy Glow, being seen using their magic to form a force-field around the Mane 6 alongside all the other unicorns.

## Roles in the Comics

In *Friends Forever* Issue #9, The Flim Flam Brothers seem to be dissolved, when Granny see Flim at Apple con selling apple peeler she wasn't happy and tell him where his twin is and was sure that he tried to trick her when he said he didn't talk to him since weeks. Granny walk away, then she hear Flam voice who was also apple peeler, she was sure the two were working on their tricks on pony, but Flam told her the same thing that he didn't talk to his twin since weeks.

After listen to both of their version, she decided to reconnected them, but they were again fighting and she break threw, telling them her story about two brothers like them, but that they never reconciled after she rejected them.

Flim and Flam see that they can forgive each other and hug Granny Smith before leaving for their stand and work togheter again. Applejack asks Granny if she has something to do with the brother's sudden happiness, she finally admits she helped a little bit. When Apple Bloom asks her why she would help them after all the things they've done to them and other ponies, Granny Smith tells her that folks needed the same help as one another, even if they're as shady as the brothers.

In the *Siege on the Crystal Empire* storyline (issues #34-37), Flim and Flam are one of the many villains recruited by Radiant Hope to distract the Mane 6 while she revives King Sombra.

In the beginning of issue #34, the brothers, lamenting on their defeat by the Apple Family in *Leap of Faith* (or another unrelated incident, as the time in which their defeat occurred is not stated), are confronted by Radiant Hope, who promises the brothers a chance to get revenge on Applejack, to which they happily oblige. When the two enter the Crystal Fair, Applejack and Twilight are skeptical about letting them in, only for the brothers to convince them that they had become legitimate business men and are now using a lemonade making machine instead of a cider one. After Lightning Dust attacks the arts and crafts portion of the fair, the brothers allow Applejack to open their machine, where she finds dozens of Changelings that the brothers smuggled in, who signal Iron Will to steal the Crystal Heart. In the ensuing chaos, Applejack pounces on the brothers and effortlessly beats them into submission, ties them up and imprisons them in cages with all the other defeated villains.

In issue #35, the brothers are freed by the revived King Sombra and take part in systematically defeating the Mane 6, Shining Armour and Spike. During the huge battle, Flim and Flam use their conman techniques to defeat both Rarity and Pinkie Pie by tricking Pinkie into letting them use her party canon, stuffing her inside of it and firing her at Rarity, blasting them into the same cage Lightning Dust had imprisoned Fluttershy inside.

In issue #36, the brothers, Lightning Dust and Iron Will question their actions as they had not agreed to helping Radiant Hope overthrow the Crystal Empire, only for Queen Chrysalis to inform them that Hope's true plan was to revive Sombra so he could release the Umbrum, a race of evil shadow ponies that had been imprisoned under the Empire for thousands of years, as she was not aware of their intentions for Equestria. The brothers, Lightning and Iron Will ask Chrysalis to help them survive the up coming Umbrum invasion, only for her to back stab the group and leave with her Changelings. The brothers presumably leave the Empire afterwards.

Equestria Girls Universe

Flim and Flam's human versions appear in *A Case For The Bass.* In this universe, the brothers own a pawn shop that Granny Smith's human version inadvertently sold the human Applejack's bass to. When Applejack and her friends come to the shop to retrieve it, the brothers try to con Applejack out of a fortune, but when she explains the situation to them, the twins at first are skeptical about her ownership and find the evidence that proves otherwise to be circumstantial. However, once Applejack shows her talent by playing the instrument (and magically gain pony ears and a tail) the brothers are convinced by her ownership and when the gang (minus Applejack) glare daggers at the twins when they charge the instrument for ridiculous aspects, the con artists manage to get Applejack to trade for the instrument for advertising their store, but, ironically, get the last laugh (unlike their pony versions) when they make her dress up in a banana suit, much to her displeasure.

Flim and Flam human couterpart make a cameo appearance in *Roller Coaster of Friendship*, when the girls arrive at their stand as Rainbow Dash play to throw some balls of the goblets wich she win much to their shock and disbelief that someone win meaning that no one else win their game, while Rainbow Dash is the only one who win.

### *Mortal Kombat*

A member of the four-armed Shokan race, Goro became the Grand

Champion of the Mortal Kombat tournament after defeating the Great Kung Lao. For 500 years, he remained undefeated and helped Shang Tsung grow ever closer to achieving Shao Kahn's goal of domination over Earthrealm. In his tenth title defense, however, during the last tournament at his Lair on Shang Tsung's secret Island within Earthrealm's Lost Sea, he faced Liu Kang, a shaolin monk chosen by the White Lotus Society to represent them. Kang pushed him to his limits and finally defeated the mighty Shokan warrior. In the tournament's aftermath, he went missing after a battle where he fought the Black Dragon thug Kano, movie superstar Johnny Cage and Special Forces operative Sonnya Blade, and was believed to be dead.

## *Mortal Kombat 4*

After Shao Kahn's defeat, Prince Goro reappeared. He challenged Liu Kang in Mortal Kombat, but lost again to the Shaolin Monk. Despite having the intent to avenge his losses at the hands of Liu Kang, Prince Goro began to take an interest in the matters of his own race and he joined his fellow Shokan in the war against the Centaurians. Princess Kitana of Edenia intervened and negotiated both races an uneasy truce and peace accord. During the negotiations, Kung Lao appeared and challenged Goro. He wanted to kill Goro for vanquishing his ancestor, the Great Kung Lao.

Kung Lao slashed Prince Goro's chest leaving a scar in it. Since it was a ceremonial blow, Kung Lao considered the score settled and the two shook hands. When the fallen Elder God Lord Shinnok and his legion of darkness were defeated and the realm of Edenia was once again free, Prince Goro and the Shokan race decided to ally with Princess Kitana the Edenians. As a condition in their partnership, Goro signed a peace treaty with the Centaurians.

## *Mortal Kombat: Deception*

Years later, during the time of the Deadly Alliance, the united Edenians and Shokans marched on Shao Kahn's weakened army. Prince Goro was exhausted from battle and was struck from behind by the wraith Noob Saibot. He was mortally wounded, apparently dying from the injury. So, Princess Kitana held a royal funeral at the Kuatan Palace for her former ally. However, Goro was able to survive, being saved from death by Shao Kahn himself, with the promise to return the Shokans to their former glory and the banishment of the Centaurians in exchange for his allegiance. Agreeing to these terms, Goro placed his royal seal on a nearby fallen disfigured Shokan (whom Kitana and the other Shokans found and mistook for him, successfully deceiving them while hiding his defection) and resumed his place at Shao Kahn's side.

*Mortal Kombat: Armageddon*

Goro helped Shao Kahn to become the Emperor of Outworld again. Along with Shang Tsung, he aided Shao Kahn in reclaiming his stronghold, which was occupied by the Edenian forces led by Mileena. The three crushed all who defended the stronghold, and with their combined might destroyed the reinforced door that guarded the throne room. Mileena then surrendered, and Shao Kahn became Emperor once more.

Later on, Goro was confronted by Taven in Shao Kahn's Fortress. The Edenian demigod wished to kill the Netherrealm necromancer known as Quan Chi, but in order to do so he had to get through Goro first, fighting him on the Balcony. Taven eventually defeated Goro, who stormed off, telling Taven that if they were to meet in the battle field, he would not be so lucky. Goro then joins the Forces of Darkness where he was killed somewhere in the middle of the Battle of Armageddon.

Alternate Timeline *Mortal Kombat* (2011) Prince Goro celebrated nine consecutive victories in *Mortal Kombat* and brought more honor to the Shokan race with each victory. He entered the *Mortal Kombat* tournament to fight for Outworld and to help the emperor, Shao Kahn, achieve his goal: to conquer Earthrealm.

Goro appeared in his lair where he confronted the last remaining Earthrealm warrior, Liu Kang. Although Goro was considered a mighty warrior and had experience on his side, he was defeated by Liu Kang, who later defeated the sorcerer Shang Tsung, winning the *Mortal Kombat* tournament and assuring freedom for Earthrealm.

Prince Goro is later seen along with Sheeva at the beginning of the second tournament in Shao Kahn's throne room. He offers Shao

Kahn a Ying Yang seal. Kahn inspects the seal, then hands it back to Goro. The significance of the Yin Yang seal (if any) is never explained.

Later on, Prince Goro found Liu Kang in the Tower at Shao Kahn's Fortress searching for Princess Kitana, Goro tried to challenge Liu Kang, but ended up fighting Kung Lao instead. The Shaolin Monk was victorious, avenging the death of his ancestor, the Great Kung Lao. After defeating Goro, Kung Lao demanded the location of Kitana, Goro told them that she was to be found in the Coliseum, but he had no doubt the Edenian princess was going to be executed. Enraged by Goro's words, Liu Kang knocked the Shokan Prince unconscious.

Goro later appeared guarding Earthrealm prisoners alongside Kintaro and Kano, and was frozen by Cyber Sub-Zero. Both Goro and Kintaro broke free of the ice and faced the former Lin-Kuei in a two-on-one match, but the two Shokan ended up losing to the cyborg.

*Mortal Kombat X* Comics

Prince Goro is first featured in flashbacks narrated by Kotal Kahn, which reveal Goro aided Shao Kahn in slaughtering the people of Osh-Tekk.

In another flashback from the Kytinn creature D'Vorah's perspective, Prince Goro accompanied the emperor Shao Kahn and his general Reiko to the Arnyek Islands to aid in their conquest. The Shokan prince later oversaw the enslavement of the Kytinn alongside D'Vorah and Shao Kahn.

In the present, Prince Goro was sent by Outworld's new emperor to hunt down the traitors to the empire, Reiko and Mileena. However, though Goro succeeds in locating them in Outworld's Golden Desert, he is successfully swayed to their side by promises of restoring the Shokan to their former glory and vows to kill Kotal Kahn for them.

Goro discusses with Reiko over their strategy to lure Kotal Kahn to them, as well as their ambush of his father, Kotal K'etz. While Rain blocks out the sun using storm clouds to weaken the Osh-Tekk and Red Dragon mercenaries Reiko hired lay in wait using cloaking technology, Goro stands boldly outside Mileena and Reiko's fortress within the Golden Desert as K'etz approaches with a band of warriors, Reiko having lured them there by leaking their location for their trap. Kotal K'etz declares Goro a traitor and strikes him with Shao Kahn's own Wrath Hammer, shattering several teeth in his jaw, though Goro is hardly fazed.

Challenging K'etz to do his best, Goro uses a fireball and dropkick to catch the former ruler of Osh-Tekk off-guard while Mavado of the Red Dragon clan springs the trap on K'etz forces. Smashing K'etz's skull against a rock, all the while declaring he is no ratcatcher for his son, before claiming the Wrath Hammer for himself and using it to decapitate K'etz, killing him.

Goro rallies the Red Dragon mercenaries, with Rain at his side, as he informs them that Mavado has reported Kotal Kahn's approach, the usurper emperor riding alone to face them. Goro then declares the Kotal Kahn will die as his father did, at his hands.

Later, Goro watches as Kotal approaches, alone, with Rain calling the Osh-Tekk mad, which Goro states was their plan all along, to make Kotal reckless and easy to kill. Goro orders Rain to block the sun to render Kotal powerless, but while Rain complies and summons more clouds, Kotal Kahn badly burns the traitor with the sun anyway, revealing his enhanced power through blood magic. Unconcerned for his ally's condition, Goro calls the first wave of Red Dragon forces to meet Kotal head on, but they are all slaughtered in short order and the emperor challenges Goro to kombat. Goro eagerly accepts, commanding the remainder of his forces to stay behind. Goro declares that Shao Kahn would never have allowed an Osh-Tekk on the throne and that he knew better than to treat a Shokan as a servant and attacks Kotal with a fireball, proclaiming that the Shokan live to conquer. A wounded Kotal Kahn attempts to rise, but Goro kicks him back onto the ground, before lifting Kotal up his neck. The Shokan Prince mocks Kotal, telling him to struggle and die with dignity like his father did.

However, this proves to be Goro's fatal mistake, as the enraged son takes vengeance for his father and escapes Goro's grasp, taking

Goro's arm with him. A shocked and agonized Goro can do nothing as Kotal takes each of his arms off with a single swing of his sword. Falling to his knees, Goro begs Kotal Kahn to finish him as his forces are slaughtered by Kotal's own, having been hidden by the Saurian warrior Reptile.

Kotal considers it before declining, declaring it to be an act of kindness that is forbidden by Shokan tradition, further infuriating the humiliated prince. Later, though unseen, Reptile reveals Goro will be returned to the city of Kuatan to be imprisoned.

Goro is seen kneeling in shame before his father King Gorbak. Instead of executing him for his failure, however, Gorbak sheds a tear for his son's shame and bids him to rise. Goro asks his father to kill him, the prince declaring himself an unworthy heir, but Gorbak refuses and proclaims that the Shokan will no longer suffer under Osh-Tekk rule before revealing to his son he has sent an army led by Kintaro to strike at Kotal Kahn while he is weak.

Goro's father ultimately failed to kill Kotal Kahn and instead lost his life. Goro numbly witnesses the cremation of his father's body when he is approached by Kintaro, who tells Goro his injuries disqualify any claim he had to the throne. After Kintaro informs him of the contest for the crown to be held after the final battle with Z'unkahrah, Goro asks him what if he were to enter, and Kintaro warns him, reminding him of his crippling while mockingly reminding him Gorbak is no longer there to protect him. Goro makes it clear he will return, and vows vengeance on any disloyal Shokan, saying they will beg for mercy and be shown none. With that, Goro departs Kuatan on a massive bison-like beast.

In his exile, Goro studies the draconic lore of Onaga the Dragon King, and becomes intrigued when he learns it was purported that Onaga possessed powerful regenerative abilities. Preparing himself to meet with the Red Dragon clan's leader Daegon, one of the 2 half-immortal sons of the Edenian god Argus. Goro fought and defeated Kenshi Takahashi, a traitor from the clan and dragged his body to the Krimson Forest where the Red Dragon's main headquarters resides. Arriving, Goro requests to see Daegon, only to be mocked by several Red Dragon soldiers. When one calls Goro the "prince of cripples", the former Shokan champion kicks the soldier into his compatriots before stomping on them. Before he can kill them, Daegon makes his presence known. Goro explains to the demigod he has studied their lore on Onaga, and though Daegon quickly understands his interest in the Dragon King, he asks why he should help Goro. The prince responds that he was already helping Daegon and presents Kenshi to him, which earns him Daegon's interest.

*Mortal Kombat X*

His absence from the main story mode is answered in the prequel comics: the Shokan did not ally with Mileena or Kotal Kahn, and thus were shunned by both and forced into being outcasts. He also serves as the last character the player faces before the Fallen Elder God Shinnok in the Classic Ladder mode.

*Mortal Kombat 11*

Although Goro is not playable in *Mortal Kombat 11*, his corpse is found on his throne in his lair, beneath the ruins of Shang Tsung's island, though it remains unknown how he exactly died. Mostly his death was like the countless other people found on the island. Goro being defeated by Kotal Kahn in the *Mortal Kombat X* comics is mentioned during the story mode by Kotal Kahn. Even though Goro made a deal with Daegon in the comics to learn Onaga's regenerating ability to have all four arms again in Mortal Kombat, Goro's corpse is shown with all four arms and Shang Tsung mentioned about bringing back the Dragon King Onaga. Gore might be one of the souls required to revive Onaga. It was confirmed by Sheeva multiple times in intro scenes that sometime before *Mortal Kombat 11*, Goro had indeed been killed by Kotal Kahn.

Applejack: Flim & Flam!

Lisa Simpson: And the Crazy Cat Lady!

Buzz: Been a while Rangers.

Me: I remember you! But you were never seen on TV because the episode you were supposed to be in was scrapped. What a damn shame!

Buzz: That's right and that hurts my feelings.

Me: Well us fighting you will make up for it.

Buzz: I'm actually glad that Mistress Vypra finally set me to fight you Rangers. Trakeena didn't even see me as useful at all.

Leo Corbett: I know.

Me: And Trakeena is dead.

Buzz: Thank goodness.

Shanan: I didn't expect the Chicken from Outer Space to be a Gallusitonian.

Qin: Gallusitonian?

Shanan: A race of super-intelligent chickens from the planet Gallus XI. They are also very dangerous creatures.

Francesca: I didn't know that's what they were called.

Me: No kidding and you told us that a chicken from outer space came the first time.

Raiden: (to Goro) Goro. I didn't expect to see you in the Masters of Evil.

Goro: And it will be an honor to be part of an honorable group.

Me: (Bows) It's an honor to have the great Goro in our frenemies.

Silverstream: I'm excited to have you as my archenemy.

Goro: I won't disappoint you.

Maria: (to Potty Mouth) Didn't Eli send you to the Warp before?

Potty Mouth: I'm from another universe you sewage filled bitch!

Maria: (Enraged) Why you fucking little!?

Me: Maria calm down! He is always like that. They don't call him a potty mouth for nothing.

Luffy: (to Vergo) Unlike Caribou, I'm very happy to see you again.

Vergo: Same to you Luffy. It's an honor to be part of the Masters of Evil.

Me: It's a pleasure to have you with them Vergo. We'll have to consider looking for more candidates for them.

Vergo: Indeed.

Flim: (to us) You all certainly seem more happier then the last time we saw you.

Me: We are.

Nico: And guys I am so sorry that the Digimon Emperor tried to blow you up by blowing Rarity up too.

Me: Yeah but thank goodness we stopped that.

Flam: Who is the Digimon Emperor?

Me: An old enemy from Nico's past. It's a really ugly story. We call that entire event The 20 Days of Darkness and it was not pretty.

I told them everything.

Flim: Oh man!

Flam: That is terrible! Nico I'm sorry you went through all that. But thank you for saving us back there J.D.

Me: You're welcome. And Rarity I'm sorry I tore your shirt too.

Rarity: That's okay J.D. Leni fixed it and made it good as new.

Leni: It was totes easy to fix.

Eddy: It sure was and Flim and Flam you guys remind me so much of myself back when I would scam people for cash for jawbreakers.

Flim: Really?

Eddy: Yep. Reminds me of good times.

Marvel Enchantress: (to Thor) It certainly has been a while, hasn't it, Thor?

Thor: It most certainly has Enchantress.

Sakura Avalon: I am so honored I get you as my archenemy.

Marvel Enchantress: I will not disappoint a fellow magic user.

Numbuh One: (to Crazy Cat Lady) Me and my team actually have an enemy with the same name as you.

Crazy Cat Lady: (Yelling Incoherently)

Bart: She was always like that.

Me: Boy I remember. She was introduced in 1998.

Lisa Simpson: And I did a news report for her that one time. (Season 9 Episode 21)

Me: Wow. Also wasn't that the time when Bart filled up Groundskeeper Willie's shack with corn chowder and blew it up?

Bart Laughed.

Bart: That was fun.

Ginger: (to the Chicken) Please tell me you can talk.

Chicken: Of course I can talk!

Courage: Whoa! I thought he was the strong silent type!

Me: I remember he turned Eustace into one like him.

Courage: Yeah that was awful.

Me: And you fricasseed him right?

Courage: Yep.

Ed: CHICKEN! (Hugs the Alien Chicken) HUG A CHICKEN! HUG A CHICKEN! HUG A CHICKEN! HUG A CHICKEN!

Chicken: Does this happen a lot?

Me: Ed LOVES chickens.

Bridge Carson: (to Sir Toasty) Can me and Ed have some of your toast sometime?

Sir Toasty: (British Medieval Accent) Of course you can fellow warriors. I am a knight of fire.

Nico: Wow!

Lionheart grabbed Iron Boy and tried to suck out his blood. But the tongue couldn't get past his armor.

Iron Boy: (laughs) Check it out, guys! My armor prevents me from getting infected!

Me: Clever!

I punched Lionheart in his face and sent him crashing into a rock.

Me: You will not get us to join the Aparoids, Lionheart! Also you have a lot to answer for when we take you back to Remnant. Lets get them!

We powered up and went at them.

Rainbow Dash: Yeah they were disgusting and horrible!

Lightning Dust: They sure were and they were horrifying.

Spitfire: They had ugly mouths like the Yautjas did.

Scootaloo: And they were cool too!

Magma Gloom: They sure were. But Lionheart is a traitor.

Top: That's what I heard. I heard he was a turncoat traitor on Remnant and Salem killed him.

Vapor Trail: You heard right. And after we cure him he has a lot to answer for his crimes.

Sky Stinger: He sure will answer for them.

Angel Wings: Yeah he will. Justice never came to him.

Soarin: No it didn't and the people of Remnant are calling him a hero even though he is a traitorous turncoat!

Wind Socks: That is despicable!

Night Glider: It sure is. He has no right to call himself Lionhearted. He is more like Blackhearted.

Top: That is more of an accurate term.

Flash Magnus: He is also a coward.

Cloudkicker: He sure is.

Blossomforth: And he may be the headmaster of Havon Academy but he is a coward and a traitor!

Derpy Hooves: And a stupid one.

Indigo Zap: He is like Cinch is.

Lemon Zest: Maybe not like Cinch. Cinch was not a coward.

Sugarcoat: No she wasn't. But both Cinch and Lionheart deserve to be destroyed for their crimes.

Sunny Flare: Absolutely.

Sour Sweet: Yeah!

Frosty Orange: And we'll make sure they both do.

Captain America: We all sure are thank goodness. But we still have the War for Equestria and all that to deal with.

Batroc: Oh that's right! Tomorrow is the big day for the battle. I have a feeling it's gonna be just as devastating as the Battle with Thanos like in the Movie and like it was over a year ago.

Applejack: Yeah I have a feeling it will be just as deadly.

Apple Bloom: We're not going to let all those monsters take Equestria without a fight!

Frozen Fright: No we won't! And they deserve to be destroyed after all that they did to everyone and everypony.

Apple Fritter: You said it! Mostly to the Storm King and Chrysalis.

Big Mac: Eeyup!

Granny Smith: What those monsters did make them 100 times worse than Grogar.

Rex: I know and we have so many gene-slammers that we lost track of how many there are.

Fluttershy: This is the first time we've seen a Pokemon Gene-Slammer before.

Tree Hugger: J.D. told us that he got to experience what it was like to be a Rapidash. That was far out dudes.

Multiplex: Right! I remember hearing about that. That was so cool.

Zecora: Being a Rapidash was fun for J.D., I hear but the battle have to be ready for what our enemies are holding I fear.

Kite Man: Boy I can tell. I would be homesick too after all that.

Pinkie Pie: Me too! But thank goodness they got back together.

Maud Pie: (Monotonously) And just in time before the big war.

Kite Man: Oh man! That big war is tomorrow! Out of all the bad guys you all faced who was the worst of them out of them all?

Pinkie Pie: Chrysalis! She tried to destroy all of Canterlot by impersonating Cadance to drop the defenses!

Kite Man: Whoa! She is a monster!

Marble Pie: No kidding! She has a heart full of hatred!

Limestone Pie: Worse than me! Even though I am not like that.

Cheese Sandwich: Thank goodness. I can't believe that she and the Changelings were like that.

Somnambula: (Egyptian Accent) Me too. But Starlight Glimmer changed them all in a good way. I just wish Chrysalis was not so full of that much hatred. Then she would make a great ally.

Geronimo Jr.: But her heart is so full of darkness and evil that she will never change.

Marucho: What a monster.

Preyas: Yeah.

Kite Man: I don't blame you for saying that. I don't like her either. Lets do it!

Kite Man flew into the air and the group followed and they punched and kicked at him all over.

Aquaman: Well the wanted posters of them say 400 million. But in Earth Money that would be over $500,000,000,000.00.

Sunset Shimmer: Wow! That is great money!

Melter: Boy it sure is. Bounty Hunting is really profitable. But when we it comes to facing all of Luffy's enemies you all hit the jackpot.

Pepperdance: We sure did. You guys can all get good money here to get some financial benefits.

Melter: That is true.

Cayenne: Right now we have to be prepared for the war tomorrow.

Melter: Oh man! That's right it's tomorrow. What did the evil Starlight Glimmer do that was bad?

Wallflower: I heard she blamed all cutie marks and made a village into some kind of cult where all ponies would be equal until Twilight and team ruined it.

Ink Rose: But thank goodness that Twilight stopped Starlight from getting revenge on her.

Melter: What was she gonna do?

Moonlight Raven: Destroy their friendship and all of Equestria by altering the entire timeline.

Adagio Dazzle: That's insane!

Aria Blaze: Yeah I've taken physics classes and like everything J.D. said. It would have disasterous consequences for the entire universe.

Sonata Dusk: Yeah that is horrible!

Melter: How was she gonna destroy the timeline?

Gusty: By stopping Rainbow Dash from making her Sonic Rainboom that brought them together as fillies.

Melter: That's insane!

Chang: Indeed it was.

Alice: Yeah that is crazy!

Alpha Hydranoid: No kidding.

---

Jack O Lantern was next.

Jack O Lantern: (to Green Arrow) After the war, we should go to Peppy to start forming battle plans against the Aparoids.

Green Arrow: That is a good idea. We'll have to consider coming up with ways to destroy them in the future. If everything that Fox and Krystal and J.D. said about them is true then they pose just as big a threat to the entire universe like the Borg and the Necromorphs do.

Twilight Sparkle: No kidding. The Aparoids, Borg and Necromorphs are all horrible monsters.

Luster Dawn: They sure are and they all need to be destroyed.

Princess Celestia: The Necromorphs are horrifying monsters.

Princess Luna: And so are the Aparoids.

Jack O Lantern: I agree with you all on that. I watched Star Trek and the Borg are awful. It's good you destroyed them all.

Princess Cadance: We were told about that. Yeah thank goodness J.D. and everyone destroyed them.

Princess Amore: It sure is good they did.

Jack O Lantern: Indeed. I heard that King Sombra is back too.

Flurry Heart: He sure is and I'm going to make sure that monster pays for killing Princess Amore! She didn't deserve to die like that!

Lilly Crystal: No she didn't!

Cloud Star: King Sombra will pay dearly for his crimes!

Minuette: He sure will!

Twinkleshine: And it won't be pretty!

Lemon Hearts: We'll make sure he pays for his crimes 100-fold!

Lyra Heartstrings: All that and more! Justice will be brought to that monster!

Moondancer: Absolutely! For 1,000 years he caused nothing but pain and suffering to the Crystal Empire and he will pay for it all!

Swift Foot: He sure will! Same with General Rabia!

Star Swirl: And all the villains that we faced.

Sir Great Britain: And it won't be pretty!

?: Let us help!

2 figures came out. One was a kid that Abby and Tyler know and it was KID ROT and the other was TAMATOA from Moana!

---

**Chester**, otherwise known as **Kid Rot**, is one of the primary antagonists of the cartoon *Grossology* . Initially introduced as a sympathetic human character with abnormal abilities, his true self (Chester), a kind and shy individual, succumbs to his self-named alias, Kid Rot (caused by an unstoppable parasite infecting his body ever since his lab experiment failed and gave him the ability to rot anything organic he touches).

**Tamatoa** is the secondary antagonist of Disney's 56th full-length animated feature film *Moana* . He is a greedy, ruthless, narcissistic and selfish giant crab who loves to collect valuable objects for himself. He is also Maui's past arch-rival.

He was voiced by Jemaine Clement, who also played Nigel in *Rio*, Fleshlumpeater in *The BFG*, Vladislav The Poker from *What We Do In The Shadows*, Boris the Animal in *Men in Black 3*, Fart in *Rick and Morty* and Sauron in *The Lego Batman Movie* .

Tamatoa is first seen during Gramma Tala's story concerning the mother island Te Fiti and her life-giving heart. According to Tala, many thieves and scavengers sought the heart for its power, and among these ancient entities were Tamatoa and the pirate band Kakamora, though Maui was the only one capable of actually stealing the heart. In doing so, he was banished to a desolate island, while his fishhook was lost at sea in a battle for the heart against a wrathful and destructive lava demon known as Te Kā. The fishhook would be recovered by Tamatoa, who added it to his collection of treasures.

Later on, Maui is freed from his exile by Moana, who needs Maui to return the heart of Te Fiti to its rightful place. Maui reluctantly agrees, but needs his fishhook in order to accomplish such a goal. After defeating the Kakmora, Moana and Maui travel to Lalotai, where they find Tamatoa's lair. Moana is sent in as bait, covering herself in shiny objects to attract the crab. Tamatoa soon awakens, and examines the human that has entered his shell. Meanwhile, Maui reaches in to grab his hook. Although Tamatoa nearly notices, Moana is able to distract the crab by getting him to talk about himself through the villain song "Shiny". After Tamatoa brags about his shell and explains his love for all things shiny, he tries to eat Moana, only to pause when Maui reveals himself with his fishhook in hand. Tamatoa cowers in fear until he realizes that Maui is out of practice using his hook, crippling his ability to transform.

Tamatoa sadistically takes advantage of this by attacking and brutally thrashing Maui about his lair. When Moana tries to stop the cruelty, Tamatoa traps her within a cage-like plant. Soon enough, Tamatoa darkens his lair and his form becomes bio-luminescent, giving him a glowing yet menacing appearance. Tamatoa also admits that he's aware of Maui's horrible childhood when his parents abandoned him as an infant, but before Tamatoa could devour Maui whole, Moana escapes her cell and creates a phony duplicate of Te Fiti's heart by using a barnacle-covered in bio-luminescent algae.

She calls to Tamatoa to show him the shiny prize in her possessions, and the crab immediately discards Maui in favor of his coveted treasure. He chases after Moana, who drops the glowing barnacle in a crack on the ocean floor. As Tamatoa digs for it, Moana and Maui make their escape. It is not long before Tamatoa realizes that he has been tricked, and the enraged crustacean frantically chases after the duo. They launch themselves onto a geyser heading to the surface, and the impact of the shooting water knocks Tamatoa onto his shell, much to his dismay. Unable to move, he is left stranded on the ocean floor, asking if Moana at the very least enjoyed his song.

Tamatoa is last seen after the credits, where he is still trapped and struggling to get off his shell, but to no avail. He asks the audience for assistance, and sarcastically quips that if his name was "Sebastian" and he had a Jamaican accent, the audience would feel happy to help him out (the reference to the supporting character of the same name from Disney's *The Little Mermaid* ). It is unknown if he ever got back up or if he starved.

Maria: Thank you, sir.

Ironwood: (to Winter) Winter, considering that a war is about to happen tomorrow, I think it would be wise to send in the Ace Ops to help you out with that. See if you can get them here, will you?

Winter: Yes sir!

Me: Thank you General. We need all the help we can get for tomorrow. This war is gonna shake the very foundation of the entire universe to the core.

Tirek

**Tirek**, also known as **Lord Tirek**, is one of the main antagonists of *My Little Pony: Friendship is Magic* . He appears as the main antagonist in Season 4's finale "Twilight's Kingdom", a minor villain in "Cutie Re-Mark", the secondary antagonist in Season 8's finale "School Raze", and one of the three main antagonists of Season 9 (alongside Queen Chrysalis and Cozy Glow). He is G4's incarnation of Tirac; the first villain of the original series. He is also one of Twilight Sparkle's archenemies.

He is a power-hungry centaur with the power to drain the magic and abilities out of other creatures, particularly ponies. In Season 4, he escaped from his imprisonment at Tartarus to steal magic and gain power to take over Equestria, before he was defeated and banished back to Tartarus by the Mane Six. In Season 8, he conspires with his new protégé, Cozy Glow for the sake of revenge, but his plan backfired, thus forcing him to help them escape. In Season 9, he and Cozy Glow were released from Tartarus and becomes a member of the Legion of Doom, a team of villains bend on conquering Equestria, but was defeated once more by the Mane Six and their allies.

He was voiced by Mark Acheson, who also played Unicron in *Transformers: Armada* and *Transformers: Energon*, Moses Tripoli in *Fargo*, and Sabretooth in *Hulk Vs* .

## Childhood

Along with his brother Scorpan, Tirek used to be one of the princes of their old kingdom. Their land was ruled by their parents, the Centaur King Vorak, and the gargoyle Queen Haydon. Despite their fearsome appearances, Vorak and Haydon were benevolent rulers who wanted peace with Equestria. They did their best to guide their children and keep them on the right path, but while Scorpan took after their examples, Tirek was shown to already be a delinquent who constantly got into trouble at a young age. Because of this, his father King Vorak disapproved of his behavior and actions, which caused Tirek to develop an intense hatred for his father. Tirek seemed indifferent to his mother, though it's mentioned in "Frenemies" that he did genuinely love his grandmother. Tirek was a prodigy among his land, born with more magic than any other being in their kingdom, though his father was fearful of this due to the fact that he could sense a thirst for power in Tirek, believing that Tirek would one day try to overthrow him. At some point in time, Tirek started meeting with an old evil centaur wizard called Sendak the Elder, and became his protegee.

One day, Tirek and Scorpan went to visit Sendak. Though at first Scorpan said they had to return to the castle because their parents could be worried for them, Tirek ignored Scorpan and entered Sendak's home. Sendak told Tirek everything about pony magic and how he captured a unicorn when he traveled to Equestria. Sendak further revealed that there was a spell that would allow him to drain magic from other beings and use it to increase his own power, and that he was planning to do this with the unicorn he captured, though not at the exact moment. Supposedly, Equestria had more magic than any other land, and draining all of the magic from the land would make someone an "indominable force". Sendak realized that Tirek wanted to drain the unicorn's magic for himself, but he informed Tirek that he was too young to properly perform the spell at the time, telling him to wait until he was older.

Tirek and Scorpan returned to the castle where their parents, King Vorak and Queen Haydon were arguing until they enter on. That night, Tirek and Scorpan talked about their parents relations with them and when everyone went to sleep, Tirek went out the castle to find out more about pony magic. Once in Sendak (who was taking a nap)'s home, Tirek tries to make the same ability that Sendak used to steal the pony's magic until Sendak woke up just to see how Tirek's spell of absorbing magic just causes a great explosion that traps Sendak under a pile of rubble. Sendak asks Tirek for help, but he abandons him and sneaks back to the castle.

The next day, it is revealed that Sendak was rescued by Vorak's guards, but was sentenced to work in the mines for the rest of his life as punishment for kidnapping the unicorn. Vorak asks Tirek where he was the night when the explosion happened and Tirek explains that he never left the castle. However, his father doesn't believe him and confines Tirek along with Scorpan to their chamber. Tirek is last seen on the balcony where he swears that one day he will overthrow his father and finish what Sendak couldn't: Rule over Equestria.

Since then, Tirek has used magic to compensate for the fact that deep down, he will never be enough to please King Vorak, as explained in *The Ending of the End Part 2.* It is unclear if Tirek has indeed overthrown his parents or if he just simply left them alongside his brother to conquer Equestria. The fact that Scorpan, who clearly loved them, was still on good terms with Tirek by the time they left their land to travel to Equestria, suggests the latter.

## Invasion and Imprisonment

A thousand years prior to the series, a full-grown Tirek and his brother Scorpan traveled to Equestria so that Tirek could finally fulfill his dream of taking all the magic from the land and becoming all-powerful. But when Scorpan came to appreciate Equestria and became friends with Star Swirl the Bearded, he tried to turn Tirek away from his quest. Tirek refused, and Scorpan warned Celestia and Luna of his brother's ambitions, and, because of this, they were able to capture and imprison Tirek in Tartarus for his crimes while

Scorpan returned to his homeland. Before leaving, Scorpan gave Tirek his amulet as a memento of their former bond.

## Twilight's Kingdom

In " *Twilight's Kingdom* ", it is revealed that when Cerberus left his post at the gates of Tartarus (in " *It's About Time* "), Tirek was able to escape. After spending his time free recovering his strength, he had eventually regained enough power to absorb a unicorn's magic. Celestia received a vision of this event and, after meeting with Luna, Cadence, and Twilight to assess the threat of his return, sent Discord after Tirek, as he could sense magical imbalances and therefore make it easy for him to find Tirek. Discord, using the guise of a unicorn, discovered Tirek in an alleyway and confronts him. Tirek initially commends Discord for his "escape" from his imprisonment, only for Discord to bind him with shackles, revealing that he had switched alignments and is reimprisoning Tirek for his friends. Taking advantage of this new revelation, Tirek convinced Discord that his friendship was a new form of prison and that, if they worked together, he could get the one this friendship could never give him; freedom. Discord, despite his friendship with Fluttershy, agrees. With Discord now at his side, Tirek began devouring the energy and magic from unicorns, pegasi and earth ponies alike from all across Equestria, regaining almost all of his strength.

Knowing that he would seek alicorn magic next, Princesses Celestia, Luna, and Cadence, with no options left, called upon Twilight and entrusted all of their magic to her, as Tirek was not aware of the existence of a fourth Princess. As expected, Tirek and Discord assaulted Canterlot in search of the Princesses' magic, only to find the three Princesses without it. Still assured of his victory, Tirek ironically banished the three Princesses to Tartarus and approached Discord, who was comically altering Celestia's stained glass windows. As a sign of gratitude for his efforts, Tirek gave Discord a medallion that he received from "somebody close to him", before seeing the window depicting Twilight and demanding to know why Discord didn't tell him about the fourth Princess. Discord stated that he wasn't sure if Tirek could be fully trusted, but now knowing that he is, tells him about Twilight and her friends. Tirek, though upset over his friend lying to him, does appear to forgive him. Tirek and Discord then headed to Ponyville and captured Twilight's best friends, Tirek draining their power before doing the same to Discord, telling him that he has outlived his usefulness, revealing that his medallion actually came from Scorpan, and that Discord is as worthless to him as his brother was.

Growing to tremendous size from the magic he absorbed with his power even surpassing that of Discord, Tirek sought out Twilight, obliterating her home of the Golden Oak Library in his search, enraging her and driving them to fight in an epic battle. The two were evenly matched, though Twilight seemed to have a slight advantage, and so Tirek revealed the other Mane 5, Spike, and Discord, imprisoned inside orbs. Tirek told Twilight to give him all the alicorn magic in Equestria in exchange for her friend's release, and she agreed, and Tirek released all except Discord, who Twilight then wanted to be released as well. Although not understanding why Twilight would want Discord after he betrayed her, Tirek complies and drained her of all the alicorn magic, increasing his size and strength to titanic proportions. To thank her for her kindness, Discord gave Twilight Scorpan's medallion, this time out of legitimate gratitude, making it the final key to the Tree of Harmony box.

Unlocking the box, the Mane 6 receive Rainbow Power, and confront Tirek with their new abilities. Tirek fires at them with a massive magical blast, only to be confused when his attack has no effect on them. A distressed Tirek asks how it is possible for the Ponies to be undamaged without magic, and Twilight responds by telling him that she possesses the most powerful magic of all; friendship. The Mane 6 then attacks Tirek, draining him of his stolen magic and reimprisoning him in Tartarus, undoing all of his actions.

## The Cutie Map

In " *The Cutie Map* ", Tirek is mentioned by Rainbow Dash when she reminds Twilight that they along with the rest of the Mane Six, have opened all six keys of friendship, defeated Tirek and received a castle of their own.

## Crusaders of the Lost Mark

In " *Crusaders of the Lost Mark* ", Tirek was mentioned again by Pipsqueak, who stated that his battle with Twilight was the cause of the poor conditioning of the schoolyard.

## The Cutie Re-Mark

In " *The Cutie Re-Mark* ", in the fourth alternate timeline created by Starlight Glimmer, without the Mane 6 to stop him, Tirek succeeds in draining all the magic in Equestria and is briefly seen causing destruction.

## Shadow Play

In " *Shadow Play* ", Pinkie Pie mentions Tirek while recounting the threats Equestria has faced over the last thousand years to Starswirl the Bearded.

## The Mean 6

In " *The Mean 6* ", while not mentioned by name, Pinkie Pie briefly recounts the battle between the Mane 6 and Tirek while talking to Twilight (who, in reality, was a clone created by Queen Chrysalis).

## School Raze

Tirek reappears in Season 8's two-part finale, " *School Raze* ", in which it's revealed that he is pen pals with Cozy Glow. He also conspired with Cozy for the sake of getting revenge. Cozy Glow was successful in trapping the Mane 6 in Tartarus, during which Tirek told them that Cozy Glow was behind it and his involvement in her plan. However, Twilight reminded him that if they were trapped in Tartarus, he'd be trapped with them for eternity. Pinkie Pie annoyed Tirek to the point of giving Twilight what remained of his magic so the Mane 6 could escape just to get rid of them.

After the Young Six broke Cozy Glow's spell, Tirek got his magic back, which hit him in the head and knocked him down. Later, a bored Cerberus lay next to Tirek with him remarking that it may be boring in Tartarus but at least Cerberus isn't in a cage. When Luna and two Royal Guards imprisoned Cozy Glow in Tartarus, in a cage next to Tirek, Cozy Glow asked Tirek if he wanted to be her friend, much to Tirek's dismay.

Season 9 The Beginnning of the End

In " *The Beginning of the End* ", while still imprisoned with him, Cozy Glow annoys Tirek by continuing to try and befriend him, before the both of them are suddenly transported out of Tartarus. Emerging within a mysterious cavern, Tirek and Cozy Glow are met by Queen Chrysalis, who immediately accuses them of summoning her, though Cozy Glow assures her that they thought she freed them. As this happens, King Sombra suddenly appears, causing the three to accuse him of summoning them, only for Discord (disguised as the ancient tyrant Grogar) to reveal himself to be the one who was responsible for summoning them. Tirek, Chrysalis and Sombra are shocked to see him, as they believed he was only a legend, though "Grogar" assures them that he is real and states that he summoned them as part of his plan to rid Equestria of Twilight Sparkle and her friends.

Seeing that Cozy Glow doesn't know who he is, "Grogar" decides to demonstrate his power by giving Tirek a sample of magic that revives much of his strength. Tirek then tells Cozy Glow that "Grogar" is ancient and extremely powerful, as well as the former ruler of what would become Equestria, claiming that he had heard stories of his tyranny when he was younger. "Grogar" then tells the villains of how he created monsters that roamed the land and took whatever they wanted under his rule, before Chrysalis remarks how he was banished by Gusty the Great, although "Grogar" claims that he was only temporarily weakened when she took his bell; however, Cozy Glow points out that, since he has been weakened before even Tirek was born, he has a very different idea of what "temporarily" means, much to his annoyance. In reality, Gusty the Great really did banish the real Grogar into limbo, from where there is no return.

"Grogar" proceeds to tell the group that he has watched them and their failures to take over Equestria, and asks them why they have always been defeated by the same six ponies each time, Tirek claiming that it is because they are "annoyingly lucky". "Grogar" rebuffs their answers and claims it is because their enemies work together as a team, demanding that the villains join forces with him to take over Equestria. Sombra, however, refuses to serve "Grogar" and arrogantly proclaims that he will take over the Crystal Empire by himself, causing "Grogar" to send him off to the Empire on the conditions that, if he fails, he will serve him or be destroyed again. After this, "Grogar" tells the others to prepare to work together and leaves. Cozy Glow immediately compares working together to making friends, telling Tirek and Chrysalis that they are in luck since she knows "all about that", though the former only flicks her away in annoyance.

Cozy Glow tries to get Tirek and Chrysalis to work together by having them each say nice things to each other, though this falls apart when Chrysalis refuses to say anything nice about ponies. "Grogar" then approaches them and states that he hopes the three of them will be enough to help his plans along, causing Tirek and Chrysalis to ask about Sombra. "Grogar" shows them that Sombra had failed in his plans to conquer Equestria and had again been defeated by the Mane Six, remarking that he will at least serve as an example to them as what will happen if they don't submit to his plans. Having seen this, Tirek, Chrysalis and Cozy Glow unanimously agree to serve "Grogar", though are seemingly left nervous by the thought.

## Frenemies

In " *Frenemies* ", as "Grogar" is working, Cozy Glow approaches him and tattles on Tirek for leaving food out, Tirek quickly approaching "Grogar" and telling him not to trust anything she says afterwards; though "Grogar" is quick to point out that he already doesn't trust anything that they say. After being annoyed by Chrysalis, "Grogar" informs the villains that he is leaving and demands that they all stop fighting and find a way to work together so that they can accomplish their goals. Once "Grogar" leaves, Tirek, not listening to his orders, begins to work out by himself (seemingly in an effort to re-obtain his physique from when he had absorbed Equestria's magic). While doing so, he is approached by Cozy Glow, who states that she is organizing a team meeting, which he agrees to go to so long as she leaves him be. At the meeting, Cozy Glow encourages the fact that they all need to trust one another to work together, which Chrysalis finds hard to do as Tirek is trying to steal her magic. Tirek firmly denies doing such a thing (returning the magic he actually had stole to a cupcake that Chrysalis devours), and calls her out for constantly ranting to her log, before joining Chrysalis in telling Cozy Glow that she wasn't left in charge. Cozy Glow then tries to get them all to agree with one another over their common goals, leading them all into singing "Better Way to be Bad" with one another, only for them all to devolve into bickering.

"Grogar" returns at the same time, and, upset to see they have not yet resolved their differences, decides to send them off on a mission to retrieve his Bewitching Bell from Mt. Everhoof so that they can learn to work together. Tirek and the others fight over who should lead the mission based on their previous feats, only for "Grogar" to angrily overpower and remind them that they all failed before and cannot work alone. Upon arriving at the foot of the mountain, all of the villains immediately split off and begin to find their own ways of getting up; Tirek staying behind and making a camp for himself. He proceeds to laugh at Cozy Glow upon seeing her return, and explains to her that he had already deduced that getting up the mountain by himself would be impossible, and so had planned to wait for her and Chrysalis to fail so that he could take what they learned and use it to his advantage. Cozy Glow and Tirek proceed to bicker - Tirek calling her out for her fake cutesy persona and constant manipulations having found out that she was only pretending to befriend him long before they teamed up, and Cozy Glow criticizing his arrogance, while also mocking him for talking to his "Gram Gram" in his sleep - until they are approached by an Ophiotaurus, which they both blame each other for attracting. Suddenly, a female Ophiotaurus arrives and seduces the other one, Tirek quickly realizing that the former is actually Chrysalis in disguise, who admits that she needs their help, causing Tirek to gloat about his own strategy.

That night, Tirek and the others begin to bond with each other over their previous endeavors and hatred towards The Mane Six; him remarking on how he turned Discord against his friends and used their emotions against them, and that Cozy Glow's plan to destroy all magic would have been worthwhile if it meant seeing Twilight and her friends defeated, also admitting that working with Chrysalis and her may not be such a bad thing. The next day, the three villains proceed to combine their abilities in order to scale the mountain, only to find that the cave at the top is protected by a magical barrier, which Tirek cannot absorb since he can only take magic from living beings. With some convincing, Chrysalis allows Tirek to take her magic to become powerful enough to create an opening in the barrier, allowing Cozy Glow to enter the cave and retrieve the bell. Tirek then returns Chrysalis' magic, stating that he wasn't sure he would do so and that it seemed smarter to work with her than fight. The villains begin to reflect with one another over how it felt to rely on others for a change, before Chrysalis snaps them out of it, not wanting the friendship to infect her like it did her hive. Realizing that they almost reformed, the three vow to remain focused.

The three then concur that "Grogar" has grown too powerful and decides to betray him together, and Tirek agrees that they can all go back to trying to destroy one another afterward. He and the others later return to "Grogar's" lair and fool him into thinking that they failed while yet still becoming allies to his delight, though in reality have kept the bell for themselves.

## A Trivial Pursuit

In " *A Trivial Pursuit* ", Tirek is mentioned by Twilight and Mudbriar with him and Scorpan being the answer of who came to steal magic from Equestria.

## The Summer Sun Setback

In *The Summer Sun Setback*, Cozy Glow sees "Grogar" leaving and asks where he is going. He reveals that since his minions "failed" to recover the Bewitching Bell for him, they will need another source of power to defeat Twilight and her friends. After "Grogar" leaves, Cozy Glow informs Chrysalis and Tirek that he is gone. The villains voice that they don't trust "Grogar" and try to figure out how to use his bell like ringing it but nothing happens. Cozy Glow then points out that Twilight mentioned that the Archives in Canterlot has a restricted area and the villains set off on their "road trip".

The three villains hide in Canterlot and only Chrysalis and Tirek notice so many ponies out in the night. Cozy Glow reveals that it's the Summer Sun Celebration with Chrysalis asking how many holidays these ponies have. She believes that it will be easy to get in until Tirek points out that Canterlot has increased security. After Chrysalis fails to enter through the main doors, she returns to her allies and informs that it will be more challenging. The villains then overhear Twilight's friends and Discord talking about their responsibilities for the holiday. Tirek believes it to be impossible since the security is increased with Twilight's friends "bumbling about". However, Chrysalis sees it as an advantage to use as a distraction since they heard everything and gives instructions to Tirek and Cozy Glow.

While Chrysalis and Cozy Glow secretly sabotage the unicorns and Pegasi, Tirek secretly sabotages the Earth ponies of Appleloosa who are prepare the catering by hiding in the bushes and discreetly absorbing the Earth ponies magic which turns him back into his third form. This causes Braeburn to assume that the food is contaminated, causing the rest of the Earth ponies to panic. Tirek laughs at this while stealing some food on the way.

The villains watch all the panic and chaos unfold before deciding to incapacitate the security. Cozy Glow distracts a guard while Tirek steals his magic and Chrysalis uses his star badge to the main doors for them to enter.

They search for the archives which also wakes up a security goose which follows them. However, Chrysalis disguises herself as another security goose to get it to leave and the villains finally find and break into the Archives. They search through the Archives until Cozy Glow finds a book about how to use the Bewitching Bell and uses another book to break it out of it's chains.

This gives the villains time to leave Canterlot back to "Grogar's" lair while Twilight and her friends are able to fix the holiday. "Grogar" also returns tells his cohorts that he has found success where they all find "failure". He reveals that he located what he wanted and will retrieve it the next day before they begin his plan to take over Equestria. Tirek is still sulking that he had to give the magic of the Earth ponies back to them, in which Chrysalis and Cozy Glow tell him to stop doing and remind him that "Grogar" would become suspicious if he found out about their "road trip" in which Tirek claims that he doesn't have to like it. Cozy Glow reveals that she didn't like it when the Mane Six managed to fix the holiday, until Chrysalis reveals that the goal was not to destroy but to distract in order to get the book. Tirek reminds them that they can't waste any more time because they must master the bell before "Grogar" returns. Chrysalis reveals that they managed to stay ahead of everyone so far until Cozy Glow remarks how easy it was to turn the Earth ponies, unicorns and Pegasi against each other, in which Chrysalis decides would be something to think about.

## The Ending of the End

Tirek, Chrysalis, and Cozy Glow absorb "Grogar's" magic from his bell, turning Tirek back into his third form but much stronger. They then drain "Grogar's" current magic, revealing him to be Discord. When Chrysalis intends to take Discord's magic, Tirek says only Discord can control it. They agree to let Cozy Glow test this knowing that she can't go through with betraying them and take the magic back at her request when she can't control it, before setting out to conquer Equestria. Tirek drains the Pillars of Equestria and imprisons them in the caves beneath Canterlot with Starlight Glimmer, who was captured by Chrysalis, before both go to Canterlot to fight alongside Cozy Glow, during which they destroy half of Canterlot and almost kill Twilight twice, with Rarity stopping them the first time, and the other Mane 5, Spike, Celestia, Luna, and Discord holding their magic beam back the second time so Twilight can escape, and are eventually overpowered and imprisoned by the villains.

In Part 2, where Cozy Glow wants to kill the prisoners and Chrysalis wants to torture them, Tirek instead wants to hunt down Twilight as he knows that she is the biggest threat. They argue over Cozy Glow trying to take Celestia and Luna's magic from the bell, Tirek saying they must figure out Discord's magic first. Discord pretends to offer to tell them in exchange for the safety of the others, and insults Tirek into trying to blast him, which Discord reflects to release Starlight from her imprisonment, allowing her to release the others, and while the other Mane 5 and Spike run off to get Twilight, Starlight, Celestia, Luna, and Discord fight Tirek, Chrysalis, and Cozy Glow, who reimprison them.

When the Windigos return from the villains turning ponies against each other, Tirek says they are ancient magic and should be destroyed. Afterwards, the Mane 6 and Spike arrive. During an attempt to get the bell, Tirek chases after Twilight, who is trying to distract him, after which Tirek foils Applejack's attempt to get the bell. When Chrysalis threatens Spike, the villains nearly destroy the Mane 6, but many unicorns protect them and most of the ponies' allies enter the battle.

In the end, the Mane 6, Spike, the Young Six, and the Pillars unleash a rainbow which destroys the Windigos and takes away Grogar's power from Tirek, Chrysalis, and Cozy Glow, turning Tirek skinny and frail again. After Pinkie drops a giant cupcake on them with Discord's magic, which, along with Celestia and Luna's magic, is returned, Celestia, Luna, and Discord turn Tirek, Chrysalis, and Cozy Glow to stone as punishment for their crimes after Celestia and Luna ponder over what they should do given the scope of their crimes. Thus, Tirek was finally defeated for good.

### The Last Problem

The statue of Tirek, Chrysalis and Cozy Glow, makes a cameo in the newspaper in this episode, but they do not appear beyond that. It is stated by Jim Miller that they were later moved into the Canterlot gardens much like Discord's statue. It is unknown if the effects of their stoning are permanent, or whether they would eventually be smashed to pieces, but it is stated by Jim Miller that they are in suspended animation, indicating they are asleep or unconscious for it. The use of present tense could imply that they are still trapped in stone as of the epilogue, though this has yet to be confirmed. Either way, they likely will never be able to hurt any creature again.

## Queen Chrysalis

**Queen Chrysalis** (or also simply known as **Chrysalis** ) is one of the main antagonists of *My Little Pony: Friendship is Magic* . She appears as the main antagonist in the Season 2 finale "A Canterlot Wedding", the Season 6 finale "To Where and Back Again", the Season 8 episode "The Mean 6", and one of the three main antagonists of Season 9 (alongside Tirek and Cozy Glow). She was the Queen of the Changelings who seeks to feed her subjects' hunger for love and later expand her rule across Equestria in the process. She then lost this title after the Changelings realized that they didn't need to feed on love to survive, have been replaced by Thorax. She later becomes a member of the Legion of Doom, consisting of Lord Tirek and Cozy Glow, and was formally led by "Grogar", who was actually Discord in disguise. After they dispose of Discord and learn of his secret, Queen Chrysalis becomes the de-facto leader of the team until she and her teammates were defeated by the Mane Six and their allies. She started out as the archenemy of both Princess Cadence and Twilight Sparkle, and then later became Starlight Glimmer's nemesis when she helped convince her hive to turn on her. But in the end after being defeated by Twilight and her friends for the last time and remained as both Twilight and Starlight's arch-nemesis.

She was voiced by Kathleen Barr, who also voiced Trixie Lulamoon in the same series, Kevin and Marie Kanker in *Ed, Edd n' Eddy*, and Gelorum in *Hot Wheels: AcceleRacers* . In the Japanese dub from the series, she was voiced by Kaori Nazuka, who also voiced Zonda in *Azure Striker Gunvolt* and Margaret Mitchell in *Bungou Stray Dogs* .

Chrysalis first makes an appearance in the penultimate episode of the second season entitled *"A Canterlot Wedding* ", disguised as Princess Cadance. Some time before the events of the episode, Queen Chrysalis somehow got through Shining Armor's shield spell and attacked Princess Cadance, then hid her in the caves below

Canterlot and took her form.

When the Main 6 arrive from Ponyville to help with the wedding plans, Twilight encounters "Cadance" after reminiscing about what a great foal-sitter she was. However, to her surprise, Twilight finds that Cadance has no idea who she is and that she is now cold, uninviting, selfish, and cares little for the wedding plans. That night, Twilight expresses her frustrations with Cadance to her friends, who instead chalk up Cadance's bad behavior to stress of the wedding and Twilight's dislike of her as being possessive of her brother. Twilight visits Shining Armor in an attempt to talk to him about Cadance, only for her to show up and take him out of the room for a conversation. Whilst spying on the two, Twilight witnesses Cadance performing a spell on Shining Armor, and deems her as being evil on top of unpleasant, running back to the castle to warn her friends about her, only to realize that she had gotten her friends to replace her missing bridesmaids. The next day, Twilight confronts Cadance in front of her friends, Shining Armor and Princess Celestia, only to be humiliated and disgraced when she runs off crying and Shining Armor justifies all her seemingly mean spirited actions while not inviting her to the wedding. On top of this, her friends are shun her for her misguided actions. As Twilight, now alone, regrets her actions, Cadance returns and comforts her, only to then imprison her below the castle.

Chrysalis, still in Cadance's form, taunts Twilight and tells her that she's only using Shining Armor for her own ends. Chrysalis then attempts to manipulate Twilight into attacking the real Cadance, also trapped under the castle, although this fails when Cadance proves she remembers who Twilight is. As Twilight and the real Cadance attempt to escape, Chrysalis proceeds with her plans of marrying Shining Armor, whilst singing "This Day Aria". However, just as Chrysalis is about to be married, Twilight and Cadance arrive and reveal that she is a fake, causing Chrysalis to reveal her true form.

Chrysalis boasts and explains that, as Queen of the Changelings, she is tasked with finding food for her subjects, and that Equestria has more love to feed off of than anywhere they had encountered before. When Cadance argues that Shining Armor's protection spell will keep the Changelings out, Chrysalis reveals that she has been feeding off of Shining Armor's love, making him and the protection spell gradually weaker. Celestia begins dueling with Chrysalis, although the latter manages to overpower her, having grown stronger due to feeding off of Shining Armor. As the Mane 6 run off to get the Elements of Harmony, Chrysalis laughs and tells them they can run, but they can't hide.

Chrysalis continues to oversee Celestia (now trapped in a cocoon), the detained Cadance, Spike and the brainwashed Shining Armor, as the Mane 6 are brought back in by her minions. She then politely scolds them for not believing Twilight in the first place causing them to feel awful. After telling her remaining subjects to go and feed, Chrysalis reprises "This Day Aria" whilst looking over the destruction of Canterlot, not realizing that Twilight had freed Cadance, who subsequently helps Shining Armor break free of Chrysalis' brainwashing. He glares at her after he's freed, heavily implying he found out Twilight was right about her sometime between when he stormed out and when he was freed. Although both Shining Armor and Cadance are free, Chrysalis over confidently shrugs this off, believing that Shining Armor is too weak to repel them using his protection spell. However, Cadance and Shining Armor use their love to empower the protection spell, sending a shocked Chrysalis and her Changelings flying off to parts unknown. During the aftermath, everyone apologizes to Twilight for not believing her and getting mad at her.

## Season 5 The Cutie Re-Mark

In " *The Cutie Re-Mark* ", in the second altered timeline created by Starlight Glimmer, Chrysalis and her Changelings have taken over most of Equestria without the Mane 6 to stop them, and Zecora is leading jungle ponies (Fluttershy and Pinkie Pie among them) in a war against her. Chrysalis, disguised as Applejack, arrives at the jungle ponies' hideout while Zecora is explaining things to Twilight. Zecora is not fooled by Chrysalis' disguise, and Chrysalis unleashes the Changeling army on her resistance while she and Zecora duel. Although Chrysalis presumably wins the battle, the timeline is eventually restored, and she therefore never comes into power.

## Season 6 The Times They Are A Changeling

In " *The Times They Are A Changeling* ", Chrysalis briefly appears in Thorax's flashback to the Changeling kingdom. It was later implied that Chrysalis and the changelings all survived their fall from both Thorax having taken part in the invasion and his plans to reform the Changelings in their kingdom.

## To Where and Back Again

Chrysalis returns in the Season 6 finale " *To Where and Back Again* ". She with her Changelings capture the Mane 6, Spike, Celestia, Luna, Cadance, Shining Armor, and Flurry Heart and take over Equestria. She is seen communicating with the Changelings impersonating the Mane 6 and Spike, and Starlight Glimmer, Trixie, Thorax, and Discord travel to the Changeling kingdom to stop her.

Starlight and her team go through the Changeling hive to destroy Chrysalis's throne, which blocks all magic but Changeling magic. Discord and Trixie are captured and imprisoned in a chrysalis in Chrysalis's throne room, along with every other pony that was captured. Chrysalis arrogantly boasts about her assured victory to Starlight, only to realize that "Starlight" is actually Thorax, while the real Starlight is attempting to destroy the throne with a rock. Starlight attempts to convince Chrysalis that giving love to others is better for her subjects, however, Chrysalis denies this, stating that she knows what is best for her people. Chrysalis starts to drain Thorax of his love as punishment for betraying her, however, on Starlight's suggestion, Thorax willingly gives all his love to her, blasting her into the throne and obtaining a new transformation. All the other Changelings, realizing that there is a better option to stealing love, do the same, destroying Chrysalis' throne and releasing those imprisoned, also transforming. Chrysalis survives, and, outnumbered by the Mane 6, Spike, Starlight, the princesses, Discord, and those with them, including the entire changeling army, she is unable to do anything. Starlight offers her the chance of redemption, but Chrysalis rejects her offer, swears revenge on Starlight, and flies away.

## Season 7 Celestial Advice

In " *Celestial Advice* ", Chrysalis is mentioned a few times.

## To Change a Changeling

Chrysalis is mentioned again in the episode " *To Change a Changeling* ".

## Shadow Play

In " *Shadow Play* ", Pinkie Pie mentions Chrysalis while recounting the threats Equestria has faced over the last thousand years to Starswirl the Bearded.

## Season 8 The Mean 6

In " *The Mean 6* ", Chrysalis, disguised as a photographer for the Canterlot Historical Society, arrives at Twilight's castle to take the photos of the Mane 6, plucking a single hair out of each of them in order to supposedly make them look good for the photos. She then lazily takes pictures of each of them, and, as she prepares to leave, Pinkie Pie reminds her to take a photo of Starlight, which she reluctantly does. Upon leaving the castle, Chrysalis remarks that she now has everything she needs before transforming back to her original form.

Soon afterwards, in the Everfree Forest, Chrysalis pins the hairs and photos to six different trees (while talking to them as if they were people) and reveals her intentions to use the photos, the strands of hair and carvings of the Mane 6's Cutie Mark symbols in a spell that will create evil counterparts to the Mane 6, plotting to use the clones to take control of the Elements of Harmony, eliminate Twilight and her friends and destroy Starlight's relationships as revenge for turning the Changelings against her. Chrysalis then revels in the idea of recreating her hive with unicorns, pegasi and earth ponies and then taking over Equestria, before using her spell to create the Mean Six.

Chrysalis and her new minions begin prowling the forest in search of the Tree of Harmony, which contains the Elements, however, Chrysalis begins to realize that the Mane 6's evil forms are completely unfocused on their goals and do not listen to her orders. The group is accidentally separated during the search, and Chrysalis orders her remaining minions to find the ones that have been lost, resulting in them encountering the Mane 6 (who, coincidentally, had been separated as well). Chrysalis approaches the Twilight clone as she is searching for the others, and, frustrated with her, asks why she shouldn't destroy and replace her, causing the clone to reveal that she knows the location of the Tree of Harmony.

Once Chrysalis and the others are reassembled, they head to the Tree, spitefully destroying the Mane 6's campground as well. Upon approaching the Tree, Chrysalis overhears the Twilight clone goading the others to take the Elements for themselves and betray Chrysalis, leading to her and Twilight fighting each other in a magical duel. As Chrysalis begins to lose, the Tree senses the evil magic inside the clones, and captures all of them, withering away their bodies and reducing them to nothing but wood. Chrysalis admits defeat over her clones' betrayal, but is now aware about the additional power of the tree and still swears to get revenge on Starlight and the Mane 6 before she departing. Chrysalis is last seen escaping into the distance while Twilight tells her friends that they can overcome any obstacle together.

What Lies Beneath

In " *What Lies Beneath* ", Ocellus takes on the form of Chrysalis out of fear that she will become just like her.

Season 9 The Beginning of the End

Queen Chrysalis appears in the Season 9 premiere " *The Beginning of the End* ". She is still craving revenge on Twilight Sparkle and her friends for stealing her kingdom from her to carvings of changelings until she is mysteriously transported to a strange cavern in an unknown part of Equestria. After Lord Tirek and Cozy Glow mysteriously appear, she immediately accuses them of summoning her, though Cozy Glow assures her that they thought she freed them. As this happens, King Sombra also suddenly appears, causing the three to accuse him of summoning them, only for Discord (disguised as the ancient tyrant Grogar) to reveal himself to be the one who was responsible for summoning them. Tirek, Chrysalis and Sombra are shocked to see him, as they believed he was only a legend, though "Grogar" assures them that he is real and states that he summoned them as part of his plan to rid Equestria of Twilight Sparkle and her friends.

Seeing that Cozy Glow doesn't recognize him, "Grogar" decides to demonstrate his power by giving Tirek a sample of magic that revives much of his strength. Tirek then tells Cozy Glow that "Grogar" is ancient and extremely powerful, as well as the ruler of what would become Equestria, claiming that he had heard stories of his tyranny when he was younger. "Grogar" then tells the villains of how he created monsters that roamed the land and took whatever they wanted under his rule, before Chrysalis remarks how he was banished by Gusty the Great, although "Grogar" claims that he was only temporarily weakened when she took his bell; however, Cozy Glow points out that, since he has been weakened before even Tirek was born, he has a different idea of what "temporarily" means, much to his annoyance. In reality, Gusty the Great really did banish the real Grogar into limbo, from where there is no return.

"Grogar" proceeds to tell the group that he has watched them and their failures to take over Equestria, and asks them why they have always been defeated by the same six ponies each time, Chrysalis claiming that it is because they "cheat". "Grogar" rebuffs their answers and claims it is because they work together as a team, demanding that the villains join forces with him to take over Equestria. Sombra, however, refuses to serve "Grogar" and arrogantly proclaims that he will take over the Crystal Empire by himself, causing "Grogar" to send him off to the Empire on the conditions that, if he fails, he will serve him or be destroyed again. After this, "Grogar" tells the others to prepare to work together and leaves. Cozy Glow immediately compares working together to making friends, telling Tirek and Chrysalis that they are in luck since she knows "all about that", though the former only flicks her away in annoyance.

Cozy Glow tries to get Tirek and Chrysalis to work together by having them each say nice things to each other, though this falls apart when Chrysalis refuses to say anything nice about ponies. "Grogar" then approaches them and states that he hopes the three of them will be enough to help his plans along, causing Tirek and Chrysalis to ask about Sombra. "Grogar" shows them that Sombra had failed in his plans to conquer Equestria and had again been defeated by the Mane Six, remarking that he will at least serve as an example to them as what will happen if they don't submit to his plans. Having seen this, Tirek, Chrysalis and Cozy Glow unanimously agree to serve "Grogar", though are seemingly left nervous by the thought.

### Sparkle's Seven

Chrysalis is mentioned in the episode " *Sparkle's Seven* ", when Shining Armor and Starswirl the Bearded use leftover debris from Chrysalis' old throne to increase security in Canterlot.

### Frenemies

In " *Frenemies* ", as "Grogar" (Discord) is working, Cozy Glow and Tirek annoy him before Chrysalis approaches "Grogar" and impatiently asks when they are going to attack. "Grogar" informs the villains that he is leaving and demands that they all stop fighting and find a way to work together so that they can accomplish their goals. Once "Grogar" leaves, Chrysalis, not listening to his orders, continues to planning revenge (against Starlight Glimmer for turning her kingdom against her). While she was talking to the purple log that used to be Mean Twilight, she is approached by Cozy Glow, who states that she is organizing a team meeting, which she agrees to go so long as she has cupcakes. At the meeting, Cozy Glow encourages the fact that they all need to trust one another, which Chrysalis finds hard to do as Tirek is trying to steal her magic. Tirek firmly denies doing such a thing (returning the magic he actually had stole to a cupcake that Chrysalis devours), and calls her out for constantly ranting to her log, before joining Chrysalis in telling Cozy Glow that she wasn't left in charge. Cozy Glow then tries to get them all to agree with one another over their common goals, leading them all into singing "Better Way to be Bad" with one another, only for them all to return to bickering. Chrysalis like Tirek, also verbally abuses Cozy because of her inexperience and bratty nature.

"Grogar" returns to see this, and, upset to see they have not yet resolved their differences, decides to send them off on a mission to retrieve his Bewitching Bell from Mt. Everhoof so that they can learn to work together. Chrysalis and the others fight over who should lead the mission based on their previous feats, only for "Grogar" to angrily overpower and remind them that they all failed before and cannot work alone. Upon arriving at the foot of the mountain, all of the villains immediately split off and begin to find their own ways of getting up; Chrysalis heads through the forest, scaring creatures off and using her powers to turn into creatures to get to the mountain but the winds prevent her from reaching it's top. Later, after Tirek stays behind and makes camp, he explains to Cozy Glow that he had already deduced that getting up the mountain by himself would be impossible, and so had planned to wait for her and Chrysalis to fail so that he could take what they learned and use it to his advantage. Tirek and Cozy Glow bicker until they are attacked by an Ophiotaurus. Suddenly, a female Ophiotaurus arrives and seduces the other one, Tirek quickly realizes that the former is actually Chrysalis in disguise, who admits that she needs their help, causing Tirek to gloat about his own strategy. She then proceeds to cocoon the Ophiotaurus to save some of its love for the next day.

That night, Chrysalis and the others proceed to bond with each other over their previous endeavors; her remarking about how she cocooned Twilight and the others until Starlight Glimmer freed them and turned her kingdom against her. She even remarks that Discord was something until friendship redeemed him hinting that she respected him at one point. She also remarks about disguising herself as Princess Cadance and it would have been worthwhile if it meant seeing Twilight and her friends defeated, also admitting that working with Tirek and Cozy Glow may not be such a bad thing. The next day, the three villains proceed to combine their abilities in order to scale the mountain, only to find that the cave at the top is protected by a powerful magical barrier, which Tirek cannot absorb since he can only absorb magic from living beings. With some convincing, Chrysalis allows Tirek to take her magic to become powerful enough to create an opening in the barrier, allowing Cozy Glow to enter the cave and retrieve the bell. Tirek then returns Chrysalis' magic to her as promised, stating that he wasn't sure he would do so and that it seemed smarter to work with her than fight. The villains begin to reflect with one another over how it felt to rely on others for a change, before Chrysalis snaps them out of it, not wanting friendship to infect her like it did her hive like a "disease". Realizing that they almost reformed, the three vow to remain focused.

The three then concur that "Grogar" has grown too powerful and decide to betray him together, and Chrysalis tells that they can continue acting like his loyal servants and hatch their own plan before trying to destroy one another afterwards. She and the others later return to "Grogar's" lair and fool him into thinking that they failed while yet still becoming allies, though in reality have kept the bell for themselves and Chrysalis remarking that "Grogar" was right as they were more powerful when they work together.

## The Summer Sun Setback

In *The Summer Sun Setback*, Cozy Glow sees "Grogar" leaving and asks where he is going. He reveals that since his minions "failed" to recover the Bewitching Bell for him, they will need another source of power to defeat Twilight and her friends. After "Grogar" leaves, Cozy Glow informs Chrysalis and Tirek that he is gone. The villains voice that they don't trust "Grogar" and try to figure out how to use his bell like ringing it but nothing happens. Cozy Glow then points out that Twilight mentioned that the Archives in Canterlot has a restricted area and the villains set off on their "road trip".

The three villains hide in Canterlot and only Chrysalis and Tirek notice so many ponies out in the night. Cozy Glow reveals that it's the Summer Sun Celebration with Chrysalis asking how many holidays these ponies have. She believes that it will be easy to get in until Tirek points out that Canterlot has increased security. After Chrysalis fails to enter through the main doors, she returns to her allies and informs that it will be more challenging. The villains then overhear Twilight's friends and Discord talking about their responsibilities for the holiday. Tirek believes it to be impossible since the security is increased with Twilight's friends "bumbling about". However, Chrysalis sees it as an advantage to use as a distraction since they heard everything and gives instructions to Tirek and Cozy Glow.

While Tirek and Cozy Glow secretly sabotage the Earth Ponies and Pegasi, Chrysalis takes on her photographer form named "Crackle Cosette" and sabotages the unicorns by convincing them not to waste their talents on something inconsequential and that they are destined for more than just performances. This causes all the unicorns, including Fire Flare, to cancel the fireworks performance, as it is "beneath" them.

The villains watch all the panic and chaos unfold before deciding to incapacitate the security. Cozy Glow distracts a guard while Tirek steals his magic and Chrysalis uses his star badge to the main doors for them to enter. They search for the archives which also wakes up a security goose which follows them. However, Chrysalis disguises herself as another security goose to get it to leave and the villains finally find and break into the Archives. They search through the Archives until Cozy Glow finds a book about how to use the Bewitching Bell and uses a another book to break it out of it's chains.

This gives the villains time to leave Canterlot back to "Grogar's" lair while Twilight and her friends are able to fix the holiday. "Grogar" also returns tells his cohorts that he has found success where they all find "failure". He reveals that he located what he wanted and will retrieve it the next day before they begin his plan to take over Equestria. Tirek is still sulking that he had to give the magic of the Earth ponies back to them, in which Chrysalis and Cozy Glow tell him to stop doing and remind him that "Grogar" would become suspicious if he found out about their "road trip" in which Tirek claims that he doesn't have to like it. Cozy Glow reveals that she didn't like it when the Mane Six managed to fix the holiday, until Chrysalis reveals that the goal was not to destroy but to distract in order to get the book. Tirek reminds them that they can't waste any more time because they must master the bell before "Grogar" returns. Chrysalis reveals that they managed to stay ahead of everyone so far until Cozy Glow remarks how easy it was to turn the Earth ponies, unicorns and Pegasi against each other, in which Chrysalis decides would be something to think about.

## The Ending of the End

In the first part of "Ending of the End," the villains successfully betray "Grogar", using the bell to gain new forms and drain "Grogar" of his power. In doing so, they discover that "Grogar" was actually Discord in disguise. After being left exposed and powerless, Discord was forced to flee from the lair.

Chrysalis went after Starlight first, and after a fight, she defeated and captured her at the cost of not taking over her school. She and Tirek then came to Cozy Glow's rescue when the Mane 6 were about to defeat her. The three, after taunting her over her failure, shoot a combined magic blast at Twilight, which the other Mane 5, Celestia, Luna, Spike, and Discord held back so she could escape. Once the others were imprisoned in the caves beneath Canterlot, Chrysalis objected to Cozy Glow's plan to kill them despite her concerns, wanting instead to torture them. Discord, vowing to atone for his role, freed Starlight by mocking Tirek to the point where he almost attacked him, who released the other Mane 5, Celestia, and Luna, and while Chrysalis, Tirek, and Cozy Glow fought the princesses, Starlight, and Discord, the other Mane 5 ran to find Twilight. The villains, with some trouble defeated and reimprisoned most of their opponents.

When the disharmony they caused between ponies caused the Windigos to return, Chrysalis intended to let them stay as it would give her an advantage over the ponies, though Cozy Glow couldn't stand the cold and Tirek insisted they destroy the Windigos as even he thought they were too out of control. Then the Mane 6 arrived, and when they tried to take Grogar's bell, Chrysalis went after Rarity and Spike, before capturing Spike and threatening to tear his wings off. The trio were about to finish off the Mane 6 with a magic beam when many unicorns blocked with a magic barrier.

After a fight, the Mane 6, Spike, Young Six, and Pillars of Equestria unleashed a rainbow which destroyed the Windigos and removed the power Chrysalis, Tirek, and Cozy Glow had obtained from the bell. Pinkie Pie dropped a giant cupcake on them using Discord's magic before he took it back from the bell, and then Celestia, Luna, and Discord turned Chrysalis, Tirek, and Cozy Glow to stone forever, set on a pedestal together. Thus, Chrysalis was finally defeated for good.

The Last Problem

It is uncomfirmed of what happen to Chrysalis in the future, as she (along with Tirek & Cozy Glow) are only briefly mentioned in the final episode along with a cameo in a newspaper. It's unclear if the stoning is permanent. It has been stated by Jim Miller that sometime after being turned to stone, their statues were likely moved into the Canterlot gardens like Discord's statue. He also confirmed that being turned to stone left them in suspended animation instead of letting them see\hear everything going on around them like Discord, and as he said it in present tense it is possible they are still trapped in stone by the epilogue, though that has not actually been confirmed yet. Either way, they likely will never be able to hurt any creature again.

*Return of Queen Chrysalis Arc*

In the first arc of the comics, Chrysalis and the Changelings are shown to have survived their fall, landing in an area called Wuvey-Dover Smoochy Land. Deciding to take advantage of this, Chrysalis and the other Changelings drained the town's open-hearted citizens of their love transformed the land into a Changeling Kingdom. As one of her lieutenants states that it could be a while before they can attack Celestia again, Chrysalis reveals that she no longer cares about Celestia and instead wants revenge on Twilight Sparkle for ruining her plan, explaining that she will bring Twilight and her friends to their kingdom at the time of the Secretariat Comet, and, when their emotions are peaked, she will drain Twilight of her magic.

In Issue #1, the Changelings imprisoned the ponies of Ponyville in cocoons and replaced them with changelings, but the Mane 6 defeated the changelings and rescued all the ponies except the Cutie Mark Crusaders. Chrysalis, giving the Mane 6 an communication orb through Spike, reveals that she has the Crusaders trapped in her lair and that they will have three days to rescue them. Chrysalis then ends the transmission upon being interrupted by Scootaloo.

In Issue #2, Chrysalis, watching over the Mane 6, is disappointed by a troll they encounter, remarking that they are "the most idiotic creatures", only for the Crusaders to start annoying her again, afterwards stating that trolls are the "second most idiotic creatures". Chrysalis then sends six Changelings to cause a cave-in when the ponies were traveling under the Appleloosan Mountains, separating them into pairs, then the changelings impersonated the other ponies and each insulted one of the other pairs within earshot, turning them against each other. Chrysalis found this amusing, but the Cutie Mark

Crusaders continued to annoy her.

In Issue #3, Chrysalis recounts what happened to her after her defeat in Canterlot, to the Crusaders. Scootaloo questions what happened to the citizens of Wuvey-Dovey Smoochy Land, and Chrysalis tells her, that if they don't shut up, she'll show them. Chrysalis uses the orb to watch over Twilight, and orders several other Changelings to report on the actions of the other ponies. Chrysalis' guards inform her of the status of the others, and the Crusaders begin laughing at how the Mane 6 will eventually reunite and Chrysalis' plan will be foiled. Now enraged, Chrysalis reveals that it wasn't part of her plan to turn the Mane 6 against one another, but an added bonus, explaining that her true intentions are to destroy Twilight after draining her magic, causing her friends' emotions to spike and making them a big meal for the Changelings, and, afterwards, they will go back to Canterlot and take over. Taunting the Crusaders for their innocence, Chrysalis takes one of the citizens of Wuvey-Dovey Smoochy Land and (off screen) violently murders it in front of them. After the Mane 6 get back together, Chrysalis, still bothered by the Crusaders, moans that it will soon be over.

In Issue #4, Chrysalis decided she was done with the Cutie Mark Crusaders and wanted to be rid of them; it is unknown whether it was to banish them, kill them, or use them as food. After the Mane 6 enter the Changeling's castle, Chrysalis tells them to find her behind one of many doors, from which Mola Ram, Pennywise, the twins from The Shining, and the Phantom of the Opera appeared in pony form. Twilight discovers the correct door and Chrysalis asks her and the others the riddle "How is a Pegasus like a writing desk?" While the others are confused, Pinkie Pie answers the riddle by literally not answering it, and Chrysalis opens the door. In her throne room, the Mane 6 confront Chrysalis as she is arguing with the Crusaders, and a battle ensues, with Chrysalis attacking Twilight.

As they battle, Chrysalis tries to monologue about how love is worthless, and, being interrupted constantly, traps the rest of the Mane 6 inside cocoons. Angry and empowered by the Secretariat Comet, Twilight unleashes a powerful magic beam on Chrysalis, destroying everything around her. Deciding to alter her plans, Chrysalis offers to make Twilight her apprentice instead of draining her magic, threatening to harm her friends if she doesn't comply. Twilight reluctantly agrees to Chrysalis' terms and she releases Twilight's friends, only to reimprison them immediately afterwards, revealing that she will still drain Twilight of her love to make her more subservient, and then she will drain her own friends. Twilight and Chrysalis battle again, and, with the encouragement of her friends and the magic of the Secretariat Comet, Twilight singlehandedly overpowers Chrysalis and the Changelings. Chrysalis and her Changelings are then imprisoned in the castle, with Pinkie Pie's costume standing in the doorway, endlessly annoying them with riddles and songs that never end.

### *FIENDship is Magic Mini-Series*

In Issue 5 of *Fiendship is Magic*, which is in continuity with *The Return of Queen Chrysalis*, the Mane 6 visit the imprisoned Chrysalis in her castle, which is under guard by royal guards, to make sure that her imprisonment is going according to plan, as she is to receive a thousand-year punishment for her crimes (which includes being banned from cake). By now she is in an extremely weakened state, as she and her minions barely eat any of their food. It is mentioned that a thousand years ago she destroyed the city of Timbucktu. As more of her exploits are told and shown, she offers her origin in exchange for the newest Daring Do novel, which Rainbow Dash possesses. When Twilight is about to exchange it, she becomes trapped in the prison by the Changelings as it is revealed that the weakened Chrysalis was a Changeling and the true Chrysalis was hiding and she ambushes Twilight and she explains her origin. She came from a swamp where a rotten acorn was dropped into an eerie lake which grew into a tree that fed on insects and Starswirl the Bearded appeared and upon seeing the lake, he put a sign on the tree to keep ponies from entering the lake, but the nail releases the bugs, which have evolved into equine beings along with Chrysalis. She and her subjects then proceed to attack Twilight and before the ponies can stop them, the Changeling overpower them and escape the jail, leaving the defeated ponies and Spike wounded.

### *Siege of the Crystal Empire Arc*

In *Siege of the Crystal Empire*, Issue 34 of the comics, Chrysalis is recruited by Radiant Hope along with the Flim Flam Brothers, Lightning Dust, and Iron Will to attack the Crystal Empire as a diversion to keep every pony out of the castle so Radiant Hope could revive King Sombra. Chrysalis duels Twilight, but is defeated when Rarity blasts Iron Will and his goat into her with a cannon, and is captured with her fellow conspirators.

In Issue 35, once Sombra is revived, he releases Chrysalis and helps her defeat Twilight. Celestia and Luna arrive and fight Sombra and Chrysalis, respectively; when Luna gains the upper hand on Chrysalis, Sombra turns both princesses to stone.

In Issue 36, when Chrysalis finds out Sombra plans to release the Umbrum, she is against it, having witnessed the Umbrum attacking the Crystal Empire and causing despair, which changelings cannot feed off of, but when Sombra threatens to turn her to stone, she says she'll help him. This was merely to buy her enough time to escape, knowing she and her changelings could be killed by the Umbrum. She taunts the powerless Twilight and throws her out of her cage so she can be attacked by the Umbrum, and then flies with her changelings across the sea to parts unknown, leaving Lightning Dust, Iron Will, and the Flim Flam Brothers behind.

*My Little Pony: Guardians of Harmony Annual 2017*

In *The Shadow Bolts*, Chrysalis is mentioned to be attacking the Crystal Empire, she sent two of her changelings to distract Rainbow Dash from reaching the Canterlot.

In *Big Spike*, Chrysalis and her changelings are said to be seen heading for the Mane Six and Spike. After Shining Armor arrives with a potion he'd found in castle of the Crystal Empire. Spike is the only one who knows that the potion is for him but Twilight uses a bit of the potion and armors herself, her friends and Shining Armor and still doesn't listen to Spike. When Chrysalis and her changelings arrive, The Mane Six and Shining Armor battle them but are outnumbered and overpowered by the changelings quickly. When Twilight finally grants Spike's wish to have the potion used on him, he grows into a giant armored dragon and he drives Chrysalis and her changelings away with his dragon breath.

# The Dazzlings

The **Dazzlings** are the main antagonists of *My Little Pony Equestria Girls: Rainbow Rocks* and minor antagonists in the special *Equestria Girls: Sunset's Backstage Pass* . They are a musical group of magical Sirens, consisting of Adagio Dazzle, Aria Blaze, and Sonata Dusk. Adagio is the leader and Aria and Sonata are her followers.

The three Sirens were once powerful threats to Equestria itself, sowing chaos with their enchanted voices and growing ever more powerful from feasting on negative emotions. Unable to defeat them, the great mage Starswirl the Bearded resorted to banishing them to another dimension, where magic was nonexistent and their power was nullified, or at least reduced to nothing but a pale shadow of what it once had been.

The three sirens are first seen in a city cafe, where they are observed absorbing negative energy from the customers there, complaining about the miserly amounts of power they gain from this. Then they witness the Harmony blast that defeated Sunset Shimmer in the previous movie. They realize that magic has been brought into the Human World (due to Sunset Shimmer's theft of the Element of Magic), and that their own power has returned as a result. Now once again in possession of their magical abilities, they decide to take over the Human World, starting with Canterlot High, the source of the magic.

The arrive in Canterlot High and Sunset Shimmer gives them a tour around the school, but she feels a bad vibe from them and notices that Adagio stops her from touching her crystal necklace. In the cafeteria, they sing a song that ignites the students' competitive spirits, turning a planned friendly singing festival into a **Battle of the Bands** . They also manipulate Principals Celestia and Luna into bending to their will.

Twilight discovers the true nature of the Dazzlings, but when she and the rest of the human Six attempt to defeat them, they realize that they are not able to unleash the Elements of Harmony at will. Instead, their failed attempt plays right into the Dazzlings' hands. The sirens realize that this group of students were not under their control and deduce that they must have great magic in them - and thus, great power to absorb, though they would have to turn them against each other without the use of their own magic first. This turns the Rainbooms into priority targets for the Dazzlings. In the meantime, they continue gathering energy from the other students.

When they see Sunset Shimmer again, they threateningly play with her emotions and intimidate her, claiming that "no one is going to remember her when they win". Feeling that simply getting the Rainbooms eliminated might not do the trick, the Sirens arrange that they pass to the finals instead despite a lackluster performance. This causes resentment in their opponent Trixie, who refuses to accept this. The Dazzlings then trick Trixie into removing the Rainbooms from the competition altogether by trapping them in a locked basement. However, thanks to Spike, the Rainbooms managed to escape.

Just as they are about to devour the combined energy of the students, the Rainbooms appear to stop them. In turn, the Sirens summon astral projections of their true forms for the battle. The Six overwhelm Aria and Sonata at first, but Adagio's desperate powerful sonic waves throw the girls off-balance, allowing the Dazzlings to gain the upper hand. With the Rainbooms down for the count, Sunset Shimmer steps in to help them out and the students begin to sing along with them. The Dazzlings appear shocked and outsmarted as Sunset's magic, combined with that of the Six, unleashes a giant rainbow alicorn, gaining much upper hand again and much more powerful magic song with everyone singing the Rainboom's song thats it more stronger than the Dazzlings song as they get enraged but then scared as they see a giant magic unicorn from the rainbow magic of harmony as a result that destroys their crystal necklaces, resulting in them losing their magical voices forever.

The Dazzlings are finally defeated and completely humiliated as they attempt to sing to fight back but it goes horribly off-key final, and the audience boo at the Dazzlings as they're all out of their spell and they all know the Dazzlings made them into complete jerks towards their good opponents and friends on different teams and they throw vegetables at them, forcing them to flee the stage.

Years later, the Dazzlings reappear at the Starswirl Music Festival, having being turned permanently human, something they resent deeply. Sunset Shimmer accuses them of being behind the time loop, but they are not the ones responsible, something Sunset confirms with her telepathy.

## Powers and Abilities

The Sirens' magic lies in their enchanted, red-jeweled pendants that they wear, which contain the power of their true forms from Equestria. Their main power comes from their enchanted singing voices, which allows them to manipulate or control others' actions with its compelling tones. They usually use this ability to sow fighting and chaos among their victims, as the three also have the ability to feed on negative emotions to increase their power. The more negative energy they absorb, the more powerful their voice grows. At their apex, they could potentially subjugate an entire world to their will. The Elements of Harmony is the only magic that they cannot absorb directly, or control those who wield them.

When forced into battle, the Sirens can use their necklaces to summon ethereal projections of their true forms. Those apparitions are able to fly and use their voice offensively, unleashing beam projections or powerful shockwaves with their siren wails.

Despite their magical powers to force others to do their bidding, they are (especially Adagio Dazzle) also skilled manipulators of their own right, who can turn those they cannot control against each other with trickery, deceit, and by using the actions of those that they can control.

Their main weakness was the pendants themselves. Once destroyed, the Dazzlings have lost their singing magic forever.

## Cozy Glow

**Cozy Glow** is one of the main antagonists in *My Little Pony: Friendship is Magic* . She appears as the main antagonist of Season 8, first appearing as the supporting character in the episode "Marks for Effort", then later "Friendship University" and "What Lies Beneath", and then finally reveals her true nature as the main antagonist in the finale, "School Raze". She's also one of the three main antagonists of Season 9 (alongside Queen Chrysalis and Tirek). She is also the former friend and now one of Twilight Sparkle's archenemies.

Cozy Glow was once a friend of the Cutie Mark Crusaders and the Young Six, and the former top student of Twilight Sparkle's School of Friendship as well as her Friendship Assistant. But then she revealed to also be Lord Tirek's protégé, who plotted to get rid of Twilight and her friends so that she can take her school and use it to rule Equestria. After she was stopped and exposed, she was then expelled from the school and imprisoned in Tartarus alongside her mentor, that becoming Twilight's new archenemy. Then they were released by "Grogar", (who was actually Discord in disguise) to join the Legion of Doom, but were ultimately defeated and petrified by the end of the series.

She was voiced by Sunni Westbrook.

## Past

Not much of Cozy Glow's past is known. What is known is that she was a young, but evil pegasus orphan who uses her wits and charm to get whatever she wanted. At some point, she enrolled at Princess Twilight's School of Friendship with sinister motives.

## Marks for Effort

Cozy Glow first appeared in " *Marks for Effort* " where she was crying outside the Cutie Mark Crusaders' clubhouse. The Crusaders approached her and asked what's wrong. Cozy answers that she is having difficulty with her lessons at the School of Friendship and fears flunking out. The Crusaders, wanting to attend the School of Friendship too, decide to help Cozy with doing her homework and assignments.

The Crusaders teach Cozy how to be friendly while doing nice deeds for Sweetie Drops, Mrs. Cake, and Big Macintosh. After Cozy gets an "A" on her assignment, the Crusaders assist her further by helping her study for an upcoming friendship exam, during which she learns about the values of friendship represented by the Elements of Harmony. However, Cozy fails the test and runs away, which causes Twilight to accuse them of intentionally tutoring badly out of spite for not being allowed into the School of Friendship themselves.

After Cozy saw what she did to the Crusaders, she decides to go to the school's guidance counselor and confesses that she failed the exam on purpose so that the Crusaders would be allowed to enroll at the School of Friendship. When the truth was revealed, Cozy finally apologized to the Crusaders for what she did to them. Finally, the Crusaders were accepted at the School of Friendship; not as students, but as tutors. Cozy is last seen leaving with her new friends as they set out to tutor more students.

## A Matter of Principles

Cozy Glow makes a background appearances in " *A Matter of Principals* ".

## The Hearth's Warming Club

She makes another background appearance in " *The Hearth's Warming Club* " just as Twilight dismisses the students for the holiday break.

## Friendship University

She appears again in " *Friendship University* ", giving Twilight the flyers that inform her about Friendship U, and later appears after Rarity questions how Flim and Flam could have gotten a hold of the School of Friendship's lesson plans.

## Road to Friendship

Cozy Glow also appears waiting in line for Starlight's counseling in " *Road to Friendship* ".

## A Rockhoof and a Hard Place

She makes a background appearance in " *A Rockhoof and a Hard Place* ".

## What Lies Beneath

In " *What Lies Beneath* ", Cozy stays behind to help Twilight organize the library when she notices the Young Six having a difficult time studying for a friendship test. She manipulates them into doubting their confidence in their friendship by saying terrible things about each of their races and claiming that friendship "isn't in their nature." She then leaves to fetch her study notes to help them. At the end of the episode, the Young Six meet Cozy upon completing their journey underneath the school, where she learns about the Tree of Harmony's test on their friendship skills, which worries her. When they consider telling Twilight, she begs them not to out of fear of getting in trouble for making them doubt themselves, which they agree to. As the Young Six drift off to sleep in exhaustion, Cozy ominously looks at the vent where the Tree of Harmony is hidden.

## School Raze

By the season finale episode " *School Raze* ", Cozy Glow had become Twilight's top student and official "friendship assistant", helping her out with several tasks such as reorganizing the school's artifacts. But then all the magic in Equestria begins to disappear, and within 3 days, all of it will be gone forever. By Cozy's theory, Twilight assumes that the magic-stealing centaur, Lord Tirek is responsible, and decides to go with her friends to Tartarus to investigate. Cozy Glow believed that Twilight will leave her in charge in her own absence, but instead gives control to Starlight Glimmer, to which she agrees to.

However, the next day, Cozy informs the rest of the school that Starlight had left to join Twilight in her quest and has left her in control. When the Young Six question this, Cozy punishes them with extra homework. That night, they witness Cozy exiting the vent that leads to the Tree of Harmony's roots and they decide to follow her. When they reach the main office, they discover Chancellor Neighsay sitting in Twilight's chair as he assumes control over the school. He imprisons the Young Six save for Sandbar, who goes to the Cutie Mark Crusaders to help stop Neighsay. He suggests that they convince Cozy Glow to also help, but when they follow her down the same vent as before, they discover the horrible truth: She was the one responsible for Equestria's disappearing magic by stealing the school's artifacts and using them as a magnet to gather it all and send it away into another realm, thanks to advice from letters she's received from her pen pal, who was none other than Tirek, and even trapped Starlight in the vortex. She then explains that it was all part of her insane plan to get rid of Twilight and her friends so that she can take control of the School of Friendship and establish herself as the "Empress of Friendship".

Cozy attempts to convince Chancellor Neighsay to leave the school, but he refuses, so she orchestrates a student uprising to take back her position as a school headmare. Locking him in chains in the office, she then brags to the disgraced Chancellor how becoming head of the Twilight's school will allow her to become the most powerful pony in all of Equestria. As she leaves the office, the Cutie Mark Crusaders try to distract Cozy while the Young Six free Neighsay and Equestria's magic, but then locks them in a hall closet, as she was already aware of their deception. She then leads her student army to the room with the magic vortex, where they find the Young Six, and lies to the students that they are attempting to destroy the school. In the scuffle that followed, Gallus gets trapped in the vortex and the others try to save him, only to be trapped as well. Then the portal opens and Starlight and the Young Six are dragged in with Equestria's magic. Seeing their willingness to save one-another, the students question if they should save them, but Cozy insists that they be left to their fates. But as they leave, the Tree of Harmony, which had been empowered by the Young Six's friendship, saves them all and frees the Young Six so that they can stop Cozy's vortex, much to her shock. Sandbar instructs the others to get clear of the resulting blast and they listen, despite Cozy's demands for them to stop.

When all the magic has been returned to Equestria, Cozy Glow, having been slightly singed by the blast, curses the Young Six for foiling her plans. At that moment, Twilight and the others appear and show their anger at the student who betrayed them all. Cozy tries to save face, but the Mane Six and Spike reveal that Tirek had told them everything and Twilight admonishes her for believing that power was all that friendship was about. Cozy shows no remorse for her actions and tries to escape, but she is caught between the other students, the princesses, and Chancellor Neighsay, and the royal guards, forcing her to surrender. For her crimes and is figured to be too dangerous to wander around other places, not only was she expelled from Twilight's school, but she was also sentenced to imprisonment within Tartarus. There, she tries to make friends with Tirek as she smiled evilly.

## The Beginning of the End

In " *The Beginning of the End* ", while still imprisoned with him, Cozy Glow annoys Tirek by continuing to try and befriend him, before the both of them are suddenly transported out of Tartarus. Emerging within a mysterious cavern, Tirek and Cozy Glow are met by Queen Chrysalis, who immediately accuses them of summoning her, though Cozy Glow assures her that they thought she freed them. As this happens, King Sombra suddenly appears, causing the three to accuse him of summoning them, only for Discord (disguised as the ancient tyrant Grogar) to reveal himself to be the one who was responsible for summoning them. Tirek, Chrysalis, and Sombra are shocked to see him, as they believed he was only a legend, though "Grogar" assures them that he is real and states that he summoned them as part of his plan to rid Equestria of Twilight Sparkle and her friends.

Seeing that Cozy Glow does not know who he is, "Grogar" decides to demonstrate his power by giving Tirek a sample of magic that revives much of his strength. Tirek then tells Cozy Glow that "Grogar" is ancient and extremely powerful, as well as the former ruler of what would become Equestria, claiming that he had heard stories of his tyranny when he was younger. "Grogar" then tells the villains of how he created monsters that roamed the land and took whatever they wanted under his rule, before Chrysalis remarks how he was banished by Gusty the Great, although "Grogar" claims that he was only temporarily weakened when she took his bell; however, Cozy Glow points out that, since he has been weakened before even Tirek was born, he has a very different idea of what "temporarily" means, much to his annoyance. In reality, Gusty the Great really did banish the real Grogar into limbo, from where there is no return.

"Grogar" proceeds to tell the group that he has watched them and their failures to take over Equestria, and asks them why they have always been defeated by the same six ponies each time, with Cozy Glow stating that she's just a kid. "Grogar" rebuffs their answers and claims it is because their enemies work together as a team, demanding that the villains join forces with him to take over Equestria. Sombra, however, refuses to serve "Grogar" and arrogantly proclaims that he will take over the Crystal Empire by himself, causing "Grogar" to send him off to the Empire on the conditions that, if he fails, he will serve him or be destroyed again. After this, "Grogar" tells the others to prepare to work together and leaves. Cozy Glow immediately compares working together to making friends, telling Tirek and Chrysalis that they are in luck since she knows "all about that", though the former only flicks her away in annoyance.

Cozy Glow tries to get Tirek and Chrysalis to work together by having them each says nice things to each other, though this falls apart when Chrysalis refuses to say anything nice about ponies. "Grogar" then approaches them and states that he hopes the three of them will be enough to help his plans along, causing Tirek and Chrysalis to ask about Sombra. "Grogar" shows them that Sombra had failed in his plans to conquer Equestria and had again been defeated by the Mane Six, remarking that he will at least serve as an example to them as what will happen if they don't submit to his plans. Having seen this, Tirek, Chrysalis, and Cozy Glow unanimously agree to serve "Grogar", though they are seemingly left nervous by the thought.

## Uprooted

Cozy Glow does not appear in " *Uprooted* ", but she is indirectly mentioned by Yona when she recalls how she and her friends defeated Cozy Glow.

## She's All Yak

Cozy Glow also does not appear in " *She's All Yak* ", but she is directly mentioned by Sandbar when he lists her and Sombra as two ponies worse than Yona.

## Frenemies

In " *Frenemies* ", as "Grogar" is working, Cozy Glow approaches him and tattles on Tirek for leaving food out, Tirek quickly approaching "Grogar" and telling him not to trust anything she says afterwards; though "Grogar" is quick to point out that he already doesn't trust anything that they say. After being annoyed by Chrysalis, "Grogar" informs the villains that he is leaving and demands that they all stop fighting and find a way to work together so that they can accomplish their goals. Cozy Glow assumes herself in charge and plans a team meeting. She approaches Tirek about it, which he agrees to go so long as she leaves him be. Cozy then approaches Chrysalis, who also agrees to go as long as there are cupcakes. At the meeting, Cozy Glow encourages the fact that they all need to trust one another, which Chrysalis finds hard to do as Tirek is trying to steal her magic. Tirek firmly denies doing such a thing (returning the magic he actually had stole to a cupcake that Chrysalis devours) and calls her out for constantly ranting to her log, before joining Chrysalis in telling Cozy Glow that she wasn't left in charge. Cozy Glow then tries to get them all to agree with one another over their common goals, leading them all into singing "Better Way to be Bad" with one another, only for them all to devolve into bickering.

"Grogar" returns to see this, and, upset to see they have not yet resolved their differences, decides to send them off on a mission to retrieve his Bewitching Bell from Mt. Everhoof so that they can learn to work together. Cozy Glow and the others fight over who should lead the mission based on their previous feats, only for "Grogar" to angrily overpower and remind them that they all failed before and cannot work alone. Upon arriving at the foot of the mountain, all of the villains immediately split off and begin to find their own ways of getting up; Cozy Glow trekking up the mountain path until she comes across the residence of Rusty Bucket. She tries to pretend that she's a lost little filly in order to get Rusty to take her to the peak of the mountain but he refuses. This causes her to lose her temper but Rusty tells her to stay quiet or she will cause an avalanche. She tries different ways of getting past but keeps failing. This causes her to become angry which causes a giant snowball to fall on her and take her back to the bottom. Cozy Glow returns and finds that Tirek made a camp for himself. He proceeds to laugh at Cozy Glow upon seeing her return and explains to her that he had already deduced that getting up the mountain by himself would be impossible, and so had planned to wait for her and Chrysalis to fail so that he could take what they learned and use it to his advantage. Cozy Glow and Tirek proceed to bicker - Tirek calling her out for her fake cutesy persona and constant manipulations, and Cozy Glow criticizing his arrogance, while also mocking him for talking to his "Gram Gram" in his sleep - until they are approached by an Ophiotaurus, which they both blame each other for attracting. Suddenly, a female Ophiotaurus arrives and seduces the other one, Tirek quickly realizing that the former is actually Chrysalis in disguise, who admits that she needs their help, causing Tirek to gloat about his own strategy.

That night, Cozy Glow and the others proceed to bond with each other over their previous endeavors; her remarking about how she almost caused all of Equestria's magic to disappear and it would have been worthwhile if it meant seeing Twilight and her friends defeated, also admitting that working with Chrysalis and Tirek may not be such a bad thing. The next day, the three villains proceed to combine their abilities in order to scale the mountain, only to find that the cave at the top is protected by a magical barrier, which Tirek cannot absorb since he can only take magic from living beings. With some convincing, Chrysalis allows Tirek to take her magic to become powerful enough to create an opening in the barrier, allowing Cozy Glow to enter the cave and retrieve the bell. Tirek then returns Chrysalis' magic, stating that he wasn't sure he would do so and that it seemed smarter to work with her than fight. The villains begin to reflect with one another over how it felt to rely on others for a change, before Chrysalis snaps them out of it, not wanting the friendship to infect her like it did her hive. Realizing that they almost reformed, the three vow to remain focused.

The three then concur that "Grogar" has grown too powerful and decides to betray him together, and Cozy Glow agreeing due to her love of backstabbing before wondering what they can do with the bell. She and the others later return to "Grogar's" lair and fool him into thinking that they failed while yet still becoming allies, though in reality have kept the bell for themselves.

The Summer Sun Setback

In *The Summer Sun Setback*, Cozy Glow sees "Grogar" leaving and asks where he is going. He reveals that since his minions "failed" to recover the Bewitching Bell for him, they will need another source of power to defeat Twilight and her friends. After "Grogar" leaves, Cozy Glow informs Chrysalis and Tirek that he is gone. The villain's voice that they don't trust "Grogar" and try to figure out how to use his bell-like ringing it but nothing happens. Cozy Glow then points out that Twilight mentioned that the Archives in Canterlot has a restricted area and the villains set off on their "road trip".

The three villains hide in Canterlot and only Chrysalis and Tirek notice so many ponies out in the night. Cozy Glow reveals that it's the Summer Sun Celebration with Chrysalis asking how many holidays these ponies have. She believes that it will be easy to get in until Tirek points out that Canterlot has increased security. After Chrysalis fails to enter through the main doors, she returns to her allies and informs that it will be more challenging. The villains then overhear Twilight's friends and Discord talking about their responsibilities for the holiday. Tirek believes it to be impossible since the security is increased with Twilight's friends "bumbling about". However, Chrysalis sees it as an advantage to using as a distraction since they heard everything and gives instructions to Tirek and Cozy Glow.

While Chrysalis and Tirek secretly sabotage the unicorns and Earth ponies, Cozy Glow sabotages the Pegasi by tricking Feather Flatterfly into letting her handle the "small stuff" while he focuses on the "big picture" and he allows her to handle the weather changes delicately. But instead, she makes several intentional mistakes that cause the weather to spiral completely out of control and the pegasi to become overwhelmed trying to contain it.

The villains watch all the panic and chaos unfold before deciding to incapacitate the security. Cozy Glow distracts a guard while Tirek steals his magic and Chrysalis uses his star badge to the main doors for them to enter. They search for the archives which also wakes up a security goose that follows them. However, Chrysalis disguises herself as another security goose to get it to leave and the villains finally find and break into the Archives. They search through the Archives until Cozy Glow finds a book about how to use the Bewitching Bell and uses another book to break it out of its chains.

This gives the villains time to leave Canterlot back to "Grogar's" lair while Twilight and her friends are able to fix the holiday. "Grogar" also returns tells his cohorts that he has found success where they all find "failure". He reveals that he located what he wanted and will retrieve it the next day before they begin his plan to take over Equestria. Tirek is still sulking that he had to give the magic of the Earth ponies back to them, in which Chrysalis and Cozy Glow tell him to stop doing and remind him that "Grogar" would become suspicious if he found out about their "road trip" in which Tirek claims that he doesn't have to like it. Cozy Glow reveals that she didn't like it when the Mane Six managed to fix the holiday until Chrysalis reveals that the goal was not to destroy but to distract in order to get the book. Tirek reminds them that they can't waste any more time because they must master the bell before "Grogar" returns. Chrysalis reveals that they managed to stay ahead of everyone so far until Cozy Glow remarks how easy it was to turn the Earth ponies, unicorns and Pegasi against each other, in which Chrysalis decides would be something to think about.

## The Ending of the End

Cozy Glow turns pegasi against earth ponies and unicorns before she, Chrysalis, and Tirek use Grogar's bell to absorb his old magic, turning Cozy Glow into an alicorn. When "Grogar" returns, they drain his magic into the bell, discovering him to be Discord. When Chrysalis and Tirek debate whether to absorb Discord's magic, Cozy Glow volunteers to test this, to which Chrysalis and Tirek immediately agree. Cozy Glow is transformed into a giant demonic alicorn, but as she is unable to control Discord's magic she has Chrysalis and Tirek take it back into the bell, before they set out to conquer Equestria.

Cozy Glow goes after Celestia and Luna at Canterlot, and when they try to banish her in a similar style to King Sombra, she drains their magic into Grogar's bell. The Mane 6 gain the upper hand on Cozy Glow before Chrysalis and Tirek come to her rescue. They destroy half of Canterlot and try to kill Twilight together, but Rarity throws a chunk of rubble at them. They quickly recover and shoot a combined magic blast at Twilight, but the other Mane 5, Spike, Celestia, Luna, and Discord hold it back so Twilight can escape and think of a plan.

In Part 2, The other Mane 5, Spike, Celestia, Luna, and Discord are imprisoned in the caves beneath Canterlot along with Starlight Glimmer and the Pillars of Equestria. Cozy Glow sadistically plans to kill them but Chrysalis argues they should torture them and show Equestria that they've broken its heroes, while Tirek insists they should hunt down Twilight. Cozy Glow tries to take Celestia and Luna's magic with the bell, leading to an argument with Chrysalis and Tirek. Discord tricks Tirek and releases the others, and the other Mane 5 and Spike run off to get Twilight while the others fight Cozy Glow, Chrysalis, and Tirek as a distraction.

After their opponents are reimprisoned, the Windigos appear, to which Cozy Glow doesn't feel like doing much in the cold they cause. The Mane 6 and Spike return, and during a fight to try to get the bell back, Cozy Glow chases after Rainbow Dash, who was part of the distraction, and to protect the bell, she taunts Fluttershy and blasts her. When Chrysalis threatens Spike, the villains nearly destroy the Mane 6, but the unicorns protect them with a barrier, and most of their allies enter the battle.

In the end, the Mane 6, Spike, the Young Six, and the Pillars unleash a rainbow which destroys the Windigos and drains Grogar's magic from Cozy Glow, Chrysalis, and Tirek. After Pinkie Pie drops a giant cupcake on them with Discord's magic, which, along with the alicorns' magic, is returned to their owners, Celestia, Luna, and Discord turn Cozy Glow, along with Chrysalis and Tirek, to stone forever as punishment for their crimes, ending their threats for good. Thus, Cozy Glow was finally defeated for good.

The Last Problem

The statues of Cozy Glow, Tirek, and Queen Chrysalis, briefly appear in a newspaper Twilight Sparkle shows to Spike. It is unknown if she is still a stone statue after the timeskip, as their stone forms are only seen in the flashback portions. In response to a question as to whether she would be all right, Jim Miller said "Cozy's fine. Just in suspended animation." Indicating she, as well as Chrysalis and Tirek, are asleep for their stoning, unlike Discord. The use of present tense could imply they are still trapped in stone as of the epilogue, though this has yet to be confirmed. Either way, they likely will never be able to hurt any creature again.

## King Sombra

**King Sombra** is one of the major antagonists of *My Little Pony: Friendship is Magic* . He appears as the main antagonist of the season 3 premiere "The Crystal Empire" and the season 9 premiere "The Beginning of the End". He is also the supporting antagonist in the season five finale "The Cutie Re-Mark", and a posthumous antagonist in the season six premiere "The Crystalling" and the rest of season 9. He is also one of Twilight Sparkle's archenemies.

He is a dark and tyrannical unicorn and the former ruler of the Crystal Empire who is bent on reconquering the empire and later taking over all of Equestria. In Season 3, he returned alongside the Empire and plans to retake it so he can regain his physical form and conquer Equestria with his army of mind-controlled slaves. However, his plans were thwarted by Cadance, Spike, The Mane Six, and the Crystal Ponies, and he was defeated and destroyed. In Season 9, Sombra was restored by Grogar (who is Discord in disguise) to join his team of villains so they can conquer Equestria together. However, Sombra refused to join the team and he goes out to conquer Equestria on his own. He managed to destroy the Tree and Elements of Harmony and succeeded in conquering both Ponyville and Canterlot. However, he was defeated once again by the Mane Six.

In the IDW MLP comics, he appears as the secondary antagonist in the 13th story arc *Siege Of The Crystal Empire* ; the real main antagonist being his "mother" Rabia. In the IDW comics, it is stated that Sombra is actually an Umbrum created to destroy the Crystal Heart and release the Umbrum army trapped underneath the Crystal Empire; although this is considered to be non-canonical to the series.

He was voiced by Jim Miller in Season 3, and was voiced by Alvin Sanders in Season 9.

### Past

King Sombra's early life is left completely unknown in the TV series (unlike the comics). It can be speculated that Sombra was once a normal unicorn, possibly a resident of the Crystal Empire, until he began studying dark magic, and had delved so deep in it that it mutated him into the tyrannical abomination he is today. It is also implied that Sombra murdered the previous Queen of the Crystal Empire so he can take over the Empire.

What is known is that King Sombra was a powerful unicorn whose heart is said to be as black as night. He took control of the Crystal Empire and enslaved the crystal ponies, and most likely planned to do the same with the rest of Equestria. Fortunately, Celestia and Luna arrived and used their combined magic to depose him, turning him to shadow and banishing him to the Arctic North, ultimately sealing him into a crevice of ice which closed up. However, he foresaw this and placed a curse upon the Crystal Empire that caused it to disappear for a thousand years out of spite.

Season 3 The Crystal Empire

The Crystal Empire reappears, but the crystal ponies have no memory of their kingdom before Sombra took over, and the mere memory of him causes them pain. Sombra returns along with the Crystal Empire and tries to conquer it again, but Princess Cadance was able to cast a protection spell around it which kept him out. When Twilight Sparkle and her friends came to the Crystal Empire to protect it, Sombra chased after them in shadow form, but they got through the barrier, although he attacked Shining Armor he survived, his horn was cursed so that he could not use his magic.

When Cadance began to run out of power to perform the spell, the barrier briefly deactivated, allowing Sombra to invade. Sombra's horn was broken off as the barrier reactivated, and he transformed it into a dark crystal that began to create more dark crystals in the Crystal Empire.

Twilight and Spike searched for the Crystal Heart, the key to protecting the empire, inside the castle, where nobody would dare to look. They ran into a door enchanted by Sombra to hypnotize them into confronting their worst fears. In Twilight's case, she thought Celestia told her that she failed her test and wouldn't continue her studies, only for Spike to snap her out of the trance. Spike gets brainwashed too and thought Twilight was banishing him, but Twilight saw through the enchanted door's purpose and shuts it, releasing Spike from the spell and comforting him about his fear.

Eventually, they reached the Crystal Heart, but Sombra, was finally able to enter once Cadance was no longer able to perform her spell, trapping Twilight in a wall of dark crystals, keeping her from the Crystal Heart once she triggers a trap.

With no way out, Twilight entrusts Spike to take the Crystal Heart to Cadance. Returning to his physical form, Sombra tried to spear Spike with a dark crystal, but Cadance saved him from the attack. She then returned the Crystal Heart, and together with the crystal ponies used its power to unleash a wave of magic that restored the Crystal Empire and destroyed Sombra, shattering him to pieces.

King Sombra was briefly referenced in the episode, " *Games Ponies Play* ". Twilight also briefly uses his magic in " *Princess Twilight Sparkle* ".

Season 5 The Cutie Re-Mark

The first of many alternate timelines temporarily created by Starlight Glimmer, King Sombra is in power and ruling over the Crystal Empire with the iron hoof, having never been killed by Princess Cadance due to the change in the timeline, he made the crystal ponies fight for him against the rest of Equestria, fighting a war with Celestia. He was winning the war as he managed to take half of Equestria.

Season 6 The Crystalling

King Sombra was mentioned again a couple of times in the Season 6 premiere " *The Crystallising* ". Spike mentions King Sombra while telling the Crystal Ponies about how he was defeated. Twilight later reveals the reason that King Sombra merely hid the Crystal Heart in his castle is to prevent the Frozen North's weather from breaching the Empire. This explains why Sombra never destroyed the Crystal Heart in the first place.

## Season 7 Shadow Play

Pinkie Pie mentions Sombra while recounting the threats Equestria has faced over the last thousand years to Star Swirl the Bearded.

## Season 9 The Beginning of the End

King Sombra is revived by Discord (who was in the form of the ancient tyrant Grogar) and is summoned to his lair, where Queen Chrysalis, Lord Tirek, and Cozy Glow accuse him of being the one who summoned them there. However, "Grogar" reveals himself as being the one to summon them, much to the villains' astonishment, as they had all thought he was a legend (except for Cozy Glow, who had never heard of him before). "Grogar" proceeds to tell the group of his plans to eliminate Twilight Sparkle and her friends and demonstrates his power by giving Tirek enough magic to partially revive his strength, also causing him to tell Cozy Glow of the stories that he had heard of "Grogar" when he was younger and for Sombra to do the same afterwards. "Grogar" goes on to state that he's been watching over all of them and asks them why they think that they've always been beaten by the same six ponies, Chrysalis interrupting Sombra before he can respond. "Grogar" rebuffs all of their answers and points out that the Mane 6 have always won because they work as a team, and demands that they all do the same in order to take over Equestria.

However, Sombra refuses to join "Grogar", claiming that he will take the Crystal Empire back for himself and destroy anyone who gets in his way. Unphased by this, "Grogar" tells Sombra to go and try to take over the Empire again, even offering to transport him there on the conditions that he can keep it if he succeeds, but will serve him once he fails, claiming he will destroy him again if he refuses to abide by his terms. Sombra agrees and proceeds to arrogantly proclaim how he will overtake the Empire, before an annoyed "Grogar" whisks him away. Sombra proceeds to lay siege to the Crystal Empire with ease, brainwashing the crystal ponies and royal guards into serving him as he approaches the castle. Inside, Princess Cadence sends out a message to Twilight before she and Shining Armor notice that Flurry Heart is missing and find her in Sombra's clutches. Sombra then forces Shining Armor and Cadence to surrender, capturing the Crystal Heart and fully taking over the

Crystal Empire afterwards.

Upon receiving Cadence's message and summoning her friends, Twilight decides to retrieve the Elements of Harmony from the Tree of Harmony to defeat Sombra. Back at the Empire, Sombra is seen relaxing on his throne, amused by Flurry Heart's attempts at attacking him, only for the Mane 6 to arrive to challenge him. Unconcerned, Sombra forces his opponents to endure their own worst fears (making Twilight see a vision of all of her friends being controlled by Sombra while Princess Celestia and Luna show disappointment in her, turning them into Nightmare Moon and Daybreaker as a result), and suggests that they should surrender, as nothing can beat their own fears. However, Twilight and the others overpower Sombra's visions with the Elements, revealing that they were only facing their fears long enough for Spike to free his captives.

Cadence then reclaims the Crystal Heart and uses it to dispel Sombra's influence from the Empire, freeing everyone from his control. In spite of this, Sombra proclaims that he will win in the end, before being seemingly destroyed by the Elements. Having saved the Empire again, Twilight and the Mane 6 return the Elements to the tree, only for Sombra to appear and destroy both.

Sombra reveals that his supposed demise back at the Crystal Empire was merely a ruse to fool the Mane 6 in so that he could trace them back to their source of power and destroy it; and now that he has done so, they will be unable to stop him. Despite this, the Mane 6, minus a disheartened Twilight, try to fight back against him, only for Sombra to imprison them all, realizing that, with them out of the way, he can conquer all of Equestria for himself, planning to overtake Ponyville first. Sombra then considers using his magic to brainwash the Mane 6 as well, but decides against it, as he is already forcing them to endure their worst fear by taking control of Equestria anyway before leaving. Sombra goes on to brainwash all of Ponyville - including Spike, Starlight Glimmer, the Cutie Mark Crusaders and the Mane 6's other friends-into becoming his slaves and takes them to conquer Canterlot, while the Mane 6 are forced to deal with the Everfree Forest's overgrowth thanks to the Tree's destruction.

Sombra storms Canterlot with ease thanks to his brainwashed army, and barges into the Princess' throne room, only to find that it is empty, making him believe that Celestia and Luna had run away from him in fear. Soon, the Mane 6 arrive in the Princess' throne room with Discord (back in his true form) and engages Sombra, who attempts to blast them with magic. However, Discord dispels all of Sombra's attacks with ease while commenting that, even though he expected Twilight and the others to handle things by themselves, they still win because he is their friend, though in doing so he accidentally prompts Sombra to target Fluttershy instead, making Discord take the blast for her. Sombra gloats at his victory and begins to decide how he will eliminate the rest of his enemies, while, at the same time, Discord gives his friends a heartfelt speech about how they don't need him or the Elements to beat Sombra since all they have ever needed to win is each other.

Disregarding Discord's claims, Sombra attacks the Mane 6, who, now inspired, begin to fight back, generating more magic than ever. Baffled, Sombra demands to know how the Mane 6 have the ability to stand up to him even when he destroyed the source of their power, although Twilight claims that he never did, with her and the others reminding him that friendship is magic, before using their power to destroy him once again and remove his influence from Equestria. Due to how powerful the Mane 6's magic was, Sombra's skin was tearing itself apart while he quickly turns to dust as well and disappears into the light, destroying him once and for all.

Later, Celestia and Luna return from fending off the Everfree Forest and state that they will hold off on making Twilight and her friends the new rulers of Equestria until Twilight feels she is ready, causing Discord to reveal that he faked his injuries in an effort to push Twilight to become the great leader he knows she is, additionally revealing that he could have defeated Sombra any time he wanted. Back at "Grogar's" lair, Tirek and Chrysalis ask him about how Sombra's plan went, and "Grogar" shows them that he had been defeated yet again. Choosing not to revive him a second time, Discord (back in his Grogar disguise) uses Sombra's destruction as an example to the others of what happens when they try to abandon his plans, making them nervously agree to serve him.

## Legacy

King Sombra is mentioned a few times in the episode, " *Uprooted* ".

He is also mentioned in " *Sparkle's Seven* ", where it is shown that Princesses Celestia and Luna decided to have Shining Armor increase security in Canterlot following Sombra's previous attack on it.

In " *She's All Yak* ", Sandbar lists King Sombra and Cozy Glow as two ponies worse than Yona.

He is briefly mentioned in " *The Last Crusade* " by Mane Allgood, who lists him as one of the main reasons why she and her husband Snap Shutter decided to come to Ponyville and spend time with their daughter, Scootaloo.

In " *The Ending of the End - Part 1* ", Sombra is mentioned a number of times when it is revealed that Discord had been posing as Grogar and was using him and the other villains to create a threat that would push Twilight and her friends into becoming confident rulers of Equestria. In " *Part 2* ", Twilight has a picture of Sombra included in a thought chart when trying to come up with a way to defeat Tirek, Queen Chrysalis and Cozy Glow.

## Reflections

King Sombra of a parallel world appears in the seventh arc (Issues 17-20) of the comics. He is the polar opposite of the Sombra from the show, as he is a good ruler of the parallel world where Celestia and Luna are evil. He is in love with Celestia of Prime Equestria.

However, this version of Sombra would suffer a terrible fate in allowing himself to be taken by evil to protect his beloved Celestia and both their worlds from destruction, becoming just like the King Sombra from Celestia's world. But even after being taken by evil, this Sombra mourns his beloved Celestia, now lost to him, possibly forever.

In *Friends Forever #4*, it is shown how King Sombra captured a Crystal Bard and enslaved him, making him read books for him after the Crystal Bard escaped King Sombra with his royal guards trying to recapture him but the Crystal Bard became smarter than him.

*Fiendship is Magic*

In Issue 1, Sombra's backstory (at least in comic canon, in which Amore has a different cutie mark than described in the Journal of the Two Sisters) is revealed; he was an Umbrum disguised as a pony to enter Equestria and release the other Umbrum, who were imprisoned in another dimension. Sombra initially didn't want to turn evil, and was friends with Radiant Hope, and was affected by the power of the Crystal Heart, but after a talk with the Umbrum, he embraced his dark side. He turned Princess Amore to crystal and shattered her to pieces, before being banished by Celestia and Luna, but he threw Radiant Hope outside of the Crystal Empire. In the present, it is shown that Sombra is now a ghost tied to his horn.

Siege of the Crystal Empire

In Issue #34, Radiant Hope recruits Queen Chrysalis, Lightning Dust, Iron Will, and the Flim Flam Brothers to attack the Crystal Empire as a distraction while she finds Sombra's spirit and horn, and uses her healing magic to bring him back to life.

In Issue #35, Sombra releases the imprisoned villains, and he encrusts Twilight's horn with dark crystals, allowing Chrysalis to defeat her. Celestia and Luna arrive to fight Sombra and Chrysalis, but due to Hope's intervention, Sombra turns Celestia and Luna to stone.

In Issue #36, Sombra and Chrysalis get into an argument when Chrysalis is against Sombra's plan to release the Umbrum, knowing they will cause despair, thus preventing her from feeding off love. Threatened with being turned to stone, Chrysalis retreats with her Changelings. After Princess Cadance and Hope discover what the Umbrum are really like, Hope tries to convince Sombra not to release them. Twilight arrives, having been restored by the other Mane 5 with the power of friendship, and shoots a magic beam at Sombra, but Hope jumps in front of him and takes the hit. Sombra then releases the Umbrum.

In Issue #37, Sombra, now emperor, turns Shining Armor to stone at the command of Lady Rabia in a reference to Governor Tarkin destroying Alderaan. He is about to do the same to Twilight and Cadance when Twilight tells them to do this at the dais where the Crystal Heart is so everypony can see it happen. Sombra goes to take Hope with him, to which she reveals that her supposed destiny of becoming a princess did not come true because she left her training to look for him. Sombra was affected by the realization that not only was the Crystal Heart's prediction not true, but she chose him over becoming a princess. When the "rebels" attack the Umbrum, Rabia tells Sombra to eliminate Twilight and Cadance and Hope takes out the Crystal Heart. Rabia tells Sombra to smash it, but instead, he unleashes its power, re-imprisoning the Umbrum and saving the Crystal Empire. Sombra is disintegrated by the Crystal Heart's power, but before he can be completely destroyed, Hope saves him with her magic, and together she and all four princesses restore him to physical form, turning him into an actual pony similar in appearance to his mirror-world counterpart. Together, Sombra and Hope decide to restore Princess Amore.

## Nightmare Moon

**Nightmare Moon** is a major antagonist of *My Little Pony: Friendship is Magic* . She appears as the main antagonist of the Season 1 premiere, "Friendship is Magic", and as the secondary antagonist in the Season 5 finale, "The Cutie Re-Mark" and the Season 7 episode, "A Royal Problem". She also appeared as a flashback antagonist in the Season 4 premiere, "Princess Twilight Sparkle" and a minor antagonist in the Season 9 premiere, "The Beginning of the End".

She is the corrupted form of Princess Luna, the younger sister of Princess Celestia who was consumed by her own jealousy toward her older sister. As Nightmare Moon, she acted as Celestia's archenemy until she was restored to her normal form by the Mane Six.

It is unclear if "Nightmare Moon" is an entity that possessed Luna or not; the show seems to lean that Nightmare Moon is Luna's alternate personality but the comics state that Luna was corrupted during her time on the moon.

## Past

Long ago, Luna and Celestia were both the rulers of Equestria, a land inhabited by ponies. Every morning, Celestia would raise the sun, and every evening, Luna would raise the moon. Together, they kept the balance perfectly. However, as time went on, Luna grew jealous: the ponies would be awake to enjoy the day and love, admire, and appreciate Celestia's work, but would always "shun" Luna's night by sleeping through it.

One day, Luna finally became fed up with Celestia's success. Not only did she refuse to lower the moon, but also challenged Celestia for the sole rulership of Equestria. At that moment, the bitterness in Luna's heart manifested and consumed her, transforming her into Nightmare Moon, a black mare of pure darkness. Celestia did not want to fight Nightmare Moon and begged her to lower the moon, but Nightmare Moon said her only royal duty was to destroy Celestia, and shot at her elder sister with magic beams, eventually knocking her down. Seeing no other way, Celestia reluctantly used the Elements of Harmony to overpower Nightmare Moon and banish her into the moon, creating the phenomenon known as "the Mare in the Moon" (a unicorn's face imprinted upon the surface of the moon).

Since then, Celestia took full responsibility of raising the sun and the moon, and a holiday was created to celebrate Celestia's victory over Nightmare Moon called the Summer Sun Celebration. However, Celestia only felt loneliness and regret for having to send her own sister away. In addition, it was prophesied that in a thousand years, on the longest day of that year, Nightmare Moon would be free of her imprisonment to seek her revenge.

## Season 1

Upon reading an ancient legend, Twilight Sparkle realized Nightmare Moon is about to return, however her mentor, Princess Celestia, encouraged her to make friends instead of worrying about the supposed "old pony's tale". Unfortunately, Twilight turned out to be right and Nightmare Moon was released during the Summer Sun Celebration, replacing Celestia who was supposed to attend it. Twilight and her soon-to-be friends chased Nightmare Moon into the forbidden Everfree Forest.

After conquering many obstacles left by Nightmare Moon in their path, they finally found the twisted mare herself along with the ancient Elements of Harmony, now reduced to inert stones. As Nightmare Moon whisked the Elements away, Twilight followed her into the portal and confronted her alone. She tried to use the Elements of Harmony as Celestia did, but for that, she had to find the "spark" that would make a sixth Element appear. However, no matter how hard she tried, she couldn't make the spark, and Nightmare Moon destroyed the Elements.

Fortunately, when Twilight heard her new pony friends calling for her, she felt a different spark in her heart; making her realize that the real Elements are not just some stones: they exist in the hearts of her friends. That spark triggered the final element: Magic (also known, of course, as Friendship), and reanimated the shattered Elements, converting them into jewels for the six friends to bear. Using the Elements of Harmony, Twilight activated a spell that struck Nightmare Moon, exorcising the darkness from her and transforming her back into Princess Luna.

Celestia arrived in the ruins where the battle took place, admitting that she knew of Nightmare Moon's return, but knew the only way to defeat her was for Twilight to understand the importance of friendship. Celestia walked over to a cowering Luna, who apologized in tears for her actions, and was granted forgiveness. Later at the celebration (held by Pinkie Pie), even the other ponies forgave Luna, gifting her with a flower necklace.

Season 2

In the season 2 episode "Luna Eclipsed", Princess Luna, now uncorrupted (And with a new look. Lauren Faust, the show's creator, stated that this was because when Nightmare Moon was defeated, Luna was reborn with very low magic levels, and she transformed after getting her good powers back), returns to Ponyville during the holiday Nightmare Night, a holiday dedicated to Nightmare Moon depicting her as a scary bogeyman. Luna, with Twilight's help, tries to change her image from that of the terrifying Nightmare Moon, to a favorable one as Princess. Unfortunately, the nature of the holiday, combined with Luna's outdated mannerisms and flair for the dramatic, make her subjects more scared of her than ever. Her first attempts end disastrously, prompting her to decree Nightmare Night canceled, but Twilight persuades her to give Ponyville another chance. When Luna discovers that the residents actually enjoy being scared as part of the night's festivities, she uses the Nightmare Moon persona to help them have fun and thus gains their trust and friendship, particular that of a colt named Pipsqueak.

## Season 4

During the Season 4 premiere two-parter, "Princess Twilight Sparkle", Twilight attempts to figure out the source of the chaos seizing Equestria by drinking a potion which gives her flashbacks of the past. One of the flashbacks she experiences is of Luna becoming Nightmare Moon and assaulting Princess Celestia. At first, Celestia is reluctant to fight her sister, but Nightmare Moon assaults her with dark beams and eventually wounds her, sending her plummeting to the ground. However, Celestia promptly recovers and arms herself with the Elements of Harmony, the power of which she channels into a powerful beam that overwhelms Nightmare Moon's defenses and seals her inside the moon.

## Season 5

In the episode "Do Princesses Dream of Magic Sheep?", it is revealed that Luna never truly forgave herself for her transformation into Nightmare Moon and created a creature known as the Tantabus to punish her by turning her dreams into nightmares about Nightmare Moon. However, when the Mane 6 mysteriously show up and try to defeat the Tantabus, it becomes aware of their existence and leaves Luna to infiltrate their dreams. Luna and the Mane 6 try to fight off the monster, but the problem becomes worse when Pinkie Pie dreams of sharing a giant ice cream sundae with all the ponies in the entire town, giving the monster knowledge of all the residents of Ponyville. Luna uses her power to bring all of the citizens of Ponyville into the same dream and they try to use their dream abilities to bring down the Tantabus and prevent it from reaching the real world. Despite their best efforts, the monster becomes too powerful for them to fight off and it heads for the real world. Twilight realizes that Luna's guilt is what's fueling the monster and causing it to grow bigger. Twilight and her friends make her see that she and Nightmare Moon are not the same, that Luna is doing everything she can to save Equestria from the Tantabus at her own risk and that she is not alone, that everyone from the Mane 6 to all of Ponyville and beyond trust her completely and implore her to trust them on this. A tearful Luna finally lets go of the past and is now able to finally forgive herself, destroying the Tantabus, and sleeping happily and peacefully for the first time in a millennium.

In the third of many alternate timelines created by Starlight Glimmer in the season finale "The Cutie Re-Mark", Nightmare Moon is in power, having imprisoned Celestia in the moon for years and with Rarity and Rainbow Dash working for her. When Twilight mentions time travel, Nightmare Moon tries to force her to lead her back in time to stop the Elements of Harmony from being found, threatening Spike. She shatters the Timberwolves that attacked Twilight and Spike, but with teleportation, Twilight gets Spike away from Nightmare Moon and travels back in time again in another attempt to fix the timeline.

Season 7

In "A Royal Problem", Starlight Glimmer has a nightmare in which her fears of accidentally driving Celestia and Luna farther apart by switching their cutie-marks result in Luna transforming back into Nightmare Moon. As Celestia (having taken over Luna's duties) prepares to fight Nightmare Moon, Daybreaker, an evil version of Celestia, emerges, stating that, if Luna can turn into Nightmare Moon, Celestia can turn into Daybreaker. Daybreaker then states that Celestia doesn't need Luna and then engages Nightmare soon in battle, stating that she shouldn't have banished her, but destroyed her instead. Celestia tries to stop the fight, however, Daybreaker refuses and continues trying to destroy Nightmare Moon, forcing Celestia to visit Luna's dream and get her help. As Celestia and Luna return to Starlight's dream and reconcile, Daybreaker manages to overpower Nightmare Moon and begins blasting at her again, however, Celestia teleports between their beams, and erases both of them from Starlight's dream.

Season 9

In "The Beginning of the End - Part 1", Nightmare Moon appears briefly alongside Daybreaker in Twilight's vision caused by King Sombra's fear spell. This brief scene is also Nightmare Moon's final appearance in the series.

## Other appearances

Luna becomes a recurring heroic character in the series. At the beginning of Seasons 2 and 3, it's revealed that Luna, alongside Celestia, turned Discord to stone with the Elements of Harmony and imprisoned King Sombra in ice while turning him to shadow, about a thousand years ago sometime before her transformation into Nightmare Moon.

## Nightmare Moon in comics

In Issue 6 (Part 2 of the second arc), Nightmare Moon is depicted as a separate entity from Luna, originating from the moon (as evidenced by her speaking to Rarity while possessing her, and speaking as if she were the original Nightmare Moon). It is said she convinced Luna to let her possess her (Luna also says "the Nightmare Forces" told her what to do to make ponies fear her), and that she promised the Nightmare Forces a kingdom of their own. When the Mane 6 restored Luna, Nightmare died, but was revived through the cycle of the new moon, and corrupted the inhabitants of the moon into new Nightmare Forces.

Nightmare herself convinced Rarity to let her possess her, becoming Nightmare Rarity.

In Issue 7, Nightmare Rarity imprisons the ponies in her dungeon once the Nightmare Forces defeat them, and resists Spike's attempts to get through to her. She tries to trick him with an illusion, but he realizes her deception. She has Shadowfright and his sidekick capture him and says the nightmare has only begun.

In Issue 8, the ponies escape the dungeon and de-corrupt Shadowfright's sidekick, Jerome, with the power of friendship. Luna does the same to Shadowfright and his army, turning them back into the denizens of the moon. The ponies then use this power of friendship on Nightmare Rarity to weaken her, and with this, them thinking of memories of Rarity, and Spike's love for her along with his restored Fire Ruby, the Nightmare Energy and spirit of Nightmare Moon are destroyed, releasing Rarity from their control.

Luna appears in the comics as well, though not as Nightmare Moon, and with her mane and tail the way they were after she was restored.

In issue 32, moon rocks from the battle between Celestia and Nightmare fall down to the planet and cause some apples to come to life.

FIENDship is magic issue 4 explains what Nightmare Moon did on the moon. She came across some creatures who make ponies' dreams. She tried to invade Celestia's dream to haunt her, but it was too strong. So she invades other ponies' dreams to spread rumors about Celestia. Celestia quickly put a stop to this. When Nightmare finally reaches her dream, Celestia banishes her permanently. Nightmare then turns the creatures into the nightmare forces.

## Theories

There are several theories about Nightmare Moon and Luna which say they're not the same entity. This was confirmed by Lauren Faust herself (though she also gave a speech in an interview about Nightmare Moon's "reformation"). Nightmare Moon could be in fact an embodiment of dark magic possessing Luna and keeping her prisoner under her evil influence till she was finally released by the Elements of Harmony. However, this theory has been debunked by the episode "Do Princesses Dream of Magic Sheep?".

As King Sombra made the Crystal Empire disappear for a thousand years, it was speculated that he had something to do with Luna's transformation into Nightmare Moon. He could have magnified her existing jealousy and bitterness into a dark transformation, or, in accordance with the above theory, a manifestation that possessed her. This theory may have been proven wrong as it was revealed that Celestia and Luna defeated Sombra in the past and imprisoned him, though that does leave the possibility that Sombra only started a more gradual transformation from Luna into Nightmare Moon. This theory was expressed in the youtube video, *Fall of the Crystal*

*Empire.*

It has also been speculated by G1 fans that Tirac exists in *Friendship is Magic* and was the one behind Nightmare Moon's transformation, since Nightmare Moon shared Tirac's motivation of bringing the night that never ends. However, when Lord Tirek finally appeared he displayed no such power or interesting in a neverending night.

It has been said that there was an outside force behind Luna's transformation into Nightmare Moon, who also might have had a hand in Discord's escape. In the comics it is implied that this force was the Nightmare Forces, directly possessing her while exploiting the bitterness in her heart to get her to accept them (although it also could be that the Nightmare Forces in the comics are the spirit of Nightmare Moon since she still seems to be Luna, or at least a part of her).

Some believe Nightmare Moon to be an apocalyptic villain since eternal night would cause the world to freeze. Lauren Faust has said that eternal night was Nightmare Moon's first step to a plan to "usher in an era of evil".

It has also been speculated that she is now a ghost and that she is the mysterious Shadow Pony haunting Celestia and Luna's old castle in the Season 4 episode "Castle Mane-ia", although recent comments have made this figure more likely to be Tirek.

Due to Stygian having a similar backstory and transformation into the Pony of Shadows, which occurred through him merging with a sort of "Shadow" strongly resembling a symbiote, it is possible (and, aside from the Nightmare Rarity comics, it is implied by the *Legends of Magic* comics) that Luna similarly merged with a "Nightmare" symbiote (though one weaker than the Shadow, as the Pony of Shadows was not purified by the Elements of Harmony while Nightmare Moon easily was), which she would have let in out of jealousy, to become Nightmare Moon.

## Reception

Nightmare Moon received a mostly positive reception from critics and fans of the series. As the first antagonist of the series, she is praised for her actions, personality, backstory, and her motives. Her alter-ego, Princess Luna, became one of the show's most beloved and popular characters of the series and the Brony Fandom. Her voice actress, Tabitha St. Germain, received praise for her performance as Nightmare Moon.

## Diamond Dogs

The **Diamond Dogs** (named **Rover**, **Fido**, and **Spot** ) are minor antagonists in *My Little Pony: Friendship is Magic* . They are trio of greedy jewel finding dogs.

Rover was voiced by Scott McNeil, Fido was voiced by Garry Chalk, and Spot was voiced by Lee Tockar.

They appear only in the season 1 episode "A Dog, and Pony Show". They are the main antagonists of the episode. They kidnapped Rarity to find gems for them after seeing her using her gem-finding spell, though the first attempt to kidnap Spike, thinking that he was the gem finder. In the end, Rarity makes them regret kidnapping her until her friends arrived to rescue her with spoils.

Rover is a medium-sized dog and the leader of the trio. His two followers are Fido, a large-sized dog, and Spot, who is a bulldog-like a small dog. Their name is taken from David Bowie's album *Diamond Dogs.".*

## Mane-Iac

The **Mane-iac** is a fictional character that appears in the fourth season of the show *My Little Pony: Friendship is Magic* and is the main antagonist of the episode entitled "Power Ponies". The Mane-iac appears to be an earth pony with a violet coat, a mane consisting of large green hair tendrils, and green eyes with red pupils.

At the beginning of the episode, Spike shows Twilight Sparkle a couple of pages of a *Power Ponies* comic book on which the Mane-iac is depicted.

She is stated to be the Power Ponies' "most evil nemesis".

Originally, she was the power-mad owner of a hair-care product company, she was the victim in an accident at her shampoo factory and fell into a vat of green liquid and was electrocuted by a downed power line. The accident had given her strange new powers and caused her to go insane. Another page shows the Mane-iac breaking into the Maretropolis Museum and stealing something called the Electro-Orb.

When Spike and his friends are sucked into the comic book and become the Power Ponies, they're brought to the point in the story at which the Mane-iac has just stolen the Electro-Orb. She watches in amusement as they grow accustomed to their newfound superpowers before leaving the scene. When the Power Ponies track the Mane-iac down to her headquarters-her abandoned shampoo factory-she dispatches the ponies with her "Hairspray Ray of Doom", freezing the ponies in place and rendering their powers useless. She then takes the Power Ponies prisoner, but leaves Spike/Humdrum alone, considering him pointless. The Mane-iac uses the Electro-Orb to power her doomsday device, with which she plans to cause the manes of every pony in Maretropolis to grow wild. As she gloats to the Power Ponies over her apparent victory, Spike traps some of her henchponies and helps in freeing his friends. Just before the Mane-iac can use her weapon on Fluttershy/Saddle Ranger, a firefly enters her line of fire, and she swats it away. This action incurs Saddle Ranger's wrath, and she single-handedly does away with both the Mane-iac and her weapon.

As the result of being struck by her own weapon, the Mane-iac's mane grows out of control, ensnaring her in it like a straitjacket, while seemingly tickling her as she was laughing.

## IDW Comics

In issue #54 of the IDW comics, Shadow Lock brings the Mane-iac out of Twist's comic book to distract Applejack and Pinkie Pie while he erases the information from all of the books in the school. The Mane-iac is presumably sent back into the comic book off-screen.

## Starlight Glimmer

**Starlight Glimmer** is a former major antagonist in *My Little Pony:*

*Friendship is Magic* . She acted as the main antagonist of Season 5, first appearing in the premiere "Cutie Map", then made some cameos in the episodes "Amending Fences" and "What About Discord", and then made her next full appearance in "Cutie Re-Mark". She then redeemed herself and became on of the supporting protagonists for the remainder of the series. Her counterpart, Snowfall Frost, appeared as the main antagonist of "A Hearth's Warming Tail".

Starlight Glimmer started out as the leader of an unnamed village near the edge of Equestria, where she convinced everypony to give up their cutie-marks, which was a result of her childhood friend, Sunburst, abandoning her when he gained his own mark. When the Mane Six arrived and exposed her the tyrant she was, she escaped and sought her revenge later on by traveling back in time and interfering with their past, until Twilight Sparkle inspired her to seek friendship again. She then became Twilight's student, Trixie Lulamoon's assistant, then the guidance councilor of Twilight's School of Friendship, and then finally Headmare of the school.

She is voiced by Kelly Sheridan, who also voiced Svetlana Petranova in *Barbie in Rock 'N Royals* .

The Cutie Map Part 1

In her episode debut, she is the head of a village where all the ponies have equal signs for Cutie Marks. She greets the Mane 6 when they enter the village. She and the townsfolk explain their philosophy - that being equal is what brings true happiness. The Mane 6 (except Fluttershy, who is warmed by the townsfolk's benevolence, and especially Pinkie Pie, who is adamantly suspicious of the location), find this odd. They promptly meet a trio of ponies who miss their Cutie Marks, showing that Starlight's village is not as happy as it seems. The trio informs the group of a vault inside a mountain which contains the taken marks. Starlight leads the ponies to the vault and shows them a wooden staff, which she dubs the Staff of Sameness. She claims that it's a magical item she uses to take away ponies' Cutie Marks. When Pinkie Pie prematurely discloses that a group of ponies told them about the vault, Starlight immediately sees the Mane 6 as threat to the town's lifestyle and steals their Cutie Marks with the staff, placing them in the vault.

Part 2

She imprisons the ponies in a house, wherein she condemns them to remain until they resign themselves to their fate of living in her town, markless and talentless forever. Unable to break out, the ponies persuade Fluttershy to feign having converted. Starlight is initially not convinced and commands Fluttershy to denounce the ponies who told her about the Vault. Fluttershy hesitates, but one of the free-thinking ponies - named Party Favor - voluntarily confesses that he was responsible for this, subsequently causing him to be imprisoned with the rest of the Mane 6. That night, Fluttershy intends to break into the Vault, but before she can get going there, she finds out that Starlight has ordered Double Diamond to deliver their Cutie Marks to her house so she can guard them personally. She also discovers that in reality, Starlight still has her cutie mark and her equal mark is fabricated.

The following morning, Fluttershy convinces Twilight to claim that she'll join Starlight and the rest of the village to distract Starlight's attention. While this is going on, Fluttershy tries to splash water on Starlight to reveal her cutie mark, but she dodges this as she had known Fluttershy was just acting her conversion. However, a drop of water wipes a smudge off the mark. Party Favor notices this and further wipes off the Equal mark, revealing Starlight's cutie mark and shocking the town. Starlight admits that the Staff of Sameness is just a regular staff she discovered in a desert, and that the Equalizing is the product of her own magic, which she hid from the town. Despite Starlight finally losing her temper and telling she created harmony, the townsfolk were really furious on how she lied to all of them, Starlight tries to save face by claiming she did it all for the sake of establishing harmony, but the townsfolk turn on her for her deception, forcing her to retreat back into her house.

A group of ponies breaks into the Mark Vault and throws the Staff of Sameness at the glass, breaking it and releasing the population's Cutie Marks. Meanwhile, Starlight hides in her house and takes a secret passage, trying to make off with the Mane 6's cutie marks as revenge for exposing her. While the Mane 6 is failing to catch up with her since their forced equality causes them to move slowly, Party Favor and other ponies set out to apprehend Starlight and retrieve the marks (and in the process, use their individual talents to counter Starlight's obstacles). Just before reaching the caves, wherein she could have lost her pursuers, the villain winds up being covered in snow, forcing her to release the marks. Starlight emerges and tries to blast her former followers, but Twilight defends them and says to Starlight that her groups' individuality was what led her to become a princess. Starlight rebukes this and insists that her actions presented the townsfolk with a kind of friendship they couldn't have obtained otherwise, but is shot down by Double Diamond, who claims that she never gave them a chance to be friends before converting them to her beliefs. Enraged and defeated, and having lost all her followers, she uses her magic to escape. Twilight hopes that Starlight will consider what the townsfolk have taught her.

## Cameos

Starlight makes a cameo appearances in " *Amending Fences* ", when she was hiding behind a menu she was holding in the cafe. She has a second cameo in " *What About Discord?* ", hiding behind a bush and spying on the Mane Six and Discord with a pair of binoculars. Pracitcally spent through out season 5 trying to find a way to get revenge on the Mane 6 by finding the source of their friendship.

## The Cutie Remark

Starlight returns as the main antagonist of the season finale *The Cutie Remark* . After listening to Twilight's speech of how she and her friends obtained their cutie marks through Rainbow Dash's Sonic Rainboom, Starlight appeared in Twilight's castle and used an altered version of Star Swirl the Bearded's time travel spell with the Cutie Map to travel back in time. She blasted Rainbow Dash away before she could do the Sonic Rainboom, altering time so that King Sombra ruled Equestria and was at war with Princess Celestia. Twilight's attempts to stop Starlight only led to Starlight crystallizing her and then convincing the jock bullies not to pick on Fluttershy, creating a timeline in which Queen Chrysalis is in power and at war with Zecora. Twilight tried to fight Starlight, but it distracted Rainbow Dash, creating a timeline in which Nightmare Moon was in power, with Rainbow Dash and Rarity working for her and Celestia imprisoned.

Twilight's attempts continued to be in vain; Starlight tripped Rainbow Dash, putting Tirek in power; Starlight got Twilight to crystallize Rainbow Dash, putting Discord in power; she made Fluttershy fly with her magic, putting the Flim Flam Brothers in power, making everything look a game to Starlight as she kep taunting Twilight.

When Starlight blasted Rainbow Dash away again, after an argument, Twilight decided to force Starlight to come with her by taking her to the new apocalyptic future of Equestria when Twilight wondered what made Starlight think cutie marks were evil.

When they were in the altered future Starlight finally gets serious, frowns and demands to know where she is, as Twilight tells her they're in the present, that the cause of her actions of preventing Twilight and her friends from getting their cutie marks also prevents them from saving Equestria from thier villains.

Starlight was in denial even though Twilight was right, Starlight was devastated that she was practically defeating herself and she never intended to destroy millions of lives, but she still denies and finally loses her temper and takes Twilight and Spike to when she was a filly and her friend Sunburst got his cutie mark and left for Celestia's magic school, which began her vendetta against cutie marks. Returning to the Rainboom, Starlight attempted to foolishly destroy the spell so Twilight could never travel through time again as she finally no longer playing around and just about had enough of Twilight getting in her way, but Twilight convinced her that she can't and why her friends are so special, and told Starlight to make new friends and give friendship a chance. So, Starlight finally saw the error of her foolish actions and allowed the Sonic Rainboom to take place, and she, Twilight, and Spike returned to the present, where everything is back to normal, as the Mane 5 popped in, Applejack angerily asked what is Starlight doing here, Twilight explained to her friends to what happened and Starlight came in accepting a punishment she deserves but Twilight offered her to become her first new student instead and became friends with the Mane 6 and Spike now and Twilight's student, and reconciled with her village.

## Season 6

Though reformed and trying to learn Friendship as Twilight Sparkle's apprentice, Starlight has a few struggles against her former inclinations.

### A Hearth's Warming Tail

Starlight is unenthusiastic about celebrating Hearth's Warming Eve and considers it no different from any other day. However, Twilight reads her the story "A Hearth's Warming Tale", an allusion to "A Christmas Carol" with Starlight depicted in the Ebenezer Scrooge-like role who has to gain a proper appreciation for the holiday.

### Spice Up Your Life

Starlight Glimmer briefly appears in *Spice Up Your Life*, helping Twilight to reactivate the Cutie Map which she had disabled in the events of *The Cutie Re-Mark* . This is a milepost in her redemption.

### Every Little Thing She Does

Starlight has a major slip in her new life. In an effort to correct her tendency of avoiding friendship lessons, she takes on several friendship problems at once with Twilight's friends in order to impress her. In an effort to make things easier, she backslides into her old ways by using a newly made *Fiducia Compelus* spell to mind-control the ponies into following her orders. Unfortunately, the ponies follow her orders so exactly and literally that things quickly spiral out of Starlight's control.

After Twilight helps fix her mess, Starlight confesses that she avoids her friendship problems out of fear of failing and being a disappointment to Twilight. With Twilight and Spike's guidance, Starlight apologizes to her friends for using magic on them, and she learns to address her friendship lessons more naturally.

## Season 7 Rock Solid Friendship

While trying to befriend Maud Pie, it is also revealed that she and Maud had met before the initial founding of Starlight's village. Maud had inadvertently helped Starlight by pointing her to a particular rock with the magical properties needed to remove cutie marks.

## Rabia

**Rabia** is the leader of the Umbrum in the *My Little Pony: Friendship is Magic* comics, and the main antagonist of the comic *Siege of the Crystal Empire* .

### Background

Hundreds of years prior to the series, Rabia and the Umbrum army attacked the Crystal Empire, terrorizing Crystal Ponies and burning their homes for fun. Unknowingly, Rabia and the Umbrum's actions were witnessed by Queen Chrysalis, who initially wanted to rule the Empire but decided against it upon seeing the Umbrum. Eventually, Rabia and the Umbrum were imprisoned in another realm.

### Fiendship is Magic Issue 1

In Sombra's comic backstory, it is shown that Rabia disguised the Umbrum King Sombra as a pony so he could go through the prison door and release them. When Sombra did not want to turn evil and ran, Rabia communicated with him through the Crystal Heart and he embraced his dark side, although he instead decided to rule the Crystal Empire instead.

### Siege of the Crystal Empire

It is shown that after Sombra was banished, Radiant Hope found Rabia and the Umbrum, and when she entered their prison, they made her think they were good, and were simply misunderstood by ponies. This led her to form a team of past villains (the Flim Flam Brothers, Iron Will, Lightning Dust and Chrysalis and her Changelings) to distract the Empire's defenders while she resurrected Sombra so he could release the Umbrum. However, when Hope brought Cadence to the Umbrum prison to show her that they weren't evil, Cadance's light revealed their true selves. The Umbrum attacked Hope and Cadence, but they escaped.

Eventually, Sombra released the Umbrum, and Rabia put Twilight and Cadance on trial, and demanded to know where the rebel ponies were, threatening Shining Armor to be turned into a statue if not told. When Cadance told her they were on Canterine, Rabia had Sombra turn Shining Armor to stone anyway. Twilight convinced them to take them to the dais where the Crystal Heart was before turning them to stone so the Crystal Ponies could witness their defeat. Then the rebels attacked, the other Mane 5 among them, but Rabia defeated Rainbow Dash and other pegasi with a flyswatter and told Sombra to destroy the Crystal Heart. However, after hearing of how Hope chose a different destiny than the one the Crystal Heart showed her, and chose him over becoming a princess, Sombra switched sides and used the Crystal Heart to banish the Umbrum, including Rabia, back to their prison.

Demon Shimmer

**Sunset Shimmer** is the main antagonist of *My Little Pony: Equestria Girls* and a major protagonist in the sequels, some of the short films, and a main protagonist of the entire web series. She is Twilight Sparkle's former arch-nemesis and Snips and Snails' former leader and boss.

She is voiced by Rebecca Shoichet, who also provided Twilight's singing voice.

Sunset's backstory is explored deeper in the comics. Here, it is shown she had a very troubled and apprehensive relationship with her mentor Princess Celestia, which explains her descent into evil (though she was already extremely cynical, arrogant, traitorous, self-centered, tricky, and antisocial, thus her mentor's short patience with her). Sunset had previously appeared in the form of a toy and as an NPC in the MLP Gameloft game. In both versions, she was merely a neutral character and not a truly evil one. Sunset's desire was to gain princess hood and have everyone in Equestria recognize her. However, she felt Celestia's tutelage was not getting her anywhere fast enough. During the night, she took it upon herself to do research on the crystal mirror Celestia had shown her some time ago. Just as she found information about the mirror, Celestia and two royal guards arrived on the scene. At first, Celestia tried to console Sunset, but Sunset retaliated by demanding to be crowned a princess. It was then Celestia saw that Sunset lacked all the qualities needed to be a true princess, and deemed the young unicorn unworthy of such a status. Celestia then expelled Sunset from the school, banished her from the castle, and had the guards escort Sunset out. Sunset told her former mentor that this would be the greatest mistake ever made, but of course, it was only one of many. When the chance came, Sunset took the guards by surprise and jumped through the mirror, emerging as a teenage girl on the other side.

*My Little Pony: Equestria Girls*

Sunset Shimmer first appears as the main antagonist in the first film.

Sunset Shimmer steals Twilight Sparkle's element of harmony: her magic crown, and in a tussle with Twilight Sparkle, the crown is thrown into a mirror that acts as a portal to another world, which Sunset goes through to retrieve the crown.

In this other world, she is depicted as a human who mocks Twilight Sparkle when they first encounter each other. They meet again in a dark hallway where Sunset bullies Twilight into being discouraged from retrieving her crown. Several years have passed since Sunset ran away from home. In the past, she drove the human counterparts of Rainbow Dash, Fluttershy, Applejack, Pinkie Pie, and Rarity apart, but Twilight reunites them.

She tries to keep Twilight from becoming Princess of the Fall Formal, like humiliating her through an Internet video and implicating but Twilight Sparkle still easily beats her in the competition. When this attempt backfires, she makes her henchmen Snips and Snails vandalize the gymnasium and implicates Twilight for it through photoshopped photos. Vice-Principal Luna falls victim to this deception, but Sunset's former beau Flash Sentry exonerates Twilight at the last second and Twilight is dubbed Fall Formal Princess after she and the student body clean and redecorate the gym.

However, Sunset steals the crown from Twilight, puts it on, and transforms into a demonic-looking winged humanoid due to her wickedness in her heart. In this form, Sunset becomes purely evil. With her new powers, she plans to use them and her army of mind-controlled teenagers to conquer Equestria. Sunset attempts to kill

Twilight, but Twilight and her friends use the power of the Elements of Harmony to return her to human form. She is reduced to tears and apologizes for everything that she has done and Twilight believes her friends can help teach her the magic of friendship. Afterward, the human counterpart of Princess Luna, Vice Principal Luna, hands her a masonry trowel to repair all the damage that she caused.

## Midnight Sparkle

Midnight Sparkle is a character from the series of movies, Equestria Girls.

She is a corrupted version of the series's main protagonist, Twilight Sparkle.

### Backstory

She debuted in the movie "Friendship Games" and haunts the human Twilight in "The Legend of Everfree".

Midnight is the AU version of what would have happened if Sunset Shimmer didn't intervene. Twilight would have stayed Midnight and destroyed the human realm to get to Equestria's magic. She is almost Equivalent to Demon Sunset.

### Appearance

Midnight looks somewhat similar to the human Twilight Sparkle, she has an aqua blue fire around her eyes, in place of her counterpart's glasses. She wears a dress, showing off the colors and cutie mark associated with Twilight Sparkle.

Her hair color is the same as Twilight's purple with a pinkish streak and it floats upwards. She has a long, purple tail, and her skin is Purple, just like her eyes. She has a glowing turquoise horn with a black magical aura. She has black, feathery wings that slightly glow.

### Personality

Midnight can be described as hungry for knowledge. She would destroy anything that gets in the way of her understanding magic, as shown by the Friendship games, where she starts to tear apart Canterlot High to get to Equestria. She is cocky. She believes that she can have anything that she wants, which is true. She seems to be an alternate personality altogether to Twilight, who has a hard time overcoming Midnight.

Abacus Cinch

**Principal Abacus Cinch**, simply known as **Principal Cinch**, is the main antagonist of the third film in the "Equestria Girls" full-length film franchise *My Little Pony Equestria Girls: Friendship Games* . She was the headmistress of Crystal Prep Academy.

She was voiced by Iris Quinn.

Principal Cinch first appears, calling Twilight to her office through Dean Cadence. She talks with Twilight about her application for the Everton Independent Study Program, admiring her as the best student the academy ever had. However, she then points that Twilight has to compete in Friendship Games, which will strengthen the academy's influence, as it always was. When Twilight tries to say that she's just a researcher and doesn't want to compete, wasting her time, Cinch tells her that she has influence due to the academy's high social status. The principal points that she can use that influence to get Twilight's application approved faster or even denied at once if she won't take part in Friendship Games, forcing Twilight to do so.

In Canterlot High School, Principal Cinch first spends some time talking with Principal Celestia, as the latter shows her the school upgrades. They end up seeing Human Five and Sunset Shimmer chatting with confused Twilight, only for Cinch to reveal that the one is her best student, apologizing for her curiosity. After that incident, Cinch forbids Twilight to make friends with the Canterlot High students. Principal Cinch also ruins Pinkie Pie's welcoming party, forbidding her students to have fun, and Pinkie actually couldn't do anything at the moment, as Twilight accidentally drained her Laughter Magic which makes Pinkie to tired to oppose the principal (though she actually the one who could do that with her personality).

During the main action of the games (in song "Acadeca"), Cinch observes her students' work and gets angry or disgusted anytime they fail to win, like in bakery competition, which was won by Pinkie Pie and her tremendous "Mona Lisa" cake. While Principal Celestia, Vice-Principal Luna and Dean Cadence judge the most of the competitions, Principal Cinch judges the last one, math competition between Sunset Shimmer and Twilight Sparkle, pointing out that Sunset's answer is incorrect.

Then, Principal Cinch instructs the remained Shadowbolts before Tri-Cross Relay, inspiring them to victory and hoping that Twilight could deal with the first part of the relay, which is actually the P.E. standard for Crystal Prep Academy. However, Twilight fails miserably, not being able to high the bulls-eye with and arrow, which enrages her classmates, but she is helped by Applejack, who then gets pony-up for her honesty, which was accidentally drained by Twilight. The latter drops her pendant which opens several random portals to Equestria, releasing the Everfree Forest into this dimension. It crushes the track, nearly killing Sunset Shimmer and Sugarcoat in process, as Rainbow Dash and Indigo Zap prove themselves to be more competent racers. However, Rainbow saves Sunset, getting pony-up, and then Sunset wins the race. Principal Cinch blames the Wondercolts for magic cheating, however, Celestia tries to convince Cinch that no one had advantage due to that. A bit later, Principal Cinch witnesses Twilight draining Rainbow Dash's magic and Sunset yelling at Twilight about all the magic, learning that she drained much magic yet and decides to use it to her advantage.

Before the final competition, Principal Cinch and the Shadowbolts trying to convince Twilight in releasing the magic to the point of enforcing her to do it in their villain song "Unleash the Magic". However, the magic goes unstable and corrupts Twilight, as everyone, including Cinch, look at that in horror. Twilight transforms into horrifying Midnight Sparkle, and Cinch, understanding what monster has been created, retreats in save position, advising the Shadowbolts to do the same when Sunny Flare actually catches her, but her students see the error of their ways for what they've done to Twilight, and decided to help everyone.

After Midnight Sparkle is defeated, Cinch accuses the Canterlot

High School for magic cheating once more and demands that Celestia and Luna forfeit the Friendship Games, threatening to report the incident to the school board. However, she is mocked by the others, as even the Shadowbolts turn on Cinch, implying that she was the real monster responsible for Midnight Sparkle's creation, and point out that there is no way the board would believe her claims about "flying girls, magic or talking dog (referring to Twilight's Spike)". Though Cinch is enraged, she than saves her face and leaves in defeat, most probably leaving to Crystal Prep the next day with the other students and Dean Cadence.

## Equestria Girls Specials

In the special "Dance Magic," Sour Sweet mentions that Cadance has taken over as the Principal of Crystal Prep, meaning that Principal Cinch either quit, retired, or was fired by her superiors for her actions. It's also quite plausible that she was arrested on numerous charges.

## Daybreaker

**Daybreaker** is a supporting antagonist in the *My Little Pony: Friendship is Magic* series, appearing as the main antagonist of the Season 7 television episode *A Royal Problem*, and again in the comic series as the secondary antagonist of the *Nightmare Knights* saga. She is depicted as the evil alter-ego of Princess Celestia, the same as Nightmare Moon being the alter-ego of Princess Luna.

She is voiced by Nicole Oliver, who also voices her good counterpart and Cheerilee.

## *Royal Problem*

In the episode, Starlight Glimmer is sent by Twilight's map to the royal palace in Canterlot to solve a friendship problem between Princesses Celestia and Luna, who each believe that their own responsibilities are harder than the other's, and are unintentionally hurting each-other's feelings because of it. To resolve this problem, Starlight uses her magic to switch their cutie-marks, so that they can experience what it's like in each-other's horseshoes. After Luna exhausts herself with Celestia's duties during the day, she retires to her chamber for the evening, and Celestia takes charge of Luna's duties of managing everypony's dreams. Celestia initially believes Luna's job to be easy, but then stumbles upon Starlight's nightmare of being unable to solve the Royal Sisters' friendship problem; upon which, Nightmare Moon appears. Celestia prepares herself to battle Nightmare Moon, but is then stunned to see another evil alicorn similar to herself.

The alicorn reveals herself to be Daybreaker, the dark form of Celestia. Both Daybreaker and Nightmare Moon represent Starlight's fear of her attempt to solve Royal Sister's crisis making it even worse. After goading Celestia into giving into her darker temptations, she then begins her fight with Nightmare Moon. Starlight tries to talk them out of it and Celestia attempts to intervene, but both fail to stop their quarrel. Celestia then brings Luna from her own nightmare of failing her older sister's duties so that they can stop Daybreaker and Nightmare Moon before Starlight's mind is damaged forever, but Luna is unable to help since she has Celestia's magic. After Celestia tearfully admits that Luna's duties are so difficult, Luna admits the same about Celestia's duties. Just then, Daybreaker subdues Nightmare Moon and sets the throne room ablaze. Before she can finish her off, however, Celestia, after being encouraged by Luna, stands in the way of both of their attacks. Daybreaker taunts that Celestia can't bring herself to destroy her since she is everything Celestia wants to be, but Celestia denies this and dispels both her and Nightmare Moon for good.

Luna congratulates Celestia for defeating both of their dark selves, and they reconcile. Starlight's cutie-mark glows, indicating that her mission was complete.

Cameo

Daybreaker made a brief cameo in the Season 9 premiere, *The Beginning of the End - Part 1,* when King Sombra shows Twilight and her friends their worst nightmares while confronting him at the Crystal Empire.

Comics

In Legends of Magic Annual 2018, Celestia and Luna are abducted by Pony of Shadows from an alternate dimension, who seeks to corrupt them into becoming Daybreaker and Nightmare Moon.

In *My Little Pony: Nightmare Knights*, a Celestia from an alternate universe, corrupted into Daybreaker, is enslaved by Princess Eris and used to lure Princess Luna into a casino. Daybreaker also serves as Eris' head of the security, but breaks free and takes over her position of power and helping Luna and her team defeat her.

## Mean 6

The **Mean Six** are the titular secondary antagonists of the *MLP: FiM* episode of the same name. They are clones of the Mane Six created by Queen Chrysalis and lead by Mean Twilight before they end up turning against her. They are voiced by the same people that voice the original Mane Six.

### Season 8

In " *Mean Six* " Queen Chrysalis created the Mean Six from trees using pictures she took of the Mane 6, hairs from their manes (in Rainbow Dash's case, her tail), and magically carving their cutie marks into the trees. Their purpose was to take the Elements of Harmony and destroy the Mane 6 in front of Starlight Glimmer as revenge for taking away her army and kingdom and then destroy Starlight as well.

However, because of Chrysalis' evil magic, the clones ended up flawed, acting opposite to the original counterparts. Evil Twilight could tell that Chrysalis couldn't do much without them. Chrysalis sent the Mean Six to search for the Elements of Harmony in the Everfree Forest.

During the search, Evil Fluttershy got distracted picking on a bird, while Evil Rainbow Dash got bored and flew off. Evil Applejack lied to Chrysalis as to where they were, and Chrysalis gave her and the other three permission to split up and search for them.

Evil Twilight took note of the fact that Chrysalis needed them more than they needed her and planned to lead the other Mean 5 so they could take the Elements for themselves instead of Chrysalis. She ran into the real Pinkie Pie, who inadvertently revealed to her that the Elements were inside the Tree of Harmony, and told her the location of the Tree.

Evil Rainbow Dash ran into Fluttershy, snubbed her, and flew off.

Chrysalis found Evil Pinkie Pie, laying bored on the ground, while Evil Rarity hoarded random objects, and Evil Applejack continued lying. Chrysalis got angry at them and commanded them to find the other three and bring them back.

Evil Fluttershy treated the animals badly, causing them to get angry at the real Fluttershy (during which a bird curses at her).

Evil Rarity mistook the real Rainbow Dash for her clone and started stealing the items that Applejack packed for Starlight.

When Evil Twilight and Pinkie ran into Fluttershy, Evil Twilight was mean to her and left to get the others, causing the real Twilight to think Pinkie upset Fluttershy, and Pinkie accused Twilight of doing so. Twilight was offended that Pinkie seemingly found the trip boring (when it was Evil Pinkie that made the remarks earlier).

Chrysalis overheard Evil Twilight's plan to betray her and confronted her, saying she should kill them and start over, but Evil Twilight told her she knew where the Elements were.

Evil Rarity tried to run with Starlight's items but became tangled in vines. Rainbow Dash tried to help her out with a shovel, but Evil Rarity accused her of trying to take it from her. After she got free, she pulled Rainbow Dash to the ground by her tail and ran off.

Evil Applejack ran into Starlight and Rarity, telling more lies and insulting Starlight, hurting her feelings. After Starlight ran off and Rarity ran after her, Chrysalis and the other Mean 5 reunited with Evil Rarity, telling Evil Twilight to lead her to the Tree of Harmony.

As the Mane 6 and Starlight met up, argued, and reconciled, Chrysalis and the Mean 6 reached the campsite where the Mane 6 and Starlight were headed for, and the Mean 6 trashed the tents for fun, with Evil Rarity stealing everything. Evil Twilight told the other five about her plan, and they got to the Tree of Harmony. The other Mean 5 fought amongst themselves, and Evil Twilight said they needed the Elements to take out Chrysalis. Chrysalis heard this and engaged Evil Twilight in a beam struggle while the other five attempted to take the Elements. As Evil Twilight was about to overpower Chrysalis, the Tree sensed the Mean 6's evil and captured them, melting their bodies before destroying them in a flash of light, leaving only fragments of the trees used to create them.

After the Mean Six's destruction, Chrysalis remarks how servants can't be depended on, but ensures that she will have her revenge on Starlight one day.

Season 9

In " *Frenemies* ", it is shown that Chrysalis kept Evil Twilight's log as something to "talk to" when she needs it.

Storm King

The **Storm King** is the main antagonist of the 2017 animated film *My Little Pony: The Movie*, based on the *My Little Pony: Friendship is Magic* series, the posthumous overarching antagonist of *My Little Pony: Equestria Girls - Spring Breakdown* and a posthumous antagonist in the rest of the series. He is the former master of both Tempest Shadow and Grubber and one of Twilight Sparkle's archenemies.

He was a tyrannical satyr-like creature who commanded a formidable army in his quest for power. He and his army invaded Canterlot so he can steal the magic of the Alicorn Princesses with the Staff of Sacanas in order to make himself all-powerful without anyone-else to help serve him. However, he met his end at the hooves of his former commander, Tempest Shadow, who he had betrayed earlier when he attempted one last attack on the Mane Six.

He was voiced by Liev Schreiber, who also played Sabretooth/Victor Creed in *X-Men Origins: Wolverine*, Stu Wargle in *Phantoms*, Ray Donovan in the series of the same name, Ted Winter in *Salt*, Colonel Alexander Vosch in *The 5th Wave*, and Kingpin/Wilson Fisk in *Spider-Man: Into the Spider-Verse* .

## Backstory

While the exact origins of the Storm King are completely unknown, it can be presumed that he took over many lands beyond Equestria, before learning of Equestria's princesses and their alicorn magic. At some point, he met up with Grubber from an unknown destination, making him his smallest servant. He destroyed many other kingdoms as well, including Capper's home and the kingdom of the hippogriffs, and enslaved many others, including Captain Celaeno and her crew. He also met up with Tempest Shadow and told her that if she helped him steal the alicorn magic, he would use it to restore her horn.

## The Invasion

The Storm King's invasion of Equestria begins during Canterlot's Friendship Festival, where Twilight Sparkle and her friends are preparing for a concert. The Storm King's henchmen, Tempest Shadow and Grubber, arrive ahead of him intending to capture` the four princesses for his upcoming arrival. During the ensuing chaos, Tempest manages to use obsidian orbs to petrify Princesses Celestia, Luna, and Cadance, while Twilight and her friends manage to escape. The Storm King calls Tempest to learn of her progress, during which he assures her that if Twilight is not captured and brought to him within three days, she will be severely punished.

Even though not a physical appearance, a bobblehead of the King is held by Murdock when Tempest interrogates the pirates on the Mane Six's whereabouts.

## Stealing the Magic

The Storm King later arrives in Canterlot, with Tempest having fulfilled her promise of successfully delivering the Princess Twiligh after she screwed up their chances of getting help from the Hippogriffs, getting into a fight with Pinkie, hurting her feelings and her friends abandoning her, as the result of their fight gave Tempest the opportunity to finally capture her with no friends to save her this time. The Storm King uses the Staff of Sacanas to absorb the magic of all four princesses, much to his glee. As he begins experimenting with his new abilities by taking a shot at a de-powered Twlight, then rapidly accelerating the day and night cycle of the world, Tempest attempts to ask when he will restore her broken horn, only to be set aside. Then Twilight's friends all came back to save her, accompanied by the con-cat Capper, the Parrot Pirates, and Princess Skystar, infiltrate Canterlot and fend off the Storm King's soldiers, after he sees Twilight's friends coming, he uses his staff to create a massive hurricane, blowing away the rest of his army and shielding the castle to keep the Mane 6, Spike and Capper from getting closer. When Tempest tries to persuade him to fulfill their bargain, the Storm King scoffs and betrays her, revealing that he had only been using her and that she has outlived her usefulness. He attempts to kill Tempest but is blown back when she blasts him back with her magic. Twilight sees an opportunity to get the staff away from the Storm King but chooses to save Tempest instead. The Storm King laughs at this gesture and then prepares to murder them both as Twilight and Tempest are both no longer of use to him anymore.

## Final Battle

Just as he is about to kill Tempest and Twilight, Twilight's friends launch themselves out of a massive cannon, ramming the Storm King out of the way and lodging the Staff of Sacanas into the mosaic above the throne room. Twilight and her friends make up as they apologise for what they never should've done to each other at a terrible time. As Twilight and her friends work together again, they fight against the raging winds of the hurricane and the falling debris of the collapsing throne room in an attempt to retrieve the staff. Right behind them, The Storm King emerges from underneath some of the fallen rubble and desperately climbs in pursuit of the staff. Fighting against the Mane 6 in the race for the staff, he hurls himself at the staff in a fit of desprate rage, just as Twilight grabs it first just in time, but the strong winds pull Twilight, the staff, and himself through the window and out into the hurricane. As Twilight and the Storm King are presumed dead, as the Mane 5 and Spike are sad that Twilight is gone.

## Death

Just when the ponies think Twilight is dead, and mourn for her, she emerges from the eye of the storm with the staff, still alive, and uses it to end the chaos the Storm King began. As she and her friends embrace each other, the Storm King survived the storm too and sneakingly climbs back up over the balcony and hurls an obsidian orb at them in a last attempt to retrieve the staff and defeat Twilight and her friends once and for all. Tempest, however, spotted him and saw what he was about to do. Having had a change of heart after being saved by Twilight and realizing the king is too dangerous to be kept alive, she leaps in front of the princess and her friends and onto the Storm King, taking the hit and transforming them both into obsidian statues. While Twilight uses the staff to save Tempest, The Storm King's petrified body plummets down to the courtyard below and shatters into pieces upon impact, killing him and ending his oppressive tyranny over Equestria, all the lands he took over the years and his plan to rule the world before it could truly begin.

In the credits, while still in pieces in stone form, his eyes were seen moving while trying to dance before his body was reduced to rubble again.

# Pony of Shadows

**Stygian**, better known as the **Pony of Shadows**, is a major antagonist in *My Little Pony: Friendship is Magic*, appearing as the main antagonist in the Season 7 finale, " *Shadow Play* ".

He is a unicorn scholar and the founder of the Pillars of Equestria, who was also their friend as he brought them together to save his home and Equestria. After a terrible misunderstanding led him to be outcasted by the pillars, he was then transformed into a monstrous pony made entirely of shadows who desired to cover the entirety of Equestria in darkness before he was reverted back to his original form by the pillars as well as the Mane Six.

He was voiced by Bill Newton, who also played Bright Macintosh and Pharynx in the series.

## Background

The Pony of Shadows was originally a male unicorn named Stygian, who lived in Equestria more than 1,000 years prior to the events of the series. One day, Stygian's village was attacked by the Sirens, who used their magic to turn everypony against each other in order to feed off their negativity to become even more powerful. In order to save his home, Stygian traveled across old Equestria in search of the country's greatest heroes, which included Rockhoof, Flash Magnus, Mistmane, Somnambula, Mage Meadowbrook and Star Swirl the Bearded. Together, they formed the Pillars of Equestria and fought the Sirens, banishing them into a different dimension and saving Stygian's home.

After vanquishing the Sirens, the Pillars stuck together and continued to defend Equestria from future threats. During this time, Stygian provided assistance by studying their foes and planning strategies for them. However, while the others were hailed and respected by all, Stygian wasn't recognized in the slightest for his own contributions because he always watched from sidelines while his friends did all the work. Desperate to be noticed and wanting to prove himself a hero as well, Stygian secretly borrowed a treasured belonging from each of the other Pillars and brought them all to Ponehenge in order to perform a spell that will create copies of the artifacts so that he can fight alongside them. However, the others discovered this and believed he was trying to take their power for himself. After taking back their artifacts and stopping Stygian's spell, they then banished him from the team without even giving him the chance to explain the reasons for his actions. At the time, Stygian believed that the Pillars were just being selfish and didn't want to share their power with him, causing him to despise his former friends.

Shortly afterwards, a heartbroken and embittered Stygian discovered the Well of Shade in the Hollow Shades. There, he encountered a mysterious and shadowy entity known as "The Darkness", which promised Stygian the power to take his revenge on those who supposedly betrayed him in return for helping the entity plunge the world into eternal darkness. Enticed by this promise, Stygian agreed to this deal, and the two merged into a single shadowy being; the Pony of Shadows.

The Pony of Shadows then attacked the Pillars of Equestria and began spreading darkness and chaos across the land, desiring every pony to feel the pain he had. Realizing that they couldn't defeat him conventionally, the Pillars then decided to perform a ritual to banish him to the space between dimensions known as Limbo. However, the ritual would require them to banish themselves along with their former friend to accomplish this. Willing to sacrifice themselves to save Equestria, all the Pillars agreed to this plan. But before they did, they each poured their essence into a seed and planted them in a cave underneath the Castle of the Two Sisters, which would eventually grow into the Tree of Harmony that would help future heroes in defending Equestria.

The Pillars gathered around Ponehenge, where they first banished Stygian. There, Starswirl casted a spell to bring the Pony of Shadows to them. Immediately, the Pony of Shadows attacked them and prepared to plunge the world into complete darkness, but the Pillars then performed the ritual and willingly banished themselves and the Pony of Shadows to Limbo, where they all remained for the next millennium.

*Shadow Play* Pt. 1 and 2

Over a thousand years later, the Pony of Shadows was inadvertently released from Limbo by Twilight Sparkle, who with the help of her friends freed the Pillars from the dimensional gap as well. The Pony of Shadows then destroys Stonehenge and Starswirl's spell book so he can't be sent back and attempts to attack Starswirl. However, Twilight and Starlight Glimmer counter his attack, forcing him to retreat to shadowy areas of Equestria to regain his power.

Due to the industrialization of Equestria over the past millennium, many of the areas that were once known to be dark are now populated and bright, thus buying Twilight and her friends time to come up with a plan on how to locate and re-contain him. The initial plan was to sacrifice the Elements of Harmony in place of the Pillars, but Starlight suggested that they should try to make peace with Stygian to regain his friendship, only to be rebuffed by Starswirl who firmly believed that Stygian was beyond redemption.

Eventually, the ponies are led by the castle's map to the Hollow Shades, which is now an abandoned ghost town on the edge of Equestria. After traveling there, the entire town collapses into the ground to reveal the Well of Shade, where Stygian first became the Pony of Shadows. The Pony of Shadows explained how Stygian and the Darkness met and fused into one before attacking Starswirl again. At that moment, the Mane Six and the Pillars open a portal to banish the Pony of Shadows and the Elements of Harmony into Limbo. However, as the Pony of Shadows begins to slip into the portal, Twilight sees Stygian himself struggling from within the black mass that is his body and dives in.

She then finds Stygian, sitting alone in the darkness. There, he revealed his true intentions for stealing the Pillars' artifacts. The Pillars and the rest of the Mane Six overheard their conversation, and the Pillars were shocked and horrified to learn that Stygian truly was their friend and that banishing him led him down the darker path. As the darkness begins to overtake Stygian again, Twilight urges him to forgive his friends and abandon the darkness. When Stygian questions why Twilight would believe he can be saved, Starlight joins Twilight and explains that she was like Stygian until Twilight managed to convince her of the power of friendship. Stygian then states that while he wants to believe what they say, he then becomes possessed by the Darkness again and boasts that it can never be defeated.

Twilight then takes a more forceful approach by lassoing Stygian's foreleg with her magic to pull him out of the Darkness while urging him to fight it. It was then that Starlight, the Mane Six and the Pillars combine all of their magic to pull Stygian out of the Darkness, which they succeed in doing. As a result, the Darkness was left without a host and could not prevent itself from being sucked into the portal on his own, causing it to be banished back into Limbo for good.

With the Darkness gone and the Elements of Harmony and Pillars of Old Equestria both intact, the land was at peace once again, and Starswirl apologizes to Stygian and rekindles their friendship.

Alternate

The Pillars and Stygian encountered an alternate version of the Pony of Shadows after he abducted a young Celestia and Luna, intending to turn them into Daybreaker and Nightmare Moon. Despite his power, the alternate Pony of Shadows was thwarted due to Stygian's inexplicable ability to command his creatures. When he attempted to blast Stygian, their magics reacted and caused an explosion, and Stygian announced himself before departing for home with the Pillars. The alternate Pony of Shadows, who had recognized all of the heroes except Stygian, was then revealed to be the Stygian of that universe.

Me: All of our training has prepared us for this. We have been preparing for this ever since Laney had her dream about it.

Laney: And justice will be brought to those monsters.

Me: We are ready for them.

Nico: Yes we are.

Me: But our forces are still not enough. We need more of them and we need to be at our ultimate max when we take them down.

Eddy: I'm going to where Chrysalis and the other villains are to buy you guys some time.

Winona: Don't be crazy, Eddy. We're in this together!

Nico: Remember what I always say. Never fight alone!

Dark Spicer: He won't be alone. I'm going to help him.

Me: Okay. That will give us plenty of time to gather our forces.

Nico: And from the looks of things we're going to need all the help we can get.

Starfire: And lots of it.

Eli: Definitely.

Me: Be careful you two. We'll be there shortly.

Eddy and Dark teleported.

Me: Okay you guys are gonna think I'm crazy but we need Mac's brother Terrance and Eddy's brother Tyrone to help us.

Mac: Are you crazy!? Terrance hates me!

Me: I'm well aware of that Mac. And I'm sorry he does but he deserves a chance at redemption. It's better than Brad.

Kick Buttowski: I agree J.D. But if you think Terrence and Tyron can be redeemed then we are not one to judge you.

Me: Good.

Apeface went to the Jupiter prison to get Terrence and Freeway went to Atlanta to get Tyrone. They came back with them.

Terrence: So, can you explain to me why you're giving me a chance to help out in this war and redeem myself instead of Brad Buttowski?

Apeface: Because Brad's too far gone. But you, on the other hand, still have your humanity.

Me: That's right Terrance. Brad is a monster. You on the other hand still have your humanity.

Mac: But don't think that this will be the easiest way for me to forgive you after everything you did to me.

Terrence: I know Mac and I didn't expect it to be that easy. I'm sorry I did all those things to me. I was a terrible big brother to you.

Me: Yes you were but you still have honor and that's good.

Nico: Yes he does.

Tyrone: Are you saying Eddy's going with his archenemy to fight off Chrysalis and her forces by themselves?!

Freeway: At least until we can gather all our forces.

Lisa: Fortunately, I've been working on rebuilding an armor from a past enemy for you to use here.

Tyrone: Really?

Lisa pulled out a remote and pressed a button and a wall opened up and in it was THE IRONMONGER SUIT!

Me: WHOA! The Ironmonger Suit!

Tyrone: AWESOME!

Me: You are going to love it Tyrone.

?: He sure is.

10 figures came out and they were THE RONIN WARRIORS: Ryo of Wildfire, Kento of Hardrock, Cye of Torrent, Sage of Halo, Rowen of Strata, Anubis of Cruelty, Cale of Corruption, Sekhmet of Venom, Dais of Illusion and Lady Kayura of the Stars!

Ryo Sanada

Voiced by Takeshi Kusao (Japanese), Matt Hill (English)

**Ryo Sanada** (真田 遼, *Sanada Ryō* ) is the unofficial leader of the Ronin Warriors who is often accompanied by the large white tiger, White Blaze (白炎, *Byakuen* ). Known to be brash and impulsive at times, he is nonetheless goodhearted and fiercely loyal. A tenacious warrior, Ryo was the first of the five rōnin to arrive in Shinjuku confront the forces of the Evil Dynasty during their first invasion. He was also the first to be rescued by companions Mia and Ully after their initial siege on Talpa's castle. Though they manage to regroup and defeat Talpa, the Evil Dynasty resurfaced and captured Ryo's fellow rōnin Sage, Kento and Sai. With his only remaining comrade, Rowen, Ryo ventures into the Nether Realm with Mia and Ully to rescue their fellow warriors, ultimately vanquishing Talpa in one final battle. Ryo would then confront other villains with the other Ronin including the warrior of the Black Inferno Armor and the revenant Suzunagi. He was last seen in new armor, choosing to continue his role as a Ronin Warrior.

Guided by the virtue of "Jin" (仁, *benevolence, righteousness* ), Ryo commands the red *Armor of Wildfire* (烈火の鎧, *Rekka no Yoroi* ), which draws power from heat and flame. As owner of this armor, Ryo inherits the epithet and title *Ryo of Wildfire* (烈火のリョウ, *Rekka no Ryō* ), the *Warrior of Flames* (炎の戦士, *Honō no Senshi* ). When equipped, Ryo becomes immune to the effects of extreme heat and flames. This armor is equipped with a pair of katana called the Swords of Wildfire (烈火剣, *Rekkaken*, lit. Wildfire Swords) which can connect at the kashira to form a double-bladed sword style weapon. From this weapon formation, Ryo unleashes his finishing move, the "Flare Up Now" (双炎斬, *Sōenzan*, lit. Twin Fire Cut) ("Fury of Wildfire" in the OVA), a giant column of white-hot energy. Ryo later acquires the white Armor of Inferno (白い輝煌帝, *Shiroi Kikotei*, lit. White Sun Emperor), which requires the additional energies of four other armors to summon. Wielding this armor proved a great challenge for Ryo until he acquired the twin Swords of Fervor (剛烈剣, *Gōretsuken*, lit. Unyielding Swords) from the Nether Realm warlord, Lord Sabrestryke. Together with the Inferno Armor, Ryo uses these swords to unleash the "Rage of Inferno" (超弾動閃煌斬, *Chō-dandō Senkōzan*, lit. *Ultra-Ballistic Flash Cut* ), which releases the armor's power as rays of light and flame.

Following the battle with Mukala and the Black Inferno Armor, the White Inferno and Wildfire armors were destroyed, though Ryo would later acquire new armor from the spirit Suzunagi; though the nature and abilities of this new armor were never explored.

Ryo comes from the ninja school of the Sanada Ten Braves, a legendary band of ninja who were believed to have assisted Sanada Yukimura, a real samurai who died in 1615. He is frequently depicted as wearing red armor, and is widely considered a hero. The crest on Ryo's armor is actually a slightly stylized version the family symbol of the Takeda clan. In a *Newtype* poll, Ryo ranked #17 for the top 30 most popular male anime character from the 1980s.

## Kento Rei Fang

Voiced by: Tomohiro Nishimura (Japanese), Jason Gray-Stanford (English, TV), Andrew Francis (English, OVA)

It is said to be the most violent of the armors. His rival is Dais, the Dark Warlord of Illusion. Kento is the warrior of Earth (Chi no Senshi - 地の戦士).

When the Ancient One sent Kento to Mt. Aso to unlock his Armor's true power, Dais followed him with the Sand Strikers. Kento defeated them by learning to focus his power.

His weapon is a combination of a three-section staff and a naginata which he sometimes wields like a pair of nunchakus in close combat. The armor's surekill is Iron Rock Crusher (岩鉄砕, *Gantetsusai*, lit. Rock-Iron Smash) which causes a massive earthquake-like disruption around him. Kento gains a new suit of Armor in the 3rd OVA, *Message*, but its powers and abilities are unknown.

In the English dub of the series, his guiding virtue is Chi (Wisdom). His rival is Cale, the Dark Warlord of Corruption. He is considered the most mature and aloof member of the team. When the Ancient One sends him to the Catasota Gulch Pinnacles to unlock his armor's true power, Sage realized the armors can be used for good or evil. He speaks formally in the original "Samurai Troopers" series. Sage as warrior of Light (Hikari no Senshi - 光の戦士).

Sage fights with a nodachi, a Japanese broadsword. His surekill is the Thunderbolt Cut (Lightning Strike in the OVA) (雷光斬, *Raikōzan*, lit. Thunder Lightning Thrust), an energized thrust thunder power attack; it also appears as a burst of energy beams.

Sage is captured by Shikaiden and the Mad Scientist in the OVA *Gaiden* . His Armor of Halo is used to kill people in New York, including Runa's brother. Sage gains a new armor in the last OVA, *Message*, but its abilities are unknown.

Sage's family name, Date, comes from a real-life samurai called Date Masamune. Date Masamune is famous for being blind in one eye, and has the nickname " *The One-Eyed Dragon.* " As an intentional nod to this, Sage's hair is styled so that his bangs always cover one eye.

Cye Mori

Voiced by: Nozomu Sasaki (Japanese), Michael Donovan (English)

In OVA, Shin as Trust, or a Faith. His rival is Sekhmet, the Dark Warlord of Venom. He is the oldest member of the Warriors and one of the calmest, this is like Kento of big best friends. But in OVA, *Kikotei*, Cye deslike of fight, a Kento and Rowen hungry for Cye now power uses. When the Ancient One sent him to the Sea of Toyama to unlock his armor's true power, he encountered a clone of himself called Red Torrent. He defeated the clone by purifying the water around himself, which strengthened him. He speaks with an English accent in the English dub. Cye as warrior of Water (Sui no Senshi - 水の戦士).

His weapon is a Jūmonji yari, whose prongs can close, allowing him to grab opponents from afar or cut through obstacles. The armor is also equipped with a tantō dagger and a claw-like weapon on the gauntlet, but he has, apparently, never used either of those. His surekill is Super Wave Smasher (超流破, *Chōryūha*, lit. *Super Wave Crush* ), a powerful burst of water. In the 3rd OVA, *Message*, Cye receives a new suit of Armor, but its abilities are unknown.

Cye's family name, Mouri, possibly came from the real-life Japanese daimyo Mouri Motonari.

Rowen Hashiba

Voiced by: Hiroshi Takemura (Japanese), Ward Perry (English)

**Rowen Hashiba**, known in Japan as **Touma Hashiba** (羽柴 当麻, *Hashiba Tōma* ), is the rational and level-headed member of the Ronin Warriors. He often acts as a voice of reason to Ryo and Kento's hotter tempers. Rowen is close friends with Sage, as they share similar interests. He and Kento are childhood friends, having met through Kento's paternal grandfather. He is said to have an IQ of 250, making him the most intelligent of the Ronin Warriors.

Guided by the virtue of Chi (智, *Wisdom* ) (originally Inochi (命, *Life* ) in the original dub), Rowen commands the indigo Armor of Strata (天空の鎧, *Tenkū no Yoroi*, Armor of the Heavens/Sky), which draws its power from the air and wind. As owner of the armor, Rowen inherits the epithet and title "Rowen of Strata" (天空の当麻, *Tenkū no Tōma*, Tōma of the Heavens), "Warrior of Sky" (空の戦士, *Sōra no Senshi* ). This armor comes equipped with a collapsible, golden bow and a small, back-mounted quiver which supplies an virtually endless amount of arrows. Rowen has demonstrated great expertise using this weapon and displayed exceptional marksmanship. His finishing move is the "Arrow Shockwave" (真空波, *Shinkūha*, Vacuum Breaker) (Heaven's Shockwave in the OVA), an extremely powerful light arrow. (The first use of which demolished a large section of a mountain). Other abilities include Rowen can erect protective barriers of around himself to slow his descent. Rowen gains a new suit of Armor in the third OVA, *Message*, but its powers are unknown.

His enemy is Anubis, the Darklord of Cruelty. The English dub of the series gives him a thick Brooklyn accent, but that went missing in the OVAs.

Rowen's name Hashiba is most likely from Toyotomi Hideyoshi's original surname, Hashiba. Toyotomi was Oda Nobunaga's successor, and unified Japan under his rule for a short while.

Anubis

Voiced by: Kiyoyuki Yanada (Japanese), Paul Dobson (English)

**Anubis, the Dark Warlord of Cruelty**, known in Japan as **Shutendouji, the Ogre Demon General** (鬼魔将・朱天童子, *Oni Mashō Shutendōji* ), was the leader of the Four Dark Warlords at the beginning of the series. Four hundred years ago, he was a warrior named Toshitada Koma (狛 俊忠, *Koma Toshitada* ), whose ambition and blood-lust made him susceptible to Talpa's influence.

He was the first of the Warlords to fight the Warriors in modern times. He nearly defeated them until the Ancient One intervened. He later appeared to stop Mia and Ully from saving Ryo, and then to stop Ryo from saving Rowen. When he challenged Ryo and Rowen to a battle, he defeated them but could not bring himself to destroy them. Rowen shattered his mask with an Arrow Shockwave, exposing his human face to them. Talpa sensed that Anubis was showing weakness and used Nether Spirits to turn his mind back to the Dynasty. Anubis was saved when Kento defeated the Nether Spirits. The Ancient One then showed Anubis how Talpa regarded him as a tool. Anubis then renounced the Dynasty.

Anubis disappeared after Talpa's first defeat, but he later returned to take on the Ancient One's role as protector. While the Warriors initially distrusted him, Anubis proved himself by aiding them in battle, usually by helping Ryo summon the Inferno Armor. He also met Lady Kayura, whom he recognized as the last living member of the Ancient One's clan and sought to redeem her. He sacrifices himself to free her from the control of Lord Badamon; before his death, he passed on his armor and the Ancient One's staff to her.

Anubis wears the Armor of Cruelty, also known as the Armor of the Ogre - Bear (貴力, *Riki*, lit. *Noble Power* ), which represents Spring. Its guiding virtue is Chū (忠, Loyalty). His weapon is a *kusari-gama* and his surekill is Quake With Fear (紅雷閃, *Kōraisen*, lit. "Red Lightning Flash"), in which he sends his chain into the ground, which then bursts out into the form of several chains.

Anubis' Japanese name, *Shutendōji*, is a reference to a demon from Japanese folklore, notable for hating beans (as did the YST version of the character).

Cale

Voiced by: Yasunori Matsumoto (Japanese), Richard Newman, Peter Wilds (Episode 2 Only), Scott McNeil (Episodes 31, 32 and 35; uncredited) (English)

**Cale, the Dark Warlord of Corruption**, known in Japan as **Anubis, the Darkness Demon General** (闇魔将・悪奴弥守, *Yami Mashō Anubis* ), formerly Kujūro Sasaki (佐々木九十郎, *Sasaki Kujūro* ), is the third Warlord to fight the Warriors. He has powers over darkness. He primarily fights Sage of the Halo, who controls light. His armor of Darkness-Corruption/the Jackal (漆黒, *Shikoku*, lit. "Jet-Black") represents Winter and the guiding virtue Kou (考, filial piety), which is changed to Tei (Obedience) in the English dub. His weapons are a *Nodachi* and claw-like armor spikes. His surekill is Black Lightning Slash (暗黒跳飛斬り, *Ankoku Chohigiri*, lit. "Darkness Leaping Slash"), where he fires a number of black lasers.

According to *The Encyclopedia of YST*, if Cale was to use his powers for good, he would be the Eyes for people lost in the darkness. No matter how powerful his enemies may be, he will be persistent and continue to fight.

Dais

Voiced by: Jūrōta Kosugi (Japanese), Matt Smith and Peter Wilds

(Episode 2 Only) (English)

**Dais, the Dark Warlord of Illusion**, known in Japan as **Rajra, the Phantom Demon General** (幻魔将・螺呪羅, *Gen Mashō Rajura* ), formerly Gorō Kurodajirō (黒田次郎五郎, *Kurodajirō Gorō* ), is the oldest of the Four Dark Warlords and the fourth Warlord to confront the Warriors. His main opponent is Kento Rei Faun. Dais was the first of the Warlords to confront Anubis when he re-emerged. Anubis tried to sway Dais from evil, but Dais stayed with the Dynasty until Talpa was destroyed for good. His Armor of Illusion/the Spider (夢幻, *Mugen*, lit. *Infinity* ) represents Summer and the guiding virtue Nin (忍, lit. "to endure"), which is rendered as "Serenity" in the English dub. It has six Kamas on its back resembling spider legs, which he can extend to any length he sees fit. The Kamas are connected to a single handle attached to his back, which he can remove at any time. He also has a flail on his right gauntlet and a nunchaku on his left. His armor allows him to spin webs and create illusions. His surekill is Web of Deception (投蜘網, *Tōchimō*, lit. "Spider's Webcast"), in which he throws his Kamas.

According to *The Encyclopedia of YST* if Dais were to use his powers for good, he would be able to create peaceful illusions.

Sekhmet

Voiced by: Issei Futamata (Japanese), Ward Perry (English)

**Sekhmet, the Dark Warlord of Venom**, known in Japan as **Nahza, the Poison Demon General** (毒魔将・那唖挫, *Doku Mashō Naaza* ), formerly Naotoki Yamanouchi (山之内直時, *Yamanouchi Naotoki* ), is the second Warlord to fight the Warriors. He has pale skin, purple eyelids, and beady black eyes. He is Cye Mouri's main opponent. His armor is the Armor of the Venom/the Snake (薬師, *Yakushi*, lit. *Doctor* in archaic Japanese), which represents Autumn and the guiding virtue Tei (悌, Obedience), which is changed to Kou (Piety) in the English dub.

Sekhmet fights with six katanas, which exude a deadly poison that can also cause blindness. He can also move his arms at speeds that allow him to seemingly grow four extra arms. His surekill is Snake Fang Strike (蛇牙剣・六節大蛇, *Jagaken Rokusetsu Orochi*, lit.

Snake Fang Sword Six-Segmented Serpent/Serpent's Fang), where he connects his swords together into a whip-like weapon and swings it around before attacking.

According to *The Encyclopedia of YST*, if Sekhmet were to use his powers for good, he would be able to heal injuries and illnesses. He would also be able to turn venom into medicine.

Lady Kayura

Voiced by: Masako Katsuki (Japanese), Jane Perry (English)

**Lady Kayura** (迦遊羅, *Kayura* ) is the last known member of the Ancient One's clan. For this reason, she was abducted from her home by the Dynasty at a young age. Talpa kept Kayura under his control with a magical amulet worn around her neck and raised her to be his ultimate weapon against the Ronin Warriors. In her first appearance, she battled Ryo and Rowen while the others were captured by the Dynasty. The Warriors were no match for her until Anubis appeared and summoned the Inferno Armor. Ryo and Rowen faced her several times during their quest through the Nether Realm, and were always at a disadvantage unless they could use the other Warlords' armors to summon the Inferno.

When Ryo inadvertently destroyed Kayura's amulet, she remembered her past and ultimately rejected Talpa's control. At Talpa's behest, Badamon, the leader of the Nether Spirits, possessed Kayura's body to keep her evil. This time, Badamon-Kayura conquered the White Armor's near infinite power. She nearly gained control of the Jewel of Life before White Blaze made a last second swipe at her to force her to drop it to dodge his attack. Kayura was ultimately released from Badamon's control by Anubis's sacrifice, turning the energy from her own surekill attack back on her which, combined with Anubis' armor, shattered Badamon's possession of Kayura, expelling him from her permanently, and putting her back on the side of good. Kayura took up the Ancient One's staff and Anubis's armor to help fight Talpa in the final battle. After Talpa's ultimate destruction, Kayura and the Warlords returned to the Nether Realm to help rebuild the Dynasty into a benevolent empire.

Kayura is several centuries old, though her physical age is 12 according to official publications. She possesses near-infinite supernatural powers, due to her ancestry as a member of the Clan of the Ancients. She wields the twin sai she called Starlight Swords. Her surekill is called Star Sword Scream (嵐星斬, *Ranseizan*, lit. *Storm Star Cut* ), which summons a massive barrage of stellar energy from the sky. Apparently, the attack had some dependency on water, as she never seemed to use it unless a considerable amount was present. Kayura was also given Anubis' Cruelty armor, and gained the Ancient One's staff, but whether she used them afterwards or not is in question. Because of her new role, Kayura should be referred to as the Ancient One.

In the YST manga, Kayura's Virtue is "ai" (愛, love). In the *Shin Yoroiden Samurai Troopers* manga, Kayura serves as the mentor to the new wearer of the Armor of Wildfire. She also appears in the YST novel, *Shinkon-Hen*, which is about the history of the Ancient One's clan.

In the hideout of the Doomsday 23, Eddy and Dark Spicer were facing Chrysalis and her massive horde of Changelings!

Chrysalis: (to Eddy and Dark Spicer) There you two are.

Dark Spicer: Alright. Let's settle this right here. Right now!

Dark then turned into Prionrock.

Prionrock: Here's your warning: Your insect asses are about to be kicked!

Chrysalis: Bring it on! CHARGE!

Eddy and Prionrock went at Chrysalis and the Changeling horde and blasted them all over and quickly gained a strong foothold over them as they were blasting them into nothing. They were doing really well against them!

Dark Spicer then turned into ALIEN Ξ and blasted them all over with a massive energy wave and blew them apart. They blew them apart all over the place with indiscriminate fury and then they were exhausted.

Dark and Eddy looked at Chrysalis and her army as they panted in exhaustion. Alongside Chrysalis were the rest of the Doomsday 23.

Chrysalis: (grins evilly) In all my years of conquest… violence…

slaughter… It was never personal. But I'll tell you both now- what I'm about to do to your stubborn, annoying little planet- I'm gonna enjoy it. Very, very much.

Dark and Eddy looked at one another.

Eddy: Well, at least we'll go down fighting.

Dark Spicer: We sure will. So, let's make this a final battle to remember!

But just as they both take one step…

?: (from Eddy's communicator) Hey, bro. Can you hear me?

Dark and Eddy stopped in place, confused and shocked as crackling came into Eddy's communicator.

?: Eddy, it's Tyrone. Can you hear me?

Eddy: Bro? Where are you?

Tyrone: On your left.

Dark and Eddy looked to their left and were shocked at what they saw.

They saw Eddy's Brother Tyrone in the Ironmonger's suit.

Tyrone: Hey Pipsqueak.

Eddy: Bro wow! You look awesome!

Dark Spicer: Wow!

Tyrone: And it's not just me.

Me: (On Eddy's Communicator) Sorry we're late guys.

(Imperatrix Mundi by Jo Blankenburg plays at 1:35)

Queen Chrysalis: If we can't have Equestria then NO ONE WILL!

We all stood ready to fight Chrysalis and her forces.

Twilight: Knights of the Friendship Table! (smirks) Friendship is Magic.

He fired a wave of lightning and electrocuted him.

Manaphy: Anyone without a heart is a worthless monster! (Slaps Sombra all over)

Horsea: And needs to be destroyed! (Squirts ink into his eyes and blinds him)

Cheese: (SCREAMS IN SOMBRA'S EARS)

Chrysalis: Any last words before-

Carmen: GET HELP!

Carmen was carrying Maria off in front of Chrysalis.

Carmen: Get help! Please! My sister's dying! Get help! Help her!

As Chrysalis approaches them, Carmen throws Maria at her, knocking her down.

SMASH!

Chrysalis got up and stars were swirling around her head.

Starlight Glimmer: I gave you a chance to redeem yourself and all you did was spit it back in my face!

Queen Chrysalis: I don't need to redeem yourself! VENGEANCE IS ALL I WANT!

Starlight Glimmer: Your heart is so full of hatred! I will make sure you die with all of your colony!

She went at Chrysalis and punched her in the face and kicked her in the face and broke her horn off!

I punched Chrysalis in the face and Eli slashed her wings off.

We had the villains down.

Nico: Alright. I think that's the last of them.

Maria: Guys, I don't think it's over yet.

The Doomsday 23 then spun around in a vortex of darkness and merged together.

Me: Equestria we have a problem.

We saw them turn into a terrifying 23-Headed DRAGON!

Doomsday 23: WE WILL DESTROY YOU ALL AS ONE!

Me: NOT IF I HAVE ANYTHING TO SAY ABOUT IT!

Coop: We'll hold them! Me and Megas haven't had a chance to shine yet!

Me: I'll form the Spirit Bomb!

Twilight Sparkle: Let us help too!

Me: Lets all weaken it with our techniques and give Megas a chance. Then I'll form the Spirit Bomb.

Nico: Good idea!

I powered up to Super Angel-Ebonwu-Phoenix-Harmony 500,000,000 at full power, Eli went Super Human 3, Nico went Super Saiyan 4, Goku, Vegeta, Goten, Trunks, Nikiya, and Gine went Super Saiyan 2 and 3!

Me: (Divine Echoing Elemental Voice) **You have plagued all of Equestria and the universe for far too long!**

Eli: Lets do it! EARTH STYLE NINJA ART: TYRANNOSAURUS REX!

Eli fired a wave of earth by punching the ground and it formed into the meanest dinosaur that ever lived from 68 million years ago: Tyrannosaurus Rex!

---

Tyrannosaurus is a genus of coelurosaurian theropod dinosaur. The species Tyrannosaurus rex, often called T. rex or colloquially T-Rex, is one of the most well-represented of the large theropods. Tyrannosaurus lived throughout what is now western North America, on what was then an island continent known as Laramidia. Tyrannosaurus had a much wider range than other tyrannosaurids. Fossils are found in a variety of rock formations dating to the Maastrichtian age of the upper Cretaceous period, 68 to 66 million years ago. It was the last known member of the tyrannosaurids, and among the last non-avian dinosaurs to exist before the Cretaceous-Paleogene extinction event.

Like other tyrannosaurids, Tyrannosaurus was a bipedal carnivore with a massive skull balanced by a long, heavy tail. Relative to its large and powerful hind limbs, Tyrannosaurus forelimbs were short but unusually powerful for their size and had two clawed digits. The most complete specimen measures up to 12.3 meters (40 feet) in length though T. rex could grow to lengths of over 12.3 m (40 ft), up to 3.66 m (12 ft) tall at the hips, and according to most modern estimates 8.4 metric tons (9.3 short tons) to 14 metric tons (15.4 short tons) in weight. Although other theropods rivaled or exceeded Tyrannosaurus rex in size, it is still among the largest known land predators and is estimated to have exerted the strongest bite force among all terrestrial animals. By far the largest carnivore in its environment, Tyrannosaurus rex was most likely an apex predator, preying upon hadrosaurs, armored herbivores like ceratopsians and ankylosaurs, and possibly sauropods. Some experts have suggested the dinosaur was primarily a scavenger. The question of whether Tyrannosaurus was an apex predator or a pure scavenger was among the longest debates in paleontology. Most paleontologists today accept that Tyrannosaurus was both an active predator and a scavenger.

Hunter: (German Accent) INFERNO STYLE NINJA ART: SPINOSAURUS!

Hunter fired a wave of black fire and it formed into the largest and meanest carnivorous dinosaur that ever lived from 112 million years ago in Egypt: Spinosaurus!

Spinosaurus (meaning "spine lizard") is a genus of spinosaurid dinosaur that lived in what now is North Africa during the upper Albian to upper Turonian stages of the Cretaceous period, about 112 to 93.5 million years ago. This genus was known first from Egyptian remains discovered in 1912 and described by German paleontologist Ernst Stromer in 1915. The original remains were destroyed in World War II, but additional material has come to light in the early 21st century. It is unclear whether one or two species are represented in the fossils reported in the scientific literature. The best known species is S. aegyptiacus from Egypt, although a potential second species, S. maroccanus, has been recovered from Morocco. The contemporary spinosaurid genus Sigilmassasaurus has also been synonymized by some authors with S. aegyptiacus, though other researchers propose it to be a distinct taxon. Another possible junior synonym is Oxalaia from the Alcântara Formation in Brazil.

Spinosaurus was among the largest of all known carnivorous dinosaurs, nearly as large as or even larger than other theropods such as Tyrannosaurus, Giganotosaurus and Carcharodontosaurus. Estimates published in 2005, 2007, and 2008 suggested that it was between 12.6 to 18 meters (41 to 59 ft) in length and 7 to 20.9 metric tons (7.7 to 23.0 short tons) in weight. New estimates published in 2014 and 2018, based on a more complete specimen, supported the earlier research, finding that Spinosaurus could reach lengths of 15 to 16 meters (49 to 52 ft). The latest estimates suggest a weight of 6.4 to 7.5 metric tons (7.1 to 8.3 short tons). The skull of Spinosaurus was long, low and narrow, similar to that of a modern crocodilian, and bore straight conical teeth with no serrations. It would have had large, robust forelimbs bearing three-fingered hands, with an enlarged claw on the first digit. The distinctive neural spines of Spinosaurus, which were long extensions of the vertebrae (or backbones), grew to at least 1.65 meters (5.4 ft) long and were likely to have had skin connecting them, forming a sail-like structure, although some authors[who?] have suggested that the spines were covered in fat and formed a hump. Spinosaurus's hip bones were reduced, and the legs were very short in proportion to the body. Its long and narrow tail was deepened by tall, thin neural spines and elongated chevrons, forming a flexible fin or paddle-like structure.

Axel Adell: (Swedish Accent) ICE STYLE NINJA ART: WOOLLY MAMMOTH!

Axel fired a wave of ice and it formed into the famous and widely known ancestral elephants from 800,000 years ago: The Woolly Mammoth.

The woolly mammoth (Mammuthus primigenius) is an extinct species of mammoth that lived during the Pleistocene until its extinction in the Holocene epoch. It was one of the last in a line of mammoth species, beginning with Mammuthus subplanifrons in the early Pliocene. The woolly mammoth began to diverge from the steppe mammoth about 800,000 years ago in East Asia. Its closest extant relative is the Asian elephant. The appearance and behaviour of this species are among the best studied of any prehistoric animal because of the discovery of frozen carcasses in Siberia and Alaska, as well as skeletons, teeth, stomach contents, dung, and depiction from life in prehistoric cave paintings. Mammoth remains had long been known in Asia before they became known to Europeans in the 17th century. The origin of these remains was long a matter of debate, and often explained as being remains of legendary creatures. The mammoth was identified as an extinct species of elephant by Georges Cuvier in 1796.

The woolly mammoth was roughly the same size as modern African elephants. Males reached shoulder heights between 2.7 and 3.4 m (8.9 and 11.2 ft) and weighed up to 6 metric tons (6.6 short tons). Females reached 2.6-2.9 m (8.5-9.5 ft) in shoulder heights and weighed up to 4 metric tons (4.4 short tons). A newborn calf weighed about 90 kg (200 lb). The woolly mammoth was well adapted to the cold environment during the last ice age. It was covered in fur, with an outer covering of long guard hairs and a shorter undercoat. The colour of the coat varied from dark to light. The ears and tail were short to minimise frostbite and heat loss. It had long, curved tusks and four molars, which were replaced six times during the lifetime of an individual. Its behaviour was similar to that of modern elephants, and it used its tusks and trunk for manipulating objects, fighting, and foraging. The diet of the woolly mammoth was mainly grasses and sedges. Individuals could probably reach the age of 60. Its habitat was the mammoth steppe, which stretched across northern Eurasia and North America.

The woolly mammoth coexisted with early humans, who used its bones and tusks for making art, tools, and dwellings, and the species was also hunted for food. It disappeared from its mainland range at the end of the Pleistocene 10,000 years ago. Isolated populations survived on St. Paul Island until 5,600 years ago and on Wrangel Island until 4,000 years ago. After its extinction, humans continued using its ivory as a raw material, a tradition that continues today. With a genome project for the mammoth completed in 2015, it has been proposed the species could be revived through various means, but none of the methods proposed are yet feasible.

Dana: ICE STYLE NINJA ART: SABER-TOOTH CAT!

Dana fired a wave of ice and it formed into the ancestral cats of 42 million years ago: The Saber-Toothed Cats!

---

A saber-toothed cat (alternatively spelled sabre-toothed cat) is any member of various extinct groups of predatory mammals that are characterized by long, curved saber-shaped canine teeth which protruded from the mouth even when closed. The saber-toothed cats have been found almost worldwide from the Eocene epoch to the end of the Pleistocene epoch 42 million years ago (mya) - 11,000 years ago (kya). The first saber-toothed cat fossil in Canada was found in Medicine Hat, Alberta.

One of the best-known genera is Smilodon, species of which, especially S. fatalis, are popularly, but incorrectly, referred to as "saber-toothed tigers". However, usage of the word cat is in some cases a misnomer, as many species referred to as saber-toothed "cats" are not closely related to modern cats (Felidae). Instead, many are members are classified into different families of Feliformia, such as Barbourofelidae and Nimravidae; the oxyaenid "creodont" genera Machaeroides and Apataelurus; and two extinct lineages of metatherian mammals, the thylacosmilids of Sparassodonta, and deltatheroideans, which are more closely related to marsupials. In this regard, saber-toothed cats can be viewed as examples of convergent evolution. This convergence is remarkable due not only to the development of elongated canines, but also a suite of other characteristics, such as a wide gape and bulky forelimbs, which is so consistent that it has been termed the "saber-tooth suite."

Of the feliform lineages, the family Nimravidae is the oldest, entering the landscape around 42 mya and becoming extinct by 7.2 mya. Barbourofelidae entered around 16.9 mya and were extinct by 9 mya. These two would have shared some habitats.

Lana: ICE STYLE NINJA ART: WOOLLY RHINOCEROS!

Lana fired a wave of ice and it formed into the Ice Age ancestors of modern day Rhinoceroses from 3.6 Million years ago: The Woolly Rhinoceros!

---

The woolly rhinoceros (Coelodonta antiquitatis) is an extinct species of rhinoceros that was common throughout Europe and northern Asia during the Pleistocene epoch and survived until the end of the last glacial period. The woolly rhinoceros was a member of the Pleistocene megafauna.

The woolly rhinoceros was covered with thick and long hair, which allowed it to survive in the extremely cold, harsh mammoth steppe. It also had a massive hump reaching from its shoulder. It fed mainly on herbaceous plants that grew in the steppe.

Mummified carcasses preserved in permafrost and many bone remains of woolly rhinoceroses have been found. Images of woolly rhinoceroses are found among cave paintings in Europe and Asia.

Killer Frost: ICE STYLE NINJA ART: IRISH ELK!

Killer Frost fired a wave of ice and it formed into the largest deer ever known that lived 2.5 million years ago: The Irish Elk.

---

The Irish elk (Megaloceros giganteus) also called the giant deer or Irish deer, is an extinct species of deer in the genus Megaloceros and is one of the largest deer that ever lived. Its range extended across Eurasia during the Pleistocene, from Ireland to Lake Baikal in Siberia. The most recent remains of the species have been carbon dated to about 7,700 years ago in Siberia.

Although abundant skeletal remains have been found in bogs in Ireland, the animal was not exclusive to Ireland nor closely related to either of the living species currently called elk: Alces alces (the European elk, known in North America as the moose) or Cervus canadensis (the North American elk or wapiti). For this reason, the name "giant deer" is used in some publications, instead of "Irish elk". Although one study suggested that the Irish elk was closely related to the red deer (Cervus elaphus), most other phylogenetic analyses support that their closest living relatives are fallow deer (Dama dama).

Maggie: ICE STYLE NINJA ART: SHORT-FACED BEAR!

Maggie fired a wave of ice and it formed into the Ice Age bear from 1.8 million years ago: The Short-Faced Bear.

---

The short-faced bear (Arctodus sp.) is an extinct bear genus that inhabited North America during the Pleistocene epoch from about 1.8 Mya until 11,000 years ago. It was the most common early North American bear and was most abundant in California. There are two recognized species: the lesser short-faced bear (Arctodus pristinus) and the giant short-faced bear (Arctodus simus), with the latter considered to be one of the largest known terrestrial mammalian carnivores that has ever existed. It has been hypothesized that their extinction coincides with the Younger Dryas period of global cooling commencing around 10,900 BC.

Khalyaka: (India Accent) EARTH STYLE NINJA ART: TARBOSAURUS BABAAR!

Khalyaka fired a wave of earth and it formed into the terrible theropod of 70 million years ago: Tarbosaurus!

---

Tarbosaurus (meaning "alarming lizard") is a genus of tyrannosaurid theropod dinosaur that flourished in Asia about 70 million years ago, at the end of the Late Cretaceous Period, considered to contain a single known species, Tarbosaurus bataar. Fossils have been recovered in Mongolia, with more fragmentary remains found further afield in parts of China.

Although many species have been named, modern paleontologists recognize only one, T. bataar, as valid. Some experts see this species as an Asian representative of the North American genus Tyrannosaurus; this would make the genus Tarbosaurus redundant. Tarbosaurus and Tyrannosaurus, if not synonymous, are considered to be at least closely related genera. Alioramus, also from Mongolia, has previously been thought by some authorities to be the closest relative of Tarbosaurus, though this has since been disproven with the discovery of Qianzhousaurus and the description of the Alioramini.

Like most known tyrannosaurids, Tarbosaurus was a large bipedal predator, weighing up to 5 metric tons (5.5 short tons) and equipped with about sixty large teeth. It had a unique locking mechanism in its lower jaw and the smallest forelimbs relative to body size of all tyrannosaurids, renowned for their disproportionately tiny, two-fingered forelimbs.

Tarbosaurus lived in a humid floodplain criss-crossed by river channels. In this environment, it was an apex predator, probably preying on other large dinosaurs like the hadrosaur Saurolophus or the sauropod Nemegtosaurus. Tarbosaurus is represented by dozens of fossil specimens, including several complete skulls and skeletons. These remains have allowed scientific studies focusing on its phylogeny, skull mechanics, and brain structure.

Lynn: EARTH STYLE NINJA ART: APATOSAURUS!

Lynn fired a wave of Earth and it formed into the famous sauropod from 158 million years ago: Apatosaurus!

---

Apatosaurus is a genus of herbivorous sauropod dinosaur that lived in North America during the Late Jurassic period. Othniel Charles Marsh described and named the first-known species, A. ajax, in 1877, and a second species, A. louisae, was discovered and named by William H. Holland in 1916. Apatosaurus lived about 152 to 151 million years ago (mya), during the late Kimmeridgian to early Tithonian age, and are now known from fossils in the Morrison Formation of modern-day Colorado, Oklahoma, New Mexico, Wyoming, and Utah in the United States. Apatosaurus had an average length of 21-22.8 m (69-75 ft), and an average mass of 16.4-22.4 t (16.1-22.0 long tons; 18.1-24.7 short tons). A few specimens indicate a maximum length of 11-30% greater than average and a mass of 32.7-72.6 t (32.2-71.5 long tons; 36.0-80.0 short tons).

The cervical vertebrae of Apatosaurus are less elongated and more heavily constructed than those of Diplodocus, a diplodocid like Apatosaurus, and the bones of the leg are much stockier despite being longer, implying that Apatosaurus was a more robust animal. The tail was held above the ground during normal locomotion. Apatosaurus had a single claw on each forelimb and three on each hindlimb. The Apatosaurus skull, long thought to be similar to Camarasaurus, is much more similar to that of Diplodocus. Apatosaurus was a generalized browser that likely held its head elevated. To lighten its vertebrae, Apatosaurus had air sacs that made the bones internally full of holes. Like that of other diplodocids, its tail may have been used as a whip to create loud noises.

The skull of Apatosaurus was confused with that of Camarasaurus and Brachiosaurus until 1909, when the holotype of A. louisae was found, and a complete skull just a few meters away from the front of the neck. Henry Fairfield Osborn disagreed with this association, and went on to mount a skeleton of Apatosaurus with a Camarasaurus skull cast. Apatosaurus skeletons were mounted with speculative skull casts until 1970, when McIntosh showed that more robust skulls assigned to Diplodocus were more likely from Apatosaurus.

Apatosaurus is a genus in the family Diplodocidae. It is one of the more basal genera, with only Amphicoelias and possibly a new, unnamed genus more primitive. While the subfamily Apatosaurinae was named in 1929, the group was not used validly until an extensive 2015 study. Only Brontosaurus is also in the subfamily, with the other genera being considered synonyms or reclassified as diplodocines. Brontosaurus has long been considered a junior synonym of Apatosaurus; its type species was reclassified as A. excelsus in 1903. A 2015 study concluded that Brontosaurus is a valid genus of sauropod distinct from Apatosaurus, but not all paleontologists agree with this division. As it existed in North America during the late Jurassic, Apatosaurus would have lived alongside dinosaurs such as Allosaurus, Camarasaurus, Diplodocus, and Stegosaurus.

Laney: FOREST STYLE NINJA ART: DIPLODOCUS!

Laney fired a wave of trees and leaves and it formed into the famous sauropod from 154 million years ago: Diplodocus!

---

Diplodocus is a genus of diplodocid sauropod dinosaurs whose fossils were first discovered in 1877 by S. W. Williston. The generic name, coined by Othniel Charles Marsh in 1878, is a neo-Latin term derived from Greek διπλός (diplos) "double" and δοκός (dokos) "beam", in reference to the double-beamed chevron bones located in the underside of the tail, which were then considered unique.

This genus of dinosaurs lived in what is now mid-western North America at the end of the Jurassic period. It is one of the more common dinosaur fossils found in the middle to upper Morrison Formation, between about 154 and 152 million years ago, during the late Kimmeridgian age. The Morrison Formation records an environment and time dominated by gigantic sauropod dinosaurs, such as Apatosaurus, Barosaurus, Brachiosaurus, Brontosaurus, and Camarasaurus. Its great size may have been a deterrent to the predators Allosaurus and Ceratosaurus: their remains have been found in the same strata, which suggests that they coexisted with Diplodocus.

Diplodocus is among the most easily identifiable dinosaurs, with its typical sauropod shape, long neck and tail, and four sturdy legs. For many years, it was the longest dinosaur known.

May: ICE STYLE NINJA ART: LEAELLYNASAURA!

May fired a wave of ice and it formed into the Australian dinosaur from 118 million years ago: Leaellynasaura!

---

Leaellynasaura is a genus of small herbivorous ornithischian dinosaurs from the Albian stage of the Early Cretaceous (dated to between 118 and 110 million years ago), first discovered in Dinosaur Cove, Australia. The only known species is Leaellynasaura amicagraphica. It was described in 1989, and named after Leaellyn Rich, the daughter of the Australian palaeontologist couple Tom Rich and Patricia Vickers-Rich who discovered it. The specific name, amicagraphica, translates to "friend writing" and honours both the Friends of the Museum of Victoria and the National Geographic Society for their support of Australian paleontology.

Lori: WIND STYLE NINJA ART: ALLOSAURUS!

Lori fired a wave of wind and it formed into the vicious theropod from

# 155 million years ago: Allosaurus!

---

Allosaurus is a genus of carnivorous theropod dinosaur that lived 155 to 145 million years ago during the late Jurassic period (Kimmeridgian to late Tithonian). The name "Allosaurus" means "different lizard" alluding to its unique concave vertebrae (at the time of its discovery). It is derived from the Greek ἄλλος (allos) ("different, other") and σαῦρος (sauros) ("lizard / generic reptile"). The first fossil remains that could definitively be ascribed to this genus were described in 1877 by paleontologist Othniel Charles Marsh. As one of the first well-known theropod dinosaurs, it has long attracted attention outside of paleontological circles.

Allosaurus was a large bipedal predator. Its skull was large and equipped with dozens of sharp, serrated teeth. It averaged 9.5 meters (31 ft) in length, though fragmentary remains suggest it could have reached over 12 m (39 ft). Relative to the large and powerful hindlimbs, its three-fingered forelimbs were small, and the body was balanced by a long and heavily muscled tail. It is classified as an allosaurid, a type of carnosaurian theropod dinosaur. The genus has a complicated taxonomy, and includes three valid species, the best known of which is A. fragilis. The bulk of Allosaurus remains have come from North America's Morrison Formation, with material also known from Portugal. It was known for over half of the 20th century as Antrodemus, but a study of the copious remains from the Cleveland-Lloyd Dinosaur Quarry brought the name "Allosaurus" back to prominence and established it as one of the best-known dinosaurs.

As the most abundant large predator in the Morrison Formation, Allosaurus was at the top of the food chain, probably preying on contemporaneous large herbivorous dinosaurs, and perhaps other predators. Potential prey included ornithopods, stegosaurids, and sauropods. Some paleontologists interpret Allosaurus as having had cooperative social behavior, and hunting in packs, while others believe individuals may have been aggressive toward each other, and that congregations of this genus are the result of lone individuals feeding on the same carcasses.

Leni: WATER STYLE NINJA ART: OMEISAURUS!

Leni fired a wave of water and it formed into one of the largest dinosaurs from 173 million years ago: Omeisaurus!

Omeisaurus (meaning "Omei lizard") is a genus of sauropod dinosaur from the Middle Jurassic Period (Bathonian-Callovian stage) of what is now China. Its name comes from Mount Emei, where it was discovered in the lower Shaximiao Formation of Sichuan Province.

Like other sauropods, Omeisaurus was herbivorous and large. It measured 20.2 metres (66 ft) long, and weighed 9.8 tonnes.

Luna: WATER STYLE NINJA ART: SUCHOMIMUS!

Luna fired a wave of water and it formed into the ferocious spinosaurid dinosaur from 125 million years ago: Suchomimus!

Suchomimus (meaning "crocodile mimic") is a genus of spinosaurid dinosaur that lived between 125 and 112 million years ago in what is now Niger, during the Aptian to early Albian stages of the Early Cretaceous period. The animal was named and described by palaeontologist Paul Sereno and colleagues in 1998, based on a partial skeleton from the Erlhaz Formation. Suchomimus's long and shallow skull, similar to that of a crocodile, earns it its generic name, while the specific name Suchomimus tenerensis alludes to the locality of its first remains, the Ténéré Desert.

Suchomimus was 9.5 to 11 metres (31 to 36 feet) long and weighed between 2.5 to 5.2 tonnes (2.8 to 5.7 short tons), although the holotype specimen may not have been fully grown. Suchomimus's narrow skull was perched on a short neck, and its forelimbs were powerfully built, bearing a giant claw on each thumb. Along the midline of the animal's back ran a low dorsal sail, built from the long neural spines of its vertebrae. Like other spinosaurids, it likely had a diet of fish and small prey animals.

Some palaeontologists consider the animal to be an African species of the European spinosaurid Baryonyx, B. tenerensis. Suchomimus might also be a junior synonym of the contemporaneous spinosaurid Cristatusaurus lapparenti, although the latter taxon is based on much more fragmentary remains. Suchomimus lived in a fluvial environment of vast floodplains alongside many other dinosaurs, in addition to pterosaurs, crocodylomorphs, fish, turtles, and bivalves.

Stella: SCORCH STYLE NINJA ART: OURANOSAURUS!

Stella fired a wave of fire and it formed into the Iguanodont from 100 million years ago: Ouranosaurus.

---

Ouranosaurus is a genus of herbivorous iguanodont dinosaur that lived during the Aptian stage of the Early Cretaceous of modern-day Niger. Ouranosaurus measured about 7 to 8.3 metres (23 to 27 ft) long. Two rather complete fossils were found in the Elrhaz Formation, Gadoufaoua deposits, Agadez, Niger, in 1965 and 1970. The animal was named in 1976 by French paleontologist Philippe Taquet; the type species being Ouranosaurus nigeriensis. The name is a combination of the Arabic word for "courage" and the country of discovery, although ourane is also the Tuareg name for the desert monitor.

Becca Chang: WATER STYLE NINJA ART: TITANOBOA!

Becca fired a wave of water that formed into the Colombian giant snake from 60 million years ago: Titanoboa!

---

Titanoboa (/tiˌtɑːnoʊˈboʊə/) is an extinct genus of very large snakes that lived in what is now La Guajira in northeastern Colombia. They could grow up to 12.8 m (42 ft) long and reach a weight of 1,135 kg (2,500 lb).

Fossils of Titanoboa have been found in the Cerrejón Formation, and date to around 58 to 60 million years ago. The giant snake lived during the Middle to Late Paleocene epoch, a 10-million-year period immediately following the Cretaceous-Paleogene extinction event.

The only known species is Titanoboa cerrejonensis, the largest snake ever discovered, which supplanted the previous record holder, Gigantophis.

Syd: WATER STYLE NINJA ART: OPHTHALMOSAURUS!

Syd fired a wave of water and it formed into the Ichthyosaur from 165 million years ago: Ophthalmosaurus!

---

Ophthalmosaurus (meaning "eye lizard" in Greek) is an ichthyosaur of the Middle Jurassic period (165-160 million years ago), named for its extremely large eyes. It had a graceful 6 m (19.5 ft) long dolphin-shaped body, and its almost toothless jaw was well adapted for catching squid. Major fossil finds of this genus have been recorded in Europe and North and South America.

Girl Jordan: WATER STYLE NINJA ART: ELASMOSAURUS!

Girl Jordan fired a wave of water and it formed into the huge long-necked plesiosaurus from 80.5 million years ago: Elasmosaurus!

---

Elasmosaurus is a genus of plesiosaur that lived in North America during the Campanian stage of the Late Cretaceous period, about 80.5 million years ago. The first specimen was discovered in 1867 near Fort Wallace, Kansas, US, and was sent to the American paleontologist Edward Drinker Cope, who named it E. platyurus in

1868. The generic name means "thin-plate reptile", and the specific name means "flat-tailed". Cope originally reconstructed the skeleton of Elasmosaurus with the skull at the end of the tail, an error which was made light of by the paleontologist Othniel Charles Marsh, and became part of their "Bone Wars" rivalry. Only one incomplete Elasmosaurus skeleton is definitely known, consisting of a fragmentary skull, the spine, and the pectoral and pelvic girdles, and a single species is recognized today; other species are now considered invalid or have been moved to other genera.

Measuring 10.3 meters (34 ft) long, Elasmosaurus would have had a streamlined body with paddle-like limbs, a short tail, a small head, and an extremely long neck. The neck alone was around 7.1 meters (23 ft) long. Along with its relative Albertonectes, it was one of the longest-necked animals to have lived, with the largest number of neck vertebrae known, 72. The skull would have been slender and triangular, with large, fang-like teeth at the front, and smaller teeth towards the back. It had six teeth in each premaxilla of the upper jaw, and may have had 14 teeth in the maxilla and 19 in the dentary of the lower jaw. Most of the neck vertebrae were compressed sideways, and bore a longitudinal crest or keel along the sides.

The family Elasmosauridae was based on the genus Elasmosaurus, the first recognized member of this group of long-necked plesiosaurs. Elasmosaurids were well adapted for aquatic life, and used their flippers for swimming. Contrary to earlier depictions, their necks were not very flexible, and could not be held high above the water surface. It is unknown what their long necks were used for, but they may have had a function in feeding. Elasmosaurids probably ate small fish and marine invertebrates, seizing them with their long teeth, and may have used gastroliths (stomach stones) to help digest their food. Elasmosaurus is known from the Pierre Shale formation, which represents marine deposits from the Western Interior Seaway.

SpongeBob: WATER STYLE NINJA ART: LIOPLEURODON!

SpongeBob fired a wave of water and it formed into the ferocious marine reptile from 166 million years ago: Liopleurodon!

Liopleurodon (/ˌlaɪoʊˈplʊərədɒn/; meaning 'smooth-sided teeth') is a genus of large, carnivorous marine reptile belonging to the Pliosauroidea, a clade of short-necked plesiosaurs. The two species of Liopleurodon lived from the Callovian Stage of the Middle Jurassic to the Kimmeridgian stage of the Late Jurassic Period (c. 166 to 155 mya). It was the apex predator of the Middle to Late Jurassic seas that covered Europe. The largest species, L. ferox, is estimated to have grown up to 6.4 metres (21 ft) in length.

The name "Liopleurodon" (meaning "smooth-sided tooth") derives from Ancient Greek words: λεῖος leios, "smooth"; πλευρά pleurá, "side" or "rib"; and ὀδόν odṓn, "tooth".

Salar fired a massive wave of fire and it formed into a herd of the ostrich-like egg-eaters from 70 million years ago: Gallimimus!

---

Gallimimus (/ˌɡælɪˈmaɪməs/ GAL-i-MY-məs) is a genus of theropod dinosaur that lived in what is now Mongolia during the Late Cretaceous period, about seventy million years ago (mya). Several fossils in various stages of growth were discovered by Polish-Mongolian expeditions in the Gobi Desert of Mongolia during the 1960s; a large skeleton discovered in this region was made the holotype specimen of the new genus and species Gallimimus bullatus in 1972. The generic name means "chicken mimic", referring to the similarities between its neck vertebrae and those of the Galliformes. The specific name is derived from bulla, a gold capsule worn by Roman youth, in reference to a bulbous structure at the base of the skull of Gallimimus. At the time it was named, the fossils of Gallimimus represented the most complete and best preserved ornithomimid ("ostrich dinosaur") material yet discovered, and the genus remains one of the best known members of the group.

Gallimimus is the largest known ornithomimid; adults were about 6 metres (20 ft) long, 1.9 metres (6 ft 3 in) tall at the hip and weighed about 440 kilograms (970 lb). As evidenced by its relative Ornithomimus, it would have had feathers. The head was small and light with large eyes that faced to the sides. The snout was long compared to other ornithomimids, although it was broader and more rounded at the tip than in other species. Gallimimus was toothless with a keratinous (horny) beak, and had a delicate lower jaw. Many of the vertebrae had openings that indicate they were pneumatic (air-filled). The neck was proportionally long in relation to the trunk. The hands were proportionally the shortest of any ornithomimosaur and each had three digits with curved claws. The forelimbs were weak while the hindlimbs were proportionally long. The family Ornithomimidae is part of the group Ornithomimosauria. Anserimimus, also from Mongolia, is thought to have been the closest relative of Gallimimus.

As an ornithomimid, Gallimimus would have been a fleet (or cursorial) animal, using its speed to escape predators; its speed has been estimated at 42-56 km/h (29-34 mph). It may have had good vision and intelligence comparable to ratite birds. Gallimimus may have lived in groups, based on the discovery of several specimens preserved in a bone bed. Various theories have been proposed regarding the diet of Gallimimus and other ornithomimids. The highly mobile neck may have helped locate small prey on the ground, but it may also have been an opportunistic omnivore. It has also been suggested that it used small columnar structures in its beak for filter-feeding in water, though these structures may instead have been ridges used for feeding on tough plant material, indicative of a herbivorous diet. Gallimimus is the most commonly found ornithomimosaur in the Nemegt Formation, where it lived alongside its relatives Anserimimus and Deinocheirus. Gallimimus was featured in the movie Jurassic Park, in a scene that was important to the history of special effects, and in shaping the common conception of dinosaurs as bird-like animals.

Andropov: (Russian Accent) ICE STYLE NINJA ART: ELASMOTHERIUM!

Andropov fired a wave of ice and it formed into the ancestral big-horned rhinoceros of the Ice Age from 2.6 million years ago: Elasmotherium!

---

Elasmotherium is an extinct genus of large rhinoceros endemic to Eurasia during the Late Pliocene through the Pleistocene, existing from 2.6 Ma to at least as late as 39,000 years ago in the Late Pleistocene. A more recent date of 26,000 BP is considered less reliable. It was the last surviving member of Elasmotheriinae, a distinctive group of rhinoceroses that had separated from the ancestry of living rhinoceroses by at least 35 million years ago according to fossils and estimated around 47.4 million years ago based on molecular clock.

Four species are recognised, which were largely confined to the Pontic-Caspian steppe, the Caucasus and Central Asia. The best known, E. sibiricum, known as the Siberian unicorn, was the size of a mammoth and is thought to have borne a large, thick horn on its forehead. Like all rhinoceroses, elasmotheres were herbivorous. Unlike any other rhinos and any other ungulates aside from some notoungulates, its high-crowned molars were ever-growing. Its legs were longer than those of other rhinos and were adapted for galloping, giving it a horse-like gait.

Golova: (Russian Accent) ICE STYLE NINJA ART: CAVE LION!

Golova fired a wave of ice and it formed into the Ice Age lions of 500,000 years ago: Cave Lions!

---

Panthera spelaea, also known as the "Eurasian cave lion", "European cave lion", or "steppe lion", is an extinct Panthera species that evolved in Europe probably after the third Cromerian interglacial stage, less than 600,000 years ago. Phylogenetic analysis of fossil bone samples revealed that it was highly distinct and genetically isolated from the modern lion (Panthera leo) occurring in Africa and Asia. Analysis of morphological differences and mitochondrial data support the taxonomic recognition of Panthera spelaea as a distinct species that diverged from the lion about 1.9 million years ago. Nuclear genomic evidence suggests a more recent split approximately 500,000 years ago, with no subsequent interbreeding with the ancestors of the modern lion. The oldest known bone fragments were excavated in Yakutia and radiocarbon dated at least 62,400 years old. It became extinct about 13,000 years ago.

Nanuqsaurus (meaning "polar bear lizard") is a genus of carnivorous tyrannosaurid theropod known from the Late Cretaceous (early Late Maastrichtian stage) Prince Creek Formation of the North Slope of Alaska, USA. It contains a single species, Nanuqsaurus hoglundi, known only from a partial skull.

Matthias: (German Accent) FOREST STYLE NINJA ART: LEPTICTIDIUM!

Matthias fired a wave of wood and leaves and it formed into a swarm of the ancestor of the Elephant Shrew that lived 50 million years ago: Leptictidium!

---

Leptictidium (a Latinized diminutive of the name of its close relative Leptictis, which means "graceful weasel" in Ancient Greek) is an extinct genus of small mammals that were likely bipedal. Comprising eight species, they resembled today's elephant shrews. They are especially interesting for their combination of characteristics typical of primitive eutherians with highly specialized adaptations, such as powerful hind legs and a long tail which aided in locomotion. They were omnivorous, their diet a combination of insects, lizards and small mammals. One of the first branches to split from basal eutherians, they appeared in the Lower Eocene, a time of warm temperatures and high humidity, roughly fifty million years ago. Although they were widespread throughout Europe, they became extinct around thirty-five million years ago with no descendants, probably because they were adapted to live in forest ecosystems and were unable to adapt to the open plains of the Oligocene.

Kanaloa: (Hawaiian Accent) BEACH STYLE NINJA ART: EUSTREPTOSPONDYLUS!

Eustreptospondylus (/juːˌstrɛptoʊspɒn'daɪləs/ yoo-STREPT-o-spon-DY-ləs; meaning "true Streptospondylus") is a genus of megalosaurid theropod dinosaur, from the Oxfordian stage of the Late Jurassic period (some time between 163 and 154 million years ago) in southern England, at a time when Europe was a series of scattered islands (due to tectonic movement at the time which raised the sea-bed and flooded the lowland).

Fiona: WIND STYLE NINJA ART: ORNITHOCHEIRUS!

Fiona fired a wave of wind and it formed into the ostrich-like dinosaur from 92.5 million years ago: Ornithocheirus!

Ornithocheirus (from Ancient Greek "ὄρνις", meaning bird, and "χεῖρ", meaning hand) is a pterosaur genus known from fragmentary fossil remains uncovered from sediments in the UK and possibly Morocco.

Several species have been referred to the genus, most of which are now considered as dubious species, or members of different genera, and the genus is now often considered to include only the type species, Ornithocheirus simus. Species have been referred to Ornithocheirus from the mid-Cretaceous period of both Europe and South America, but O. simus is known only from the UK, though a specimen referred to O. cf. simus is also known from Morocco.

Because O. simus was originally named based on poorly preserved fossil material, the genus Ornithocheirus has suffered enduring problems of zoological nomenclature.

Fossil remains of Ornithocheirus have been recovered mainly from the Cambridge Greensand of England, dating to the beginning of the Albian stage of the early Cretaceous period, about 110 million years ago. Additional fossils from the Santana Formation of Brazil are sometimes classified as species of Ornithocheirus, but have also been placed in their own genera, most notably Tropeognathus.

Becky: PHOENIX STYLE NINJA ART: COELOPHYSIS!

Becky fired a wave of fire and it formed into one of the first ever dinosaurs from 216 million years ago: Coelophysis!

---

Coelophysis (/sɛˈlɒfɪsɪs/ seh-LOF-ih-sis traditionally; /ˌsɛloʊˈfaɪsɪs/ SEL-o-FY-sis or /ˌsiːloʊˈfaɪsɪs/ SEE-lo-FY-sis are heard more commonly in recent decades) is an extinct genus of coelophysid theropod dinosaur that lived approximately 216 to 196 million years ago during the latter part of the Triassic Period in what is now the southwestern United States and also in South Africa and Zimbabwe.

Coelophysis was a small, slenderly-built, ground-dwelling, bipedal carnivore, that could grow up to 3 m (9.8 ft) long. Coelophysis is one of the earliest known dinosaur genera. Scattered material representing similar animals has been found worldwide in some Late Triassic and Early Jurassic formations.

The type species C. bauri, originally given to the genus Coelurus by Edward Drinker Cope in 1887, was described by the latter in 1889. The names Longosaurus and Rioarribasaurus are synonymous with Coelophysis. Another dinosaur genus, Megapnosaurus, has also been considered to be a synonym. This primitive theropod is notable for being one of the most specimen-rich dinosaur genera.

Inostrancevia is an extinct genus of carnivorous therapsids, containing the largest members of the family Gorgonopsidae, predators characterized by long, saber-tooth-like canines. The various species inhabited northern Russia during the Upper Tatarian (Vyatskian), a Russian regional stage equivalent to the Wuchiapingian stage of the Late Permian period, dating from approximately 265 to 252.3 million years ago. It is known from several skulls and two almost-complete skeletons.

---

Muttaburrasaurus was a genus of herbivorous ornithopod dinosaur, which lived in what is now northeastern Australia sometime between 105 and 103 million years ago during the early Cretaceous Period. It has been recovered in some analyses as a member of the iguanodontian family Rhabdodontidae. After Kunbarrasaurus, it is Australia's most completely known dinosaur from skeletal remains. It was named after Muttaburra, the site in Queensland, Australia, where it was found.

Paige: PHOENIX STYLE NINJA ART: CRYOLOPHOSAURUS!

Paige fired a wave of fire and it formed into the Antarctic dinosaur from 193 million years ago: Cryolophosaurus!

---

Cryolophosaurus (/ˌkraɪoʊˌloʊfoʊˈsɔːrəs/ or /kraɪˌɒloʊfoʊˈsɔːrəs/; "CRY-oh-loaf-oh-SAWR-us") is a genus of large theropods known from only a single species Cryolophosaurus ellioti, known from the early Jurassic period of Antarctica. It was about 6.5 metres (21.3 ft) long and 465 kilograms (1,025 lb) in weight, making it one of the largest theropods of its time. Individuals of this species may have grown even larger, because the only known specimen probably represents a sub-adult. Cryolophosaurus is known from a skull, a femur and other material, the skull and femur of which have caused its classification to vary greatly. The femur possesses many primitive characteristics that have classified Cryolophosaurus as a dilophosaurid or a neotheropod outside of Dilophosauridae and Averostra, whereas the skull has many advanced features, leading the genus to be considered a tetanuran, an abelisaurid, a ceratosaur and even an allosaurid. Since its original description, the consensus is that Cryolophosaurus is either a primitive member of the Tetanurae or a close relative of that group.

Cryolophosaurus possessed a distinctive "pompadour" crest that spanned the head from side to side. Based on evidence from related species and studies of bone texture, it is thought that this bizarre crest was used for intra-species recognition. The brain of Cryolophosaurus was also more primitive than those of other theropods.

Cryolophosaurus was first excavated from Antarctica's Early Jurassic, Sinemurian to Pliensbachian aged Hanson Formation, formerly the upper Falla Formation, by paleontologist Dr. William Hammer in 1991. It was the first carnivorous dinosaur to be discovered in Antarctica and the first non-avian dinosaur from the continent to be officially named. The sediments in which its fossils were found have been dated at ~194 to 188 million years ago, representing the Early Jurassic Period.

Lateefa: (Arabic Accent) DESERT STYLE NINJA ART: VELOCIRAPTORS!

Lateefa fired a wave of sand and it formed into the deadly carnivorous dinosaurs from 78 million years ago: Velociraptor!

---

Velociraptor (/vɪˈlɒsɪræptər/; meaning "swift seizer" in Latin) is a genus of dromaeosaurid theropod dinosaur that lived approximately 75 to 71 million years ago during the latter part of the Cretaceous Period. Two species are currently recognized, although others have been assigned in the past. The type species is V. mongoliensis; fossils of this species have been discovered in Mongolia. A second species, V. osmolskae, was named in 2008 for skull material from Inner Mongolia, China.

Smaller than other dromaeosaurids like Deinonychus and Achillobator, Velociraptor nevertheless shared many of the same anatomical features. It was a bipedal, feathered carnivore with a long tail and an enlarged sickle-shaped claw on each hindfoot, which is thought to have been used to tackle and disembowel prey. Velociraptor can be distinguished from other dromaeosaurids by its long and low skull, with an upturned snout.

Velociraptor (commonly shortened to "raptor") is one of the dinosaur genera most familiar to the general public due to its prominent role in the Jurassic Park motion picture series. In real life, however, Velociraptor was roughly the size of a turkey, considerably smaller than the approximately 2 m (6 1⁄2 ft) tall and 80 kg (180 lb) reptiles seen in the films (which were based on members of the related genus Deinonychus). Today, Velociraptor is well known to paleontologists, with over a dozen described fossil skeletons, the most of any dromaeosaurid. One particularly famous specimen preserves a Velociraptor locked in combat with a Protoceratops.

Nataša: (Czech Accent) EARTH STYLE NINJA ART: UTAHRAPTOR!

Nataša fired a wave of earth and it formed into the state dinosaurs of Utah from 139 million years ago: Utahraptor!

Utahraptor (meaning Utah's predator) is a genus of large dromaeosaurid dinosaur that lived in North America during the Early Cretaceous period. It was a heavy-built, ground-dwelling, bipedal carnivore. It contains a single species, Utahraptor ostrommaysi, which is the largest-known member of the family Dromaeosauridae.

In 2018, it was proposed that Utahraptor be the Utah state dinosaur, an act that was approved by the Senate. Initially Utahraptor would have replaced another dinosaur, Allosaurus, as the state's official fossil, but it was decided that Utahraptor would be another symbol of the state.

Suwailim: (Egyptian Accent) DESERT STYLE NINJA ART: PROTOCERATOPS!

Suwailim fired a wave of sand and it formed into the Ceratopsian from 75 million years ago: Protoceratops.

Protoceratops (/ˌproʊtoʊˈsɛrətɒps/; from Greek proto-/πρωτο- "first", cerat-/κερατ- "horn" and -ops/-ωψ "face", meaning "first horned face") is a genus of sheep-sized (1.8 m long) herbivorous ceratopsian dinosaur, from the Upper Cretaceous Period (Campanian stage) of what is now Mongolia. It was a member of the Protoceratopsidae, a group of early horned dinosaurs. Unlike later ceratopsians, however, it was a much smaller creature that lacked well-developed horns and retained some basal traits not seen in later genera.

Protoceratops had a large neck frill which was likely used as a display site to impress other members of the species. Other hypotheses about its function include protection of the neck and anchoring of jaw muscles, but the fragility of the frill and the poor leverage offered by possible attachment sites here makes these ideas implausible. Described by Walter W. Granger and W.K. Gregory in 1923, Protoceratops was initially believed to be an ancestor of the North American ceratopsians. Researchers currently distinguish two species of Protoceratops (P. andrewsi and P. hellenikorhinus), based in part by their respective sizes.

In the 1920s, Roy Chapman Andrews discovered fossilized eggs in Mongolia that were interpreted as belonging to this dinosaur, but which turned out to be those of Oviraptor. However, it wouldn't be until 2011 that a genuine Protoceratops nest was discovered, with the remains of the neonates inside suggesting parental care in this dinosaur.

Woya: WIND STYLE NINJA ART: PTERANODON!

Woya fired a wave of wind and it formed into the famous pterosaur from 86 million years ago: Pteranodon!

Pteranodon (/tɪˈrænədɒn/; from Greek πτερόν (pteron, "wing") and ἀνόδων (anodon, "toothless")) is a genus of pterosaur that included some of the largest known flying reptiles, with wingspans over 7 meters (23 feet). They lived during the late Cretaceous geological period of North America in present-day Kansas, Alabama, Nebraska, Wyoming, and South Dakota. More fossil specimens of Pteranodon have been found than any other pterosaur, with about 1,200 specimens known to science, many of them well preserved with nearly complete skulls and articulated skeletons. It was an important part of the animal community in the Western Interior Seaway.

Pteranodon was a pterosaur, meaning that it is not a dinosaur. By definition, all dinosaurs belong to one of the two groups within

Dinosauria, i.e. Saurischia or Ornithischia. As such, this excludes pterosaurs. Nonetheless, Pteranodon is frequently featured in dinosaur media and are strongly associated with dinosaurs by the general public. While not dinosaurs, pterosaurs such as Pteranodon form a clade closely related to dinosaurs as both fall within the clade Avemetatarsalia.

Argentavis magnificens was among the largest flying birds ever to exist, quite possibly surpassed in wingspan only by Pelagornis sandersi, which was described in 2014. A. magnificens, sometimes called the Giant Teratorn, is an extinct species known from three sites in the Epecuén and Andalhualá Formations in central and northwestern Argentina dating to the Late Miocene (Huayquerian), where a good sample of fossils has been obtained.

Edwayl: WATER STYLE NINJA ART: BASILOSAURUS!

Edwayl fired a wave of water and it formed into the one of the first whales of the Eocene epoch from 41.3 million years ago: Basilosaurus!

---

Basilosaurus (meaning "king lizard") is a genus of large, predatory, prehistoric archaeocete whale from the late Eocene, approximately 41.3 to 33.9 million years ago (mya). First described in 1834, it was the first archaeocete and prehistoric whale known to science. The first fossils were discovered along the Gulf Coast of the United States, along with a few fossils in the eastern U.S., attributed to the type species B. cetoides. They were originally thought to be of a giant reptile, hence the suffix "-saurus", Ancient Greek for "lizard". The animal was later found to be an early marine mammal, which prompted attempts at renaming the creature, which failed as zoological nomenclature dictates using the original name given. Fossils were later found of the second species, B. isis, in 1904 in North Africa, more specifically the countries of Egypt, Jordan, Tunisia and Morocco. Basilosaurus has a possible record in Seymour Island in Antarctica.

Basilosaurus is considered to have been common in the Tethys sea. It was one of the largest, if not the largest, animals of the Paleogene. It was the top predator of its environment, preying on sharks, large fish and other marine mammals, namely the dolphin-like Dorudon, which seems to have been their predominant food source.

Basilosaurus was at one point a wastebasket taxon, before the genus slowly started getting reevaluated, with many species of different Eocene cetacean being assigned to the genus in the past, however they are invalid or have been reclassified under a new or different genus, leaving only 2 confirmed species. Basilosaurus may have been one of the first fully aquatic cetaceans (sometimes referred to as the pelagiceti). Basilosaurus, unlike modern cetaceans, had various types of teeth-such as canines and molars-in its mouth (heterodonty), and it probably was able to chew its food in contrast to modern cetaceans which swallow their food whole.

Rusty: DESERT STYLE NINJA ART: PARACERATHERIUM!

Rusty fired a wave of sand and it formed into the one of the ancestral rhinoceroses from 34 million years ago: Paraceratherium!

---

Paraceratherium is an extinct genus of hornless rhinoceros. It is one of the largest terrestrial mammals that has existed and lived from the early to late Oligocene epoch (34-23 million years ago). Its remains have been found across Eurasia between China and the Balkans. It is classified as a member of the hyracodont subfamily

Indricotheriinae. Paraceratherium means "near the hornless beast", in reference to Aceratherium, the genus in which the type species A. bugtiense was originally placed.

The exact size of Paraceratherium is unknown because of the incompleteness of the fossils. The shoulder height was about 4.8 metres (15.7 feet), and the length about 7.4 metres (24.3 feet). Its weight is estimated to have been about 15 to 20 tonnes (33,000 to 44,000 lb). The long neck supported a skull that was about 1.3 metres (4.3 ft) long. It had large, tusk-like incisors and a nasal incision that suggests it had a prehensile upper lip or proboscis (trunk). The legs were long and pillar-like. The lifestyle of Paraceratherium may have been similar to that of modern large mammals such as the elephants and extant rhinoceroses. Because of its size, it would have had few predators and a slow rate of reproduction. It was a browser, eating mainly leaves, soft plants, and shrubs. It lived in habitats ranging from arid deserts with a few scattered trees to subtropical forests. The reasons for the animal's extinction are unknown, but various factors have been proposed.

The taxonomy of the genus and the species within has a long and complicated history. Other genera of Oligocene indricotheres, such as Baluchitherium, Indricotherium, and Pristinotherium, have been named, but no complete specimens exist, making comparison and classification difficult. Most modern scientists consider these genera to be junior synonyms of Paraceratherium, and it is thought to contain at least three discernible species; P. bugtiense, P. transouralicum, and P. huangheense. The most completely-known species is P. transouralicum, so most reconstructions of the genus are based on it. Differences between P. bugtiense and P. transouralicum may be due to sexual dimorphism, which would make them the same species.

Entelodon (meaning "complete teeth", from Ancient Greek ἐντελής entelēs "complete" and ὀδών odōn "tooth", referring to its "complete" eutherian dentition), is an extinct genus of entelodont artiodactyl endemic to Eurasia. Fossils of species are found in Paleogene strata ranging in age from the Houldjinian (37.2-33.9 mya) until the Rupelian epoch of the early Oligocene (33.9-28.4 mya).

Liam: (Southern Accent) PLAIN STYLE NINJA ART: HYAENODON!

Liam fired a wave of sand and leaves and it formed into the ancestors of the hyena from 42 million years ago: Hyaenodon!

---

Hyaenodon ("hyena-tooth") is the type genus of the Hyaenodontidae, a family of extinct carnivorous fossil mammals from Eurasia, North America, and Africa, with species existing temporally from the Eocene until the middle Miocene, existing for about 26.1 million years.

The various species of Hyaenodon competed with each other and with other hyaenodont genera (including Sinopa, Dissopsalis, and Hyainailurus), and played important roles as predators in ecological communities as late as the Miocene in Africa and Asia and preyed on a variety of prey species such as primitive horses like Mesohippus and early camels. Species of Hyaenodon have been shown to have successfully preyed on other large carnivores of their time, including a nimravid ("false sabertooth cat"), according to analysis of tooth puncture marks on a fossil Dinictis skull found in North Dakota.

Mollie: LIGHTNING STYLE NINJA ART: GIGANOTOSAURUS!

Mollie fired a wave of lightning and it formed into the ferocious theropod from 98 million years ago: Giganotosaurus!

---

Giganotosaurus (/ˌdʒaɪɡəˌnoʊtəˈsɔːrəs/ JY-gə-NOH-tə-SOR-əs) is a genus of theropod dinosaur that lived in what is now Argentina, during the early Cenomanian age of the Late Cretaceous period, approximately 98 to 97 million years ago. The holotype specimen was discovered in the Candeleros Formation of Patagonia in 1993, and is almost 70% complete. The animal was named Giganotosaurus carolinii in 1995; the genus name translates as "giant southern lizard" and the specific name honors the discoverer, Rubén D. Carolini. A dentary bone, a tooth and some tracks, discovered before the holotype, were later assigned to this animal. The genus attracted much interest and became part of a scientific debate about the maximum sizes of theropod dinosaurs.

Giganotosaurus was one of the largest known terrestrial carnivores, but the exact size has been hard to determine due to the incompleteness of the remains found so far. Estimates for the most complete specimen range from a length of 12 to 13 m (39 to 43 ft), a skull 1.53 to 1.80 m (5.0 to 5.9 ft) in length, and a weight of 4.2 to 13.8 t (4.6 to 15.2 short tons). The dentary bone that belonged to a supposedly larger individual has been used to extrapolate a length of 13.2 m (43 ft). Some researchers have found the animal to be larger than Tyrannosaurus, which has historically been considered the largest theropod, while others have found them to be roughly equal in size, and the largest size estimates for Giganotosaurus exaggerated. The skull was low, with rugose (rough and wrinkled) nasal bones and a ridge-like crest on the lacrimal bone in front of the eye. The front of the lower jaw was flattened, and had a downwards projecting process (or "chin") at the tip. The teeth were compressed sideways and had serrations. The neck was strong and the pectoral girdle proportionally small.

Part of the family Carcharodontosauridae, Giganotosaurus is one of the most completely known members of the group, which includes other very large theropods, such as the closely related Mapusaurus and Carcharodontosaurus. Giganotosaurus is thought to have been homeothermic (a type of "warm-bloodedness"), with a metabolism between that of a mammal and a reptile, which would have enabled fast growth. It may have been relatively fast moving, with a calculated maximal running speed of 14 m/s (50 km/h; 31 mph). It would have been capable of closing its jaws quickly, capturing and bringing down prey by delivering powerful bites. The "chin" may have helped in resisting stress when a bite was delivered against prey. Giganotosaurus is thought to have been the apex predator of its ecosystem, and it may have fed on juvenile sauropod dinosaurs.

Luan: JUNGLE STYLE NINJA ART: GIGANTOPITHECUS!

Luan fired a wave of leaves and grass and it formed into one of the first apes from 2 million to 300,000 years ago: Gigantopithecus!

---

Gigantopithecus is an extinct genus of ape from the Early to Middle Pleistocene of southern China, represented by one species, G. blacki. Potential identifications have also been made in Thailand, Vietnam, and Indonesia. The first remains of Gigantopithecus, two third molar teeth, were identified in a drugstore by anthropologist Ralph von Koenigswald in 1935, who subsequently described the ape. In 1956, the first mandible and over 1,000 teeth were found in Liucheng, and numerous more remains have since been found in at least 16 sites. Only teeth and 4 mandibles are known currently, and other skeletal elements were likely consumed by porcupines before they could fossilise. Gigantopithecus was once argued to be a hominin, a member of the human line, but it is now thought to be closely allied with orangutans, classified in the subfamily Ponginae.

Gigantopithecus has traditionally been restored as a massive, gorilla-like ape, potentially 200-300 kg (440-660 lb) when alive, but the paucity of remains make total size estimates highly speculative. The species may have been sexually dimorphic, with males much bigger than females. The incisors are reduced and the canines appear to have functioned like cheek teeth (premolars and molars). The premolars are high-crowned, and the fourth premolar is very molar-like. The molars are the largest of any known ape, and have a relatively flat surface. Gigantopithecus had the thickest enamel by absolute measure of any ape, up to 6 mm (a quarter of an inch) in some areas, though was only fairly thick when tooth size is taken into account.

Gigantopithecus appears to have been a generalist herbivore of C3 forest plants, with the jaw adapted to grinding, crushing, and cutting through tough, fibrous plants; and the thick enamel functioning to resist foods with abrasive particles such as stems, roots, and tubers with dirt. Some teeth bear traces of fig family fruits. It primarily lived in subtropical to tropical forest, and went extinct about 300,000 years ago likely due to climate change and the retreat of preferred habitat, and potentially archaic human activity by Homo erectus. Gigantopithecus has become popular in cryptozoology circles as the identity of the Tibetan yeti or the American bigfoot, humanlike monsters in local folklore.

Fletcher fired a wave of ice and it formed into a pack of the first wolves from 125,000 to 9,500 years ago: the Dire Wolves!

---

The dire wolf (Canis dirus, "fearsome dog") is an extinct species of the genus Canis. It is one of the most famous prehistoric carnivores in North America, along with its extinct competitor, the sabre-toothed cat Smilodon fatalis. The dire wolf lived in the Americas during the Late Pleistocene and Early Holocene epochs (125,000-9,500 years ago). The species was named in 1858, four years after the first specimen had been found. Two subspecies are recognized: Canis dirus guildayi and Canis dirus dirus. The dire wolf probably evolved from Armbruster's wolf (Canis armbrusteri) in North America. The largest collection of its fossils has been obtained from the Rancho La Brea Tar Pits in Los Angeles.

Dire wolf remains have been found across a broad range of habitats including the plains, grasslands, and some forested mountain areas of North America, and in the arid savannah of South America. The sites range in elevation from sea level to 2,255 meters (7,400 ft). Dire wolf fossils have rarely been found north of 42°N latitude; there have been only five unconfirmed reports above this latitude. This range restriction is thought to be due to temperature, prey, or habitat limitations imposed by proximity to the Laurentide and Cordilleran ice sheets that existed at the time.

The dire wolf was about the same size as the largest modern gray wolves (Canis lupus): the Yukon wolf and the northwestern wolf. C. d. guildayi weighed on average 60 kilograms (132 lb) and C. d. dirus was on average 68 kg (150 lb). Its skull and dentition matched those of C. lupus, but its teeth were larger with greater shearing ability, and its bite force at the canine tooth was the strongest of any known Canis species. These characteristics are thought to be adaptations for preying on Late Pleistocene megaherbivores, and in North America its prey are known to have included horses, ground sloths, mastodons, bison, and camels. As with other large Canis hypercarnivores today, the dire wolf is thought to have been a pack hunter. Its extinction occurred during the Quaternary extinction event along with most of the American megafauna of the time, including a number of other carnivores, that occurred soon after the appearance of humans in the New World. Its reliance on megaherbivores has been proposed as the cause of its extinction, along with climate change and competition with other species, but the cause remains controversial. Dire wolves lived as recently as 9,500 years ago, according to dated remains.

Alex fired a wave of fire and it formed into the largest dinosaur that ever lived from 96.2 million years ago: Argentinosaurus!

---

Argentinosaurus is a genus of giant sauropod dinosaur that lived during the Late Cretaceous period in what is now Argentina. Although it is only known from fragmentary remains, Argentinosaurus is one of the largest-known land animals of all time, if not the largest, with length estimates ranging from 30 to 39.7 metres (98 to 130 ft) and weight estimates from 50 to 100 tonnes (55 to 110 short tons). It was a member of Titanosauria, the dominant group of sauropods during the Cretaceous.

The first Argentinosaurus bone was discovered in 1987 by a farmer on his farm near the city of Plaza Huincul. A scientific excavation of the site led by the Argentine palaeontologist José Bonaparte was conducted in 1989, yielding several back vertebrae and parts of a sacrum-fused vertebrae between the back and tail vertebrae. Additional specimens include a complete femur (thigh bone) and the shaft of another. Argentinosaurus was named by Bonaparte and the Argentine palaeontologist Rodolfo Coria in 1993; it contains a single species, A. huinculensis. The generic name Argentinosaurus means "Argentine lizard", and the specific name huinculensis refers to its place of discovery, Plaza Huincul.

The fragmentary nature of Argentinosaurus remains makes their interpretation difficult. Arguments revolve around the position of the recovered vertebrae within the vertebral column and the presence of accessory articulations between the vertebrae that would have strengthened the spine. A computer model of the skeleton and muscles estimated this dinosaur had a maximum speed of 7 km/h (5 mph) with a pace, a gait where the fore and hind limb of the same side of the body move simultaneously. The fossils of Argentinosaurus were recovered from the Huincul Formation, which was deposited in the middle Cenomanian to early Turonian ages (around 96 to 92 million years ago) and contains a diverse dinosaur fauna including the giant theropod Mapusaurus.

Shamrina fired a wave of fire and it formed into one of the ancestral wild boars from 29 million years ago: Daeodon!

Daeodon is an extinct genus of entelodont artiodactyl that inhabited North America between 29 and 19 million years ago during the middle Oligocene and early Miocene epochs. The type species is Daeodon shoshonensis, the last and largest of the entelodonts; known adults of this species possessed skulls about 90 cm (3 ft) in length. It had a broad distribution across the United States, but it was never abundant.

Tshibangu: (Congolese Accent) JUNGLE STYLE NINJA ART: GIANT GROUND SLOTH!

Tshibangu fired a wave of leaves and grass and it formed into the ancestor of the sloth from 5 million years ago: Megatherium or Giant Ground Sloth!

Megatherium (/mɛɡə'θɪəriəm/ meg-ə-THEER-ee-əm from the Greek mega [μέγας], meaning "great", and therion [θηρίον], "beast") is an extinct genus of ground sloths endemic to South America that lived from the Early Pliocene through the end of the Pleistocene. It is best known for the elephant-sized type species M. americanum, sometimes called the giant ground sloth, or the megathere, native to the Pampas through southern Bolivia during the Pleistocene. Various other smaller species belonging to the subgenus Pseudomegatherium are known from the Andes. Megatherium is part of the sloth family Megatheriidae, which also includes the similarly elephantine Eremotherium, which was native to tropical South America and southern North America. Only a few other land mammals equaled or exceeded M. americanum in size, such as large proboscideans (e.g., elephants) and the giant rhinoceros Paraceratherium. Megatherium was first discovered in 1788 on the bank of the Luján River in Argentina. The holotype specimen was then shipped to Spain the following year wherein it caught the attention of the esteemed paleontologist Georges Cuvier, who was the first to determine, by means of comparative anatomy, that Megatherium was a sloth. Megatherium became extinct around 12,000 years ago during the Quaternary extinction event, which also claimed most other large mammals in the New World. The extinction coincides with the settlement of the Americas, and a kill site where a M. americanum was slaughtered and butchered is known, suggesting that hunting could have caused its extinction.

Lang Yan: (Chinese Accent) BAMBOO STYLE NINJA ART: DWARF PANDA!

Lang punched the ground and a bunch of bamboo grew in seconds and they formed into the ancestor of the Giant Panda from 2 million years ago - the Dwarf Panda!

---

Ailuropoda microta is the earliest known ancestor of the giant panda. It measured 1 m (3 ft) in length; the modern giant panda grows to a size in excess of 1.5 m (5 ft). Wear patterns on its teeth suggest it lived on a diet of bamboo, the primary food of the giant panda. The first discovered skull of the animal in a south China limestone cave is estimated to be 2 million years old. The skull found is about half the size of a modern-day giant panda, but is anatomically very similar. This research suggests that the giant panda has evolved for more than 3 million years as a completely separate lineage from that of other bears.

Guanlong (冠龍) is a genus of extinct proceratosaurid tyrannosauroid from the Late Jurassic of China. The taxon was first described in 2006 by Xu Xing et al., who found it to represent a new taxon related to Tyrannosaurus. The name is derived from Chinese, translating as "crown dragon". Two individuals are currently known, a partially complete adult and a nearly complete juvenile. These specimens come from the Oxfordian stage of the Chinese Shishugou Formation.

Brock: EARTH STYLE NINJA ART: DOEDICURUS!

Brock fired a wave of earth and it formed into the ancestral armadillo from 2 million to 7,000 years ago: DOEDICURUS!

---

Doedicurus, or Dædicurus, is an extinct genus of glyptodont from South America containing one species, D. clavicaudatus. Glyptodonts are a member of the family Chlamyphoridae, which also includes some modern armadillo species, and they are classified in the order Xenarthra alongside sloths and anteaters. Being a glyptodont, it was a rotund animal with heavy armor and a carapace. Averaging at an approximate 1,400 kg (3,100 lb), it was one of the largest glyptodonts to have ever lived. Though glyptodonts were quadrupeds, large ones like Doedicurus may have been able to stand on two legs like other xenarthrans. It notably sported a spiked tail club, which may have weighed 40 or 65 kg (88 or 143 lb) in life, and it may have swung this in defense against predators or in fights with other Doedicurus at speeds of perhaps 11 m/s (40 km/h; 25 mph).

Doedicurus was likely a grazer, but its teeth and mouth, like those of other glyptodonts, seem unable to have chewed grass effectively, which may indicate a slow metabolism. Doedicurus existed during the Pleistocene. Before this, South America had been isolated from the rest of the world, but the formation of the Isthmus of Panama allowed North American fauna to invade South America in the Great American Interchange, including big cats, bears, elephants, camels, and horses. Doedicurus seems to have inhabited the relatively cold and humid Chaco-Pampean plains of northeastern Patagonia. It may have been the latest-surviving glyptodont, with remains suggested to date to 8,000-7,000 years ago during the middle Holocene, though these dates have been questioned. It may have gone extinct due to some combination of human hunting and climate change.

Nora fired a wave of grass and leaves and it formed into the ferocious theropod from 72 million years ago: Carnotaurus!

---

Carnotaurus /ˌkɑːrnoʊˈtɔːrəs/ is a genus of large theropod dinosaur that lived in South America during the Late Cretaceous period, between about 72 and 69.9 million years ago. The only species is Carnotaurus sastrei. Known from a single well-preserved skeleton, it is one of the best-understood theropods from the Southern Hemisphere. The skeleton, found in 1984, was uncovered in the Chubut Province of Argentina from rocks of the La Colonia Formation. Carnotaurus is a derived member of the Abelisauridae, a group of large theropods that occupied the large predatorial niche in the southern landmasses of Gondwana during the late Cretaceous.

The phylogenetic relations of Carnotaurus are uncertain; it might have been closer to either Majungasaurus or Aucasaurus.

Carnotaurus was a lightly built, bipedal predator, measuring 7.5 to 9 m (24.6 to 29.5 ft) in length and weighing at least 1.35 metric tons (1.33 long tons; 1.49 short tons). As a theropod, Carnotaurus was highly specialized and distinctive. It had thick horns above the eyes, a feature unseen in all other carnivorous dinosaurs, and a very deep skull sitting on a muscular neck. Carnotaurus was further characterized by small, vestigial forelimbs and long, slender hindlimbs. The skeleton is preserved with extensive skin impressions, showing a mosaic of small, non-overlapping scales approximately 5 mm in diameter. The mosaic was interrupted by large bumps that lined the sides of the animal, and there are no hints of feathers.

The distinctive horns and the muscular neck may have been used in fighting conspecifics. According to separate studies, rivaling individuals may have combated each other with quick head blows, by slow pushes with the upper sides of their skulls, or by ramming each other head-on, using their horns as shock absorbers. The feeding habits of Carnotaurus remain unclear: some studies suggest the animal was able to hunt down very large prey such as sauropods, while other studies find it preyed mainly on relatively small animals. Carnotaurus was well adapted for running and was possibly one of the fastest large theropods.

Dimetrodon (/daɪˈmiːtrədɒn/ (About this soundlisten) or /daɪ ˈmɛtrədɒn/, meaning "two measures of teeth") is an extinct genus of non-mammalian synapsid that lived during the Cisuralian (Early Permian), around 295-272 million years ago (Ma). It is a member of the family Sphenacodontidae. The most prominent feature of

Dimetrodon is the large neural spine sail on its back formed by elongated spines extending from the vertebrae. It walked on four legs and had a tall, curved skull with large teeth of different sizes set along the jaws. Most fossils have been found in the southwestern United States, the majority coming from a geological deposit called the Red Beds of Texas and Oklahoma. More recently, fossils have been found in Germany. Over a dozen species have been named since the genus was first erected in 1878.

Dimetrodon is often mistaken for a dinosaur or as a contemporary of dinosaurs in popular culture, but it became extinct some 40 million years before the first appearance of dinosaurs. Reptile-like in appearance and physiology, Dimetrodon is nevertheless more closely related to mammals than to modern reptiles, though it is not a direct ancestor of mammals. Dimetrodon is assigned to the "non-mammalian synapsids", a group traditionally called "mammal-like reptiles". This groups Dimetrodon together with mammals in a clade (evolutionary group) called Synapsida, while placing dinosaurs, reptiles and birds in a separate clade, Sauropsida. Single openings in the skull behind each eye, known as temporal fenestrae, and other skull features distinguish Dimetrodon and mammals from most of the earliest sauropsids.

Dimetrodon was probably one of the apex predators of the Cisuralian ecosystems, feeding on fish and tetrapods, including reptiles and amphibians. Smaller Dimetrodon species may have had different ecological roles. The sail of Dimetrodon may have been used to stabilize its spine or to heat and cool its body as a form of thermoregulation. Some recent studies[citation needed] argue that the sail would have been ineffective at removing heat from the body due to large species being discovered with small sails and small species being discovered with large sails, essentially ruling out heat regulation as its main purpose. The sail was most likely used in courtship display with methods such as threatening rivals or showing off to potential mates.

Nantan: WIND STYLE NINJA ART: AUSTRALOPITHECUS AFARENSIS!

Nantan fired a wave of wind and it formed into one of our human ancestors on our evolutionary chain from 3 million years ago: Australopithecus Afarensis!

---

Australopithecus afarensis is an extinct species of australopithecine which lived from about 3.9-2.9 million years ago (mya) in the Pliocene of East Africa. The first fossils were discovered in the 1930s, but major fossil finds would not be discovered until the 1970s. In the 1972-1977 expedition in Hadar, Ethiopia, the International Afar Research Expedition led by anthropologists Maurice Taieb, Donald Johanson, and Yves Coppens unearthed several hundreds of hominin specimens, the most significant being the exceedingly well-preserved skeleton AL 288-1 ("Lucy") and the site AL 333 ("the First Family"). Beginning in 1974, Mary Leakey led an expedition into Laetoli, Tanzania, and recovered notably fossil trackways. In 1978, the species was first described, but this was followed by arguments for splitting the wealth of specimens into different species given the wide range of variation which had been attributed to sexual dimorphism (normal differences between males and females). A. afarensis probably descended from A. anamensis and possibly gave rise to Homo, though the latter hypothesis is not without dissent.

A. afarensis had a tall face, a delicate brow ridge, and prognathism (the jaw jutted outwards). The jawbone was quite robust, similar to that of gorillas. The living size of A. afarensis is debated, with arguments for and against marked size differences between males and females. Lucy measured perhaps 105 cm (3 ft 5 in) in height and 25-37 kg (55-82 lb), but she was rather small for her species. In contrast, a presumed male was estimated at 165 cm (5 ft 5 in) and 45 kg (99 lb). A perceived difference in male and female size may simply be sampling bias. The leg bones as well as the Laetoli fossil trackways suggest A. afarensis was a competent biped, though somewhat less efficient at walking than humans. The arm and shoulder bones have some similar aspects to those of orangutans and gorillas, which has variously been interpreted as either evidence of partial tree-dwelling (arboreality), or basal traits inherited from the human-chimp last common ancestor with no adaptive functionality.

A. afarensis was probably a generalist omnivore of both C3 forest plants and C4 CAM savanna plants-and perhaps creatures which ate such plants-and was able to exploit a variety of different food sources. Similarly, A. afarensis appears to have inhabited a wide range of habitats with no real preference, inhabiting open grasslands or woodlands, shrublands, and lake- or riverside forests. Potential evidence of stone tool use would indicate meat was also a dietary component. Marked sexual dimorphism in primates typically corresponds to a polygynous society and low dimorphism monogamy, but the group dynamics of early hominins is difficult to predict with accuracy. Early hominins may have fallen prey to the large carnivores of the time, such as big cats and hyenas.

Ronnie Anne fired a wave of leaves and grass and it formed into the famous sauropod from 154 million years ago: Brachiosaurus!

---

Brachiosaurus (/ˌbrækiəˈsɔːrəs/) is a genus of sauropod dinosaur that lived in North America during the Late Jurassic, about 154-153 million years ago. It was first described by American paleontologist Elmer S. Riggs in 1903 from fossils found in the Colorado River valley in western Colorado, United States. Riggs named the dinosaur Brachiosaurus altithorax; the generic name is Greek for "arm lizard", in reference to its proportionately long arms, and the specific name means "deep chest". Brachiosaurus is estimated to have been between 18 and 21 meters (59 and 69 ft) long; weight estimates range from 28.3 to 58 metric tons (31.2 and 64 short tons). It had a disproportionately long neck, small skull, and large overall size, all of which are typical for sauropods. Atypically, Brachiosaurus had longer forelimbs than hindlimbs, which resulted in a steeply inclined trunk, and a proportionally shorter tail.

Brachiosaurus is the namesake genus of the family Brachiosauridae, which includes a handful of other similar sauropods. Most popular depictions of Brachiosaurus are in fact based on Giraffatitan, a genus of brachiosaurid dinosaur from the Tendaguru Formation of Tanzania. Giraffatitan was originally described by German paleontologist Werner Janensch in 1914 as a species of Brachiosaurus, B. brancai, but moved to its own genus in 2009. Three other species of Brachiosaurus have been named based on fossils found in Africa and Europe; two are no longer considered valid, and a third has become a separate genus, Lusotitan.

The type specimen of B. altithorax is still the most complete specimen, and only a few other specimens are thought to belong to the genus, making it one of the rarer sauropods of the Morrison Formation. It is regarded as a high browser, possibly cropping or nipping vegetation as high as 9 meters (30 ft) off the ground. Unlike other sauropods, it was unsuited for rearing on its hindlimbs. It has been used as an example of a dinosaur that was most likely ectothermic because of its large size and the corresponding need for sufficient forage, but more recent research suggests it was warm-blooded. Among the most iconic and initially thought to be one of the largest dinosaurs, Brachiosaurus has appeared in popular culture, notably in the 1993 film Jurassic Park.

Anthropornis is a genus of giant penguin that lived 45-33 million years ago, during the Late Eocene and the earliest part of the Oligocene.[1] It reached 1.8 m (5 ft 11 in) in height and 90 kg (200 lb) in weight. Fossils of it have been found in the La Meseta Formation on Seymour Island off the coast of Antarctica and in New Zealand. By comparison, the largest modern penguin species, the emperor penguin, is just 1.2 m (3 ft 11 in) tall.

The type species, Anthropornis nordenskjoldi, had a bent joint in the wing, probably a carryover from flying ancestors.

Eloá: (Brazilian Accent) JUNGLE STYLE NINJA ART: GASTORNIS!

Eloá fired a wave of leaves and grass and it formed into the terror bird of 56 million years ago: Gastornis!

---

Gastornis is an extinct genus of large flightless birds that lived during the late Paleocene and Eocene epochs of the Cenozoic era. The genus is currently thought to contain three or four distinct species, known from incomplete fossil remains, found in western-central Europe (England, Belgium, France and Germany). More complete specimens are known from a fourth, North American species, which had previously been classified in the distinct genus Diatryma. Many scientists now consider Diatryma to be so similar to the other species of Gastornis that it should also be included in that genus. A fifth species, also previously classified in its own genus, is known from China.

Gastornis species were very large birds, and have traditionally been considered to be predators of small mammals. However, several lines of evidence, including the lack of hooked claws in known Gastornis footprints and studies of their beak structure have caused scientists to reinterpret these birds as herbivores that probably fed on tough plant material and seeds.

Haiku: DARK STYLE NINJA ART: TITANIS TERROR BIRD!

Haiku fired a wave of darkness and it formed into the ferocious giant terror bird of 5 million years ago: Titanis!

Titanis is an extinct genus of giant flightless terror birds that inhabited North America during the early Pliocene to early Pleistocene epochs. The generic name, Titanis, refers to the titans, Ancient Greek gods that preceded the Twelve Olympians, in allusion to the bird's size. The specific name, T. walleri, honors the holotype's collector, Benjamin I. Waller, an avocational underwater archaeologist. Titanis was thought to be carnivorous and most likely preyed on the many small mammals of the time period. This giant flightless bird was one of the most efficient predators of its time in North America.
